NOVEMBER 1990 VOLUME V NUMBER 1 & 2

10/30/90 HATONN

TODAY'S URGENT WATCH

Most critical times are upon you and I, Hatonn, come in Light and service unto you, plead with you to hear me! I petition you to put aside your wonderment and witness the truth as it is unfolding--with confirmation from valid Earth sources--and come to attention. May God walk in our footsteps through these coming days ahead that we might put aside the evil afoot. YOU OF THE UNITED STATES MUST COME TO REALIZE THAT YOUR NATION IS THE AGGRESSOR--ALONG WITH ISRAEL IN THIS STATE OF WAR IN THE MIDDLE EAST! 'TIS NOT ONES OF TRUTH-BRINGING WHO ARE TREASONISTS--IT IS THE ONES WHO PROCLAIM THEMSELVES YOUR "LEADERS". IF THIS MOVE INTO WAR IS NOT STOPPED, IT SHALL BE A BLOODBATH WITH THE BLOOD SPILLING FROM THE LIVES OF YOUR OWN SONS, FATHERS AND HUSBANDS AS WELL AS THE WOMEN YOU HAVE ALLOWED TO MOVE INTO THE PLACES OF DANGER!

I TELL YOU AGAIN, ISRAEL PLANS AN OFFENSIVE AGAINST IRAQ TO BEGIN

TENTATIVELY ON OR ABOUT NOVEMBER 4TH, TWO DAYS PRIOR TO YOUR U.S. ELECTIONS. THIS OFFENSIVE WILL BE FOLLOWED--PLANS ALREADY IN PLACE--FOR THE U.S. TO MOVE OFFENSIVELY AGAINST IRAQ TO BEGIN THE WEEK FOLLOWING THE ELECTIONS. THIS INFORMATION IS VALID AND CONFIRMED RIGHT FROM THE ISRAELI MOSSAD. THE INFORMATION IS VALID AND THE U.S. IS SECRETLY TRANSFERRING PATIENTS IN VETERANS HOSPITALS TO OTHER SITES IN ORDER TO HAVE AVAILABLE SPACE FOR CASUALTIES. THIS TRANSFER WILL BEGIN TO TAKE INTENSIVE INTENT ON NOV. 1ST! ARRANGEMENTS FOR TRANSFER LOCATIONS ARE ALREADY STAFFED AND PREPARED. I FURTHER INFORM YOU THAT THE GLOBAL CARTEL INTENDS TO CONTROL THE NEW SAUDI ARABIAN UNTAPPED OIL FIELD WHICH IS THE LARGEST OF ALL KNOWN FIELDS IN SAUDI ARABIA.

YOU IN THE U.S. WILL BE BROUGHT TO BELIEVE ALL SORTS OF LIES REGARDING ISRAEL'S INVASION--WHICH WILL END, BY THE WAY--ON THE DAY OF YOUR ELECTIONS. THE U.S. WILL PICK UP THE INVASION AFTER THAT DATE--*****WHILE

CONGRESS IS IN RECESS!****--!!

If you cannot bring yourself to believe me--LISTEN TO WHAT BUSH AND BAKER ARE SAYING! Get your confirmation; get a copy of the upcoming current issue of SPOTLIGHT and other daring publications, read it and SPREAD THE WORD AS QUICKLY AS POSSIBLE--NOW!

Just as with the attack planned for October 3rd, it is the ONLY WAY you can stop this thing--through public demand and information brought public! YOU CAN STOP THIS THING IF YOU SPEAK OUT--NOW! I have naught else to offer unto you save the truth of it, brothers. There are many other things planned for you during the next weeks but I know not how to cause you to listen to me. You become completely distracted by my status as to credibility of existence. Put it aside, I plead with you for it matters not if you survive not!

I have also spoken within these recent weeks of "Devil's Night"-tonight! Oct. 30 has become the nightmare date of your nation for the celebration of evil. The police in your cities are increasing forces but it will not be enough to control it in total. Please, citizens, be aware.

You say, "Ah, but Hatonn, this reaches us too late!" No, I have already written of these things--in detail. However, this will be sent by fax to multitudes of radio and television news and "talk" shows. What your news brokers give unto you is out of my control but you had better begin to demand truth and facts or you are lost.

CONFIRMATION

The most I can offer you is the following, for it is a reprint confirming the input I have already given unto you ones. For the doubting ones as to my projections, perhaps you will hear confirmation from your own underground intelligence sources. I shall protect the writer for his life is in grave danger. Just please accept that it is valid and comes forth in a major printed format.

The Israeli government is planning to go to war against Iraq one week before the United States launches its own offensive against Baghdad.

Based on valid information which the Mossad, Israel's secret service, acquired from the United States, Israel expects the American offensive against Iraq to begin the week after the November 6 elections.

This date has been accepted as accurate by Israeli intelligence, which learned of top secret U.S. orders issued to military and veterans hospitals to transfer gradually, beginning on November 1, 1990, hospitalized veteran and military personnel to nearby civilian hospitals to make room for war casualties arriving sometime after November 11, 1990.

Acquiring this vital secret information, the Israeli government decided tentatively that it would launch its own war--largely air strikes against Iraq--on November 4, two days before the American congressional elections, and ending on November 6, as the elections close.

ISRAELI RATIONALE

Israel's decision to disregard American goals in the Middle East and to go to war unilaterally is based on its own strategic concepts of its present political and military needs. These are the destruction both of the Iraqi military potential for a 1992 war and the breakup of the present "fragile" U.S.-Arab political/military coalition, whose continued existence Israel regards as even a greater danger to its security than Iraq.

The principal factor leading to that conclusion is that the Israeli government recognizes that, for its own security, Israel will be compelled, at some date in the next year or two, to expel Palestinians now in the West Bank and Gaza Strip, leading to a war with Jordan and Iraq.

Only thus, in the Israeli government's view, will it achieve the Zionists dream of a secure, wholly Jewish state in all the territories of Eretz Israel (Greater Israel).

Israel has concluded that Saddam Hussein's invasion of Kuwait was essentially a first move to acquire funds and resources in preparation for a war which both Iraq and Jordan expect to

have to wage against Israel when the Palestinians are expelled, presumably sometime in 1992 after the wave of Soviet Jewish immigration to Israel is absorbed.

Israel, therefore, was already poised, prior to Iraq's invasion of Kuwait, to disrupt Iraqi preparations for the anticipated 1992 war by destroying as much of the Iraqi munitions and armaments capacity as possible. Israel planned to do this on the model of its successful June 6, 1981 air attack on Iraq's Osirak nuclear plant, which Israel feared would be used to produce nuclear warheads.

PROXY FIGHT

Because the United States reacted so rapidly to the August 2, 1990, Iraqi invasion of Kuwait, the Israeli government knew (and co-planned) that the United States would accomplish this purpose for it without Israel itself having to go to war until it could be shielded by the United States. For this reason, the Israeli government agreed to remain quiet after it received assurances from the Bush administration that the U.S. Air Force would launch an attack on Baghdad and the Iraqi military installations in the last week of August.

When this had to be postponed and thus, did not occur, the Israeli government put alternative plans into operation to precipitate incidents which would precipitate action. Further apprehension grew over reports that the Bush administration was intent on obtaining a virtual monopoly over oil energy

resources, and had decided to create a coalition with so-called Arab "moderate" and oil producing states which would stay in existence even after the destruction of Hussein.

The Mossad report that Secretary of State James Baker had reached a secret agreement with Syrian President Hafez al-Assad to destroy Lebanese Christian Gen. Michel Aoun--in whose survival Israel was interested--was the next profound shock to increase the facade which registered soundly through the Israeli Cabinet--just as pre-planned. Aoun was overwhelmed in Beirut by Syrian forces on Oct. 13, 1990--also, just as pre-planned. (Therefore, I suggest you start to understand that step by unfaltering step, the entire plan has been played to perfection thus far in the scenario!)

This shock was intensified by the "haste" with which the U.S., seeking to preserve its fragile Arab coalition, launched the UN initiative to condemn Israel for the Temple Mount incident in Jerusalem resulting in the killing of 21 Palestinians. The UN resolution was passed just before midnight on Friday, October 12, 1990 (and you all know what has become of it. I suggest you also go back and see that this "distancing" is always an immediate precursor to action!).

The Israel government has now concluded that, if successful against Iraq, this U.S.-Arab coalition, basing itself on past UN resolutions critical of Israel, would

seek to compel a settlement of the Palestinian issue in terms unacceptable to Israel. The resulting impasse could lead to a UN resolution imposing a boycott on Israel, similar to the one now in force against Iraq. (Therefore, the need to move rapidly and emphatically--now!)

Given these fears, the Israeli government has decided that, while the destruction of Saddam Hussein is in its interest, his defeat at the hands of the present U.S.-Arab coalition is not. Israel has to act soon, despite U.S. public opposition, by launching its own unilateral attack on Iraq. (Or, by causing such a massive incident that the war will be precipitated at any rate.)

I implore you to listen carefully to the interview with Saddam Hussein which was aired last evening on CNN. My scribe and group missed it but I assure you ones, it contains valid truth and you ones had better be in the hearing. Further, note that Mr. Gorbachev is strongly pronouncing the need to avert the "impending" invasion of Iraq at all costs. He should know, dear ones, for Russia still holds the trump cards!

Now, you ask, "What about the December 3rd incident you project, Hatonn?" I SAID THAT "NUCLEAR WAR" WAS PLANNED FOR DECEMBER 3RD--"IF" SURVEILLANCE EQUIPMENT, ETC., CAN BE LAUNCHED AND PLACED IN ORBIT. ATTENTION-GETTING INCIDENTS ARE STILL RIGHT ON SCHEDULE FOR DECEMBER 3RD AND I SUGGEST YOU DE-

MAND STOPPAGE OF THOSE AS WELL!

I AGAIN WARN YOU, THE PLANS ARE TO PULL THESE THINGS OFF WHILE CONGRESS IS ON RECESS! THE PRESIDENT HAS ALREADY TOLD YOU AS MUCH--"THERE WILL BE NO 'DECLARED' WAR" BY CONGRESS--IT WILL BE DONE BY PRESIDENTIAL ORDER!

WHAT OF THOSE SAUDI OIL FIELDS?

It finally has found its way to the public, in spite of all efforts to hide the fact, that there is a gigantic new untapped oil field in Saudi Arabia. It will prove to be one of the largest and, potentially, the most profitable of any supply of crude in the world.

It is the key factor in the current crisis with Iraq in the Middle East.

It is the largest accumulation of oil discovered anywhere on Earth in the past two decades. The new field, in a remote area of the Saudi desert south of the capital of Riyadh, will allow the Saudis to continue pumping oil from the ground--at their present, accelerated rate, well into your 22nd century--if the world lasts that long.

According to your own officials of the Arabian American Oil Company (ARAM-CO), the oil is of a rare super-light consistency that they indicate will burn in an automobile engine without being refined. The oil is almost the consistency of water. It can be burned immediately in only slightly modified engines and motors.

ARAMCO officials have further confirmed that the oil will,

however, be refined before it is marketed but that it will be far cheaper a process than with any other oil from anywhere in the world which will also allow selective use to meet new anti-pollution standards just enacted in the U.S. They don't miss a trick, do they?

How has your media missed all this good news? They haven't, it has just been omitted!

OF COURSE BUSH KNOWS!

President Bush's efforts to "defend" the Saudi oil fields and to build up the Soviet oil industry as quickly as possible are better understood when you remember that Bush's family has long had very extensive ties to the oil industry. Perhaps I should refresh your memories a bit.

George Bush's grandfather and father were employed by a New York investment banking firm that financed and directed the rebuilding of the Baku oil fields, which had been destroyed during the Russian Revolution and the civil war that followed.

W.A. Harriman & Company was co-founded in 1919 by W. Averell and E. Roland Harriman. Long-time close friend George Herbert Walker was named president of the firm. Walker brought in his son-in-law, Prescott Bush, father of the future president, as a vice president. By 1929 Bush had taken over full management of Harriman & Co.

Between 1921 and 1931 Harriman provided the considerable financial assistance needed to get the Baku fields back on line. This move proved to be instrumental in the Soviet success in repelling the German

invasion more than a decade later during World War II--it has been hand-in-hand cooperation all the way.

International banker W. Averell Harriman remained in close contact with the Kremlin. Widely accused of pro-Soviet sympathies, he often visited the Soviet Union during the 1930's. Democrat Harriman prodded President Franklin D. Roosevelt to supply "lend-lease" aid to Britain and the Soviet Union and to push America into the European war after Britain declared war on Germany in 1939. FDR named him American ambassador to the USSR to protect his oil interests.

As part of the latest effort to revitalize the Soviet economy, a group of American business executives visited Moscow and Leningrad in September under the auspices of Commerce Secretary Robert Mosbacher. Their aim was to supply "Western Know-how and expertise" to jump-start the Soviet oil industry. The mission was fully supported by President George Bush, an action his grandfather and father would, no doubt, have heartily endorsed.

Bush himself also has long been active in the oil business; his uncle George Herbert Walker II financed in 1948 Bush's opening of his own oil development company (shades of Neil?). The new firm's legal business was handled by a young attorney by the NAME OF JAMES BAKER!

I believe you will note that James Baker now serves as your Secretary of State! He has just pushed and shoved and given and given your tax plunder to the Soviet Union and every other country, enemy or friend. The family tie goes

back even further, as Baker's father and grandfather handled legal work for Bush's father and grandfather in the Soviet oil development program of the 1920's.

The Bush family oil business is booming, meanwhile, as U.S. forces now are on hand to protect Saudi Arabia and the Gulf emirates, including Bahrain. Perhaps not coincidentally, the potentially lucrative drilling rights in Bahrain are owned by Harken Energy Corporation of Dallas, Texas. PRESIDENT BUSH'S SON GEORGE IS A DIRECTOR AND MAJOR STOCKHOLDER IN THAT COMPANY, AS WELL AS ACTING AS A SPECIAL \$120,000 A YEAR CONSULTANT. HARKEN MERGED WITH "BUSH'S" SPECTRUM 7 EXPLORATION COMPANY ABOUT FOUR YEARS AGO!

Naturally, Harken's \$1.1 BILLION a year revenues would be endangered if Iraq were to widen the conflict in the region. What is more interesting is how Harken was able to obtain the rights to Bahrain's oil???? Ah, now you begin to pay attention? It is most interesting to note that such a relatively unknown, small-time outfit based largely in Texas, Louisiana and Oklahoma, as is Harken, only sprouted international soaring wings--when it tied in with Bush's son, George!

This, dear ones, is only one instance of recent American foreign policy decisions to be driven by Bush Family needs. We have already clearly and explicitly given you the tie-in with Bush's brother, Prescott, and the Japanese company who does extensive business in China and Panama.

Bush moved most abruptly last December to install a new

regime in Panama as a Christmas gift to the funeral homes, that would be far more conducive to American business interests--especially his own! Remember, also, that he refused to enact any sanctions against the government in Peking that could in any way interfere with his business trade.

Do you not question Bush's buildup of U.S. military forces in the Persian Gulf region? It is said to be for the alleged purpose of restoring the despised Kuwaiti royal family to its throne. But the administration refers to it as "protecting freedom and democracy"! The Kuwaiti royal family is hardly a democratic form of government for the people, of the people and by the people, dear blind ones.

NO, IT IS CLEARLY OBVIOUS TO EVEN THE SLEEPY ONES, THAT THE HUNDREDS OF THOUSANDS OF TROOPS ARE MAKING VERY SURE THAT BAHRAIN'S OIL SUPPLIES REMAIN SAFE FOR EXPLOITATION AND TO ALLOW OPENING THE NEW SAUDI FIELDS UNDER THE CONTROL OF THE ELITE CARTEL.

At the same time, U.S. taxpayers will enable the Soviet oil industry to reap huge profits as a result of the sharply higher crude prices that have resulted from Bush's actions in the Middle East. Mr. Bush an unpretentious wimp? Oh my, I should most certainly suggest not!

JEB BUSH

I have spoken often, recently, regarding another Bush son--Jeb. I have received quite nasty rebuttals as to my "inaccuracy". I lay it here, once

again: Neil Bush is not the only son of the President involved with a failed savings and loan. The Federal government has already repaid a \$4 MILLION loan owed by Jeb Bush and several partners to the Broward Federal Savings and Loan in southern Florida. Bush held a 20 percent share of the 1985 loan. When the Federal government assumed control of the failed S&L, its assets were sold to a Los Angeles S&L, which was guaranteed against any losses. The loan was thus repaid by YOU, the U.S. taxpayers. Oh, by the way--the top honcho of Broward Federal Savings and Loan is in Tel Aviv, Israel, living happily ever afterwards!

ANOTHER CONFIRMATION

The Bush administration is so worried about an upsurge of terrorist attacks against U.S. targets worldwide in response to the American military presence in the Persian Gulf that it is offering rewards of up to \$4 MILLION (TAXPAYER DOLLARS) for information on major terrorist operations. The word is being spread internationally by videotaped messages starring none other than your good old American showmen, Charlton Heston, Charles Bronson and Charlie Sheen. The reward program is called "HEROES". Further, this does not include the great sums allocated for obtaining information from such leaks in the Mossad, etc., as are coming forth to both confuse and confirm. It is so nice that you taxpayers in the U.S. have endless supplies of money to pay for all this fun and games. Don't you realize that this is a blatant move to completely clear the U.S.A. of middle class American citizens? You will be the ones necessary to be brought

under total control for the rich are on "their" side and the poor are your responsibility to "afford" already--the middle-class will be drained and removed for you are too dangerous if and when you awaken to the truth. It is planned to bring you to helplessness before you awaken and the time is at hand!

Dharma, close this portion for I realize we are not finished with an Express but I request that George have this document in order to fax it to his contacts post-haste; by early afternoon, please. Thank you and I salute all of you for your tireless service to your brothers. Salu. Hatonn to clear to stand-by.

Commander Gyeorgos Ceres Hatonn
United Federation Command

10/31/90 HATONN

In the radiance of truth and the encircling Sacred Circle of Infinity, by and through the Grace of God and in the purpose and intent of service unto God and Man, I am here; Hatonn.

INFORMATION SORTING

As ones who are joined with you ones in intent and purpose and labor in these vineyards of truth, I see the impatience and overwhelming "overload" of, "How do we get ALL the information to print and also get the remainder of our tasks into manifestation?" Dharma, I see and feel the pull from the other tasks you perceive to rest upon you--nay, nay--one step at a time, for you and me, it is first the WORD.

Ah, but there "are so many words", you rebut--"so many subjects!" Yes, precious, and

they all must be touched upon so that man can then go and know that for which he seeks. It does not mean that we need write of it all again and again; however, we must continue longer in the myriad subjects to our best ability that each might find the key which unlocks the FIRST door so that man will continue past the other doors of knowledge. It is the very least that we can offer unto our brothers who have become people of the lies. So be it.

First we deal with that "which is". Man must confront that which IS so that he can change of it into a path to glory instead of a path into slavery and destruction. He must see a glimpse into the distant past, correlate it to the not so distant past and see, again, the correlation with that which is thrust upon him NOW! Day to day the scenario changes but the plot is ever the recycling of similarities.

Remember that which I gave unto you a few days past: "All macroscopic objects have discernible differences, but if you enter the microscopic world of molecules and atoms you find absolute identities." To round out perception, we must allow you to see inside this world of quantum physics so that you can look within the Cosmic Code and into the language of nature.

Further, we must be able to cross the bridge which moves from the finite into the infinite. Oh, I see, Dharma; you "can't do that because you know not that?" Chela--I DO! IT IS BETTER THAT YOU DO NOT! In this way, you come as the innocent child awaiting knowledge--not efforting to correct mine. So be it and se-lah!

First, however, MUST come

understanding of your current circumstances so that you can understand that which must be done to remain in ability to function properly to come into the additional knowledge of universal language and truth. Be not too impatient, chela, as we write of the heinous for you must look squarely into the truth of that which has been thrust upon you by the foes of God-ness and THEN, ONLY THEN, can you understand the process of transition and higher manifestation in tapping of the Cosmic and Universal particles from which all is made manifest. Let us only ask that we can keep it simple and beautiful enough for our brothers to understand without mysticism and magic nonsense. It is the very SIMPLICITY of the universe which astounds and confounds--not the complications, dear ones.

Then you ask of me, "Why must we bring controversy into the picture which gets me killed or maimed?" Because you must know who the players are, my dear. If the wolf is dressed as the sheep and hides his truth from you--how do you protect the sheep? You must learn the historical data regarding the wolf and then watch for the clues which always give the trickster away in the light of truth and confrontation. A sheep will continue to be a sheep; the wolf will "blow" his cover!

Relative to the above statement, the ancient Khazar Zionists did all the right things to deceive to this very point in time to fulfill the prophecies as put forth against this turn of the cycles. The question has always been, "Who will see the clues and recognize the 'wolf'?" The Zionists USE THE JEWS (sheep) as the cover and it is not realized, until too late, that

the wolf has possession of the entire flock. Truth will stand, chela, against all rebuttals and stone-casting, firing squads and election ballots--truth does not come from majority rule. TRUTH IS!

So that you can continue to balance what is occurring this day in your world, we must continue with relative scenarios cast side by side with that which is put forth this day--right now--in Global intent for One World Order and Global control. Dear ones, the scene was essentially the same even, let us say, at the fall of Babylon. Let us herein do a bit of comparison peeking regarding that very topic--Babylon.

REVISITING THE FALL OF BABYLON

You live in a world that grows more complex and more confusing with each passing day--week by week, month by month, year by year, decade by decade and so on. I like to work within the years past in about 10 to 15 years, because you can remember those incidents first hand. Then we can compare instances of ancient myths which relate so closely that if we changed a few terms here and there, the story could be the identical play format for this day.

Even though little actually changes, let us consider you so-called "Americans". You are typical and fairly new as a nationality so it is easy to be observant. I do not play favorites herein, it is just "simple" as example. ♪

You Americans are very fond of praising yourselves for the great man-made wonders of your age and you don't even know the tenth of it. Whenever the obvious dangers to your

continued existence as a nation prey on your minds, you are always reminded that you, the great United States, have already survived for the two centuries since your Republic was founded. Scarcely a day passes that you are not reassured by your rulers, elected and otherwise, that you are the mightiest nation on earth. Your technology, you are told, day in and day out, is so wonderful that it is impossible that any other nation on earth, especially the poor, backward Soviet Union, for instance, might surpass you in any important way. In other words, you believe you are technologically impregnable. Unless you become prematurely concerned over the impact of the recent radical changes in your weather, certain news reports tell incredible lies to the effect that the United States has a two-year, minimum, store of grains in your storage bins--all the while, they are empty. In all this, the behavior of the U.S. today is like that of countless civilizations before you--**JUST BEFORE THEY PERISHED! IN MANY RESPECTS THE GREATEST SIMILARITY OF ALL IS WITH THAT OF ANCIENT BABYLON JUST BEFORE ITS ABRUPT FALL FROM POWER!** The origins of the U.S., unlike Babylon, were strongly moral and spiritual in content, and the system of government set forth in the U.S. Constitution, which freed men in a way unparalleled in human history, was conceived by men who understood man's place within God's creation. This heritage still lives today in the hearts of many Americans, but it's rapidly being snuffed out under the bondage of rulers who are superimposing the pattern of ancient Babylon on your beloved land.

The Babylonian pattern is totally evil, and those who choose to bow down to such Satanic rule thereby make themselves part of it. The origins of ancient Babylon are lost in the midst of time, perhaps 5,000 or so years ago, but it reached its peak around 600 B.C., at which time it was undisputed as the most powerful empire the world had ever seen. The City of Babylon was the Rome of its day, the most important trading center, the most powerful military force, the greatest cultural influence, and even a center of tourism because of its remarkable hanging gardens (one of the seven great wonders of the world!) and other man-made wonders. The huge city of Babylon was surrounded by city walls so high and so thick that they were impregnable by any military technology of that day; and inside the city there was a two-year supply of food, making any attempted siege against Babylon unattractive. And there was no lack of water either, because no less than the mighty river Euphrates ran through the city. Yes, Babylon was powerful, wealthy, and so secure in material terms that potential adversaries were hardly ever taken seriously. Even when it became clear that the increasingly powerful joint empire of the Medes and the Persians had designs on Babylon, there was no real concern. With all their means of protection against invasion and their unrivaled prosperity, the Babylonian attitude was simply, "It couldn't happen here." And so when the medo-Persian army of Cyrus and Darius laid siege to Babylon, the only response of the ruler of Babylon was debauchery, feasting, drunkenness, and mocking any real power greater than himself.

At this point you are told that

the Babylonian feast was interrupted by the appearance of a hand in midair writing words on the wall that said Babylon's rule was at an end, that its ruler had been weighed in the balances and found wanting, and that the kingdom would be divided and given to the Medes and Persians. The handwriting on the wall said the impossible was about to happen--Babylon, the impregnable city, was about to fall--How could this be? No one in Babylon had ever had experience with invasion and so could not imagine such a thing; and yet, within a few short hours, before the drunken feast even ended, the impossible simply happened!

First, the water level in the mighty Euphrates River, flowing through the middle of Babylon, started dropping rapidly. (Knowing that the Euphrates is all but dry below the man-made dams of today, should be about to give you a bad case of hives/rash.) The water dwindled to a trickle, and soon stopped altogether. Cyrus, the Persian, had worked out of sight of Babylon and had diverted the Euphrates out of its normal channel. Now the great impregnable walls of Babylon were left with huge openings--namely the river bed no longer filled with water, and in marched the Medo-Persian army, conquering Babylon without resistance. And a decade ago, the United States was under total siege by the Soviet Union with the cooperation from within of Quislings. You were threatened by the joint Rockefeller/Soviet Empire just as Babylon was besieged by the joint Medo-Persian Empire.

The message was still one of "no worry"--"It couldn't happen here!" Today, it is never said to you that you will have your

troops in the Middle East wiped off the map and worse, you will never know--unless you begin to listen hereto--that it was fully planned and orchestrated by those who would CONTROL YOUR GLOBE.

Dear ones, just as it happened in ancient Babylon, the handwriting is all over the walls for America and the free nations of your planet. The America you know today is a perversion of the pattern originally laid down for your beloved land, and America, as you know it, is coming to an end--actually, that wondrous America you knew is already to an end, some years past.

It appears that the similarity may be missed for you might say, "Ah yes, but the Achilles' heel of Babylon was "water". WATER IS AGAIN "YOUR" ACHILLES' HEEL and you simply have no perception of such.

HOW SO WATER?

Without going into great detail, I can tell you that there is the ability to rupture every dam in your nation of America, and cause earth upheavals. Weather changing devices are prevalent to destroy normal sequence of rainfall. Further, there is already contamination of your water supplies with all manner of toxic substances and radioactivity.

Your nation has been trained to use abundant water and waste water to the point that you don't know how to function without it in abundant supply. You have elaborate viaduct systems for taking water from one place to another. You have depleted your ground-water reserves and still, in the West it rains not! Four years of drought in southern California

has all but devastated the ground-water. Now, add to that broken viaduct systems of contaminated water. Your farm crops and orchards are completely dependent upon irrigation---Do you begin to see? If any of these things are introduced, you will be in deep yogurt!

But what has that to do with the Middle East and Oil? Everything! The Israeli Zionists want war, Russia and the U.S. made a pact to not allow a "nuclear" war until 1992, in the Middle East. Russia has the technology and cosmospheres in place whereby, if you push and nuclear war erupts--GOOD-BY VIADUCT SYSTEMS, EARTH FAULT STABILITY AND THERE GOES LOTS OF DAMS INTO ETERNITY! YOU SEE, THE KHAZAR ZIONISTS DO NOT PLAY BY THE RULES NOR DO THEY KEEP THEIR COMMITMENTS! ONCE UNDER WAY, THE PLANS CAN GO AWRY IF FANATICAL PLAYERS COME INTO THE EQUATION. HOW WILL IT GO, HATONN? I can only look at probabilities and possibilities and pray just like you! I can tell you what "their" plans are and relay them to you but they change as the information goes forth. By informing and other players stopping some sequential necessities, you are still in one piece BUT, GLOBAL PLAN 2000 IS RIGHT ON SCHEDULE!

HOW DOES A NATION SURVIVE SUCH THINGS?

Now we come full cycle into the importance of spiritual truth--or spiritual guidance, even if not totally in truth but Godly in "intent", although marred by incorrect information.

Of all the things that determine whether a nation will survive or succumb in time of crisis, the human spirit is still the most important. A strong spirit and deep resolve can overcome seemingly insurmountable obstacles, and it can make a people impossible to conquer; but a weak spirit, without convictions or values, leaves a people defenseless--defenseless no matter how much armour they may wear or what weapons they may command. This is why the human spirit has been the most consistent target of all, both of the "One World" group and of the rulers of your adversaries.

DIVORCE MORAL AND SPIRITUAL LESSON OF TRUTH

The first step is to divorce the moral and spiritual lessons of religions from daily decisions and actions, as if the two have no relationship to one another except for lip service. Then the spiritual teachings for which churches *originally* existed are diluted and the laws of God replaced by suitable "modernizing" "to fit the need of today". Then the spiritual truths are replaced with preaching about economic, political, and social issues. Next, to top it all off, the word goes forth about something "invented" called the "rapture" (dear ones, not even your Holy Bible speaks of such a thing as "a rapture"). The latter is to reap destruction upon the masses and the former is to play with the fires "of hell". But this is exactly what the National Council of Churches and its sister organization, the World Council of Churches, have been doing for decades.

Prior to the end of November, 1950, the National Council was known as the Federal Council

of Churches. For many years the Federal Council had been dominated at the national level by the Rockefellers and their agent John Foster Dulles, and was the recipient of several grants from the Rockefeller Foundation. But the Federal Council became so totally identified with political activism in support of socialist causes, it became an object of increasing distrust. Accordingly, the name was changed to the National Council of Churches, and its tarnished halo was polished up with public assurances that this was a NEW organization which would devote itself to the real business of the church. There were many influential laymen in the churches under the umbrella of the National Council who wanted to help insure that the supposedly new organization would truly devote itself to proper areas of church concern. As a result, a National Lay Committee was brought into being under the chairmanship of the late J. Howard Pugh, a truly great American, who was a director and president of the Sun Oil Co. when it was still free of the grasping clutches of the Rockefellers. The National Lay Committee existed from March 28, 1951, until June 30, 1955, for you who want to look it up.

WHAT HAPPENED?

The whole story of what happened to the National Lay Committee of the National Council of Churches is told in the "*Chairman's Final Report*" by Pugh. Unfortunately that important report has long been suppressed and buried very, very deep. However, I know that you can't rest until you have the tid-bits so let us consider a few passages which will be taken from "*The Chairman's Explanatory Letter*". This letter served as a Foreword to the

Report as a whole:

"The failure of this most important effort to bring about an enduring partnership between the clergy and laity, I feel a very real responsibility to provide a comprehensive and factual account of those steps which led to the Board's action--discontinuing lay participation.

"We lay people found ourselves not only deeply in the minority but often poles apart from the clergy who invariably out-voted us 10 to 1 in these sessions.

"The members of the Lay Committee were often misunderstood in their urgency to keep the churches out of politics and their insistence on the promised evangelism. Our premise was that instead of appealing to the government, the church should devote its energies to the work of promoting the attributes of Christianity--truth, honesty, fairness, generosity, justice, and charity in the hearts and minds of men. We attempted to emphasize that Christ stressed not the expanded State, but the dignity and responsibility of the individual.

"Their philosophy, it seemed to the Lay Committee, looked to an ever-expanding government.

"With few exceptions, the members of the Lay Committee had agreed to serve only because they had been assured that the new National Council would avoid the political involvements and controversies of the old Federal Council of Churches, which was now

superseded.

"Most of the members of the Lay Committee came finally to the realization that a wide chasm existed between the thinking of the laity and the clergy and executives of the denominational bodies which comprised the National Council.

"Now since June 30, 1955, the Committee ceased to exist as a committee of the General Board.

"The members of the Lay Committee believed, and so stated, that the political adventures of the National Council in the field of economic and political controversy would seriously hinder and not further Christian leadership in the pressing fields of evangelism, fellowship, and education.

"It appears from the record that the National Council could find no room for opposition to the philosophies and practices carried over from the old Federal Council. Lacking the patience to resolve the basic problem, it has sought to bury it."

And thus, dear ones, more than 30 years ago ended the last major effort to deflect the Rockefeller-dominated National Council of Churches away from its political programs and toward concern for spiritual matters. After more than four years of frustrating and fruitless effort, the national Lay Committee was dissolved and the prize forfeited. How many of you will roll-over as you are thwarted in this, our work? We shall see. That dissolution signalled the end of any influence of the general church population of America on the policies

in the National Council of Churches. The National Council proceeded on its way, proclaiming to the public that it represented 34,000,000 Protestants, while using this power base to help undermine your free Republic--and the churches themselves to the very fiber and core of the truth itself.

THE NATIONAL COUNCIL

has done irreversible damage. It has weakened and dulled the spirit of millions of Americans and foreigners who seek truth through the lies. It has softened and made "legal" in the eyes of the churches and the laity all manner of activities totally against the laws of God and The Creation. It has weakened and wiped out your ability to discern and judge actions. You refuse to speak out against evil for fear of being labelled bigot or "square". You now bless that which is evil and taunt those who practice things of moral rightness.

Will you see the way? CAN you again see the way? I can only give unto you truth and you must make the choices. Let us hope and pray unto our Creator/Creation that we can regain balance, truth and understanding and that God shall grant Grace unto the petitioners in truth. You can regain the wondrous spirit, instead of continuing the destruction, if you will but turn again unto the lighted path.

Do you see, chelas, that if you do not turn about and change these things of error--the rest is of no consequence? What good would it do to know quantum physics and cosmic codes if you are enslaved by your own doing? What good does it do for you to know that "visibility

of manifestation" is attained at a harmonic of 169443 relative to the latitude/longitude and dependent upon the minutes of arc and degrees in direct relationship to the speed of light harmonic? Now, suppose that you know that at a harmonic frequency of 169443 you have "visibility" of unified structure (or, could it be 16.9443 or 1.69443 or 169.443?) It doesn't matter for all are a direct derivative of the "keystone" of mathematical infinity. Let us suppose, now, that you know this "magic" number and at a certain "grid" location all mass becomes visible at this finite frequency--What have you learned? If you know not how to achieve that frequency--you have learned nothing!

"Well", comes the next thrust--"why don't we "invent the wheel with this wondrous mathematical equation?" Because it is already invented! YOU just don't have it! Further, if you don't turn your mass of chaos around and about--you will neither have it nor have need of it. I repeat--YOU CAN MOVE TO GLORY OR BE SWALLOWED BY THE CHAOS! THE CHOICE IS YOURS!

Allow us to close, chela, as the day is at twilight and other things are in need of tending. Thank you for your service and may we all ponder upon our relationship with God for I prefer to move us into GLORY! AHO! AND SAALOME' Hatonn to clear, please.

10/24/90 SOLTEC/HATONN

TODAY'S WATCH

Hatonn present in service unto God and Man--within the Light of Truth. So be it. I ask, Dharma, that you avail yourself and service, briefly, to Commander Ceres Anthonious

Soltec for, before we write this day, I must call urgent attention to you ones. There has been a rather small earthquake within the past 12 hours in northern California which bears great importance. It is a sign to you ones who will "see" and "hear". The quake itself is not of great importance; it is the fact that it is in the area of Lee Vining (close to Yosemite) but that is not the point. It epicenters in the area where the radioactive "bulge" of molten matter made radioactive by your Nevada testing is "coming to a head". This quake has two points of interest--it tells you where first the toxic material might surface and also relieves a bit of pressure from the "cone" itself. I move to stand-by, thank you.

* * * * *

Soltec present to speak of general information regarding the type of quake just experienced in this most important area. I am responsible for the command following most closely your earth changes in a "geophysical" attitude and, hopefully, allow you ones to have knowledge regarding these changes and "possibilities" involved. I can also tell you what to look for relative to a given action as follow-on. Please do not ask me to define explicitly in "Earth-timeframe". We calculate possibilities and probabilities by "sequence of events". I shall also make it as simple for general understanding as I can find words to fit descriptions.

The relatively small quake in point was experienced in California to the coastal area near and around San Francisco as well as throughout portions of Nevada (most important indeed). To allow understanding to the "lay" public, I must first speak of vulcanism in general.

Therefore, I ask ones who know all this information to please be patient, for we find that 99.9% of the human masses do not have the foggiest idea of that which we outlay unto you.

VULCANISM

The term "vulcanism" implies volcanos--and they are, to be sure, a spectacular product of it. But vulcanism involves much more than mere volcanos. *Any invasion of the earth's crustal zone by magma from below is properly called vulcanism.* If the magma pushes its way far up into the crustal strata but does not reach the surface, it is termed *intrusive* vulcanism, but if the magma flows out onto the surface via volcanic or other vents, it is called *extrusive* vulcanism. (These, of course, are Earth/English words and will need translation for other language groups.)

The question may well be asked, "Why does molten material from the earth's interior force its way into and through the hard rock of the crust?" This is one of the questions that has vexed your geologists for many years--not only, "Why does magma invade the crust?" but, "Where precisely does the magma originate?" It is obvious to you "close" observers that release of pressure on the interior of the earth by deformation and fracturing of the crust triggers the outward movement of magma, but whether it originates initially at the earth's core, the mantle, or even the crust itself is difficult for you to determine for you have not enough knowledge or ability to research those pressures and temperatures to reach valid, provable conclusions.

It depends on the TYPE of volcanic activity. Most volcanos tap only relatively shallow source regions; however, this does not obviate the deep-seated sources for certain types of volcanic activity.

Nearly all major mountain masses are underlain by intrusive masses, and frequently there is some sort of extrusive vulcanism in evidence as well--simply through visual observation.

Mountain-building mechanisms such as folding and faulting cause vulcanism, but vulcanism, once set in motion, can be a potent mountain-building mechanism in its own right. Massive intrusions may lift and warp the surface layers, and extrusive magma, finding it way to the surface through faults, can build huge piles of volcanic rock. Also, intrusions may be exposed by the wearing away of the softer overlying strata by erosion, and the hard igneous mass will stand up as highlands. The Adirondacks and mountains of New England, for instance, are of this type.

Please understand that I am speaking of the United States in this instance for this is where the scribe can have association and this is where the subject in point has and is occurring. The information is valid for all Earth locations geographically.

Other examples are the smooth lava flows in Alaska's Valley of the Ten Thousand Smokes which poured out of a volcanic vent just a few of your decades past and still have the appearance of motion as observed. Today the area, Katmai National Monument, as you have named it, has only about 100 smokes active. It is, however, an area only in the "sleeping".

Another great example of a

landscape filled with volcanic plugs, the Kapsiki Mountains in Cameroon, is far different in visualization. Where each great "protrusion (plug of rock lava) was once a live volcano, its vent filled with molten lava. As the volcano expired and eventually eroded away, only the solidified igneous rock, relatively harder and more resistant, has survived for your modern-day viewing.

INTRUSIVE VULCANISM

BATHOLITHS AND STOCKS:

The largest of the intrusive masses is the *batholith*, found to underlie every major mountain system and frequently exposed at the surface as the roots or cores of ancient mountains that have eroded away. But the batholith is not merely the upper margin of the monolithic Sima volcanics. It is a lobe that has forced its way well beyond that into the sedimentary (or altered rock) layers that form the continental epidermis, because of lessened pressure as a result of diastrophism. As for size, a *stock* is simply indication of "size". There is not "reason" of two terms other than somebody felt it helpful to describe the "bulging" or "hat" under the surface as a *batholith* if over 40 miles in area and a *stock* if smaller. Both will be found in the same "bulge".

The batholith and stock are coarse-grained igneous or plutonic rock that has obviously cooled slowly deep underground. At their point of contact with the stratum above is a metamorphosed aureole or baked zone where the combination of heat, pressure, magmatic fluids and gases have commonly given rise to concentration of useful minerals.

For practical Earth purposes you may as well regard as essentially "bottomless" structures, and intrusive rock has not been "seen" to actually crystallize as extrusive lavas have. You are, as usual, dealing again with conjecture on your placement and it serves well enough in concept.

LACCOLITHS:

On a much smaller scale than the batholith are several other kinds of magmatic intrusions. One of these, the *laccolith*, has some of the character of a small batholith or stock except that it is fed from below by a tube cutting across the overlying strata like the conduit of a volcano. However, where the volcanic bore gets into the surface rocks, magma rising up the laccolith feedpipe loses some of its impetus and spreads out between two flat-lying rock layers, eventually forming a lens-shaped mass that lifts and bows the surface into a dome and this is indeed most important to the subject in point.

SILLS:

Similar to the laccolith but much more common is the *sill*. In this case the invading magma spreads out as a flat sheet, often for many miles, but does not throw up the overlying layers. Sills come to your attention when erosion exposes an edge as a sheer wall, often darker and harder than the surrounding rock. The down-cutting Hudson River, as example, has revealed a sill in the Palisades that is particularly striking because of the columnar jointing of the cooling magma. Another major feature standing out in a moderately subdued landscape is the Great Whin sill of Northumberland, England. The black escarpment describes a 100-mile

crescent from the Pennines to the sea, and since its steep side faces northward, it was seized on by the Romans as the foundation for Hadrian's wall. Again, within the U.S., you will have a good example in the Black Canyon of the Gunnison.

DIKES:

If the invasion of the surface layers is in the form of a thin sheet cutting sharply across all horizontal strata but falling short of intersecting the surface, then you have a *dike*. Visualize a sill turned on edge, except in the case of a dike it draws magma from its entire lower edge rather than from a bore or conduit. Dikes often occur in swarms, most frequently radiating from a volcanic vent. If the resulting igneous rock is harder than that which surrounds it, erosion may lay bare the solidified magma in the volcano conduit as a *neck* or *plug* and the radiating dikes as long narrow ridges. Ship Rock, New Mexico, is an outstanding example. One can see the radiating dikes exposed at the surface and Ship Rock itself is a volcanic *plug*.

PEGMATITES:

Note that although the originally molten rocks involved in intrusives are properly classified as plutonics and should therefore display a coarse granularity, only the batholith or thick sill is highly typical. Generally, the smaller intrusives isolate the magmatic melt into such thin or limited quantities that cooling is quite rapid and crystal formation is impaired. However, it is possible that a long intrusive finger may keep its contact with the molten mass below and selected gases and fluids will find their way into this backwater (*pegmatite*). Occasionally, crystals

will grow to huge size under these unusual conditions. In South Africa mica crystals have been encountered measuring 10 to 15 feet in width.

EXTRUSIVE VULCANISM

VOLCANOS:

Volcanos are, of course, of particular interest not only because of their unpredictable explosive habits but because of their impressive structure. They tend to follow fault lines, and thus the world's great seismic zones. Faulting, earthquakes, and volcanos go together, and faulting is the basic cause for the other two. The Pacific's unstable margin is often popularly referred to as the "*Pacific Ring of Fire*" because of its extensive volcanic activity. Everywhere, cones of all sizes, both active and dormant, are evidence of continuing vulcanism.

It is foolish indeed to ever refer to any volcano as "dead". Dormant is your word most suitable for use and should be used if there has been no eruptive activity in historical time. Even historic time is not sufficient. For instance in 79 A.D., your labelled "Vesuvius", was not even a very imposing landform which was half hidden inside the broken remnant of the older Monte Somma and had never erupted in the memory of human inhabitation. There were not even any fanciful legends of vulcanism, so long ago had been its most recent activity. Yet in that fateful year Pompeii was buried in a great blast of fiery ash and Herculaneum was overrun by repeated flows of hot mud. Then for sixteen centuries there were only ten additional major eruptions. But in 1631, after 130 years of quiescence, Vesuvius began its modern, more fre-

quent eruptive cycle marked by increased lava flows that had been of little consequence earlier. So today Vesuvius is by any measurement active, its personality changed considerably from its former self; and if Somma is any evidence, there have been many times in the distant past when Vesuvius and its precursors have surprised the sleepy folks along the Bay of Naples.

The United States' own Cascade Mountains, pimped with 600 miles of snow-capped cones, must be regarded as merely dormant. Lassen Peak, the least spectacular of the lot, was active in 1914-15, but there has been a tendency to think of the others as "scenery". All are very new, geologically speaking, scarcely mutilated by erosion, and this, of course, is why they make such outstanding scenery. But by the same token, dear friends, they are more likely to be alive than dead after such a short time span. Evidences pointing to just such a likelihood are very modern cinder cones all around the base of Mt. Shasta, another in Crater Lake, recently discovered by your own geologists, hot spots high on the slope of Mt. Rainier and Mt. Baker, and Mt. Lassen itself.

VARIATIONS IN ERUPTION

No two volcanos are alike in their eruptive habits and as you have seen from the Vesuvian example, an individual volcano is often capricious. Some are spewers of ash, like Irazu in Costa Rica, which erupted continuously for almost two years (1966-1968), subjecting the residents of the capital city, San Jose, to a seemingly endless rain of thick dust. Others eject lava but with variation: Vesuvius goes off violently with

loud explosions and gushes of lava streaming down its flanks; Kilauea, the Hawaiian crater, quietly spills lava over its lip with a minimum of fireworks; Strombolian lava, cooling and crusting over lightly in the crater, traps gases beneath it, which explode every half-hour throwing incandescent clots high into the air. Then there are the spasmodic eruptors whose conduit becomes clogged with hardened igneous rock between eruptions. With a cork in the bottle, so to speak, it is not uncommon for the increasing pressures to blow out suddenly through a weak spot on the side of the mountain. This is what happened to Mt. Pele on Martinique in 1902. Internal pressure started the cork, pushing it out of the vent in the form of a high spire, but before it could wholly clear the passage the side blew out. A dense cloud of intensely hot gases and self-exploding lava mist swept down the slope to the sea, completely wiping out the town of St. Pierre in an instant.

CALDERAS

There is yet another kind of happening that involves the reverse of eruption, that is, a sudden emptying of the magma chamber. When this occurs, the entire top of the mountain, lacking support, collapses and is engulfed into itself. The end result is a huge crater-like pit called a *caldera*. Crater Lake, Oregon, is one of these. It is not a true crater because glacial evidences on the contemporary slopes indicate that a peak of over 12,000 feet must have existed to support full-blown glaciers. This reconstructed volcano, dating back probably some 8000 years, has been named posthumously Mt. Mazama. But volcanos can blow their tops--how do you

know that it collapsed rather than blew up? You can know because the entire surrounding countryside would have to be covered with debris from the old peak and there simply is none. So now you are faced with the question, what causes the abrupt evacuation of a magma chamber? And you have no certain finite answer.

Of more recent origin than Crater Lake is the caldera of Krakatoa, an island just off western Java. On August 27, 1883 there were four tremendous explosions, the last of which was heard 3000 miles away in Australia. A towering dust cloud was thrown up, noticeable around the world for two years, and a great tidal wave drowned 36,000 people. Subsequent investigation revealed that a deep pit had replaced two-thirds of the island but that despite the dust and ash ejected, the bulk of the island had collapsed and the sea had rushed into the resultant caldera. The area is still indeed active. A new volcanic island is building called by you, Anak Krakatoa (child of Krakatoa). But even the original Krakatoa was merely a remnant of an earlier, much larger island. Like Vesuvius, standing in the breached caldera of Somma, generations of crustal ulcers appear on occasion to be healing but the infection distressingly reasserts itself again and again when least expected.

LOSS OF LIFE

On recounting the loss of human life from volcanic disaster through the centuries, one might be inclined to wonder why anyone would choose to live with volcanos as neighbors. But if a given cone can be classified conveniently as "extinct", local residents come to love it, are inspired by its majesty, or

even regard it as divine--that "the mountain" could be venomous and turn on its friends is unthinkable, until, of course, it does so. Agricultural people are drawn to the frequently fertile lava soils, willing to take an unknown risk to derive a known livelihood. And if the giant should cough up rejuvenating showers of ash periodically, so much the better. Anyway, absolute security is not a guarantee of living anywhere. Why would anyone choose to live in earthquake country, tornado alley, or along hurricane coasts? The law calls these "acts of God", and God seems, in the short run, less lethal than midtown or freeway traffic, which threatens you all on a daily basis.

CLASSIFICATION BY CONE SHAPE

The simplest classification of volcanos is on the basis of the shape of the cone. Most of them fall generally into one of three types that are easily recognizable, and the cone shape also gives some indication of the type of ejecta and the eruptive habits of the volcano.

First, there is the *cinder cone*. This is the product of a violently explosive volcano where the lava has solidified in the vent, forming a plug. The accumulation of steam and magmatic gases gradually develops sufficient pressure to blow the plug with such force as to shatter it into tiny fragments (called *cinders* and *ash*), and these are deposited in a symmetrical pile around the vent, the larger particles nearest the vent and the finer ones farther away. The resulting cinder cone is steep sided (around 37 degrees, the maximum angle of repose of unconsolidated material) and usually symmetrical (Mt. Asmara in Ethiopia). Although

evident in many parts of the world, the cinder cone seldom achieves any great size, as erosion rapidly wears away what is essentially merely a pile of loose material. The disappearing islands of the Pacific are often mere cinder cones, where an eruption may throw up a pile of solid ejecta above the ocean level to be visible for a few days or months until wave action removes it.

The second type of volcanic cone is called a *shield* or *dome*. Here a quiet flow of fairly fluid lava issues from the vent, forming a vast low-angle cone as it cools. Mauna Loa-Mauna Kea whose 13,000-foot tips form the island of Hawaii is an excellent example of this type of cone, and if the low angle of the island's slope is traced to the sea bottom some five miles deep, the true size of this twin cone becomes apparent.

As often as not, however, a volcano passes through several stages in its history, alternating between explosive eruptions and lava flows. The resulting cone develops a combination of the low-angle shield and the high-angle cinder cone. These are *composite* or *strata* cones and display concave slopes with a sharp peak. Imagine first a cinder cone, but before it can erode away, it is overlain by lava flows. Then built on top of this another cinder cone, followed again by lava. The end product looks like Fujiyama, Shasta, Ranier, or Egmont, the world-famous volcanos that inspire poets and legends. The most tell-tale concave slope development, however, is shown by Mt. Shishaldin in the Aleutians which is smoking and active today. Its classic shape is totally unscarred by any type of erosion as it continues to build. Currently, Shishaldin towers well over 9000 feet above sea

level and almost 40,000 feet above the ocean floor and growing.

The four formerly mentioned volcanos are considered dormant, but El Misti in Peru is equally as impressive and still active, as is Mayon in the Philippines. Mayon, despite its generally low elevation and lack of picturesque snowcap, is reputed to be the most perfectly shaped of the world's composite volcanos. ***I URGE YOU TO NOT BE FOOLISH IN YOUR ATTITUDE THAT THESE "DORMANT" GIANTS ARE CONTINUING IN DORMANCY. THE ENTIRE OF THE CASCADE CHAIN IS AWAKENING.***

Now, let us turn to a most important link-up with information regarding the current quake in point:

FISSURE FLOWS

Lava, in pouring out onto the earth's surface, does not always issue from volcanic vents; it may well out of faults or fissures many miles in length. If the lava is highly liquid and the terrain fairly subdued, such *fissure flows* have been known to cover thousands of square miles and build up extensive plateaus as in eastern Washington, eastern Oregon, southern Idaho, and northern California, U.S.A. The bulk of peninsular India is also of this origin. In Washington the Columbia River Gorge and the Grand Coulee reveal along their sides a banded layering of differing colors and textures, each of which represents a separate flow. On occasion, the hot lava will be heavily charged with gases, and as the lava cools, the escaping gases leave holes in the rock, making it extremely porous. Water will occasionally flow through the

permeable (*scoriaceous*) rock as though it were a pipe. It is also possible that in a moderately viscous flow, with the surface cooling and congealing through contact with the atmosphere, the hot, still liquid lava underneath will run on and out leaving an igneous cave.

SO WHAT, SOLTEC?

If you reason carefully regarding the quake in point, you can determine the situation and watch for further example or increased activity--in any and all directions. This can allow you to begin to determine likelihood of damage and extent of passage of radioactive material from the Nevada testing site. Because of underlying strata, the flow will be toward the Pacific Sea and will, obviously, affect the immediate areas around the site of the "caldera" container and the direct fissure network radiating to the sea.

It would be expected then, that material flowing from the nuclear testing center in Yucca Flats outside of and north of Las Vegas would flow along fissure lines into Death Valley and thus and so, however, this is a false premise. A brief and general outlay of descriptive flow from Yucca Flats test grounds would be between the Spring Mountains to the west and the Spotted Range and Sheep Range to the east, moving through and into "Devil's Hole" which I believe is one of your National Monuments north of the town of Pahrump, Nevada, on the south edge of the Amargosa Desert east of the Amargosa Mountain Range and scattering in all directions. The most open and active fissure, however, runs on through (under) Sarcobatus Flat, between the Inyo and Toyabe National Forests and pools in the major underground-to-surface

cauldrons beneath Mono Lake. Mono Lake is not formed for no reason, dear friends, and it is quite a toxic lake in its already pristine state. *Lee Vining is at Mono Lake!*

Does this mean the only danger from radioactive material problems would be along that route, then scattering out from the Mono Lake Bulge (which by the way, is under water for the most part)? No, it means that it is where the weakest surface portion of the landscape lies. The fissures running into southern California are much more extensive but are deeper and less likely to show surface bulging. The flow, however, is much easier with much less interference from strata mass. ***THE MAJOR FISSURES ALL END UP AT THE SAN ANDREAS FAULT!***

When you hear of the prophecies expecting death from open fissures exuding death-causing vapors--it will be from toxic substances, yes, but deadly because of radiation from foolish man-made experiments of nuclear materials.

How much will surface, if it surfaces? I cannot answer for it depends upon pressure buildup, pressure slippage vs. man-caused slippage and extent of flow. You can expect deadly gasses to spring from what you call Lake Elsinore and on down to the Salton Sea. These gasses may or not be, radioactive. Watch the type of tremors for you can know if a quake is felt over a large area, it is a bit deeper than a little surface jolt. It means a lot of deep churning and activity in radiating fissures.

Since you do not yet show surface fissures to any great extent and very little surfacing material at this point, you can sur-

mise it is still in the "*intrusive*" stage and moved into the "*sill*" stage from and forming additional "*laccoliths*". *The area at Mono Lake represents a batholithic/stock in a location not noticed easily through visualization.* The lake is not "just getting lower from depletion of water" but is also more shallow from the "rising" of the lake floor.

I am not here, Dharma, to argue points of physical geology or geography. We have great difficulty with your new names for everything--the entire area described was once at the bottom of the sea and my vision and instrumentations recognize no difference except for isolating the identification of markers for you ones.

The quake in point is of little notice except for the massive information it should be telling you. More important substance is coming forth along the New Madrid fault but the toxic quality of the California tremor bears more destructive potential from that aspect.

The widespread activity is indeed important but I have not the facility nor you the understanding, to outlay it all. I just ask that you be at alert. If you can understand the functioning of your "Mother's" circulatory system, you can better know where safety can be found in order to continue service in this time of transition and upheaval. You in contact and counsel with the higher energies will be given to know if you but listen--you who just desire to save your assets (of all types) will likely not hear and discount much of this information--so be it for it is most certainly up to your own acceptance.

Thank you, Dharma, for scrib-

ing this information. I realize you have neither the time nor the interest in these matters but your service is greatly appreciated for I have no receiver regarding these matters in this location. Much, much focus is given to this area geographically, and I am greatly appreciative of your willingness to entertain my input. I ask the blessings of understanding in behalf of you ones awakening from the confusion of the sleep and I am most grateful to be of whatever service I might project.

I take leave in salute unto you of our "land-locked" fellowman. Saalome' and Salu!

Soltec to clear.

Hatonn returned to sign-off for this session as it has grown quite lengthy being that Soltec has not been subjected to having to reduce a chapter to a page nor a page to a paragraph as has been jested upon Hatonn. When we come back I will continue with items of "TODAY'S WATCH" and shake you up a bit with Quantum Cosmic Code. I shall at first reduce the paragraph to a sentence but as you might guess the subject is technical indeed and may require a bit more in-depth projection of wordiness as we move into the subject of genetic doubles abounding upon your place these days of political and technical chaos. So be it. Let us close this segment and take rest. Salu.

OUR NEWEST JOURNAL

THE MOSSAD CONNECTION

Hotfoot for the Phoenix
by Gyeorgos Ceres Hatonn

Americans, to understand how

their Constitution, and Nation, are being stolen from them (and who is doing the stealing) must understand the MOSSAD CONNECTION.

The "Thirteenth Tribe" of Israel, now self-designated as "ZIONISTS", is in control of both Israel and, through its political influence over some sixty percent of the U.S. Congress and its working relationship with the White House, the United States of America.

This book identifies those connections and clearly outlays the only potentially successful course of action open to the people of America to regain control of their Nation.

UPLOADING VOLUNTEERS

Are you willing to upload the Express or other Phoenix material on a volunteer basis onto computer bulletin boards? By way of clarification what we are asking is that anyone with modem capability input the Express material onto a computer and then upload via modem to larger systems for networking. We hope to plant the seed that will trigger ones to further distribute this material via computer. We are efforting at having ones so motivated in other areas of the country to do so, as our staff have their hands full. Thank you for the support. The WORD must go forth.

REQUEST TO READERS

We respectfully ask that you send us the name and address of individuals . . . sons, friends stationed overseas in the Iraqi situation. We would like to begin dissemination of information to those on the front lines but need direct contacts that the information not be blocked. Thank you for your assistance.
