How The Legal System Operates Today

5/3/92 #1 HATONN

Hatonn present in Light and Brotherhood. We shall have to attend whatever comes next with our work from this sector. The case in point is this property and whether or not our scribe will have to vacate duties for this interim time to attend life necessities.

The request for "stay" went to the higher panel of judges as to whether or not to allow time for attending the incredible rendering of injustice by the Superior Court. This type of decision usually takes some fifteen minutes for finalizing--THIS case took over 24 hours. All judges involved saw the injustice and stated as much but final decision was made on the basis of contacting the original Judge Davis who, in turn, told them there was another route of gaining time and requested the judges deny the "stay". So--in brotherly violation of the justice system the "stay" was denied.

What we have now upon which to work is better from the legal aspect--much more profanely difficult for our people. Instead of the \$215,000 cash on Wednesday of this week--it now requires \$250,000 but does simply go as bonding into a court account instead of directly to the RTC. This allows return of the funds at time of appeal when the case is won or to the house if the case is lost; however, this would give another chance to overturn the terrible injustice of putting a law onto the books which will "break" thousands upon thousands of property owners in the U.S.

The problem in point, however, is that without the bond there is no way to avoid eviction from the premise which literally pushes our people into the street for there is nowhere else to go. There is **PROOF** beyond a shadow of any doubt or discussion that there was **NO SALE** for this property as mandated and this is the reason it is **NOT BEING ALLOWED HEARING--THE GUILTY PARTIES GO ALL THE WAY TO THE BUSH BOYS AND THE GOVERNOR AND THE RESOLUTION TRUST CORPORATION.**

AMERICA, YOU HAVE FAR WORSE THINGS COMING DOWN ON YOU--THE-PEOPLE THAN A RIOT IN LOS ANGELES. THAT WAS AN ORCHESTRATED SHOW AND BURN TO ALLOW TROOPS TO BE BROUGHT IN AND, NOW, YOU SHALL BECOME CONTROLLED BY FORCE OF THE FEDERAL GOVERNMENT. LOS ANGELES IS A MASSIVE REFUGEE CAMP WITHOUT FREEDOM OF ACTION THIS DAY AND IT IS ONLY THE BEGINNING.

I am swamped with inquiries regarding the above case and what shall we be doing? Alternatives are quite limited but the fight will continue as long as funds can be gathered. At this point, however, there is shortage of funds to even continue the paper and publications so we must recognize human limitations and do the best we can under adverse circumstances.

What can you do? Continue to get informed. It is recognized that all

ones are under incredible pressure in this transition and the only thing which shall ultimately allow prevailing is **KNOWING TRUTH** and at the same time protecting your assets and your sustainability as long as is possible. You see, something has happened which is wondrous. The media is having to keep the horrors of the incidents churning and giving great fear and "show and tell" to keep you believing things are horrendous. Well, the only horrendous things are those now perpetrated by your government.

GLIMMER OF HOPE

The events as unfolded in Los Angeles, for instance, were not only expected but were **PLANNED** and the gangs **PAID-OFF** to wreck the city. Now what is happening is basically brotherly insight taking over and hundreds of neighbors and friends have poured into the area and joined hands and shovels and are cleaning up the mess. The government and forces had not expected this reaction--they have done everything they can think of to cause spreading of the events and so far the citizens are not taking the bait--**THAT IS THE BEST NEWS AMERICA COULD RECEIVE AND IT SHOWS THAT YOU HAVE HOPE OF BEATING THIS "BEAST" SET UPON YOU. YOU ARE SEEING "GOODLY" BEHAVIOR BECAUSE IT IS THE RIGHT THING TO DO.**

We shall simply have to work our own local problems out. Dharma and Oberli will file bankruptcy again which will stay procedures of physical eviction some 30 days in processing, thus giving a bit of time for funding the bond--beyond that cannot be yet seen. Just remember, beloved readers and friends--it is your love and mutual caring which sustains in the process--not the property in point for never

shall it be the physical property in point but, rather, the injustice of the entire system which must be confronted.

I cannot seem to cause hearing but **NOW IS THE TIME FOR THE CONSTITUTIONAL LAW CENTER TO STEP IN PUBLICLY AND LOUDLY AND GET ATTENTION TO THIS CASE FOR IT GOES FAR, FAR BEYOND THE LIMITS OF AN INDIVIDUAL CASE--YOU HAVE NEW LAW BEING MADE WHICH WILL BIND ALL PROPERTY HOLDERS TO LEGAL LOSS OF PROPERTY WITHOUT ABILITY FOR HEARING! THE CONSTITUTIONAL LAW CENTER CAN ENTER A WRIT ON CONSTITUTIONAL GROUNDS--I WOULD SURELY APPRECIATE IT IF THAT WOULD BE DONE--**NOW!!** I suggest you go forth with bankruptcy and the appeal immediately, effort to raise the bond and GO FOR CONSTITUTIONAL WRIT, STAY AND NATIONAL PUBLICITY. THE DOENCH DUME' RULING WILL FINISH OFF PROPERTY HOLDERS WITH ANY VARIATION OR PROBLEM WITHIN REAL ESTATE TRANSACTIONS AND IT MUST NOT BECOME THE LAW OF THE LAND!**

The Law Center also has opportunity to bring public attention to Tyson and other misappropriated civil abuses. I only have this further to say to you readers--Dharma and Oberli have carried the Constitutional Law Center almost alone since conception--they can no longer do so. It can be self-sustaining within a couple of months but it has literally cost thus far the amount set aside for their own property which is now lost to them in order to sustain the Center so that the public can have some protection and

Introduction To Hatonn

1/13/92 #1 HATONN

I am Gyeorgos Ceres Hatonn, *Commander in Chief, Earth Project Transition, Pleiades Sector Flight Command, Intergalactic Federation Fleet.* You may call me Hatonn. I am come in service unto the ONE GOD of Lighted Creation, and as "Host" unto His people who will be brought into His places long prepared for you. My own "Captain" is Sananda, the Christed Being you have called by many names--now one totally with Creator/Creation. [Sananda: simply meaning of/with God]. We are not "mystical" nor even "mysterious" aliens. We are the "Hosts" sent in preparation for His return, bringers of Truth according to His promise and to reveal the lies foisted upon you to claim your souls for the physical evil Elite controllers. We come in total love and without intent of force, coercion or judging. "Judging" is a state of evaluation of self in the presence of Creator in which actions in the physical experience are evaluated.

The information within the documents revealing Truth, THE PHOENIX JOURNALS and LIBERATOR, are the outlays of lies and hidden facts for which you can find confirmation. If you don't know the problems and the source of the problems, you can have no solutions.

I do not "channel"; I transmit on a frequency attuned to my "receiver" who is simply a translator of the pulses into English. This is true of all receivers who receive from any of this Command come forth with God for this transition of species and planet.

The receivers mostly have no reference for material given until after the giving and then, only for their own confirmation and yours. My petition is that you pay no attention to this resource if it is confusing and uncertain unto you--LET TRUTH STAND ALONE IN ITS PRESENTATION--THE REST WILL FOLLOW IN PROPER SEQUENCE.

U.N. Treaty Brings "Thought Police"

5/3/92 #1 HATONN

Your President Bush and Congress have dealt a death blow to your Constitution while you weren't watching through the ratification of the U.N. Covenant on Civil and Political Rights which brings limitations of freedom of speech and imposes penalties against American citizens to be determined *by an international body.*

Your U.S. Senate, with almost NO debate and *not even a RECORDED VOTE and while the controlled media hid its eyes and never mentioned the operation, ratified a treaty permitting UN "thought police" to enter your country and charge you with a crime if your words are perceived to be politically incorrect.*

Senators, fearing public outrage and uprising, ratified the "International Covenant on Civil and Political Rights" (the human rights treaty) with only a voice vote on April 2nd (one month ago). *The vote came on a Thursday when no other significant action was pending because Congress was leaving town for its usual*

help in hopeless situations. This cannot be done by the one or two--it requires the MANY. YOU are correct in your knowing that, when it worsens, ones will call upon God to "save them" and will have forgotten that they did little to SAVE selves or brothers in time to salvage freedom.

While you have not been watching, let me point out what has happened--right on schedule--which you may find of great interest. You must understand that your nation has been Executive Order'ed into imprisonment. You have given your nation into the hands of the New World Order through and within the legal control by the United Nations' blue-turbaned forces and the direction of the Elite One World Government. *You must KNOW that while you were sleeping or distracted your SENATE RATIFIED A U.N. TREATY WHICH WILL TOTALLY NEGATE AND WRECK YOUR CONSTITUTION--YOU ARE NOW AT TOTAL RISK AS A SOVEREIGN NATION. NOW!! NOT NEXT MONTH OR YEAR--NOW--FOR YOUR SENATE HAS PASSED THE RATIFICATION OF THE TREATY AND TREATIES STAND ABOVE ALL LAWS.*

four-day weekend.

No senator demanded a roll-call vote to get his colleagues on record to later be confronted. Nobody questioned whether or not a quorum was present (and there was NOT). It was simply announced that "two-thirds had approved the matter by voice vote."

You were warned and warned over and over again about this pending threat to your Constitution, and we have prodded continually to get you to watch, listen and demand this not happen--but it has happened. The Establishment media conducted a virtual blackout of the legislation and carried NO REPORTS OF ITS PASSAGE KNOWING THAT RATIFICATION WOULD BE FORTHCOMING IF NO PUBLIC INFORMATION GOT THROUGH.

The internationalists and their handmaidens in the media, knew from past failures and accidents in reporting, that a blackout would be absolutely necessary to prevent a groundswell of popular opposition and further setbacks in the timetable to achieve the New World Order declared by President Bush.

TREATIES LINKED TO KILL FREEDOM

This treaty in point is directly linked to the Genocide Convention and the human rights treaty. The decision of the President to request the Senate's consent to ratification is a most important step and one which builds upon the Senate's consideration of the Genocide Convention. And watch your wondrous Senator Daniel Moynihan for he is one of the program planners and instigators of the treaty.

GENOCIDE TREATY?

Oh, I had hoped that you would have remembered what it is. It, the Genocide Convention, empowers *an international tribunal to declare American citizens guilty of "genocide" and punish them if someone perceives their words are causing "mental harm" to a particular self-proclaimed race or ethnic group--or a member of such group--regardless of facts or realities--simply on accusations WITHOUT HEARINGS.*

The treaty allowing the UN to

police speech in the U.S. was first sent to the Senate by treasonist President Jimmy Carter, a Trilateralist, in 1978. President Ronald Reagan took no action (intentionally) on it. Bush, also a Trilateralist, sent it back and asked it to be ratified.

You think perhaps Bush won't sign the final law?? Forget it, little dreamers, **he is the one who requested the quiet action in the manner stated and when it was first unenacted sent it back and demanded ratification.**

Now you have a real problem for at least the Genocide Convention needed implementing legislation to codify it. This treaty NEEDS NO IMPLEMENTING LEGISLATION TO CODIFY IT UNDER U.S. LAW. According to the text of the resolution of ratification: "nothing in this Covenant requires or authorizes legislation, or other action, by the United States of America prohibited by the Constitution of the United States as interpreted by the United States."

This passage also implies the Senate is certifying that nothing in the treaty violates Constitutional guarantees, although if this were true they would have no need to approve a series of reservations **along with the treaty.**

DIFFERENT STORY

The "reservations" that were attached to the resolution tell quite a different story. Article 20 of the covenant prohibits "propaganda for war and advocacy of national, racial or religious hatred that constitutes an incitement to discrimination, hostility or violence".

You saw the first of this power in action by the action of Bush in "Federalizing" **the national guard of the Sovereign State of California AND SENDING IN FEDERAL TROOPS--THIS WAS APPROVED, CHELAS, BY THE UNITED NATIONS WHILE YOU DID A MESMERIZED STARING-AT OF YOUR MEDIA BLITZ OF BURNING BUILDINGS.**

Because this would directly contravene the First Amendment guarantee of freedom of speech, the administration proposed, and the Senate approved, a reservation stating "Article 20 does not authorize or require

Please see TREATY, next page

TREATY, cont. from previous page

legislation or other action by the United States that would restrict the right of free speech and association protected by the Constitution and the laws of the United States."

The Foreign Relations Committee, in its report on the resolution, specifically stated: "The Committee recognizes that these restrictions (Article 19 and Article 20, which impose limits on speech that poses a threat to national security, public order, or that incites racial hatred) are inconsistent

with the guarantees of free speech in the U.S. Constitution and the Bill of Rights and, therefore, strongly supports the Administration's proposed reservation to Article 20."

TREATY: BLUEPRINT TO
SLAVERY

But the report also says: "In areas such as these, it may be appropriate and necessary to question whether changes in U.S. law should be made to bring the United States into full compli-

ance at the international level. However, the Committee anticipates that changes in U.S. law in these areas will occur through the normal legislative process."

In other words, full compliance will be achieved, not through a single stroke of implementing legislation, but rather through a gradual process of bringing U.S. law into conformity with New World Order standards, using the UN treaty as a blueprint. Further, it is assured through the documents that "The United States will in fact comply with the obligations it is hereby assuming," stated directly by Sen. Moynihan when questioned.

While UN police with blue arm bands and berets (turbans, i.e., Nostradamus) will not be arresting Americans "tomorrow" for illegal speech, it is to become a factor within the overall plan and instituted "...no later than 1993 to insure international stability and unity in actions" when the "reality of a world government is achieved"

It is necessary to get such treaties in place now, one increment at a time, so by the time Americans awaken to their danger they will be subjects of a world empire controlled by the evil forces of high finance which control the United Nations, in which the United States will be a mere SLAVE province.

SURRENDERING YOUR
RIGHTS

The treaty passed on April 2, 1992, "without amendment", leaves intact all the language surrendering American rights and sovereignty cleared by the Foreign Relations Com-

mittee and your CFR (Council on Foreign Relations).

"Certain restrictions" on the right of free speech to protect "reputations of others...or of public health and morals (as well as public figures under attack for real or perceived charges) are also approved by the treaty." International courts--not the U.S. Supreme Court--will decide at what point vigorous discussion becomes "advocacy" of "hatred" according to the hearing committee in sitting.

If any of the other 99 signatory nations found an American's words offensive, a UN Rights Committee would come to your place to investigate and report. If unable to reach a solution, the matter would be turned over to a UN Commission, composed of citizens of other countries--chosen by the UN and most affected by the accusations.

The UN Commission would then report to the UN's General Assembly, which would decide what punishment to inflict and would be the final "word" without recourse to higher appeal.

No Americans (other than the defendant) need be involved at all.

For a voter to determine how his Senator was counted, it will be necessary to call or write and press the issue. Many will try to appease voters by asserting they "did not vote for" the measure for there will be no "hard" record of voters on the issue. They will not, however, be able to answer why they failed to demand a recorded vote--as any one of them could have done under Senate rules had it ever been so much as put into discussion.

GOOD LUCK AMERICA!

Foreign Aid Set By Elite

5/2/92 #1 HATONN

Here is another sleight-of-hand that is so obvious that you-the-people missed it. The Bush Administration is handing over to international agencies of the UN and the bankers the authority to distribute and set the levels of U.S. foreign aid. This is another milestone on the road to Bush's New World Order. The International Monetary Fund and World Bank ARE THE FUNDING SOURCES WHO OWN YOUR WORLD AND THEY JUST INITIATED THE SOVIETS INTO THE FOLD.

Does it not give you a thrill to see old rivals like Gorbachev and Reagan

embracing and kissing as Gorbachev and his bride visit the good old USA? Ah, indeed, the now President of Kissinger Associates in Moscow visiting his property and business ventures in the USA! He can also check personally on the status of all the grain deals and future options guaranteed by your giant Grain Cartels of the Banking World who sold out your entire store of grain and agriculture products and shipped them out of your country--just like all your reserves and supply of gold. It is now pay-off time for the gutting of a nation to be followed on by Yeltsin in June. They are here to visit their property in joint-

venture with Great Britain and your Administration. Welcome the New World Order, beloved victims of the Elite, for it is HERE.

The \$24 billion plan to bail out the emerging nations of the former Soviet Union is being handled, not by the U.S. Agency for International Development, the agency charged by you-the-people for making these decisions, but by a little-known unit of the International Monetary Fund (IMF).

The World Government, once the secret design of an internationalist elite, is now an economic reality. American taxpayers are being submerged into the teeming multitudes of the exploited, stretching from Brazil to Russia—a vast, global mass of voiceless wage slaves, to be manipulated and skinned at will by the international bankers—without recourse.

Many who are also internationalists, are moved and stunned by the rapid pace of the surrender of U.S. sovereignty. Even your former UN envoy and helper to The Plan, Jeane Kirkpatrick, issued a warning as the shock of the truth hit home. She wrote: "It becomes ever clearer that President George Bush, without saying so, is dead serious about strengthening international institutions by transferring to them decisions and functions that have traditionally (Editors: and constitutionally) been viewed as the business of national governments."

The "lion's share" of U.S. economic assistance to East Europe and the former Soviet Union, she wrote, will "be channeled through international financial institutions", rather than the U.S. Agency for International Development, which was created for that purpose.

RAGGED EDGE

The results are easily seen as they are already apparent. The Russian Congress of People's Deputies is on the verge of revolt over the IMF's requirements for aid, charging they are "ill conceived and unnecessarily harsh".

Poland's prime minister, Jan Olszewski, appealed to Bush to get the

we spoke briefly on this topic and I promised to get back to the issue at first opportunity. I believe it is especially critical that you now have access

IMF to ease up on the economic terms it has imposed in return for a \$2.5 billion aid program. The aid was suspended after popular pressure forced the government to violate IMF targets.

The IMF has quickly become the dominant force in Russia's economy. Under its directives, a gallon of gas, for instance, has risen from four rubles to 30 in less than a month. The prices of other daily necessities have shot up even more. Overall the Moscow consumer price index has soared some 1,700 percent during the first quarter of the year--devastating hyperinflation. Americans will still find hard to comprehend—but comprehension will be coming along soon enough.

AMERICA WILL PAY!

American taxpayers will pay for this new economic order after having paid for the bail-out of America's and Mexico's megabanks; they (YOU) will have to put up most of the money for refinancing the "busted" Soviet financial system.

The assistance package will be distributed through one of the IMF's little-known extensions called the General Arrangements to Borrow (GAB) unit.

Ominously, the last time multi-billion-dollar handouts were sluiced through GAB was during the massive bank bail-outs of the 1980's. The first round of Soviet economic assistance will likely cost the U.S. some \$9 billion right off for starters. But that is just the upstart, the appetizer. It will sharpen and increase as the megabanks grab for more and the laws get adjusted to allow the American taking of all property and assets from its citizens through agencies such as the Resolution Trust Corporation.

Don't be fooled, either, by ones such as Jeane Kirkpatrick for she has untiringly helped set the stage for this current globalist *coup de' etat* as far back as into the Reagan years. If she *seems* puzzled by it, it is that there is so much more to it than simply the surrender of sovereignty: **The way to steal really BIG MONEY from the taxpayers is through the IMF!**

to the "programing manual" as was referred to at the time.

Remember this document was marked "TOP SECRET" and was uncovered, having been stashed for clandestine transfer, in a copy machine which inadvertently got moved prior to pickup of the document, and the dismantlers came into control of the document. These are details of a plan, hatched in the embryonic days of the "Cold War", which called for control of the masses through manipulation of industry, peoples' pastimes, education and political leanings. It called for a quiet revolution, pitting brother against brother, and diverting the public's attention from what is really going on.

I request that Dharma simply reproduce it herein for your consideration.

OPERATIONS RESEARCH TECHNICAL MANUAL TM-SW 7905.1 SECURITY

It is patently impossible to discuss social engineering of the automation of a society, i.e., the engineering of social automation systems (silent weapons) on a national or worldwide scale without implying extensive objectives of social controls and destruction of human life, i.e., slavery and genocide.

This manual is in itself an analog declaration of intent. Such a writing must be secured from public scrutiny. Otherwise, it might be recognized as a technically formal declaration of domestic war. Furthermore, whenever any person or group of persons in a position of great power and without the full knowledge and consent of the public, uses such knowledge and methodology for economic conquest—it must be understood that a state of domestic warfare exists between said person or group of persons and the public.

The solution of today's problems requires an approach which is ruthlessly candid, with no agonizing over religious, moral, or cultural values.

You have qualified for this project because of your ability to look at human society with cold objectivity, and yet analyze and discuss your observations and conclusions with others of similar intellectual capacity

without a loss of discretion or humility.

Such virtues are exercised in your own best interests. **Do not deviate from them.**

WELCOME ABOARD

This publication marks the 25th anniversary of the Third World War, called the "Quiet War", being conducted using subjective biological warfare, fought with "silent weapons".

This book contains an introductory description of this war, its strategies, and its weaponry.

May 1979 #74-1120

HISTORICAL INTRODUCTION

Silent weapon technology has evolved from Operations Research (O.R.), a strategic and tactical methodology developed under the military management in England during World War II. The original purpose of Operations Research was to study the strategic and tactical problems of air and land defense with the objective of effective use of limited military resources against foreign enemies (i.e., logistics).

It was soon recognized by those in positions of power that the same methods might be useful for totally controlling a society. But better tools were necessary.

Social engineering (the analysis and automation of a society) requires the correlation of great amounts of constantly changing economic information (data), so a high speed computerized data processing system was necessary which could race ahead of the society and predict when society would arrive for capitulation.

Relay computers were too slow, but the electronic computer, invented in 1946 by J. Presper Eckert and John W. Mauchly filled the bill.

The next breakthrough was the development of the simplex method of linear programming in 1947 by the mathematician George B. Dantzig.

Then, in 1948, the transistor, invented by J. Bardeen, W. H. Brattain, and W. Shockley, promised great expansion of the computer field by reducing space and power requirements.

With these three inventions

Please see QUIET, next page

under their direction, those in positions of power strongly suspected that it was possible for them to control the whole world with the push of a button.

Immediately, the Rockefeller Foundation got in on the ground floor by making a four year grant to Harvard College, funding the Harvard economic research project for the study of the structure of the American economy. One year later, in 1949, the United States Air Force joined in.

In 1952 the original grant period terminated, and a high level meeting of the elite was held to determine the next phase of social operations research. The Harvard project had been very fruitful as is borne out by the publication of some of its results in 1953 suggesting the feasibility of economic (social) engineering. (STUDIES IN THE STRUCTURE OF THE AMERICAN ECONOMY--copyright 1953 by Wasonily Leontief, International Sciences Press Inc., White Plains, New York.)

Engineered in the last half de-

cade of the 1940's, the now Quiet War machine stood, so to speak, in sparkling gold plated hardware on the showroom floor by 1954.

With the creation of the maser in 1954, the promise of unlocking unlimited sources of fusion atomic energy from the heavy hydrogen in sea water and the consequent availability of unlimited social power became a possibility only decades away.

The combination was irresistible.

The Quiet War was quietly declared by the international elite at a meeting held in 1954.

Although the silent weapons system was nearly exposed 13 years later, the evolution of the new weapon system has never suffered any major setbacks.

This volume marks the 25th anniversary of the beginning of the Quiet War. Already this domestic war has had many victories on many fronts throughout the world.

In 1954 it was well recognized by those in positions of authority that it was only a matter of time, only a few decades, before the general public would be able to grasp and upset the cradle of power, for the very elements of the new silent weapon technology were as accessible for a public utopia as they were for providing a private utopia.

The issue of primary concern, that of dominance, revolved around the subject of the energy sciences.

ENERGY

Energy is recognized as the key to all activity on Earth. Natural science is the study of the sources and control of natural energy, and social science, theoretically expressed as economics, is the study of the sources and control of social energy. Both are bookkeeping systems: mathematics. Therefore, mathematics is the primary energy science. And the bookkeeper can be king if the public can be kept ignorant of the methodology of

the bookkeeping.

All science is merely a means to an end. The means is knowledge. The end is control. Beyond this remains only one issue, "who will be the beneficiary?"

In 1954 this was the issue of primary concern. Although the so-called "moral issues" were raised, in view of the law of natural selection it was agreed that a nation or world of people who will not use their intelligence are no better than animals who do not have intelligence. Such a people are beasts of burden and stakes on the table by choice and consent.

CONSEQUENTLY, in the interest of future world order, peace, and tranquility, it was decided to privately wage a quiet war against the American public with an ultimate objective of permanently shifting the natural and social energy (wealth) of the undisciplined and irresponsible many into the hands of the self-disciplined, responsible, and worthy few.

In order to implement this

objective, it was necessary to create, secure, and apply new weapons which, as it turned out, were a class of weapons so subtle and sophisticated in their principle of operation and public appearance as to earn for themselves the name 'silent weapons'.

In conclusion, the objective of economic research, as conducted by the magnates of capital (banking) and the industries of commodities (goods) and services, is the establishment of an economy which is totally predictable and manipulatable.

In order to achieve a totally predictable economy, the low class elements of the society must be brought under total control, i.e., must be housebroken, trained, and assigned a yoke and long term social duties from a very early age, before they have an opportunity to question the propriety of the matter. In order to achieve such conformity, the lower class family unit must be disintegrated by a process of increasing preoccupation of the parents and the establishment of government operated day care centers for the occupationally orphaned children.

The quality of education given to the lower class must be of the poorest sort, so that the moat of ignorance isolating the inferior class from the superior class is and remains incomprehensible to the inferior class. With such an initial handicap, even bright lower class individuals have little if any hope of extricating themselves from their assigned lot in life. This form of slavery is essential to maintaining some measure of social order, peace, and tranquility for the ruling upper class.

DESCRIPTIVE INTRODUCTION OF THE SILENT WEAPON

Everything that is expected from an ordinary weapon is expected from a silent weapon by its creators, but only in its own manner of functioning.

It shoots situations, instead of bullets; propelled by data processing, instead of a chemical reaction (explosion); originating from bits of data, instead of grains of gunpowder; from a computer instead of a gun; operated by a computer programmer, instead of a marksman; under the orders of a banking magnate, instead of a military general.

It makes no obvious explosive noises, causes no obvious physical or mental injuries, and does not obviously interfere with anyone's daily

social life.

Yet it makes an unmistakable "noise", causes unmistakable physical and mental damage, and unmistakably interferes with daily social life, i.e., unmistakable to a trained observer, one who knows what to look for.

The public cannot comprehend this weapon, and therefore cannot believe that they are being attacked and subdued by a weapon.

The public might instinctively feel that something is wrong, but because of the technical nature of the silent weapon, they cannot express their feelings in a rational way, or handle the problem with intelligence. Therefore, they do not know how to cry for help, and do not know how to associate with others to defend themselves against it.

When a silent weapon is applied gradually to the public, the public adjusts/adapts to its presence and learns to tolerate its encroachment on their lives until the pressure (psychological via economic) becomes too great and they crack-up.

Therefore, the silent weapon is a type of biological warfare. It attacks the vitality, options, and mobility of the individuals of a society by knowing, understanding, manipulating, and attacking their sources of natural and social energy, and their physical, mental, and emotional strengths and weaknesses.

THEORETICAL INTRODUCTION

"Give me control over a nation's currency, and I care not who makes its laws."

Mayer Amschel Rothschild (1743-1812)

Today's silent weapons technology is an outgrowth of a simple idea discovered, succinctly expressed, and effectively applied by the quoted Mr. Mayer Amschel Rothschild. Mr. Rothschild discovered the missing passive component of economic theory known as economic inductance. He, of course, did not think of his discovery in these 20th century terms, and, to be sure, mathematical analysis had to wait for the Second Industrial Revolution, the rise of the theory of mechanics and electronics, and finally, the invention of the electronic computer before it could be effectively applied in the control of the world economy.

GENERAL ENERGY CON-

CEPTS

In the study of energy systems, there always appear three elementary concepts. These are potential energy, kinetic energy, and energy dissipation. And corresponding to these concepts, there are three idealized, essentially pure physical counterparts, called passive components.

(1) In the science of physical mechanics, the phenomenon of potential energy is associated with a physical property called elasticity or stiffness, and can be represented by a stretched spring.

In electronic science, potential energy is stored in a capacitor instead of a spring. This property is called capacitance instead of elasticity or stiffness.

(2) In the science of physical mechanics, the phenomenon of ki-

netic energy is associated with a physical property called inertia or mass, and can be represented by a mass or a flywheel in motion.

In electronic science, kinetic energy is stored in an inductor (in a magnetic field) instead of a mass. This property is called inductance instead of inertia.

(3) In the science of physical mechanics, the phenomenon of energy dissipation is associated with a physical property called friction or resistance and can be represented by a dashpot or other device which converts system energy into heat.

In electronic science, dissipation of energy is performed by an element called either a resistor or a conductor, the term 'resistor' being the one generally used to express the concept of

friction, and the term 'conductor' being generally used to describe a more ideal device (e.g., wire) employed to convey electric energy efficiently from one location to another. The property of a resistance or conductor is measured as either resistance or conductance, reciprocals.

In economics these three energy concepts are associated with:

(1) Economic Capacitance--Capital (money, stock/inventory, investments in buildings and durables, etc.)

(2) Economic Conductance--Goods (production flow coefficients)

(3) Economic Inductance--Services (the influence of the population on industry or output)

All of the mathematical theory developed in the study of one energy system, (e.g., mechanics, electronics, etc.) can be immediately applied in the study of any other energy system (e.g., economics).

MR. ROTHSCHILD'S ENERGY DISCOVERY

Mr. Rothschild had discovered that currency or deposit loan accounts had the required appearance of power that could be used to induce people (inductance, with people corresponding to a magnetic field) into surrendering their real wealth in exchange for a promise of greater wealth (instead of real compensation). They would put up real collateral in exchange for a loan of promissory notes. Mr. Rothschild found that he could issue more notes than he had backing for, so long as he had someone's stock of gold as a persuader to show to his customers.

Mr. Rothschild loaned his promissory notes to individuals and to governments. These would create over-confidence. Then he would make money scarce, tighten control of the system, and collect the collateral through the obligation of contracts. The cycle was then repeated. These pressures could be used to ignite a war. Then he would control the availability of currency to determine who would win the war. That government which agreed to give him control of its economic system got his support. Collection of debts was guaranteed by economic aid to the enemy of the debtor. The profit derived from this economic methodology made Mr. Rothschild all the more wealthy and all the more able to extend his wealth. He found that the public greed would allow currency to be printed by government order beyond the limits (inflation) of backing in precious metal or the production of goods and services (gross national product, GNP).

But 'tis through this time of perceived "silence" that ALL can be accomplished--therefore ye must attend this segment of existence with most careful attention for the enemy feeds upon your vulnerability while within that "silence". DIAGRAMS AND SCHEMATICS

This document which is being offered for consideration is so filled with diagrams and equations that there is no way to "type" them into this writing style. I shall evaluate as we move along and perhaps will have to insert them separately or simply use the "concept". The schematics somewhat simplify for those of you who are advanced mathematicians but do little save confuse further if not. I shall turn the information over to Ranos and determine if it can be presented in the larger document (book). I see no positive input in the *Liberator* or accompanying tapes except for the very, very few and, therefore, shall not effort to include them at this writing. If we err and refer to diagrammatic expression, please know that we have the information available and if you contact THE WORD, we shall most certainly make a copy available to you immediately.

APPARENT CAPITAL AS "PAPER" INDUCTOR

In this structure, credit, presented as a pure circuit element called "currency", has the appearance of capital, but is, in fact, negative capital. Hence, it has the appearance of service, but is, in fact, indebtedness or debt. It is therefore an economic inductance instead of an economic capacitance and, if balanced in no other way, will be balanced by the negation of population (war, genocide). The total goods and services represents real capital called the gross national product, and currency may be printed up to this level and still represent economic capacitance; but currency printed beyond this level is subtractive, represents the introduction of economic inductance, and constitutes notes of indebtedness. War is therefore the balancing of the system by killing the true creditors (the public which we have taught to exchange true value for inflated currency) and falling back on whatever is left of the resources of nature and the regeneration of those resources.

Mr. Rothschild had discovered

that currency gave him the power to rearrange the economic structure to his own advantage, to shift economic inductance to those economic positions which would encourage the greatest economic instability and oscillation.

The final key to economic control had to wait until there was sufficient data and high speed computing equipment to keep close watch on the economic oscillations created by price shocking and excess paper energy credits--(paper inductance/inflation).

BREAKTHROUGH

The aviation field provided the greatest evolution in economic engineering by way of the mathematical theory of shock testing. In this process, a projectile is fired from an airframe on the ground and the impulse of the recoil is monitored by vibration transducers connected to the airframe and wired to chart recorders. By studying the echoes or reflections of the recoil impulse in the airframe, it is possible to discover critical vibrations in the structure of the airframe which either vibrations of the engine or aeolian vibrations of the wings, or a combination of the two, might reinforce resulting in a resonant self-destruction of the airframe in flight as an aircraft. From the standpoint of engineering, this means that the strengths and weaknesses of the structure of the airframe in terms of vibrational energy can be discovered and manipulated.

APPLICATION IN ECONOMICS

To use this method of airframe shock testing in economic engineering, the prices of commodities are shocked, and the public consumer reaction is monitored. The resulting echoes of the economic shock are interpreted theoretically by computers and the psycho-economic structure of the economy is thus discovered. It is by this process that partial differential and difference matrices are discovered that define the family household and make possible its evaluation as an economic industry (dissipative consumer structure). Then the response of the household to future shocks can be predicted and manipulated, and society becomes a well regulated animal with its reins under the control of a sophisticated computer-regulated social energy book-keeping system.

SUMMARY

Economics is only a social extension of a natural energy system. It, also, has its three passive components. Because of the distribution of wealth and the lack of communication and consequent lack of data, this field has been the last energy field for which a knowledge of these three passive components has been developed.

Since energy is the key to all activity on the face of the earth, it follows that in order to attain a monopoly of energy, raw materials, goods, and services and to establish a world system of slave labor, it is necessary to have a first strike capability in the field of economics. In order to maintain our position, it is necessary that we have absolute first knowledge of the science of control over all economic factors and the first experience at engineering the world economy.

In order to achieve such sovereignty, we must at least achieve this one end: that the public will not make either the logical or mathematical connection between economics and the other energy science; or learn to apply such knowledge.

This is becoming increasingly difficult to control because more and more businesses are making demands upon their computer programmers to create and apply mathematical models for the management of those businesses.

It is only a matter of time before the new breed of private programmer/economists will catch on to the far reaching implications of the work begun at Harvard in 1948. The speed with which they can communicate their warning to the public will largely depend upon how effective we have been at controlling the media, subverting education, and keeping the public distracted with matters of no

real importance.

* * *

Please return to the above "summary" and reread it several times until the reality filters through.

This is the sum of all of our efforts to you of Shan--get you to see and demand from those who control you. I would like to say that in "reality" there is only LIGHT which is energy. It is expressed in Love and "Creation" through thought of Creator and, thus, is the universal "language" of the dimensions (all dimensions if you but could come into balance with the knowing). Mathematics is the manner of PROVING the Truth of it. You will someday learn, I hope, that all things can be "proven" and need not ever be "taken on faith"--faith must only flow from the examples of the proof thereof of any manifestation--i.e., a flower or tree can serve as mathematical reality of the presence of a greater organizer which is referred to as Creator. Broken down into its simple "life" components, however, it is but mathematical DNA structure. "Life" comes from ability to flow in pulsed response instruction. Soul life can only be achieved from the KNOWING of balance and harmony as achieved from perfect wisdom in LOVE and BALANCED interchange. The purpose of manifested life experiences is to grow into that KNOWING so that soul being is ultimately in perfection. Please ponder these things carefully for they are the very foundation upon which you are manipulated and enslaved. When you take control of the power birthed with you--you shall prevail against the thrust of evil coalition for they will no longer hold the power which you have, in ignorance, given unto them.

If, however, you utilize the same concept in the restructuring of your thought and action patterns, you can more quickly gain control over your own destiny. This is WHY the Elite establishment and the Churches of "religions" disdain and denounce the use of hypnosis--IT WORKS!! The point being, herein, is that it not only "works" but--in the minds of the Lighted intent--it overcomes all adversarial capability. It is up to you what you feed into your mind's data base of functions for garbage in--garbage out, miracles in--miracles out, God in--God out. If you cannot come to utilize the methods already mani-

fest and used against you--you shall never overcome for it is the ONLY passage.

THE ECONOMIC MODEL

Economics, as a social energy science, has as a first objective the description of the complex way in which any given unit of resources is used to satisfy some economic want (Leontief Matrix). This first objective, when it is extended to get the most product from the least or limited resources, comprises that objective of general military and industrial logistics known as Operations Research. (Linear programming.)

The Harvard Economic Research Project (1984-ongoing) was an extension of World War II Operations Research. Its purpose was to discover the science of controlling an economy; at first the American economy, and then the world economy. It was felt that with sufficient mathematical foundation and data, it would be nearly as easy to predict and control the trend of an economy as to predict and control the trajectory of a projectile. Such has proven to be the case. Moreover, the economy has been transformed into a guided missile on target.

The immediate aim of the Harvard project was to discover the economic structure, what forces change that structure, how the behavior of the structure can be predicted, and how it can be manipulated. What was needed was a well organized knowledge of the mathematical structure and interrelationships of investment, production, distribution, and consumption. To make a short story of it all, it was discovered that an economy obeyed the same laws as electricity and that all of the mathematical theory and practical and computer know-how developed for the electronic field could be directly applied in the study of economics. This discovery was not openly declared, and its more subtle implications were and are kept a closely guarded secret, for example that in an economic model, human life is measured in dollars, and that the electric spark generated when opening a switch connected to an active inductor is mathematically analogous to the initiation of a war.

The greatest hurdle which theoretical economists faced was the accurate description of the household as an industry. This is a challenge, because consumer purchases are a matter of choice which in turn is influenced by income, price, and other economic

factors.

This hurdle was cleared in an indirect and a statistically approximate way by an application of shock testing to determine the current characteristics, called current technical coefficients, of a household industry.

Finally, because problems in theoretical economics can be translated very easily into problems in theoretical electronics, and the solution translated back again, it follows that only a book of language translation and concept definition needs to be written for economics. The remainder could be gotten from standard works on mathematics and electronics. This makes the publication of books on advanced economics unnecessary, and greatly simplifies project security.

INDUSTRY

An ideal industry is defined as a device which receives value from other industries in several forms and converts it into one specific product for sales and distribution to other industries. It has several inputs and one output. What the public normally thinks of as one industry is really an industrial complex where several industries under one roof produce one or more products.

THREE INDUSTRIAL CLASSES

Industries fall into three categories or classes by type of output.

- Class #1 Capital (resources)
 - Class #2 Goods (commodities or use--dissipative)
 - Class #3 Services (action of population)
- Class #1 industries exist at three levels:
- (1). Nature--sources of energy and raw materials.
 - (2). Government--printing of currency equal to gross national product (GNP), and extension* of currency in excess of GNP.
 - (3). Banking--loaning of money for interest, and extension* (counterfeiting) of economic value through deposit loan accounts.
- [* = inflation]

Class #2 industries exist as producers of tangible or consumer (dissipated) products. This sort of activity is usually recognized and labeled by the public as an 'industry'.

Class #3 industries are those which have service rather than a tangible product as their output. These indus-

tries are called (1) households, and (2) governments. Their output is human activity of a mechanical sort, and their basis is population.

AGGREGATION

The whole economic system can be represented by a three industry model if one allows the names of the outputs to be (1) capital, (2) goods, and (3) services. The problem with this representation is that it would not show the influence of, say, the textile industry on the ferrous metal industry. This is because both the textile industry and the ferrous metal industry would be contained within a single classification called the 'goods industry' and by this process of combining or aggregating these two industries under one system block they would lose their economic individuality.

THE E-MODEL

A national economy consists of simultaneous flows of production, distribution, consumption, and investment. If all of these elements including labor and human functions are assigned a numerical value in like units of measure, say, 1939 dollars, this flow can be further represented by a current flow in an electronic circuit, and its behavior can be predicted and manipulated with useful precision.

The three ideal passive energy components of electronics, the capacitor, the resistor, and the inductor correspond to the three ideal passive energy components of economics called the pure industries of capital, goods, and services, respectively.

Economic capacitance represents the storage of capital in one form or another.

Economic conductance represents the level of conductance of materials for the production of goods.

Economic inductance represents the inertia of economic value in motion. This is a population phenomenon known as services.

ECONOMIC INDUCTANCE

An electrical inductor (e.g., a coil of wire) has an electric current as its primary phenomenon and a magnetic field as its secondary phenomenon (inertia). Corresponding to this, an economic inductor has a flow of economic value as its primary phenomenon and a population field as its secondary phenomenon of inertia. When the flow of economic value (e.g., money) diminishes, the human population field collapses in order to keep the economic value (money) flowing (extreme case--war).

This public inertia is a result of consumer buying habits, expected standard of living, etc., and is generally a phenomenon of self-preservation.

INDUCTIVE FACTORS TO CONSIDER

- (1) population
- (2) magnitude of the economic activities of the government.
- (3) the method of financing these government activities (this method is referred to as the "Peter-Paul Principle").

TIME-FLOW RELATIONSHIPS AND SELF-DESTRUCTIVE OSCILLATIONS

An ideal industry may be symbolized electronically in various ways. The simplest way is to represent a demand by a voltage and a supply by a current. When this is done, the relationship between the two becomes what is called an admittance, which can result from three economic factors: (1) hindsight flow, (2) present flow, and (3) foresight flow.

Foresight flow is the result of that property of living entities to cause energy (food) to be stored for a period of low energy (e.g., a winter season). It consists of demands made upon an economic system for that period of low energy (winter season). In a production industry it takes several forms, one of which is known as production stock or inventory. In electronic symbology this specific industry demand (a pure capital industry) is represented by capacitance and the stock or resource is represented by a stored charge. Satisfaction of an industry demand suffers a lag because of the loading effect of inventory priorities.

Present flow ideally involves no delays. It is, so to speak, input today for output today, a 'hand to mouth' flow. In electronic symbology, this specific industry demand (a pure use industry) is represented by a conductance which is then a simple economic valve (a dissipative element).

Hindsight flow is known as habit or inertia. In electronics, this phenomenon is the characteristic of an inductor (economic analog--a pure service industry) in which a current

flow (economic analog = flow of money) creates a magnetic field (economic analog = active human population) which, if the current (money flow) begins to diminish, collapses (war) to maintain the current (flow of money--energy).

Other large alternatives to war as economic inductors or economic flywheels are an open-ended social welfare program, or an enormous (but fruitful) open-ended space program.

The problem with stabilizing the economic system is that there is too much demand on account of (1) too much greed and (2) too much population.

This creates excessive economic inductance which can only be balanced with economic capacitance (true resources or value--e.g., in goods or services). The social welfare program is nothing more than an open-ended credit balance system which creates a false capital industry to give non-productive people a roof over their heads and food in their stomachs. This can be useful, however, because the recipients become state property in return for the 'gift', a standing army for the elite. For he who pays the piper, picks the tune. Those who get hooked on the economic drug, must go to the elite for a fix. In this, the method of introducing large amounts of stabilizing capacitance is by borrowing on the future "credit" of the world. This is a fourth law of motion--onset, and consists of performing an action and leaving the system before the reaction can return. By this means, politicians become popular in their own time and the public pays for it later. In fact the measure of such a politician is the delay time. The same thing is achieved by a government by printing money beyond the limit of the gross national product, an economic process called inflation. This puts a large quantity of money into the hands of the public and maintains a balance against their greed, creates a false self-confidence in them and, for a while, stays the wolf from the door.

They must eventually resort to war to balance the account, because war ultimately is merely the act of destroying the creditor, and politicians are the publicly hired hit men that justify the act to keep the responsibility and blood off the public conscience. [H: We shall discuss this further under the subjects of "consent factors" and "social-economic structuring".]

If the people really cared about

Please see QUIET, next page

QUIET, cont. from previous page

their fellow man, they would control their appetites (greed, procreation, etc.) so that they would not have to operate on a credit or welfare social system which steals from the worker to satisfy the bum.

Since most of the general public will not exercise restraint, there are only two alternatives to reduce the economic inductance of the system.

(1). Let the populace bludgeon each other to death in war, which will only result in a total destruction of the living earth.

(2). Take control of the world by the use of economic 'silent weapons' in a form of 'quiet warfare', and reduce the economic inductance of the world to a safe level by a process of benevolent slavery and genocide.

The latter option has been taken as the obviously better option. At this point it should be crystal clear to the reader why absolute secrecy about the silent weapons is necessary. The general public refuses to improve its own mentality and its faith in its fellow man. It has become a herd of proliferating barbarians and, so to speak, a plight upon the face of the earth. They do not care enough about economic science to learn why they have not been able to avoid war despite religious morality and their religious or self-gratifying refusal to deal with earthly problems renders the solution of the earthly problem unreachable by them. It is left to those few who are truly willing to think and survive as the fittest to survive, to solve the problem for themselves as the few who really care. Otherwise, exposure of the silent weapon would destroy our only hope of preserving the seed of future true humanity.

This information I am giving you herein is the "reasoning" given to the groups of practitioners who would go forth--IT IS MANDATORY THAT THEY UNDERSTAND WHAT THEY ARE TO ACCOMPLISH, HOW AND WHY. Conspiracy theories are nothing new to your history. Plots to "kill Caesar" and overthrow Rome abounded, for instance. There were intricate plans as to how to get rid of the one called

However, it is seldom that **concrete clues to such plots come to light, and are generally known.** This information offered herein is real. SILENT WEAPONS/SILENT **WAR** **CONTINUED**

Whatever thou takest in hand, remember the end, and thou shalt never do amiss. Ecclesiasticus 7:36. And KNOW--thou enemy has never lost sight of his "end" in intent and your lesson must be to set thine goals as adequately.

HOUSEHOLD INDUSTRY

The industries of finance (banking), manufacturing, and government, real counterparts of the pure industries of capital, goods, and services, are easily defined because they are generally logically structured. Because of this their processes can be described mathematically and their technical coefficients can be easily deduced. This, however, is not the case with the service industry known as the household industry.

The problem which a theoretical economist faces is that the consumer preferences of any household is not easily predictable and the technical coefficients of any one household tend to be a non-linear, very complex, and variable function of income, prices, etc.

Computer information derived from the use of the universal product code in conjunction with credit card purchases as an individual household identifier could change this state of affairs. But the U.P.C. method is not yet available on a national or even a significant regional scale. To compensate for this data deficiency, an alternate indirect approach of analysis has been adopted known as economic shock testing. This method, widely used in the aircraft manufacturing industry, develops an aggregate statistical sort of data.

Applied to economics, this means that all of the households in one region or in the whole nation are studied as a group or class rather than individual behavior being used to discover useful estimates of the technical coefficients governing the economic structure of the hypothetical single household industry.

One method of evaluating the technical coefficients of the household industry depends upon shocking the prices of a commodity and noting the changes in the sales of all of the commodities. [H: You see this utilized most frequently with basics, primarily fuel (energy), sugar, coffee, etc.]

ECONOMIC SHOCK TESTING

In recent times, the application of Operations Research to the study of the public economy has been obvious for anyone who understands the principles of shock testing.

In the shock testing of an aircraft airframe, the recoil impulse of firing a gun mounted on that airframe causes shock waves in that structure which tell aviation engineers the conditions under which parts of the airplane or the whole airplane or its wings will start to vibrate or flutter like a guitar string, a flute reed, or a tuning fork, and disintegrate or fall apart in flight.

Economic engineers achieve the same result in studying the behavior of the economy and the consumer public by carefully selecting a staple commodity such as beef, coffee, gasoline, or sugar and then causing a sudden change or shock in its price or availability, thus kicking everybody's budget and buying habits out of shape.

They then observe the shock waves which result by monitoring the changes in advertising, prices, and sales of that and other commodities.

The objective of such studies

is to acquire the know-how to set the public economy into a predictable state of motion and change, even a controlled self-destructive state of motion, which will convince the public that certain "expert" people should take control of the money system and reestablish security (rather than liberty and justice) for all. When the subject citizens are rendered unable to control their financial affairs, they of course, become totally enslaved, a source of cheap labor.

Not only the prices of commodities, but also the availability of labor can be used as the means of shock testing. Labor strikes deliver excellent test shocks to an economy, especially in the critical service areas of trucking (transportation), communication, public utilities (energy, water, garbage collection), etc.

By shock testing, it is found that there is a direct relationship between the availability of money flowing in an economy and the psychological outlook and response of masses of people dependent upon that availability.

For example, there is a measurable quantitative relationship between the price of gasoline and the probability that a person would experience a headache, feel a need to watch a violent movie, smoke a cigarette, or go to a tavern for a mug of beer.

It is most interesting that, by observing and measuring the economic modes by which the public tries to run from their problems and escape from reality, and by applying the mathematical theory of Operations Research, it is possible to program computers to predict the most probable combination of created events (shocks) which will bring about a complete control and subjugation of the public through a subversion of the public economy (by shaking the plum tree).

INTRODUCTION TO ECONOMIC AMPLIFIERS

Economic amplifiers are the active components of economic engineering. The basic characteristic of any amplifier (mechanical, electrical, or economic) is that it receives an input control signal and delivers energy from an independent energy source to a specified output terminal in a predictable relationship to that input control signal.

The simplest form of economic amplifier is a device called advertising.

Please see QUIET, next page

If a person is spoken to by a T.V. advertiser as if he were a twelve year old, then, due to suggestibility, he will, with a certain probability, respond or react to that suggestion with the uncritical response of a twelve year old and will reach into his economic reservoir and deliver its energy to buy that product on impulse when he passes it in the store.

An economic amplifier may have several inputs and outputs. Its response might be instantaneous or delayed. Its circuit symbol might be a rotary switch if its options are exclusive, qualitative, "go" or "no go", or it might have its parametric input/output relationships specified by a matrix with internal energy sources represented.

Whatever its form might be, its purpose is to govern the flow of energy from a source to an output sink in direct relationship to an input control signal. For this reason, it is called an active circuit element or component.

Economic amplifiers fall into

classes called strategies, and, in comparison with electronic amplifiers, the specific internal functions of an economic amplifier are called logistical instead of electrical.

Therefore, economic amplifiers not only deliver power gain, but also, in effect, are used to cause changes in the economic circuitry.

In the design of an economic amplifier we must have some idea of at least five functions, which are:

- (1) the available input signals,
- (2) the desired output control objectives,
- (3) the strategic objective,
- (4) the available economic power sources,
- (5) the logistical options.

The process of defining and evaluating these factors and incorporating the economic amplifier into an economic system has been popularly called game theory.

The design of an economic amplifier begins with a specification of the power level of the output, which can range from personal to national. The second condition is accuracy of response, i.e., how accurately the output action is a function of the input commands. High gain combined with strong feedback helps to deliver the required precision. Most of the error will be in the input data signal. Personal input data tends to be specific, while national input data tends to be statistical.

[H: Can you not see how these things have taken place? Can you further see why each thing in order of proper sequence has been orchestrated? Can you now see WHY all things on the listing shall be accomplished for the goal is to be accomplished in total? Do you also see why there will be a currency collapse and a total collapse of the economic base of the populations with only the Elite holding the wealth and economic reins? Do you see that all of this has been done to perfection to

this point?]

DIVERSION THE PRIMARY STRATEGY

Experience has proven that the simplest method of securing a silent weapon and gaining control of the public is to keep the public undisciplined and ignorant of basic systems principles on the one hand, while keeping them confused, disorganized, and distracted with matters of no real importance on the other hand.

This is achieved by:

- (1) disengaging their minds, sabotaging their mental activities, by providing a low quality program of public education in mathematics, logic, systems design, and economics, and by discouraging technical creativity.
- (2) engaging their emotions, increasing their self-indulgence and their indulgence in emotional and physical activities, by:

- (a) unrelenting emotional affrontations and attacks (mental and emotional rape) by way of a constant barrage of sex, violence, and wars in the media--especially the T.V. and the newspapers.

- (b) giving them what they desire--in excess--'junk food for thought'--and depriving them of what they really need.

- (3) rewriting history and law and subjecting the public to the deviant creation, thus being able to shift their thinking from personal needs to highly fabricated outside priorities.

These preclude their interest in and discovery of the silent weapons of social automation technology.

The general rule is that there is profit in confusion; the more confusion, the more profit. Therefore, the best approach is to create problems and then offer the solutions. [H: If you can't see this in operation all around your globe, then I think we may have a hopeless situation. It is totally evident in what is happening in the wake of the L.A. so-called "riots". The uprising was planned, exploded and orchestrated by the Elite and they accomplished everything they desired--including the whole mechanism for the rebuilding in the guidelines of acceptable (to them) movement toward total con-

trol by force and regulations.]

DIVERSION SUMMARY

MEDIA: Keep the adult public attention diverted away from the real social issues, and captivated by matters of no real importance.

SCHOOLS: Keep the young public ignorant of real mathematics, real economics, real law, and real history.

ENTERTAINMENT: Keep the public entertainment below a sixth grade level.

WORK: Keep the public busy, busy, busy, with no time to think; back on the farm with the other animals.

CONSENT THE PRIMARY VICTORY

A silent weapon system operates upon data obtained from a docile public by legal (but not always lawful) force. Much information is made available to silent weapon systems programmers through the Internal Revenue Service. This information consists of the enforced delivery of well organized data contained in federal and state tax forms collected, assembled, and submitted by slave labor provided by taxpayers and employers. Furthermore, the number of such forms submitted to the I.R.S. is a useful indicator of public consent, an important factor in strategic decision making. Other data sources are given in the Short List of Inputs.

Consent coefficients--numerical feedback indicating victory status. Psychological basis:

When the government is able to collect tax and seize private property without just compensation, it is an indication that the public is ripe for surrender and is consenting to enslavement and legal encroachment. A good and easily quantified indicator of harvest time is the number of public citizens who pay income tax despite an obvious lack of reciprocal or honest service from the input.

AMPLIFICATION ENERGY SOURCES

The next step in the process of designing an economic amplifier is discovering the energy sources. The

Please see QUIET, next page

QUIET, cont. from previous page

energy sources which support any primitive economic system are, of course, a supply of raw materials, and the consent of the people to labor and consequently assume a certain rank, position, level, or class in the social structure; i.e., to provide labor at various levels in the pecking order.

Each class, in guaranteeing its own level of income, controls the class immediately below it, hence preserves the class structure. This provides stability and security, but also government from the top.

As time goes on and communication and education improve, the lower class elements of the social labor structure become knowledgeable and envious of the good things that the upper class members have. They also begin to attain a knowledge of energy systems and the ability to enforce their rise through the class structure.

This threatens the sovereignty of the elite.

If this rise of the lower classes can be postponed long enough, the elite can achieve energy dominance, and labor by consent no longer will hold a position of an essential economic energy source.

Until such energy dominance is absolutely established, the consent of people to labor and let others handle their affairs must be taken into consideration, since failure to do so could cause the people to interfere in the final transfer of energy sources to the control of the elite.

It is essential to recognize that, at this time, public consent is still an essential key to the release of energy in the process of economic amplification.

Therefore, consent as an energy release mechanism will now be considered.

LOGISTICS

The successful application of a strategy requires a careful study of inputs, outputs, the strategy connecting the inputs and the outputs, and the available energy sources to fuel the strategy. This study is called logistics.

A logistical problem is studied at the elementary level first, and then levels of greater complexity are studied as a synthesis of elementary factors.

This means that a given system is analyzed, i.e., broken down into its sub-systems, and these in turn are analyzed, until, by this process, one

arrives at the logistical 'atom', the individual.

This is where the process of synthesis properly begins, and at the time of the birth of the individual.

THE ARTIFICIAL WOMB

From the time a person leaves its mother's womb, its every effort is directed toward building, maintaining, and withdrawing into artificial wombs, various sorts of substitute protective devices or shells.

The objective of these artificial wombs is to provide a stable environment for both stable and unstable activity; to provide a shelter for the evolutionary processes of growth, and maturity--i.e., survival; to provide security for freedom and to provide defensive protection for offensive activity.

This is equally true of both the general public and the elite. However, there is a definite difference in the way each of these classes go about the solution of problems.

THE POLITICAL STRUCTURE OF A NATION: DEPENDENCY

The primary reason why the individual citizens of a country create a political structure is a subconscious wish or desire to perpetuate their own dependency relationship of childhood.

Simply put, they want a human god to eliminate all risk from their life, pat them on the head, kiss their bruises, put a chicken on every dinner table, clothe their bodies, tuck them into bed at night, and tell them that everything will be alright when they wake up in the morning.

This public demand is incredible, so the human god, the politician, meets incredibility with incredibility by promising the world and delivering nothing. So who is the bigger liar?, the public? or the 'godfather'?

This public behavior is surrender born of fear, laziness, and expediency. It is the basis of the welfare state as a strategic weapon, useful against a disgusting public.

ACTION/OFFENSE

Most people want to be able to subdue and/or kill other human beings which disturb their daily lives, but they do not want to have to cope with the moral and religious issues which such an overt act on their part might raise. Therefore, they assign the dirty

work to others (including their own children) so as to keep the blood off their own hands. They rave about the humane treatment of animals and then sit down to a delicious hamburger from a whitewashed slaughterhouse down the street and out of sight. But even more hypocritical, they pay taxes to finance a professional association of hit men collectively called politicians, and then complain about corruption in government.

RESPONSIBILITY

Again, most people want to be free to do things (to explore, etc.) but they are afraid to fail.

The fear of failure is manifested in irresponsibility, and especially in delegating those personal responsibilities to others where success is uncertain or carries possible or created liabilities (law) which the person is not prepared to accept.

They want authority (root word--'author'), but they will not accept responsibility or liability.

SUMMARY

The people hire the politicians so that the people can:

- (1) obtain security without managing it.
- (2) obtain action without thinking about it.
- (3) inflict theft, injury, and death upon others without having to contemplate either life or death.
- (4) avoid responsibility for their own intentions.
- (5) obtain the benefits of reality and science without exerting themselves in the discipline of facing or learning either of these things.

They give the politicians the power to create and manage a war machine to:

- (1) provide for the survival of the NATION/WOMB.
- (2) prevent encroachment of anything upon the NATION/WOMB.
- (3) destroy the enemy who threatens the NATION/WOMB.
- (4) destroy those citizens of their own country who do not conform for the sake of stability of the NATION/WOMB.

Politicians hold many quasi-military jobs, the lowest being the police which are soldiers, the attorneys and the C.P.A.s next who are spies and saboteurs (licensed), and the judges who shout the orders and run the closed union military shop for whatever the market will bear. The

generals are industrialists. The 'presidential' level of commander-in-chief is shared by the international bankers. The people know that they have created this farce and financed it with their own taxes (consent), but they would rather knuckle under than be the hypocrite.

Thus, a nation becomes divided into two very distinct parts, a DOCILE SUB-NATION and a POLITICAL SUB-NATION. The political sub-nation remains attached to the docile sub-nation, tolerates it, and leaches its substance until it grows strong enough to detach itself and devour its parent.

SYSTEM ANALYSIS

In order to make meaningful computerized economic decisions about war, the primary economic fly-wheel, it is necessary to assign concrete logistical values to each element of the war structure--personnel and materiel alike.

This process begins with a clear and candid description of the sub-systems of such a structure.

THE DRAFT

(As military service.)

Few efforts of human behavior modification are more remarkable or more effective than that of the socio-military institution known as the draft. A primary purpose of a draft or other such institution is to instill, by intimidation, in the young males of a society the uncritical conviction that the government is omnipotent. He is soon taught that a prayer is slow to reverse what a bullet can do in an instant. Thus, a man trained in a religious environment for eighteen years of his life can, by this instrument of the government, be broken down, be purged of his fantasies and delusions in a matter of mere months. Once that conviction is instilled, all else becomes easy to instill.

Even more interesting is the process by which a young man's parents, who purportedly love him, can be induced to send him off to war to his death.

There is not time nor space to go through all the items by detailed description more than presented here but realize that there must first be conditioning of the male/female elements of society--that is, tear down totally, structures and recognized roles. The male operates first by "logic" and then by "emotion". The male ego

Please see QUIET, next page

QUIET, cont. from previous page

must first be broken and then he will take devious routes to find self-worthiness and separate from "logic" such as in homosexual behavior, family irresponsibility, sexual irresponsibility and other separation devices to justify to self the inability to cope and/or be productive. To have self-esteem and productivity to a level expected, the male must be able to utilize this logical approach to each endeavor. When there is no logical solution, especially as presented in a political set of restrictions, he can no longer properly function in his ideal role. This inability can be easily be increased in value to the elite by orchestrating loss of jobs, position and relegating "man" to a foolish role as perceived through media projections.

A more dominant factor, however, is the mother factor. The female element of human society is ruled by emotion first and logic second. In the battle between logic and imagination, imagination always wins, fantasy prevails, maternal instinct dominates so that the child comes first and the future comes second. A woman with a newborn baby is too starry-eyed to see a wealthy man's cannon fodder or a cheap source of slave labor. A woman must, however, be conditioned to accept the transition to "reality" when it comes, or sooner.

As the transition becomes more difficult to manage, the family unit must be carefully disintegrated, and state controlled public education and state operated child care centers must become more common and legally enforced so as to begin the detachment of the child from the mother and father at an earlier age. Inoculation of behavioral drugs can speed the transition for the child (mandatory).

CAUTION: A woman's impulsive anger can override her fear. An irate woman's power must never be underestimated, and her power over a pussy-whipped husband must likewise never be underestimated. Remember, it got women the vote in 1920.

Now we will briefly consider "Junior". The emotional pressure for self-preservation during time of war and the self-serving attitude of the common herd that have an option to avoid the battlefield--if junior can be persuaded to go--is all of the pressure finally necessary to propel Johnny off to war. Their quiet blackmailings of him are the threats: "No sacrifice, no friends; no glory, no girlfriends."

And then, Sister. And what

about junior's sister? She is given all the good things of life by her father and taught to expect the same from her future husband regardless of the price--and so I believe this about catches you up to date.

Those who will not use their brains are no better off than those who have no brains, and so this mindless school of jellyfish, father, mother, son, and daughter, become useful beast of burden--CATTLE.

This concludes what is available as regards that which was found of the government document.

Quite a number of you are awakening to the fact that you are not only "in it" but it is washing about your ears. Survival of the remnant is mandatory and I must, as with the teachers of the past--insure that you understand as much. I am not come to share just for your information and intrigue in reading or listening; mine is a task of calling you who have committed, allowing you to come into remembering your mission and laying forth the Truth of the circumstances and devious routes of the adversary in pulling you from the path of LIGHT. **You are heading for this era of destruction and if you approach it unprepared, it will be you and only you that can be blamed for the acts of yourself and your family. In this context I refer to preparations as to food and safe shelter.** Remember that the highest accounting of the remnant in numbers is 144,000. I speak herein, of the Holy Remnant--that being those who choose to survive the holocaustal years and the great and fearful battle recognized as Armageddon. It is the duty of these Elect to prepare for the coming tribulations, dig into the mountains and dens, stock their caverns with ample supplies and ride out the fearful years ahead. These of the remnant will come from the original tribes and shall include those from America, Australia, New Zealand, England, France and thus and so. **ALL AND ANY WHO WOULD BE OF LIGHT AND KNOWING.**

Dharma, we need to take respite but I ask that we not delay long in reminding ones of the times at hand as relative to the prophecies left for your consideration. The shackles become ever more evident with each passing segment of counting and you of the Remnant must also have more insight into the guidelines of such timing. To simply rise against that which has been slowly consuming and enslaving you

is useless until the whole of the beast falls. You can have pockets of progress if you but see the problems and work around them and within the rules set forth. I believe it is time to repeat that which is given by others before us and

reminding you of that which is written by us. Reminders are in order because the barrage of material has indeed been great. Blessings be unto you who hear and see.

Hatonn to clear.

Killer Whales?

5/7/92 #1 HATONN

I do not speak of the pack of whales who killed the gray whales off of California--I speak of the pack who kill people and their dreams in the Elite halls of injustice.

You precious readers allowed us to make it through one more encounter with the "law" system for we went to court unable to raise either the money for the dwelling or the amount sufficient for the bonding. We did, however, have almost enough for the court session--oh yes, indeed, you DO pay for your unfair hearings and "execution" of judgments. In fact, the primary phrase used in the courts for petition to stay a judgment is "stay of execution". Sounds formidable, does it not? Well, the "execution" is now stayed for about 30 days--which, in fact, is more than we hoped for but I pulled a bit of emotional ploy myself.

I had Dharma go to the Bailiff and ask how to be heard by the judge. But before that could be accomplished I made her sick unto nearly passing out. As she was rushing from the courtroom, all exchanges had to come to a halt. The judge immediately began to get a bit less aggressive. Also the viper from the pits of the S&L couldn't attend so we had a rather uncreative--person in the opposition corner for the RTC. (The RTC, however, has required that all attorneys COLLECT real currency for all cases or they get their salaries cut since Congress didn't go along with the last \$25 billion support. The blood, however, will ONLY BE TAKEN FROM THE "PEOPLE" AND NOT FROM THE S&L's IN POINT--JUST THE "PEOPLE" WHO ARE STRUGGLING AGAINST THE SYSTEM.)

At recovery of composure and sitting with the Bailiff, who, by the way, is a true gentleman and champion, Dharma saw clearly the path--no giving anything, no quarter, no "compromise"--just full steam ahead. When all of you learn this lesson you will find peace in the valley, chelas. She announced, in the hall soapbox, to the Bailiff and concerned attorneys and E.J.: "Not one cent more than neces-

sary for 'costs'--not one cent! There must be legal ways to do this job and if not, after we hit the Supreme Court of the U.S.A., then and only then, will we stop!" **IT DOES MEAN, HOWEVER, THAT THE CONSTITUTIONAL LAW CENTER BUTT-IN RIGHT NOW AND GET MOVING--FOR THE FACTS ARE THAT IT IS EXPECTED, NOW, SOME \$50,000 "BOND" TO FACILITATE BEING ABLE TO BRING THIS HORRENDOUS MESS TO THE APPEAL. NO--THAT WILL ABSOLUTELY BE A BLATANT ACT OF OUTRIGHT DEFIANCE OF CONSTITUTIONAL LAW IF REQUIRED AND WE SHALL CROSS THAT BRIDGE WHEN WE GET THERE. ALL OF THIS OUTLAY, AT ANY RATE, CAN COME BACK IN "DAMAGES" IF YOU ATTORNEYS KEEP ON YOUR TOES, WITH ENOUGH TO REALLY ESTABLISH THE LAW CENTER. YOU, HOWEVER, WILL DO YOUR WORK AND SLEUTHING--YOU HAVE BEEN "GIVEN" TO SEE YOUR CASE.**

Several good things came from yesterday. One major point was clearly made to the offence attorney and the judge in point: **PROOF BY PHONE RECORDS THAT THE AUCTIONEER WAS ON THE PHONE TO HIS OFFICE AT THE TIME HE CLAIMED TO HAVE BEEN HOLDING THE SALE.** The horrendous thing is that the Ekkers are still not even with "GO" from the very first of this fiasco FOUR YEARS AND A HALF MILLION DOLLARS AGO!! NOW, THE RTC WILL ALLOW THESE ONES TO HAVE THE PROPERTY AT HIGHER THAN THE ORIGINAL COST OF THE PROPERTY AND THE COSTS INVOLVED--ALL HALF MILLION OF THEM. JUSTICE IN AMERICA?? DREDS OF THOUSANDS OF YOU--THE-PEOPLE. HOLD THIS IN YOUR HEARTS AND PRAYERS BECAUSE THROUGH THE TOUCHING OF THE MINDS AND HEARTS OF THE ADVERSARIAL WORKERS, YOU CAN CHANGE THE PATH.

We are so grateful to each of you who have responded in love and sharing. You have accomplished another step which may well be lost if I speak it not--we shall keep writing regardless of that which comes. Ones here have offered to physically move the furnishings and other personal property (and Dharma has suggested that it be into a leased circus tent "squatted" on the adjacent property or actually in the street) if it comes to that extreme. This way, power lines can be run from the generator to the tent and the computers can still be utilized. Let us hope perseverance and energy flow can prevent such a thing--but you readers must know that we will continue if even THAT EXTREME is required.

What did this? The final straw of decision load came with two beautiful letters. One from a 14 year-old and one from a 16 year-old along with a contribution and letter signed by an entire family, right down to the baby in line of age. Ah, beloved ones, can you know how deeply this can touch the heart? Can you know how I honor this family? These parents have taken their children out of the training camps for evil and school them at home AND THE CHILDREN ARE GRATEFUL

FOR THEY STUDY THE HISTORY AS PRESENTED IN THE JOURNALS AND LIBERATORS AND HONOR THEIR PARENTS FOR THE GIFT. THE LETTERS FROM THE CHILDREN WERE PERFECTLY PRINTED, SPELLED AND GRAMMATICALLY CORRECT AND YET, IT WAS OBVIOUS THAT THE CHILDREN HAD DONE THE WRITING AND THE "THINKING". THEY SAID WE "ARE REACHING THE YOUNG-PEOPLE", PLEASE DO NOT STOP! BLESSED ONES, WE SHALL GO ON AS LONG AS WE CAN AND I PERCEIVE IT WILL BE UNTO VICTORY--AND I DO MEAN "VICTORY".

If necessary to buy time, we can still file for bankruptcy which will delay processing for an additional minimum of 30 days and who knows what can be accomplished in some couple of months!

Please also know that E.J. and Dharma immediately left the courtroom and went to the nursery and gathered up gardenias and flowers to plant in the "fern garden" which has remained barren for these five years of continual packing and unpacking. I believe Dharma has finally "taken possession" and maybe that really is 90% of the battle. I ask that you ones who shared your contribution--did that and each plant will bear a name. The remaining is in a separate place of security.

By the way, the "killer whales" only did that which was natural for

their species. You have brought this type of whale into your zoos but they are the ocean balance bringers--they were called WHALE KILLERS. Man gave them the name of "killer whales".

There is almost nothing MAN has not tampered with and changed and made to become unbalanced and violent--may God have mercy in the final accounting.

Bush Victory March

5/7/92 #1 HATONN

Mr. Bush took victory over Los Angeles today with all the hype of a Monarch having put down a serf uprising. Citizens bowed and scraped in appreciation for his bringing military force into your village.

BUT, who did not bow? Who cried out in protest? The very ones whom he claimed to be protecting! The Korean community gathered and protested his actions and accused him of causing worse misery and upheaval. You know what? They are right. THE

FULL INTENT OF BURNING OF THE KOREAN COMMUNITY WAS TO BRING PRESSURE TO BEAR IN KOREA (Yes, I said "Korea", where things aren't going to suit your Elite Rulers).

Also note another thing--MANY of the ones arrested as rioters and looters are illegal aliens come in from the route of Mexico! Does this not smack of subterfuge???? They will simply be deported back across your "free-trade" border "regardless of origin", it is stated by the media and press.

Henry Kissperotinger

5/7/92 #1 HATONN

If you watched Kissinger last evening, you will know exactly what has happened and WHY Perot is being foisted off on the unsuspecting public as a last resort. You will also realize why he is allowed hearing on "Larry King Live"--for Larry King is the media frontrunner of "testing" the water.

The point is to cause so many "third party" potentials to turn to an "impossible" runner as to preclude Gritz from any possibility of being elected. Perot is not the Perot of three years ago. Kissinger said it very well--"...and he cannot in any way run a complicated system such as the United States so even if he were to win he would only cause confusion and worsening of all situations already in trouble." Please look carefully, readers, and PLEASE SEE. I petition you to see and KNOW so that we can do something about this incredible burden upon your place.

WHAT OF GRITZ?

Well, I can only share with you that which I KNOW to be true. He finds it difficult to accept the Truth and that, as he puts it, "...the 'lofty ones' e.g., George Bush, would be threatened by the likes of the 'lowly ones' i.e., us, would be to dabble in

dreams....". Let me remind you who consider yourselves to be the "lowly ones"--YOU ARE THE FLAME THAT SHALL BURN OUT THE VIPERS FROM THEIR DENS.

Dear ones, I can only remind you that this young man is groomed and chosen by God to lead you as the sequence is in order. There will be the day when you shall grow again from out of this muck and mire and it will be then that strength and Godliness must be that which is consumingly instilled within the leaders--THIS IS A GODLY MAN in point and will serve within the WILL OF GOD, not the will of self.

Why would he go on with almost no hope of winning an election? Because he must be known and recognized against the day when he can serve and show you the way. The only way to accomplish the task is to continue to meet as many as will come, speak unto the multitudes and pray for awakening and insight received. Blessed are the ones who serve at this time of greatness for the true heroes are unsung while the Elite evilmongers are the receivers of praise while being cowards in their games. YOU are the heroes of this nation and this civilization and know that we of the Hosts and the higher Command KNOW as much even though the fact may elude even YOU at this time.

Regarding Books

5/7/92 #1 HATONN

I just wish to make a very brief statement herein regarding the COMMITTEE OF 300 by Dr. John Coleman. I realize that many of you are getting totally mixed signals--first I urge you to buy the book and then you find two separate bits of wide-

into the fray to negate any chance of a third party winning any election. Your system via the electoral college precludes all further possibility save "act of God". We do not, however, rule out "act of God".

ELECTION SYSTEM

For you who don't understand the system in full and for the children who are learning at home, let me briefly outline the workings of this "electoral college" system. This has to do with your Constitutional 12th Amendment.

According to the 12th Amendment, no candidate can win the presidency through the electoral process UNLESS they have 270 electoral votes. Therefore (example), if Clinton, Perot and the other "also rans" can get enough to keep Bush from a plurality (270), then the vote goes to the House of Representatives. Each of the 50 states gets ONE vote. The House being Democrat will cast their vote for Clinton. Clinton is groomed and presented by the Bilderbergers and Trilateralists and is anointed by Rockefeller's New World Order to carry the ball. Bush has brought them to the "one yard line" but you-the people are upsetting the apple cart--you are "digging in" and it isn't so easy as expected. Throwing the election into a liberal Congress for resolution will cause massive confusion to the public and "they might fall before they realize they have been pushed." Perot being in the fray makes it even more difficult for anyone to win via the electoral college. This system of electing leaders is about as bad as any other corruption to your Constitution--put into place to accomplish exactly this end--total control of the elections. ****ONLY THE TOP THREE CANDIDATES ARE CONSIDERED BY THE HOUSE IF NONE GETS THE REQUIRED 270!****

spread advertising washing over you. Because I have "pushed" and "shoved" the book and America West published same with our assistance, they offer the book for \$16.95 plus postage. The other advertisement is for \$24.95 including shipping. This is a direct contact by Dr. Coleman and, I believe, comes with his autographed inscription. I take no offense at this except to point out to you readers that I was not made aware of the discrepancy and I apologize to any who were misled by the contradiction. I do not have input in setting the price of anything other than the JOURNALS which we maintain at just under "break-even" early-on and hopefully, at some point--break-even. Ours is to distribute the WORD. The higher pricing is more in line with other publications, especially of such importance, but I feel this explanation is due you readers who are questioning the discrepancy in "advertising". If there are changes reflected in the LIBERATOR I shall ask that it be returned to the \$16.95 plus handling, immediately, for you LIBERATOR-JOURNAL subscribers and readers. Pricing of all other books distributed by America West is absolutely no business of mine. Thank you for allowing explanation and I apologize to you who have inquired as to the problem of credibility.

This is exactly WHY we keep in separation from other places recognized as "businesses" and individual writers, etc. I sanction Truth and honor work done in integrity and put forth for you readers in honor. This does not mean that I sanction all about either businesses or authors and have so stated on numerous occasions.

George and Desire' Green give ALL of their attention into getting forth THE WORD and still survive in this world. Other investments have been utilized to keep this material flowing to you and for this I am gratefully appreciative. They travel at great expense to share with you personally in bringing attention to the Truth and unto GOD. I recognize many other authors who can give you great confirmation in that which we outlay for your information--this does not mean the authors are binded, somehow, to me or to God--that is for their own projection--not mine. The Greens do absolutely everything in their power to bring this truth unto the masses and

they do it in the face of all negative odds and outright attack. They hide behind nothing nor anyone save the shield of God and Command. If they push a book or "thing"--it is because I have asked them to do so. Do they make errors in speech? Yes, and we know that when they speak publicly it is with intent of Truth and offer "opinions of the speaker regarding the information given"--they do not speak AS the author or higher beings.

It is for this reason of bombardment against them that I invite any who wish to contact me directly, to have other access rather than have to send all through the America West routing. This is in effort to cut down a bit on the load of material requiring attention. Since George is in charge of public distribution, etc., much of the information is intended for him personally--other material can be sent to him if required or, if intended for Hatonn, Dharma, etc., it can be routed directly through THE WORD. We are humbly grateful that the correspondence is so great as to have a problem with timely attending of it. This is progress, dear ones, and is the fuel upon which these workers can thrive for most is still accomplished through volunteer efforts beyond any call or expectation. Your word of

appreciation IS the salary which sustains. We most surely realize that the kind and loving thoughts shared with Dharma are for all the contributors and we must do a better job than now of sharing those precious supporting comments and letters with our local crew.

I must say that the bog-down comes right at my own door for restrictions in ability to respond to inquiries within the correspondence prevents its timely moving through the staff at other parts of the projects. We shall work to rectify that stoppage as of NOW. We are doing better as we can take up more inquiries in taped sessions and please forgive us for the failure to timely respond to letters needing personal response and thank-you's. I desire to attend each personally--unfortunately I do not work on time and space limitation but often forget that my scribe does and that if she is to be allowed time to respond to her own personal correspondence, I must allow her the time. I have not been willing to take the time away from the WORD as must be attended. Please know that each contact is treasured and each "clipping" saved and valued for we are accumulating a valuable treasure of confirmations as the various scenes unfold.

God vs. Doom and Gloom

5/7/92 #1 HATONN

May I please give respite to my preaching and allow the wondrous wisdom of one in SOUTH AFRICA to be shared. This person and those with whom we share Truth are a very long way from the U.S.A. and yet find the Truth and the projection from the U.S.A. quite suitable for it is the WHOLE which must be considered and the possibilities of change coming about from places wherein it is still POSSIBLE to change.

Let me just share the letter, please:

To Hatonn.

April 23, 1992

Oh Hatonn, that most people remember not the Law of Creation is so indeed, for if they did they would weigh your word against it and never find it light. At times I too am so human in my doubts and simply find it hard to believe that we on Earth have sunken so very

low. Yet, I only have to consider where I've dragged God within, in action or thought, to know that what you tell could be. Still, I unashamedly admit, times had me weighting what you bring against Creation's Law as I know it to be, within, but always your words weigh full in Knowing and Light.

So much of what you write seems to be so depressing. So many of the letters you published so antagonistic... You've said that we of human often are prepared to accept from another in our format rather than from God. Perhaps there are some -- even one -- who are prepared to accept the truth of your promise which has been ours forever to claim... If I could somehow let them understand that I know heaven and paradise to be real--here and now--on earth! That it could be their know-

dent agent in Nevada must keep some records at his office, including a certified copy of the articles of incorporation and any amendments, a copy of the corporate bylaws and any amendments, and a current stock ledger or a copy of the stock ledger, (or a copy of the Stock Ledger Statement showing where the stock ledger is currently located).

When the resident agent is served with process (legal papers), he must have the ability to transfer those legal papers or documents to someone in the corporation who has authority to take the appropriate action. Common sense would tell us, then, that he must have reasonably quick access to some corporate officer or employee or at the very least a current mailing address.

If a corporation fails to designate a resident agent, it risks having important legal papers misdirected or served by other means. This can be far more serious than meets the eye. These legal papers may be served on the secretary of state if no RA or officer is available to be served. It is even possible that the mail might be used to give notice of a lawsuit in conjunction with one of those strange "legal publications" that you see hidden in the classified section of your newspaper. Your corporation could be sued and you would not find out about it until it was too late. ALWAYS have a designated resident agent, ALWAYS be sure the proper papers are filed, and ALWAYS let your RA know where he can get in touch with you immediately and at all times.

BACK TO BASICS

I am going to take the time right here and right now to remind you of "basics" and again urge you to get information on your own. I ONLY recommend Nevada Corporations as the "home base" of any incorporation and that can be explained later as a reminder--I have written at length and in detail regarding why, etc. But for new readers and ones who have missed out on the point, let me brief you again. Corporations in Nevada only actually need ONE person for all positions of public record, ownership, etc. Further, the owner of the entity is never public record. This becomes, therefore, an unlimited tool for estate planning--"old corporations never die they simply get a new president" and go right on functioning without probate or legal entanglements of any kind. I herein, now, ask that the next

subject covered by Mr. Christie be on these "family" corporations or "personal" sheltering corporations.

To assist you ones more conveniently and at less expense than priorly possible, an office and resident agency is NOW ESTABLISHED in Las Vegas to better serve needs and shelter privacy. Cort Christie is still contacted through Corporate Advisors Corporation, 2533 N. Carson St., Suite 645, Carson City, NV 89706, Tel: 702-885-9638 (ask for "Cort"). Be patient with Cort because we are running him from both ends and even the middle; under that kind of pressure, anyone gets a bit tattered. If he is not available when you call, he will return your call or respond to your inquiry in whatever mode is appropriate.

As we speak of utilizing corporations we are finding that you don't actually know enough about that which we speak to be of value to you. Let us first state, however, that this is only "offered" to you, certainly there is no coercion on our part. This is in response to the myriads of inquiries about possible actions to remain private and keep your assets safely tucked away as long as possible--perhaps forever if you do your share in properness.. We find from inquiries on the phone, and from other contacts, that many persons considering the use of a corporation really do not understand just what they are, how they work, and how they are structured. They then go inquire of the C.P.A.'s and Lawyers only to be told they "won't work" and thus and so. Well, it is to their advantage to discourage you for two reasons--they don't know as much as YOU DO about the subject, especially out of the state of Nevada--AND MORE IMPORTANT: THEY WON'T HAVE A JOB FOR IT WIPES OUT ESTATE PROBATE AND ALL THE NONSENSE OF TRUST RUNNING AND CONTROLLING, FOR LARGE FEES, YOUR BUSINESS AND LIFE WORK.

We also note that even though you may be quite sophisticated in your business skills, you need a refresher course once in a while and we thank Lewis Laughlin for so timely reminding us of the fact. For these reasons, we thank the resource and offer you "Back to the Basics" of corporations.

WHAT IS A CORPORATION?

A corporation is just another type of legal entity, created under the authority of a state as a separate,

artificial, but fully recognized individual person. Yes, they are people, too! Not YOU, if it is your corporation, but another entity birthed in whatever state births it. You and it are NOT THE SAME! THEREFORE IT MUST HAVE ITS OWN SEPARATE SET OF DOCUMENTATION AND RECORDS JUST AS DOES ANY BIRTHED PERSON ANYWHERE. THAT IS WHAT MAKES IT SUCH A VALUABLE ENTITY--YOU CAN CONTROL IT--BUT IT IS NOT YOU. The existence of a corporation is totally separate from its stockholders and owners. And, as a separate legal entity, it has the power to make contracts, to sue or to be sued, to own property or to convey it, and--yes--to make money! It can do just about anything that a real, breathing, person can do. And, very importantly, a corporation is responsible for its own debts. The stockholders generally are NOT personally responsible for the debts or liabilities of a corporation.

The life of a corporation is different from that of a real person. The corporation life continues even if the stockholder, director or officer dies, or if the shares of the corporation are transferred. It is capable of existing perpetually, legalese for "as long as someone wants it to exist". But it need not last forever, and a corporation can be organized for a set purpose and period of time.

TYPES OF CORPORATIONS

PRIVATE: A Corporation that is owned and controlled by a private group of people, as opposed to the general public. The term distinguishes a corporation that is owned by individuals, for a business purpose, from the corporations that are used for governmental purposes (cities are actually "municipal corporations"). Also, a corporation that is owned by a small group of people (10, for example) might be considered a private corporation, whereas a corporation whose stock is traded in the public market (New York Stock Exchange, over the counter, etc.) and has thousands of shareholders would not be considered a private corporation. The shareholders, however, can be as few as YOU--(ONE).

PUBLIC: A corporation whose stock is traded on the public market. Also, this can refer to a governmental corporation for public purposes.

CLOSELY HELD COR-

PORATION: This term generally is used with regard to federal taxation and means a corporation in which 5 or fewer shareholders hold 50% or more of the stock in the company. Also, it is commonly used in a less technical and accurate way to describe any company held by a single stockholder or a closely knit group of stockholders.

CLOSE CORPORATION:

It is good to know what a close corporation is so you can avoid involvement with one. It is a creature that only some states even allow to be formed. The close corporation is designed so that a few people can form a corporation and operate it without the normal formalities of a regular corporation, such as certain minutes of meetings, resolutions, and the like. Although this might sound appealing, upon further consideration it usually proves to be the road to disaster.

Why? A "close corporation" is really a creature of STATE LAW. The IRS is not bound by that state law. The IRS puts great stock in corporate records and formalities. It may consider the lack of corporate records and formalities in a close corporation as sufficient grounds to consider the corporation as NO CORPORATION AT ALL. This results in the shareholder's being held personally responsible for the income of the corporation. Also, other states that do not provide for close corporations might take the same lack of records and formalities to be evidence of a lack of an actual corporation, resulting in the setting aside of the corporate entity, or "pierce the corporate veil". Take it from us, it is better to avoid this animal. Rather, use the tried, true, proven and tested "regular" corporations, KEEP GOOD RECORDS AND MAINTAIN PROPER FORMALITIES.

DOMESTIC CORPORATION:

In a given state, a corporation formed under the laws of that state is deemed to be a "domestic" corporation. For example, a corporation formed in Nevada is a domestic corporation in Nevada.

FOREIGN CORPORATION:

A foreign corporation is a corporation formed under the laws of any other state. In California, for example, a Nevada corporation is a "foreign" corporation.

PROFESSIONAL CORPORATION:

A corporation organized by a person or persons engaged in rendering "professional services" which require the person rendering

Please see NEVADA, next page

NEVADA, cont. from previous page

those services to be properly "licensed" (physicians, attorneys, etc.)

S CORPORATION: This is a corporation that is just like any other regular corporation, with the exception that it meets certain **federal requirements**. Having met those requirements, it is entitled to make an election with the IRS and become certified as an S Corporation. Typically an S corporation is a small corporation, as one of the requirements is that there must be **35 or fewer shareholders**.

The requirements are simple, and the election is easily filed. So why make this election? An S corporation is referred to as a "pass-through" entity. This means that, with few exceptions, the profit or loss of the corporation passes through to the individual shareholders for tax purposes and is not taxable to the corporation. In some situations, S corporations can offer substantial tax advantages to the shareholders.

C CORPORATION: This is the designation given by the tax law to refer to those corporations that have not elected to qualify for S corporation status or any other special corporate treatment. It is also referred to as a "regular" or an "ordinary" corporation.

I realize it is hard for you to grasp, but by utilizing a Nevada corporation you can do business as a "regular" corporation and never have a profit because you will do such good business that you never waste profit upon which to require taxing. Further, you can privately handle your business transactions because Nevada **IS THE ONLY STATE IN THE UNION WHICH DOES NOT ALLOW SHARING OF RECORDS WITH THE U.S. OR FEDERAL GOVERNMENT**.

You are going to be most unwise if you do not come for information to the source **WITH THE INFORMATION**, for if you go to your local "brother" who "knows everything" he is not going to know! He may well tell you to incorporate, then, in, say, Delaware. No--Delaware used to have good laws--they now have reciprocity with the IRS. If you don't do this properly you should not do it at all for it will only mire you in trouble. This is to allow you maximum shelter--not evade the government or its dogged forces. Remember the difference in evasion and avoidance: **15 YEARS!** Hatonn is not in the business of doing anything

except responding to the pleas for assistance in proper management during this time of transition to the best of my ability. You will not have miracles dropped on you for you must work within the system--I can only point to the best solutions and you must do the rest.

THE BIRTH OF A NEVADA CORPORATION (CORPORATIONS ARE PEOPLE, TOO)

To start with, one or more natural persons (called the incorporators) associate (or singularly) cause to establish or to be established, a corporation. They sign the Articles of Incorporation or have appointed persons to do so, have them notarized, and file them with the Secretary of State of Nevada. A certified copy of these Articles is returned to the incorporators, along with a Certificate of Incorporation.

The Articles must contain:

1. The name of the corporation--(cleared for singularity with the Secretary of the State of Nevada);
2. The address of the registered office of the corporation in Nevada;
3. The nature of the business, objects or purposes proposed to be transacted, promoted, or carried on by the corporation (management, consultant, printing, general services of unspecified type, etc., etc.). (It is sufficient to state: "any lawful activity".)
4. Certain information regarding the total authorized capital stock of the corporation;
5. Specific information regarding the governing board (directors) of the corporation (don't let this one fool you--check on proper method);
6. Whether the capital stock will be subject to assessment to pay the debts of the corporation (this needs know-how also);
7. The name and address of each incorporator (boy, this one REALLY NEEDS ATTENTION FOR IN SECURING PRIVACY YOU CAN GET INCREDIBLY IMPORTANT HELP ON THIS ONE--LEGALLY, LAWFULLY AND FULLY PROTECTED);
8. The duration of the corporation.

You can blunder through this on your own but if you are not in the State of Nevada you must have a

registered agent at any rate. However, if you wish to avail yourself of actual shelter and utilization of the only lasting and valid TOOL available--I can only urge you to get in touch with Cort for help. He will not mislead you and he will not give you invalid or unlawful methods of game playing which will only end you in trouble. Properly used, this is the last tool for sheltering assets, even homes and "will-type" property. I can only offer it for your attention but I think you would be wise to seek information. We can take the worry out of the filing requirements. Yes, it does cost something because there are fees for everything--but you show me anything wherein there are none! Remember, filing the proper forms in the proper manner with knowledge of intent creates the corporation and the ability to fully utilize it.

MANAGEMENT AND CONTROL

What a corporation can do and how it goes about doing it are guided by its articles and bylaws (which are adopted by the directors). To illustrate what these articles and bylaws mean to you, let us draw a parallel between them and the very documents that govern your country. The similarities are most striking.

The articles of a corporation are to the company what the Constitution is to your country. When your founding fathers wrote the Constitution, they drew up a document that would set down solid guidelines for things the country could and could not do. They also recognized that the document could not be too rigid. It had to be a document that would give the country direction but would also allow the country to establish more rules to govern specific situations, and to even allow changes in the constitutional guidelines. The Articles of a corporation could well be called the "Corporate Constitution". They set down general guidelines for the corporation from which it cannot deviate unless those general guidelines are amended to reflect a change, much like the country's Constitution. Also, just as the country's Constitution provided for additional laws to supplement it, the articles of incorporation provide for rules of corporate procedure, etc., to supplement them. These are called the corporation's "bylaws".

Bylaws exist within the general boundaries set by the articles and address specific points that are not

addressed by the articles, on how the corporation is to be governed. This works much like the laws in your country which address specific things the Constitution does not address, while at the same time remaining within the constitutional guidelines.

Thus, ARTICLES can be called the CORPORATE CONSTITUTION, while the BYLAWS are comparable to your country's LAWS. Bylaws govern corporate activities such as stockholders' meetings, stock, directors, officers, etc.

Management of the corporation is given to a board of directors (can be "one"), elected by the shareholders (can be one voted on by the same one). The number of directors is set by the Articles. **In Nevada, only ONE director is required.** The only statutory requirement for a director is that the person is at least 18 years old. **A director does not need to be a**

stockholder, a resident of Nevada, or even a U.S. citizen! The articles of incorporation set the number of directors, their age, residency, citizenship, and other requirements as the incorporator(s) feel is appropriate. The Board of Directors has full control over all the affairs of the corporation subject to the restrictions imposed in the Bylaws.

The Board also elects the officers, who actually run the day-to-day operations of the corporation. Typically, there is a President, a Vice President, a Secretary and a Treasurer. All these officers can be the same person. The Board can meet periodically to conduct any business which needs to be tended to, or all business can be transacted through resolutions signed by all the directors. Remember, the stockholders elect the directors. The directors elect the officers.

RIGHTS OF STOCKHOLDERS

Generally, stockholders elect and remove directors, amend the articles and bylaws, and approve extraordinary corporate actions. Usually stockholders have an annual meeting to take care of the above business, but a Nevada corporation can accomplish all this business through resolutions.

A stockholder can either vote his or her shares personally, or the shares can be voted by someone else authorized to vote the shares through a PROXY. In Nevada, a proxy must

be written AND GENERALLY IT IS ONLY VALID FOR 6 MONTHS, UNLESS IT IS EITHER "COUPLED WITH AN INTEREST" OR THE STOCKHOLDER SPECIFIES THE LENGTH OF TIME THE PROXY IS TO REMAIN IN FORCE. (This can be a great tool in the case of family stock--the incorporators (parents) can issue proxies which allow them full control to, say, the date of death of one or both parents--however you wish it set up as incorporator. Also, there is no law in Nevada that says you EVER HAVE TO ISSUE THE STOCK. Ah ha! Do you see how creative you can be and still act totally and confidently WITHIN THE LAWS OF THE STATE AND LAND? In any case, the proxy can only be valid for a maximum of 7 years without reaffirmation of validity.

MISCELLANEOUS REQUIREMENTS

As mentioned earlier, a corporation must designate a person to be the Registered Agent for the corporation in Nevada. This person must CONSENT TO BE THE REGISTERED AGENT, AND MUST SIGN THE APPROPRIATE FORM TO BE FILED WITH THE SECRETARY OF STATE. Additionally, this form must be re-filed annually, as does a list of officers for the corporation (this can be attended in privacy, also, if you make arrangements but I shall not go into it herein--you should contact Cort if you desire further information). Typically, this

filing must be done in the same month each year that the corporation was originally incorporated, or within 60 days of that month. THE FAILURE TO FILE THESE PAPERS CAN RESULT IN THE CORPORATION'S BECOMING DELINQUENT, AND POSSIBLY EVEN HAVING ITS STATUS "REVOKED" IF ALLOWED TO PASS A STATUTORY PERIOD. IF THIS HAPPENS, THE CORPORATION CAN NO LONGER DO BUSINESS, AND ANY ACTIVITY CONDUCTED IN THE NAME OF THE CORPORATION IS SUBJECT TO CHALLENGE. So--please bother to do it RIGHT if you do it.

I hope this information is found to be of value and we shall effort to give you ongoing working assistance as we move along henceforth. To simply tell you what to do is not sufficient if

we are to move "correctly" in a positive direction within security as can be obtained right within the laws as established by the Elite in your own lands.

You may well be given advice as to "Just incorporate off shore and have off shore banking, etc." What is to insure getting anything BACK WITHIN YOUR BORDERS?????? The first thing to go will be any ability to put or take across borders. This is why you are going to have to work within the system and within the Elite establishment, stay SMALL and unthreatening and you will remain as secure as is possible under any circumstances which follow.

This writing is too long and unwieldy but necessary. Thank you for your attention. Let a word to the wise be sufficient for research and action. Hatonn to clear.
