While The People Sleep The Elite Dance Heats Up

8/2/92 #2 HATONN

Dearly beloved, we are focused on this day upon the many instead of the detail. You will not find the answer if you cannot relate the fragments into the whole.

All over your globe you will note aircraft are "dropping" from the sky—"...for no known reason". Volcanos are still erupting but you are not kept informed. Imelda Marcos goes forth to Hong Kong on government "pay-off" business but all the attention given her travel is "she bought new shoes". And I ask, "On what do you spend your funds?" Is it not alright if a person spends their own assets on that which brings them pleasure—be it beer, bowling balls, fishing rods or football tickets? Could the media thrust be simply to distract you from the facts? How many realize that until "her" business is

completed—other actions must wait? In fact, even Mt. Pinatubo in the Philippines will continue to erupt ash and cinders until her business is finalized.

What of California's "Big One"? Well, I am shown that it is still "on schedule" and I certainly suggest you not unpack any precious porcelain pieces until an "all clear" is proven—which will, of course, be the "big one".

Your "big boy" government administration has not been able to gain supremacy over you through encounters with your enemy so you still have to have reason for giving your nation into the hands of the Dictator Bushlips. Your space effort of this week is a total disaster and flop and the view from up here is pretty sad to say the least. The Soviets with their newly launched men and equipment are laughing all the way to the "throne".

Will your Elite be able to BUY peaceful coexistence? I doubt it because the blackmail money flow is enough at present since the intent is to pull down the Soviet Bloc nations at any rate and with any excuse—you see the bloodletting in progress. Meanwhile, you continue to dance with Saddam while the nations burn. I would say that Saddam's reactions to your "threats" and "war" tell you more about his relationship with Yeltsin's Russia than anything to date. Your efforts in Iraq have been nothing more than a sick farce since onset. I wonder if you will even revive the old "yellow ribbons" or just forget it this time? Well, I suggest that you won't have TIME FOR RIBBONS FOR THE PLANS ARE TO KEEP YOU VERY, VERY BUSY ON THE HOME FRONT THIS GO AROUND.

LIGHT SHOW (AND TELL)

Ah, many reports of incidents of "UFO" activity above the Northrop installations on Friday evening (late). Whizzing lights all over the area with zig-zag patterns, rapid direction changes and heavy electricity in the air along with audible pulses and "tones". This is simply

your "New World Order" in practice for the next acts of the play. It is not our "M-O" to put on these kinds of "shows" during this time of sorting and discernment. We do not wish to confuse you by allowing you to think those actions are from "outer space". Just as with the "Christ" in human manifestation—we are NOT on your place as aliens! If we come now we come in a much different manner than with such antics. This does not mean, however, that we are not very often on or in attendance of your physical placement. In these days of confusion, it is known by all prophecy that neither the "Christ" nor the "Hosts" are manifest human. This is so there is no misconception about anything of this relationship.

Davy Crockett And The Constitution

(Editor's note: The following is a short but thought provoking story from the rich history of our country. The real issue is that of education and the need to be exposed to the lessons of our once great country's heritage. Unfortunately our educational machinery is now well into the third generation of adversarial infiltration and corruption, making it scary to pause and consider just how far we have fallen from the imperative of being an informed populace conscious of the roots and obligations of freedom.)

8/8/90 HATONN

If your youth are not ever exposed to the history of your country, if they are not exposed to the principles on which your country was based, they can't be expected to love what they cannot know. Further, if you do not inform yourselves as elders how can they ever know? They can experience the personal freedom that you still have to some slight degree; but they can't know their own heritage or what "real freedom" actually can be if they are never exposed to it.

The question of use of your heritage is something that you might pause a while to examine. Consider a college campus; you can probably go onto many campuses and easily procure, either in cheap paperback editions, or free—stuffed into your hand for nothing—the writings of Mao Tse-Tung, Das Kapital, and other such similar material. If a thousand young minds are exposed to that rot, without antidote, a certain number of them are going to fall for it, just on the law of percentages.

Compare the accessibility on

your college campuses of this particular kind of rubbish, which is easily available, with a little pamphlet called: "SOCKDOLAGER! A Tale of Davy Crockett — In which the old Tennessee bear hunter meets up with the Constitution of the United States." This is a tale being told frequently nowadays by ones such as Virginia Meves, David Horton and others of involved parties.

David Crockett, when stumping for re-election, was going through his District when he saw a man plowing on the side of a hill. He paced his horse so as to meet up with him at the fence when he turned to make another pass with the plow. He started to introduce himself, but the man was rather curt and interrupted saying, "Oh, yes, I know you are Colonel Crockett. I made the mistake of voting for you the last time: that's an error I will not repeat." Well—that was a "sockdolager", and Davy inquired what the reason was for the man's displeasure. The man said: "You cast an unconstitutional vote in the last session of the Congress." This was another sockdolager. Davy said something like, "I did no such thing: if I did, I wish I may be shot," which was rather a curiously prophetic statement for the later martyr of the famed Alamo. The man explained: "You remember that bill for the relief of the victims of the Georgetown fire?" Davy said, "Why yes, I remember that, I voted in support of that." Of course the man knew that he had done so because in those days the newspapers were a sort of Digest of what went on in Congress and not just hog-slop. They carried a little synopsis of

what the proceedings had been for that week. Davy had made the mistake of being among those who were so proud of their vote that when a few opponents of the measure asked for the Yeas and Nays, even though they were not enough in number to cause a division of the House and a recording of the vote, some of the proponents joined with it because they were so proud they wanted to have it recorded. Davy was very forceful in his support for this measure. He said, "My land, that was a very small sum. Those people were destitute, they were burned out of their homes, many of them with nothing but the clothes they were standing up in. Who could possibly criticize the use of so small a sum as \$20,000 for so worthy a cause by so great and wealthy a nation?"

But the farmer said, "Colonel Crockett, you will look in vain for any authority to appropriate one dime for charity. If you can appropriate \$20,000 for this charitable purpose you can appropriate \$20,000,000." (and in those days \$20,000,000 was a *lot* of money). He observed: "You gentlemen in the Congress can use as much of your own funds as you see fit for charitable purposes, but you can't use any public funds because it is beyond the scope of your commissions." The farmer had said he considered Colonel Crockett to be a thoroughly honest man but that either he lacked intelligence to understand the Constitution or the character to be bound by that understanding — and Davy ended up agreeing with him that he must have been correct.

Davy saw that he had made

a serious blunder, and he also did a little reflecting. He said that: "If this man goes to talking, I am a 'gone fawn skin'." It was his terminology but it is apparent what he meant. Well, Davy was no slouch: he said to the man (and this is important, friends), "I might as well own up, you have got me. I will tell you what I will do. I am making a tour through the District and I will speak to every group and to every individual who will stop and listen, and I will tell each group about our conversation about my previous vote in the Congress and that it was wrong, and why it was wrong. You put up a barbecue in a week from Saturday and when I come back I will pay for it and will acknowledge my error." The farmer, one Horatio Bunce, was somewhat of a sage in the area, and from his reply you can clearly see why. He said, "Well, having you acknowledge the error will do more good than beating you for it. We are poor folk here but we have food and we will provide the barbecue, and look forward to seeing you a week from Saturday."

A week from Saturday rolled around, Davy returned, and in that remote frontier community about 1,000 men had gathered. What 'voters' organizations they must have had and you might take lessons. Davy did as he had indicated he would do—he gave a speech and described it as the best speech he had ever made. He got the speech from one of his constituents—so all is not changed so rapidly. He was a great speaker on that occasion, and when he concluded he said, "You will have a few words now from Horatio Bunce, your neighbor." Mr.

Bunce got up and said: "You have heard what Colonel Crockett has said. I am satisfied he will do as he has promised." And Davy went back to Washington.

Another bill came up, this time for the relief of a widow of a distinguished Naval Officer. It was for \$10,000, and the usual speeches were being given in its support. There was no opposition being offered, the Congressmen were giving their speeches more as an opportunity to exercise their eloquence rather than for any type of contest. They were saying such things as the United States really owed this widow the amount of the bill because of the distinguished services of her late husband, even though he had been in the employ of the Government until shortly before his death. It seemed apparent that the bill was going to go through, and it was about to be put to a vote when Davy got up. He said: "Everybody within the sound of my voice knows that we have no authority to appropriate any public funds for this purpose. It has been said that we owe this sum. Has it ever been audited? Has ever a bill been submitted in support of it? The Government was not in arrears to the Naval Officer while he was alive; I do not see how it could incur an obligation after his death." Everybody knew that it was not a debt, Davy observed—it was charity. He was not unmindful, he told his colleagues, of the predicament of the widow, but he observed that if the United States special agencies for limited purpose, owed this widow this sum, they owed every other widow of the War of 1812 more than they could pay because they owed exactly the same amount. Even the amount of the bill was not sufficient to discharge that debt.

Davy offered his colleagues a proposition: "I am probably the poorest man in this House." There were men there who were accustomed to spend on a single afternoon party, the amount of the bill if it would accomplish their purpose. But Davy was telling them: "I will put up a week of my salary for this purpose to help the widow; and if others will do the same who are

supporting the bill, it will amount to more than the amount of the bill. Not only will we accomplish this object of relieving the distress of the widow, but we will avoid fore-swearing our oaths by misapplying, misappropriating, public funds to a purpose that is not authorized." The bill was put to a vote and instead of passing without opposition, it was soundly defeated.

Do you think the Constitution has changed since those days? Do you think Congress and your President have Constitutional Authority to send your money off to other nations? Oh, little ones of the lie, pay attention!

The following day a man came storming into Davy's room where he was sitting at his desk writing out addresses on copies of the Congressional Record which carried the proceedings of the previous day which included Davy's speech. The man said, "Whatever possessed you, Crockett, to give that speech against the widow's bill? It was going through!" Davy said, "Sit down and cool yourself. I will be with you as soon as I can." He continued addressing the stack of Congressional Records on his desk. When he had finished, he rolled back in his chair and said: "You asked me a question—whatever possessed me to make that speech—and in answer to that question there is a considerable tale to which you will have to listen." He told the man of his experience in meeting with Horatio Bunce. The man who heard the tale from Davy Crockett was so impressed with it that he is the one who has preserved the account for your use today.

What is the point of all this long dissertation? You have the best heritage in the world but, in this war in which you are shooting artillery shells, if you don't shoot the shells you are going to lose the war. SO, SHOOT! or you might as well capitulate now.

If you make use of your heritage and accomplish the program that is already underway and then move on to your own individual States—do you see what a difference you can make?

Get a copy of that blessed

document called the Constitution and study it—memorize it until every line is seared into your mind. You will find that you are doing a service to yourselves, yes, but oh, dear brothers, look what you will be doing for posterity, who look to you to preserve for them what has been forwarded to you.

You can get copies of the Constitution at minimal cost from Liberty Press, 300 Independence Ave., SE, Washington, D.C. 20003 and you can obtain copies of "SOCK-DOLAGER" from the OREGON LEGISLATIVE AND RESEARCH COMMITTEE, INC., Mrs. Button, State Coordinator, who offset prints them personally in her home. P.O. Box 45, Brookfield, Wisconsin. 53045—(10 for \$4.00). Don't be "thrown" by Oregon vs. Wisconsin—one is truly not important to the other in ordering the booklets.

I also give accolades to David Horton for his superb work. He is the Chairman of the Executive Council of the Defenders of the American Constitution and was the District Attorney of Lander County in Battle Mountain, Nevada. 1967-75, He is the President of the PACE Foundation (Foundation for Patriotism, Americanism, Citizenship and Education), and was the Commander of the American Legion, Department of Nevada, 1975-76.

If the above is a "great" writing, perhaps it is because you still have "great" spokesmen upon your placement!?! May you be given to hear the truth of it within thine breast that we might reverse that which is coming upon you. May God always be kept at thine side and within that you might be shown the way. So be it.

Hatonn to clear, please.

The Adversary's Limited Bag Of Tricks

(Editor's note: The following is the Introduction to the latest JOURNAL gone to press called "THREADS OF SILK--BANDS OF STEEL: BONDAGE WITHIN THE WEB. TANGLED WEBS VII.")

7/25/92 #1 HATONN

WHY DO THINGS NOT HAPPEN?

Ah, but they DO! Just as with GOD answering "prayer"—the answer rarely comes as you expect or desire it to be. Prayer is from a personal physical need or desire which will always involve self—answers come as best defines and sorts a "situation" for the best and highest good—if indeed—that was the request.

Then why do things not "seem" to happen as outlaid—for instance, earthquakes on schedule, wars on schedule, null-times on schedule, etc? It is that you must understand that there are more of you WITH INFORMATION "out there" than you realize. When word is

spread of intended activities—it **spreads like wildfire among the networks**. Evil events cannot be pulled off in the required "secrecy" which protects the perpetrators.

BLACK BOX "FOOTBALL"

How many of you know the meaning of the above terms? Ah—but it is not the black box in an aircraft or ship and it is not the football used in the Superbowl. It is the case which attends the President which has codes and keys for nuclear attack and/or response.

How many of you realize that this box was physically removed from the President's (Bush) control along about the 10th of July? If you suspected as much—from where did you get the information? From me? Where did I get it? Well, interestingly enough from scared-out-of-their-wits people who fell into the information because of the portent and magnitude of the act itself. The sources and the information have been veri-

fied by many knowing sources now.

Why would this be? Because there are still ones with enough power to pull attention to activities and within the Elite cartel there are **FACTIONS** vying for power and control. The full intent was first strike against the Russians—you must understand something—Mr. Yeltsin and Bush are NOT friends! Mr. Gorbachev fits that role. The power at play is so magnificent that total destruction could be foisted off upon your planet if either get out of control. So, capability of instigating such a strike was removed after events began to happen which proved the supremacy of the Russian counterparts. The bigger the "truth" the more it is denied—for the lie is so much more acceptable when offered by politicians and elite controllers. You-the-people **do not want to believe the truth of what has come to pass so you wave yellow ribbons and pretend the lies are truth. YOU have no way other than these kinds of papers, journals and independent speakers and newswriters to glean information. See how hard the efforts are to silence our own work and you will understand the horrendous task of making anything known to you.**

For instance, Ray Renick was immediately incarcerated after speaking out and naming names—he spent two months in jail after he said who was behind the bombing of KAL-007. While incarcerated **ALL of his property was confiscated and/or stolen. Do you not think it would be easier for we speakers to remain silent and slither off into our secure little corners?**

You must understand that ones such as Col. Gritz, etc., and especially my crew—could take the information now held and remain "prepared" for any and all events and go silently about allowing you to be blown to bits, imprisoned, or anything else the adversary holds for you. It is for this reason that I am going to dedicate this volume to Ray Renick for I have used his information (which he himself knows is not fully accurate nor

does he pretend to know "it all"). But he has been willing to pay the price to let YOU know the evil afoot to the best of his ability. When this intent is heard and accepted by God—the helpers are sent forth to attend that which we can to assist.

But THIS is the reason that plans are changed, shuffled, speeded up or postponed in full orchestration—**BECAUSE THE ADVERSARY WOULD BE DISCOVERED AND THE FULL CAPABILITY CANNOT BE REALIZED IF HIS ACTIONS ARE DISCOVERED AND BROUGHT INTO THE LIGHT.** In addition, part of the "game" of "getcha" is to twist and turn you in the wind until you are so fatigued with the waiting that you let down your guard and wham, bam—"gotcha"!

Ones ask constantly "Why don't you do something?" Because perception only is the reflection of any action. What may appear to you to be the proper action is usually very detrimental to "another". If we encroach on the "free-will" actions of ANY ONE, we are encroaching on the "free-will" actions of ALL ONES. Ours is not to intervene nor interfere—we are sent to give insight and Truth and then YOU can take that information and solve the problems as they may come to be. Ours is but to bring into your knowing that which is evil and false. We aren't here to "save" anyone or force anyone to do anything—for both must be done for "self".

We come, in addition, to remove the people of God into the places prepared when the elements no longer allow life-form on the planet—if that comes to be (which it surely appears will happen at some time), to see the planet into the era of the Photon experience of "Light" and attend the planet if its destruction is imminent in such manner as to bring chaos into the order of the cosmos. I would ask that you please stop expecting us to do your job! The largest lie of all, perhaps, is the cop-out given mankind through the churches and religious misinformation. But that, too, is your free-will right to believe and function within.

It is the time of "choosing".

You must, therefore, remember that God's delays are NOT God's denials—however, your delays may very well be your own denial and you may never reach the places prepared for your radiance—at least surely not in this particular sequence of experience.

Can we of Hatonn's crew bring about change and freedom for you? NO INDEED. We would not even presume to assume you WANT SUCH. We only supply the tools with which you can make the change if you so desire. Any being who will tell you otherwise—LIES TO YOU! **REMEMBER—GOD AND CHRIST BEINGS ARE ALSO EXTRATERRESTRIALS—FOR THEY ABIDE IN HIGHER FORM AWAY FROM YOUR PHYSICAL PLANET—THEY ARE ONLY REFLECTED WITHIN YOUR SOULS—WHICH ARE ENERGY FORMS OF "EXTRATERRESTRIAL" LIFE. THE PHYSICAL MANIFESTATION IS "ALIEN" AND LIMITING TO SOUL. THAT MEANS, CHELAS, THAT THOSE "LITTLE GRAY ALIENS" OF UFO FAME—ARE AS EARTH BOUND AS ARE YOU!! BOTH ARE ORIGINATED IN THE UNIVERSAL NON-SPACE, NON-TIME EXPERIENCE AND PROJECTED INTO EARTHBOUND LIMITATIONS OF PHYSICAL BINDINGS JUST AS ARE YOU!**

TIMING

The down-side of your particular plight at this sequence of awakening is that the Elite must act before you-the-people understand what is coming down. They must bring about the "acts of God" which they produce, soon, or the world will know the capability of the puppet masters and will not longer tolerate such man-made actions to continue. So you are going to have to have a few real whoppers very quickly. On the other hand there are enough who now know the truth of it to topple the power of the thrones—just as Princess Di is about to topple the throne of England. It is already coming into press that the throne of England controls just about everything and is from the blackest of black no-

bility in human form. **This kind of darkness cannot endure the light of discovery for man eventually will accept his "God" power and will cease to tolerate such control—especially from that which is far inferior to the lowest of the accepted "peasantry". These perpetrators are inferior species in ALL instances! THE ONLY PLACE WHEREIN THESE ONES ARE SUPERIOR—IS IN THEIR ABILITY TO FOOL AND MAINTAIN CONTROL OVER YOU! THEY ARE OF THE PHYSICAL REALM ONLY AND ARE YOUR BEST TEACHERS IF YOU BUT ALLOW IT. THEY, FURTHER, CAN ONLY PREVAIL IN A HUMAN FORMAT—FOR ALL THINGS ABOUT THEM, THEIR DESIRES AND PLOTTING ARE TO ATTAIN AND CONTROL THOSE THINGS OF PHYSICAL—THEY CERTAINLY WANT NO PART OF GOD IN ANY MANNER WHATSOEVER!**

As foreword to this JOURNAL I am going to deviate from my usual practice and I am going to quote from a document sent to my attention. It is so well done that it deserves sharing. It touches on many things and brings a lot of information and thought provoking outlay to your attention. I, further, honor his first line approach—asking you to **go get more information. Please utilize that which is offered, students, because it is the ONLY way you will prevail in this battle for your souls.**

I can only trust that this person will not object to my utilizing his name, for I have no other way to give the honor deserved herein. I shall not give other information which can isolate him. The "thinkers" and "speakers" of Truth are under severe attack and I will not aid and abet the deadly games of the adversary.

QUOTE:

NOTE: Anyone reading this PLEASE go to the Library and get the book by Taylor Caldwell, A PILLAR OF IRON, which is an updated account of the downfall of Rome. Each time you read ROME substitute the U.S.A., as the parallel is identical to what is happening in America. When Rome fell to the

marauding mobs, freedom was LOST for 1,500 years.

Consider the following:

Donald Despain, father of the F.D.I.C. and Commissioner of Labor and Agriculture during the Franklin D. Roosevelt administration said: "Neither Political-physical upheavals known as Wars, nor Economic Dislocations called slumps, Busts or Depressions ... happen overnight ... they are planned."

Admiral Chester Ward, U.S. Navy hero of WW-II, and a member of Rockefeller's C.F.R. said the goal is the "submergence of U.S. Sovereignty and national independence into an all-powerful one-world government."

Stated simply and bluntly, George Bush's real agenda is to force America into a one-world government, with a few elite politicians and financiers at the head, and as a result, grasping riches into power.

In order to accomplish this objective, he must first do two things: 1) Eliminate America's sovereignty and its Constitution, and 2) Reduce America's economy to a level that is more nearly equal to those of "Third World countries."

The first of these objectives is being accomplished by replacing America's sovereignty by United Nations authority. Note that when Bush wanted to engage in a War with Iraq, he first asked for United Nations authority and ignored the United States Congress, which alone has authority under the Constitution to declare war and commit U.S. soldiers to combat against another nation. **[H: Please note that TODAY in speaking of military action against Iraq, however, the U.N. is set forth as being the ones setting up the "need" for intervention—BUT—THE ONLY ONE MENTIONED AS PARTICIPANT AND DECIDER IS THE UNITED STATES OF AMERICA!!!! MOREOVER, IT IS LEFT IN THE SOLE HANDS OF BUSH! WHY NOT CONGRESS? BECAUSE BY EXECUTIVE ORDERS YOU HAVE GIVEN YOUR LIFE INTO THE HANDS OF THE UNITED NATIONS CHARTER INSTEAD OF THE CONSTITUTION OF THE UNITED STATES AND BUSH**

HOLDS THE POWER AND THE STRINGS.] Thus did George Bush reveal his internationalist mind-set and the disdain for the United States Constitution he had sworn to uphold. If we had a Congress characterized by integrity, Mr. Bush would have been impeached and removed from office by now.

The second objective is being accomplished by opening our borders to free trade. This means that adjacent countries like Mexico are free to compete in production with American workers, without any import duties to equalize the effects of the very different wage scales and standards of living between Mexican and American workers. Mexican workers will produce auto parts, for example, for \$8 per day in wages in regions where there are no expenses incurred because of environmental controls.

But American workers, to produce the same parts, expect at least \$50 per day, and the costs to satisfy the myriad governmental protection laws in the U.S. must be added to the cost of wages and benefits. Without import duties to equalize these different wage and cost standards, Bush certainly is well aware that American manufacturers will close their plants in the U.S. and move them to Mexico and other nations where costs are lower, thus throwing American workers out of jobs.

The same result occurs when the federal government allows Japan to sell unlimited numbers of Japanese-made cars in the U.S. The inevitable result, surely understood by Mr. Bush, will be exactly what is being observed now; Americans will be gradually forced to accept lower wages or be out of work.

When these two objectives are accomplished, Mr. Bush, while assuring Americans that he is concerned about the economic plight and is seeking to remedy the problem, and continuing to posture with deliberate ineffectiveness, will have gained his sinister objective: an America prostrated under world government authority controlled by Bush and a small group of wealthy, elite fellow mattoids.

Is an alien, totalitarian rule the destiny of the United States

of America? If so, then we citizens ourselves will have been the architects of our own destruction. Unless the hearts of enough Americans are again gripped by the fervency for freedom, and the willingness to sacrifice everything if need be, to preserve it, our children will curse us in our graves; and rightly so.

G. B. Simpson

P.S.: Recently, 1992, a well-known author wrote: "We need men with experience who can formulate strategy to defend our priceless heritage which, once lost, will never again reappear."

END OF QUOTING

I suggest herein that you get your motivation moving and your organizations geared up and GET GRITZ! He is willing to lead you in just the manner above spoken and he is willing to give his life, if needs be, to pre-

serve that final thread of freedom and Constitution. You will have to do it against all odds and without media coverage—YOU WILL HAVE TO DO IT!!

Can it work? In time? It certainly can't if you don't get on with it! Failure to reach a goal is predetermined IF YOU NEVER BEGIN!

GOD WILL MARCH WITH YOU AND HOLD THE LAMP TO LIGHT THE WAY. HE WILL SEND HIS ARMIES

IF YOU WILL BUT HOLD TO HIS OWN LIGHT. WE ARE

COME THAT YOU MIGHT HAVE COMFORT AND KNOWING—

DO NOT UNDERESTIMATE THE INFINITE NON-LIMITATION

OF GOD!

"Nothing" At All Going On In The World

7/26/92 #1 HATONN

NOTHING HAPPENING?

If you think nothing is happening then I concern for your world more than can be imagined. Just on a local level the laser pulse beams are so debilitating that my crew finds it difficult to function. The constant bombardment makes it very tempting to simply "give up" and await whatever shall be coming. Oh, would that it could be so simple. You are being toyed with in a most heinous manner and my heart goes out unto you. My team notes that the silent hours are so busy that their physical mechanical houses will hardly function upon arising.

Many of you are going within and finding your day to day conclusions of actions. I can offer no more than that as a teacher for in the remainder of journey it shall be moment to moment, day to day. Rejoice in the gift of even one more hour, one more day—and, if allowed

just a few more years in which to grow—you can change this old world, friends. That is, if you want to do so. Most are marching now to the new piper's song and drumbeat to zombie-land.

CAMP DAVID?

Your President is off for a "get-away" at Camp David? This is what the CNN speaker said this morning! Can't the writers remember from one minute to the next, their stories? Remember—he went to Camp David with his high level staff, Powell, Cheney, Quayle, etc., to decide when to bomb Iraq? Is that so unimportant that it is called a "get-away"? What ever happened to "doing business" in the Capital and White House of your government? Besides, all the while they were "making plans and contingency operations"—how is it that Powell was also off making speeches which were also shown on the same newscast? These were political, so

guess what is most important? What do YOU know? How do you know that you know? Do you have any idea at all of what is going on beyond that which you are shown on TV or in the press? I thought not.

Just remember, friends, Bush declared the first Iraq war from his usual office: the golf course. World affairs and death of a nation in between golf ball holes and on golf carts. Does this strike you as less deadly than one, Adolf Hitler, who at least declared his intent "to the people" on "working" ritual—not from vacation-land. Do you realize that ALL of Bush's major declarations of intended death dealing doom bombs—have come from his GET-AWAYS and always from a place of "game-playing"? Can it be that he is always at "play" or is it just imagining coincidence? Could it be that the "one" shown to you "isn't" the entity in point of making those horrendous decisions against you and your nation? You had better take a better look at all those Elite puppets.

BAKER IN PHILIPPINES

Where is your Secretary of State while the world dangles between disaster and catastrophe? Ah, indeed, he is in the Philippines! Why? Would you find it strange that Imelda Marcos has gone to do banking in Hong Kong (right now!)? She has to have SPECIAL permits to go anywhere so how could this be—and only four days, yet. (??) Could there be some kind of Pay-Off being setup for this so-called little "Indonesian Conference"? Why is Pinatubo blowing again? Let me tell you again, students of life progress—the Philippines are the most important point of remaining heritage in your world. It is so important that Dharma sits and stares at 33 hours of taped language course and four texts on the language of Tagalog—the native language of the Philippines. It is too much; I agree that it is too much at this time, but we must have it available when I need it. This does not mean, please, that any of you Filipinos who speak Tagalog may begin pounding her with your

language to get to me—YOU GET TO ME DIRECTLY AND IT ONLY PURIES HER IN TOTAL BEWILDERMENT. YOU MUST, ALSO, YOU PRESENTERS—RECEIVE FROM ME DIRECTLY. Usually, silence is the best approach to almost all things—for in the silence you can HEAR!

In the silence she is also becoming attuned to Lakota when Grandfather calls. What links do you ones have to your past heritage? Go into the silence and perhaps you will hear and know. There are no accidents—why would Little Crow be a Lakota? Why not a Mayan? Well, WHO says he wasn't—isn't? How can you LEARN these things if you remain locked into the moment of concern about that which is contradiction? If you learn the clues and guidelines—you can KNOW without asking another, even a higher brother, for the answers. I like to often repeat Little Crow's speaking: "It will all be **exactly** as it will be."

GO READ YOUR LESSONS

Instead of reading a "few" of the volumes and papers and then barraging me with questions—even about ones such as Billy Meier, etc. Why do you not avail yourselves of ALL the information and you will KNOW the answers? I have no interest in dawdling over one speaker or another—the world is made of over 6-1/2 BILLION people—each needing, needing, needing - - -. Does MY opinion of, say, the BOOK OF ENOCH or QAHSPÉ actually mean so much to you? If you have read my projections and used the never-changing guidelines—YOU WILL KNOW THE VALUE AND/OR THE ERRORS. The great Wisdomkeepers are knowing that there are many ways to present "truth" and most often the best way to discern Truth is through the blackest lie. How can YOU gain in this wisdom if you attend the details of "man's" blatherings without giving guidelines to the reception and sorting into valid, possibly valid and erroneous or false? To get my opinion on those things is exactly that—my opinion. Some of you want my opinions so that you can confirm your own or,

somehow prove ME WRONG. I am in no contest for anything and I am here to prove nothing—I have a mission and I am doing it to the best of my capability (which is quite adequate). Truth is a strange commodity—it stands alone and seems always to be attacked in the most heinous manners when it would be obvious that were it NOT Truth—no one would pay a second glance at the circumstance.

EXAMPLE?

QUOTING: Wednesday, July 8, 1992, *The Honolulu Advertiser*. **Historian says the Holocaust never occurred, JEWS ACCUSE GOEBBELS' DIARY TRANSLATOR OF BEING BIASED.**

Associated Press: LONDON—Revisionist historian David Irving's key role in getting Joseph Goebbels' diaries published has sparked protest by Jews, and provoked debate over the accuracy of translations by a man who claims there was no Holocaust (**as presented**).

The *Sunday Times* (London), which paid Irving for transcribing previously unpublished extracts from the diaries as well as a "finder's fee" for delivering them to the paper, has been attacked for dealing with the controversial historian.

The state archives in Moscow, where the diaries were discovered, has also become embroiled in the controversy because of its dealings with Irving. The cash-strapped archives, which allowed him to work for free, now says it should be paid.

Sunday Times Editor Andrew Neil said the controversy over Irving has obscured the potential impact of the previously unpublished segments of the diaries, which Oxford historian Norman Stone says fill "the largest outstanding gap in the documentation of the Third Reich."

Since the rival *Independent* newspaper revealed details of the publishing deal last week, **Irving's house has been picketed by Jewish Groups and the Anti-Nazi League [offspring of British Intelligence].** The protesters say Irving's **views make him unsuitable to translate the diaries of Hitler's pro-**

paganda chief. [H: What would make his "suitable"? Would changing the truth to lies make him more suitable, perhaps?]

Irving said yesterday that windows have been smashed at British bookstores selling his works. He also said members of underground Jewish organizations, disguised as telephone engineers, raided his apartment and smashed down the door with a sledgehammer.

Irving, who has written many books about World War II and is preparing a biography of Goebbels, denied accusations that he was an "apologist for Hitler". But he stood by his contention **that there was no Holocaust as presented.** In an article he wrote in Tuesday's *Guardian*, he predicted that "one year from now the Holocaust will be discredited".

Times Editor Neil said it would have been more convenient if an uncontroversial historian had offered the newspaper new extracts from the diaries, but Irving came up with "a world scoop" and he wasn't about to turn it down.

Neil said Irving was one of the few people who could decipher Goebbels' spidery handwriting and shorthand. Irving said it had taken him two years to learn how to read it.

Actress Miriam Karlin, a member of the Anti-Nazi League, who protested outside Irving's house on Saturday, said he was totally unsuitable for translating accurately because of his denial of the Holocaust as it happened, in which her mother's family died. **[H: Does this make HER possibly a better translator?]**

Irving countered: "My opponents say, 'There you are, he's going to give it a right-wing slant.' But you can't do that because you'd leave yourself open to immediate detection."

Neil said *The Sunday Times* has done extensive checks against already published sections of Goebbels' diaries and is convinced the new extracts **are not fakes.** In 1983, the newspaper bought purported Hitler diaries, which turned out to be forgeries.

"It's not a mistake the paper could afford to make

ON THE POSSIBILITY AND DESIRABILITY OF PEACE. This book was printed in 1967 (sorry, to you who demanded I use "new" material). It was **WITHDRAWN** from the libraries and public access (just as is planned with the **PLEIADES CONNECTION** series and the **TANGLED WEBS** series—under way right now) before the third printing could be completed.

Well, you ask, "Couldn't YOU give us that information like you do other things? You are already in trouble and seem to keep it flowing—why don't you give it to us?" I guess I shall consider that as a request for I got much inquiry when I mentioned it prior to now. It is certainly appropriate and timely information **RIGHT NOW**:

The first paragraph of the "Introduction" reads: *"The report which follows summarizes the results of a two-and-a-half-year study of the broad problems to be anticipated in the event of a general transformation of American society to a condition lacking its most critical current characteristics: its capability and readiness to make war when doing so is judged necessary or desirable by its political leadership...."*

I realize you don't want to hear about "old" stuff, i.e., George Bush and "Watergate", but how can you relate to NOW

if you have no understanding of that which went prior to NOW?

I had left off in the story a million years ago, it seems, with information regarding "Chairman George Bush in Watergate". I believe I had only done one writing on the matter when I changed to include Ray Renick's more critical and crucial information—especially if you are a West Coast area dweller trying to save assets and property. He outlays the San Luis Obispo Connection and it has all but cost him his life. Support this man, please.

As to property, it was noted on the "news" yester evening that Home Fed "properties" were being auctioned "with no minimum bid" and that purchasers could get houses, etc. for as little as ONE DOLLAR. Funny thing is that Home Fed had a trust deed on this "EKKER" property and yet, consideration of a non-minimum bid, even WITH NO AUCTIONEER PRESENT, made the court laugh and throw out the case in point. Whew—I simply do not see how you can keep up, it flows so quickly and so dankly.

At any rate, I shall ask that another short notice from Renick be inserted here and then we will do a bit of continuation of the Watergate involvement of your beloved Commander-in-Chief.

Public Comment—Transcript

My name is Ray Renick. I live at 1625 Nipomo Avenue, Los Osos.

I'm sure you've seen my report which is a synopsis of half my lifetime of research into government drug trafficking and murder and assassination. There are hundreds of copies of this report, not only in this building, but in this county, and in Washington at several congressional investigations which are going on right now.

Perhaps you've heard some of the radio broadcasts I did on KVEC TALK RADIO, where I covered the same information. I call this report "The SLO Connection" because it connects San Luis Obispo officials with the crimes of drug trafficking, murder and assassination and includes the assassination of President John Kennedy which I described on my January 28 broadcast with Dave Congleton on KVEC and where I identified, on January 14, one of the San Luis Obispo officials as Judge William P. Clark.

I am in the process of initiating a lawsuit which will mandate an investigation of this information and these charges. This lawsuit will augment an existing lawsuit filed in Ventura County by Gary Wean which calls for an investigation of new evidence in the murder of Senator Robert Kennedy and names several prominent Californians.

This is an appeal for additional information. Information about drug trafficking of high government officials, as well as

information about murder and assassination—especially about the Kennedys. [H: We wrote in detail about the death and BS given you regarding Robert Kennedy's death—I hope that you will obtain the **JOURNAL** in point [**JOURNAL** #42, pages 22 and 56] and get current for these people now bringing more and more truth are in need of backup and it can only come from ones who already **KNOW!** Stop asking, "What can 'I' do," and start doing it! **GET INFORMED AND, FRANKLY, THE JOURNALS AND THE LIBERATOR ARE THE BEST RESOURCE ON YOUR PLANET AT THIS TIME FOR IT WILL GIVE GUIDELINES AS TO WHERE TO GO AND GET MORE.** This paper in point is called **PHOENIX LIBERATOR** for a very, very good reason: it is patterned after and by the ones who presented the **LIBERATOR** at Boston—William Lloyd Garrison, A.D. 1805-1879. You ones have some daring historians in your past—do not let them down now that you can change a world by your simple participation.]

Also information about the Gehlen Organization, the Zapata Cattle Company, Eagles Nest, and the murders of Scott Alexander and Steven Carr.

Continuing Evidence To Impeach Bush

Editor's note: The following takes up where Commander Hatonn left off writing about that charming fellow Bush in the May 5, 1992 LIBERATOR.)

7/26/92 #1 HATONN

Now to Bush:
We take up exactly where we

left off in prior writing and at the topic of "Moves for Impeachment". Please remember that we write dated **JOURNALS** and if you read with that realization, the grammar as applied to literature (novels) will not be so lacking in your perception. **WE** intend to simply bring information

from wherever we garner it and in the most simplistic format possible. We do not ever expect the "Nobel Peace Prize" so let us deal simply with "what IS". So, now, we continue with QUOTING:

[H: I am reminded to "remind you" that the book, IMMACULATE DECEPTION will be ready for distribution around mid-August and it is so worthy of your attention. I continue, however, with that which we have and since it differs only in semantics, we shall utilize it. Yes, I do have the manuscript of the above volume—but I wish to utilize it elsewhere. Thank you.]

(Moves for Impeachment): Later, on Nixon's last Monday, Bush joined White House Counsel J. Fred Buzhardt and Dean Burch on a visit to Congressman Rhodes, and showed him the transcript of the smoking gun tape. "This means that there's just no chance in the world that I won't vote to impeach him." Bush must have heaved a sigh of relief, since this is what he had wanted Rhodes to tell Nixon to get him to quit. "Rhodes later let it be known that he was offended that Bush had been briefed before he was," but of course, Bush was a top official of the Nixon White House.

But Nixon still refused to quit, raising the prospect of a trial before the Senate that could be damaging to many besides Nixon. The next day, Tuesday, August 6, 1974, saw the last meeting of the Nixon cabinet, with Chairman George in attendance. Nixon's opening statement was, "I would like to discuss the most important issue confronting this nation, and confronting us internationally too—inflation." Nixon then argued adamantly for some minutes that he had examined the course of events over the recent past and that he had "not found an impeachable offense, and therefore resignation is not an acceptable course." Vice President Ford predicted that there would be certain impeachment by the House, but that the outcome in the Senate could not be predicted. Ford then said he was an interested party on the resignation issue and would make no further comment.

Nixon then wanted to talk about the budget again, and about an upcoming summit conference on the economy. Attorney General Saxbe interrupted him. "Mr. President, I don't think we ought to have a summit conference. We ought to make sure you have the ability to govern." Nixon quietly assured Saxbe that he had the ability to govern. Then Chairman George piped up, in support of Saxbe. The President's ability to govern was impaired, said George. Watergate had to be brought to an end expeditiously, Bush argued. From his vantage point at Nixon's right elbow, Kissinger could see that Bush was advancing toward the conclusion that Nixon had to resign. "It was cruel. And it was necessary," thought Kissinger. "More than enough had been said," was the Secretary of State's impression. Kissinger was seeking to avoid backing Nixon into a corner where he would become more stubborn and more resistant to the idea of resignation, making that dreaded Senate trial more likely. And this was the likely consequence of Bush's line of argument.

"Mr. President, can't we just wait a week or two and see what happens?" asked Saxbe. Bush started to support Saxbe again, but now Nixon was getting more angry. Nixon glared at Bush and Saxbe, the open advocates of his resignation. "No," he snapped. "This is too important to wait."

KISSINGER PREVAILS

Now the senior cabinet officer decided he had to take the floor to avoid a total confrontation but would leave Nixon besieged but still holding the Oval Office. Kissinger's guttural accents were heard in the cabinet room: "We are not here to offer excuses for what we cannot do. We are here to do the nation's business. This is a very difficult time for our country. Our duty is to show confidence. It is essential that we show it is not safe for any country to take a run at us. For the sake of foreign policy we must act with assurance and total unity. If we can do that, we can vindicate

the structure of peace." The main purpose of this pompous tirade had been to bring the meeting to a rapid end, and it worked. "There was a moment of embarrassed silence around the table," recalls Nixon, and after a few more remarks on the economy, the meeting broke up.

Kissinger stayed behind with Nixon to urge him to resign, which Nixon now said he felt compelled to do. [H: Note that Mr. Kissinger usually "gets his way" for he is, after all, a "diplomat of diplomats", so it's said of him.] Bush sought out Al Haig to ponder how Nixon might be forced out. "What are we going to do?" asked P 1sh. Haig told Bush to calm down, explaining: "We get him up to the mountaintop, then he comes down again, then we get him up again." Kissinger walked back to his office in the West Wing and met Gen. Brent Scowcroft [H: The "Mormon" representative.], the NSC director. Kissinger told Scowcroft that "there was precious little support" for the President. Kissinger, no mean hypocrite in his own right, thought that Saxbe had been "weak-livered". Bush and Saxbe had both been petty and insensitive, Kissinger thought. He compared Bush and Saxbe and the rest to a seventeenth-century royal court with the courtiers scurrying about, concerned with themselves rather than with their country. [God forbid!]

During this cabinet meeting, Bush was already carrying a letter to Nixon that would soon become the unkindest cut of all for Chairman George's wretched patron. This letter was delivered to Nixon on August 7. It read as follows:

BUSH LETTER TO NIXON

Dear Mr. President,

It is my considered judgment that you should now resign. I expect in your lonely embattled position this would seem to you as an act of disloyalty from one you have supported and helped in so many ways. My own view is that I would now ill serve a President whose massive accomplishments I will always respect and whose family I love, if I did not now give you my

judgment. Until this moment resignation has been no answer at all, but given the impact of the latest development, and it will be a lasting one, I now firmly feel resignation is best for the country, best for this President. I believe this view is held by most Republican leaders across the country. This letter is much more difficult because of the gratitude I will always have for you. If you do leave office history will properly record your achievements with a lasting respect."

The next day, August 8, 1974, Nixon delivered his resignation to Henry Kissinger. Kissinger could now look forward to exercising the powers of the presidency at least until January 1977, and perhaps well beyond. [H: He has always and continues to exercise those powers.]

For a final evaluation of Bush in Watergate, we may refer to a sketch of his role during those times provided by Bush's friend, Maurice Stans, the finance director of the CREEP (Committee to Re-elect the President). This is how Stans sizes up Bush as a Watergate player: "George Bush, former member of Congress and former Ambassador to the United Nations. Bush, who proved he was one of the bravest men in Washington in agreeing to head the Republican National Committee during the 1973-74 phase of Watergate, kept the party organization together and its morale high, despite massive difficulties of press criticism and growing public disaffection with the administration. Totally without information as to what had gone on in Watergate behind the scenes, he was unable to respond knowledgeably to questions and because of that unjustly became the personal target of continuing sarcasm and cynicism from the media."

But there are many indications that Bush was in reality someone who, while taking part in the fray, actually helped to steer Watergate toward the strategic outcome desired by the dominant financier faction, the one associated with Brown Brothers Harriman and with London. As with so much in the life of this personage, much of Bush's real role in Watergate

remains to be unearthed. To borrow a phrase from James McCord's defense of his boss, Richard Helms, we must see to it that "every tree in the forest will fall".

End of quoting.

I am now asked to reprint one more thing and this comes from the *Spotlight* also via a couple of people who ask that we further the information per request of that publication. It is excellent so we are pleased to be of service.

BUSH LIES TO AMERICAN PEOPLE ABOUT IRAQGATE HANKY-PANKY

President George Bush, appearing July 1 for nearly 90 minutes on the CBS-TV program *This Morning*, lied to the American people when he denied receiving a warning from a State Department legal officer that taxpayer-guaranteed agricultural loans to Iraq were being diverted to military use.

The president thus linked himself directly to an illegal cover-up of his administration's involvement in the burgeoning scandal involving the Banca Nazionale del Lavoro and its use as a conduit to provide U.S.-backed loan guarantees to Iraq prior to last year's Persian Gulf conflict.

From 1983 right up to just weeks before the August, 1990 Iraqi invasion and annexation of neighboring Kuwait, some \$5.5 million in U.S. government-guaranteed loans were funnelled to Iraq, most of it through the Atlanta office of the Italian state-owned bank, more commonly known as the Bank Lavoro. [H: This is only the tinymost tip of the iceberg and I am almost unwilling to let this go because it doesn't fully represent the magnitude in any manner. This is only one tiny conduit—with multiples of millions hidden through BCCI and simple "other" avenues of flow.]

CLEARLY LIED

Bush clearly lied to the American people in attempting to answer earlier testimony before the Judiciary Committee

by Frank Lemay, the State Department's legislative management officer.

"You can talk about what one State Department employee (said)," Bush stammered in answering a question about the case, "and if we had known it, it wouldn't have happened." He thus went on the record as saying he had received no such warning.

Lemay told the committee that early on he had warned there was evidence the guaranteed loans to Iraq were being diverted to build up Iraq's military arsenal instead of for the agricultural purposes for which they were supposedly intended. He testified under oath that the circulation of his warnings was severely restricted but that they had been delivered to Secretary of State James Baker a full month prior to the administration's authorization of an additional \$1 billion in loan guarantees in the fall of 1989.

The State Department is refusing to say whether Baker did in fact receive such a warning. Lemay's superior at the time, Under Secretary of State Richard T. McCormack, who is now in private business, declines to discuss his dealings with Baker concerning the case.

However, McCormack clearly made a liar of Bush when he admitted that "Mr. Lemay's representations to the committee were entirely accurate."

GUT POLITICS

President Bush complained on the CBS program that suggestions he or other top officials knew of the diversion were "pure, gut American politics".

The House Judiciary Committee, chaired by Rep. Jack Brooks (D-Texas), has asked U.S. Attorney General William Barr to appoint a special prosecutor to investigate the Bank Lavoro affair and to prosecute any officials of the Bush administration involved in criminal activity connected with the banking scam.

The Judiciary Committee had been asked to investigate the Bank Lavoro case, and to request the appointment of a special prosecutor, by the House

Banking Committee, chaired by Rep. Henry Gonzalez (D-Texas), which has been trying to get to the bottom of the bank fraud since before the Persian Gulf conflict. [H: Indeed—even to the suggestion of Bush impeachment, if you recall. I would note that just to effort at getting a "special" prosecutor was a show and a half on the C-SPAN channel. I hope you ones stay attuned to those two C-SPAN channels because they are the "entertainment" center of your TV.]

Documents obtained by Gonzalez indicate both Baker and Bush's national security adviser, Brent Scowcroft [oops], a consultant for Bank Lavoro before joining the Bush administration, urged the Agriculture Department to grant the additional \$1 billion in farm credits to Iraq through the Atlanta branch of the bank after the misuse of funds had become known.

Actually, documents reveal that Iraq's use of the American assistance to build its military force was discussed on October 13, 1989 at a meeting at the Agriculture Department. Those attending the meeting included lawyers and other officials of the department's Commodity Credit Corp. (CCC), which granted the taxpayer guarantees for the loans.

The minutes of the meeting state: "Although additional research needs to be done, it appears more and more likely that CCC-guaranteed funds and/or commodities may have been diverted from Iraq to third parties in exchange for military hardware."

In fact, Gonzalez has determined American grain, paid for by the guaranteed loans, was shipped out of the port of Houston and ultimately found its way to the then-Soviet Union and other so-called Eastern bloc nations, where it was bartered for military hardware sent to Iraq.

According to Gonzalez, the CIA knew all about the grain-for-weapons operation. He said the intelligence warning flag "was either ignored or canceled by the State Department level or the Department of Commerce level and by other individuals

who had some of the commercial and financial backgrounds, including highly placed individuals in the administration today, very high, specifically the national security adviser (Scowcroft) and the present deputy secretary of state (Lawrence Eagleburger)."

Iraq actually received \$480 million of the \$1 billion in guaranteed loans requested by Baker. It has since defaulted on them and some \$1.3 billion in previously guaranteed loans dating back to 1983. Most of the money, nearly \$2 billion, has since been quietly paid with U.S. taxpayer funds.

NUMEROUS VIOLATIONS

Alleged criminal activities in the case concern the administration's involvement in purposely delaying the prosecution of officials of Bank Lavoro until after the Persian Gulf conflict, the alteration of some 68 Commerce Department documents to cover up the diversion of funds for military purposes, the making of false and misleading statements to Congress, numerous conflicts of interest and the failure of both the CCC and the Export-Import Bank to diligently pursue the circumstances of the loan guarantees.

Thus far, all requests by the Judiciary Committee for the appointment of special prosecutors have led to their appointments.

End of quoting.

Please feel free to copy this information, spindle, mutilate, use in bird-cages or whatever might spread the word, chelas. The fate of the planet actually rests in your hands—not mine. I only bring the word. Salu.

Mission Of The Hosts Of God

7/28/92 #1 HATONN

IMPORTANT NOTICE!

First today, let me remind you of MY MISSION. I come in LIGHT as a HOST OF GOD to bring the "WORD" and collect HIS children. I am NOT involved in Earth politics, wars, rainstorms, earthquakes, trial "photon" null-time and/or abortion rights. Does everybody see and hear? I am not a fortune-teller nor a psychic to do readings.

I am here to tell you what is going on in the secret places and then, hopefully, reveal what is awaiting in the "secret places of THE LION". Except as it affects my crew, I have no input nor particular interest in Earth upheavals and/or political games. HARD? It is all in YOUR perception. I write for some 6-1/2 to 7 BILLION individuals and am sent to bring the WORD OF GOD AS TO YOUR SOUL JOURNEY AND REALITY. To give unto you THIS I must bandy about in your skirmishes and stupid, but deadly, games. I DO NOT LIKE IT but it IS MY MISSION.

To the best of my ability I will tell you WHAT IS going

on in the places and palaces of deception so that you can awaken and smell the toast burning. I have no intent nor desire to interrupt your games of chance with your destiny—ONLY INFORM YOU!

Many of you in my crew are sorely aggravated that you had no "Photon entry" (didn't you? and, how do you know that you didn't?—I say that you certainly DID.). I found ones complaining that "...I told ones all about what to expect and now, I have egg all over my face! I am reallyed!" Do you NOT READ? I have told you every way I know how—the "Great Barrier is not yet even expected!" What is happening is happening at the hands and technology of MAN to gain total control of you. I note that very, very few so much as changed their plans to go right on over to the San Andreas fault-line to "shop". I am going to tend each and every one of the 6-1/2 BILLION beings to the best of their level of learning—I am NOT going to FORCE YOU TO LISTEN OR "DO" ANYTHING—I AM NOT GOING TO "SAVE" YOU!

Motion In The Backfield

7/28/92 #1 HATONN

BUT, NOTHING IS HAPPENING?!

Where are you(???) What does it take for you? Let us look at some very interesting things:

What is Bush doing in Iraq? Capitulation comes from Iraq and yet you head directly into war? Are you insane? Not only do you "allow" it—you urge it! Well, I can PROMISE you one thing—a large portion of your U.S. (regular) military will be

shipped out again so they are NOT around when the REAL ACTION starts at HOME.

Right from the Horse's mouth—Mr. Bush's advisors are backing off on plans of "rebuilding" anything in any disaster area! This to the confrontation of his own top man, Kemp. Does this seem quite "Kosher"?

BUT THE REALLY SERIOUS

FEMA is in total control of your nation—under Emergency Regulations and will continue

the siege until, hopefully, Bush declares "Emergency". How can you know?

Just in this little local area and within the Western States and you in Kern County, California can go immediately and check it all out. For HOURS yesterday and until past midnight—all of your long-distance (satellite systems) phone service WAS OUT! Your entire 911 emergency was DEAD. Finally after hours of pressure from the "ham" radio operators the local channel announced that you would need to call the local Fire Department in case of emergency because all (911) "emergency service was out". This was announced just like you would announce a day-school event for Parent's Day. Except—without as much interest or emotion. THERE IS A MEDIA BLACK-OUT, CHELAS!

DEAD CARS

In all these same areas (which rotated in locations as the testing continued) there were periods of time that if your auto "stalled" or you tried to start it to go somewhere—it was DEAD and yet, by the time your got your local AAA—it started just fine!

DO YOU NOT SEE THAT THEY CAN BEST SERVE THEIR PURPOSES RIGHT UNDER YOUR NOSES?

SPACE LAUNCHES

There was a reported launch of a "Soviet" space craft, "...to return cosmonauts to the Mir space station". Oh, what of the other seven launches? Nobody told you? What ever could they be doing—after all, they are using your grain, your money and your property—right in the good old U.S.A.—for their ventures and work and life-base while you shrivel with no industry for your unemployed to return to, crops destroyed because of weather patterns unheard of or seen in any lifetime recorded. And yet, what says your news media? "Things show signs of recovery." "Clinton supports Bush.....war..." [I guess so, he is the prime offering of the Bilderbergs and Committee of 300. Surely you do not be-

lieve this is less than an action of that committee.] While you ones are wallowing in irritation and distraction at ones who have efforted to give you the "what's what", they are "making hay" all about you and you don't even notice. Irritated? I care not about your irritation—I AM IRRITATED! I can tell by your behaviors that you believe nothing—not me, not your politicians and not even your preachers—BUT YOU PRETEND TO BELIEVE THEM (US) ALL—IN CASE! Well, pretending does not cut it. I can either stop telling you anything or march right along giving you "how it really is" or simply resort to giving you already printed material—after the fact and let you continue "missing" everything.

I won't do this, however, for there are some from all over the globe who wire, phone, write and pray the information into this place for confirmation and update. You cannot believe what is going on around your world—AND WE CAN'T GET IT ALL TO YOU. However, right now, we will stop the important messages and repeat equally important summaries and/or give you reprinted information—and yes, some of it comes from as far back as 1977 or further.

—AND THE PHOTON BELT

This was never "HATONN'S PHOTON BELT NULL-TIME". "Hatonn's"—if you will, Photon Belt comes LATER! LATER! LATER! What you are experiencing NOW in everything from weather to electronic interruptions comes from MAN. Tesla could do these things at the turn of your last century—do you not think that even "idiots" could perfect something in a century?

I don't even know where to start in event confirmations but I suppose the Photon Belt is the most widely spread "news" item to displease you readers, so herein shall I give you an article which is well done and typical of myriads of such coming from all over in groups and organizations. You must understand that in most instances the phenomenon is not referred to as a Photon Belt—but rather, "time changes", ozone depletion,

"new" ultra-violet rays, laser-type x-rays, sun intensity increase, transformer overloads, shocks of unknown origin, and simply—"we don't know". THEY KNOW, CHELAS—THEY KNOW!

I was chided because I said, "I assumed you all knew about this expected period of time because it was written about so widely—especially in all 'new age' material and through 'channels' and psychics." This was denied and I apologize, for I thought you advanced enough

to read between those lines fed for your misinformation. This is a time of clamping down and running you into a FEMA prison of control—and you have to have "excuse" for doing such a thing—real or imagined. You see, it matters not—for "imagined" is even more effective for either you are still asleep or you don't recognize the ploy even if you are awake.

An angry God? No—an angry Commander. KNOW THE DIFFERENCE!

QUOTE: WHERE WE ARE ON THE COSMIC CLOCK—AN EARTH ALERT:

The information for this brief report is taken from material now being compiled for the forthcoming book, WHERE ARE WE ON THE COSMIC CLOCK. The publishing date for the text will be as soon as a convenient stopping point is reached. This special Earth Alert is in answer to the numerous questions and urgent requests that have been received in recent months regarding current events [H: Does this not possibly sound like a repeat of my statement at the very opening of the subject in point?] and how they relate to the ancient prophecies and the present "time tables".

In dealing with "time", it is imperative that we understand the basic difference between Earth time and Cosmic time. This is explained in detail in the book; however, for this report, all we need to consider is that time is a product of consciousness. Earth time exists between two opposite points, a beginning and an ending. Between these two points, binary consciousness, through the process of thinking, pro-

duces distance, space and time, which are marked and controlled by the inherent intelligence of the manifested physical plane. [H: Yes I know that you didn't ask for a song and dance routine—but OTHERS, CHELAS, DO NOT GIVE YOU WHAT IS REALLY HAPPENING TO YOU. The thrust seems to always be in separation of the prophetic cycles of change OR the so-called scientific denials of a planet of Elite would-be Kings. I have no comment whatsoever on this "time" discussion—I am giving you reasons for ever mentioning the circumstance in the first place.]

Cosmic time is continuous with no separations, gaps or alterations. It is propelled by the analogical consciousness of creation and functions within cycles, spirals and circles. Where we are on the cosmic clock is very important to each one of us because since 1962 our planet has been under the influence of an electromagnetic band of "Light", known as the Photon Belt. [H: Yes indeed! You certainly ARE and will continue to increase in magnitude with all sorts of interesting happenings by which to gage the journey status.] The Photon Belt is a force field of higher energy that circles our "mother" constellation, the Pleiades. Our Solar System passes through this belt of "Light" twice

in each 24,000 year orbit around the constellation. [H: Strange? Why? You originally thought the Earth was the center of your solar system and burned people at stakes for suggesting otherwise. You also thought the world to be FLAT—and some still PRETEND to believe it. They are, after all, as correct as are you—for if you have no space, no time and only "illusion" in manifested format—what do you have? I would like to get past this trivia and be allowed to show and tell you. So be it, for it seems far more "interesting" to you to dwell on the "fortune-telling" aspects of a "chance" existence. Believe that which you will—I am here to contact MY people! When this is "done" then we are "out of here" and you can go right on with whatever terror games you choose. THIS IS WHY we are no real threat to our ADVERSARY. He will even "HELP" US if we give him a chance because he is confident that you will NOT AWAKEN AND DO-HIM-IN. IT APPEARS TO BE PRETTY ACCURATE ASSUMPTION AT THE MOMENT.]

The effect of the higher vibratory frequency of this "Light" energy has a profound influence on the Earth and its inhabitants. The passage of the Earth through the Belt, each time, takes up 2,000 years of our orbit. Many of the phenomenal stories that have been recorded in histories, mythologies and religious writings have their origins and basis in this segment of our orbit.

According to the "Keepers of the Wisdom", the "prophets of old", the akashic records and modern day scientists, the planet Earth is now entering into the Photon Belt. This event has occurred on a regular basis ever since the Earth's creation. All of the "signs" that have been predicted to alert the people for this particular entry have taken place, or are already in place.

NULL ZONE EXPLAINED

Two very important events will happen as the planet enters the Photon Belt. One is that it will immediately go into

the Null Zone. The other one is that it will pass through the Space/Time Overlap Zone. The Null Zone is an electromagnetic zone where there is an energy vacuum and there is an absence of electromagnetic fields. Everything is cancelling everything—a micro-interval of non-time, of universal rest. It is a point on a circle of creation where that which has been created reaches its potential and starts the return portion of the cycle back to its source.

When the Earth enters this zone, it will cause an instantaneous powerful jolt to some people—like a strong electrical shock, while to others it could be less severe. The results of this sudden change in vibratory frequency is determined by each individual's energy (or "spiritual") floating-point within the physical body. Some will go through death because their bodies will not be able to stand the shock. To others it will be extremely uncomfortable, and to some it will seem quite mild, but it will happen very quickly (in the twinkling of an eye).

No matter what the results may be to each individual, he can know that it is what he has chosen to experience and that it will greatly advance his particular journey through the Eternal Order of Progressive Evolution.

Our Solar System has already entered the Space/Time Overlap Zone and our planet has been affected by this cosmic bombardment for several years. Some of the results of the compacting of the lower and higher energies are drastic changes in the weather patterns, the melting of the polar ice caps, the "holes" in the ozone layer, the deterioration of moral values, the promiscuous social behavior, the breakdown of justice in the judicial system, the greed and corruption in governments and the explosion of violence and looting in the streets. The excited atmosphere speeds up and greatly accentuates the tendencies of an individual's action and reaction processes. It brings out his true nature.

The Space/Time Overlap Zone is when electromagnetic-magneto-hydrodynamic

(#8) AIDS: THE LAST GREAT PLAGUE
by Sananda, Hatonn, Ashtar, Tesla & Russell
\$10.00...150 pp
ISBN: 0-922356-04-1

The deceptive origins of this man-produced disease are revealed, including the link with cattle and sheep viruses. The sobering introduction of AIDS as a means for population reduction by the World Health Organization through the Smallpox Vaccination program is exposed, as well as involvement by the Public Health Service through a Hepatitis B study on homosexual men in New York, Los Angeles, and San Francisco. Learn of the unique mutating ability of this virus and why there is no such thing as "safe sex". Viruses are crystalline structures, and therefore, may be destroyed through the use of electromagnetic sound and light frequencies. The cutting-edge research of Strecker, Rife, Priore, Russell, Crane, Cathie, and Tesla are all explored in this profound and troubling work. Become informed by the story behind the story you are being told.

changes begin to take place prior, just before entering the Null Zone, and this moves the Life Zone of gravitational compression into a larger gravitation spectrum. This is why the imaging process in our magnetosphere has been moving at a more rapid pace. As the Earth moves into this radiation belt, all molecules will become excited, all atoms will change, and the compacting of the energies will raise the vibratory frequency in the atmosphere.

BE PREPARED FOR EITHER CONTINUOUS DARKNESS OR LIGHT

If the sun enters the Photon Belt first, there will be about 120 hours of total darkness. This will run into the fifth day. The reason for the darkness is because the sun will be in another dimension of vibratory frequency. If the Earth enters the zone first, we will be immediately thrust into the brilliant Light of the Photon Belt. During the first few days of adjusting, there will be extreme panic and severe damage to those who are unprepared and unprotected. This is why we must understand each of these eventualities and be prepared for either of them.

Regardless of which condition comes first, as the Earth enters the Null Zone, there will be an energy vacuum that will cause extreme panic and serious problems unless we know what is happening and are prepared for it. There will be no electricity and all batteries, radios, phones and all communications will be out of use. Cars won't run, elevators won't operate and all transportation will shut down. No utilities will be available, lights, heat or power toilet facilities. All electric power generation systems on the planet utilize the planetary magnetic grid to function, and in the Null Zone the Earth's grid will be neutralized. Therefore, there will be no source for electric oriented power systems.

There is another energy system that **will operate** very efficiently right through the Null Zone. It is Photon Power wherein the source of propulsion is derived from Light, the source of

all things. God is Light. Photon Power is developed by positrons, anti-protons and anti-neutrons compacting and canceling each other and thereby forming photons. **[H: We call these particles "electrons" and "particums" and Serapis Bey has spoken and written great dialogs and lessons on this subject. What you are witnessing right now is a failure of your "Earth" technology to completely nullify all through the new "grid" system AND a management system utilizing photon energy to keep noticeable "black-outs" to a minimum until the systems are all checked out and tested. The facts are that the Soviets have damaged many of your satellites which can produce the proper sequence of nullification and those are, right now, being repaired so that "test sites" of selection for impact, can be selected.]**

In our seminars, of course, the big question has always been, when will these events happen and how do we prepare for them? In the image world, everything occurs according to sequence of events; therefore, it is difficult to give a specific date to some happening because all factors can impact that date and cause it not to be accurate. Then, there are events that take place because of the continuous flow of cause and effect in analogical consciousness, and are, therefore, beyond the effect of impacting factors.

There are numerous events, signs and scientific data that place the Earth right on the lip of the Photon Belt **and the actual time of entering the Null Zone could come as soon as the last week of July, 1992, or not later than the last week of January, 1993. Some sources, place it right on July 25, 1992. Of course, "no man knoweth the hour".** At any rate, we need to be prepared before this time period starts. The calendar of the "Ancient Keepers of the Wisdom" ended August 17, 1987.....

END OF QUOTING

I do not end this herein because the remainder of the six pages of document is not interesting—it is because I have been

handed a more urgent piece of information. If you wish more direct information from this place in mention, please contact Gene Davis, Life Research Foundation, P.O. Box 653,

McMinnville, Oregon 97128, (503)472-4748. I simply give you information from the document shared with us and have no further comment other than to gratefully thank Mr. Davis.

How To Capture A Sleeping Nation

7/28/92 #1 HATONN

ATTENTION! URGENT EMERGENCY ALERT

I am going to reprint this EXACTLY as presented—at this point I have not perused the document but I can tell you in advance—it needs measuring by your newly acquired "guideline check-list". You KNOW to expect bits of truth among the heaps of disinformation/misinformation. Much is totally planned and true—I think you can go through it with "wisdom" and conclude for self. Measure against that which God provides in insight. At any measure—it is as serious as you can get and the point is to terrorize you if nothing more. I believe you will feel quite terrorized at the reading. What actually comes to be is UP TO YOU!

QUOTE:

ATTENTION: CIVIL WAR IS ABOUT TO BEGIN IN THE UNITED STATES AND YOUR LOVED ONES ARE IN ACUTE DANGER! RACE RIOTS AND SLAUGHTER OF AMERICANS WILL BE THE FIRST SIGN!

THIS IS NO JOKE! On July 4, 1992, at a UFO convention in Arcadia, California, Mr. Michael Younger, a member of the super-secret COM-12 group and a scientist who worked at Groom Lake, Area 51 in Nevada, stunned the audience of over 200 people with the following incredible information, which, if true, endangers the lives and freedoms of every American. Here is the amazing scenario of the planned events:

Security isn't without GOD.

PREPARING THE SHEEPLE

Beginning in August of this year, 1992, a conspiracy long at work behind the scenes of our government, will make its first overt move. These conspirators plan to create a dictatorship in the United States, suspend our Constitution and attempt to confiscate all guns and firearms in American homes. Stage 1 being to create "race riots" in major U.S. cities such as New York, Chicago, Detroit, etc.; these to begin in August. This will be preceded by a month of subliminal programming via TV and other media to condition the people for civil war in the United States. The accent will be on rap records such as *Body Count* released by Time-Warner (a Rockefeller corporation) by musicians "Ice Tea" and "Sister Solj" whose lyrics in such songs as *Cop Killers* are designed to inflame and polarize its listeners. These rap songs contain such lines as "kill white policemen", "kill the pigs", "kill whitey", and "Why not kill whitey, if he can kill us?" etc.

FALSE AGENTS, STAGED RIOTS, NATIONAL GUARD

In August Stage 2, code-named "Operation Hot August Nights" will take effect. Special agents of the conspiracy, masquerading as police, will open fire on minorities, namely Black Americans and Hispanics and Orientals. Other agents will set off incendiary bombs as they did recently in the Los Angeles riots, which essentially was a "test case" that surpassed the expectations of the conspirators. These special agents, masquerading as police, mas-

sacre these Blacks and minorities and fire at the real policemen. This brings in more police and the riots escalate. "Skin heads" and other gangs, already fully armed, join in the fray. The real police, vastly outnumbered, cannot handle the rioting. The National Guard is called in and fired upon by these special agents masquerading as gang members, who also enlist other gang members to fight the police and national guardsmen. These riots continue through August, with many minority Americans slaughtered in major cities.

U.N. TROOPS, EQs, HEAVY CONFISCATION (GUNS, PLUS)

Stage 3: In September, President Bush calls in United Nations troops to quash the riots and restore law and order. American troops had indicated they did not wish to fight against American civilians. Bush executes Executive Orders, already in effect, which now give the UN forces complete rights and freedom to enter American homes, to confiscate all devices that are capable of communicating information, which includes **video cameras, VCRs, computers, mimeographs, anything that can print, copy machines, etc.** [H: Take this very, very seriously—for there may be no **LIBERATOR** past that date for we are on the top of the list for confiscation of equipment. No, we will NOT "fight" them. It will then become a matter of you-the-people getting word around as best you can. I tell you right now, you of my crew, GIVE THEM WHAT THEY WANT, OUR MISSION IS NOT TO GET KILLED. THIS is our work and we will do it as long as we are allowed to do so—past that, we must use **WISDOM IN ACTION.**] These troops are furnished certain lists of names, particularly those known as "Patriots" and these patriots and their families are rounded up first, and if not executed on the spot, are sent to any of the 13 concentration camps now fully activated in the United States. There is nobody left to tell what really hap-

pened. Curious neighbors will be told it was a justified "drug raid". Those who escape to the hills and mountains are hunted down by 'search and destroy' troops, specially trained for mountain warfare. During September all borders will be closed down, as well as airports. No one is allowed to leave the United States.

PHONEY ET INVASION/ WORLD UNDER U.N.

Stage 4: In October an "official" announcement will be carried live on TV, that extraterrestrial aliens, probably Zeta Reticuli 'Greys', have invaded the Earth, with some actual aliens introduced on the show. (This is actually a fake invasion.) The aliens have been on Earth for many years, made treaties and agreements with our governments; there are millions of them in secret underground complexes such as Dulce, New Mexico, which are responsible for the abduction of American children and citizens and the cattle mutilations documented in books on and on TV, such as the recent special "Intruders". This announcement will cause the entire world to mobilize under UN supervision to fight the 'invaders'.

U.N. TROOPS IN U.S.

During November, the chaos continues and more UN troops pour into the United States, mostly mercenaries who have fought in African nations and other 'hot-spots' previously. (The butchery by these troops is well documented.)

STOCK MARKET CRASH

Stage 5: In December, a well-planned "crash" of the stockmarket will occur, a dramatic drop to at least 1500 on the DJ Industrial Average. This event planned to further weaken, panic and confuse the population.

MARTIAL LAW/ CONSTITUTION SUSPENDED

Stage 6: In February or March, 1993, President Bush will be assassinated by the

conspirators and Vice President Dan Quayle will become President of the United States, (this an option if Bush moves too slowly). The Constitution of the United States is suspended and the people are now living under martial law in a totally fascist state.

Who are the conspirators? According to Mike Younger, at the end of World War II, Nelson Rockefeller brought 3000 high Nazi party officials from Germany illegally into the U.S., without permission. As of today it is believed there are now 1.6 million Nazis in the U.S., many high in government and major corporations, such as Atlantic Richfield in New Jersey. Incredibly, these Nazi fascists are attempting to set up a "4th Reich" to continue the thousand-year plan of Adolph Hitler, with eventual intent to eliminate "non Aryan" people such as Jews, Blacks and other 'dissidents'. In January, 2000, when the *real alien* invasion occurs, the planet will be officially turned over to the alien invaders, the Nazi rulers expecting to get 25% of the Earth for themselves.

The writers of this document **did not** originate the above material, but are simply passing this information along to you to do with what you feel is necessary. We have no way of knowing that these things will happen (we hope and pray they do not), but if **any of the above should occur**, you can rest assured the balance of this evil scenario will follow. Their two main immediate goals are to disarm American citizens and suspend our Constitution.

END OF QUOTING

At this point I know not from whence this document came—it matters not. The point is that you are IN THE STEW and you must come to confrontation of the fact.

The last request on the paper is that you make copies and mail to media, politicians, churches, organizations. Post on bulletin boards, pass out to citizens in the streets! TIME IS RUNNING OUT! ACT NOW!

I would prefer you use "reason" because you KNOW ONE THING—doing so will likely get YOU TARGETED if you utilize

identification. We KNOW the part about the millions of Reticulum "Greys" are a flat-out LIE. There are whole bunches of man-made replicas but this portion of the document is totally incorrect whether the author is presenting in knowledge or hearsay.

The last of the document is also incorrect in its outlay—politically. The "Nazis" have not, as such, taken over anything—YET. There are many as stated, but the thrust is not as stated. "Dissidents" of all races, creeds and colors are the target. The Nazi's in point—AND THE "JEWS" IN THE ELITE CIRCLES as well, ARE members of a coalition of Elite Global Conspirators and ALL outside of that small circle are destined to perish or be enslaved for whatever purposes the Elite might have.

You will be told the aliens are your enemy—but the world WILL NOT BE TURNED OVER TO ANY "SPACE-ALIENS" AND THIS IS TOTAL BUNK AND DISINFORMATION.

You had best attend this very, very carefully however, for there is enough TRUTH within the lines to tell you the facts of it.

THE SILENT PLACE

GO WITHIN INTO THINE SILENT PLACE AND ASK INSIGHT IN THE LIGHT OF GOD AND SO IT SHALL BE GIVEN. ADONAI.

Dharma, we have work elsewhere so may we close this portion. We will continue on current confirmations when we again sit to pen for you MUST know the FACTS about the earthquakes in California for they set the scene for the New World Order in your dooryard.

I will do that which I can, dear friends, to tell you how it IS—I will not subject my people to the abuse coming in upon them because YOU do not wish to believe. I care not if you read not one word of our work—but I weary of the assaults out of sheer position of total IGNORANCE! AND WORSE, REFUSAL TO EVEN CONSIDER "POSSIBILITIES". How do you REALLY like the Emperor's new clothes? What DO you see through those glassy eyes? So be it.

To stand-by, Hatonn to clear.

Today's News And Views

7/29/92 #1 HATONN

**WAR IS ON—WAR IS OFF—
WAR IS...**

....And you think "Hatonn" can't make up HIS mind! Watch closely, the actions of the administration as politics toss you back and forth like fish out of water. May you be given to see beyond the "games". The "pull-back" is phoney, chelas, for there is every intent of secretly shipping a LOT of your "boys" over-there for their possibly "sudden-overpowering show of strength" to the "madman" Saddam. He looks pretty good and pretty healthy to me.

**PHOTONS ARE ON—
PHOTONS ARE OFF—
PHOTONS ARE...**

No—NOT "OFF". You are simply experiencing them under the direct direction of FEMA and help is on its way under the guise of shuttle launch—to move the New World Order along rapidly and forcefully. You do not seem to be aware of the intense actions going on under your noses. All "satellite signals" for phones and banking have been interrupted internationally during these past days while testing systems.

**EARTH BOMBARDMENT
CONTINUES**

The earth bombardment, especially against the Western fault lines, never ceases—the earth down under the "epidermis crust" is like melting jello shivering and liquefying. The enforcement troops are at ready for their "practice" maneuvers and war games.

Do you not see that if you cannot have a war to gain "control through emergency regulations" that you HAVE TO HAVE "NATURAL APPEARING" DISASTERS?

Perhaps my people have "warped senses of humor" but they do not consider this as "doomsday" activities—it is more like "confirmation and glory time".

It is a time, however, of intense work-load and, again, I must ask you readers to be patient—especially if you have sent personal inquiries and more especially if you have sent them in the form of audio or video tapes. I do not entertain the "personal" during this time of horrendous load for our workers—so you MUST GO WITHIN and study ALL your homework—one or two LIBERATORS and/or JOURNALS will not "cut it". Dharma is some 56 tapes BEHIND and that means a minimum of 150 hours of listening—DO ANY OF YOU HAVE 150 HOURS FOR "NOTHING ELSE BUT LISTENING TO TAPES?". We need the various "presentations" of other speakers for, out there, are some exceptional messengers and instructors—but there is simply no time for individual "readings" or dialog as we move along here and Dharma is festering and about "bonkers" under the load of what seems to her to be her responsibility to each and every individual who receives of our information. No—for ALL correspondence and information is read and digested for my use and tapes can be monitored while ironing or cleaning or, or, or—but then the response is even more difficult. PLEASE BE IN UNDERSTANDING AND PATIENCE—AND YET, DON'T STOP SENDING CONFIRMATIONS FOR HOW ELSE ARE WE GOING TO GET CONFIRMATIONS SCATTERED OUT TO ALL OF YOU? You probably would not be getting any news from, say, South Africa or New Zealand, wherein, what happens there means you are next! Let us take New Zealand—the biggest bank just got swallowed up and it is a magnificent "sign"—therefore, understand please, that I simply cannot tell you whether or not "Mary or Jane" is your soul-mate or your "albatross". If you get on WITH YOUR WORK, you will find those questions disappear in the vapor of "duty" and "service".

GEOPHYSICIST SOLTEC

I, for instance, care not what Bashar, Ramtha, Mafu,

etc., are doing. I DO CARE GREATLY WHAT SOLTEC, KORTON, ETC., ARE DOING. SOLTEC IS PRESENTING INFORMATION AND LESSONS THROUGH ONE, KALI, (meaning: "out of" Chaos) in Arizona. These are "private" and—as with Dharma—without gatherings of "groupies" and awe-struck listeners. This is the way OUR work MUST be. Bless those who have pulled attention FROM our crew so that we could get on with our work—it has most certainly been difficult enough as is. Valid and great information is flowing from Soltec and we need to integrate it quietly into our own presentations within the LIBERATOR. You need more geophysical information but Dharma simply has outgrown the ability to share time with the other segments of Command. I ask that Kali set aside the audio portion, make sure the computers are compatible so that discs can be exchanged—and WRITE. You will find, Kali, that you ARE "ready" and equal to the task as given and accepted. I speak, herein, to no other receivers and please, do not ask me if "I (mine) is not ready for publication?" I cannot handle the influx of such

inquiry—when the student is READY, the teacher will tell you. Thank you. We will keep the confidence so that your safety is secured. This "quiet working" is the way it MUST be for ours is not to have great congregations but, rather, to serve the multitudes via the "pen", uninhibited by ego transgressions. We have had several speakers and receivers for Korton but each has become absorbed in self-ego or self-unworthiness in perception and become unviable. Blessings are upon you, and we are eagerly awaiting your sharing. I shall not allow "errors" in transreceiving to pass. That, after all, is what concerns receivers in and of truth. I ask that Soltec keep the writings short, succinct, physically oriented for information and brief for we have a most magnificent shortage of "space" and we are not ready nor prepared to move to a more frequent publication.

If, in fact, close-down per the "plan" comes as expected, we may very well be out of the "publishing business" altogether. We must all consider that possibility for we MUST stay alive and as able as possible to serve another day if this one be cut short.

Confusion And Ridicule Over Protective Goggles

7/29/92 #1 HATONN

Now for some contradictions, confirmations and confrontations:

DOOMSDAY GOGGLES

I have a dual purpose in running this reprint—one, so you know where and how to GET goggles of proper density and two, to disclaim "doomsday"—it is coming "...into a time of total RADIANCE!"

The goggles, as you will note, even if a bit "off the wall" in presentation, are necessary mostly IF and WHEN the radioactive belt around your own planet is ignited. That will in all probability be prior to "natural order" entry into the "Great Barrier".

I am going to follow this article with one of the most important pieces of correspondence you will EVER RECEIVE from my resource. The information from this person who works WITH LASERS OF THIS PULSE TYPE matches the scientific physics knowledge of power already known and accepted. The Chief Editor of the LIBERATOR, Dr. Ed Young, has worked with these lasers and knows how treacherous one stray pulse can be in damaging capability. Dr. Young serves with us because it now becomes the most important task he has set his talents to performing in service to mankind. There is no way to express my appreciation to him and therefore shall have to suffice with, "Thank you, Ed". Is "his" job greater than any

other? Yes and No: It is only a "part" of the whole but YES, INDEED, for he can catch any errors in physics and "natural laws" which may slip through the screen of translation.

Thus far, under the most minute and detailed challenges, our presentations—when studied for verification—HAVE STOOD! Dharma was told at the very beginning of our contact—strangely enough by Commander Ashtar (that elusive friend), that she would be given "the credentials" for acceptance of fact and "technology beyond any capability to understand" but it would be valid, functional and ones awaiting the information "would KNOW IT WHEN IT CAME." I believe that all who know this person—also realize this point of truth. So much for dallying explanations and space consuming outlay. Let us continue with a reprint from a Nevada paper, arriving today:

QUOTING:

"DOOMSDAY PREDICTION" SENDS FOLKS SCURRYING: By Will Behr, NEVADA APPEAL Staff Writer. Release date: July 27, 1992.

The welding supply business generally attracts a rather hard-working, down-to-earth clientele. So when new customers started showing up at A-1 Sierra Welding in Carson City (Nev) with stories of pulse beams, photon belts and spacecraft, store manager Willie Ruppel noticed.

According to Ruppel, he has filled the same unusual goggle order for at least eight different customers in the past two weeks.

That is a lot for a small welding store, he said.

But Ruppel's sales pale in comparison to the surge in the goggle market enjoyed by BWS Inc. of Bakersfield, Calif. There, a sales manager said, 200 to 300 goggles priced at \$16 each have been mailed all over the nation. [H: If I had had time and space to finish the reprinting of yesterday's "Photon Belt" article you would find that the same "goggle information" is projected for safety and precaution.]

The goggle boom appears to have been prompted by articles in a new age [H: sic, sic—

nay, nay—no "new age" anything!] newspaper called the PHOENIX LIBERATOR, whose publisher George Green recently moved to Carson City. [H: This too, of course, is no longer valid information—George is a publisher and no longer does other than represent the paper.]

One of the LIBERATOR articles suggests that "linear beam weapons" would ignite a radioactive belt around the planet and cause a brilliant flash of light. [H: A more appropriate term would be "could"—but it is the Elite "human" plan to do so. It would require as much as a couple of days to burn up the radioactive belt so the word "flash" is not quite correct, either.]

The light would be so intense, the article states, it would literally blind most of humankind—that is everyone foolish enough to be caught outside without a pair of welding goggles firmly strapped on their cranium. [H: Now the foolishness begins, you see, so obviously there is no way to get SERIOUS information to the masses in two-minute sound bites. This actually does not have anything to do with the Photon Belt as such—two entirely different actions and phenomena and two totally different types of light bursts, but alas—so goes life and perceptions and "listening capability" of the humorists.]

Several of Ruppel's customers told him the flash would begin Saturday. [H: I can promise you that George Green did NOT say such a thing, or, if he did—he is out of his "gourd" in temporary insanity. For one thing—entrance into a null-time photo presence is going to take adjustment and the severity of damage would be no more than is practiced in advertising constantly about the "strange NEW ultra-violet rays coming through the ozone hole" according to your nit-wit politicians to you unfortunate recipients. The goggles were already in preparation kits long, long prior to any mention, on our part, of a "Photon Belt". This is good example, readers, of the type of "accuracy" in reporting and publication printing.]

To prepare, they wanted shade 5 goggles, with shade 10

lenses that could be flipped down over the front. [H: This, too, is incorrect. The proper darkness is achieved with two lenses in the eyepiece, one five and one ten plus a ten in the flip down.]

During eclipses, the supply store sometimes sells very dark goggles that allow people to look directly at the sun. But Ruppel said he couldn't think of a practical use for both lenses at the same time. [H: Then it would certainly seem time for the man to "get informed".]

"I'm no scientist," he said, "But if the (atmosphere) got that bright, I think you'd burn to a crisp and the polar ice caps would melt. There would be flooding. ... I don't think goggles would help that much." [H: How much do you 'FEEL' from X-ray? Do you "feel" undue "heat" from ultra-violet rays—or does the "heat" seem as much to be from being in the sun? Any third-grade science or biology student SHOULD know as much. Is it the heat or the radiation that kills in nuclear explosions or "leaks"? I suggest you all stop your giggling and ridicule—lest the ark leave you to drown in "rain season"!]

Ruppel's customers take the flash a little more seriously, though.

A-1's first new age customer [H: Boy, here is a biggie—we are actually being sued as "not being any part of New Age" and here they go again—WE ARE NOT CONNECTED IN ANY MANNER WHATSOEVER TO "NEW AGE" OR AMERICA WEST AIRLINES OR THE "UNIVERSITY OF SCIENCE AND TECHNOLOGY" ANY MORE THAN IS SPOTLIGHT, FEDERALIST AND/OR THE WORLD ALMANAC. IT WOULD ACTUALLY BE BETTER TO COMPARE US WITH THE SUMARIAN TEXTS, WISDOMKEEPERS AND NEWTON'S PRINCIPIA MATHEMATICA!] was a young woman, that Ruppel remembers as "a little strange".

She said she was going to carry her goggles in a backpack everywhere she went. [H: Smart lady!]

Later, Ruppel sold two pair of goggles to a "very intelligent" middle-aged couple from Oregon. They told him they

planned to wear the shade 5 goggles all day Saturday—just in case.

That was the couple who provided Ruppel with an article from the Liberator.

Like nearly every article in the paper, it was purportedly written by Gyeorgos Ceres Hatonn, Commander in Chief, Earth Project Transition, Pleiades Sector Flight Command, Intergalactic Federation Fleet. [H: Well, they got 'something' right, thank you.]

The title is a bit misleading; he is no snob.

"You may call me Hatonn," he writes in the May 5 edition of the LIBERATOR. [H: Well, it does seem a bit awkward, when in a hurry, to have to refer to me as Mr. Commander Gyeorgos Ceres Hatonn, sir.]

Green, who spoke to the Nevada Appeal on Thursday, said Hatonn communicates with him but rarely comes to earth.

"They don't like coming to earth," he explained of the spacemen, "because the government tries to shoot them down." [H: There are a LOT of reasons we don't like Earth—THAT being only one and probably the least important one.]

Sometimes, Green said, he talks to Hatonn on the telephone but usually they communicate via short wave radio. [H: Why does this strike you as strange, readers? Do YOU think it strange to talk on the phone? How about you radio operators—do you find radio communications so unusual? How many of you have phones, radios and televisions in your home? Office? Fax machines? Xerox machines? Exactly WHAT IS IT that seems so STRANGE TO YOU "ADVANCED SPECIES" ABOUT ALL BUT OBSOLETE MODES OF COMMUNICATION?]

Ruppel said he thought the whole story might be a welding-industry hoax. But Jim Offencamp, a BWS manager, said Green's group [H: Green HAS NO GROUP! Mr. Green is a PUBLISHER who publishes the PHOENIX JOURNALS—does "Dell Books" have a "group" because they publish a particular line of books along with many, many OTHER publications? Mr. Green publishes

a scientist/researcher's book on "infinity times" and other such works as Dr. King's books on economics and the myriad writings of one, Eustace Mullins. Further, we publish "Journals" about nearly every subject known to man—so, WHAT GROUP? WHAT "GROUP" could Mr. Green HAVE? Because "Donahue" interviews a given writer, does that make it "Mr. Donahue's group"? I wonder if this wondrous paper will print THIS article? I most certainly hope that you who take your future prospects and "look around you" seek to give business to some other business who will appreciate your business instead of ridiculing your sincere attempt to be prepared for possible happenings—at least as equal to if not more personal, than your IRS records.] got the goggle sales started.

"To be honest with you, it's kind of a strange story," Offencamp began.

BWS got involved when they were approached by people who work on the LIBERATOR in Tehachapi, a town about 25 miles east of Bakersfield. [H: Wrong location and distance.]

"Apparently, we were the only (welding supply store in the area) willing to spend any time with them," he said. [H: THAT does it. I ask you ones to go to the other welding suppliers and give them business instead. Every businessman wanted to spend time with our representatives who "simply wanted to get a response and available resource to the ones wanting to get protection." If this is all the business means to the ones in point—we can most certainly go directly to the outlets and get far better prices for our readers! Could this be what is wrong with America and the World, readers—ridicule and disrespect for the very customers who keep you IN BUSINESS? It seemed a good act of business to keep the business "local" and it was anticipated that the business would merit appreciation—indeed, you as an industrial producer are in REAL danger of extinction. I ask that this message be given to BWS and another resource located for those who do not wish to re-

search their own location. There are "welding" facilities in almost EVERY TOWN IN THE USA.] "THEY WANTED LENSES FOR LASERS AND ALL SORTS OF STUFF WE'VE NEVER HEARD OF." [H: Never "heard of"?] "Never heard of"? Where in the world have you people been? Never heard of? Oh my, my—you ARE in serious trouble—the Elite politicians must really be laughing at you helpless, uninformed citizens.]

Eventually, Offencamp said they settled on shade 5 goggles with shade 10 lenses that could be flipped up in front. (Editor's note: Incorrect; see prior note.)

"At several points, we've contemplated getting out of this, but if a guy wants to buy something, you sell it to him." [H: Sure do—like Uzies, machine guns, bullet-proof vests, cyanide for rat poison, machetes and flame-throwers—but heaven help a few people who wish to protect their eyes from the sun or bright lights which damage the eye—ACCORDING TO YOUR GOVERNMENT'S OWN PROJECTIONS—IF YOU WOULD HAVE ANY INTEREST AT ALL IN INFORMATION INSTEAD OF RIDICULE. GET OUT OF IT? ARE YOU IN PUBLIC BUSINESS OR JUST IN CASE SOMEONE WANTS "OTHER STUFF"? YOU SHALL NO LONGER BE ANNOYED BY ANY LIBERATOR READERS IN THE FUTURE, I TRUST.]

According to Offencamp, the process that generates the bright light seems to have changed three or four times. [H: Oh? Who said? Perhaps in the "telling" it is misrepresented—but it has NEVER CHANGED ONE IOTA. I believe the margin of error in retelling anything can be exemplified by this very article in point—there are hardly ANY POINTS WHICH ARE CORRECTLY REPRESENTED IN ANY FORM WHATSOEVER!]

"At one point, I think, the Russians were going to burn the ionosphere." [H: Well, that WOULD produce a very bright light for which goggles might be handy indeed. What about those "nasty little grey aliens" you hear about?]

"I think it is some fundamental belief about the way the

earth circles the sun," one BWS operator explained, "or it's a communist plot."

On Thursday, Green said there are two scenarios. One involves a cosmic photon belt, the other a pulse beam weapon stored at Edwards Air Force Base in California. [H: Among MANY other places!]

At any rate, Offencamp said customers are getting a little panicky as the big day approaches. [H: How many of you have tried to get 6-volt light batteries in Southern California since the earthquake swarms? Does anyone think it strange? To be prepared is STRANGE? How about "New Age"? How does it strike you to be "blind" AND "unprepared", reader? How do you feel about being on the road with a bunch of blind drivers? It will make a dust-storm or fog a "nothing" experience and yet, I believe right in this very area (locale) you have undergone BOTH. HOW MUCH DO YOU REALLY KNOW ABOUT WHAT THE GOVERNMENT IS DOING? HOW DO YOU KNOW? WHERE ARE THEY DOING IT? WOULD THEY EVER LIE TO YOU? EVEN A LITTLE BIT? DO THEY EVER TELL YOU THE TRUTH? WHO JUST MAY HAVE THE LAST LAUGH IN THIS GAME OF CHANCE?]

"People are calling saying, 'I don't have my goggles yet; where are they?' or they are ordering goggles delivered overnight express," he said. [H: Would that be "strange" if someone wanted to start on a major welding job the next day because his goggles in hand were broken? The reason for urgency was that YOUR SCIENTISTS projected an entry into the "Null-Time", which is preliminary to the Photon Belt entry—on July 25, 1992. Now I ask you—does that make US NUTS—or your government, or YOU? The point was an effort to ignite the Van Allen radioactive belt to give ability to "drain off" some of the particulate in the "Null-Time" belt of neutralized electrical particulate. Does that seem so strange? What did YOU learn in simple Physics?]

But Green said Thursday the flash may come later, "The data was selected from calcula-

tions using the Mayan calendar," he said.

And, well, Mayan calendars are tricky. [H: No, Mayan calendars are totally accurate but that is NOT wherefrom came these particular predictions—they came right out of places like Palomar Observatory, Massachusetts Institute of Technology, Cal-Tech, Jet Propulsion Labs, NASA and places Earth-bound!]

"If the calculations were off .0001 percent, that could move the date back a few years."

"I am going to a lecture Saturday," Green said. "So I hope it doesn't happen then, either. But you should be prepared."

Green describes himself as a publisher, not a cult leader, messiah or shaman.

According to a spokeswoman at the Tehachapi Chamber of Commerce, his newspaper is written or transcribed by followers in a house outside town and printed by the publisher of a local shopper. [H: Not one word of this sentence is true—NOT EVEN ONE!]

Green says he also publishes a series of journals.

The LIBERATOR has an advertised subscription fee of \$75 for 52 issues, and comes chock full of ads for books ranging from \$10 to \$29.00. [H: This is not any longer so, either. Part of the reason for total separation of the LIBERATOR from all other publications is to avoid EXACTLY THIS TYPE OF INFORMATION.]

In this paper, readers can order books on everything and everybody from Bo Gritz to Nostradamus, from civil defense to surviving the AIDS plague. [H: No—you cannot! You can order whatever the "distributor" for the "publisher" handles—you can only order the LIBERATOR from this publisher in point—AS A SERVICE to callers—just as a welding supplier would supply goggles to a customer. I also ask Ed, Rick and/or E.J.—meet with the Chamber of Commerce and set the records to straight because I weary of this type of garbage coming back at us from every confounded direction under the sun. If you, George, are telling people these things—please stop, for distor-

tion is bad enough without us playing into the shyster's hands.]

Conspiracy theories and prophecy are recurring themes. In the May 5 edition of the LIBERATOR, one article suggests the Holocaust was an exaggeration [H: Go study the records and YOU add up the numbers.], another is titled "U.N. riddled with K.G.B." [H: Where have you been—that is certainly NOT NEWS! FURTHERMORE, THERE ARE MORE KGB IN THE CIA (WHICH WILL NOW GET SOME \$40,000,000 OF YOUR MONEY TO "TAKE OUT SADDAM") THAN AMERICANS. ALSO, THERE ARE SOVIET AGENTS WORKING WITH EVERY MAJOR (AND SOME SMALLER) POLICE DEPARTMENTS IN YOUR UNITED STATES.]

In one book, "Judas Iscariot's name is cleared, ... the actual one who betrayed Immanuel is revealed," and other Bible misconceptions are rectified. [H: Seems about time, does it not, to rectify something? I wonder why YOU PEOPLE WHO RIDICULE don't simply take one line out of your "books" and try to make sense of it—YOU can't make sense of the 'WHOLE' OF IT, much less, in bits and pieces.]

Another book presents information "about spaceships, including some of their specific "harmonic" frequencies and manifestations at certain areas of the Earth Grid System. Other Topics: ... Little Gray Aliens ... Bush's trip to Paris ..."

A Tehachapi businessman described Green's followers as "very friendly people. They seem happy. ... George Green is very convincing."

END OF QUOTING

Green's followers? How strange—I could have sworn the people come to find out about higher resources and simply: GOD. There is no "group", no "cult", no "gathering place"—although anyone is welcome to any meetings wherein I might participate if it is an appropriate subject. We do nothing hidden nor secret so I can't imagine what anyone would "follow" in "following" George Green, who isn't even located in California

any longer. Is it not possible all the great teachers suffered from this same type of MISINFORMATION? Funny thing—there is only "meeting" if I am communicating and I don't see an abundance of Chamber of Commerce personnel searching out truth—even to set their own records to straight. I don't see any activities going on to cause anyone to even notice the presence of anyone. Could it be that hardly ANYONE knows a thing about that which they speak? Is not the tongue the most evil and irresponsible organ in the body—among other very irresponsible organs?

TO MY OWN!

I believe you can now see WHY we are "not a threat", in consideration, to the Elite Government. Now that the WORD has been poured forth even to this limited extent—they KNOW it will only present ridicule and ultimately—they will say, "Well, you were warned and you laughed. We are as powerful and your masters—JUST AS PRESENTED, and you laughed and ridiculed more and more and more—all the way to the prison!" Indeed, we are considered an "asset" most often, not a liability, for they are going to give you an "alien" ET blast to shiver your timbers—the stage is set and the lights are on and the sound-track moving. But one day, it will be KNOWN that we were of God and we brought Truth and ye who would hear will be brought into security and radiance into the places God has prepared for His children—aboard craft prepared to house and secure living, human species—not fluffy and radioactive clouds through which you would fall even if you could "ascend". So be it for the time is at hand when the Truth shall be made known and woe unto the ones who lead God's people from Truth for theirs shall be a most interesting journey indeed!

A LETTER OF CONFIRMATION

Now, I would like, before closing, to simply share a letter from one whose location I shall

not reveal for it is dangerous indeed:

QUOTING:

Commander Hatonn
July 23, 1992

Dear Commander,

I just wanted to share a few bits of information with you. I will try to keep this as brief as possible. I work for an agency of the government called N.I.S.T. doing energy and power measurements using lasers. A few of the lasers I use operate in the infrared and another operates in the ultra violet. All of these lasers' beams are invisible even when reflected off of something and therefore can easily be used to blind opposing armies at will. One in particular, a Nd:YAG pulsed laser operating at 1.06um is very dangerous. When aligning this laser I must use dark green goggles which are opaque to this wavelength, otherwise I could easily damage my eyes from just a single stray pulse. Unlike the other lasers I use which can be blocked by simple glass or plexiglass, you must use certain materials because this wavelength will go right through materials like glass or plexiglass. Plus this particular laser is relatively small and can easily be installed in a truck or van and not be noticed. I know that the Army uses this type of laser in their laser rangefinders. Also, an engineer or sales person with the company who sold us a couple CO2 lasers told me their lasers are designed to be

rugged enough to be installed into aircraft!?! I just thought I would share this from personal experience. When you speak of some of these things I know exactly what you are talking about because I either use them or hear about them from other sources.....

END OF QUOTING

There is much more in this piece of correspondence but it deals with works and publications of Nikola Tesla and I wish to use it in the next writing for this one has grown too lengthy for impatient readers.

Thank you, workers, for enduring the slings and deliberate (if not simply foolishness) ridicule and assault against you. No one ever said it would be easy and the false teachers would abound, you were further told. It is a time of taking control in Plan 2000 by the adversarial Global Controllers and you must remember: We knew it would be this way—AND, YOU ARE NOT ALONE! YOU ARE NEVER, NEVER ALONE! Truth will stand all testing of bombardment or time, so be not faint nor discouraged at the barrage as given forth by the ignorant or by the deliberate attackers. God's wings are big enough for all needs. Salu.

A wound from a tongue is worse than a wound from a sword; for the latter affects only the body, the former the spirit. -Pythagoras

A Sense Of Humor To Make It Through The Photon Belt

7/29/92 #2 HATONN

AFTERNOON HYSTERICS

Let me tell you ones that it is not always EASY working with you—you had best be glad it was GOD who invented "humor".

I have had to take an hour to settle Dharma enough to work again—she gets "visions" and regales into peals of laughter. Chelas, there is only "good" in seeing the humor in every situation because it is ultimately that which will save your sanity. But, leave it to be obvious that we space-cadets also have great need for patience and understanding at that which unfolds before us. Monty Python or Benny Hill or Mel Brooks could do wonders with any of this material and make a billion dollars. Truth is inherently more funny than is a dreamt up sitcom.

KILLER RABBITS

Remember the story (TRUE) about Carter and the "killer rabbit" on his outing trip? Python had a ball with that one as his group went in search of the Holy Grail. [Editors: please see if you can locate the cartoon about the misadventures of Mr. Carter.] [See to right.] Now all of the "adversary" is having fun over the Photon Belt and you are somehow incensed! No—a good laugh is what is best for you—stop feeling you "failed" some way because your world hasn't yet self-destructed in front of you—IT WILL RARELY BE IN FRONT OF YOU—THAT IS THE POINT! But that still isn't what turned Dharma's funny-bone inside out. For one thing they were caught in the earthquake shivers and null-zone electronic communications systems outages. But it is the goggles which finally "did-it". She and E.J. laughed until the tears rolled at the vision in progress.

The vision? Thousands of people stumbling around in welding goggles No. 5 with No. 10 lenses raised and at ready. Then at the appropriate moment (undecided at present as to "cue"), down come the heavier lenses and surely enough—total null-time blackout! Now, if no one removes the goggles for, say, five days—surely enough—five days of total darkness! Perhaps Bob Girard is correct—you have to have a somewhat "insane mind" to see humor in such a visual scene. Worse it got, however, as FEMA troops rushed to the rescue—with empty flashlights because you can't find a 6-volt battery in the State of California, not to mention the rest of the nation.

Now, to treat these "sick" "nuts" the professional "scientists" go to work with headlamps on "their" craniums, as necessitated terminology per prior writing, and stethoscopes flung about necks (for identification purposes).

Now she comes back to

the board in anticipation of writing about Nikola Tesla and "buried" and/or "secret documents" and agreements, only to have received correspondence from a dear friend regarding Canadian response to his inquiries about the Photon Belt. **BUT I WANT YOU TO PLEASE READ BETWEEN THOSE LINES AS WE REPRINT THE LETTER AND WRITE-UP.**

QUOTE:

Well, so much for "open-minded interest and fair objective 'scientific' analysis and evaluation based on the 'scientific method' of information gathering and hypothesis building."

So much for my respect for such "science" and astronomers and "doctors"! Please renew my subscription to THE LIBERATOR.

The intent of this little exercise gone sour was not to offend The PHOENIX LIBERATOR [H: We are all but impossible to offend in any case.], much less you, Hatonn, but to initiate a dialogue between these

make-believe mainstream "scientists" and the representatives of this dissenting view, in order to learn more about the major sticking points they are having with this material. The object of this exercise has been lost to name-calling and ridicule on the part of the "scientific"/astronomical community of Canada at large. [H: This person simply called several science 'centers' and asked for information if there is any. You would have to go back to earlier writings [See 7/7/92 LIBERATOR, pages 37-38 for background.] to understand that one of the contactees wanted more information and even a discourse with me if possible—

"because something is going on but we can't talk about it."] So with this in mind, let us continue with an update:

MORE ACCLAIM FOR THE LIBERATOR FROM CANADA

May the Light of all-knowing Source shine abundantly in the Northern hemisphere country of Canada, and in particular in the corridors of our "scientific" institutions.

This is so sickening that I go deeper into depression the more I think about it. Here it goes anyway. And this is the last foray into the halls of

academia for me, I might add.

One of the astronomers so eager to wager a bet with Hatonn three weeks ago now says he will notify Canadian and U.S. postal authorities regarding this "thinly disguised 'anti-Semitic' [????] ... degenerative literature" from the U.S. that is the very worst example of all the occult and paranormal material that he evaluates. [H: Sorry, chelas, but the energy field created by that "Belt" cannot be mistaken [Editor note: That is no mistake.] for anything else and it is the most guarded secret of the day—next to the planet headed directly for your planet and fully visualized and recognized throughout your astronomy crowd. Well, maybe the secret "free-trade" talks are more secret as is "October Surprise" and Saddam's and Bush's joint banking accounts in BNL and BCCI. Indeed one does need a sense of humor to make it through the day! What is the danger of inquiry about a possible atmospheric phenomenon [does it differ greatly from your scientists studying man-made crystal viruses (HIV) in space capsule travel?]? How about harnessing the "Northern Lights"? Ah, but with the Northern Lights you are going to HAVE TO OWN UP TO THE FACT THAT THERE ARE MASSIVE PHOTON CRYSTALLINE ATMOSPHERIC LIGHTS—EH WHAT? SO BE IT. WHAT EVER IN THE WORLD, HOWEVER, COULD THIS HAVE TO DO WITH JEWS AND SEMITES? I WAS (AM) A SEMITE—WHO ARE THE JEWS? DON'T KNOW? BETTER BRUSH UP ON YOUR HISTORY, READERS!]

The consensus among the 20 or so "scientists" he has shown this material is the same: question the sanity of the readers. He quite bluntly advises me to seek the "qualified help of a professional health worker", later on in our short conversation this changes to "mental health worker" [H: Yes, and the world is still FLAT and the EARTH PLANET is the center of the solar system??? Blood-letting is still the treatment

of choice for "healing"? And, how about "oops, the small-pox vaccine was just a little infected with HIV!" or in France "...oh well, we just let a few thousand infections of AIDS start from KNOWN contaminated blood from the bloodbank!" It is almost as funny as "safe sex" for kindergarten babies whose condoms don't fit.] and finally just states flat out that he is concerned with "your sanity", inferring the existence of an undetected problem that should be examined for "your own best interest". [H: All of this because a man questions the possibility of an unknown phenomenon—when the governments are TALKING ABOUT THE SAME THING EVERY DAY—IN DIFFERENT LANGUAGE TERMS. IT IS SOMETHING LIKE NOW SAYING COMMUNISM AND THE SOVIET UNION ARE "DEAD" AND "GONE". WHO IS THE FOOL?]

As for that "private meeting with you": nope, not interested any longer (!!!), exactly like you said it would be. Neither does he wish to engage in exchange by phone. Would he like to go directly to source at MIT or Palomar?? "You will find mental cases and examples of the 'walking wounded' in every institution throughout the world."

He suggests I phone back after the 25th, when nothing happens, which should force me to re-assess this resource. [H: Phone back? How could you have done that—your long-distance phone system was OUT for a major portion of the period of time between the 24th and yesterday. Emergency call services were out, cellular phones were out and FEMA was and is, in control—check on it. If they were not out in your neighborhood then you simply didn't call 911 for service!]

A past-president of the Canadian Astronomical Society also thinks nothing much of this except to say that it must be just "another religious freak" (Ughh—this is so sickening) whose newspaper contains 0 (zero) "scientific" validity. "And there is NO conspiracy either".....!

END OF QUOTING

So much for the blood-bath, P.C.—they didn't like Copernicus either.

Free Trade Agreement Secrecy

7/29/92 #2 HATONN

I do thank P.C. for the next item just to point out that some of my projections can actually be confirmed:

QUOTE:

The Globe and Mail, (Toronto, Canada) Tuesday, July 21, 1992: **SECRECY CLOAKS NAFTA TESTS:** Negotiations shielded from debate.

(*The Globe and Mail* with *The New York Times*):

Canadian industry representatives advising the federal government on the North American free-trade agreement talks are finding it's **hard enough just finding out what's been decided.**

To read the NAFTA texts, they have to go to a special room in the Lester Pearson Building in Ottawa, the headquarters for External Affairs and International Trade officials.

There are no photocopyers and the documents can't leave the room. However, notes can be taken—if you are ever able to get in. [H: How many of YOU know what is in those texts? Would they tell YOU? Where will you go to find out the information? Do you think the "secret-keepers" will tell YOU? DO YOU REALLY THINK THE VERY ASTRONOMERS ORDERED TO KEEP THE INFORMATION REGARDING PHOTONS AND BELTS AND PLANETS AND LASER WEAPONS SECRET—ARE GOING TO TELL YOU? So much for interest in or freedom of anything—you better start pondering these things very, very quickly.]

One striking aspect of the NAFTA negotiations has been the thousands of compromises made, affecting scores of industries [like Northern Cod fishing and fish canneries] in the three countries, without exposing the details of these arrangements to public scrutiny.

The secrecy has been remarkably successful in smothering debate during a U.S.

election year and a politically sensitive period in Canada.

In the United States, President George Bush's administration has begun to investigate leaks that have occurred. In one recent breakthrough agreement, not previously disclosed, the **three countries agreed to treat each other's ADVERTISING COMPANIES AS THEY TREAT THEIR OWN.**

Asked about this and other recent agreements, aides to U.S. Trade Representative Carla Hills not only declined to comment—on the ground that classified information was involved—but also immediately began investigating possible sources of the leaks.

Within hours, they had checked the attendance records of senior advertising executives at meetings of Mrs. Hills' private-sector advisory groups and determined that **NOT ONE OF THEM had shown up for classified briefings at which the issue was discussed.**

During most of the negotiations, these deals stayed secret because all three countries classified thousands of pages of negotiating documents and conducted their talks with the secrecy and security once reserved for wartime military operations. QUOTING:

Also, I was looking for some information on Nikola Tesla in our on-site library to find that all books containing seemingly valid information about his work were taken from the shelves. I had to ask for them specifically at the service desk. One of the books written by a man named Arthur Matthews (who claims to be the last known assistant to Mr. Tesla) had the enclosed newspaper articles included in the back of the book. **[H: Editors, I don't care how much space it takes—please run every one of the articles IN FULL with special notation to DATES of printing.]** [See pages 22-26.] I thought that they might be of interest to all those who don't believe that the Russians have the ability to control weather and have by now almost mastered what Tesla gave to the world, i.e., the CosmoSpheres. Please take note of the dates; obviously this is not new news, neither was it in just one newspaper.

[H: The final inquiries are so important that I shall not delve into them herein for they deal with "time warp" and "time travel" which, by the way, you developed at the time of the famed "Philadelphia Experiment". With the new thrust systems utilizing photon pulse systems you can actually move into time travel and the experimenters, as you might guess, get one heck of a ride! I suppose for these reasons I find it appalling to get responses such as "above" regarding simple inquiries regarding possible phenomena

which is THE topic of choice at all scientific "secret" con-

ferences. TO ME, IT IS ABOUT AS CONFIRMING TO WHAT WE ARE GIVING YOU AS YOU ARE GOING TO GET! So, friend in point, please be patient and I will get to simultaneous "experience", etc., when we get just a tiny bit farther down the trail. A lot of stuff is going to hit the fan

because it is all coming to the entropy surface now. When the ball starts to unravel it will be amazing how many tangled webs were made from the billions of fibers making up those webs. Glory to those with eyes to see and ears to hear.

Russ Power Breakthrough?

By STEPHEN M. AUG
Washington Star

WASHINGTON — Have the Russians learned how to transmit electric power without the use of wires?

For months, mysterious Russian radio signals have been disrupting worldwide communications, and a number of Canadians who have been monitoring the signals are speculating that the Russians may have accomplished that feat.

Although they have no proof that these signals involve transmission of electrical energy, the Canadians contend that the Russians may be experimenting with a long-disused process developed by Nikola Tesla, the Yugoslav inventor who died in 1943.

In what he considered his most important discovery, Tesla in 1900 proved that the earth could be used as a conductor of electricity and would be as responsive as a tuning fork to electrical vibrations of a certain pitch. His experiments succeeded in lighting 200 electric lamps from a distance of 25 miles without wires. Some use was made of his process for many years in Canada.

Tesla gave a number of possible uses for his equipment, including power transmission, geological exploration, national defense and weather modification.

But much of Tesla's work was never completed, and his ideas remain in his notebooks which are on file in the Tesla Museum in Belgrade.

Fueling the Canadians' speculation is the report that a Soviet scientist — so far unidentified — spent several months in Quebec occasionally interviewing Tesla's last known living assistant, Arthur H. Matthews.

In a recent telephone interview, Matthews said he had had "a lot of questions from a lot of people," some of whom had "Russian-sounding names." He added, "I've been reluctant to tell them anything that would be

important."

But he added that he had heard the Russian radio signals, he had gotten phone calls from government officials in Ottawa asking about them and had, in fact, "received letters from all over the world on this same subject."

Questions concerning the possibilities of the Russian experiments were brought to the Canadian Department of Communications last winter by Andrew Michrowski, who had been working with a Canadian senator on the question of resurrecting Tesla's experiments as a means of helping alleviate some electric energy problems in eastern Canada.

W. W. Scott, director of operations at the department, said that after Michrowski's request for help, all nine of the agency's listening posts were asked to analyze the Russian signals. By this time, however, the Russians, in response to a barrage of complaints primarily from other European governments, had begun to limit the duration of the transmissions that were causing the interference.

Scott said it was determined that, although the signals originated several thousand miles east of Canada, the monitoring stations noticed that the same signals were heard coming around in the opposite direction — from the west — with greater intensity a half hour later.

The signals were heard in the high frequency bands — anywhere from 3 to 30 megahertz (one megahertz is one million cycles per second). Tesla's experiments were on very low frequencies — ranging from about 6 to 100,000 cycles per second. Scott said it was theorized then that the Russian transmissions may have been harmonics — multiples — of very low frequency transmissions.

Because the Russian signals were of such short duration, however, Scott said, the transmissions stopped before monitoring personnel were able to listen on very low-frequency wave

NIKOLA TESLA

lengths.

Scott said that on at least one occasion Canadian technicians observed the signals coming from two different locations — both of them apparently close to one another — at the same time.

U.S. scientists working with the Canadian group seem to give credence to the view of what the Russians may have achieved. One of them is Dr. Andrija Puharich of Ossining, N.Y., a one-time physician who gave up medical practice some years ago and has devoted the past 25 years to a study of Tesla's work and electronics experimentation.

Puharich said the Canadians listed for him the frequencies on which they were hearing the Russian transmissions. "I took the actual frequencies the Canadians sent me and just worked backwards and came out with the Tesla frequencies," he said.

Puharich — who says most of his research "is in far-out fields: Sensory Rehabilitation (trying to get deaf people to hear better), the materialization of matter and dematerialization of matter; teletransportation of physical systems (moving objects without using rockets)" — insists, however, that there is no proof yet that the Russians have perfected what Tesla began.

He termed "a most important lead" word of the Russian scientist's visits to Matthews. "Very few people have ever heard of Mr. Matthews," Puharich said. "You really have to be

Did Russ Radio Turn on the Cold?

a super-esoteric in the field to know of his existence. So the fact that a Russian sought him out I felt of great interest.

Puharich would not rule out the possibility that the Russians may be using Tesla's theories for weather modification. "I think they have a lot of reason to do it," Puharich said, pointing out that the Russians would like to push their cold, Arctic air mass elsewhere — perhaps toward America — and increase their own agricultural growing seasons.

According to persons knowledgeable about Tesla's theories, weather modification would be accomplished by regulating the movement of electrically charged particles in the upper atmosphere resulting in changes in the jet stream.

Support for the Canadians' theory on electric power transmission also came from Marcel Vogel, a senior scientist at International Business Machines Corp. in San Jose, Calif., who said he holds the basic patent for the "disc memory," the brain of many computers.

Vogel's interest in the Canadian venture, he said, "is setting up careful experiments so that we do not injure one another with low frequency sounds — the protection of the project so it can be done with no injury to man or nature." A second interest, he said, is "the release of electrical vibrations which will aid in the growth of plant forms."

Vogel said that when Tesla was experimenting with pulsating electrical fields, he tuned an oscillator to the frequency of the small building in which he was working. He found the resonant vibration of the building and the whole building started to shake and almost fell down," Vogel said. The vibrations were felt in nearby buildings, police were called, and by the time they arrived, Tesla "was smashing the device with a sledgehammer" to stop the oscillations.

Vogel said it was highly possible — but pure assumption — that the Russians may be experimenting on Tesla's theories. Support for duplicating Tesla's experiments in Canada has come from Canadian Sen. Ches Carter of Newfoundland, who met last Wednesday with Prime Minister Pierre Elliott Trudeau in an effort to convince him to set up a task force and duplicate the Tesla experiments. The cost, he said, would be \$1.5 to \$2 million.

Carter's constituency has clear economic motives in such a system succeeding. Labrador, the mainland por-

tion of Newfoundland, has huge sources of hydroelectric power, principally on the Churchill River. In order to sell surplus power to the other Maritime Provinces, the electricity would have to be sent via transmission lines through Quebec.

Carter pointed out that Quebec will not permit exportation of electric power unless it is sold to the province. Thus, at present, power from Labrador is sold at 3 mills (three-tenths of a cent) per kilowatt hour to Quebec which resells it to Consolidated Edison Co. in New York for 35 mills, Carter said.

Perfecting Tesla's methods would enable power generated in Labrador to be sold directly to the other Maritimes and avoid the Quebecois middlemen.

Ottawa man cites wireless electricity tests

Wacky weather patterns blamed on Soviets

Claude
Adams

An almost daily series of strange and immensely powerful Soviet radio signals has Canadian authorities baffled, and prompted some science buffs to speculate that the U.S.S.R. may have launched a global experiment to transmit electricity without wires.

The signals were first detected in Canada last July. They subsided in November when authorities protested to the Soviets that the high-frequency pulses were causing widespread disturbances here.

Now, an Ottawa man intrigued by the whole thing is suggesting that the Soviet experiments are fouling up North America's weather pattern.

Andrew Michrowski, who with Senator Chesley Carter of Newfoundland is pressing the Ottawa government to look into wireless electricity, has produced weather maps which suggest the intense signals from Riga in the Soviet Union are messing with wind patterns.

"The westerly wind patterns this year are completely out of whack," he said in an interview yesterday. "They have suffered a shock."

He has taken his case to the department of communications in Ottawa, but authorities seem unconvinced.

One near-legendary name keeps cropping up in this growing debate as it broadens into areas of cold-war tactics and science fiction. The name is Nikola Tesla.

Tesla was a Yugoslav inventor who died in 1943, after a lavish international career that included several years of working with Thomas Edison.

Tesla demonstrated in 1899 that the earth itself could be used as a conductor of electricity, that it was as responsive as a tuning fork to electrical vibrations of a certain pitch.

He showed this in Colorado Springs, Col., by lighting 200 electric lamps from a distance of 25 miles without wires.

In his later years, he devoted much of his time to experiments in Quebec, transmitting electrical signals from a generator at Tadoussac

to a receiver near Lac Edouard, about 150 miles away.

His last known living assistant is 84-year-old Arthur Matthews, now living in semi-retirement in Quebec City. Contacted by THE MONTREAL STAR yesterday, Mr. Matthews said of Tesla: "He invented the 20th century."

Mr. Matthews, who wrote a biography of Tesla in 1971 called *Wall of Light*, said that the man's work was the basis of most of this century's great inventions — radio and TV, rocketry, the modern computer and automobile ignition systems.

"There are 1,200 inventions of this century that relied on his discoveries."

(The Encyclopedia Britannica, by the way, gives Tesla half a column, but does not mention his experiments in wireless electricity. It does mention his important work in alternating current.)

Mr. Matthews said his association with Tesla has generated a great deal of interest throughout the world, including queries from scientists with "Russian-sounding names."

"The Russians are very interested. They name towns and ships after him. But we in Canada seem to have forgotten."

He described Tesla's technique as "duplicating a lightning flash" with tremendous voltages of close to 100 million volts. "In Colorado, he burned out a powerhouse 24 miles away," Mr. Matthews said.

"One of his ideas was to send Niagara Falls power to the entire world."

While much of this may sound dubious, with mad-scientist connotations, there is no doubt that something unusual is emanating from the Soviet Union, and nobody is discounting the possibility that the Russians may be trying to duplicate Tesla's experiments.

Late last July, several countries including Canada began noticing "fantastic" interferences in such things as marine communications. Both the U.S. and Great Britain sent protests to Soviet authorities.

After complaints from ham radio operators, the Canadian government had three monitoring stations — in

Ontario, P.E.I. and British Columbia — attempt to get a "fix" on the transmissions.

"They pinpointed it to Riga in the USSR, and we eventually sent a telegram in November. About a month later, the Russians admitted they were conducting experiments in the high-frequency radio bands, but they were taking action to rectify the interferences they were causing."

The "blanket" transmissions from Riga stopped in mid-November, but they were replaced by short bursts of 20 to 30 seconds a day. "They were pulse emissions of a very, very high power," Mr. Smith said.

These emissions are still being regularly detected in Canada.

On Dec. 24, at 10 a.m. Montreal time, a strange third phase occurred. The P.E.I. station picked up a powerful signal originating several thousand miles to the east. Then, about an hour later, the same signal at a higher intensity was detected... but from the opposite direction.

"This is where the Tesla people got excited," Mr. Smith said. "They said this is exactly what would happen if someone were carrying out the Tesla experiment."

He added that what is really baffling the listening stations across North America is that they all seem to receive the same signals, of the same strength, simultaneously.

"The Russians seem to be pumping out (their signals) over the whole continent."

Just in the last month, the signals were detected at Canadian monitoring stations on more than half a dozen days.

Mr. Michrowski, meanwhile, is convinced the phenomenon should prompt us all to take a good hard look at Tesla's theories, which never got much serious international attention during his lifetime.

He said that wireless electrical transmission has profound applications for such things as weather control, the export of electrical power, the reduction of minerals and undersea mining.

PRESIDENTIAL ELECTION RESULTS BEFORE THE ELECTION IN 1984.

The person who sent this correspondence is so unnerved by events that he asks that he not be identified by ANY means: name, location, etc. I honor that and thank you for sharing.

QUOTING:

July 18, 1992

Commander Hatonn;
Friends,

..... and may we speak of an occurrence which has intrigued me and disturbed me for nearly 8 years. It is the actual experience of a physician in a Western State, (I have since forgotten his name.) His experience was recounted briefly in an issue of *PARADE* magazine and in fuller detail in, I believe, the *AKRON BEACON-JOURNAL*.

Four days BEFORE the Presidential election of 1984, the physician and countless others were watching TV through Satellite Dish TV hook-up, which was at that time state-of-the-art. To his great agitation he found himself watching the entire top news reporting crew of one of the networks—David Brinkley, Sander Van Ocher, et al—reporting the VOTE RETURNS OF THE REAGAN-MONDALE PRESIDENTIAL RACE WHICH HAD NOT YET BEEN HELD!

He said it caused him to feel disoriented in time as

though the election had somehow been held without his knowing about it. After several hours of watching state by state returns, coming in bit by bit, he went to his phone and called his Mother in Canada. This lady had been active in politics and had connections so he asked her to check on what in the world was going on!

She eventually called back and said that she had been able to reach someone who told her that this was a "dress rehearsal" that had been broadcast **by mistake** and that he was to **"...forget it and pay no attention—IT WOULD NOT HAPPEN AGAIN."**

The day after his having seen what he had seen—he received a call from a person "very high up" in one of the major networks who reiterated EXACTLY the same message.

He mentioned that the election was going to Pres. Reagan.... I do not know if the reports four days in advance were the same as those which transpired on Election night.

Spotlight has reported that all statistics are funnelled to ONE giant computer system which can be programmed to skew the results in any direction desired.

Do you have knowledge of what was going on that day? A "dress rehearsal" seems like a very unlikely true explanation!

Thank you for what you do for the people. I will continue to support you. I look

This nation was not founded solely on the principle of citizen rights. Equally important—though too often not discussed—is the citizen's responsibility. For our privileges can be no greater than our obligations. The protection of our rights can endure no longer than the performance of our responsibilities. Each can be neglected only at the peril of the other.

—John F. Kennedy

I share one more piece of material sent from yet another beloved friend. It is a copy of a portion of a book called THE ETERNAL QUEST by one James Whitfield. I do not wish to discuss the book in point but the portion shared is most valuable. This is quite old in writing, having been published in 1933 (more than half a century past). So—guess WHERE YOU ARE NOW?

QUOTING:

.... When the spiritual consciousness of man becomes too high, the threat to the forces of evil compels them to respond with vigor. Just as in Atlantis, the soul of man is at stake throughout the universe. Evil will not back down. It cannot and will not. Man in the Earth is the center and the focal point of this struggle. Unlike Atlantis, this is mankind's final opportunity to rise above both good and evil and enter Paradise with the Father and the Mother.

You have noticed the explosion of the acts of violence, evil, greed, corruption, malevolence, ill will, suffering, malice and cruelty that has erupted with increasing frequency and severity in the Earth. Many of these self-same acts of depravity have been perpetrated in the name of God and good. That is why man must rise above both 'good' and evil. In truth, good cannot oppose evil. The reason it cannot is that in the act of opposing, it becomes like unto that which it opposes. By its very nature, evil can use any means to oppose good. By its very nature, good cannot oppose evil without being transformed in the process to that which it opposes. It is impossible for good to commit the identical acts which it opposes in evil and remain good. For good to use the excuse and the alibi that its evil acts are committed in the name of God, does not transmute the evil acts. These are the games of hypocrites, liars, self-deceivers and fools!

You may logically ask what to do. If good cannot fight evil, how can victory be achieved in this struggle? The answer is obvious. Evil will destroy itself. Do you think for a moment that the Father and the Mother would

forward to hearing your commentary on the Perot developments. **[H: And again a reminder to not use identification if the message would be "shared".]**

END OF QUOTING

Salu and thank you. Indeed I know what was going on—the same thing that goes on in ALL your elections. You have no voice in reality, in any election and have not for many, many decades. The "dictatorship" has been headed by the "dictator" established by the New World Order and Committee of 300. What will happen to Bush? Bigger plans or wipe-out. He will either play the game or, as the Bilderbergers have already decided well over a year past—Clinton and Gore will be the pigeons on parade at the White House Podiums. It no longer matters a whit who wins for the intentions are to silence the voices of the people in any event.

Challenge Of The Eternal Quest

7/29/92 #2 HATONN

I must continually remind you readers—MY mission is to that which I am doing—bringing you Truth, revelation of the secrets and cover-ups as best we can, and collect God's people when the time sequence warrants it. In the ending the evil will devour itself.

In that subject vein, may

send mankind on this long journey and quest, and abandon him now? Never! In the plan of the Father and the Mother, Evil's own greed and excesses will pit it against itself. In the final analysis, evil will consume evil. Mankind is not helpless.

The challenge now is for man to really learn what it means to go within himself. The most exciting thing about self-discovery is that it produces a revelation and an understanding of all life. True self-discovery brings about the realization of the unity and similarity of all living beings. It is only a matter of degree that separates us in the manifestation of the same characteristics that are inherent in us one and all. We each have good in us. We each have evil in us. We each have the need to experience the effects of good and evil in our lives. And finally, we each have the opportunity to rise above both good and evil and assume our right-

ful destiny beside the Father and the Mother in paradise.

"This is all I have to say at this time, Joseph", the Archangel Gabriel said, then concluded, "To all who read your book will come the Angels of Love and of Light. Those who are truly seeking to rise above good and evil will have the help they seek. This is a direct promise from the Father and the Mother. Their promises are kept. I thank you."

"Thank you, Beloved Gabriel," I replied. I was too surprised to say anything else.....

END OF QUOTING

I believe this is a good lesson to leave with you at this writing close. Walk with God and there can be no evil in thine pathway which dares stand in thine presence. Salu.

Hatonn to clear, thanking you for your attention and your kind reception in brotherhood. Good evening.

WHAT DOES THE WORD "HEBREW" MEAN?

I came up against major problems trying to identify the meaning of the word "Hebrew" as opposed to "Judean", "Israelites" and/or "Jew". "Hebrew" apparently has no well-defined origin or meaning. If you search out an older Bible Concordance you will be led from Hebrew means "Heber", to Heber means "Eber", to Eber means "a place beyond". Then you are faced with the question—what "place beyond"? Ones have filled in the "place" according to their own propensity. Most who claim to be "Hebrew" will say the phrase means "a place beyond the Euphrates"—which puts them on the Eastern side of Babylon! The problem with that is, the Eastern side of Babylon is where Japheth's family settled, and Shem was the "father of all of the children from Eber", per

Biblical accounts! If the "Hebrews" are from the "other side of the Euphrates," they are not Shemites (AKA Semites), if you are using Biblical accounts as a reference.

I began a further search among the divisions of languages, since "Hebrew" has come to be known as a language (not a place). The chart of Afro-Asian languages in *Webster's Third International Dictionary* places the Hebrew language with the Canaanitic languages of Phoenicia, Nuzi, Ugarit, and all those Canaanitic tribes the "Israelites" were supposed to have conquered about 1427 B.C.! If the Hebrew language is "Canaanitic", then the "Hebrews" must have been children of "Ham" instead of Shem, for Canaan was the son of Ham. If the "Hebrews" took on the language of Canaan, which could have been the case—still, that would mean that the "Hebrew" language, and therefore the "Hebrews" pre-dated Abraham in Canaan. This would

be so because Abraham was a Shemite, and would probably have used either the language of Babylon (he came from Ur of the Chalders), or Aramaic. In fact, we find there are two forms of "Hebrew"! There is an ancient, Canaanitic Hebrew, and a later "Hebrew-Aramaic"! It appears the "Hebrews" were in Palestine ahead of Abraham and later the Israelites. [What occurs is that the letters or alphabet of one language (Hebrew in this case) is used to write the host language. A similar case in more recent history is the Yiddish language. Hebrew letters have been used to write a mixture of German, Hebrew and Slavic words—resulting in "Yiddish".] However, if the Hebrew/Canaanitic is the same as "Phoenician" as claimed by Jewish sources, there is another problem.

The Phoenicians claim to have provided the Greeks with their written language. And according to the Hebrews, the Greeks were the descendents of Javan (Japheth's son). Further, the Phoenician city-state of Tyre has an alternate spelling of Tirias (another son of Japheth)! It is possible the Phoenicians were not Canaanites or Semites either, but sons of Japheth!

Did Japheth precede Ham and Shem? I make no claims as to truth and accuracy of Biblical accounts. Nevertheless, it appears that chapter Ten of the Book of Genesis, which gives an account of Noah's sons, has at least been tampered with. It may be a total fabrication! My King James Version lists the sequence of Noah's sons as Shem, Ham and Japheth, in Chapter 10, verse 1. The problems are: (1) Verse 2 starts out with the listing of Japheth's family, followed by Ham's family, and listing Shem's family last. The sequence is wrong if Shem is the oldest. His family should have been listed ahead of Ham and Japheth; (2) In the listing of Shem's family (Verse 21) it is said that Shem had sons "also"—which indicates that his family came after the others; and it also states that Japheth is "the elder brother"! (I suggest using the older Bibles in searching

out the errors in this scripture because I have a later and different translation which has changed the wording in verse 21.); (3) I researched the subject of "Japheth" in both the *Encyclopedia Judaica*, and *The Jewish Encyclopedia*. Both state that, according to Rabbinical writings, which agree, Japheth was the older son! Therefore, nothing can be proved by Biblical accounts as to the origin of the "Hebrew" language.

An additional factor as to the meaning of the word "Hebrew" appears in Genesis 14:13, where the Bible Concordance states "Abraham was first called Hebrew"—this was in explanation of the meaning of "Heber". If you read this Bible verse you will find no explanation of the reason for Abraham being called "Hebrew" at this juncture. The name is just given to him! The reason for this is a further mystery since, in a second Bible Concordance entry for "Heber" we learn that the people of "Heber" were called "Heberites"! Why wasn't Abraham called a "Heberite"?

Another explanation or meaning of "Heber" is given as "ally", or "fellowship"! I rejected this meaning at first thinking it did not apply to Abraham at the time (Genesis 14:13) because he was involved in warlike activities—but keep this meaning in mind, it will come to make more sense later (and read Genesis 14:13-16).

The Etymological Dictionary of the English Language states the word "Hebrew" is of "Uncertain origin."

Harper's Bible Dictionary summarized their discussion of the word "Hebrew" as follows: "Whatever the etymological derivation, the term 'Hebrew' was clearly meant to be the designation of an ethnic or national group." (I add, by persons unknown.)

You may be interested to know that the following dictionaries have no entries for the words "Heber" or "Heberite": *Britannica World Language Dictionary*, *International Edition*; and *Webster's New World Dictionary of the American Language*.

THE ETYMOLOGY OF THE WORD "JEW"

This writing is not intended to label any individuals, for it will become clear there are more who can claim the name of "Jew" than is presently recognized. It will also be shown that the term has taken on a surprising evolution. In our current state of education, for the most part, the words "Jew" and "Jewish" have come to be synonymous with all things Semitic, Hebrew, Israelitish and Judean. That the usage was originally applicable, or applicable at all, is the question. To begin with the fundamentals, Hebrew, Israel, Judah, and Jew are definitely not synonymous terms. I have already dealt briefly with the term "Hebrew", I will write regarding the Twelve Tribes of Israel and who they are later. For now, the connection between the words "Israel" and "Judah" need clarifying. Israel: Israel was formerly known as Jacob, the twin brother of Esau, and the last brother born. He received the blessing from his father in place of Esau. His name means "the supplanter". Jacob's name was changed to "Israel" after an encounter with an angel (according to Biblical accounts). From Israel's sons descended the Twelve Tribes of Israel, which were united under the Kings Saul, David and Solomon, and then split up again. Ten Tribes located near Phoenicia set up a separate Temple and returned to Ashtoreth and Baal Worship (including the golden calf and sun worship). The remaining Tribes of Judah and Benjamin maintained the Temple at Jerusalem, but they soon also incorporated astrology in their worship. The Ten Tribes of Israel (located in Galilee and Samaria) fell in 722 B.C. to Tiglath-pileser. Jerusalem fell to Nebuhadnezer in 586 B.C. and the people taken to Babylon, the Temple destroyed. There was no further mention of a Kingdom of Israel after 722 B.C., or a Kingdom of Judah after 586 B.C. There continued a land of Judah or Judea as it came to be called, and the people were returned to Jerusalem

later, under a foreign monarchy. "Judah" was only one son of Jacob—he is not Israel! Although, "Judaism" has come to be known as the religion of the "Jews". This too is a problem because there is no single "religion of the Jews". There is the Old Testament of the "Jews" and various books in question as to "holy writing"—much different than the Old Testament familiar to Christians. There is the *Babylonian Talmud*, commentaries of men, a work which is not claimed to be of "higher" origin, but presently held in the highest esteem. There is also the *Jerusalem Talmud*—not now recognized as being superior; and the *Zohar* and the *Cabala*. The present state of "Religion" in Israel is a very "mixed" propo-

sition—called "Hebrew Tradition". Yet, even "Hebrew Tradition" is a word that melts into the mists, so to speak, for the "Hebrews" have come from all over. It is doubtful you will find any common core of "Tradition" throughout. However, in modern times, the new state of Israel has declared "Hebrew" to be its state language—and "Hebrew" is now used in the schools—so there may eventually of necessity be a common language. Israel is actually a declared political, Zionist state, claiming a common religious and ethnic base. JUDAH AND JEW: That the original religion of One God and the Ten Commandments have been practiced and believed by many people in "Israel" today

is true. That all, or most, of those in Israel today are followers of the Ten Commandments cannot be verified in any practical sense, just as America cannot be regarded as a "Christian" nation anymore, if it ever truly was. The chart below on the history of the word "Jew" gives a listing of the various words by which the people of "Judah" came to be called. The word was "Iewe" in the Geneva Bible, 1560 A.D. Edition. That the word was intended by the writers of the dictionaries to mean "Judah" is shown by the Latin and Hebrew words for that name. The Middle and Old English words are of the most interest and variety here. It appears the name was spelled in various ways according to

the pronunciation. That the pronunciation was intended to be for the shortened Ju of Judah is a question. Take a good look at the names listed in the various dictionaries under Middle English and Old English, as well as Old French words. Why would Ju be changed to Gui, or GYU, or GIW when JU already said it? Also, why not call the people of Judah as they were known in Hebrew, as "Yehudah"? In fact, "Yehudi" or "Yehudah" is still a term used for the people of Judah. Why wouldn't the "Yehudi's" want to use that name instead of "Jew" as their common label? A "Hebrew Tradition"? The answer is not obvious.

It is a fact that the label "Gewissas" was the earlier name of the West Saxons in Britain, a tribe of Gauls (from France) under a King Cedric, who invaded and became a permanent and powerful people in Great Britain. Could they be the Gews? Gewissas sounds a lot like "Jewish". It is much closer to "Jewish" in sound than to "Yehudah". Keep the above in mind, for it is not the first time that the names Israel and Britain have been linked. (See *History of Ready Reference*, by J.N. Larned; subject: England A.D. 477-527)

In a writing dated 5/19/92 #1. Commander Hatonn explained that the word "Jew" did not come into existence until the year 1775:

[Editor's note: The writing can also be found under the title "A Few Important Historical Definitions" on page 7 of the 5/26/92, Vol. 19 #6 LIBERATOR.]

"JEW: This word did not come into existence until the year 1775. Prior to that year the word "Jew" did not exist in any language. The word was introduced into the English for the first time in the 18th century when Sheridan used it in his play "The Rivals", "She shall have the skin like a mummy and the beard of a Jew". Shakespeare never used the word "Jew" in any of his works, contrary to popular belief. In his "Merchant of Venice", V.1.1.1.61, Shakespeare wrote "What is the reason? I am a iewe, hath not a iewe eyes?"

"Iewe" is an English word for the Latin, "Iudaeus" which means "Judeans". The generally accepted "secondary meaning" of the word "Jew" today is a composite of FOUR almost universally believed assertions. A so-called "Jew" is (1) a person who today professes the form of religious worship known as "Judaism" (but is Talmudism), (2) a person who claims to belong to a racial group associated with the ancient Semites, (3) a person directly the descendant of an ancient nation which thrived in Palestine in Bible history, (4) a person blessed by Divine intentional design with certain superior cultural characteristics denied to other racial, religious or national groups, ALL ROLLED INTO ONE.

It appears the same influence was at work when the name "Jew" was tacked onto the Judaists as when the name "Hebrew" was applied to Abraham. The name was just given with no historical application or precedents. One begins to wonder who the "wealthy patrons of the arts" were who brought about this particular change in "culture"? They were powerful enough that the name now appears extensively in the "authorized" Bibles as synonymous with Judah, Hebrew, Semite, Israelites etc. Such an all-encompassing change in the English Bible required the approval of the monarch, who is head of the Church of England. It is not conceivable that the true Judaists would have appreciated the artsy invention of the word "Jew" at the time. And, one wonders now if people had forgotten about the Gewissas by that time — or if there were others also who may have wondered about the use of the clever "new" word?

As near as can be determined by me at this point, the "Gauls" and "Saxons" and "Normans" who early invaded Britain were of Japheth (Noah's son) through Gomer (the Gomerites). Although there were also others that played important parts.

NEVADA CORPORATIONS

OWNERS/STOCKHOLDERS REMAIN ANONYMOUS

Nevada Corporate laws allow an individual to own a Nevada Corporation without making it public information. Each year a Nevada Corporation is required to list its officers and directors with the State of Nevada. This listing has to have the current names and addresses of those individuals who are in those positions. All any curious party has to do is call the State and the State will disclose this listing.

Where anonymity is desired, the owners of the corporation only need to appoint one or more persons to fill the positions of Directors and Officers. You may find it beneficial to list someone who is not too familiar with your situation, and maybe they even live in another state. In this case, if they were ever questioned about the corporation, they would not have too much information to give out.

Remember that it is the stockholders/owners who control the corporation. The stockholders/owners elect the Directors who in turn elect the Officers. So, if there was ever a problem with your corporation's representatives, you could fire those Directors and Officers in as much time as it would take you to draw up a resolution.

The only record of who are the owners/stockholders of a corporation are kept in the stock ledger of the corporate record book which could be wherever you have placed it. Maybe you

keep your Corporate Record Book with a friend who happens to live in New Zealand or the Arctic Circle.

If one person owns a Nevada Corporation, Nevada law says that the stock does not have to be issued. If you do decide to issue the stock, Nevada is one of the last states to still allow *bearer shares*. This means that the stock is owned by whom-ever is presently holding the shares.

This should give you more creative minds out there lots of ideas. For example, as you approach the bench to take the witness stand you ask the bailiff to hold an envelope for you; you take the stand, get sworn in and the friendly attorney asks you if you are the owner of Acme, Incorporated. You would honestly answer, "No, I am not." As you are dismissed from the stand, you thank the bailiff and take back the envelope of Acme, Incorporated's bearer shares.

SLEEP, continued from page 1

You DO have craft from alien visitors and you do have aliens both real and cloned—but the Hosts of God are NOT among the ones presented to you. The ones in service as "crew" are well-attended and protected and as you see more and more of the clash of "Titans" and would-be "One World Gods", the confusion will begin to evaporate. However, I hasten to remind you—if you don't hurry with your understanding—it will be too late in the "getting smart and/or wise". The facts are, unfortunately for you of the "free" (barf) world, your Elite do not have a very good working relationship with us of the Command. We keep out of ALL of your business—but I can assure you—the old "Soviets" are a long, long way (by bunches) out front of you in technology and ability to neutralize your own games and toys. They can knock out anything dangerous to them and can usurp all things which might give them advantage—such as your communications satellites, etc. You have now defied the enemy by some of your games and the intent is to cause you to pay the piper for tolerating your insurrection. As bad, however, for you is that "they" don't care how your government does it but YOU are going to pay for their rulership.

THOMAS JEFFERSON'S SLAVERY

Well, perhaps an even worse realization might well be to consider that your own beloved Thomas Jefferson even mortgaged his "slaves" (literally). This, even though he "championed" liberty. You must realize that that which becomes the accepted "norm" is that which is projected and "established" as a traditional aspect of life-style.

In the Jefferson Founding Father exemplification the very contradiction bespeaks the attitudes which come to pass. The Native Americans never accepted, nor do they to this day, Thomas Jefferson as anything other than a criminal and evil personage. His religion, in fact, along with the formulation of "life", "liberty" and the "pur-

suit of happiness" became accepted and has held a nation together. When that is removed, the nation will fall as a unified "people".

How did you grow so distant and far from your "established proclaimed goals"? By going to sleep to the sound of the music and voices of those you gave rights over your very existence, have you lost your way. You have allowed new definitions to take place of the ones original to terminology—and you never noticed when the language changed into one of totally "foreign" signature. You allowed "Tide" to become a soap instead of ocean swell and you only jeered when a vice-president added an "e" onto the end of potato. But, how many of you realize the southern national presentation was one of "potatoe"? This, because the tuberous item resembled an oversized and swollen "toe"? Even had the VP not read a "cue" card—he might have made the same blunder in spelling. I wonder how many of you attended more than the political jargon?

PARENTS OVERRULED

Is it not far more important that, despite, petitions signed by 400 parents, the school board in Westfield, Massachusetts rejected a proposal that would have required that teachers for grades 1 and 2 be "thoroughly proficient in the English language." This is, after all, an English speaking nation? Well, there were warnings heeded that such a provision would violate civil rights laws. It was perfectly legal, however, to ignore the concerns of parents worried over the quality of the children's education. Remember: "...get control of the educational system and you can destroy the nation" and "Keep the people ignorant and they shall become totally stupid and can be duped at every turn!" How much "education" do you think is taking place in Sarajevo or Dobrinja? Is this Bosnia or Yugoslavia—how about maybe Czechoslovakia or East Georgia, or perhaps it is in Gaviria? Now it surely can't be Gaviria for that seems

to be where cartel leader Escobar is exercising in Colombia. But what about Somalia? There are over one and a half million people dying of starvation while in Bosnia a busload of babies is attacked. The babies having been orphaned by this "Soviet-led (pushed) military upheaval"—call them what

you will. ***Oh well, who needs education when you have a "fixed" government to give you instructions, directions and rules?***

I suppose it is not surprising that the Elite do not like Hatonn—perhaps TRUTH is not in their bag of acceptable attitudes?

Our New Look

Regular readers of *THE PHOENIX LIBERATOR* have probably noticed various changes in appearance and presentation of the paper over the past several weeks. These changes will continue for awhile and are one visible result of Commander Hatonn's restructuring of *THE LIBERATOR'S* management and operations.

Another change is our official business name, now *THE PHOENIX LIBERATOR, INC.* Our new address is:

THE PHOENIX LIBERATOR
2810 W. Charleston Blvd.
Suite G6723
Las Vegas, NV 89102.

This address is for mail processing only for subscriptions, comments or general communications.

Our new phone number is 1-800-800-5565.

This restructuring has been gradually implemented to relieve America West Publishers (already overworked with book and JOURNAL publishing activities, plus speaking engagements) from a growing burden they graciously carried from the time of *THE LIBERATOR'S* inception and evolution from the smaller newsletter called the *PHOENIX JOURNAL EXPRESS*. The *EXPRESS*, in turn, evolved from *THE PHOENIX JOURNALS* as a mode for more rapid delivery of communications than the *JOURNALS* could provide.

Again, please note our new mailing address is for MAIL PROCESSING ONLY and not for "stopping by". Please know that your warm notes of support and other sharings are appreciated and treasured beyond our ability to adequately express, or often, even acknowledge under the work load of our production schedule. We thank you for being there at just the right times and at just the right places, else we would certainly have stumbled and fallen along the way. And, as Commander Hatonn put it, above all, the sharing and the caring are really what this is all about. --The Editors
