MAY 1991 VOLUME XIII NUMBER 1

5/12/91 #2 HATONN BANGLADESH

Thank you, Ranos, for inquiring. Hatonn returned to continue. You must pay close attention to things which seem too unbelievable to believe--those are the most effective maneuvers. Now WHY, indeed, would Bangladesh be the focus of massive typhoons, then tornados and then topped off with an earthquake??? LOOK WHERE IT IS! Look and then consider: the tornados, for instance, were hitting from a storm system which was coming across LAND from East to West--not off the Bay of Bengal and, further, why would that particular series of events not be centered in Burma or India? It is to allow military (U.N. headed by Soviet Control through the U.S.) to set up indefinite "relief" bases next door to CHINA! There is nothing in the area which would give cause for a war or military operation of any sort--so you take the next alternative of such devastation against life that the U.N. is caused to step in for all manners of aid which, so far, has not scratched the surface of the need--and the entire area becomes in jeopardy of infection from the death unburied. Great landing strips for aircraft and heavy earthmoving equipment, farming and water purification equipment along with roads, etc., can be set in place for use--within mere months--ALL UNDER THE GUISE OF SAVING LITTLE BANGLADESH--FOR THE WORLD WILL NEVER KNOW THE EXTENT OF THAT WHICH WILL BE BROUGHT INTO THAT AREA. THIS, IN FACT, IS WORSE NEWS FOR THE WORLD THAN WAS THE

ACTUAL WAR IN THE SAUDI/IRAQ AREA. IF THERE IS NO NATURAL ENTRY--YOU MAKE ONE. SO BE IT. THANK YOU FOR INQUIRING.

THE AB's ONE-WORLD MONEY

This world dictatorship of which we are speaking, already exists *de facto*. It only remains to be established *de jure*. In order to do this a world monetary system must be established, but first, the current national monetary systems must be destroyed. Economic chaos MUST be created so that the people, suffering from extreme privation, will demand that the government "*DO SOMETHING*". Naturally, it will.

The solution that will be presented, sooner or later, will be an "international currency" which is already printed and introduced in some parts of the world--the first swing at it came in the Soviet Union--right off German presses located in Fort Worth, Texas, U.S.A. How can you know that it IS attached? Because the Soviets are babbling about going on the "gold standard" and that, brothers, is the full intent of presentation unto you-the-people: a return to a "gold standard" of which THEY have all the gold! This is going to make that bitter poison pill easier to swallow by the naturally patriotic but mesmerized and economically illiterate Americans, who have been sold a bill of spoiled goods by the "economists".

Plans for this system have *been under way for decades and are now READY FOR IMPLEMEN-*

TATION. DO YOU STILL THINK THIS IS IMPOSSIBLE NONSENSE FROM THE RAVINGS OF AN INSANE MINDLESS SCRIBE? THEN LISTEN UP TO THE FOLLOWING, FROM SOMEONE WHO SHOULD KNOW--AND YOU SEEMED TO RESPECT AT THE TIME OF HIS REIGN IN POWER, RONALD REAGAN, PRESIDENT OF THE UNITED STATES, AT THE 1983 ECONOMIC SUMMIT AT ROCKEFELLER'S COLONIAL EMPIRE ESTATE, WILLIAMSBURG, VA.

"The evidence is compelling that reconsideration of the world monetary system is overdue. Therefore, national economies need monetary coordination mechanisms and that is why an integrated world economy needs a common monetary standard, which is the best neutral inflationary coordinating device. But no national currency will do--only a world currency will work."

Yes indeed, in the original form, robotoid or otherwise, Ronald Reagan is an AB's agent, just as like almost every President since Woodrow Wilson has been. Even more so is George Bush, a member of Rockefellers' Tri-Lateral Commission, as was "born-again" Jimmy Carter.

The numerous AB's front organizations, such as the Tri-Lateral Commission, the Council on Foreign Relations (CFR), the Bilderbergers, the Club of Rome, 1313, and hundreds of lesser recognized organizations, all of which are fi-

nanced primarily through the AB's tax-free foundations, are virtually never mentioned by the news media, and corporations, whose presidents or chairmen belong to one or more of these semi-secret to secrecy-at-the-threat-of-death organizations.

A monetary collapse is IN-EVITABLE, AND IT IS VERY NEAR. Without the knowledge provided herein, Americans in general and Christians in particular will become prey like sitting ducks for the AB's. But all is not lost--YET. LET US LOOK AT ONE PLAN PUT FORTH THAT COULD BEGIN REVERSAL; IF IMPLEMENTED, COULD ALLOW FOR TRADE OUTSIDE THE "MARK" OF THE BEAST.

DEFINING MONETARY PROBLEM

The very first mandatory step in solving a problem is to analyze it. Every problem is a result, or effect, of a cause. The reason for analyzing a problem is to determine its cause. When the cause of a problem is clearly understood, the solution usually becomes obvious.

Strangely, however, according to your monetary authorities and "experts" (has-been, drips under pressure), bankers, economists, investment brokers, politicians, etc., the subject of money is too mysterious for mere mortals to understand. Such things as the "business cycle", "inflation" and "depressions" are blamed on everything from consumer, producer and worker "greed" to the astrological (no relation to logical) position of the stars--and ALWAYS ON YOU-THE-PEOPLE AS CAUSE OF WHATEVER FAILURE APPEARS.

Of all the incredible facts presented herein, perhaps the most incredible of all is that Americans, who take great pride in their technological achievements, swallow these bald-faced lies completely and swallow even the hook baited with poison. The fact of the matter is that money is a relatively SIMPLE SUBJECT and that business cycles are deliberately and scientifically created by and for the benefit of

those who control your money. Nonetheless--in the manipulation, historical evidence of the cycles are there for the viewing--as we have discussed many times prior to this. The cycles have "cycled" enough times now to see the symptoms before the disease blossoms in fullness.

Inflation, depression and business cycles are symptoms, or effects, of a cause. What is the cause? **The cause is an unstable supply of money with respect to the production of wealth!** (A debt money system is inherently unstable.) Therefore, the solution is to provide an amount of money in circulation that is proportional to the production of wealth. This is relatively simple (if you do it before all production flees the nation) but there are several factors to be considered carefully. First, is the proper definition of some frequently misused words so that we have EXPLICIT DEFINITIONS REGARDING THAT WHICH WE SAY ACCORDING TO THAT WHICH YOU UNDERSTAND!

Let us define "MONEY" as a **medium of exchange and a measure of value**, regardless of the form which it may take. There are two major forms of money: **commodity money** (gold, silver, etc.) and **created or fiat money**. A commodity money system is actually a barter system of trading one commodity with a certain market value for another commodity or service with a certain market value.

Incidentally, no commodity has "intrinsic" value, which only humans have. All commodity prices in a free market result from the law of "supply and demand". The price of gold, which is probably the most worthless of all metals for human use, is artificially established by the "gnomes" of London and Zurich, by which they control the economic health of every nation.

Created money is the only thing man can create. It is created out of nothing but paper and ink or computer bytes, but represents, or is a claim on, wealth. Created money **is not wealth**. Wealth is that which men produce for human use

through the intelligent application of energy to natural resources. Fiat is a French word which means "So be it", and in operation applies to an order or edict by authority. ALL paper money is "fiat" money. However, as part of the AB's' semantic subversion to control your thinking, "fiat" is used as a term of approbation, applied to **government issued, debt-free money** (U.S. Notes) to obscure and protect their criminal racket of Fed and bank-issued fiat **debt money** (Fed Notes).

TRANSPORTATION SYSTEM FOR MONEY

Money is the life-blood of society and performs the same function as blood does in your body, carrying food and oxygen to every cell and carrying away the waste products to sustain life. The blood system is actually a transportation system. Money may also be compared to a transportation system, as did Henry Ford:

The function of money is not to make money but to move goods. Money is only one part of our transportation system. It moves goods from man to man. A dollar bill is like a postage stamp: it is no good unless it will move commodities between persons. If a postage stamp will not carry a letter, or money will not move goods, it is just the same as an engine that will not run. Someone will have to get out and fix it.

Unfortunately (or perhaps fortunately for the rest of the world for you have a sound Constitution) your "engine" was deliberately designed with a fatal flaw which causes it to self-destruct and it can NOT be "fixed". It must be replaced with another engine of proven design but with a modern control system that will enable it to have cruise-control that will enable it to "automatically" adjust to changing power requirements (money volume) in order to maintain a constant speed (money value). If you pursue this analogy further, the steps necessary to implement an honest and stable money system become obvious:

First, the unconstitutional and criminal Federal Reserve System must be abolished and its primary function, money creation, taken back by the Congress to whom it belongs, both logically and legally (Art. I, Sec. 8, U.S. Const.).

Second, the new engine, of proven design, must be a debt-free money system similar to the tally system of England, the scrip issued by the colonies and the U.S. Notes which enabled Lincoln to preserve the Union and which have saved American taxpayers over 100 BILLION dollars in usury which would have been stolen by the AB's.

Third, a **STANDARD OF VALUE** for money must be established as a reference so that any deviation from it may be quickly detected and corrected. **THERE HAS NEVER BEEN A STANDARD OF VALUE ESTABLISHED FOR MONEY IN THE HISTORY OF MAN!**

At this point many will object, thinking, "The Coinage Act of 1791 established a standard of value," or "The Gold Standard Act of 1900 established one." No. What these and the other monetary acts of Congress did was to establish a **temporary** standard of **weight and purity of gold or silver coins** called a "dollar".

Their "value" was determined in the market-place by vendors and buyers who bartered them for other commodities. In a relatively static, agricultural economy, they served quite well as money. That is, until the AB's cornered the market on gold, forced it upon the people as the "standard of money" and then, "removed gold from circulation, as far as possible".

The myth that gold or a gold-based money system is the only way to provide stable money should have forever been put to rest when your nation suffered the worst financial panics and depression you ever endured between 1900 and 1934 when you were on a "gold standard". However, suffice it to say that the IDEA behind the premise was good--but the actual manipulation destroyed the validity. Those who continue to promote

this alternative today simply do so as either shrewd agents or ignorant (without knowledge) dupes of the AB's. For one thing, as I said before, the gold upon which you once could base a currency is, at any rate, GONE INTO FOREIGN DEPOSIT. YOU IN AMERICA DO NOT HAVE ENOUGH GOLD UPON WHICH TO BASE ANYTHING EXCEPT TO KEEP THE DECEPTION GOING A BIT LONGER--HENCE SOME OF YOU WHO LISTEN AND ACT CAN GET SOME MEASURE OF PROTECTION IF FOR NOTHING ELSE--COLLATERAL EXCHANGE.

Incidentally, the Pavlovian conditioning of the American sheeple became obvious in 1933 when they turned in their gold under orders from the AB's agent, F. D. Roosevelt. (It will be interesting to see if the shleeping sheeple's grand-lambs will turn in their guns in such manner when so ordered--soon now, so check it out; certainly begins to look like they will so you sheeple trained the grand-lambs very well indeed--to get totally fleeced!)

One reason that a Standard of Value was never established is that it was considered impossible to do so. Well, we are possibility-thinkers and operators--WE LOVE THAT WHICH IS IMPOSSIBLE FOR, WITH GOD, ALL IS POSSIBLE! After all, every man values everything differently from every other man and also differently at other times and places. Therefore, the first thing necessary to establish a "Standard of Value" is to determine what the general requirements for ALL "standards" are:

First, a standard must have **similitude**. That is, it must be similar to that which it measures. A standard of weight must have weight, a standard of length must have length, etc.

Second, a standard must have **stability**. That is, its value must remain constant under all conditions throughout the system which it serves. An inch is exactly the same length whenever and wherever it is used. But watch the bureaucrats--for a true story came out

of New York where the legislature wanted to round off the value of "pi" because the fractions were an inconvenience.

Third, a standard must have **commonality**. That is, everyone in the system must understand and have, or have easy access to, the standard unit. Most everyone in America knows what an inch is and has, or can easily obtain a rule (standard) with which to exactly measure it.

GOLD FAILS AS STANDARD

If you compare **any** commodity, and **most especially gold**, against these criteria for a **monetary standard** with which to measure **wealth**, you find them to be woefully inadequate.

With respect to the first criterion, **similitude**, there is no relationship whatsoever. The value of gold is determined by its weight and purity. While the price of many commodities (coal, wheat, meat, fruit and---) is determined by weight, the price of manufactured goods bears little, if any, relationship to their weight, the major cost factor being that of "labor".

With respect to the second criterion, **stability**, you find that gold is only chemically stable, that is, durable. (Is it possible that this word might derive from the Plain of Dura, where the King of Babylon, Nebuchadnezzar, first established the Gold Standard?) As a commodity in a free market its price would vary in accordance with the law of "supply and demand". As a controlled commodity, its price has been less stable than that of the stock market, and for the very same reasons.

With respect to the third criterion, **commonality**, while many people have gold wedding rings and some have gold fillings, very few have any gold coins which could be used as money.

Furthermore, the vast majority of the world's gold is owned or controlled by the AB's. **THINK ABOUT THAT CAREFULLY.**

Thus, it is obvious that of these three criteria for ALL standards of

measurement, gold and silver meet **none** of them as a **monetary standard**.

Incidentally, the "gold bugs" insist that money, in addition to serving as a medium of exchange and measure of value, must also be a store of value, which most of them erroneously refer to as "intrinsic" value. **But these are contradictory requirements.** Money, in order to serve its function as a medium of exchange, must be kept in circulation and the faster it circulates (called "V" for "velocity") the better it serves that function. If it is "saved" or hoarded, it cannot function as a medium of exchange. This is the reason for the need to continually mint large quantities of pennies, because many people fill jars or "piggy banks" with them as a form of saving, often using them as convenient doorstops as the jar fills. A better store of value would be gold. **But the best are, in order of priority: storage food, water, fuel, seeds, tools and silver coins.**

TIME IS MONEY

Since **no** commodity has all of the criteria to serve as a monetary **Standard of Value**, what in the world does? A clue to what this might be is given in Revelation 18:12, 13, which lists the treasures of end-time Babylon in descending order of value. The **first** are "cargoes of gold and silver" and the last are "slaves and human lives". Yes, the lives of men are the **least** valuable thing in Babylon. Does this not prove that you live under Babylonian rule today, when you send your finest young men to fight, suffer and die in the AB's' no-win wars and, even worse, permit helpless, unborn babies to be murdered by the millions?

If the Babylonian system is to be overthrown, then its value system must be reversed. Instead of everything being measured by gold or silver, the proper standard should be the **lives of men**. And how are the lives of men measured? By "TIME"! Yes, there comes to the forefront the **FACT** that the only **REAL MEASURE** of value is somehow established based upon the time of men's lives, or man-hours of work, etc.

The price of all things can be, and frequently is, based upon the man-hours of labor required to make them and market them. The price of something is often quoted in terms of the average man-hours of labor required to purchase it, especially in comparisons between different nations or time periods. In fact, this is the conscious or unconscious means by which everyone determines the value of anything to himself; how much of his life "time" must he exchange for it? Most everyone is already aware of the fact that "**Time IS MONEY**". Certainly would clear out the garbage and non-producers right away, also--the politicians who spend no time in production of positive goods, for instance, would be quite poor indeed. The ones who could work but refuse, would be soon quite hungry or go into production.

STANDARD OF VALUE

You could arbitrarily establish your monetary standard as one average man-hour of labor, which would be equivalent to setting the cruise-control at, say, 60 mph. This new standard of monetary value should also have a name, so let us call it a "Manny" and its 1% division a "Minn", for obvious reasons. No, this is **NOT** original with Hatonn and I am not sure to whom I owe these clever terms but we can give up-side credit (or blame) to one Carl Gorton and work backwards from there.

How well does a Manny meet the requirements for a standard? Let us compare them and see. First, **similitude**. Labor time is the primary factor in determining the price of everything and also the value of everything to each person, as already mentioned. Second, **stability**. There is nothing more stable than time, which remains fixed through all generations and nations. Third, **commonality**. Nothing is more common among men than time, which is distributed to all men equally; 24 hours a day and you can't take it with you when you leave.

Everyone understands time and virtually everyone has its standard of measurement on his wrist or kitchen wall. You measure and

regulate your lives by "time". It is, in attachment to "space", the only separation of the species within the third dimension, so it seems logical to measure progress through that third dimension by your primary commodity--"perceived time". For many things in your dimension, there is no other means of measurement. **THE REVELATOR**, for example. There is no dollar value which you can place on the work required herein to produce this document which is about ten times longer than the scribe had allowed for today's writing, nor on the experience, discipline, communications, etc., required to study, research, analyze, understand, and solve the problem. The only cost that can be placed on the effort is the **TIME** involved to accomplish the finished product. Thus, you find that the Manny not only meets all of the requirements for standards in general, but **uniquely** serves as a monetary **Standard of Value**.

To you who think I just referred to Dharma and Myself--nope, sorry--only in portion which will have to be adjusted to Manny Minn worth--**THE REVELATOR** is a fine publication from Cape Canaveral, Florida. In particular, for this article I honor one Carl Gorton. Look, chelas, it cannot be more difficult to figure out how to tend the increments of value than to carry eight-foot tally sticks. In fact, with calculators and computers, it should be simple indeed.

FUNCTION

By the way, this is totally uni-sex, dual sex, equal sex. Manny only refers to "persons" called generically "Man". However, we could call them "Pernnys" for "Persons" if you prefer. Minns refer to minutes so you can have Pernny-Minns--whatever grabs you to get away from the "GRAB" (Government, Religion And Banking). In honor of Mr. Gorton I shall continue to refer to the medium of exchange as "Manny".

The Manny system may be instituted by any taxing authority anywhere in the world and trade could be conducted with any other Manny-based economy at par, since all Mannys would be issued

against the same standard.

The taxing and money-issuing authority would print, with a one year expiration date, as many Mannys as necessary to meet its authorized expenditures. These would be paid into circulation as wages to government employees and to contractors for goods and services. The average wage paid would be maintained at the rate of 1 Manny/hr.

How? Very simply. For government employees, the actual average wage paid is determined by dividing the total wages earned by all employees by the total hours worked by all employees. If the result is more or less than one, the pay rate would be adjusted accordingly. (I would surely suggest monitoring truth in working, however.) For instance, if there are 1,000,000 man-hours in one week and their wages totalled 39,604,000, then each employee's actual pay would be increased 1% to maintain the standard of 1 Manny/hr. Actual individual wages might vary from base assessment of determined input. Now, "government" worklessers and recipients can't be figured accurately due to lack of production during many measured time slots, for the value of most government (especially ones in very high-ranking jobs) worklessers is indeed toward the negative side of the production scale and therefore should be considered for Manny demerit subtractions until such time as the worklessers get jobs in the production areas.

The direct adjustment in pay would be fine, however, for the 1,000,000 government employees, as example for this dissertation, but what about the 90 million who are employed by business and the 9 million professional and self-employed people? The earnings of entrepreneurs and professionals would not enter into the balance equation. The average wage of the 100 million employees would be obtained from every employer doing business in the nation and the overall average wage easily calculated. If this figure varied from the standard, the government would increase or decrease its spending to maintain the standard--

according to the laws of the Constitution and the State management to insure balanced budgets and maintain total freedom from debts.

With the Manny system, taxation to **PAY FOR GOVERNMENT EXPENDITURES WOULD NOT BE NECESSARY**, since the government would print all the money necessary--according to the Constitution. However, money must be removed from circulation at a rate equivalent to its being spent into circulation or its volume would continue to increase until it became worthless (inflation).

With the Manny system the removal, or taxation, could be the ultimate in equity and simplicity. As previously stated, the Mannys would be printed with a one-year expiration date, after which they would become worthless. However, they could be turned in to the tax-collector within thirty days after they expired for new Mannys which would be good for another year. However, the new Mannys issued would only be 90%, or other percentage determined by the taxing authority, of those turned in. The ideal situation would be to get caught with no Mannys whereby products could instead be stored.

Practically all of the expired Mannys would be exchanged by businesses in relatively large volumes rather than by individuals, who would spend their about-to-expire Mannys, thus enhancing trade. Hence, most taxes would be paid by business in proportion to their profits and **no income tax computations or payments would be required from anyone**. Mannys which were lost or destroyed would accrue to the benefit of everyone since they would not be redeemed by the tax collector for new Mannys. Who can reclaim the precious commodity of a day or even an hour lost?

Anyone convicted of tampering with the Manny--Pernny-Minn system, whether government employee, business employee or counterfeiter, should then be sentenced to a life working for the community with all other felons.

Adoption of the Pernny-Manny-

Minn system would produce numerous benefits, not all of which can be listed (or at least, were listed) here:

1. A stable money system based on a Standard of Value which everyone understands.
2. Elimination of the present legalized system of organized crime, theft and slavery through usury.
3. Reduction of the tax burden by eliminating the income tax and the IRS.
4. No involuntary unemployment since ample money would be available to pay for labor that is available to do any needed job.

ONLY FEAR OF THE AB's

The only thing the AB's fear is that God's People will wake up to the fact that God's Law is still alive and that He meant what He said in Deuteronomy 23:19:

Thou shalt not lend upon usury (interest) to thy brother.

and Leviticus 25:36, 37:

Take thou no usury (interest) of him, or increase; but fear thy God; that thy brother may live with thee. Thou shalt not give him thy money upon usury, nor lend him thy victuals for increase.

ONLY WHEN YOU, HIS PEOPLE, REPENT OF YOUR EVIL WAYS, AND OBEY HIS LAW, WILL HE "HEAR FROM HEAVEN AND HEAL THEIR LAND" (2 CHR. 7:14).

If you are a patriotic American, you received a priceless heritage which it is your duty to pass on to your children. If you are a Christian, your first duty is to obey God. He ordered you to "Come out of her (Babylon) my people, that you may not participate in her sins and that you may not receive of her plagues" (Rev. 18:4).

Now, before I go on with the AB's Master Plan, I am going to respond to one who inquired of me regard-

ing a debt and usury from Father to Son. He being the Son having borrowed from the Father with interest and, now, inability to pay the usury.

If you are truly NOT trying to get out of a debt agreed upon and owed--take this paper and go visit Man-to-Man with Father and come to a repayment schedule whereby the Father gets return of his funds--for you have no right to make agreements without full intent of repayment--for that is worse than the charging of the usury. If a Father is Godly enough to meet the needs in the first place, in Love, then the problem is non-existent at any rate--for the understanding will be reached. If the Father has no moral intent other than to earn money off his own son, I suggest you cease paying the interest and allow the Father to decide how he will respond--DO NOT STOP PAYING BACK THE MONEY LOANED IN GOOD FAITH. IT IS USUALLY THAT CHILDREN SOMEHOW DO NOT COUNT MONEY FROM A PARENT AS A WORTHY LOAN VALID FOR REPAYMENT. SIC, SIC, IF THAT BE THE CASE. INTEGRITY IS THE NAME OF THE GAME AND IT NOW REQUIRES MATURE INDIVIDUALS TO WORK WITH OTHER MATURE INDIVIDUALS TO RESOLVE THESE THINGS. A VALID PAY-BACK SCHEDULE WOULD BE FAR MORE REASONABLE FOR OFTEN THE PARENT DEPENDS ON THE SUMS FOR SELF-SUSTAINMENT. APPRECIATION FOR THE MAKING OF THE LOAN CAN BE GIVEN IN MANY OTHER WAYS THAN THROUGH USURY BUT THE SON IN POINT MUST OFFER THE ALTERNATIVES AND HEREIN "MAN-HOURS" OF FRIENDSHIP, DRIVING, YARD WORK OR OTHER THINGS IF LOCATIONS ARE NEARBY ARE OF FAR MORE VALUE THAN A FEW WORTHLESS PIECES OF PAPER. IF PARENTS AND CHILDREN CANNOT WORK OUT THESE TYPES OF THINGS--WE ARE IN FOR A FAR MORE DIFFICULT TIME THAN IS, IMAGINED. HOWEVER, IF THE FATHER HAS TAUGHT RE-

SPONSIBILITY, HE CAN ONLY ACCEPT MATURE REASONING AS AN HONOR TO THE LESSONS, AS THE SON SHOWS RESPONSIBILITY. IF THERE IS NO MEETING GROUND--SON, YOU MUST TAKE UP YOUR OWN MEASURE OF RESPONSIBILITY AND DO THE BEST YOU CAN WITHIN THE LAWS AND HONOR OF GOD. BUT TO ARBITRARILY BREAK AN AGREEMENT WITH A PARENT IS UNACCEPTABLE ON A UNILATERAL BASIS FOR YOU BOTH MADE THE ORIGINAL AGREEMENT! HONOR AND INTEGRITY NOW DEMAND THAT YOU BOTH CHANGE THE AGREEMENT OR, IN THE LEAST--LAY THE TRUTH UPON THE TABLE FOR DISCUSSION. IF A CHILD OR PARENT IS "DISOWNED" OVER MONEY--THE CAUSE IS TOO BLASPHEMOUS UNTO GOD TO BE A VALID POINT AT ANY RATE.

Dharma, I know that you are weary for the day has been endless, it seems, and you have laid forfeit another special day--but the children have called and come and rejoice in their care. I had to keep you, chela, for the deposition in Santa Barbara in the morning (tomorrow) causes us to lose a full day of writing. Let your heart be filled for the service is worthy.

We shall write only a bit more and call it finished for this segment for we need to wrap it up and tie the ribbon upon the package. How do I perceive the above money system can work? Easy, for it is the identical plan the AB's plan for you after they possess the world through the operation of their thieving system of usury, in order to keep you "cattle" well-fed, docile and sleeping--just chewing thine cud in the pasture while producing contented milk for the Elite. So be it.

THE AB's' MASTER PLAN

Not surprisingly, the AB's, who understand money better than anyone, intend to implement a similar system as just described.

Since it encapsulates all that has

been said herein we will simply quote at length from Pro. #20 of the "MASTER PLAN". Get your shuddering and queasiness out of the way up-front here--take your break or whatever; and then let us move along with this:

Today we shall touch upon the financial programme, which I put off to the end of my report as being the most difficult, the crowning and the decisive point of our plans. Before entering upon it I will remind you that I have already spoken before by way of a hint when I said that the sum total of our actions is settled by the questions of figures (money).

When we come into our kingdom our autocratic government will avoid, from a principle of self-preservation, sensibly burdening the masses of the people with taxes, remembering that it plays the part of father and protector.

The tax upon the poor man is a seed of revolution and works to the detriment of the State which in hunting after the trifling is missing the big. Quite apart from this, a tax on capitalists diminishes the growth of wealth in private hands in which we have in these days concentrated it as a counterpoise to the government strength of the goyim--their State finances.

A tax increasing in a percentage ratio to capital will give a much larger revenue than the present individual or property tax, which is useful to us now for the sole reason that it excites trouble and discontent among the goyim.

On no account should so much as a single unit above the definite and freely estimated sums be retained in the State treasuries, for money exists to be circulated and any kind of stagnation of money acts ruinously on the running of the State machinery, for which it is the lubricant; a stagnation of the lubricant may stop the regular working of their mechanism.

The substitution of interest-bearing paper for a part of the token of exchange has produced exactly this stagnation. The conse-

quences of this circumstance are already sufficiently noticeable.

Economic crises have been produced by us for the goyim by no other means than the withdrawal of money from circulation. Huge capitals have stagnated, withdrawing money from States, which were constantly obliged to apply to those same stagnant capitals for loans. These loans burdened the finances of the State with the payment of interest and made them the bond slaves of these capitals.

The present issue of money in general does not correspond with the requirements per head, and cannot therefore satisfy all the needs of the workers. The issue of money ought to correspond with the growth of the population and thereby children also must absolutely be reckoned as consumers of currency from the day of their birth. The revision of issue is a material question for the whole world.

You are aware that the gold standard has been the ruin of the States which adopted it, for it has not been able to satisfy the demands for money, the more so that we have removed gold from circulation as far as possible.

With us the standard that must be introduced is the cost of working-man power, whether it be reckoned in paper or in wood (tallies). We shall make the issue of money in accordance with the normal requirements of each subject, adding to the quantity with every birth and subtracting with every death.

Every kind of loan proves infirmity in the State and a want of understanding of the rights of the State. Loans hang like a sword of Damocles over the heads of rulers, who, instead of taking from their subjects by a temporary tax, come begging with outstretched palm of our bankers. Foreign loans are leeches which there is no possibility of removing from the body of the State until they fall off of themselves or the State flings them off. But the goy States do not tear them off; they go on in persisting in putting more on to themselves

so that they must inevitably perish, drained by voluntary blood-letting.

You understand perfectly that economic arrangements of this kind, which have been suggested to the goyim by us, cannot be carried on by us.

But it is a proof of the genius of our chosen mind that we have contrived to present the matter of loans to them in such a light that they have even seen in them an advantage for themselves.

Our accounts, which we shall present when the time comes, in the light of centuries of experience gained by experiments made by us on the goy States, will be distinguished by clearness and definite and will show at a glance to all men the advantage of our innovations. They will put an end to those abuses to which we owe our mastery over the goyim, but which cannot be allowed in our kingdom.

You know to what they have been brought by this carelessness, to what a pitch of financial disorder they have arrived, notwithstanding the astonishing industry of their peoples.

This is not new to you readers unless you just tuned in but it bears reading and re-reading until it sinks into your minds. The "MASTER PLAN" was revealed in Russia nearly a century ago, although parts of it had come to light long before, especially in the plans of the Illuminatti which was organized by Adam Weishaupt on May 1, 1776. Their symbol, declared to be the reverse side of the Great Seal of the U.S., appears on the back of your one dollar bill and bears the inscription "**NOVUS ORDO SECLORUM**"--**A NEW WORLD ORDER!**

And now for the little test I promised:

WHICH PLAN IS AMERICA FOLLOWING?

TEN COMMANDMENTS

1. No Gods other than THE ONE GOD OF LIGHTED TRUTH.

2. No graven images to worship.
3. No use of God's name in vain.
4. Keep the Sabbath day holy, which is EVERY DAY.
5. Honor your father and mother.
6. You shall not commit murder.
7. You shall not commit adultery.
8. You shall not steal.
9. You shall not bear false witness against your neighbor.
10. You shall not covet your neighbor's wife, servants or anything that belongs to him.

BILL OF RIGHTS

1. Freedom of religion, speech, press; assembly.
2. Freedom to keep and bear arms.
3. No forced quartering of troops.
4. No unreasonable search/seizure.
5. No forced confession; due process; just compensation for property taken by government.
6. Speedy and public trial.
7. Trial by jury.
8. No excessive bail.
9. No denial of unwritten rights.
10. All powers not granted to the Feds reserved to states/people.

COMMUNIST MANIFESTO

1. *Abolition of private property by whatever means to the end.*
2. *Heavy progressive income tax.*
3. *Abolition of inheritance--all inheritance reverts to the State.*
4. *Confiscate rebels' property, presumed criminal acquisitions and anything deemed necessary or appropriate by the State.*
5. **CENTRAL BANK.**
6. *Government owns communication and transportation systems.*
7. *Government owns factories and farms.*
8. *Government controls labor.*
9. *Collective farms, regional planning, government control on all business and agriculture.*
10. *Government education for all children, with chosen texts, subjects and hours.*

Which more nearly fits your present structure as well as tomorrow's? I won't even ask about the presence of God in the Manifesto for we all know that it is intention-

ally ABSENT!

I leave these things with you to ponder. I pray that you will do so for your time is running short, beloved brothers.

Thank you, Dharma, for a long day and I shall now take leave that you might have the remainder of your time to prepare for the legal procedures tomorrow. Good-evening.

Hatonn to clear. Salu.

OUR NEWEST JOURNAL

END OF THE MASQUERADE LET'S PLUCK THE CUCKOO BIRD

By Gyeorgos Ceres Hatonn

TO ALL WHO WOULD HEAR
GOD'S WORD IN THIS TIME
OF TOTAL MASQUERADE. IT
IS TIME TO PULL OFF THE
MASK ALONG WITH THE
BLINDFOLDS AND EAR-
PLUGS. THE TIME IS AT
HAND TO GAIN TRUTH AND
INSIGHT AND TAKE ACTION
FOR YOUR WORLD IS IN
GRAVE DANGER.

That which is called the "Anti-Christ" is at hand and has deceived most of the world. **You are surrounded by multitudes of replicas and man-made humanoids who have basically gained control of your planet.**

Our intent in these Journals is to give you proof of that which we project--by documentation of history, origins and other boring information. But the information will get far less boring as we move along, dear ones--and so, let us move along rapidly.

I repeat again and again--**the evil brotherhood of darkness cannot stand the focus of the light of Truth**, just as it requires only the tiny spark of light to cause a place to no longer be in darkness.

Hatonn includes the PROTOCOLS and also continues to keep us current on world affairs.

NETWORKING

We continually receive phone calls from those of you who are feeling isolated in their particular area of the country. If you are interested in meeting others in your region who share in the Phoenix material, write to America West giving us permission to network and we will connect you with others.

CONSTITUTION KIT

For those who want to know how they can help save our Constitution--we now are offering a detailed kit of information about our government and the Constitution to help in preserving our freedoms. The kit is available to individuals or groups for \$8.00 per kit, or for \$20 POST PAID with RAPE OF THE CONSTITUTION book included.

SEMINAR

June 7, 1991, 7 PM Royce Hotel Ballroom, 1601 Belvedere Rd., W. Palm Beach, Florida Admission \$5.00 Call Kip (407) 533-0703

THE 4th AMENDMENT SECURITY

"The right of the people to be secure in their persons, houses, papers and effects, against unreasonable searches and seizures, shall not be violated and no Warrants shall issue, but upon probable cause, supported by Oath or affirmation and particularly describing the place to be searched and persons or things to be seized."

Freedom means the right to keep private our personal papers, books and property including financial records, not to be surrendered at the whim of a government bureaucracy.

TRUTH WILL SET YOU FREE.
