January 2003 Affidavit Said It All; BS Continues

DECLARATION-AFFIDAVIT
RE: OWNERSHIP/CONTROL OF
COSMOS SEAFOOD ENERGY MARKETING, LTD.
AND ITS ACCRUED INTEREST ATTRIBUTABLE TO
PERUVIAN BOND 'BONUS' 3392-181

DORIS J. EKKER

INTRODUCTION

The need for this Affidavit arises as a result of the use of VK Durham's continuing claims to the ownership and control of the above-named asset by certain financial institutions as an excuse for not seriously considering the use of the DEEDS OF ASSIGNMENT FOR CONSIDERATION offered by GLOBAL ALLIANCE INVESTMENT ASSOCIATION as reserves for banking the same as any other U.S. Treasury debt.

VK Durham has deceived many people, including ourselves, and she has managed to get others to post her bizarre allegations on the Internet. Most of them can be

found by doing a search for Rumor Mill News and checking the "links" from there. Herein we will respond to her allegations, accusations, misrepresentations, and lies. We have tended to ignore her bleating but when we learn that certain parties and factions are using them to justify delaying the use of our DEEDS, we are obliged to respond. We will attempt to not repeat anything thoroughly covered in our Affidavit dated January 19, 2002 and published as a Public Notice in the newspaper *CONTACT* January 30, 2002.

She claims holding of "everything" imagined in some "Holding Trust" that is as old as 120 years. She claims to have put everything in that Holding Trust, including Bonus Gold Certificates, Illinois Power "default judgments", Wills of Russell Herman, and a corporation named Cosmos Seafood Energy Marketing Ltd. that is in good standing and, today, shows E.J. and Doris J. Ekker among its Officers and Directors.

Cosmos Seafood Energy Marketing Ltd. (CSEML) is the corporation formed by Russell Herman to hold ownership of the Peruvian Gold Bearer Bond later called Bonus 3392-181 when it was reconfirmed and reissued

as a contract/jurat of "identifiable ownership" by the Peruvian Consulate in Los Angeles on August 21, 1989. Currently, one of VK's pet allegations is that, in 1997, she "retired" the corporation and put it in her "holding trust".

As a "short cut" for those who might be in a hurry and desire a quick summary of the facts that will be detailed and supported later in this Affidavit, we will quote from a writing dated December 2, 2002 and published in *CONTACT* December 11, 2002.

"EXECUTIVE SUMMARY"

[QUOTING:]

She (VK Durham) is giving out information now regarding her position in Cosmos Seafood Energy Marketing, Ltd. I have a few very important things to NOTICE to you who take up the cry of "Poor VK".

1. VK claims that SHE alone is somehow the holder/owner of the "CONTRACT" as converted into same from "lost or stolen" certificate. Therefore, the CERTIFICATE itself HAS NO LONGER ANY MEANING. Even VK claims she was "there" when it

ALSO IN THIS ISSUE:

This Special Edition, like the Special Edition of August 17, 2005, is devoted entirely to the exposure and setting to straight of VK Durham's false claims of ownership of the value pertaining to "Bonus 3392-181". In addition to reprinting the Affidavit of January 20, 2003 we also present "Who Will Guard the Guards?", an article by Tom Flocco strongly influenced by VK's erroneous input, beginning on page 15 of this issue. This Special Edition, the Special Edition of August 17, 2005 and the intervening issues dealing with VK Durham's fantastic prevarications are available upon request by email in Adobe .PDF format. Please address requests to <EJE_99@Hotmail.com>.

was “converted”.

2. The conversion was NOT made to any individual or individuals. IT WAS ASSIGNED AND LEGALLY TRANSFERRED INTO IDENTIFIABLE OWNERSHIP: **COSMOS SEAFOOD ENERGY MARKETING LTD.** IT DOESN’T MATTER HOW MANY PASSPORT NUMBERS VK AFFIXED OR AFFIXES—PERIOD.

3. VK set herself up as some kind of a “Co-Director” of sorts of CSEML—BUT THAT HAS NOTHING TO DO WITH OWNERSHIP. SO, THE CERTIFICATE (PERUVIAN) NOW HAS NO BEARING; HER CLAIM HAS NO MEANING TO EITHER THE CONTRACT OR THE CORPORATION.

4. VK claims she “retired” CSEML into her holding trust? HOW COULD SHE DO THAT? She had no standing in the corporation, no standing with the contract itself, the Certificate was lost or stolen and thus was the contract perfected to CSEML.

5. VK NEVER had any claim to CSEML—EVER! At the very most she was allowed only to be listed on the annual “officer’s list” for the corporation; that has no bearing at all on control or ownership status.

6. VK WAS NEVER MARRIED TO RUSSELL HERMAN! Therefore, should she have had that claim it COULD have only been AT MOST 50% “spousal” holding. But, she could not even make such a claim as valid—NOT EVEN TO GAIN PENSION OR RETIREMENT OR ASSISTANCE FROM THE GOVERNMENT.

7. VK FABRICATED both the “marriage application” AND “a” so-called “marriage certificate” so badly and fraudulently concocted as to be totally humorous, as were the “death” “wills” (AFTER RUSSELL’S DEATH, YET) so as to be totally worthless in all standing of any kind whatsoever. Other “filings” she claimed were “vanished” from her files. The woman treats you as total FOOLS. This chaotic and confused lady even signed FOR Russell in HIS WILL and published it. Of course it DID NOT fly. A will signed by another for a deceased is somewhat interesting.

You really should, readers, get copies and see what she and her buddy, Andy N. (I doubt he ever knew anything about it, but he “signed it” also), left to you nice people of East St. Louis, Okawville, Shawneeville, etc.

People started instantly trying to COLLECT and about brought the system to a halt in the involved counties and at the Attorney General’s office. GET THE PAPER (NEWS) WRITE-UPS. We aren’t asking you to believe ANYTHING—just get the documents and have fun.

However, Russell told us personally that HE HAD DONE A WILL. So, VK, where is it?

8. Ah, but how about “retiring” that corporation? She COULD not retire anything, for she had no standing within the corporation—and certainly she had NO OWNERSHIP, STOCK OR OTHER HOLDING. There is NO SUCH THING as a “Holding Trust” and, while our people were still trying to help her make things work, she demanded, in addition to the over \$3,000 per month for her upkeep and living, \$5,000 cash to perfect HER TRUST (in 1997). That certainly does not make a valid Trust of ANY TIME PRIOR AS SHE NOW CLAIMS. By the way, in addition to the \$3,000, our people were paying her Fax bill, phone bill and you name it. Anyone dealing with her NOW, will note the prolific writing and phoning of this person.

VK’s trademarks are a glass of wine and cigarette in one hand and a phone in the other. Funny? Not really, if you are paying the bills.

The main point to KNOW here, however, is that SHE HAD NO LEGAL STANDING OR OTHERWISE TO RETIRE ANYTHING INTO ANYTHING. **COSMOS SEAFOOD ENERGY MARKETING LTD.** WAS NEVER HERS IN ANY WAY, SHAPE OR FORM AND THE FRAUDULENT DOCUMENT

SHE DID WAS NOT EVEN RECORDED UNTIL “AFTER” RUSSELL’S DEATH. DOES ANYONE FIND THAT STRANGE? MOREOVER, SHE CLAIMS THAT PRIOR SIGNATURES OF HERMAN WERE “FILCHED” FROM THAT FRAUDULENT DOCUMENT IN POINT. NO, THE WOMAN COMPOUNDS LIES UPON LIES AND FRAUD UPON FRAUD

The ONLY reason our people ever made an effort to work with VK was that things were already so botched that Russell Herman asked us to do what we could to assist her, FIRST, and then take it and go with it. They DID NOT work with VK AT ALL with Global Alliance Investment Association. It was solely for the purpose of sheltering the “assignment”.

NOTICE PLEASE: THE ASSIGNMENT WAS SIMPLY A “BELT” TO GO WITH THE SUSPENDERS—OF COSMOS SEAFOOD ENERGY MARKETING LTD. ONCE THE CORPORATION WAS SECURED, THE “ASSIGNMENT” IS OF NO CONSEQUENCE.

[END QUOTING]

DAMAGES

A banker, including those in the Central Bank, or a Minister of Finance, or Justice, might ask, “Are you sure Ms. Durham’s allegations are damaging Global Alliance?” To that question we could reply, “We have very solid evidence.” For instance, we have a copy of a letter on the stationery of Bangko Sentral ng Pilipinas, headed:

CASH DEPARTMENT
Investigation Staff

[We have copies of this same letter to several different people at different times over the past year.]

We acknowledge receipt of your letter dated August 8, 2001 together with enclosures addressed to the Governor, Bangko Sentral ng Pilipinas (BSP) and referred to Cash Department, the bank, for action.

The document you sent us (Deed of Assignment for Consideration) is a fictitious financial document and has absolutely no value. For your information and guidance, we enclose herewith a copy of BSP warning vs investment scams that appeared in the October 2, 2001 issue of the *Philippine Daily Inquirer*.

We trust we had clarified the matter with you.

Very truly yours,
LARIOSTO C. PUNZALAN
Manager 1

Of course we also have the article referred to but it is more revealing to see what our Attorney, Victoriano M. Agcaoili, wrote in his letter addressed to “THE HON. MONETARY BOARD AND MR. LARIOSTO C. PUNZALAN”. The letter was not ever sent so we will only quote the first half. [Mr. Agcaoili died of a heart attack in July of 2002 and his replacement, Mr. Lozano, has suggested an alternative to litigation, which we may be able to implement in the next few weeks.] The letter reads:

Greetings:

Our clients, the Global Alliance Investment Association (GAIA), the Cannery Neighborhood MPC, the Everest Multi-Purpose Cooperative, the Paradise of Heroes Livelihood Foundation, the Bicol Farmers Foundation, the Cavite Millennium Farmers Foundation, the Mindoro Farmers Foundation, the Northern Luzon Cooperative Foundation, the Duck Raising Livelihood Cooperative, the Goat Raising Livelihood Cooperative, and other Foundations and Cooperatives similarly situated, who are Holders of GAIA Deeds of Assignment For Consideration and Joint Venture Agreements, have referred to us for appropriate legal action the letter, dated November

23, 2001, of your Mr. Lariosto C. Punzalan, Manager I of the BSP Cash Department’s Investigation Staff, categorizing the GAIA Deeds and Joint Venture Agreements “as fictitious financial documents and have absolutely no value”. Basis of the said derogatory letter is the BSP Advisory which appeared on Page B3 of the Business Section of the *Philippine Daily Inquirer* whereby it lumped the GAIA Deeds and JVAs as “among the documents that racketeers are offering are BSP certificates of gold bullion depository stocks and safekeeping receipts, “Ang Bagong Lipunan” Gold Memorandum receipts, “Good” London delivery, certificate of deposits, treasury certificates, Bank of England Certificates, gold bullion certificates, certificates of gold ownership, warehouse certificates, and Federal Reserve Notes and Bonds.” We have closely and meticulously examined the GAIA Deeds and other GAIA documents as outlined in the - Legal Notice - Certificate of Debt, copy of which is hereto attached as Annex “A” hereof, as appeared in Page 7 of the February 16, 1999 issue of the Magazine, *Contact: The Phoenix Educator*, published for four (4) consecutive weeks pursuant to the *Constitution of the United States of America* and the *Uniform Commercial Code* which provide a procedure for the legal authentication of a debt in the case of a debtor refusing to acknowledge such debt and we can assure you that the GAIA Deeds and Joint Venture Agreements do not fall under any of the documents mentioned in the afore-said BSP Advisory. That because of the apparent and deliberate misinformation provided by the BSP to Philippine banks, financial institutions and like organizations, and probably to the Administration of President Gloria Macapagal-Arroyo itself, our clients’ Deeds of Assignment for Consideration and Joint Venture Agreements with GAIA have been aborted thereby causing them immeasurable financial damage as a consequence thereof.

The letter goes on to ask why they should show cause as to why we should not file a “criminal action for Libel against your Mr. Lariosto C. Punzalan, and together with our other afore-named clients, a class suit with the proper court in the City of Manila for “Damages With Prayer for Issuance of Preliminary Mandatory Injunction” ... etc.

As an aside, we probably should mention that, at last count before Christmas, the list of organizations asking to join the suit, some large and some small and many in between, had grown to more than 120 with several hundred thousand members (voters, you know).

Two of the very most dedicated supporters of this proposed lawsuit are Mayor Pablo Valdez, who took a trip to Las Vegas to see if GAIA was REAL (and found out that it was) and Cobb de la Cruz from Mindanao (Everest MPC) who has so much legal skill that we are continually delighted with his participation because he can also understand our PROGRAM. Both of them can visualize the Philippines “post GAIA” with far more gusto and enthusiasm than even we can muster, and we can get pretty “high” just discussing what cleanliness can do for Manila. This can be one of the World’s most beautiful cities—Imelda started it in that direction—and with money to finish the planned transportation system, for waste management, more water, a natural gas distribution system and lower electricity rates for the people, and some “Manila Bay” and tributary clean up—well, this would be one of the World’s top five cities to visit. And that is only in Manila, Luzon. The opportunities in Mindanao, where Cobb is, exceed even Luzon. (Here is what might be interpreted as a “snide” observation: Why would the U.S.A. move their operations to Mindanao?)

If we were asked for additional evidence of interference, we would next have to cite Land Bank of the Philippines. They cannot be influenced by

additional nonsense from VK Durham so we can at least mention the name of the bank. Their letter, Dated December 10, 2002 says:

Dear Mr. Ekker:
Presently Land Bank is focused into financing Agri-Agra related projects and small and medium enterprises in order to promote economic development and improve the lives of our small entrepreneurs, farmers and fisherfolks.
Much as we want to finance your noble program, we are constraint by the Bank’s priorities and by the nature of the collateral you are offering to secure the loan. The Global Alliance Investment Association Deed GAIA of Assignment of gold bullions backed by the Peruvian Bonus Bond 3392-181 is not acceptable to the Bank as collateral. There are still unresolved legal issues on the ownership claim by GAIA of said Peruvian Bonus Bond. Land Bank might accept BSP issued Gold Warehouse Certificate as collateral for a loan. [The balance of the message is Christmas wishes, etc.]

Our DEEDholder is a rather well-known attorney and the phrase: “unresolved legal issues on the ownership claim by GAIA of said Peruvian Bonus Bond” intrigued him enough to ask for any available documentation. After a few days he received, by fax with no ID, Bellringer’s “UPDATE: February 12, 2002”, Number 4. Ekker’s “Hatonn”/ CONTACT/ GAIA. The Internet address is: <http://www.fourwinds10.com/phb/update/021202>. Really gullible people might believe 20-25% of Patrick’s blather, but a banker? Not likely. So we must look to motivation; in the Philippines that means money. Dollars, preferably, and in SF or LA. That is what the IMF/WB is good at—bribing executives and stashing their money offshore. I must hasten to say that is NOT what is going on at Land Bank; it is going on at BSP where Land Bank must get its money for loans, operations, etc.

The laws here in the Philippines are very similar to (actually patterned after) the laws in the U.S.A. In “discovery” we can take depositions, subpoena documents, etc., etc. Under “oath”, too. And that surely introduces a dilemma. We see ourselves as friends of the “people”. Misguided as he might be, even Mr. Punzalan is a “people”. Will the use of the GAIA DEEDs “cut off” his IMF income/bonus? Perhaps he has none and is only following the orders of someone who does. We have learned that the total “grease” available here could amount to as much as fifty billion pesos, so it is not unlikely that some filters down to a Manager I. (P50B is approximately 20% of what the IMF/WB and the IBC (International Banking Cartel) take from the Philippines each year.)

The letter from Land Bank we find to be extremely encouraging. We cannot, in this document, attempt to “interpret” it. However, when we put it together with the Agcaoili letter, we can feel some strength building toward successful litigation, even though we hope it will not be needed.

ROYAL FAMILY

We have spent hours, more like weeks, studying the dozen or so court rulings pertaining to the “Tallano” case that average over 100 pages per ruling. We have hired a researcher to ferret out and capture the documents we might need to publish the story without fear of failure to meet a challenge of our facts. The final edition of that research is due this week. In June 2002 we entered into a “Letter of Intent” with the “Court Appointed Administrator of the Estate, Prince Julian Morden Tallano” to assist the Estate, and thereby the so-called “Royal Family”, which we deem, without objection from Tallano, to be all of the people of the Philippines.

From our perspective, the primary asset of the Estate

is the 400,000 metric tons of gold “rented” to the D. Macapagal government (in 1964). The rental of that gold, which is all in “arrears”, would amount to some 12.6 trillion Pesos. That means that, without selling one ounce of gold, the Philippine government owes the Royal Family P12.6 trillion, the equivalent (today) of \$253 billion. Suppose GAIA were to issue a DEED for \$253 billion to the National Treasury of the RP. That would permit the National Treasury to issue funds to the Royal Family to purchase (approximately, at today’s price of \$350/oz) 2500 metric tons of gold.

What is the cost to the National Treasury? Approximately 80 Pesos. What is the “gain” to the National Treasury? P12.6 trillion (approximately 6 times the total money supply in the entire RP system) immediately flows into the “economy”. Where else could you possibly find a “free” “jump start” of one-tenth that much? Is there a “catch”? Sure. The gold is supposed to be in the “Central Bank”. It was put there in 1949 and it was inventoried there in 1972. Our very careful “research” proves it was not “stolen” by President Ferdinand E. Marcos, contrary to contrived “rumor”. We (GAIA) assume it to be there and we stand Ready, Willing, & Able to issue our DEEDs to protect the RP banking system. (If it is not there, we know how to get it back.)

What does the Royal Family, with the aid of the Administrator of the Estate, do with the P12.6 trillion? The Agano (Judge that oversaw the negotiation between Macapagal and Tallano in 1964) “Decision With Compromise Agreement” of 1972 required that the Administrator establish a Trust or Foundation into which all such monies should flow for proper accounting. 50% of such monies should be carefully invested for future use and 50% should be distributed to “the People, farmers first”.

Knowing how easy it is to expand this program, GAIA would suggest a “managed” approach so that all of those “municipalities”, who are prepared to do so, submit their “property tax bill” to the Estate. That will allow the Estate to immediately “pay its long overdue taxes”. The effect will be a giant and immediate boost to the economy at zero cost to anyone, and there are other monies owed by the government to the “Estate”. We hope that, by now, every reader can figure out that, with the use of the GAIA DEEDs, the entire 400,000 metric tons of gold will be (over time, of course) re-introduced into the RP system just as was envisioned by Marcos and Reagan.

That was the good news. We still have to deal with:

THE DURHAM INTERNATIONAL LTD; “HOLDING TRUST”

We first became aware of VK’s “trust” via a fax sent to us June 12, 1997 suggesting that we participate in its formation. We telephoned our friends at the Constitutional Law Center, some of whom had contacts with experts in the formation of trusts (which was something of a fading fad at that time) and were told that there was no such thing as a “holding trust”, although there was no law against calling a trust a “holding trust”. If you wish to consult *Black’s Law Dictionary*, you can confirm that there is no such thing.

At that time she called it the VK Durham “Holding Trust” and also (on the same page) the MULTILATERAL VK Durham “Holding Trust”. Since then it has been called The Durham Family “Holding Trust”, The Durham (Intl. Ltd.;) Holding Trust (TIAS 12087) and several different mixtures of the above names. The bottom line, however, is that she never formed and registered a trust. She didn’t know how and didn’t have the money to hire someone to do it for her.

What she does have is a wild and vivid imagination that for many years let her see herself as Queen of the World and so she is constantly inventing new scenarios to maintain that charade. That she laments so constantly that no one in the U.S. government will answer her letters is confirmation that she long ago lost all

credibility. Frankly, it is a travesty that we must waste our time responding to her groundless attacks. (We will return to the “Trust” later.)

INCREASING VIRULENCE OF VK’S RECENT ATTACKS

While we (Ekkers) have been in the Philippines for some 4½ years, a lot of our records and correspondence have disappeared. Fortunately, we brought some with us that will allow us to copy into this document enough of our correspondence with VK to give the reader a reasonably good idea of our efforts to assist her and the reasons we terminated our support—as well as her virulent reaction, which has only escalated exponentially over the five years intervening. We say “exponentially” due to the vileness of her most recent accusations as exemplified by a few of the “headlines” bannering some of her recent Internet postings with a few excerpts from each:

[Note: ... We will bold our comments when they occur within quoted material. *Blocks of quoted material are indented from the usual left and right margins and are both preceded and followed by carriage returns.*]

IMPORTANT! EKKER-SAUDI/IRAQUI [SIC] CONNECTION Note from VK Durham:

This information came out of Saudi Arabia. It is not accessible on U.S. websites. But it is hard, irrefutable evidence of the GAIA-EKKER-SAUDI-IRAQUI and U.S. banking connection.

SCRIBED QUOTES THROUGH THE PEN AND ARTICULATE HAND OF UTHRANIA SEILA AKA HRH SAUDI CROWN PRINCESS RANIA BINT ABDULAZIZ IBN ABDULRAHMAN IBN AL-SAUD[,] CO-COMMANDER OF THE HOLY AND MOST ARTICULATE AND BRAVE SAUDI NATIONAL GUARD OVER ALL OUR NATIONS CO-SUB-COMMANDER-IN-CHIEF OF THE IRAQUI FORCES AND PROTECTOR OVER THE MOST SOVEREIGN ARAB REPUBLIC OF EGYPT BY MANDATE OF MY FAMILY’S LOYALTY AND GRATEFULNESS TO THE FORMER PRESIDENT GAMAL ABDEL NASSER, PERMANENT SECRETARIAT ON BEHALF OF THE KINGDOM OF SAUDI ARABIA

GAIA-EKKER-ST. GERMAIN-HATONN CONNECTION

This is THE GAIA-EKKER “HATONN, ST. GERMAIN CONNECTION” WHICH IS THE “TAPE RECORDED STATEMENT OF HATONN-EKKER, FEB-MARCH 1998 AT THE GUILARMI HOTEL, MAKATI CITY PHILIPPINES” REGARDING “FABRICATION OF BONUS 3392-181 DOCUMENTS, TAKING THE ENTIRE GLOBAL ECONOMIC & FINANCIAL CONDITIONS “HOSTAGE” and ONLY V. K. DURHAM, WOULD KNOW THE TRUTH. THIS IS THE DOWN OF THE U.S. DEPT. OF THE TREASURY & FEDERAL RESERVE “ORIGINATORS”.. ON ALL THOSE “BOGUS GOLD DERIVATIVES” WHICH CANNOT NOW “PERFORM.”

WAR: GERMAIN IS HATONN IS PRINCESS RANI OF SAUDI ARABIA

From: V. K. Durham
To all Citizens of the United States who do not want this country or the entire world to be ENGULFED in an ALL-OUT WAR, go and read “MESSAGE 407” which was posted last evening, January 7, 2003 @8:29pm, on RMN ~ Yahoo, and which was entitled “CHAPTER EIGHT.”

Fellow Americans, CHAPTER EIGHT was written on August 8, 1994.

The following is the “scribed signature” of the

“encryptions” translated, which were written by: HRH SAUDI CROWN PRINCESS RANI [ETC.]... “SCRIBED QUOTES THROUGH THE PEN AND ARTICULATE HAND OF UTHRANIA SELIA” and so on ... in other words, Doris J. Ekker or Hatonn.

The encrypted messages of HATONN—DORIS J. EKKER and/or DORIS J. ELOISE—are contained in this CHAPTER EIGHT:

Let us pause to be sure the reader can follow VK’s convolutions. The following numbered paragraphs were allegedly written in 1994 by Princess Rani, Co-Commander of the Saudi National Guard and Co-Sub-Commander of the Iraqi Forces, who is also Saint Germain and Hatonn, and who now turns out to be, according to VK, none other than Doris J. Ekker. The “Message translation” is done by VK Durham. It is these “translations” in the context of 1994 that reveal the extent of either her inability to distinguish between “then” and “now”, or her deliberate invention of outrageous accusations with which to bombard “those Ekkers and their GAIA cult” in an effort to prevent the use of the CSEML asset.

1. “Here in Washington it has been met with the severest of all complexities, insofar as the Deputy of Finance is concerned. Controlled currency, diplomatic style, has finally succumbed to the immediate unavailability of dramatic style.

(Message translation: A meeting was held in Washington, District of Columbia, between the MUSLIM SAUDIS-IRAQIS and the Deputy of Finance [U.S.] regarding how to “Collapse the U.S. Dollar.”)

Since the U.S. has no Secretary of Finance, there is no “Deputy of Finance”, nor is it likely that Iraqis were meeting in Washington in 1994. This suggests that not only VK’s translation is idiotic but also that the “message” itself is a complete fabrication, probably by someone unfamiliar with the U.S. system.

2. “The American Dollar, which has so far succeeded in changing its style once or twice, as far as the Federal Reserve is concerned, is intent once again on performing non-diplomatic service to the chagrin of those imputed minions (look up the word minions).” **[Minions = followers.]**

(Translation: the Deal was cut to use the “BOGUS GOLD INSTRUMENTS” based on the BONUS 3392-181, between THE SAUDI’S BANK OF JEDDAH and THE FEDERAL RESERVE BANK—to once again BANKRUPT THE UNITED STATES BY “FRAUD” as the lead, and primary BANKING WAR, brough (?) an assault upon the United States’ economy and financial institutions.)

If there were any “BOGUS GOLD INSTRUMENTS” based on the BONUS 3392-181 in 1994, they had nothing to do with either GAIA or the Ekkers. If, as VK stated above, this Chapter Eight was written August 8, 1994, Russell Herman was still alive. (He died August 29, 1994.) But even that idea is not as ridiculous as a Deal cut between the Saudis’ Bank of Jeddah (Muslims abhor usury) and the Federal Reserve Bank (whose International Banking Cartel (IBC) owners have used usury to get control of most of the economies of the world). Skipping to Paragraph 5:

5. “Fear not. Old Hatonn has the ever ending solution to your newest and most expensive problematic feature of the United States currency. Listen up folks! Resources of unequalled imaginings are beginning to take shape, and when they hit the top of the barrel, that is the crucial time that you, the public forum, must make your move. Listen with the most astute ears for the symphony of change {editor’s note, the following

section has to refer to the Illuminati sniper/team, deployed in October of 2002} — and then take with a BULLET in the HAND the EARS OF CONGRESS in forced exchange rates.

(Translation: Documents {from personal files kept by a former secretary} consisting of INTER-OFFICE MEMORANDUMS, NOTES, DIRECTIVES, etc. from this GAIA CULT LEADER HATONN, who is Doris J. Ekker and no one else, do state that “WAR IS TO COMMENCE HERE AT HOME.” While other documents, handwritten in nature, also describe the GUNS BEING BURIED ON THE TEHACHAPI FARM OF THE EKKERS, which may have been used by another UFO CULT known to the Ekkers. {People who are engaged in Treason will certainly not be concerned about violating California’ oppressive gun control laws.})

In the paragraph VK has inserted {editor’s note, the following section has to refer to the Illuminati sniper/team, deployed in October of 2002}. May we remind the reader that more than eight years passed between the writing and the sniper attacks? We believe that should seriously reduce VK’s credibility.

It is not within the realm of possibility for a rational, sane person to personally meet Doris J. Ekker and reach the conclusion that she is “GAIA CULT LEADER HATONN”. In all of their lives, neither Doris J. nor E.J. Ekker have ever been members or participants in any Cult, let alone one of their own making, nor do either of them know of “another UFO CULT”. Doris “scribes” for Hatonn and if he stated, as is claimed by VK: “WAR IS TO COMMENCE HERE AT HOME”, that would seem to enhance his credibility since, on September 11, 2001, President George “Dubya” Bush declared war.

VK concludes:

“*** Go back to the beginning, and remember WHO SIGNED THIS DOCUMENT: Princess Rani is the same as HATONN who is the same as ST. GERMAIN who is Doris J. Ekker of the GAIA CULT. The GAIA operation cannot show “color” on the floor of any bank or brokerage **[whatever that means]**, nor in any court of any jurisdiction, when it comes to the ownership of the Peruvian Commodity Contract, Bonus 3392-181, of 1875: the Durham Trust can do this, and they cannot.

Ekkers have never heard of Princess Rani before VK’s latest fairy tale. Perhaps she is also a figment of VK’s imagination similar to Prince Bandar of Brunei. After some two years of “sending copies” to Prince Bandar in Brunei, someone must have got her to understand that there is a Prince Bandar who currently acts as the Saudi Ambassador in Washington, D.C., but no such person ever in Brunei. Saint Germain has been around a very long time, having been very popular in the 1930s in a series of books written by Godfrey Ray King. A group of his readers, led by the Ballards, formed a group (VK would be sure to call them a cult) that called themselves “The I AM” group, which remains strong and viable at Mt. Shasta, California to this day. The first time Mrs. Ekker scribed for Gyeorgos Ceres Hatonn was in 1987; we know of his name appearing in books as early as 1954. Obviously, one hat will not fit all four of those entities. So much for VK’s omniscience. Still, it seems we must respond to her accusations no matter how drunken and ridiculous they become. (If a reader observes her writings closely, one will notice that she becomes evermore didactic and demanding near the end, a sure sign of inebriation.)

A couple of weeks ago VK was insisting that GAIA was a Muslim operation (“because Ekkers had become Muslims”) in a transparent attempt to get GAIA on Mr. Bush’s Terrorist List. Now that it has become clear to her that that failed, she is trying another approach. Here is the “new” headline plus a few excerpts from the posting:

NOW THE EKKERS MUST WORRY ABOUT

AL QAEDA *LINK*

“...concerning the Ekkers of GAIA and Al Qaeda network of fundamentalist groups. ...regarding the UNDERWRITING OF THE AL QAEDA, with the intent to take down “the United States of Israel”—as Doris J. Ekker calls it **[from Alan Dersherwitz in 1988]** — and The U.S. Department of the Treasury and the FEDERAL RESERVE BANKING SYSTEM...

“Why would the EKKERS of GAIA defraud these desperate MUSLIMS who, in their own minds, were simply going to get back at the UNITED STATES for “FREEZING ALL THE BANK ACCOUNTS OF Iran” and for the CONFISCATION OF IRANIAN INVESTMENTS here in the United States, back in the early 1980’s?

“...In all fairness, I WOULD BE WORRIED, too, if I had just DEFRAUDED “THE AL QUAD, AL QAEDA, ALL KADA, ABBU SAYEFF, MORO ISLAMIC LIBERATION FRONT Leaders” and their people out of APPROXIMATELY “\$15 TRILLION DOLLARS GOLD.”

The reason I say “\$15 TRILLION DOLLARS GOLD?” The EKKERS of the GAIA have operated outside the U.S. since 1997. They averaged (per Ron Kirzinger) “\$5 TRILLION DOLLARS PER ANNUM” in false instruments drawn on the Bonus 3392-181. 1997 to 2002 is FIVE YEARS. **[Really? VK must have run out of fingers due to holding her wine or a cigarette in one hand. Our agreement with the U.S. Treasury was reached in 1996, not 1997, and we agreed that we would not issue more than \$5 trillion per year so as to not unbalance the world financial system. VK, in her usual omniscient manner, has attributed a statement to Mr. Kirzinger that he would not make. Besides that, she lies.]** The five years of \$5 TRILLION DOLLARS in Bogus “Gold Instruments” thus equals \$25 TRILLION DOLLARS GOLD, some “50% OF WHICH WAS PUT UP FRONT by the before mentioned AL QUAD, AL QAEDA, ALL KADA, ABBU SAYEFF, MORO ISLAMIC LIBERATION FRONT groups” IN “GOLD” for the Ekkers’ WORTHLESS INSTRUMENTS and their JOINT VENTURE AGREEMENTS etc.

...Now—taking into consideration that THE corporate U.S. FEDERAL GOVERNMENT has assumed a “HANDS OFF POLICY” regarding THE EKKERS OF GAIA, what seems like it is possible for them to enjoy, as a “future”??

Dear Friends, I am not of the OPINION, that Al Quad, Al Qaeda, All Kada, and Abbu Sayeff with the Moro Islamic Liberation Front leaders and other members, will take such a kindly “HANDS OFF POSITION.” Surely they now know that THEY WERE “TAKEN” AND that they were DEFRAUDED OUT OF THEIR APPROXIMATE \$15 TRILLION DOLLARS in “GOLD”, to purchase these BOGUS “Gold Instruments.”

The purpose of which, they were led to believe, WOULD TAKE DOWN THE “GREAT SATAN” of the UNITED STATES OF AMERICA, which would DESTROY THE FEDERAL RESERVE BANKING SYSTEM and which would TAKE DOWN THE U.S. DEPARTMENT OF THE TREASURY, ONCE THE TIME AGREED UPON IN THE AGREEMENTS, CAME DUE FOR PRESENTMENT TO THE U.S. DEPT OF THE TREASURY AND TO THE FEDERAL RESERVE.

This was the SCHEDULED BANKRUPTCY OF THE UNITED STATES which was planned for and HOPED FOR, to arrive IN FEBRUARY, 2003.

Does the Koran grant forgiveness to thieves, swindlers, and those who falsely attest to their belief in Islam, for the sole purpose of defrauding others?? Therein hangs a tale.

The Durham (Intl. Ltd.;) Holding Trust (TIAS 12087)

We are excerpting from some 200 or more pages of VK’s invective which, like a cluster bomb, is going off in all directions. As an example, here are a few short ones:

[Date: Sun Jan 12, 2003 1:34 am:] ...GAIA of the Environmental Protection Agency & Department of Natural Resources took a SUPER HIT from the Bush Administration. The Bush Administration issued guidelines that could result in the loss of federal protection for up to 20 million acres of swamps and bogs, in compliance with a Supreme Court Ruling two years ago.

[Date: Dec 26, 2002:] ...During the 1980’s & 1990’s THE UNITED STATES LOST OVER “3 MILLION FARMS” due to PREDATOR BANKING. LOST BY PREDATORY BANKING, are currently “uncountable.” ...THE GAIA Department of Natural Resources has forced MOM & POP business’s OUT OF BUSINESS to make way for MEGA CORPORATIONS who were enticed into the states, WHO PAY NO TAXES?!

[Date: Nov 24, 2002:] ...Many of you have not understood the gravity of the GAIA issues when presented by me, to you previously. Some thought THE EKKERS are part of the “news networking,” and “surely this cannot be true.”

THE EKKERS and their GAIA PROJECTS WERE “UNDERWRITING THE JIHAD AGAINST THE UNITED STATES (which, incidentally, includes each and every Free American, including YOU) by using BOGUS INTERNATIONAL BANKING & FINANCING INSTRUMENTS—BY ACTS OF FRAUD—AGAINST WHAT WAS “INTENDED” (BONUS 3392-181) TO KEEP ALL AMERICANS FREE FROM WHAT HAS AND IS ONGOING AT THIS TIME. Has it sunk into your thinking process, they had stolen (or tried to steal) 48% of \$206,858,581,465,280,000,000.00 GOLD COLLATERAL from you, as American People, which was intended originally to make secure and certain our American Industry, American Manufacturing, American Jobs, Health Care, Housing, Research & Development?? For all generations in the future?? It did not sink in your minds, that THE EKKERS had stolen from ALL OF YOU and Underwrote the AL QAEDA with what was intended for the uses as before mentioned.

Additionally, on MAY 23rd, 2001 sufficient evidence was tendered by HAND to the U.S. Secret Service, Omaha Nebraska Field Office Agents, David Kennedy and Marty Gillam, when visiting the home. Had this information been acted on at the time; THE WORLD TRADE CENTERS MIGHT STILL BE STANDING.

[Date: Dec 26, 2002:] ...Something BIG is in the WIND. All of us must stay on this. OSAMA Bin Laden is just a “smoke screen.” If the U.S. was serious about getting the “Al Qaeda”... THIS GAIA EKKER “Underwriting” of the AL QAEDA out of the Philippines would have been stopped when we handed in hand, and provided the Hard, Irrefutable Evidence on May 23, 2001 to the U.S. Secret Service.

The GAIA-EKKER “PROJECT PHOENIX” is the key to this latest “OPERATION PHOENIX” of Rumsfeld [U.S. Secretary of Defense].

...Keep in mind, AS FREE AMERICANS you are looking at an ADDITIONAL U.S. DEBT over and above the CURRENT “U.S. DEBT”. The additional DEBT is:

*** the 48% of the \$206,858,581,465,280,000,000.00 allowed into the BANKING SYSTEMS on the BOGUS “BONUS 3392-181” COMMODITY CONTRACT PUT OUT

BY THE EKKERS through the GAIA PROJECTS. In a Public Notice, Published Agreement to split 50-50 with the U.S. Fed. Government, on non-authorized transaction by GAIA on Property owned by THE DURHAM (INTL. LTD;) HOLDING TRUST (TIAS 12087), which is defrauding Nation after nation, destroying SOVEREIGNTY AFTER SOVEREIGNTY OF NATIONS OF PEOPLES GLOBALLY.

The Ekkers and GAIA have worked throughout the ASIAN and MUSLIM Nations underwriting the AL QAEDA, or ALL KADA etc., lodging the DEEDS OF ASSIGNMENT FOR CONSIDERATION and JOINT VENTURE AGREEMENTS (50% down in Gold) lodging same in THE ISLAMIC & ASIAN BANKS. HATONN in additional INTER-OFFICE memorandums and TAPE RECORDINGS OF GAIA MEETINGS cited PRINCE BANDAR as putting up 20% of his NATION’S WEALTH to back GAIA.

How could a reader of such material distinguish it from the truth? Especially if the reader was not really fluent in English. It is certainly bizarre, which could be a clue, but so is the impending U.S. attack on Iraq. The tape recording mentioned above is a conversation about Brunei and we know there is no Prince Bandar in Brunei. Of course, the outlandish numbers VK uses could also be a clue. There is a sure way of learning the truth, however, and that is to study the GAIA materials—especially as concerns the sovereignty of individuals and nations. GAIA regularly furnishes its materials and documents to qualified persons in government, banking and project development; GAIA reserves the right to ignore “nuisance” inquiries. Following is another “twist” from the same VK writing as above.

OUR RIGHTS EQUAL OUR CHARACTER

“We must support our rights or lose our character, and with it perhaps our liberties”, said James Monroe at his Inaugural. It is only when the people become ignorant and corrupt, when they degenerate into a populace, that they are incapable of exercising their sovereignty. The people themselves become the willing instruments of their own debasement and ruin.”

This GAIA Religious Cult grew in strength during THE CLINTON ADMINISTRATION. Judging from the IMPEACHMENT proceeding, Mr. William J. Clinton was far too involved in SEXUAL ACTIVITY to pay too much attention to the GLOBAL AFFAIRS of the United States. As long as Mr. Clinton was provided with SEXUAL FAVORS etc., it was not difficult for Mrs. Hillary Rodham Clinton and Vice President Albert S. Gore to push forward the GAIA RELIGIOUS CULT PROGRAMS. Inside POWER made it easy for THE EKKERS’ programs to move into the U.S. Fed. Res. And U.S. Dept. of the Treasury. Memorandums from HATONN state that those involved were LAWRENCE SUMMERS and RUSSELL MUNK), therefore becoming a “TROJAN HORSE” INSIDE THE U.S. FED. GOVT. OFFICES OF PUBLIC TRUST, and on into our State and Local Governments through THE EPA and DNR agencies.

So now we know how Ekkers took over the Environmental Protection Agency and the Department of Natural Resources. What we cannot figure out, however, is “What good does it do for VK to paint us with that brush?” The theme running through most of her accusations seems to be to try to get someone with power or guns to assault Ekkers and stop them from using the CSEML asset to restore sovereignty to the Third World Countries (TWC). Who is she trying to irritate into action with these silly allegations?

Next we will look at one of VK’s overt and

slandorous attempts to interfere with GAIA’s business relationships and sources of funding. This was posted via the Rumor Mills site November 20, 2002 by someone calling itself “Patriotlad” who introduces it with: “Granny Hermann continues with her attack on the Ekkers —.”]

The Saudi Royal Princess “Rani” subscribes to be THE CO-COMMANDER-IN-CHIEF OF THE IRAQI FORCES while scribing for HATONN.

While the HATONN (Doris J. Ekker, with 21 Registered Alias’s {sic} in Kern County Records Records) solicits MONEY CONTRIBUTIONS, it has been discovered from their own records OVER \$90,000.00 CASH is contributed MONTHLY by unsuspecting VICTIMS. Many of the VICTIMS have signed over their Living Estates, Social Security Income etc. This is the connection to the DEPARTMENT OF HEALTH AND HUMAN SERVICES which GAIA CULT MEMBERS are actively employed as employees.

WHILE CONTRIBUTING to the DOWN AND OUT EKKERS of CONTACT: THE PHOENIX PROJECT JOURNAL; Unsuspecting American Citizens have been “CONTRIBUTING TO THE AL QAEDA”, THE SLEEPER CELL “HATONN RELIGIOUS CULT” also known globally as GAIA.

We cannot speak to VK’s allegation that Princess Rani is THE CO-COMMANDER-IN-CHIEF OF THE IRAQI FORCES or whether she might scribe for HATONN. We don’t know if there is such a person. We can surely assert that Doris J. Ekker does scribe for Hatonn and that she has registered at least 21 Also Known As “pen names”. That seems to be the proper and honest way to handle it. We note that Granny uses several different names; we wonder if she has straightforwardly registered any of those?

\$90,000 per month? Don’t we wish! VK must have been smoking something stronger than Marlboros when she did that arithmetic. It appears she is only off by one zero, however, since the OVERHEAD at the farm, CONTACT, and the New Gaia health products store were running about \$9,000 at that time. There are no assigned “Living Estates, Social Security Income”, etc., to any entity with which Ekkers have had, have, or will ever have anything with which to do. “Contributions” (VK’s word) are ALL accounted and treated as loans and will be repaid.

Ekkers have no connection to the Dept. of HHS and do not know anyone who does. There are no “GAIA CULT MEMBERS” that have any connection to Global Alliance Investment Association. If there is a GAIA CULT somewhere, Ekkers are not aware of it, or of any connection to HHS. Neither do Ekkers know any person even remotely alleged to be connected to Al Qaeda, unless it might be VK’s old friend, Elly Pamatong, who now leads a Fundamentalist Christian sect.

Ekkers have no knowledge of a “HATONN RELIGIOUS CULT”. There seem to be a lot of scribes and speakers for a lot of Hatonnns but the one who helps to guide Ekkers is an outspoken critic of Cults, so we would doubt He would be involved.

Those few paragraphs, however, will convict VK Durham of slander, libel, and malicious interference with business relationships, among others. We will take care of that after we complete our work here. There are others treading on the same thin ice. One of them is introduced as follows by Patriotlad:]

Patrick Bellringer created a Prophetic Message and it was moved on October 27th, 2002, although many people did not receive it until several days later. Bellringer writes about the Ekkers—

{This is a prophetic message for the Ekkers who are living in seclusion in Manila of the Philippines.} For too long you have been working in the darkside

“spin zone” and have misled many people. For many years you were honored Truthbringers respected for your wisdom and Light. Despite harassment from the angels of darkness, you were able to bring much Truth from our Pleiadean friends to Earth Shan’s people. It is now nearly five years that you have allowed your energies to be diverted to less honorable use.

You have purposely used the Contact newspaper to disseminate your words of negativity far and wide under the guise of goodness. The time is at hand for you to reap the Karma that you have sown. You have verbally berated and ridiculed many present day Lightworkers and Truthbringers, including those of the Spectrum staff, Bellringer, the Dove of Oneness, and NESARA White Knights.

You have condemned NESARA and all the freedom, abundance and peace that it brings to Earth’s people as garbage and “hog swill”. You not only have attacked the Truthbringers but you have also attacked their message. This nonsense on your part is unacceptable and must stop.

When the Angel of Truth and Justice enters your doorway, you shall be faced with some very serious and immediate choices. You have the choice to return to Truth and Light or to continue to walk in error.

Poor little Patrick H. Bellringer. He is an idealistic, misguided young man that, even in his late teens, was very adroit with the computer. He wanted to set up a Website for *CONTACT* and the *PHOENIX JOURNALS*, which was permitted, with reservations. When Dr. Ed Young, Rick Martin and Ray Bilger tried to steal the corporations, Contact, Inc. and Phoenix Source Distributors, this young man went with them because it had been them that lobbied so hard to get permission to set up the site. Since then, he has made mistake after mistake. He first pushed the *Spectrum* material, then got involved with “Dove of Oneness” who got him involved with her “White Knights” and NESARA, the acronym for a legitimately proposed law (although it has not yet, in more than 12 years, found a congressional sponsor) that would reform the U.S. financial system. The Dove has somehow usurped NESARA and claims it has been secretly passed and poor Bellringer cannot give up the dream. His site is at fourwinds10.com.

Bellringer served a stint as the conduit for VK Durham’s pronouncements but when she had the temerity to reveal Dove as a phony, his choice was to stay with Dove. VK had to find another “home”, which seems to be with Rayelan Russbacher at Rumor Mill News. Portions of the “feed” to RMN seem to come from Barbara Hartwell, a self-proclaimed MK-Ultra survivor, and an anonymous “Patriotlad” that sometimes sounds like VK and other times like Rayelan. (Just recently VK has pronounced that Dove and NESARA are none other than Doris J. Ekker.) Patriotlad provides sort of a summary to the above:

Gentle reader, connect the dots: Granny Hermann asserts that former President George H.W. Bush “privatized” the Environmental Protection Association [**Wow, we thought it was “Agency”.**] and that it has been, in effect, taken over by GAIA worshippers who masqueraded as legitimate friends of the Earth, in the Sierra Club and in other “left-wing” groups. Granny H. asserts that the nucleus of this GAIA is an Al Qaeda sleeper cell organized by the Ekkers, and now operating from the Philippines—which is exactly where the mass media have been telling us that Al Qaeda and Muslim fundamentalists have been deeply entrenched for many years!! Granny H., aka V. K. Durham, included the following comments in her lengthy e-mail of October 29th—

We can forego those comments since they have

already been quoted. VK did what might qualify as a “summary” of her theory of how things are, the last three pages of eight which we will quote verbatim, inserting our comments as we go because it is quite long and very convoluted.

THE ILLUMINATI AND THEIR FINAL SOLUTION

Two clever and canny triple agents, intelligence operatives who have been long-standing scam artists and confidence swindlers, have conspired to usurp the lawful ownership of the Peruvian Commodity Contract mentioned above: their names are Doris J. and E.J. Ekker.

E.J. Ekker was once and may still be an asset of U.S. Naval Intelligence, and he is a clever, dangerous man with extraordinary abilities of persuasion and with his own networks. [**No. E.J. has never knowingly even met a person working for USNI, let alone worked for them.**] After years of running a “New Age” operation, involving “channeling” secret messages from a Spaceship Commander named Hatonn, and setting up dozens of partnerships and New Age propaganda fronts, the two Ekkers fled the United States with some \$17 million in gold, gold coins and cash. [**VK’s wine is already showing. Ekkers were accompanied by four people on their trip to Manila. Even in those days you couldn’t get on an airplane with as much as \$10,000 in cash; \$17 million in gold weighs more than one and one-half tons. If Ekkers had that kind of money anywhere, would they have given up their home in Tehachapi to foreclosure?**] They had been instrumental in founding the legendary UFO cult of Tehachapi, California, and they moved to Las Vegas where they registered, over time, some two hundred different corporations and corporate shells. Their “métier” [**trade, profession**] was to seek out and swindle elderly U.S. citizens with their philosophy of “redemption from the Pleiades” or rescue by starship commanders, and so on. [**Ekkers have founded no cult, never moved to Las Vegas, and have not swindled anyone.**]

They even founded a church in California, which they then used to sue themselves, to build up their “Victimology.” [**Ekkers have never been sued by a church.**] By all accounts, Doris J. Ekker is one of the most brilliant researchers ever known. She definitely studied the whole history of the Khazars and their conversion to Judaism, and when writing as “Hatonn” or G. Hatonn, she created the most virulent possible propaganda, almost all of it directed at the modern creation of Israel. [**Wouldn’t she like to get the Israelis after the Ekkers?**] For reasons which are not clear, now, the two Ekkers then moved into adopting the signs and symbols of GAIA worship, even while professing to be Muslims, and loyal to Islam. [**Ekkers have never professed to be Muslims. Since coming to the Philippines they have made many friends who are Muslims, and they have studied and written about Muslim (non-usury) banking.**] They even created a corporation which has GAIA as its acronym. And they continue to perpetuate the idea that this corporate shell has the true ownership of the Peruvian Bonus 3392-181 Commodity Contract. [**The last two statements are true.**]

The Al Qaeda network of Islamic groups was created in the wake of the Iranian hostage drama, and because the united States—with its leadership being dominated by the Illuminati-controlled Council on Foreign Relations—had seized so many Iranian assets. After many years of very slow growth, the Al Qaeda suddenly “took off”. And there are two reasons for that ... the decisions made by Osama bin Laden, who was once the good friend of the U.S. in the fight against the Soviet occupation of Afghanistan ... and the defection in place of the

Ekkers. Using their alleged ownership and control of the Bonus Contract, the Ekkers have been actively funding the Al Qaeda since arriving in the Philippines some five years ago. [**Since arriving in the Philippines Ekkers have not funded anyone, including themselves. Most of their support comes from friends, relatives, their own Social Security, and a small pension.**]

The Ekkers are triple agents. They are operating their financial terrorism on a worldwide basis, and they are determined to destroy the entire financial system of the western world, and all of the allies of the United States. Their plan? To use their fraudulent control of the Bonus Contract to seize the assets of the Federal Reserve System, to bankrupt the United States Treasury and thus, the whole of the country, by demanding payments to be made in gold to a new monetary entity which will be known as the AMB or the Asian Monetary Bank. Having foreclosed on the U.S. Treasury and having destroyed the assets of the swindlers at the Federal Reserve, the Ekkers and their pseudo-Islamic propaganda machine will then install a Marxist-style “Peoples Democracy” to govern the regions of what was, once, the United States. [**Most of the above paragraph will be familiar to people who have spent time with VK With the exception of the AMB and “Peoples Democracy”, those are the goals that VK has espoused. Ekkers would not damage the U.S. Treasury or the FED because those are the debtor and guarantor of the debt to GAIA. To destroy them would leave GAIA with an empty sack.**]

They will only usurp the constitutional States governments, they will not usurp the unconstitutional “federal” laws which may be of any help to them along the way. [**Ekkers have no plan or desire to “usurp” ANY laws and to include an accusation against us in the same paragraph with a “revelation” about the Illuminati does not make us Illuminati.**] Thus, the Illuminati plan to create order out of chaos will do what satanists have always done—betray their closest allies in the Federal Reserve system’s families—and then foreclose on all they own, and all they have liened, which is the whole of the persons and property of these United States!!

But the Ekkers and their confederates in the secret police state of modern China, were not counting on the re-emergence of Dona Vina K. Durham, the lawful CEO and Signatory of the Durham Trust, which does and has controlled the Peruvian Bonus Contract for a long time. [**Ah, have another swig, Dona Vina. VK is really beginning to hit her stride now.**]

They were not counting on the trustees of the Durham Trust putting the full faith and credit of those Two Hundred Six Quintillion dollars into a fund backing the whole of the United States, the whole of the Latin American world, and backing the principal allies of the U.S. in other parts of the world, Australia included. [**If those DOLLARS are worthless, what good does that do?**] The Ekkers and their associates have whipped up an Islamic fervor by funding the Al Qaeda and it is a fact that this network is growing rapidly in their area, in the Philippines and Malaysia and Indonesia. [**Poverty is the problem and Ekkers are busily showing the peoples of these small nations how they might raise themselves out of poverty by regaining their sovereignty. There are many “rebel groups” in South East Asia besides what VK might refer to as Al Qaeda, a member of which we have never knowingly met, and the solution to their problem of being controlled through poverty begins with regaining control of their currencies through the use of gold. VK consistently accuses Ekkers of “tearing down”, “foreclosing”, and “destroying”. No, Ekkers are offering solutions to problems**]

which allow “building”, abundant funding for legitimate projects, and individual sovereignty.]

But how will the fundamentalist Saudi Arabs, and the Pakistanis, and the Muslims of south Asia and the Archipelago react when they finally realize that the Ekkers are working for the Illuminati?? When they finally realize that the Ekkers and the oligarch of British Zionism have as their gods and goddesses the ancient Planetary Gods?? That they are not just apostate Muslims, but False Flag Muslims?? [Wow, was that a Marlboro, or something stronger? Not many paragraphs earlier Ekkers were given credit for having “created the most virulent possible propaganda, almost all of it directed at the modern creation of Israel”, which has been demonstrated to be the same as British Zionism.]

These States United were founded by honest means and lawful methods: the governments here were created by and with the consent of the governed—the Ekkers and the Illuminati swindlers who stand behind them are trying to use “the rule of law” to put into effect a one-hundred year old plan to recreate human slavery. To recreate the old Plantations of British colonialism. [Quite the contrary—those “plantations” still exist and it will be the effort of the Ekkers that will allow those peoples to free themselves.]

They are doing so by plotting to defraud the biggest fraud-makers going—the owners and governors of the Federal Reserve System. They do not seek to augment human happiness with the benefits of free markets, libertarian principles, and fair trade!! They seek to ruin all for their own benefit, to sell out the country of their birth and to sell out the whole population of the Americas, to make them indentured servants on a plantation run by those who worship the Planet Gods, and their atheistic allies in communist China. [Inebriation must have gotten the best of VK How can you roll the Illuminati, the British Zionists, and the “atheistic allies in communist China” all into one?"]

That is the nature of their plan. It is devious and subtle. But is all based on fraud, and fraud vitiates all. The Durham Trust stands ready and willing to repel this financial terrorism coming from the Philippines’ base of the Ekkers and their communist allies. The Durham Trust stands ready to guarantee the rights and liberties of the people of these States united, and of our neighbors in Latin American countries, who should be our dearest friends and allies.

Read up on “the Tripod” and J.P. Morgan and the Pirate of Peru.

Then decide—for Liberty—and against the slavery of those who worship the ancient Planet Gods, and their minions who recognize no God of any kind, at all./ [How is that for a grand finale? The next two are short; the first one is dated November 25, 2002 and is headlined:]

ISLAMIC DEVELOPMENT BANK’S, AND LEGAL COUNSEL
“READ IT AN WEEP, E.J.”

Gentlemen: As the “Original Owner of BONUS 3392-181 “COMMODITY CONTRACT” which your Banks and your nation is currently experiencing a bit of a problem with BOGUS GOLD DEEDS OF ASSIGNMENT FOR CONSIDERATION, JOINT VENTURES AGREEMENTS ETC. THESE ARE AS WORTHLESS AS A THREE DOLLAR BILL. RUSSELL HERMAN “OWNED” NO INDEPENDENT “PORTION” OF BONUS 3392-181 TO “ASSIGN TO THIS EKKER-GAIA CULT.” Presently, your problems with the United States warrants you looking further into these matters of BOGUS INTERNATIONAL BANKING AND FINANCING INSTRUMENTS

PUT OUT BY “EKKER-GAIA” out of the Philippines. The Bangko sentral ng Philippinias know these documents are BOGUS-FICTICIOUS.

E.J. and Doris J. Ekker:
The SEALED INSTRUMENTS, Sealed by the SOVEREIGN SEAL OF Peru, August 21, 1989, identifying, DONA VINA DURHAM as “Owner” are going to the ISLAMIC & ASIAN DEVELOPMENT BANKS, WHICH, E.J. and Doris J. Ekker of the HATONN GAIA RELIGIOUS MESS, as you know, does not have RUSSELL HERMAN’S NAME ON IT as “OWNER.”
Your raiding of OTHER PEOPLE’S PROPERTY is coming to a “sudden end.”

V. K. Durham, CEO
[We have confidence that “the ISLAMIC & ASIAN DEVELOPMENT BANKS”, if any read VK’s messages on the Internet, or here in this document, will soon see that the contract referred to explicitly names Cosmos Seafood Energy Marketing Ltd. as the OWNER, not Dona Vina Durham. The jurat attached, which also seems to act as a receipt for the money paid, is made out to Dona Vina Durham, the individual who paid for the jurat. The next is a short, virulent personal attack dated December 27, 2002. We will use it to re-introduce the subject of the “DURHAM HOLDING TRUST”.]

“HOW THE EKKERS’ CAN FUND THE AL QAEDA WORLDWIDE.”
Excerpt from page 2 of 7

“There is no DURHAM HOLDING TRUST,” cries Doris J. Ekker, who lives as an expatriate (read: scoundrel, fugitive from justice, confidence schemer), in the Philippines. This plaintive wailing clearly demarcates the desperation of the EKKERS’ and their GAIA operation, which is currently underwriting the Al Qaeda (the Al Kada in Africa), and doing so, all while operating with the hidden agenda of creating a new “global religion” which will overthrow the very Islamic culture which is now intent upon terrorizing the U.S. and its allies. How is that for a Triple Play: two citizens of the United States who profess to be followers of Islam, who are intent on bankrupting and destroying the country of their birth, and then wrecking the very FOUNDATIONS of the Holy messages given to Mohammed and set down as the Koran (or Qu’ran). Now that’s an agenda!!

You have just read the meanest, most damagingly malicious allegations and accusations VK Durham can think of to make. We have just recently learned that a case brought in Australia against BARRON’S (Dow Jones Corporation) for defamation can and will be heard in Australia, not New York City. If we can initiate a suit from the Philippines, we will do so to avoid having to wait until we can return to the U.S. Let us now return to:

THE DURHAM INTERNATIONAL LTD; “HOLDING TRUST”

We will try to stay focused on the Holding Trust topic to avoid another 1,000-page book but it will have to be lengthy to refute the 200-300 pages she has spewed onto the Internet. She has told at least a dozen different tales about when and how she happened to be the sole owner-holder of Bonus 3392-181 and is the only “signatory”. If it were true, there would be only one story. What we (Ekkers) know about it is from personal experience, not hearsay, because we had been her main source of support after Russell’s death in August of 1994. At the time of his assignment of his portion of 3392 to us August 5, 1993, he had asked us to work with VK, which we did until things really began to deteriorate in June 1997. The trouble began with the following two letters: (Note: We will retype them exactly as received, extra periods and all. Editing her

material for articles in CONTACT got to be a major headache—she called it her “style”).

May 28, 1997
Hey there Big Guy; [
I’ve been waiting for someone to finally take a good look at the IAIC Articles of Incorporation..., so I thought if I would write about it enough times, someone would KEY IN...

[D: Rick Martin and possibly in addition, John Ray, had obtained the backup information and Annual Report of IAIC and we had discussed the unusual “Articles” of IAIC and had shared a copy with VK. Those, in fact, became her working guidelines for what we will offer later as to VK’s “articles”.]

I think it is one Hell of an IDEA... but, WE are going to have to work out a FEW things... and get a TIGHT SHIP with NO LOOSE LIPS in order to pull off the NEW CORPS.
I suggest you take those original PLEDGE and ASSIGNS and “assign them to the new corps. Here is WHY;

IAIC, (this is what we are really after, face it), in 1984 was BANKROLLED with \$200,000,000. This was in GOLD. Since that time, they have been running (I suspect) on “Drug Money” from their drug operations.

The Drug Money which they are using... has a ratio of (now catch this) \$38-40 to one drug dollar. when Bush’s IAIC runs it through the FEDERAL RESERVE..under 12 U.S.C. §411. This is a pretty good deal for THOSE DRUG DEALERS..

Keep in mind, to assist this BUSH “IAIC”, and to “quicken the takeover in global proportions”... Clinton, in his first Executive Orders: “REPEALED THE DRUG TASK FORCE.” This was done so IAIC could step up their movements and Drug Shipments with “IMMUNITY PRIVILEGES” across our Borders and bring that crap into the U.S.... without any LAW MEDDLING ABOUT.

In APRIL 1992, retired MILITARY INTELLIGENCE personnel, who had just retired from the U.S. ARMED FORCES, had been a GUARD at FORT KNOX... stopped by and told Colonel “R.H.” “There was not enough Gold in Ft. Knox to fill a tooth. He further stated; I am so damned pissed off that I have been guarding THE BLACK STUFF, AND BELIEVE ME, SIR, there is NO GOLD IN FORT KNOX:.... the only thing in there is BLANKETY BLANK “DRUGS”!

Now, listen to what the man said, and think it over. This is the reason the scurry on all of these NEW GOLD MINES... The latest find out there in BLACK ROCK is a good one. This is MICRO ALLUVIALS... the OVER RUN COST OF PROCESSING “MICRO ALLUVIALS” is out of sight. There is only one successful process that “I” know of, and the man who developed the process..was murdered, so I was told... (I think I have the formula somewhere). However, the COST OVERRUN on his particular project will ultimately take the Commodity Price of GOLD s-o-a-r-i-n-g...(cant work any other way)

The way I figure this out..., (a) the BLACK STUFF in Ft. Knox can not surface, and (b) it cannot be lawfully COLLATERALIZED, and (3) the nearest figure I can come up with which is their BANK BALANCE comes off these figures;

1) Barrings Bank, Credit Lyonnaise, BOE, and several Japanese Banks (got the names somewhere) which totals approximately 10 banks, who bit the bullet for GEORGE BUSH at the time these banks (due to the unauthorized NASA and NSA USE OF THE “YOU KNOW WHAT”), went down allegedly loosing (?) \$2 B.410 M..per each.. This amounts to a total figure for all ten; \$24 B, 100 MM— Now, lets take

2) \$640 Billion Dollars. This comes from THE American NATIONAL DEFENSE SYSTEMS, and Armament, being planes, missiles etc, sold to SAUDI ARABIA during the GULF WAR, then

3) WE add up the \$30 billion dollar increments which Clinton has given away to these MILTILATERAL NATIONS such as Israel, Russia, Mexico... since HE took office. This is used for the European arm of IAIC... or THE WORLD BANK.. This is over \$120 Billion dollars.

Now, lets look at the figures—	
IACA “THE BANK FUNDS”	U.S.
“ALLEGED DEBT	
\$ 24,100,000,000.00	\$3-5 Trillion
(Fed.R.Notes)	
120,000,000.000.00	
640,000,000,000.00	
200,000,000.00	

\$25,060,000,000,000.00 [VK’s arithmetic]
784,300,000,000.00 [The correct number]
My calculator does not go that high, but divide \$5 T by 38, and you should come with an answer of “actual debt ratio”. **[If there is a relationship, we fail to find it.]**

Even at that, we are working (on our end) with COMMODITY GOLD, SECOND London FIX RATE, 1989 when the DEBT WAS CALLED ON THE “STANDARD CHARTER BANKS”, locked in at \$420.00 as the SECOND London FIX.. “Standard Charter Banks” are TREASURY BANKS of each country. **[Really?]**

Keep in mind, there is a CONVERSION ratio on these accountings... before mentioned.
But, I think you can see WHY “Bush” wanted \$35 T... in collateral underwritten by “ME”..in 1989..and, you can readily see why THEY MURDERED HERMAN... when he would not SIGN OFF.

Now then; I like the “THEORY” proposed last evening. It (?) order for this to successfully be pulled off we must talk in PRIVATE. The MOST PRUDENT THING would be for CSEML to become a HOLDING CORPORATION “TRUST”... with everything else beneath it.

[D: Note that she KNEW about CSEML and needed to start burying any relationship between it, Russell Herman and us. The entire corporation would have to be changed out in order to allow her to have any standing at all.]

I know how to work this...but not at this time..on fax or phones..

Another subject. I am not getting better.: My health is deteriorating FAST. I need someone I CAN TRUST here with me at all times to relieve some of this PRESSURE, and take on some of this RESPONSIBILITY. Also, if I don’t buy this damned TRAP I’m Living in, I’m going to be forced to move, and the MOVE WILL KILL ME...(Political Pressure). **[D: Well, it obviously didn’t!]**

Sis, is willing to move up here from Louisiana. But, this all takes MONEY, and I don’t have the resources at this time to GUARD MY OWN ASS! Things are pretty hairy here.. and that is saying the least I can say on that subject.

VK
In response to VK’s earlier pleas for assistance, John and Jean Ray and Jack Jones had gone to Okawville to see what they could do to assist her. John had gone WITH HER to rent a safety-deposit box and paid for it. She, of course, kept the only key. Even after Rays quit their association with her she wanted them to continue to pay for the box and her other banking costs, including SEVERAL accounts for her “donation” funds. That, we assume, was to keep each separate and unaccounted as a whole while she continued to work to get public funds. It is reported that

many months the sums exceeded \$5,000 in deposits while she USED cash “gifts” and “donations”.
Before the ink had dried on the prior fax, there came a “SECOND TRANSMISSION”.

28, May 1997 (Faxed at 9:28)

Have you kids had the time to absorb the first communication? Ok, lets take it a step further.
Yesterday, CNN and C-SPAN, GERMAN BUNDSSTAG (equivalent to our Congress), Germany is in Deep Economic Crisis; 30 B in HOCK or “DEFICIT” due to “Creative Book-Keeping”..
The “BUNDSBANK” is IN DEEP PUCKY.
As a matter of fact, every European Nation’s “TREASURY BANKS” are IN DEEP PUCKY... as are the SISTER American BANKS, SOUTH OF OUR BORDERS—

All of these MULTILATERAL NATIONS; are suffering INDUSTRY, MANUFACTURING, PRODUCTION and “JOB CRISIS”...This is a GLOBAL crisis—right here—RIGHT “NOW”.
Each of these nations in the MULTILATERAL “CORPORATIONS”, relied on those PHONY BUSH “NASA”-“NSA CONTRACTS WRITTEN ON THE “CERTIFICATE OF INDEBTEDNESS OF PERU’S “ACCRUED INTEREST”... they found out—THEY FELL FOR “WORTHLESS PAPER’...
[D: Wow, and now she has dumped all of that “blame” on Ekkers for the problems of “Multilateral Nations” (what are those?) and Multilateral Corporations going back to 1997? This stupid nonsense is then dispersed globally on the Internet sites of Rumor Mill, Bellringer, Dove of Oneness, Patriotlad and other incredibly misinformed people like Barbara Hartwell (just to name a few.)]

This being WORTHLESS PAPER, each nation is now facing BANKRUPTCY. This is on a Global Scale.
Now, look over those figures provisioned earlier. These figures are “MOOT”..they have crated an ILLUSIONARY FINANCIAL “NON EXISTENT STATUS” in the Global Economy... A financial status, without SUBSTANCE.
ARE YOU THINKING!?
VK

PRIMARY AGENDA ON THE INTERNATIONAL
AGENDA IS FOOD... Food will be worth MORE THAN GOLD here within the next 3-4 years, if not sooner. EVER THOUGHT OF INCORPORATING, AND “PREBUYING American CROPS”.
Just a “THOUGHT”—

Some time earlier in the spring of 1997 *CONTACT* had published articles about the Inter-American Investment Corporation and the Deposit Trust Corporation, in which VK had shown some interest. John Ray and Rick Martin learned that they were not really ever incorporated so, on sort of a “hunch”, we began to create new Nevada corporations with those names. IAIC went through with no problem but DTC could not be accepted because it had the word TRUST in its name, which causes it to fall under banking law.
In the U.S., “TRUSTS”, such as Family Trusts, Educational Trusts, etc., are Federally Registered by “Districts”, apparently conforming to Internal Revenue Service districts. When qualified and registered, they are given nine-digit identification numbers, just like Social Security or corporation Tax I.D. numbers that fit into their system. That is what makes VK’s “TIAS 12087” so ridiculous; there is no such thing that could possibly be recognized by any U.S. Federal entity. There, the cat is out of the bag and now you know why we have been able to say with complete confidence that VK’s TRUST

was a complete farce.
June 12, (still 1997) we received a fax from VK that disclosed her plan for using a pair of TRUSTS to “capture” control of the Western Hemisphere, along with the proposed format of the TRUST document itself. Because it has been through faxes and copied besides, we will have to copy it, preserving as best we can her “style”.

Section 2. Resources

[D: You will now see from whence she came up with the 48% she says “we” used to determine Russell Herman’s portion of said CONTRACT. She has allotted herself 52% so that in the event she could not defraud us she would still always be Queen of the Hill. She does not further refer to any Russell Herman and all other activities become at her beck and call, along with all assets.]

(a) The initial authorized capital of the TRUST shall be 48% (forty eight percent) of the accrued interest on CERTIFICATE OF INDEBTEDNESS

[D: Ah indeed, there you have it, Vina Kathryn Durham, no less. Further, she does not use any of HER PORTION for anything except through these absurd guidelines and can take everything back at a blink of an irritated eye. She also demands “comprehensible written fashion and form” which instructions from her are incomprehensible in the first place.]

[The next (c) is a repeat so don’t change it, please.]

(c) The other resources of the TRUST IS IDENTIFIED IN article iii (b).

(b) Five persons from each UNION OF REPUBLICS may be elected by Popular Vote, to represent the Civil Government of those states, to present the needs in writing, identifying the critical infra-structure rehabilitation proposed by each respective Civil Governments requirements, defined and specified. **[D: So, just how do you freedom-loving patriots like this requirement by VK Durham of a CIVIL GOVERNMENT?]**

(c) The TRUSTEES shall cast their VOTES of determination, based on emergency status, dire need,

necessity, urgency, job ratio, employment ratio, and proposed remedy. Said votes by TRUSTEES must be a 2/3rd majority. In the event of a TIE VOTE; the 52% TRUSTEESHIP of the RESERVE CAPITAL shall cast the FINAL DETERMINING VOTE. **[D: Welcome to the VK Durham dictatorship of the World!]**

(b) The TRUST will provide financing on terms and conditions which it considers appropriate taking into account the requirements of the Section 1. And Section 2.

(c) The TRUST shall apply financial, technical, economic, legal and institutional feasibility criteria to justify the adequacy and soundness of written proposals.

There it is, folks, in vivid black and white. The vaunted, absolute, immortal, immutable, unchallengeable: THE DURHAM INTERNATIONAL LTD; “HOLDING TRUST” into which VK Durham can put and keep any thing she says, including Bonus Gold Certificates, Illinois Power “default judgments”, Wills of Russell Herman, and a corporation named Cosmos Seafood Energy Marketing Ltd. And this is what her “minions” (her word for followers), including **Rumor Mill, Bellringer, Dove of Oneness, Patriotlad, Barbara Hartwell, the Morgans**, and others doggedly promote as “TRUTH”. Will those minions awake? With God, all things are possible, and only He knows.

VK’s “list of proposed trustees” contained Richard and Carol Morgan, John and Jean Ray, Rick Martin, and Doris and E.J. Ekker. Ekkers refused and demanded that she remove any reference to us from her irrational scheme. Rick Martin also refused the “appointment”. John and Jean Ray were much closer to VK than were we so, while there was no evidence that they had “accepted” the appointment, they soon “officially resigned” so that their non-participation would be clear.

When contacted regarding this Affidavit, John took the time to write us a reminder:

“SPEAKING OF VK—IF YOU WILL RECALL, VK WAS EMPHATIC ABOUT KEEPING A SEPARATION OF IDENTITIES UP UNTIL MID-90s BETWEEN VK DURHAM (GRANDMA’S LEGAL REPRESENTATIVE, AKA. CONSTITUTIONAL AND INTERNATIONAL ATTORNEY) AND “GRANDMA” HERMAN, THE POOR LITTLE VICTIMIZED WIDOW OF RUSSELL HERMAN. I REMEMBER WHEN I HAD WRITTEN A LETTER ON HER (GRANDMA HERMAN) BEHALF—AND REFERRED TO VK AND GRANDMA HERMAN AS ONE AND THE SAME—SHE WENT BALLISTIC. SHE MADE ME REWRITE THE LETTER TO IMPLY VK DURHAM WAS “MRS.” RUSSELL HERMAN’S ATTORNEY.
“OH WHAT TALES WE WEAVE, WHEN WE

PRACTICE TO DECEIVE!”

That provides the reader with useful insight into the character of VK Durham. There is more, of course, and we will re-type 2 or 3 letters from June 1997 so that the reader can see and feel the effort we put into helping VK, even to virtually supporting her from late 1994 to mid 1997, frequently reaching \$2000-3000 per month.

In a letter of June 8, 1997, addressed to us via Rick Martin in which there was a demand for funds, VK also demanded that we hand over to her, within five days, Inter-American Investment Corporation. I, Doris, was incensed. Rick had asked us to attend a meeting he had called but I opted to put my position in writing so that it could never be misquoted. I also wanted to let Rays and Jack know exactly how I felt about things.

I do not have the original letter from VK, for Rick retained those original files but I do have my rather comprehensive response to Rick for presentation at the meeting. We had also received a scathing letter from someone who purported to be VK’s “Trustee”, by the name of Richard Morgan. It seems that Richard Morgan was the husband of Carol Morgan who did in fact later send faxes to and from VK in Louisiana. At one time VK told us that Carol was her SISTER.

I will re-type the entire writing to avoid accusations of taking things out of context but realize, please, that THIS WRITING is directed primarily to the infamous “Holding Trust” with a few references to unrelated matters.

[QUOTING:]
DORIS: MON, JUNE 9, 1997 COMMENTS REGARDING VK DURHAM AND “TRUSTEES” MATTERS

This is to any and all involved in this circumstance. I want, first of all, to remind you that I am not well but have continued to move along with all the work handed to us with which to comply. As of this morning, I am through with that mode of operation.

I have been handed what I assume to be yesterday’s faxes as sent via VK Durham regarding contracts and trustees. Not knowing Carol or Richard Morgan I am a bit at a loss as to just what is taking place here.

We have made every effort to bring comfort and aide to Vina in her years of most unpleasant happenings, with or without input from others. There seems to be an assumption here that we never run out of either patience or resources and this is absolutely untrue. I am out of BOTH. We have worked basically in blind faith that there is reality to the “Certificate”, although we have NEVER been able to get more than a couple of people to suggest as much. We have been ridiculed, legally bashed, world bankers have either laughed or suggested prison for the use of these “things” (called contracts), and now it is presented that we have done NOTHING with the contracts during the year we had them?

We had to struggle with a short extension to please everyone in the Trust and, embarrassingly enough—the worst happened, the Korean bunch headed right off on their own to continue to work with the contract withOUT authorization in the upstart.

I don’t like being twitched around by anyone and my understanding, low and behold, was that even “T” was a member of the Board of Trustees if and when that entity could be established. That entity has not been established and I rather resent being treated as IF we are some kind of nut-cases. We didn’t even request, let alone DEMAND, unlimited access nor total anything—we asked for an extension so we could begin to POSSIBLY get the damned things somehow validated. (Emphasis DJE. Please note again what this said and please note again that this was on June 9, 1997.)

For Mr. Morgan to suggest we have done nothing is absurd and insulting. There is discourse with ones here DAILY and sometimes many times daily with VK Durham and it is without ability to reconcile what I find written here and what is actually taking place unless, of

course, he, or we are NOT getting the whole story. Privacy is one thing but to jeopardize our own security through deliberate schemes and misrepresentations is beyond our interest, our intentions or our wishes, and any concept of bending laws is absolutely unacceptable. We know people have been killed and imprisoned and otherwise debilitated—but SO HAVE WE PERSONALLY BEEN UNDER THAT SAME NET OF “TAKE OUT”. I doubt very much if Mr. Morgan has been in such a position, and I am caused to wonder just what it is he is doing to arrange funding, or to assist, financially, Vina.

I think that the outcome of such operators as Ronn Jackson and Robert (Knecht) prove the total frustration with these contracts and my guess is that Robert will never do more than somehow try to please VK while producing NOTHING.

Time IS of the essence. WE HAVE MOVED IN AND BIRTHED CORPORATIONS WHICH ARE “THE” ANSWER TO SOMEHOW GETTING ENOUGH FOCUS ON THE CONTRACT ITSELF TO BEGIN TO DIG OUT OF THE HOLE OF CORRUPTION AND DISBELIEF OR TO MAKE LIFE PRETTY DAMNED MISERABLE FOR SUCH AS GEORGE BUSH—WHO MAY VERY WELL BE TRYING TO SILENTLY ASSIST IN COVERING HIS OWN ASS BY NOT WIPING OUT OURS.

I am amazed at the extent of misperceptions as to where and how we survive—for apparently nobody even thinks about our financial or physical conditions and they are nastily BAD. We have tried to assist VK every way we have been able and our inability to do more has only been limited by our not having more with which to help—but we find nobody else easing her condition more than just a bit here and there.

We did not ask for MORE contracts for Hellenic. We asked for some contracts to be properly processed for Global Alliance Investment Association. This is a corporation for humanitarian purposes to work with other “associations” such as the OAU, OPEC and such, and perhaps gain the ability to get portions of the contracts into a flow-line into some countries otherwise totally INACCESSIBLE IN ANY WAY IN THE FREE WORLD. VK told me personally that her intent is to fund humanitarian “things” and especially was interested in helping Iran, the suffering children, especially, of Iraq and certainly in the water-flooded areas of the U.S. and thus and so.

Let us be clear with Vina and all of the “Trustees”. Those things are not our thrust, or our mission. Our mission is to establish a stand-alone “model city” to allow survival through the so-called end-times of a “remnant” of civilized mankind. Our rough estimate of what that would cost here was \$2.5 Billion. When we first were considering getting involved in the attempt to fund the Contract, I remember E.J. telling you that was all we needed and, if I’m not mistaken, that has something to do with the size of the contracts. **(That would refer to the working arrangement WITH VKD. We were not yet in any consideration of Russell’s assignment, for we were asked to assist VK BY Russell Herman—FIRST.)** Also, if I’m not mistaken, Rick came to see you (VK), John and Jack, to get one contract; it must have been your idea to increase it to five.

We aren’t going out to give away or “pass out” anything but if you have unlimited funds too high to count on a computer, then it is quite disconcerting to me personally that there is reluctance to place some paper into some spots where verification MIGHT BE ACHIEVED. If we can’t get to the places where Bush actually utilized the contract, then there is no point in playing this game further because if people don’t remember this—the world turns according to the New World Order and the Rothschilds’ banks.

I have no doubt that someday we can get quite a bit accomplished but not if we have to beg, plead and process over and over again a reluctance to, at the least,

cooperate. We are not going to rip off anybody and the very least would be VK, nor do we put her into jeopardy. I speak on the phone less than once or twice a month and not about business. We at least recognize that there is no such thing as secrecy from prying ears so we don’t get hung up about it. When necessary we try to keep our information close by not talking about it at all; certainly we know that a fax is much easier to intercept than a telephone call.

If Mr. Morgan doesn’t know WHY you file, refile, and make public record of these things, then he is not well enough informed to have any business impacting our business. From the looks of Carol’s letter, she just rubber-stamped yours to the “Trustees”, (VK & Mr. Morgan)—which was biased and misleading. If you did not understand the intent of Rick’s request, why didn’t you simply inquire of him? At least John and Jean had sense enough to inquire when they couldn’t reconcile your letter with Rick’s and with their knowledge of Rick. And shame, to cover your tracks with a lot of bombast and smoke over “security” and huff & puff over a telephone conversation. The real thing with the telephone conversation was that it revealed your manipulation of your “Trustees”.

We know and so do the people with whom we have to do business that there is NO TRUST—for these things are public record and to “assume” a stance that presents otherwise is unacceptable to me, if to nobody else. Truth is my game and only in TRUTH can we ever accomplish anything worthy of our reality of purpose.

If, as is indicated here, these people are VK’s family or contacts, this is her/your business but I am not going to further jeopardize anyone or anything to play in these personal and silly games. There was a REASON to have enough in quantity of papers and contracts to scatter among our (VK included) corporations, pass them on in increments and get them authorized wherever we can. When we don’t take advantage of what we have we look like idiots. Nobody wants to do business with idiots or emotional dangles. By this I mean that when we get some advice to help us move ahead we don’t get cooperation—we get something like this where the game is suddenly “control”, and “I will be boss” and on and on. So already we are happy not to be numbered amongst the “Trustees”.

Show me the money? No, show me the documents! We have worked with papers so patched together and incomplete that it is no wonder we are immediately put on the defensive. If it is damned easy to get money out of paper why has not, for instance, the Morgans gotten these things funded and perhaps we would all be on easy street instead of picking at Rick Martin. There is one thing that DOES NOT HAPPEN here nor to me—and that is misrepresent or speak ill of RICK MARTIN. We have done incredible things in the past nine years and we don’t need badgering. It was understood that VK would give us what we need to make this work and further that she was the ONLY ONE WHO COULD. We asked our friends for help for VK and indeed such as Jack and Rays responded and still are ever ready to serve in any way they can. I don’t mind observing that they have done a lot more for VK than has her family.

VK is absolutely right in that this is NOT a child’s game but I find it is NOT us who treat it as some skirmish on the ball grounds. We are working with an ex-president of Korea. We are working with OPEC ministers and heads of major corporations overseas. I’ll be dipped, VK, if I am going to sit still to be jerked around by people who obviously do not have a slightest notion about what is taking place—nor somehow, attend the needs you have for just staying alive and sheltered as well as fed and clothed.

Nobody needs to do anything further for us. We can work with what we have and I suppose as far as I am concerned—we will keep silent, pay off as soon or IF we ever get anything accomplished in our own resource avenues—and the rest is up to all of you who

must think we are total idiots wanting a stash for ourselves somehow. I believe, however, that if we take out our loop with Commander—there will be NO ABILITY TO FINALIZE VALIDATING THIS PRODUCT. GOD is my sword and cause, and not playing at Trust games which are not even valid.

I marvel at all the people who present us as being UFO nuts, nitwits, scam artists, and just plain crazy but come to us like the flies to the proverbial honey pot. I SERVE GOD FIRST, THEN FAMILY AND COUNTRY. I DO NOT SERVE THOSE WHO USE ME OR DO NOT TELL TRUTH TO ME. If this is somewhat Pollyannaish, tough, it serves me well.

I don’t know how the hell you reveal anything if we are not to speak of it, write of it—or discuss it. Maybe that is a good measure of its value. Better to have something worthwhile to talk about and do it.

Do I think the “trust” is a good idea? Who knows? But you can count your marbles—the banks, as I write this, are absorbing trusts as if they don’t exist. The entities are changed out into computer holdings (names changed) and you just end up with NOTHING and no way to trace your accounts.

VK assures us that she knows more about this than Commander—FINE and good luck. The government(s) and banks have been breaking trusts since Switzerland capitulated to giving information. There is no such thing as security, probably anywhere—but certainly NOT IN TRUSTS and if you want to GIVE AWAY THE ASSETS—just go right on without finding out how to manage it.

We have been made so many promises of help “next week” and from this one and that one if we’ll just… BS, we are doing the only thing around that will get any of this validated and working.

We are doing everything we can to earn some respect from the courts who are totally corrupt and without any honor. We have worldwide things going and we simply work around the clock seven days a week, year in and year out, sick or well, broke or broken, and if we can’t get assistance with some now-worthless paperwork, forget it, for we didn’t enter into this for great glamour or homage to anyone save GOD.

We are not trying to get anything more than we lay forth—any time. We are no longer impressed by position or ego and we certainly do not have time to play at games of who is boss.

We will take the IAIC and do what seems appropriate and you do what you will and want with the trusts and perhaps we can all live happily ever-after—but I doubt it.

Perhaps VK and myself are far too much alike when it comes to our work but I’ll be dipped if I have to get the bashing, from people I don’t even know, about our lack of production or inattentiveness to business.

Somebodies better get into some “open lines” and clear this up because every week we get closer to big things and I want out right now if we are just going to struggle and haggle over everything we need and ask for.

I have this pile of papers here regarding this matter with Trustees’ letter, etc., and I didn’t need this this morning, for I have big things going from New York to Taiwan to downtown Baghdad. Thank you for your vote of confidence.

Good morning and best regards, Doris
[END QUOTING]

After the meeting, Rick faxed this to VK who was right back with a multi-page document of accusations, demands for the money for the Trust—again—and again a demand for the corporation, Inter-American Investment Corporation. We don’t have the letter from VK to Rick but I responded to it while listing references so that it is quite sufficient to understand both content and attitude.

My response is TO RICK MARTIN because he called a Board of Directors meeting and asked us to each be prepared to discuss this matter. I even suggested Rick might wish to share my input with Ms. Durham, for Rick had to respond and we were given five days in which to answer. Surely enough, it didn’t

even require 5 seconds for my answer! [QUOTING:]

JUN. 17, 1997

MEMORANDUM

TO: MR. MARTIN
FROM: DORIS J. EKKER

You have sent a document from, allegedly, VK Durham. You asked that we as the Board of Directors be prepared to discuss this matter this morning so I will attempt to put my thoughts to paper as I trust and hope each one of us is doing. Yes, you may well wish to share my input with Mrs. Durham.

I believe I stated last week to Mrs. Durham, and to the rest of you, my feelings about this ongoing harangue of some sort at every turn of the trail. I have more work to do than any ordinary human being and now we have to turn to the projects as individual financing or close everything. We have no more funds for anything, nothing left to sell or bargain and I have been threatened with death if I continue my work and, moreover, we have been warned by INTERPOL that we would be arrested anywhere in the world after June (which seems to be our current month) if we try to deal anywhere with anyone with “THAT” thing (contract).

I would like to comment in order to Mrs. Durham’s letter.

I don’t know what is meant by “the first leg” of “the TRUST”. A trust is either done or undone, sort of like being pregnant. The “first leg” must be only, at best, the reserving of a name and we assume that the alleged “trust” is DURHAM INTERNATIONAL LTD; HOLDING TRUST?

She says there has been no “accounting” of the “Original ‘Pledge and Assigns’”? What is she talking about here? We have told her everything there is to tell until she told us to cease and desist speaking of these matters. Did she or did she not assign contracts to Hellenic Express International? I have a very good reason to question this matter as on page 2 of her letter she says: “1) The five ‘Pledge and Assigns’, complete with ‘Q’ numbers will be assigned to your Hellenic Express International, Inc. upon the following:”

What is meant here? Rick, does this mean that the contracts formalized before a notary public were not and are not valid? What have we going here? And “Q” numbers? What in the world is that? We were allowed ONE contract and the other four were for use after the ONE contract was somehow hypothecated properly.

We were given, as I recall, one year to create this MIRACLE of MIRACLES or the contract would lapse. Well, we got a one-year extension on ONE contract so that means that four are worthless now. This is why, if you will recall, Rick, we took some action and secured the documents out of the name of HEII—to stop any use of the originals. But if the documents were not valid with which to begin, then this is a sorry place to find ourselves.

I know that the document from which VK responds was marked PRIVATE-CONFIDENTIAL and was, for goodness sakes, to you, E.J., Charles and myself. And, yes, E.J. told me that he spoke to John Ray although I certainly did not know that he sent a copy of our most inter-staff writing. I am a bit irritated at the least that VK now states “alleged” to be from “HATONN”. VK may well be the only “COLLATERAL BASE” in the world and the only business brain around—but we haven’t done badly for God and I do hope that is not synonymous with VK Durham. I admire and respect VK for her valiant journey to this point and would wish that she might live FOREVER. However, recently you told me that she said she would be dead within the year. We also have to realize that she has also said the contracts are null and void if she dies. What kind of business heads are we that this is accepted like a morning coffee break?

VK has had that certificate for years and years and she has had nothing but negative input regarding same

but we are somehow supposed to have performed this feat in far less than a year? Come on…!

She further says there has been “no response as to date”? This we assume is about returning the five documents? Impossible! My goodness, doesn’t she remember that SHE HAS ONE and required that we send ONE to Robert K.? That is two and only leaves three. We have an extension for only ONE and does that include the one she has and Robert’s or what?

Accounting? We are ordered to not even talk about these matters with her or any of “her” trustees lest we be murdered in our beds after being tortured to death? Please send back a copy of her letter of last Monday. And we will not divulge our business affairs to anyone and most especially to VK Durham. What you tell her, Rick, is of course your business but as an officer and director of our corporations involved here it is without precedence to so do.

Moving to the third paragraph where “One has been or is being cashed in an off shore banking situation.” How did this get spoken about and who let the cat free before there was confirmation of any kind of such a thing? In follow-up it was not one of “ours” but was a contract with some claim to “bonus” status. It seems there are abundant Peruvian Certificates which have been accepted and used for massive funding purposes within trading programs. Bundles of them. This one particular one, however, when investigated further, was NOT one of ours although it could well have been, we are told, part of this Durham contract. The “player” seems to be from Texas and we have nothing that I know of going on in Texas except Robert K.

VK then states: “Then I am told the KOREANS made off with ‘contracts’ and so forth.” Say what? We had someone working day and night to get something funded but they never had any original documents of any kind, so if there are missing documents—they are not missing from this location, “Q” numbers attached or not. She says she was told “ONE WAS MISSING”. One what? We never were to actually fund more than ONE and frankly I was already about as ticked off as could be in a working clock that two were up for using by her and by Robert without allowance for our ONE. Well, those are not ours to concern about, so I have no input as to VK’s business and therefore have none here.

Para. #4: She says no accounting has been made—“nor have I been advised properly of ongoing events as relating and presenting themselves…”? I don’t understand what “accounting” is under discussion. Are we bound by one contract to live our lives through VK when we are told by her that the value of this contract is UNLIMITED? Doesn’t that make us next to NOTHING in a scale of one to ten in importance? If she couldn’t do this thing with being the witness first hand and holding the alleged valuable documents and contracts—how are WE supposed to support everybody, continue with our funding of projects and see to it that we eat, print and be merry. Well, damn it, I am SICK and I am TIRED. We have carried this burden for years and my shoulders are worn off. What have we received so far from this WONDERFUL opportunity? A thorough scrubbing from such as Ronn Jackson, *et al.*, and so much more financial burden as to break my back and bend yours. Doesn’t anyone understand that we can’t play longer with this toy just to get deeper and deeper in debt and destitution while Rome burns to the ground.

E.J. has rekindled some funding resources and the funding for the Studio looks pretty good, Rick. That would free up some funds to keep going a bit further but who knows what will happen and it will take weeks to get that flowing AT BEST. We are BROKE—NOW. Where do people like VK think we magically create our funding? *She speaks of \$5,000 to do the Trust as if we can simply hand it over. It might as well be \$5 million.* [DJE: Emphasis mine. There was no Trust!] We don’t have enough to make any so much as rent checks this month. New Gaia’s product sales have

stagnated, funds are still tied totally up in court and you tell me what WE are going to do and I can then tell you what we can do about VK Durham.

She goes on “Yesterday, an alleged communication from HATONN was directed and communicated to Mr. Ray, one of the TRUSTEES. In this ‘communication’, it is noted, ‘WE NOW JEOPARDIZE THE VERY INSTRUMENTS SHE CLAIMS TO WISH TO PROTECT.’” I thought this was going to be a message to HER from Hatonn until I see that she is tossing stuff back into my face. I don’t see how we can further secure the contracts even until VK gets a trust or whatever she plans to do. Not a cent has been even so much as more than “talked about” and talk is as cheap as sand, or far cheaper, on this globe and especially on this subject. The process, however, has been ANYTHING but “cheap” for us who have now invested thousands more \$\$\$ into this merry-go-around. We don’t have any more, so I suppose that becomes a moot subject.

VK then states a quote: “I don’t have enough brains to do what was originally intended with the TRUST as ‘THEY WILL SIMPLY ABSORB IT.’” Well, I don’t know about “brains” but certainly we have always considered VK to be both bright and shrewd—BUT, what does she think the Deposit Trust Corporation is all about? IT IS TO USURP BANK TRUSTS AND INVESTMENT ACCOUNTS. And yes, we now have it nicely secured through incorporation.

[DJE: Ah, but that “corporation” was not incorporated; we couldn’t finish it with that name affixed—as in “trust”. TRUSTS have entirely different sets of requirements just to have the “word” as being in your title. VKD CANNOT QUALIFY—PERIOD AND END OF THIS PARTICULAR DEBATE.]

“Then, there are some veiled threats against MY TRUSTEES.” Well, what in hell is this about? The communication was to us—and “threats”, veiled or otherwise, is “reaching”. VK told us for pages last week about the DANGERS involved in, especially talking about these matters and ORDERED, YEA DEMANDED, we STOP. WE STOPPED. Should we assume that her latest demands and “offer” were discussed and “voted upon” by her “trustees”?

Jean, John and Jack were, and I would suppose, still are OUR FRIENDS OF LONG STANDING. What they may feel about the circumstances is none of our business—but dangerous is “danger” in interpretations and if she knows more, FINE—BUT, she is the one who described the DANGER in detail. However, back to the writing—there could be no “veiled threats” to “TRUSTEES” if the writing wasn’t even to VK’s trustees OR HER. My objective observation is that VK has betrayed a confidence in utilizing a private-confidential document—even out of context, inclusive at least of two full writings in excerpt only with no ability to “connect dots” properly. Is E.J. at fault? Perhaps! My position, however, is that it was fine to do whatever with the documents but to betray a confidence from her own TRUSTEES is a bit unthinkable in my own private opinion of the matter.

Onward, Rick: “Something is very wrong with this picture as it presents itself. If, in fact, as WE suspicion...” (WHO IS WE?) “ONE HAS BEEN CASHED, then some money should be directed this direction.” (Rick, do you think that Robert cashed a contract? I didn’t think he could do it but that is the ONLY source who has been gotten near enough to claim he COULD get it done! I don’t like the tone of this inference that somehow we owe VK bunches of money when all we have gotten from this association is deeper in debt. If there are contracts “cashed”, boy it surely wasn’t here, for we are dying on the vine while the darts are tossed hither and yon and everyone gives us advice about OUR BUSINESS. If someone cashed one of her documents, would she pay us off? I had thought so but this indicates a whole different side I had never speculated existed.)

She then says: “Seemingly, things are going on which I am not being made aware of, events which I should have

been made aware of, however I was not.” Again, say what? We have our lives and our business ongoing with our work, our writing and our own directions. We entered into what I thought was a business partnership, figuratively if not literally, and have done the best we can to assist and it has not paid off; it has brought us to the doorstep of collapse in the face of the now-shut door.

There is full inference that these contracts we hold are NOTHING OF VALUE and it scares the daylights out of me to realize that we were working with presidents, Sultans, and deadly people—only to have non-valid contracts from the beginning. What does Mrs. Durham mean by “The five ‘Pledge and Assigns”, complete with ‘Q’ numbers **WILL BE** assigned to your HELLENIC EXPRESS INTERNATIONAL, INC. upon the following:” Perhaps George Bush finds this amusing—I DO NOT!

Now let us look at “upon the following”:

(I) The newly incorporated “Inter-American Investment Corporation” **will be fully assigned, free and clear of encumbrances over to DURHAM INTERNATIONAL LTD; “HOLDING TRUST”.**

Is this person INSANE? There is not enough money in this world to do away with what we have worked years to acquire! And further, to state that the contracts with which we have dared and risked our very lives and futures are invalid from onset—is more than that with which I intend to deal in this particular paper of comments and observations. As far as I am concerned, the CHEAPEST price, now, for IAIC and/or DTC is somewhere around \$20 billion each. If her bank has liquid currency assets to cover this price, we should be most happy to discuss the possibility for sale of the corporations, for they are NOW encumbered greatly and I don’t think the Director of same will be too congenial about this perception that somehow they belong to VK Durham because she is alive and breathing. This is OUR COUNTRY TOO! Perhaps Charles will be happy to discuss it with her but I will never, never, never agree until I see the green of their offering. If she can fund a bank and DO BUSINESS, it will be amazing at least, shocking at best.

(ii) At that time, once I can get my hands on the necessary funds; the ‘HOLDING TRUST’ will collateralize the ‘REGISTERED BANK’, and put into full national and International banking mode.”

What does this mean? Especially the part about “once I can get my hands on the necessary funds”? At Bank of America last year the man as much as told you that you would end up in prison for life if you kept playing with these instruments and INTERPOL would get you, etc.! Now we are going to start a BANK with nothing save worthless paper? It is like gold—if you don’t have it, you can talk forever and have nothing. We can’t seem to get the instrument out of the deepest and darkest closet—much the less to base a bank. And VK doing this? She wouldn’t even give us paperwork to begin to validate possible value in the Global company, just for openers.

(iii) At that time, the Bank can commence to do that which is necessary to clean up the damned mess left in its wake in this country.

What Bank? And what is possibly meant by “...the damned mess left in ITs wake”? Is there already a “bank” unknown to us that has ALSO left a mess of VK’s doing in addition to the one we call Banksters? This makes NO SENSE to me at all, any way I look at it, because there is still that undefinable: “At that time...”. What time?

And now:

(iv) I am the only COLLATERAL BASE in the world for such a venture, and ...

Is she talking about herself as in VK Durham, or

about having instruments through the Grace of God, which might be utilized for some modicum of reversal of SOME circumstances? I repeat, we have run into BUNCHES of Peruvian documents which are being utilized for great fundings and they don’t have ANYTHING to do with this instrument usurped supposedly and allegedly by Bush and his Boys of the ‘Hood.

And, if we had had bad intentions, we COULD have sold the Treasury boys our interests in said document for \$250 MILLION and gone our merry way. We have integrity, our word is our bond and we don’t deal in “give ya”, “take ya”. Now we find that the first Pledge and Assigns were not valid and we have to give blood to get them validated in their worthless state of issuance and then, we still have only ONE with which to work while she demanded two for herself and colleagues. She nor Robert are part or parcel of Hellenic Express International and, Mr. Martin, why did YOU send the documents away under such circumstances? Of course I know—because we only had intentions of keeping our promises and fund ONLY ONE. The others were working papers—at VK’s demand.

Now to the big one:

(v) Once this is accomplished, all pieces in place, you will get that which you request for your GAIA Corporation; 10 (ten), 10 (ten) billion dollar Pledge and Assigns.

Wow and WOW! I would rather eat bat-guano than sell my soul for such a “bargain”. She can keep her ten (10) billion dollar Pledge and Assigns and perhaps that will be tastier to the tongue than bat-crap.

CONTINUING ON:

In the meantime, I shall require a modicum of decorum; no name calling or nasty letters in the CONTACT or to the TRUSTEES, OR THREATS MADE AGAINST THE TRUSTEES. This will be done in the utmost, confidential basis, strictly between your Officers, my Officers, and my TRUSTEES now and in the future.

Now the dictator as to what we will and won’t do within our own circle of friends and in our own business? “modicum of decorum...” ??? I refer to her letter vs. my letter of last Sat. and Sun. and we could refer to dozens of likewise insulting and degrading writings to us withOUT even a small “modicum” of decorum—leastwise GOOD DECORUM.

Then lastly:

If we all work together; SOMETHING OF VALUE can come from all of this...’ if we can not work together.. what a loss to all.

So far in our trail of tears we have ONLY HAD LOSS AFTER LOSS IN THIS DEAL. I, further, was NEVER aware until now that what we had WAS DELIBERATELY NON-VALID and that we were NOT WORKING TOGETHER.

Next, however, nobody is going to tell me what I will and will not do as to our own PAPER. And as to “friends” (her TRUSTEES), well, has the God Guru spoken or what?

Yes I did think “SOMETHING OF VALUE” could come from “all of this”. I thought VK would offer a lot to this tired old usurped “free nation” because she seemed to know more about *Constitution* and freedom than anyone I had met. We DO NOT, I repeat, Rick, DO NOT NEED ANOTHER DICTATOR, FOR I FEAR THESE PEOPLE WHO HAVE EGOS OF SUCH MASSIVE SIZE AS TO PROCLAIM TO BE “THE ONLY ONE WHO...”. She can do whatever she chooses and we will go back in search of funding, project by project, for I believe that is the way to accomplish our mission. My MISSION is NOT for VK

Durham’s empire—but for God and Country.

I find it, furthermore, very interesting that VK has NEVER given us a place to put her share of “our” contract, now invalid until the Queen sweeps her pen across a paper if we do all her bidding and demands. We just sit wide open with some 2-1/2 BILLION \$\$\$ made out personally to VK Durham—in a world of authorities just waiting to toss us in the pokey? Thank you BUT NO THANK YOU.

As a Director and Officer I suggest we not “work together” in this now proclaimed adventure. We can continue if we dare to see what anyone now tinkering with the document will offer—if ever. But since our work was to fund ONE contract, we cannot run the risk of prison for having utilized fully non-valid subcontracts as not even holding valid “Pledge and Assign” value. This is absurd demanding and perhaps we escaped with the only thing left, our integrity and the hair on our heads, because I feel my “shirt” going as I write.

I do not suggest that VK cannot do this on her own but she has NOT done anything so far and now is setting up things which are totally out of the game for my participation. Give up our corporations to her “with no encumbrances”? No!

I wish her well in all aspects of her work and intentions but I will continue on my path with God and allow her ALL THE GLORY of accomplishment, for she obviously believes she controls everything and can do it all—quite alone.

“OUR ‘GAIA’ CORPORATION?” That Global Alliance Investment Association is for the sole purpose of allowing such as VK Durham to do interchange BUSINESS within the international community through “unions”, “associations”, “organizations”, *et al.* It is the ONLY way she can do “HER HUMANITARIAN WORK WHICH SHE SAID TO ME WAS ALL THAT INTERESTED HER WITH THIS PRODUCT OR HER LIFE!” I believed her! I think I still believe her statement but I do not find it reflected in her attitude in this letter to you, Mr. Martin.

Now, if you don’t mind, please accept this writing as my input for I have work to do this morning and it does NOT include or involve VK Durham or intriguing contracts which turn out to have been somehow invalid from the beginning. And then to outright bargain or blackmail us is unacceptable—regardless of her “trustees”. I work for GOD and no other and I will not give away that commitment for any amount of gold certificates. OUR WORK IS OUR BOND AND EVIDENTLY WITH OTHERS IT GOES WITH CONDITIONS AND “IFS” WHICH ARE NOT PRESENTED UP FRONT. My goodness, I thought we were working with VK, not for her! I never have worked FOR HER or anyone else on two legs at my commitment soul level of labor.

She has had some very bad times and for that I am sorry—but once again—WHO HASN’T? I would therefore correct her statement of “...the only COLLATERAL BASE in the world...” to PERHAPS, “the only ‘REAL’(???)...” I can’t even say THAT with knowledge, for if those Pledge and Assigns were no good and have to be now bargained and demanded over—then I doubt she is the only ONE. Seems like anyone and everyone can utilize the “method” except for her.

I will be most happy to discuss this further as time permits but we have some other funding possibilities and I think we should pursue them with every breath of energy we can muster and let this thing do whatever it will do.

Thank you for inquiring so that I could write these observations prior to our Board meeting.

The last is somewhat more irritating than the others to this point:

You have FIVE (5) DAYS to respond if all terms and conditions are favorable to you and your Corporation Officers.

My question might well be “how are we to respond

without writing, phoning, faxing or talking”(?) and “all terms” are easily answered; I am not “favorable” to this myriad demand letter of “bargain with the devil”-type of conditions and sanctions. Why would we give up the cards we hold in our own businesses to even consider such egotistical demands? This is not a game of “communal spiritual” capitulation of one master over that of another—I WORK FOR GOD! And, if I leave questions as to “my real opinion”, I can certainly express myself more bluntly, as does VK Durham, at request. I usually wait to be invited to give my innermost opinions.

Doris Ekker
Officer and Director
Hellenic Express International, Inc.
[END OF QUOTING]

Rick did in fact respond with “NO DEAL” immediately. It is not very long so we will copy it. The letter was on Hellenic Express International, Inc. letterhead. HEII was the corporation we were using WITH VK and her ventures. The letter is dated June 17, 1997 and although we had incorporated GAIA we were still making every effort to simply move along with VK—as Herman had requested.

It should be noted that Rick addresses his response as an officer of HEII to VK in Okawville, Illinois. WE KNEW THERE COULD BE NO HOLDING TRUST but she had started using that on all of her correspondence and as letterhead although changing the name almost every time she used it.

So, Rick’s letter is as follows:

June 17, 1997
Durham International Ltd, Holding Trust
P.O. Box 477
Okawville, Illinois 62271

Dear VK Durham,

I am in receipt of your second letter making demands upon Hellenic Express International. In the course of our association, I have always spoken candidly and clearly with you. It is my intention to respond to your last two communications with frankness.

Let us begin our discussion by talking about the first demand you placed on Hellenic by returning the Pledge and Assign Contracts. From the moment you placed your signature upon the Pledge and Assigns, they became the property/possession of Hellenic Express International, Inc. (A CORPORATION). Such Pledge and Assign, as designated in same, is PERMANENT. You cannot lawfully make such a demand upon Hellenic and Hellenic has no intention of responding to such an inappropriate and ill-thought-out notion.

You talk about a missing contract. Hellenic, at this time, places a demand upon you, VK Durham, to return to Hellenic its rightful property, i.e., the fifth blue ink original Pledge and Assign which was withheld by you AFTER SIGNING THE DOCUMENT. Further, since we have received no word nor indication from Robert Knecht that he is, in fact, acting in good faith on behalf of Hellenic Express, we must therefore demand from Robert that he immediately return his Pledge and Assign contract to the offices of Hellenic Express.

You talk about numbering the contracts which were not numbered in their original form. VK, Hellenic Express International, Inc. is an ethical, legal, lawful company and we are not in the habit of ALTERING LEGAL CONTRACTS AFTER THE FACT, which is what you would have us do. NO THANK YOU!

Other than these two contracts just mentioned, there are no “missing contracts”. The facts are, VK, while Hellenic has no intention of turning over its lawful property to you, the contract has become an albatross around our neck and we are turning our funding efforts back where we were before we met

you—namely, to proposals. Perhaps by seeking smaller funding amounts on a project-by-project basis, we will be able to continue with our work, unimpeded by your recently careless and demanding self. But for you to tell us that you believe we have funded a contract when we are breaking our backs in an effort to create constructive change in this old world, is to tilt your hand by saying that not only don’t you trust us, but you believe us to be withholding from you. I, personally, am deeply hurt by such a thoughtless and cruel accusation, particularly in light of all the financial help you have received in recent months directly from us! **[D: Indeed, over \$3,000 plus phone payments every month.]**

I cannot speak for the Inter-American Investment Corporation.

You say that you recognize Hatonn and the “Hosts of God”, and yet your actions belie your own words. To presume to know more than the heavenly hosts is pure folly. Actually it is ego tripping over itself. And please remember, I said I would be frank with you.

You DEMAND “full disclosure”—Hellenic Express International, Inc. is not required, legally or otherwise, to inform you of ANYTHING, unless and until funding is secured from the contracts.

David Miller has spoken to me, personally, on the phone, about how the government has broken trusts and how they plan to take over, financially, TRUSTS. To presume that you know those very loopholes and how to avoid having the entire instrument taken from you is too high a bet to place on your knowledge. Have you ever considered that maybe, just maybe, you don’t know what you’re doing?

I am reminded of a child who has run of the school yard and becomes a bully, not allowing any of the other children to play in the yard. Power corrupts, absolute power corrupts absolutely, and you VK, with that damned contract, have become Napoleon. I truly do not believe that Russell would approve of these desperate and manipulative tactics you have recently employed.

In terms of the other 10 contracts for GAIA, keep them. We do not wish to have further demands placed upon us at some later date by you simply for working toward creating a better world. The cost of working with you is simply too high.

Here’s hoping you will go quietly within and get your priorities straight, because as it is you are working toward destruction, not rebirth of a nation. We, VINA, KNOW WHAT WE ARE ABOUT AND THE BUSINESS WE ARE ACCOMPLISHING.

Sincerely,
Rick Martin
Executive Vice-President for
Hellenic Express International, Inc.

That simply turned up her wick even higher—but we certainly knew “why”. You readers, hopefully, will find the dates and proposals by VK interesting. Especially when you hold in mind that Russell Herman assigned “his portion” of the Bonus Contract into our care on August 5, 1993.

In the ensuing year (1994), right up to and following Russell’s death, VK continued to tamper, rewrite and file fraudulent documents with the County Recorder in Washington County, Illinois. She claims to have documents also filed in Gallatin County, Illinois (Testaments and Wills), and now claims that items filed were somehow “removed”; of course she blames Doris J. Ekker, *et al.*

She further claims that Ekker, *et al.*, stole documents out of the Recorder’s records in Washington County, Illinois and Ida County, Iowa. She accused Ekkers, *et al.*, of stealing records from her personal dwelling and that what we now present in Declarations and Affidavits

are “fraudulent and total lies”.

VKD has broadcast to persons, banks and GOVERNMENTS around the globe, LITERALLY, and continues to state it in writing over and over again on International Internet and in printed form to anyone who will listen or read, that Ekkers are “bad”. In the Internet posting of January 6, 2003 (headlined NOW THE EKKERS MUST WORRY ABOUT AL QAEDA “LINK”), VK says:

We have previously posted the “parties noticed” by the HOLDING TRUST, such as the President of the United States (George W. Bush), the Secretary of the Treasury, Paul O’Neil, the U.S. Secret Service, the U.S. Bureau of Public Debt, the U.S. Department of the Treasury, the Federal Reserve Chairman, Sir Alan Greenspan [aka Big Al or ‘the Weasel’], Sir Colin Powell, Secretary of the U.S. Department of State; the Director of the Federal Bureau of Investigation, the Bureau of Alcohol, Tobacco and Firearms; the U.S. House Oversight Committee Chairman, Rep. Dan Burton; U.S. Senate Banking Committee Chairman, Senator Charles E. Grassley of Iowa:

U.S. Congressman Ron Paul, various U.S. Security Exchange Commissioners, Regulators and Attorneys, The Comptroller of the U.S. Currency, the representatives of the ISLAMIC BANKS, their Attorneys, and INTERPOL, concerning the Ekkers of GAIA and the Al Qaeda network of fundamentalist groups.

In addition, Ekkers have observed faxes and/or e-mail purportedly addressed to Brunei, Saudi Arabia, U.S. Secret Service, Bangko Sentral ng Pilipinas (Central Bank of the Philippines), IMF and World Bank, plus a blanket “mailing” to the “57 Nations which met in Monterrey, Mexico recently”.

COSMOS SEAFOOD ENERGY MARKETING LTD.

For our Affidavit of January 19, 2002 we gathered several quotes from VK Durham wherein she stated that she did not see Russell Herman from 1969 till 1986. We also gathered several of her stories as to how SHE came to possess 3392. We will copy those short portions here so that the reader can see the pertinent parts without having to refer to page 12 of the older Affidavit. The “he” being referred to is Russell Herman.

He had a little time..he had called me to have dinner with him...We had dinner at Petes Steak House in Evansville, Indiana. We stayed there untill Pete’s closed at 2:am.. He had his own Air Plane..out at Dress Regional.I drove him out to Dress Regional..watched him taxi out..and off into the wild black younder..and then I did not see him again until 1986....” A page later, “Finally when we did meet again in 1986...neither of us were the same...”. [On page 5:] “When I first saw Russ in 1986, he was so thin..” If we accept her writing on the subject, we have to agree that she did not see Russell in the 17 years from 1969 until briefly in 1986 and then constantly from 1987 until his death in 1994.

After the next quote we will begin to make the connections that completely discredit VK Durham.

With the background of a 17-year hiatus in their acquaintanceship, we can return to the “How I came by the Certificate” stories, one of which is on page 6 of this narration being quoted. She says: “Just think about this...the Certificate (BONUS) was drafted on May 1, 1875... I bought the Bible in May of 1975.....the Bible was printed in 1874...(?)” In the interview quoted above she says: “SHE FOUND IT IN AN OLD BIBLE SHE PURCHASED IN 1977...”. In an e-mail dated January 7, 2002 she says: “The BOND at issue belonged to MY FAMILY, not MR. HERMAN’S.” In an e-mail dated January 5, 2002 she says: “This BOND has been in THE DURHAM TRUST since 1980.” In another e-mail of the same date she says: “Gentlemen; Earlier publications as put out by THE PHOENIX (a former CONTACT: The Phoenix Project newspaper name): 1994-95-96 editions ran volluminious (sic) articles regarding “VK Durham finding the BONUS CONTRACT BOND 3392-181 in her “Family Bible” dated 1874.” The instruments were given to Lady Sarah by her father (my great grandfather) who won the darned thing IN A POKER GAME. Check out the “back issues”..your needs to know WHO OWNED THE DARNED THING is CONFIRMED in Public Print. The Ekkers are fully aware of the HOLY BIBLE issues. The issues can be affirmed by prior-previous publications. They are and were also aware of THE DURHAM TRUST assigning a “portion” over to COSMOS SEAFOOD ENERGY MARKETING LTD (whereas on June 12, 1991 CSEML offered a 50-50 split with the U.S. Treasury); COSMOS SEAFOOD ENERGY MARKETING LTD is HELD IN THE DURHAM (INTL. LTD;) HOLDING TRUST (TIAS 12087) Recorded of Public Record.”

On January 5, 2003 a Brian Fischer sent an e-mail to VK asking some questions, the second of which was: “When did the trust come into creation?” VK’s answer is:

- a. The Original Durham International Ltd; Trust came into creation 1982, and
- b. The Original Durham International Ltd; Trust paid THE NEVADA SECRETARY OF STATE, CORPORATIONS REGISTRATION OFFICES, from WELLS FARGO BANK ACCOUNT, HEMET, CALIFORNIA; for COSMOS SEAFOOD ENERGY MARKETING LTD; Nevada Id# 1707-85, FROM 1985 through 1989,

- c. The Nevada Resident Corporations Agent was “Shelly Brazier” at Pacific Stock Transfer. I flew over, met with Shelly and PAID THE TAB, not Russell Herman, or Cecelia Xzalis.

February 20, 2002, just a bit late to be available for the January 19, 2002 Affidavit, we received the complete CSEML file from the Nevada Secretary of State. The official record has proven to be both revealing and confirming of everything Ekkers have said or written on the subject. For instance: CSEML was incorporated March 13, 1985 by Russell Herman and Cecelia Xalis. Was VK with Russell setting up CSEML in 1985? No, from her own writings she did not see Russell until 1986. The earliest date the official record shows her as being connected to CSEML is when the fees were caught up (\$310.00) February 12, 1990 for the years 1986 (April) through March 1991. Was that a Durham International Ltd; check? The correspondence quoted earlier shows that VK came up with the idea of Durham International Ltd; in late May of 1997.

In one of the quotes above VK says, “This BOND has been in THE DURHAM TRUST since 1980.” To Mr. Fischer she says, “The Original Durham International Ltd; Trust came into creation 1982.” Should we overlook her “slip”? No—as Rick Martin used to say, “She is a congenital, irrepressible, consummate, incorrigible, pathological (I wish I could remember the rest) liar.”

Above, VK has written to Mr. Fischer: “I flew over, met with Shelly and PAID THE TAB, not Russell Herman, or Cecelia Xzalis.” In her Affidavit For Reinstatement Of Revoked Corporate Charter, dated February 7, 1990, VK says she paid Pacific Stock Transfer \$1,245.00 by check on October 12, 1988 but that PST didn’t pay the State. She must still have a copy of the resignation (as resident agent) letter signed by Shelly Brazier of PST July 23, 1993, from which she now uses the name. If her accusation to the State that PST did not remit funds to the State that she paid PST had been true, PST would have been involved in the reinstatement. So she lied again, even to the State. No wonder PST resigned.

On September 4, 1996 we paid \$450.00 to again reinstate the corporation and we have maintained it since then. Anyone that can use a computer to access the Internet can go to <http://sos.state.nv.us/corpsrch.asp> [Ed: this URL has changed since this affidavit was declared], type in Cosmos Seafood, Submit, and you will get the name, click on the View Selection and you will see the official State of Nevada record of the status of the corporation. You will find that E.J. and Doris J. Ekker and Ron Kirzinger are the officers and that the corporation is current. Ms. Durham seems to think that if she tells the lie that she “retired it in 1997 and put it in her ‘holding trust’” enough times that someone might believe it.

CONCLUSION

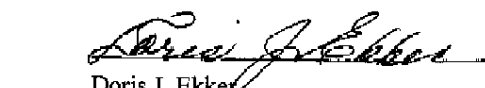

When a Witness is “on the stand” and being questioned by the attorneys, and occasionally by the Judge, if the testimony of the witness is proven contradictory and unreliable, the witness is discredited and the testimony is disregarded. VK Durham has achieved exactly that stature. She has lied about how she came to “own” 3392-181, about her involvement with CSEML, about having a Trust and when it was “formed”, and about being married to Russell Herman. She has tried to change the contract/jurat to a “commodity contract”, which of course cannot be done.

Having exhausted all of those avenues, she has turned to personal attack and invective in an obvious attempt to get somebody mad at us—the Israelis, the Al Qaeda, the Abu Sayyaf, Moro Islamic Liberation Front, the Muslims worldwide, the Islamic Banks, the British, the U.S.A. and all of the “minions” of Father and Son Bush.

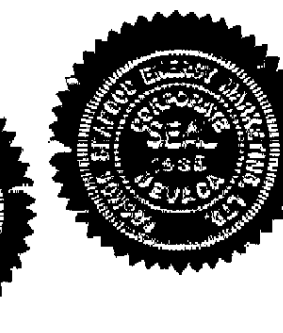

We swear under penalty of perjury that the foregoing is true to the best of our personal knowledge and recollection and, if called and sworn as a witness, could and would competently testify thereto. Signed in Manila, Philippines, this 20th day of January 2003.

VK Durham Undermines Tom Flocco’s Credibility

We are carrying the following article as a classic illustration of the manner in which VK Durham’s BS (Brown Story?) oozes out over the Internet, delaying implementation of the ‘Real Deal’ which is the Global Alliance Investment Association program.

Internet journalist Tom Flocco has accepted VK Durham’s tales at face value, which we have learned is almost always a mistake. We invite Mr. Flocco to read just the last four issues of this publication to obtain a much truer picture, one which his readers would no doubt come to appreciate.

[QUOTING:]

WHO WILL GUARD THE GUARDS?
Financial terrorism towers over 9.11 (Part II)
By Tom Flocco, <tomflocco.com>, 7/25/05

Sioux City, Iowa—According to leaked documents from an intelligence file obtained through a military source in the Office of Naval Intelligence (ONI), on or about September 12, 1991 non-performing and unauthorized gold-backed debt instruments were used to purchase ten-year “Brady” bonds. *[The source of this ‘leaked’ information is none other than the notorious bull shipper, VK Durham. Is it real? With VKD as the source, we doubt it is ‘the whole truth and nothing but the truth’. But this poison bait appears to have been swallowed hook, line and sinker by Mr. Flocco.]* The bonds in turn were illegally employed as collateral to borrow \$240 billion—120 in Japanese Yen and 120 in Deutsch Marks—exchanged for U.S. currency under false pretenses; or counterfeit and unlawful conversion of collateral against which an unlimited amount of money could be created in derivatives and debt instruments.

... The illegal transactions are also linked to the murder of a U.S. Army colonel charged with overseeing approximately 175 secret CIA bank accounts, according to the officer’s wife *[sic: VK was demonstrably NOT Russell Herman’s wife]*, Mrs. V. K. Durham. During multiple interviews, Durham told TomFlocco.com that Bush 41 and Clinton administration officials visited her husband Colonel Russell Hermann *[sic]* several times in the months prior to and three days before his torture and murder on August 29, 1994.

Durham told us the \$240 billion in stolen currency was obtained resulting from George H. W. Bush’s presidential abuse of power, when he authorized former Treasury Secretary Nicholas Brady and former Secretary of State James Baker III to make fraudulent use of the Durham Family Trust *[Is this the same as the Durham International Trust, or the Durham International Holding Trust, none of which have ever been registered anywhere?]* collateral without her permission. There is evidence that Colonel Hermann’s *[sic]* and V. K. Durham’s signatures were forged on a Goldman-Sachs bank account certification requesting the conversions to U.S. currency.

The money was never repaid since the ten-year Brady bonds—purchased before September 13, 1991 using the fraudulent collateral and gold bullion as security came due on September 12, 2001—the day after the 9.11 attacks, having allegedly been underwritten and held by the trustee, Cantor-Fitzgerald bond brokerage firm (whose offices on floors 101-105 in the North Tower of the World Trade Center (WTC) were destroyed on 9.11 along with the Brady bond evidence).

Three days before his suspicious death, Colonel Hermann *[sic]* told his wife that former President George H. W. Bush, Federal Reserve Chairman Alan Greenspan and U.S. Marine Colonel Oliver North (pardoned by Bush Sr. two years earlier for his Iran contra indictments when Bush Sr. was also facing indictments for his role in Iran contra) all passed V. K. Durham coming up in an adjacent elevator after all three had left Hermann’s *[sic]* room and gone down in another elevator at the Veterans Administration Health Care Center in Marion, Illinois. Hermann *[sic]* had been probing Bush 41 and Clinton links to narcotics money laundering, according to his wife *[sic]*.

Durham told us that Colonel Hermann *[sic]* told her “Bush, Greenspan and North were trying to get me to sign off on the CI Ltd., the Central Intelligence, Ltd. Iran and Latin American contra accounts. They held about \$13-17 billion in physical gold.” This, raising questions about an evidence trail for a grand jury to seek restoration of funds potentially stolen by high government officials from United States taxpayers.

[We remind our readers that this ‘CI Ltd.’ story seems to have arisen from VK’s fertile imagination after she decided her best approach was to say Bonus 3392-181 was a Durham family asset unrelated to Russell Herman. Where is the rest of the Durham family in all of this? Initially, her story was that Russell was tortured to death for failing to sign off and hand over the value pertaining to 3392-181—which is almost immeasurably more than the above-referenced ‘\$13-17 billion’. The original version seems immeasurably more plausible, for if the asset was VK’s to control, why was Russell tortured while she was not bothered?]

Cheney, Rice & Bush aware crates of cash moved from Philippines

[The following story might be interesting and could even contain some truth—but it has no relationship to Bonus 3392-181 as far as we know.]

Part of an explosive November 1, 2001 U.S. Military / Intelligence Operations memo from former Somalian Ambassador to Switzerland Leo Wanta which is addressed to Vice President Richard Cheney reveals evidence that Cheney, President Bush, Secretary of State Condoleezza *[sic]* Rice and other National Security Agency officials knew about the movement of boxes containing large amounts of U.S. currency out of the Philippines just seven weeks after the September 11 attacks. The document was passed from Mr. Cheney to Dr. Rice—who in turn passed it on to George W. Bush, according to knowledgeable sources familiar with the memo:

...was approached and my help was requested in moving large sums of cash into (Foundations) Legal Groups [TF: law firms laundering money—see below] to be formed for “charitable” work here in the Philippines. The approx. amount is 300T Php of which 30% is offered as a “gift” to the USA.... [A] German in the family has financed a large group who were recovering ten boxes [TF: crates of counterfeit cash, drug money, bearer bonds?] which were taken to US, Germany & Moldovia [Moldova/Rumania].... The group includes ... Robert Wachtel, Brad U. Lee, Allan Nichols [TF: Three FBI Division 5 counter-intelligence agents, providing evidence of presidential abuse of power using federal agents for illegal covert financial terrorism operations,

according to whistleblower Stewart Webb who provided us with the document].... The “family” want their boxes!! [TF: cash payoffs] ...Things are getting out of hand! [TF: payees mad and impatient?] MIL [TF: Marvelous Investments, Ltd., Andover, MA according to intelligence sources] needs cash with which to purchase & remove these items [TF: boxes of cash]... too much is in the wrong hands! If we are to be successful here, I have outlined how to do it. One other thing we must have is transportation “permits”. [TF: official cover and protection inside & outside the country] ... much is moving that no one can see.

The existence of fake “savings certificate funds”, reportedly being peddled by an international crime syndicate (“family”?)—of which the Wanta-Chaney memo evidence indicates the possible involvement of the Vice President with the knowledge of both Dr. Rice and the President—was also confirmed in the spring after 9.11 by the Bangko Sentral ng Pilipinas (Central Bank of the Philippines) in BusinessWorld.com (May 30, 2001).

U. S. Intel Op: FBI Agent met with individual in Osama bin Laden video

On December 14, 2001, a private and confidential letter from Leo Wanta to Vice President Richard Cheney just obtained by TomFlocco.com confirms the November 1 memo describing the movement of boxes of U.S. currency out of the Philippines, ostensibly to be used for cash payments for an as yet unidentified operation; however, a far more important piece of evidence in the letter indicates that U.S. Intelligence Operations thinks that one of the persons in the contemporaneous White House release of an Osama bin Laden (OBL) “terror” video met with an unidentified FBI Special Agent-in-Charge while in Manila after the 9.11 attacks:

1. Approximately two months ago [TF: October 14, 2001—30 days after 9.11], REDACTED was in Manila Philippines staying at the Midtown Hotel Metro Manila ... she was in the company of Dr. Navarro...other persons present at the same time were REDACTED, rep of the “Company” and SAC [TF: FBI Special Agent in Charge] REDACTED.
2. Intel op advises that during these meetings a person identified as Datu ben Abu [TF: identified as a KGB agent according to knowledgeable sources] was introduced and close contact was made with this person. This person was in a wheel chair. In observing the video recently released of OBL, intel op is of the opinion that the man against the wall with the blanket over his legs, full face beard, large hands, wide nose and dark set eyes is the same person identified as Datu ben Abu.
3. Intel op further advises that a lady was present with SAC [TF: FBI Special Agent-in-Charge] REDACTED and it is believed that the lady is Myma Kleine. It is believed that this female is the same individual using various alias names that is a fugitive and wanted by authorities in Israel, USA, Germany and other areas of Europe.
4. Intel op also advises that Datu ben Abu held further meetings (during the same time period) [TF: 30 days after 9.11] with a Russian group staying at the Pan Pacific Hotel Metro Manila Philippines.
6. *[Please note; Point 5. is missing in the original Flocco writing.]* Intel op is also of the opinion that there is relevance to the meetings in the Philippines and the movement of certain “u boxes” (see previous communications) and the apparent same associate [TF: Datu ben Abu] appearing in the subject video release.

The letter’s chain of authority from Cheney to Rice to Bush confirms for a second time that the White House was aware that boxes of U.S. cash were moved from the Philippines; but also that an unnamed FBI

Special Agent-in-Charge in the Philippines met more than once with an individual who U.S. Intelligence Operations advises was one of the persons with Osama bin Laden in the White House-released television video shown world-wide.

The Wanta-Cheney letter raises serious evidence questions for a grand jury as to why an FBI agent, ostensibly representing the U.S. government, was meeting (just 30 days after the 9.11 attacks) with an Osama bin Laden associate important enough to be shown with the “terrorist” leader in a White House-produced video. But a grand jury could also ask why crates of cash were being moved to the U.S., Germany and Moldova (Rumania).

V. K. Durham confirmed some of the contents of the November 1, 2001 memo (which she had not previously seen) when she told us in a separate interview, “Keith Johnson from Wachovia Bank is the Queen of England’s signatory there. ‘KJ’ said that President Clinton told him to go to the Philippines to move out crates of U.S. dollars. He told me himself that tons of crates of U.S. cash were warehoused in the Philippines,” she said, adding additional evidence that Manila is a Black Operations depository for payoff money used for White House crime family shadow government activities.

The intelligence file documents linked throughout this piece are significant because the evidence not only provides proof of suspicious and clandestine shipments of U.S. currency between foreign countries, but also that counterfeit debt instruments involving fraud in the U. S. banking system were due the day after the 9.11 attacks. Did the White House, Congress and the 9.11 Commission obstruct justice regarding this evidence?

Moreover, Durham alleges from conversations before her husband’s *[sic]* murder, that any 10-year Brady bond payoff for notes due on 9-12-2001 would have led to additional evidence of trillions in stolen funds from the U.S. Treasury and the identity of the perpetrators—providing an important reason to take out Cantor-Fitzgerald offices in the North Tower and a Pentagon ONI file section on September 11. Besides the intelligence file leaked to Durham, other documents were obtained by TomFlocco.com from whistleblower Stewart Webb’s intelligence sources.

Durham’s documents were delivered to the door of her home in February, 2000 by a uniformed Naval intelligence officer who told her, “the officer who asked me to bring these documents to you said you will know what to do with them,” whereupon he quickly turned and left before she could see his uniform ID name tag.

The same documents from the leaked file were separately compared and authenticated by another unnamed (for personal safety reasons) intelligence officer who provided identical copies to Independent Presidential Candidate Karl Schwarz, who said that agent did not know the identity of the original Naval intelligence officer who passed the intelligence file through V. K. Durham to TomFlocco.com.

No statute of limitations on obstruction, murder and financial terrorism

Durham, who said her husband told her in front of another witness that on Friday, August 26, 1994 George Bush Sr., Greenspan and North had “attempted to force Russell to sign off on CIA contra accounts [TF: Iran & Latin America] and other instruments not under his control”, indicated she would testify under oath to this and other evidence linked to George H. W. Bush’s unauthorized use of her collateral if subpoenaed by a grand jury or by Congress.

Durham called Dave Ehler, a staff-member to her congressman, Iowa Representative Steve King (R-5-IA), to tell him that Bush, Greenspan and North were in her husband’s hospital room three days before his murder and to introduce him to three separate witnesses who identified the three and described the encounters to Ehler—one who saw North in Hermann’s *[sic]* hospital room on a separate occasion, one who witnessed (along

with Durham) Colonel Hermann’s *[sic]* statement regarding the Bush Sr-Greenspan-North visit to his hospital room, and one who saw the actual murder contract on Colonel Hermann’s *[sic]* life and told Ehler he is in possession of the transcript. Durham said the conversations with Ehler were tape recorded and moved to multiple secure locations to protect the evidence.

Durham, 69 and living in Iowa, has also contacted her senator, Banking Committee Chairman Charles Grassley (R-IA) and along with her congressman, Representative Steve King (R-5-IA), provided both with all the evidence in this report and much more; however, Durham said both legislators were told “not to investigate” by officials at the very highest levels of government. Dave Ehler, the aide from Congressman King’s Storm Lake, Iowa office (tape-recorded by Durham) told her that “orders had come down from the top: ‘do not investigate.’”

Another Grassley aide, Bill Anderson, helped in the Iowa Senator’s obstruction of the investigation regarding why Hermann’s *[sic]* wife *[sic]* was not given her husband’s *[sic]* benefits and social security *[because they were never husband and wife]*, after also being told “not to investigate”, according to V. K. Durham, who told us, “Russell did more than two 20-year hitchhikes in all five branches of the military. It would have meant a lot to me; but Clinton’s people destroyed his files and Senator Grassley and his aides obstructed the investigation.”

Grassley, King and their congressional aides have seen substantial and credible evidence of obstruction of justice regarding mass murder on 9.11; however, both have failed to publicly pressure New York State Attorney General Eliot Spitzer and Manhattan District Attorney Robert Morgenthau to commence a 9.11 criminal probe despite obvious jurisdiction, venue and receipt of the identical evidence made available to Grassley and King by Durham.

If the United States Code is still being enforced, this evidence will subject all four public officials to charges of obstruction of justice and misprison *[sic: misprision]* of treason (failure of a public official to give notice of a felony or treason by refusing to act on information and evidence: 18 U.S.C. 4 via the Federal Crime Reporting Act).

There is evidence that Greenspan and Brady knew about the illegal transactions since the leaked intelligence file included Federal Express airbill tracking receipts (Greenspan—#0916621952 and Brady—#0916621963 dated August 19, 1991—just prior to the September 13, 1991 exchange transaction) and sent to the Federal Reserve Chairman and former Secretary of the Treasury by John D’Acquisto, CEO, Ariel Life Systems, Inc., CEO, DFG, Inc and Trustee *[sic :no such thing in the corporate structure of CSEML]*, Cosmos Seafood Energy Corp. *[sic: COSMOS SEAFOOD ENERGY MARKETING, LTD.?*] (FedEx Acct. #1429-4274-7), whose name was on the currency transfer agreement with an Israeli corporation, Trans Tech International—represented by Jonathan Tiede.

Durham told us that a Central Intelligence agent said Cantor-Fitzgerald held the 10-year Brady bonds; and her secure *[but non-existent, as in non-registered]* family trust was the owner of BONUS COMMODITY CONTRACT *[sic]* 3392 AND CERTIFICATE OF DEBT NUMBER 181 OF MAY 1, 1875 (Special Bonus Certificate No. 3392 / 181), originally issued by the government of Peru in 1875 and illegally used by the U.S. government as the collateral to purchase the bonds which secured the currency transfers—all of which came due in the middle of the September 11 attacks.

Durham’s note *[?]* is due and payable in “American gold coin, gold bullion and/or coin of the realm”, having multiplied in value well into the trillions but its fraudulent use as collateral by Bush 41 and Clinton administration officials was unauthorized by her family trust *[sic, sic]*, she told us.

There was no investigation of the suspicious

circumstances surrounding her husband’s *[sic]* death, said Durham; and Bush, Greenspan and North were never subpoenaed and interrogated regarding the substance of their conversations with Herman *[correct spelling!]* just prior to his torture and murder.

Durham said she has continuously been denied social security payments, her husband’s *[sic]* service records were shredded in her presence so that she would not be afforded access to Hermann’s *[sic]* substantial military pension, and all paper trails were eradicated by Clinton and Bush 41 officials to obstruct justice regarding any future investigations.

Several U.S. intelligence agents spoke privately with Durham *[more unnamed sources, common in VKD fabrications]*, informing her that the Cantor-Fitzgerald files identifying the bogus bonds were lost in what suppressed 9.11 television news footage in slow motion shows was a controlled demolition of the Twin Towers and WTC 7; moreover, ONI officials themselves—some of whom were probing the fraudulent 10-year debt instruments allegedly held by Cantor-Fitzgerald in the doomed North Tower—also perished along with the investigation files, all of which were curiously in the path of the 9.11 Pentagon impact.

Durham told us that Colonel Hermann *[sic]* had offices in the Northwest corner of the Pentagon and that he worked with David Rose of the Chancellor of the Exchequer’s office for the Queen of England. She said that Keith Johnson, the Queen’s signatory at Wachovia Bank told her about the Office of Naval Intelligence being hit at the Pentagon on September 11—that there had been an ongoing investigation of money laundering.

Several other intelligence sources who spoke to longtime federal whistleblower Stewart Webb, alleged that the controlled demolition of the Twin Towers and WTC 7 was called “Operation Code Angel”, also known as Tripod II—a U.S. Department of Justice “war games” exercise involving the Federal Emergency Management Administration (FEMA)—which Webb alleges was run by former New York City Mayor Rudolph Giuliani’s Police Chief Bernard Kerik at Pier 29 on the New York City waterfront, according to Webb’s intelligence sources who asked not to be named until subpoenas and testimony commence.

When Thomas Ridge resigned, Kerik was in line to become Secretary of Homeland Security after the passage of the U.S. Patriot Act; however, his appointment was derailed by Congress due to multiple irregularities and improprieties and he was never subpoenaed for interrogation about the allegations involving Defense Department operations “Code Angel” / Tripod II.

Misused collateral = gold security = bogus bonds = \$240 billion stolen currency

Evidence indicates that on August 19, 1991, John D’ Aquisto of DFG Inc. mailed Federal Express packages to United States Federal Reserve Bank Chairman Alan Greenspan and Bush 41 Secretary of the Treasury Nicholas Brady to communicate details of currency exchange transactions which ultimately led to multiple allegations of bank fraud involving billions of dollars, according to V. K. Durham. It is not known whether this cash was laundered into the Philippines and then used for the “family”, referred to in the Wanta-Cheney memo.

The FedEx receipts show contact between Greenspan, Brady and John D’ Aquisto and given the bank fraud links, Greenspan’s visit to Russell Hermann *[sic]* and the close proximity of the transactions to September 11, Durham says prosecutors should interrogate the three about their knowledge of improper banking activities which could be linked to the North Tower attacks at Cantor-Fitzgerald and the Pentagon impact reportedly involving the ONI on September 11—witnesses for a grand jury, should an official entity decide to prosecute mass murder on behalf of U.S. taxpayers.

On September 13, 1991, a currency exchange /

transfer agreement was made involving Trans Tech International Ltd, located in Moshav Yishi, Israel—represented by Jonathan Tiede, who acted as the U.S. Dollar provider in a \$120 billion dollar currency exchange involving four separate tranches (allocations) totaling \$30 billion each.

John F. D’ Aquisto, President and CEO, DFG, Inc. and Trustee of Cosmos Seaford Energy Marketing Ltd. [*sic*: CSEML has NO TRUSTEES.] acted as provider of the Japanese Yen: Transaction Number 091291/JY/USD/30B/001 (September 12, 1991 / Japanese Yen / U.S. Dollar / \$30 billion / number 1 of 4).

According to Stewart Webb, Nevada Secretary of State Frankie Sue Del Papa, a Bush shadow government player, participated as a co-conspirator to obstruct justice, intentionally switching forged documents pertaining to registrations and filings of corporations involving Bush 41 and Leonard Millman. One of the corporations connected to the gold-backed Brady bonds above was Cosmos Corporation [?] of Nevada—one of several Cosmos corporations.

Robert D. Hammond, Vice President of the Securities Sales Department, Goldman Sachs & Co., wrote to John D’ Aquisto and DFG, Inc. on August 7, 1991, certifying that DFG had an account with Goldman, number 027-02082-2; however, the letter’s notary seal contained the forged signatures of both V. K. Durham and her husband [*sic*], Colonel Russell Hermann [*sic*]. (Durham initialed and attested to the alleged bank fraud directly on the notarized document, indicating the signatures Goldman sent to D’ Aquisto were forgeries.)

“Please be advised that if DFG wishes to engage in foreign currency transactions, Goldman Sachs has extensive capabilities in this area. For instance, upon receipt of approximately 700 million Japanese yen into the above account, Goldman could convert such funds into approximately \$5 million U.S. dollars.”

D’ Aquisto also complained about more alleged bank fraud by Goldman Sachs in a letter to Phil Roberts in the Bank Fraud Division at the U. S. Department of the Treasury, written on September 10, 1991, regarding suspect banking procedures wherein “funds were reversed and withdrawn from our account without our permission.”

In another letter on September 10, 1991 to Karl Ehm, D’ Aquisto and Russell Hermann [*sic*] asked “did you receive the return of \$5,117,280.00 back from Goldman-Sachs?” The letter also indicated “no zero balance shown after the activity summary”, providing no evidence that \$5+ million was withdrawn just minutes after it was deposited while showing that the money was still in the account.

The letter specifically referred to a partial Japanese Yen transfer which took place at Goldman’s Los Angeles office prior to the September 13, 1991 ten-year contract. The transaction in California provides potential U.S. jurisdiction and venue for another citizen grand jury should obstruction of justice continue in New York City where Spitzer and Morgenthau refuse to probe the suspect \$240 billion dollar financial transaction which came due at Cantor-Fitzgerald two days after the 9.11 attacks:

“On September 10, 1991 we received our August 1st-August 31 statement from Goldman ... On the statement enclosed you will see that the Japanese Yen went to Mitsui Bank of Tokyo, which is Goldman Sachs’ correspondent bank. The monies were then credited to the account and exchanged and deposited, U.S.D. equivalent at the rate of exchange. That part of the transaction was perfectly normal.

“What happened next is what concerns me. On August 7, 1991, the funds were reversed and withdrawn from our account without our permission! There is no reference to the whereabouts, or disclosure of the whereabouts of this money, or of the receipt of acknowledgement that this transaction even took place.

“As an ex-banker of 16 years, I feel that my rights have been violated to the highest degree, and the laws of

the United States have been broken. I think you would call this bank fraud? According to Goldman Sachs, this was probably a clerical error on their part. I find it hard to believe that a company such as Goldman Sachs would be so negligent as to make a \$5,117,280.00 “clerical error you can call me at our other company Ariel Life Systems Inc., a government contracted corporation with the National Aeronautics and Space Administration (NASA).”

Clinton Treasury Secretary and George W. Bush advisor knew about transactions

On September 12, 1991 John D’ Aquisto wrote to Hans Reich at the Goldman Sachs Compliance Department regarding “missing funds from our Goldman Sachs account” but also “why was our Tax ID # on the statement stated as “88-8888888 instead of what our Tax ID # really is, 33-0457266?!”

This time, however, D’ Aquisto sent copies of the letter to two important individuals—describing alleged Goldman Sachs tax ID number improprieties and evidence of \$5+ million in missing funds which would likely lead to more evidence of unaccounted for transfers as part of a \$240 billion dollar currency exchange involving numerous scheduled tranches (allocations) in brokerages like Goldman Sachs and linked to 10-year Brady bonds purchased along the 9.11 timeline.

The executives [*who*] received copies delineating the alleged bank fraud were Goldman’s Chairman (at the time) Stephen Friedman who is now President Bush’s Assistant for Economic Policy and Director of the National Economic Council, and also Goldman Senior Partner (at the time) and former Clinton Administration Secretary of the Treasury Robert Rubin, who is currently Citigroup’s Chairman of the Executive Committee.

The evidence provides a paper trail suggesting that current high Clinton and Bush officials, members of Congress, and the New York Attorney General and Manhattan DA (all with jurisdiction, venue, oversight responsibility or power—were and are aware of allegedly significant fraudulent banking activities at Goldman Sachs which is linked to transactions along the time-line of the 9.11 attacks—and an ongoing ONI intelligence probe where the investigators died at the Pentagon, information literally screaming for a separate grand jury investigation in and of itself.

On the same day, September 12, 1991, Jonathan Tiede, representing Israel’s Trans Tech International, sent a fax through Dallas firm Daniel International to John D’ Aquisto at DFG, Inc. referring to “problems”, given the other directly related documents linked herein complaining about bank fraud:

“I have come to the conclusion that the only way I could sign this document would be to put in a clause that states the above is null and void. Please see Addendum ‘A’ which would be our contract. Which seems to be a way full of problems and which could only make money for the attorneys, should there be problems. I must therefore insist on this transaction being done on our contract, which if they agree to our procedures should not really be a problem for them.”

On September 13, 1991, Wayne H. Ellis, Vice President, City National Bank in La Jolla, CA wrote to Don Brucker at Ariel Life Systems, a contract company for NASA, outlining instructions for depositing funds into Ariel Life.

In a September 16, 1991 letter to John F. D’ Aquisto from a German firm handling Deutsch mark transactions, Verhaelen GmbH, and signed by “Karl” Ehm, allegations of alleged bank fraud by Goldman Sachs are further addressed. The Durham intelligence file did not contain the Deutsch mark contracts; however, Colonel Hermann’s [*sic*] wife [*sic*] emphatically asserted to us that “there was another \$120 billion in Deutsch mark currency transfers and it is possible the contracts are being withheld until a grand jury subpoenas the officials involved:

“The Goldman Sachs deal as you have informed me is absolutely disappointing. I have studied your papers

and discussed with the European fiduciary of the Yen side to find a way to bring the real acting of Goldman Sachs to light. But nobody here can influence a deal between an American bank and a Japanese Bank.

“As you know, Goldman Sachs did not receive any information from our side to be in a situation to close because we have never contacted them. I agree entirely with you and Russell (Colonel Hermann) [*sic*] that it is most possible that Goldman Sachs has been inspired by you and this deal to find a source which can deliver Yen with discount. And as they found out that they cannot execute such a deal as a bank because a private partner has to be the USD supplier, they may have used the account of you or of DFG with Goldman Sachs to fulfill the condition of a private exchange. To me this seems to be the most important argument that the acting of Goldman Sachs is a fraud.”

Another September 16, 1991 letter from the ONI intelligence file provides insight into the secretive nature of the financial transactions when Howard Daniel, owner of Daniel International Inc. in Dallas, Texas wrote to John D’ Aquisto. Banks involved in the transactions included Security Pacific (Washington) and New York’s Chemical Bank—and the letter provides more evidence of Durham’s assertions about \$120 billion in Deutsch mark currency transfers coming from the Brady bond collateral:

“... [*P*]lease find the signed contracts together with the R.W.A.’s for both the Japanese Yen and Deutsch Mark contracts ... Jonathan Tiede (Trans Tech Intl.) needs to know the time and name of the Bank Officer that will make the call to the Shearson Lehman Representative ... he will pre-advise the Representative of the incoming call and then give you the go ahead for the call to be made.

“I must stress that the telephone call must absolutely follow the outline as laid down in the contract. NO OTHER CONVERSATION WILL BE ALLOWED OR TOPIC ADDRESSED. Failure to abide by the guidelines for this conversation will be deemed as non-performance, and the non-performance clause will be invoked by the U.S. DOLLAR account holder.

“Each party and their representative intermediaries warrant not to reveal the banking coordinates provided herein to any individuals or parties other than these banking officers necessary to complete this transaction.”

Interestingly, some of the money was transferred through New York’s Chase Manhattan Bank into an account held by the Palm Springs Stars Baseball Club, using the security codes RH, VKD, and JFD for Russell Hermann [*sic*], V.K. Durham and John F. D’ Aquisto.

Durham asserts that DFG, Inc, and the Palm Springs Stars Baseball Club are associated through President Bush’s brother Neal, National Security Agency, Ariel Life Systems—affiliated with NASA, and former Vice President Jack Kemp and HUD—but also former Secretary of the Treasury Nicholas Brady and current Federal Reserve Bank Chairman Alan Greenspan. All this, giving rise to additional serious grand jury questions as to whether the above were receiving illicit money via the [*non-existent*] Durham Trust’s stolen collateral.

A letter to John D’ Aquisto on September 10, 1991 from Bay State Trust in Zurich provides evidence of gold used as security in the Brady bonds / currency transfer which is described as a pilot shipment of “one (1) kg bar of AU [gold] with full documentation to MAT Securitas AG, Kloten, Switzerland...we can issue a bank endorsed purchase order by 12 September 1991 covering the purchase of 1 kg bar AU, 999.5 fineness. We can also arrange to have a bank endorsed Purchase Order issued for 1-3 m/t AU weekly but only after successful conclusion of the 1 kg pilot shipment as covered herein.”

An August 26, 1991 memo from William Sommerville of Contec Development PTY Ltd. in Sydney, Australia to John Hamilton of Hamilton & Hyun Investments provides information that the USSR Government Loan Facility, including a list of high-

ranking Russian officials is “authorized to execute an agreement” for the “Republic of Yakutsko ... a major gold-mining area and comes within the [TF: Boris] Yeltsin controlled sector. We are advised that everything is ‘on track’ and we are pursuing detailed confirmation overnight.”

The letter continues, adding “we have been told the Gold is in Kloten [TF: Switzerland],” indicating that the Yeltsin government was also involved in the currency transactions, and that “we know that ten (10) Metric Tonnes [TF: Gold security] will be immediately available, and this cannot be increased, so the LOAN must be geared to that amount of security [TF: Gold].”

Another August 26, 1991 memo from John Hamilton and Peter Hyun outlined the loan transaction for \$80 million dollars in what is ostensibly a currency exchange involving the USSA [*sic: USSR, presumably*] and using gold as security—but the gold security was obtained from the unauthorized use of collateral belonging to the [*non-existent*] Durham Family Trust, according to the owner, V. K. Durham.

An Addendum to the Hamilton-Hyun agreement indicates that Campbell and Campbell of La Jolla, California maintained the client account; and while the above documentation is not a complete representation of the Brady bond transactions, testimony from V. K. Durham, other intelligence sources and those mentioned in the documents and memos would provide a better understanding of the how Durham’s family collateral [*sic*] was misappropriated for bogus and non-performed debt instruments which could be used over and over again to perpetrate trillions in fraudulent loans.

Financing the 9.11 attacks

According to inside intelligence sources who provided additional documents, federal whistleblower Stewart Webb told us he has made the serious allegation that financing the September 11 attacks was facilitated through former CEO Maurice “Hank” Greenberg’s American International Group (AIG) and Florida’s Greenberg-Traurig law firm bank accounts established at New York’s Citibank where President George H. W. Bush’s former CIA legal counsel Norman Philip Brownstein sits as a Director.

Webb has spent 20 years investigating White House crime families and was credited for helping to expose the 1989-90 HUD and Savings & Loan Scandals (*Houston Chronicle*, “S & L whistleblower faces federal charges”, 9-16-1992 and Sarah McClendon’s *Washington Report*, “Notes from the Editor”, 12-24-1991).

On November 1, 2001—just seven weeks after the 9.11 attacks—former Somalia Ambassador to Switzerland Leo Emil Wanta—wrote to Vice President Richard Cheney to warn him about ongoing foreign transactions and to do something to stop the illegal activity:

“... [*M*]/y help was requested in moving large sums of cash into ‘Foundations’ Legal Groups ... in the Philippines ... German in the ‘family’ has financed a large group who were recovering ten boxes which were taken to US, Germany & Moldovia (Rumania) ... The ‘family’ want their boxes!! Things are getting out of hand! Mil needs cash with which to purchase & remove these items ... too much is in the wrong hands!”

The leaked memo raises serious questions as to what the Vice President of the United States knew about the movement of crates of cash out of the Philippines into the U.S.A. and two foreign countries almost immediately after the 9/11 attacks. Did Cheney do anything to stop the illegal activity? Was Cheney linked to the operation? What did Condoleezza Rice and President Bush do about it when Cheney told them?

Of equal importance is whether the Joint Congressional Intelligence Committee has obstructed justice in the matter by refusing to call Cheney to publicly testify about credible evidence of potential payoffs taking place along the 9.11 investigation timeline—just after the attacks.

New York Attorney General Eliot Spitzer and Manhattan District Attorney Robert Morgenthau will

also have to explain why they are obstructing justice because they have been in possession of this evidence and much more for months and have not subpoenaed Mr. Cheney, Dr. Rice or the President.

Who are the members of the “family” that Leo Wanta warned Mr. Cheney about and why were they moving boxes of cash to other “family” members right after 9.11? Were these clandestine transactions linked to \$240 billion in stolen collateral to purchase Brady bonds—and then to borrow currency which documents clearly show was linked to fraud in the U.S. banking system—money never repaid the day after the September 11 attacks?

Where is the money? Who borrowed \$240 billion and never repaid it? Were the crates of cash in the Philippines used for payoffs to “9.11 terrorists” who met with an FBI Special Agent 30 days after the attacks, according to the December 14, 2001 Wanta-Cheney memo? “Terrorists” like the eight British Intelligence agents attempting to blow up the Chicago subway last week? (The “family” want their boxes!! ... Things are getting out of hand!)

The Goldman Sachs and AIG financial evidence above is similarly linked to what former FBI contract linguist Sibel Edmonds recently told TomFlocco.com in our fourth interview story with the FBI federal whistleblower. The shocking evidence content of Edmonds’ translations of wire intercepts prior to 9.11 revealed that ten well-known American politicians and heads of federal agencies are tied to drug-money laundering in the federal banking system—money used for political campaigns she said, but also for financing the 9.11 World Trade Center/Pentagon attacks. Under a court-ordered gag restriction, Edmonds has not divulged the names.

Edmonds’ explosive evidence, linking the 9.11 attacks to ten well-known American politicians and federal agency heads could also subject former Attorney General John Ashcroft, FBI Director Robert Mueller, and all judges and Department of Justice lawyers involved in her case to be targeted for obstruction of justice charges and as co-conspirators to misprison [*sic: misprision*] of treason. This, for withholding substantial and credible evidence from impaneled independent federal grand juries in New York and Arlington, VA, empowered to subpoena testimony and investigate crimes linked to September 11 (18 U.S.C. 4).

According to two witnesses, Greenberg-Traurig is allegedly tied to suspect legal entanglements surrounding the challenge for control of New Hampshire 9.11 widow Ellen Mariani’s estate and her husband Neil’s death on September 11. Mariani’s litigation in New York and New Hampshire against President Bush and other top officials seeking court-ordered discovery about White House involvement in the attacks and obstruction of justice by members of Congress was blocked due to complications surrounding the challenge for control of her husband’s estate.

Norman Brownstein was a former Director and the current corporate attorney for the late Leonard Millman’s MDC Holdings, Inc., the parent company of Silverado Savings and Loan Association where President George W. Bush’s brother Neil was a Director of the failed institution which cost American taxpayers at least \$50 billion dollars [*sic: redundant ‘\$’ and ‘dollars’*].

Webb revealed he has evidence that proves Silverado laundered \$12 trillion dollars [*sic: redundant ‘\$’ and ‘dollars’*] in narcotics money during the time period that President Bush’s brother Neal was on the board of directors of the failed bank organization.

According to Leonard Millman’s ex-son-in-law Stewart Webb, \$2.6 billion in Mena, Arkansas / Iran contra drug money was laundered through the Rose Law firm (where New York Senator Hillary Clinton was a partner) into Millman’s failed M&L Business Machines Company of Denver.

Webb alleged that his documented evidence and first-hand witnesses prove that Hank Greenberg, Leonard Millman and Meyer Blinder were all involved in massive

securities fraud involving National Brokerage Group of Companies, and its Stinger Securities, Coral Gables Securities and others that allegedly milked American investors for billions of dollars during the 1980s. This, while Webb also alleged that Hank Greenberg was involved in re-insurance fraud loans with Millman’s National Acceptance Company which owned First National Acceptance Company, both of which own Bank of America, with the first two being financially connected to AIG.

Attorney General Spitzer is in possession of part of the above evidence relating to Leonard Millman’s links to \$6 trillion in American pension fund fraud; moreover, Webb told us that former Independent Counsel Kenneth Starr—who the whistleblower said obstructed justice in his investigation of Clinton/Bush-linked narcotics money laundering—had lunch with Mr. Spitzer a few weeks ago, raising additional questions regarding obstruction of justice for a grand jury with subpoena power.

Webb alleges that drug money was laundered by Millman into Hank Greenberg’s AIG and other Wall Street accounts by Gwendolyn Waymark of the Waymark Group and also the Foundations Group—which the Cheney memo above links to boxes of cash moved from the Philippines and tied to both the recently deceased Millman and George H. W. Bush.

The Foundations Group’s laundered drug money paid for a group of 9.11 terrorists secretly headed by the Defense Intelligence Agency’s (DIA) Gary Best—one of the former Iran contra shadow government players—according to Webb.

Most shockingly, Webb alleges that “ONI-CIA Marine officer Oliver North, CIA-DIA agent Gary Best, CIA agent Terry Lynn Nichols and CIA contract agent Timothy McVeigh were all paid through Waymark’s Foundations Group funding arm—directly or indirectly.”

This raises the bar as to why the Vice President has not been subpoenaed when the Wanta memo directly links Cheney, Dr. Rice (and by authority and the obligation to act upon a financial terrorist threat—President Bush) to knowledge of the Foundations Group in what appears to be United States covert black operations involving financial terrorism and mass murder.

Webb told us, “[*T*]/his explosive evidence is why Eliot Spitzer and Robert Morgenthau are obstructing justice to let AIG off the 9.11 hook in the ‘public’ part of their current and high-profile Wall Street probe. But it’s also why the Joint Congressional Intelligence Committee members are obstructing justice and committing treason by refusing to subpoena Cheney and other key intelligence officials regarding their awareness of a ‘family’ extending from the Philippines to Europe and the United States—all with links to financing terrorism.”

A comprehensive grand jury investigation, with subpoenas, testimony and interrogation by independent, a-political career prosecutors like Patrick Fitzgerald could well blow the lid off 30+ years of illegal operations, financial terrorism, 9.11 mass murder, the Oklahoma City bombing, the Kennedy assassination and pre-emptive war based upon lies—a lengthy pattern of illegal activities by a succession of White House crime families, according to both Webb and V. K. Durham.

All this, tacitly endorsed by quietly complicit congressmen—either too frightened to speak truth to power due to past small-plane assassinations or having been self-absorbed by pensions, perks and power to exercise their constitutional mandate to protect the very citizenry which honors them with high office.

CIA banker’s strange death

Colonel Russell Hermann [*sic*—a 53-year career military officer, had been conducting a two-year internal investigation of President Clinton, White House counsel Vincent Foster and protracted drug shipments into Mena, Arkansas; but Central Intelligence would not let him retire since it was too expensive to train new personnel and re-start the investigative trail, according to his wife

[sic] “V.K.” who witnessed the first attempt on her husband’s [sic] life from her front porch in 1993.

Durham told us, “[H]e traveled in a big black truck with tons of surveillance equipment. I saw it, but he didn’t want me to come near it. He said ‘you don’t want to know about this;’ and as he put his arms around me and kissed the back of my neck, he said ‘[W]e caught President [TF: Clinton’s] man [TF: Vince Foster] with Swiss bank accounts, so now I can file my investigation reports, retire, and we can start living a new life.’

“This was July 1, 1993. Vince Foster turned up dead on July 20 and my husband [sic] Russell was murdered on August 29, 1994,” she said.

“The next day, while mowing his lawn on July 2, 1993, Russell was sprayed with some type of poison gas—possibly sarin—from a passing vehicle. He took a few steps and went down, bleeding from the eyes, ears and nose,” said Durham who had married Hermann six years earlier on November 27, 1987 [sic, sic].

“Russell had not finished his report on Clinton, Foster and the Mena, Arkansas drug money laundering,” she said, adding that her husband [sic] had cryptically told her, “If I go to the hospital without that report being finished, I am a dead man.” This, reminiscent of Michael Corleone’s “men are coming to kill my father” plea to a lone nurse caring for the Godfather in an empty wing of a New York City hospital.

“There was no sign of an ambulance,” said Durham, “a 24 foot white box van with no lettering or markings took Colonel Herman [correct spelling!] away and he was missing and unaccounted for from 9:00 am till 10:00 pm at night. I found him the next day through a phone call at my neighbors.

“He was at St. Mary’s Hospital in Clayton, Missouri—in a wing all by himself, strapped down to a bed with no life support system when I got to him, nothing,” she said, adding “Russell was a U.S. intelligence officer—a full Colonel—and he told me to ‘call my CWO2 [TF: Chief Warrant Officer] and tell him to get my mandatory two men in here to protect my life.”

Offering a warning to current CIA officers, Durham said “Russell told me they strung him up on meat hooks on the way to the hospital—I saw the hook marks under his collar bone: they beat him and burnt him with cigarettes, broke his ribs, left hand and left arm, and shoved a cattle prod into his rectum,” said the furious widow, making a clear point: “they’ll do it again to any of the intelligence guys walking around now if they don’t do something to stop these criminals.”

St. Mary’s hospital was described to us as some sort of secret military asylum—a hospital of horrors, by Durham, who said, “[T]he hospital was filled with naval officers and a woman named Ruth said ‘[Y]ou have to sign these papers (4-inch stack),’ and I asked ‘[W]here are my husband’s records;’ she pulled them back and shredded them right in front of me—all his military records—a full-bird U.S. Army Colonel.

“When Ruth had her back to me, another woman slipped me a piece of paper of the hours and medical log sheets with the hour Russell was taken to the hospital—helping to fix the hours of his torture and the fact that his ambulance authorization had not even been signed,” she said, “proving he was tortured in the back of that white truck—and this is the United States Veterans Administration!

“Russell was kept there against his will after he recovered until November 17, 1993. One of the doctors, another friend of Russell’s and I saw Marine Colonel Oliver North dressed in a white medical coat attempting to disguise himself while visiting Russell’s hospital room on November 13 or 15, just before he was released from the hospital.”

Durham told us, “[S]omething was going on at that hospital. I saw a Navy Commander strapped to a gurney—from Seal Beach ... tied down. A female doctor was sitting there with his wife and they were bartering over his body parts. I heard all this with Russell’s doctor friend. The Commander was alive and

strapped there, his eyes looked terrified and his mouth was taped shut,” she said, offering “his wife walked over to her husband and said ‘Now I’ll never have to know when you’re coming home again.’ We inquired about him later and found that he had come up ‘missing’.”

Still weak and declining from the first murder attempt on his front lawn, Colonel Russell Hermann [sic] ended up at the Veterans Administration Health Care Center in Marion, Illinois; and Durham told us “Hillary Clinton’s operatives, David Horowitz and Karen Koffee came to meet with Russell, seeking money to underwrite the National Healthcare Program she was pushing in 1994.”

“This was on July 20. Russell told me Clinton’s people said ‘you’re going to die before very long and your wife will disappear and no one will know where she is,’ and both of them are accessories to murder as far as I am concerned,” said Durham, as we listened in stunned silence.

“Russell was doing pretty well around August, 1994, and on Friday, August 26, he said that George Bush Sr., Alan Greenspan and Oliver North came to see him in his hospital room at the VA, and tried to get him to sign off on the Iran and Latin America contra accounts so they could get control of them,” Durham told us, adding, “but Russell told me he just reached down and grabbed a hand-full of excrement from his hospital bowel [sic: bowl?] and threw it at President Bush, saying ‘go to hell.’ Then the three of them left the room as I was coming up the other elevator.

“I was planning to take Russell home from the VA the following Monday, August 29—a couple days after Bush, Greenspan and North visited on Friday. I came in to pick him up and he was dead,” she said, adding “the attending physician, Dr. Pettit, refused to do an autopsy, even though Russell’s body was all red and he was given 8 or 9 injections on his hip and the base of his skull, and his back and body were as red as fire—but his eyes were as clear as mine.

“The coroner, Michael Vickery, took a number of photographs and told me ‘this man was murdered,’ and I had been refused possession of his body for six days—from August 29 until September 5—after being told there was evidence that he was frozen alive,” she told us while still in stunned silence. [No mention of raw tobacco shoved up his rectum to his liver, per previous VK accounts? No ‘erection caused by asphyxiation’?]

When we asked what happen[ed] next, Durham said, “I found out the contra accounts were moved from Republic Bank in Texas to Republic Bank in New York; I think Teddy Lloyd was the banker in New York. I believe they knocked Russell out and I thought he was dead. Then they moved him to the Guernsey Islands near England and used his voice-activated and fingerprint codes to sign over control of the \$13-17 billion in gold that was in the accounts,” providing another paper trail for recovery of missing funds from the U.S. Treasury—but also a public view into the inner-working of intelligence bank account security.

V. K. Durham told us one of Russell’s men contacted her and said there had been a government contract to take out the Colonel by either a Commander McDonough or MacDonald, and that there are transcripts from the tape of his torture and death, but she does not know where they are.

“Control files” blackmail congressional and DOJ officials

Stewart Webb alleges that an important key to the “control” of the U.S. House and Senate has been the use of blackmail via “Operation Brownstone”, led by individuals he calls CIA shadow government players like Ted Gunderson, Harold George Pinder and Clint Murchinson Jr.—setting up legislators for blackmail through child pedophilia rings using both vulnerable male and female children from orphanages all across the United States. This, according to scores of documents and witnesses.

Americans who are concerned about pedophilia, with near daily reports of kidnappings or disappearances

of young children who later turn up dead or fall victim to Mexican, South American and Middle Eastern child sex slavery need only start with the ongoing cover-up of pedophilia in the halls of Congress and the White House. It’s still a hushed-up secret, waiting for irate parents and family victims to march on Washington.

Other congressional blackmail was employed, according to Webb, by the late Leonard Millman, New York Senator Hillary Clinton, Neal Bush and Florida Governor Jeb Bush in an entity known as the MCRD-Boulder Properties Limited Partnerships—financed by Silverado Savings & Loan; and Webb says this forced dozens of current and former congressmen into bankruptcy, including high-profile current New York Senator Charles Schumer (*Media Bypass*, May, 2000).

Additional bribes and payoffs were [e]ffected through Millman’s cutout company, Denver’s M&L Business Machines to David Mann, Asst. DOJ Inspector General, who works under Lee Redneick, DOJ Inspector General, with money also paid to Denver U.S. Attorney Mike Norton and Robert Pence, head of the FBI Denver office.

Illegal campaign money laundering involved Millman’s MDC holdings—fined by the SEC in 1991 and covered up by former Colorado Attorney General Gail Norton, the current Bush 43 Secretary of Interior, according to Webb (*TIME*, “Rush for Gold—How Silverado Operated”, 8-14-1990, and *TIME*, “Running With A Bad Crowd”, 10-3-1990).

Norman Philip Brownstein, a current Director of Denver’s Chubb Insurance Company, allegedly owned by George H. W. Bush and Webb’s ex father-in-law, the late Leonard Millman—through illegal trusts funded by laundered drug money controlled by Brownstein—paid President Clinton’s legal fees and also paid off Paula Jones in her sexual harassment suit against the President. Clinton’s personal attorney, James M. Lyons—engulfed in the Whitewater scandal—sits on the board of Millman’s MDC holdings.

All this, according to Webb’s documents and first-hand witnesses, but also Webb’s grand jury demand—filed three times.

Webb told us as recently as August, 2004 in U.S. Federal Court in Denver (Case No. 95-Y-107), Chief Judge Richard Matsch has continued to ignore and obstruct his explosive evidence in a manner similar to when Matsch ruled in the Oklahoma City bombing case.

Lastly, another illegal operation employed to “control” and pay off House and Senate members was through Apartment Investment and Management Company (AIMCO)—a real estate investment trust (REIT) currently run by former Congressman Terry Considine and Bush 41 attorney Norman Brownstein.

Members of Congress have been bribed via the Department of Housing and Urban Development (HUD) via Millman and Brownstein’s handing over hidden corporate ownerships in AIMCO’s stolen HUD properties, the federal whistleblower has alleged.

According to Webb, AIMCO is the largest landlord of U.S. apartments—with units that were stolen by Millman’s partner Phil Winn of Denver’s Winn Group, the focus of the 1989 congressional “HUD Scandal” investigation which led to Independent Prosecutor Arlen Adams convicting Switzerland Ambassador Phil Winn and others—but three months before leaving office, President Clinton pardoned Winn. And congressmen continue to profit from money stolen from the taxpayers.

All this, as the voices of thousands of American boys cry out from their graves on the bluffs above the Normandy beaches on the English Channel: “France! ... now it’s your turn to help America.”

Who will guard the guards?

[END QUOTING]

Mr. Flocco, we would be delighted to help you straighten out the facts of this matter. Please refer to the Affidavit of January 20, 2003 beginning on the front page of this issue. We will be pleased to provide you with ample supporting documentation.

NEVADA CORPORATIONS:

Foreign Nationals And Corporate Citizenship

Budget’s “Tip of the Week” #10:

Benefits for Foreign Nationals

As a foreign national citizen, when you set up a Nevada corporation you are establishing an entity resident in the United States, with all of the benefits that accrue to that status. And no, you do not ever have to set foot in the country to do this. You can even set up a virtual office presence, with a telephone answered in the name of the corporation to present a different face to the new global community!

A Nevada corporation can provide services for a business in a foreign jurisdiction and receive its income in Nevada, where is taxed at the federal rate of just 15% on the first \$50,000 of net income. In some cases, that advantage alone is sufficient reason to take this step IMMEDIATELY. In the long run, however, you will find that Nevada’s “haven” status will serve you in many other ways as well.

Coming to America

The United States Immigration Service has in recent years relaxed requirements for many high-tech workers, in recognition of the global demand for skilled workers in this field. H1-B visa status—which applies to entertainers, athletes and those who otherwise possess unique skills—is easier to obtain now than at any time in the past. Wouldn’t it be nice if an American company needed you badly enough that it would help you to qualify for an H1-B visa? You just might have a LOT to offer this country!

H1-B visa quotas are often filled quickly but there is another type of visa that might be of interest to any foreign national working in a management capacity. An executive or manager of a foreign corporation affiliated with a U.S. corporation can qualify for an L visa, if the following requirements are fulfilled:

1. The foreign corporation must be affiliated with the American (Nevada) corporation and should have assets in excess of \$500,000.
2. Document that you are in fact an executive or manager of a foreign corporation affiliated with the U.S. corporation.
2. Document that the U.S. corporate affiliate is in need of someone with your skills and abilities. (An advertisement demanding a special combination of skills and abilities that just happen to match your own will help a lot.)
3. Document your skills and abilities relative to the U.S. corporation’s needs.

In addition to the L-type visa, foreign nationals may be able to avail themselves of E-type visas, which typically involve investment in U.S. businesses. We suggest you consult with an immigration attorney.
