BO GRITZ NEWSLETTER

Oops! I see that a whole bunch of you out there are "keeping up". I shall run the article which stirs all the attention and then I will share with you some reactions to same. Do you think God or Hosts will LOSE "customers" from negative advertising? Nope.

However, the inquiries have poured in because many are only taking the Gritz Newsletter because I have asked you to do so. I think you can discern well

enough now to do as you see fit. Truth is Truth from whatever source, but I am asked to further explain my observations of what has happened to our good friend Bo? Remember, friends, **more truth and discernment and ability to JUDGE ACTIONS COMES FROM NEGATIVE INPUT THAN ANY OTHER RESOURCE—RESPECT ALL TEACHERS AND, MOST ESPECIALLY, RESPECT YOUR ENEMIES!**

What have we here? Let us first copy the article as is and then we will look at it a bit more closely for "meaning". One rather interesting observation came from M.H. last evening on the FAX: "Wow! I guess Bo knows Satan." So be it.

# Space Shuttle History: How About *THE TRUTH*

(Editor's note: Two weeks ago we ran *THE TRUTH* about the so-called "cult suicide" at the Jim Jones People's Temple in Guyana on Thanksgiving Day in 1978. That outlay was presented partly because of the Satanic Elite Controllers' philosophy of "if it works once, it will work again" parallel to the recent Waco, Texas massacre, and partly because of the connection to ongoing secret preparations for nuclear war with Russia.

Last week we presented *THE TRUTH* about the 1982 Falkland Islands War that went into much greater detail about the secret preparations for nuclear war with Russia—a war which was then scheduled for September of 1982 and has since been shuffled forward a number of times.

Secret military underground bases figure prominently in this picture, and so we ran another story last week about some of the shockingly diabolical goings-on in those secret facilities—as well as where many of them are located.

Now, let's see...that took care of "underground" and "on the surface" shenanigans. But what about UP in the air? Ah...THAT'S where the Space Shuttle missions come into the picture, and so we begin that topic this week. The story is a bit complex and lengthy, but definitely a beyond-science fiction "nail biter" if ever there was one.

Because of the length of the story and complexity of the interweaving subplots, we are only dealing below with Space Shuttle Mission #1. We will continue, next week, with later fiascos of the Shuttle story. This narrative, by Commander Gyeorgos Ceres Hatonn, is extracted from PHOENIX JOURNAL #18, called *BLOOD AND ASHES*, pages 47-68 and 79-97. As Commander said, "Let us go right back to April, 1981. Your entire first four Shuttle launches were lies."

After reading this, you'll probably not be able to accept the next Shuttle launch in quite the same innocent way as the media presents it. Also, given what you'll find out below is the kind of antics ACTUALLY going on during Shuttle missions, maybe geophysical Commander Soltec's constant admonition—to "Watch the correlation between the Shuttle going up and odd earthquakes, etc., coming down"—will make more sense!

The narrative below begins with the infamous Hubble Space Telescope "sleight of hand" because that event was hot in the

current event news at the time. Naturally, people were asking Commander what REALLY was going on while NASA was busy shellacking we-the-public with outrageous tales of mission goof-up and other telescope malfunction blarney.)

**7/21/90 #1 HATONN**

Greetings in the Light of His Wondrous Radiance. May we unify in intent and save this blessed land from destruction. Hatonn present in joy that our friends have come to share and assist for they have heard the call or they would not be here even to inquire regarding validity.

## THE HUBBLE TELESCOPE FIASCO

In response to the many questions pouring in for PROOF that the proper telescope is not orbiting, I shall respond with reason and logical questions. I will not, for security of my people, tell you where it is. I will tell you who to ask for denial of such absurd accusation: Go straight to NASA.

There have been two telescopes built. One of near perfection which the conspirators could never allow in space and one to replace the good one, to be sacrificed. Some of the component parts were even made at the same factory. All sorts of stories covered the duplication such as, "The lens and mirror got scratched, cracked and damaged." Every part of the original telescope functioned perfectly and has functioned perfectly for years. The delays came in portion from getting the counterfeit ready but the actual cause was to stop launching in any manner. So eight years pass in the waiting and testing and there never was a more beautiful piece of equipment built.

Then came the end of the excuses—it had to be launched (well, something had to be launched). The builders were on hand and a telescope had to be loaded aboard the Shuttle. The conspirators could not allow that perfection to go into space for they would never allow the pictures to return to Earth because what is out there is not what they have told you is out there. Next, they "had problems" and off-loaded the equipment but, for all manner of "security" and "clean" procedures, the scientists were not allowed to be present with the reloading. Loading was handled most

carefully indeed with substitution taking place and when the Shuttle was launched and all attention was focused, the Hubble was loaded aboard a transport and removed so there would be no slip-ups.

All you really have to do for confirmation is watch the subcommittee Congressional hearing regarding the malfunction and billions of dollars lost and wasted and the need for more to make it function, including a Shuttle trip. Watch the ones who are part of the cover-up; they do not even hide the lies and the ones in charge of the hearings do not ask the questions which will uncover anything at all. They sit and give sympathy to the poor scientists who are so disappointed at failure. The cause of blurred pictures is so blatant in the face of the "good" original "double-star" pictures first "sent back". It is appalling to us of these realms that man bites so thoroughly and so instantly. If the mirror was warped, etc., and records naught but fuzzy images—how could it be the double star was not in the least blurred? Oh, they will tell you now, that that is what they "thought" was a double star but was actually due to a faulty focus. No—the blurry pictures shown were fakes and there is no way the public would know differently.

## THIS COULD NOT HAPPEN

Couldn't it? Let us go right back to April, 1981. Your entire first four Shuttle launches were lies.

On April 12, 1981, after years of delay, America's first attempt to launch a Space Shuttle into orbit had finally begun.

The voice of "Mission Control" had become a familiar hallmark of American manned flights into space when the airwaves filled with "T minus 10, 9, 8, 7, 6, 5, 4...We've gone for main engine start. We have main engine start." (Engine noise drowns out other noise for several seconds.) "... and lo and behold America's first Space Shuttle, and the Shuttle has cleared the tower." (Then again the roaring noise on the tape.)

Looking back to the early days, beginning with "PROJECT MERCURY", the voice was that of Col. John Powers. Later, during the "APOLLO" program there were other voices; but regardless of who it was,

that familiar voice of "Mission Control" would always stay with you throughout each space flight—that is, until that first Shuttle. This time the voice of Mission Control, up until the moment of launch, was that of NASA spokesman Hugh Harris. The last words Harris spoke as the voice of Mission Control were the words you just read: "The Shuttle has cleared the tower."

Television cameras followed the Shuttle as it climbed higher and higher on a column of steam and smoke. For another 30 seconds or so, you were allowed to hear the slowly fading roar of the Shuttle's rocket engines. Then the sounds from Mission Control abruptly changed. Exactly 45 seconds after lift-off, "live" audio from Mission Control was terminated. In its place NASA began feeding the radio and television networks an elaborate recording, which had been prepared far ahead of time by NASA. You must realize, the conspiracy begins work in deceiving far in advance and that is why you ones are so far behind in efforts to even catch up, much less change the course of nations. They put a lot of roaring racket on the tape and nobody could discern anything.

You were still able to see the *Columbia* by way of long-distance television cameras for another minute and a half, but the sounds you were hearing were no longer "live". They were the sounds of the special NASA tape recording. For the first few minutes of the tape recording, you heard

nothing but the sound effects simulating conversation between the Shuttle and NASA-Houston. Then for the first time, you heard the anonymous new voice of Mission Control but who would notice? It changed from the familiar live voice of Hugh Harris, but the recorded voice was someone else. For added realism, the new voice was interrupted in turn by the recorded voice of the alleged capsule communicator, Daniel Brandenstein. Listen in:

First a high-pitched screech followed by: "One minute 45 seconds, coming up on — (mumbling). *Columbia*, you're (mumbled words, another screech)". That call-up says, "*Columbia*, the altitude is too high...for ejection seat use..."

By that point the Shuttle *Columbia* was more than 20 miles high, and climbing fast. Everything was going according to plan so far, so the things you were hearing on the tape recording corresponded to what you were seeing. You could still see the Shuttle on your TV sets, but it had dwindled to nothing more than three bright spots dancing in the far distant sky.

The last thing that you were able to see and verify for yourselves about the Shuttle was the separation of those two giant solid-rocket boosters. A little over two minutes after lift-off, you were able to watch the boosters, two burning bright spots, break off to each side. That left only the single tiny flame of the Shuttle itself, gradually

fading into invisibility. Several seconds later the NASA tape recording caught up with what you had already seen, and said the boosters had separated. Moments later the tiny bright dot of the Shuttle faded from your screens. It was too far away for the television cameras to follow. You had just had your LAST look at the REAL Space Shuttle *Columbia*.

WHY?

A couple of reasons: 1) To completely hide the military nature of the mission; and 2) to make sure the mission looked like a total success, no matter what might happen in secret. At the time the Bolsheviks in the federal government were depending heavily on the Space Shuttle program to get ready for a nuclear first strike war against Russia. Yes, you heard me correctly.

The falsified NASA coverage of the mission of the Space Shuttle *Columbia* was carried out exactly according to plan. We'll consider some of the deceit a bit later. The plan was originated and actually "tattled" to the public some two months prior to the so-called launch but no paper dared print it.

During the flight you got some neat cockpit scenes made by training techniques, etc., and the tale was spiced up by telling you that a few non-critical tiles had fallen off, as if any of the crew could see such a

thing from inside. Otherwise you were repeatedly told how perfectly the *Columbia* was performing.

Well, Hatonn, "Surely someone at those desks would know!" Yes, most knew the hoax but many were seeing exactly that which the public was witnessing, especially when the "wives" came to have a little space visit. "Well, the astronauts must have known"—oh, indeed, indeed, but not in the planning stages for you were dealing with America's Elite. Oh, you think an astronaut wouldn't either take bribes or ---? Seems to me one of your finest [John Glenn] has been in Congress and takes bribes right along with others—from the S&Ls no less. Further, a man's family does not fare well if top-secrets are brought public and always—the "National Security" etc., etc.—remember, they were told the Russians were going to launch a nuclear world war momentarily. What could a little secret hurt if in the long run America was saved by the secret?

On April 23, 1981, a news conference about the flight was held in Houston, by the alleged two astronauts, John Young and Robert Crippen. The entity called John Young summed up the flight in words that were more meaningful than most people suspected. Referring to the falsified flight which was followed on television, he called it, quote: "...even better than normal". And so it was! The Bolsheviks who now controlled NASA bent over backwards to paint the image of an abnormally perfect Shuttle flight. Meanwhile the actual Shuttle mission, which was carried out in secret, did not go according to plan. After the Shuttle disappeared from your television screens, the flight continued for barely four more minutes before disaster struck. The *Columbia* never even reached Earth orbit!

It is far past time you know the truth of this subterfuge. You must realize how and why the truth has been hidden from you. The stakes involve nothing less than the very survival of your land and your way of life.

### ADVANCE PREPARATIONS

You ones work on the adage that "seeing is believing". For that reason, television has become the number one tool of deception in the world today. Through television you are made to see things you do not understand so that you will believe things that are not true. If television were used honestly and constructively, television could be a great force for good. Instead, it is used continually to hoax, deceive, and mislead you. Video-taping makes events which took place weeks or months ago look as if they were taking place "alive" right before your eyes. Computer editing enables scenes to be spliced together to

create completely artificial images that look entirely real. Special effects of all kinds enable these television hoaxes to be very convincing indeed.

There are continuing hoax presentations—most notably projected from your "Meet the Press" program. The granddaddy of the hoaxes, surpassing even the "Guyana" and "SKYLAB" lies, was undoubtedly the Space Shuttle *Columbia*.

For starters, you were led to believe that, until some short time prior, no Space Shuttle had ever left the Earth's atmosphere and gone into space. You were also led to believe that the very first space flight by a Shuttle had to be an orbital flight, instead of something less extreme. To make matters still worse, NASA swore up and down that this very first flight, pushing the Shuttle to its limits, just had to have men aboard. At one point even John Young himself was quoted to this effect very widely in the controlled major media.

For example, in February prior, the *New York Times* carried a big article about the Shuttle. Quoting from the article: "Mr. Young said that to have conducted an unmanned orbital flight of the Shuttle first would have added perhaps \$500,000,000 to project costs, and meant another year's delay." Statements like that were cooked up purely to explain away the many things that did not add up about the announced plans for the *Columbia's* flight. Many people believed these explanations, but they were just a litany of lies.

Time after time during the television coverage of the alleged flight, John Young's earlier statement was totally contradicted. Authoritative spokesmen pointed out over and over that the astronauts control the Shuttle by telling computers aboard the Shuttle what they want. The computers then do all the actual activation and control of the Shuttle—and, in an emergency, the Shuttle can fly itself into orbit, re-enter, and even land itself without help from the pilots. So much for all those lies NASA told you about an unmanned first flight being impossible. See, they never quite get their stories completely right.

Dharma, allow us to close this for we are out of time and I do not wish to hop about out of order. Let us keep discussion of this matter to minimum at the meeting for we will giving the entire story and I don't wish to take the time of the "live" group when it can better be read later without errors in discernment, receiving or cause undue time in scanner research.

Hatonn to standby. Salu.

### 7/22/90 #1 HATONN

#### WHY WERE ASTRONAUTS ABOARD IF MANNED SHIPS UNNECESSARY?

Because the real mission was military

in nature. Astronauts had to be aboard to carry it out. NASA told you that the flight was only a test flight with the cargo bay practically empty. But the cargo bay of the *Columbia* was certainly not empty. It carried a laser-armed Spy Satellite equipped with special shields to protect it against Russian space weapons.

Yes, I know that they showed you "live" pictures from space and you could see that the bay was empty. No, not "live" pictures but video tapes. The pictures with the doors closed were taken inside a training mock-up of the Shuttle that is carried inside a specially modified Boeing 747. The pictures with the doors open were taken on the ground inside a darkened hangar. Then these scenes were combined by video tape editing techniques with video tapes of the Earth taken from orbit some years past. The final product was what you saw on television. It was not what it appeared to be, but with humans, "seeing is believing". You feel cheated? I hope so!

If you ever have an opportunity to again see those scenes, or even now while the hype goes forth, with the Shuttle doors open, supposedly in space, there is an ever present tell-tale clue to watch for. Shadows in space are sharp and very harsh because there are no air particles to soften and diffuse the light. The shadows you most often saw and still see on television were softer because they were not made in space. Who would notice? Most TVs are not of such quality as to show these details and the films are carefully mounted. And remember—you were probably up getting ready for your day as they launched the Shuttle—most certainly you were either listening on radio or TV which interrupted your morning when it landed. You were not watching for anything except a landing, good or bad. You could not know that the traitors were feeding you bunk. But I assure you that the Russians laughed and drank a toast to one another.

NASA pretended that the *Columbia* flight was the very first Shuttle flight into space. You are supposed to believe that the only previous Shuttle operations were a few gliding tests launched from mid-air by another modified 747. Nothing could be more ridiculous, dear ones, or more untrue.

There is a very obvious question about the Space Shuttle Program which NASA has always managed to side step. Somehow no one ever quite dares to ask it. The question is: Why wasn't the Space Shuttle "*Enterprise*" the first to be sent into orbit? After all, the *Enterprise* made its public debut nearly four years prior in the summer of 1977.

To all outward appearances, the *Enterprise* looks identical to its sister ship, the *Columbia*—even today all the Shuttles look alike, to the best of the manufacturer's

ability. The differences between the *Columbia* and *Enterprise* are so subtle that you would never notice them unless you knew exactly what to look for. The engines of the *Enterprise* look just like the engines of the *Columbia*. The *Enterprise* is also covered with the same system of thermal tiles as the *Columbia*, so again, the question is: Why wasn't the *Enterprise* sent into orbit long ago? Why did NASA wait three years and more to launch the *Columbia* instead?

Because the *Enterprise* was designed to be a training ship for Shuttle astronauts. It was not meant for orbital flight. Instead, it was specifically equipped to make shorter, suborbital flights into space. In effect, it can do everything short of going into Earth orbit. It can climb to orbital altitudes as high as 125 miles before dropping back to Earth. This enables astronauts to practice working in weightlessness for up to five or six minutes at a given time or whatever the government assumes happens in space.

It also allows astronauts to practice landing the Shuttle, which is far more important. This allows slowing down from speeds of around 5,000 miles per hour and getting the craft on the ground in, hopefully, one piece—undamaged.

The *Enterprise* was exactly like its sister ships in the crew compartment and cockpit. What made the *Enterprise* radically different is the cargo bay area. The *Enterprise* cannot carry a cargo because the bay area is taken up by rocket fuel tanks. The tanks of the *Enterprise* can hold well over 100,000 pounds of rocket fuel when fully loaded. To make a suborbital hop into space, in this primitive manner, the *Enterprise* is perched on top of a modified Boeing 747 known as the "Launch Aircraft". Inside the 747 there are technicians with instruments and support equipment for the Shuttle—all of you have seen the Shuttle being returned cross country atop a 747. At an altitude of about 40,000 feet, the Shuttle was then launched. The launching techniques were derived from the older days of what you called the X-15 Research Airplane and several other similar craft.

The *Enterprise* would be released from its mounts, rise up and then fall back to the rear of the 747. As soon as it was clear of the launch craft, the *Enterprise* would start its rocket engines and zoom upward at a very steep angle. After a minute or so the rockets would be shut off, and the *Enterprise* would be left to coast upward to its peak altitude and then it would drop back toward Earth. From the moment the engines would shut off until the Shuttle began re-entering the atmosphere five or six minutes later, the astronauts inside would be weightless.

Young and Crippen made over half a dozen of these training flights aboard the *Enterprise* before they lifted off aboard the *Columbia* at Cape Canaveral. That is why

they were so ready to go all the way into orbit. They had done their homework and everything that was necessary to work their way up to it.

The Shuttle *Enterprise* was not the only training necessary in preparation for even suborbital flights. They spent many hours in the detailed replica of the Shuttle which is housed inside a modified Boeing 747. The "Flying Mock-up" as it is called, is a simulator designed to acquaint astronauts with Shuttle operation as realistically as possible. One of its advantages is that it can even provide periods of weightlessness of up to some three quarters of a minute. The 747 pilot does this by flying a precise arc through the air called a "parabolic trajectory". It's an old technique developed long ago to help astronauts get accustomed to the feeling of weightlessness.

All of those things and more were originally conceived and developed for purely technical reasons, but they were then, and are now, being kept secret from you because the ones who controlled NASA have turned them into tools of deception against "you the people".

Almost all attention was placed on three areas of geographic location. One is the launch site for orbital missions, Cape Canaveral, Florida, Edwards Air Force Base, California and the NASA Manned Space Flight Center in Houston, Texas. Therefore, all attention is focused on these three while the most important area is totally overlooked—White Sands Missile Range in Southern New Mexico.

Few people, even at the time of *Columbia*'s first launch, even remember that White Sands is where America's Space Program got its start after World War II. Captured German V-2 rockets were taken to White Sands to be studied and test fired. After the V-2s, there were American rockets, the Navy's Viking series, and others. They were launched, rocketed upward into the fringes of space, and came back to Earth—all within the boundaries of the vast White Sands Missile Range.

Perhaps some of you remember the time that one of the missiles got out of control, veered south, and almost destroyed a small Mexican town when it crashed to Earth; but that was the exception, even though dramatic, to the normal situation. Most of the time, no one outside White Sands even knew when rockets were launched.

All of you are aware of the size of Edwards Air Force Base in California. For comparison, White Sands is so vast that it would easily hold some 100 Edwards Air Force Bases. That is a lot of territory.

White Sands was the training base for Space Shuttle pilots and in 1977 became far more. It is the geographic key to the secret military missions which are the central focus of the Space Program. The early

Space Shuttle Program was being managed in a way that was far different from even today, and different from the original plans. In late summer of 1977 you were shown early gliding tests of the training Shuttle, *Enterprise*. The plan of NASA was to gather public support for the Shuttle Program, just as they had done a decade earlier in the "Moon Program". (That, dear ones, is a dandy subject, also.)

## APOLLO PROGRAM

This was one of the biggest military programs in American History, to that point in history, and was disguised as a peaceful scientific venture. In the same way, the original plan was to bathe the military Shuttle Program in the glare of deceptive publicity. In the process you would have learned about the suborbital space capability of the *Enterprise*. Even the crucial White Sands would have received publicity.

## SO WHAT CHANGED IT ALL?

The "Battle of the Harvest Moon" (you ones do like your little ditties for labels), in space on September 27, 1977. Oh, you want to hear about that one too? How about after we finish this document?

About a month after the first gliding tests of the Space Shuttle *Enterprise*, Russia's military take-over of space was well under way. The following month, October 1977, a newly operational Russian Cosmos Interceptor shot down SKYLAB. SKYLAB, along with its crew of five American astronauts secretly aboard, died in a giant fireball over the United States. NASA immediately initiated a prolonged cover-up of what had happened. You see, if you wait a while no one remembers much of anything—as a test: Name the first moon pilots, day and year, and are you sure it was Monday instead of Thursday? Do you remember SKYLAB? Can you name the crew members? Do you know what they looked like? Cover-up is easy beyond your wildest imaginations—how many anniversaries and birthdays of your closest relatives do you forget?

NASA wanted everyone to forget about that mysterious headline-making fireball, so they pretended that SKYLAB was still in orbit but sinking unexpectedly. NASA used stories about the Space Shuttle as part of their SKYLAB cover-up. They pretended that perhaps the Shuttle would come along in time to save SKYLAB. This was simply a double lie by NASA. First, SKYLAB could never be saved because it had already been destroyed. Secondly, the United States was in no position at that time to launch the Shuttle or anything else of a military nature into space. Russia was deploying her secret new Space Triad of

advanced manned space weapons.

Have you ever **REALLY** wondered why you never went to the Moon again? America's previous military control of space had been totally shattered by Russia. Your military base on the Moon had been put out of action in the Battle of the Harvest Moon. Russian Cosmos Interceptors had started sweeping the skies clear of American Spy Satellites, and Russian hovering electrogravitic weapons platforms, the "Cosmospheres", were making headlines by creating enormous air booms along the Coasts of America and still do so. All of these things took place just as America's Space Shuttle Program was getting off the ground.

"But you said...., Hatonn - - ." Yes, I did say that we are allowed to disarm any "nuclear" war weapon at a given altitude. I have never said that we take out beam systems. No, I will not tell you what, for instance, the day before yesterday's missile launch was about. Do you not even notice that now **every** launch is secret cargo and-or military and top-secret? I value my writers, I most certainly will not sign the death certificate; they are in enough jeopardy as it is. I suggest you ones demand to know what is going on under your noses; I am only trying to give you reason to know something heinous is going on and you must take the action to stop the incredible headlong drive into destruction.

# RESULTS OF THIS NEW TWIST

The result was a complete reorganization of the Shuttle Program. The old plans to bathe it in continuous publicity were tossed. The "Bolsheviks" in your country, who had replaced the Rockefeller cartel in many areas of power, cast a net of secrecy over all the new military plans. You were never told about the capabilities of the training Shuttle *Enterprise*, and you were never told about the many things which were going on at White Sands in the military Shuttle Program. By keeping these things secret from you, the Bolsheviks there placed themselves in a powerful position to deceive you and the deceit has continued non-stop.

You were never told about the modified NASA 747 which carried a complete replica of the crew quarters and cargo bay of a Shuttle—and still does. Therefore, you are unaware that that airplane, originally intended for training, was to become a Bolshevik tool of deception against you. When you saw video tapes of astronauts in the simulated Shuttle cockpit, you naturally thought it was the real thing. Seeing a notebook float in mid-air for a few seconds next to the astronauts, you were supposed to think they were weightless because they were in orbit.

You were given no clue that those mo-

ments of weightlessness had taken place months earlier in a mock-up. Further, what would you do if you were an astronaut faced with the fact that Russia has just turned the corner and can destroy your nation with one blast? Do you not think that a good patriot would go along with the game? However, that brings us to a serious notation—perhaps the pictures fooled a lot of Americans and the World—it did not fool the new rulers of Russia. They had learned the previous fall what the flight of the *Columbia* was really all about; and, when the *Columbia* was launched on April 12, the Russians were **ready and waiting!**

# THE REAL MISSION

The real mission plan was for a short mission. The astronauts were supposed to get into orbit and deploy the military satellite from the *Columbia's* cargo bay very quickly; then they were to return to Earth—not aboard the Shuttle but in a special re-entry capsule. Two days later they were supposed to land the disguised Shuttle *Enterprise* at Edwards Air Force Base as the final act in the falsified drama staged for your benefit.

For the first time in three years the Pentagon was hoping to get a Spy Satellite into orbit that could not be shot down immediately by Russia. This attempt was destined to continue by your nerdniks into disaster after disaster.

You must know what happened in the front end to have any idea what continues. If you can think back to American space launches of the past, you may have noticed something very unusual about the launch of the *Columbia*. In the past, manned space launches from Cape Canaveral were always made toward the southeast, toward the equator, but not so with the *Columbia*. It was launched to the northeast, away from the equator. The reason for this was the secret space reconnaissance mission of the *Columbia*.

In its public news releases, NASA told everyone that *Columbia* was launching into a 44-degree orbit—that is, it would never go farther north or south than 44 degrees above and below the equator. But the actual orbit chosen for the *Columbia* was a 69-degree orbit. A 69-degree orbit was chosen because it would take the *Columbia*, and the Spy Satellite inside it, all the way north to the Arctic Circle and beyond. That is the kind of orbit that is necessary if a spy satellite is to fly reconnaissance over Russia.

The northeast launch of the *Columbia* was done in order to enable the Spy Satellite to start gathering data over Russia only minutes after the *Columbia* reached orbit. Time was of the essence in any attempt to spy on Russia. Every American spy satel-

lite launched at Russia during the prior three years had been blinded or shot down before gathering much data.

The secret flight plan for the *Columbia* was completely different from what NASA claimed in public. The plan called for *Columbia* to be launched on an initial north-east course in the general direction of Bermuda, then roughly 2-1/2 minutes after launch, *Columbia* was to begin an unorthodox course change—a wide sweeping turn into the north. This unprecedented curving launch was intended as an evasive maneuver. Planners of the *Columbia* mission believed this would enable *Columbia* to sneak past any Russian Cosmospheres that might be waiting overhead. Still accelerating on its curving course, the *Columbia* was supposed to pass about 100 miles east of Cape Hatteras, North Carolina. Roughly 200 miles east of Washington, D.C., the Shuttle's main engines were to cut off. After coasting in silence for a few seconds, the fuel tank was scheduled to cut loose as the *Columbia* passed 100 miles east of New Jersey.

For the next two minutes the Shuttle and its fuel tank were to be coasting onward past the east tip of Long Island, over Boston, and onward toward Maine. During that time the Shuttle was supposed to maneuver away from the fuel tank, using small maneuvering jets.

Finally, just as the *Columbia* passed over New Brunswick, Canada, the flight plan called for the orbital maneuvering engines to be fired. Somewhere over the Labrador Sea, flying upside-down, the *Columbia* was scheduled to reach Earth orbit. As soon as it did so, the flight plan called for astronauts Young and Crippen to go to work fast.

In less than ten minutes time they were supposed to open up the cargo bay doors and turn on the sensors of the Spy Satellite resting inside. As they did these things, the *Columbia* was to be racing over the south tip of Greenland, out over the middle of the Denmark Strait between Greenland and Iceland, above the Arctic Circle, and then dipping back southward toward Northern Norway, Finland, and Russia. According to the flight plan, the *Columbia* was scheduled to cross the Russian border just south of the strategic Kola Peninsula. This would be only some less than 23 minutes after lift-off. At that instant initial reconnaissance over Russia was to be under way. The Spy Satellite inside the cargo bay, even though not yet deployed, would have had a perfect view downward through the open doors of the upside-down Shuttle.

The *Columbia* was intended to fly over a course across Russia that began just west of the strategic White Sea in extreme Northwestern Russia. From there the planned course of the *Columbia* was to take it south-eastward over some 2500 miles of strategic

Russian territory. During the first minute alone, the Satellite was expected to see parts of the highly sensitive Kola Peninsula, the White Sea, including the super secret submarine yards at Archangel and the Plesetsk Cosmodrome. The Shuttle was also to pass near Kazan, one of the bases of Russia's flying ABM system. This system uses charged particle beams carried by supersonic TU-144 Transports. Yes indeed, we shall get back to this subject.

Toward the end of the first pass over Russia the Spy Satellite was expected to gather data on two more of Russia's four Cosmodromes—those of Baiokonur and Tyuratam. In between, numerous other war targets were also to come under scrutiny. The Spy Satellite in the *Columbia's* cargo bay was expected to see all that during its very first pass over Russian territory. It would all take only 8-1/2 minutes. Then the *Columbia* would have crossed the border with Afghanistan, heading toward India. Barely 10 minutes later, the Spy Satellite was to be radioing its data down to the American receivers at Diego Garcia in the Indian Ocean.

Now, that WAS the plan. The military planners were confident that their Spy Satellite would get at least this planned first look at Russia. They were sure that *Columbia's* curving launch and the short time involved would prevent Russia from thwarting the mission. *Columbia* took off from Cape Canaveral at 7:00 A.M. Eastern Time, that Sunday morning. By 7:23 *Columbia* was expected to be over Russia already. By 7:31 *Columbia* was expected to be leaving Russian skies, and by 7:45 that same Sunday morning the military planners expected to have their first reconnaissance data from Russia.

The plan sounded plausible but the "planners" were falling victim to the very intelligence gap which they themselves created in America years before. Russian Intelligence agents were able to learn the general outlines of the *Columbia* mission plan some six months prior to launch. It is worse today, dear ones, for there are more KGB agents in your CIA than you have "loyal" Americans.

Fully a month before the public roll-out of the *Columbia* at the Cape in November of 1980, the Russian Space Command was studying the problem. There was no question about one thing: The *Columbia's* mission could not be allowed to succeed.

Given even a shred of up-to-date reconnaissance data, the Bolsheviks in America were determined to set off a nuclear war. Even so, there was a question about the best way to spoil the mission. Several possibilities were considered, including sabotage or simply blasting the *Columbia* out of the sky. All were rejected because they shared one weakness. Each alternative would halt one Shuttle mission, but it

would not stop the Shuttle Program as a whole, and Russia's goal was to completely shut down the Space Shuttle Program.

At last they hit upon the solution. What was needed was a Space Age version of the famous U-2 incident of two decades prior. In the waning days of the Eisenhower Administration, Russia had publicly accused the United States of invading its air space with spy flights. That was before the era of Spy Satellites, and invading other countries' air space was a serious charge in the eyes of the world.

American spokesmen tried to diffuse the growing furor while carefully avoiding a definitive denial of the charges; but the Russians kept it up. Finally President Eisenhower became so exasperated that he flatly denied, in public, that America was flying spy planes over Russia. That was exactly what the Russians were waiting for. The Russians promptly did what American Intelligence specialists thought they could not do—they shot down a high-flying U-2 on a flight over Russia. The name of the CIA pilot, the late Francis Gary Powers, filled the headlines world-wide overnight. The Russians had made a liar of the President of the United States. A summit had been scheduled between President Eisenhower and Nikita Khrushchev, but the Russians icily called it off. In studying the *Columbia* situation, the Russians decided to make the focus of similar nature. After all, all they would need would be to land that Shuttle intact.

This seems as appropriate as any point to close this writing but we shall continue on this subject in the next. So be it.

### **RUSSIA'S THRUST**

Russia protested continuously about the military nature of the Shuttle Program, and perceived they would be able to shock the world with the truth of it by simply proving it. They would put the crashed Shuttle on public display together with its nuclear-powered, laser-firing Spy Satellite. The Kremlin liked the plan, and agreed to it. To further emphasize the parallels with the 1960 U-2 incident, Russia had recently proposed a summit with the United States. The plan was to withdraw the summit proposal in protest after shooting down the *Columbia*.

The Russian Space Command went to work several months earlier to get ready. They were faced with a big order: to bring down the *Columbia* on Russian territory without totally destroying it. As recently as only a year prior it would have been totally impossible to even consider such a thing. However, the Russians now had a new space tool to do the job. It was the third version of the Russian levitating weapons

platform, the Cosmosphere. They were and are called "Super Heavies" by the Russian Space Command.

The Russian Super Heavy Cosmospheres are still considered experimental in nature but have had vast improvements integrated since the early 1980's. Even so, by '80/'81 the Russians had already built seven of them. In terms of volume, they are even bigger than the biggest dirigibles ("zeppelins") of the '30's. They could carry a pay load of more than 50 tons, far more than your own Space Shuttle; and they were equipped with powerful electromagnetic propulsion which could take the Cosmosphere all the way to orbital speed. In short, the jumbo Cosmosphere was actually Russia's Space Shuttle. It was fully operational.

In order to carry out their attack on the Space Shuttle *Columbia*, Russia's entire fleet of seven jumbo Cosmospheres were made ready. Five were outfitted with special grappling equipment to enable them to seize a very large object in space. The other two were outfitted with neutron particle beam weapons. These weapons were the same type as were used in the "Battle of the Harvest Moon" in September 1977.

At 7:00 A.M. Sunday morning, April 12, 1981 the rocket engines of the Space Shuttle *Columbia* roared to life. Moments later the giant solid boosters were fired, and the *Columbia* took off. As it climbed, it rolled around and started leaning into its flight path toward space. As you watched on your television sets, it rapidly dwindled off into the northeast. You watched as the solid boosters separated and peeled away to each side. Moments later the *Columbia* vanished from the screen.

The television scene then shifted to the alleged Mission Control in Houston—you see, all of this had been set up well in advance as we stated early on herein. I shall interrupt the story following the finishing of this thought sequence to allow you to catch up as to the military mission for it does have impact on your perceptions. It is very hard to believe that the information was already available and the actions anticipated by both your enemy and your own top officials.

Up in front the NASA computer-controlled map started tracking the alleged course of the *Columbia*. According to the map, *Columbia* was heading out over the Atlantic toward Bermuda; but at that moment, free of the solid boosters, *Columbia* was already starting its long sweeping curve to the north. One-hundred-fifty miles east of Charleston, South Carolina, Russia's fleet of 7 jumbo Cosmospheres were hovering high over the ocean. As the Space Shuttle approached on its elaborate curving path, the Cosmospheres started speeding up to intercept it. The Shuttle was already flying upside-down with the huge

fuel tank on top.

The two Cosmospheres armed with neutron beams closed in on the *Columbia* from below and a bit to the rear, where they could not be seen by Young or Crippen. The other five jumbo Cosmospheres with their grappling equipment, flew in formation above and well behind the fuel tank to be out of the line of fire. The Cosmospheres paced the Shuttle until it reached a predetermined altitude and speed.

Then the armed Cosmospheres opened up with their neutron beams. Firing at point-blank range, each Cosmosphere fired just two bursts from its beam weapon. The first salvo flooded the cockpit area and an area near the engines in the rear. Young and Crippen died instantly, the neutron radiation having totally disrupted all activity of their nervous systems, brains, eyes, and hearts. At the same time the Shuttle's engines shut down. A fraction of a second later, the second salvo flooded neutron radiation into the nose and an area beneath the cargo bay. These shots were calculated to derange and shut down the *Columbia*'s flight computers—that is, all the computers except one. The Russians wanted the backup computer to take over and do its job—that is, make an emergency automatic re-entry and crash landing in Russia. They anticipated that it would do so because the backup computer is heavily shielded against radiation. The shielding is a material more efficient than lead. Hold your breath, readers—it is gold! Ah so, another dream of sharing wealth gone in the ethers.

The Russians fully expected that the "Gold Computer", as it is known in certain circles, would take over after the engines shut down.

Surely enough, within some 10 seconds after the engines shut down, the fuel tank, still a third full, was automatically cast loose. The Gold Computer was now flying the Shuttle. The five jumbo Cosmospheres with grappling equipment, fastened onto the fuel tank. Then using their powerful electromagnetic propulsion, they veered away with the tank. From its northeasterly course, the tank was swerved around over the North Atlantic in a great arc until it was heading southeast instead. The Cosmospheres then accelerated to orbital speed and cast the fuel tank loose.

Three years prior to this the first Cosmospheres had sent a message by way of enormous air booms along America's East Coast. Now Russia's newest Cosmospheres were using the Shuttle fuel tank to send a chilling new message to America's Bolshevik war planners.

Meanwhile the armed Cosmospheres followed the *Columbia* itself. Having had its engines shut down prematurely, the *Columbia* was well below orbital speed. It was following a ballistic path, just like an ICBM,

into the heart of Russia. It looked as though the Russian plan was going to work to perfection—but then the unexpected happened.

One of *Columbia*'s deranged computers apparently began to function. The brief shut-down had thrown it out of synchronization with the Gold Computer, so the two computers apparently did not communicate one with the other. As the *Columbia* passed over the border of Russia, it was flying rightside-up instead of upside-down under control of the Gold Computer.

But the other computer opened up the cargo bay doors right on schedule. As the Shuttle began to re-enter over Russia, hot air flooded the cargo bay. Heat sensors in the Spy Satellite detected the heat build-up, which was programmed into the Satellite's computer as a sign of "attack damage". Finally, the temperature built up to a critical point, activating a self-destruct circuit in the Satellite. The Spy Satellite exploded, blowing the *Columbia* into total destruction.

The Russians had hoped for a crash landing in recognizable form. Instead, the *Columbia* ended up in wreckage strewn along a line some 85 miles long in central Russia southeast of the City of Kazan and the citizens had to be told a research

satellite had fallen out of orbit. As it turned out, neither the American Bolsheviks nor the Russians got what they wanted. But, as you know, there were destined to be more attempts, each just as foolish as the one before it. We will not jump the gun and tell you how you outgrew this continuing fiasco in proper sequence for you have at least three more total failures to account for before that unfolding.

# SECRET MILITARY MISSION

Now to back up and fill in a bit. In November of 1980 America's Manned Space Program suddenly started showing signs of life after near death. The date was November 24, to be exact. It was the day when the Space Shuttle *Columbia* was rolled out into public at the Kennedy Space Center in Florida. It was the first public appearance by the Shuttle in almost two years. The Shuttle arrived at Cape Canaveral two years prior, in March of 1979.

From then until November of 1980 the Shuttle *Columbia* remained in hiding in a very large metal cocoon called the "Orbiter Processing Facility", but on November 24 suddenly the cocoon opened up and out rebirthed the Space Shuttle.

It was not a very long trip set for that day—about 300 yards to the nearby Vehicle Assembly Building, where it disappeared once again as if by magic. You were told that this was only the beginning of a much longer journey. For the first time in nearly six years the United States was committing itself in public to a manned mission into space. The roll-out of the *Columbia* took almost everyone by surprise.

America's Space Shuttle Program was a full three years behind schedule. Since late in 1977 you had heard about nothing but problems, delays, and more problems with the Space Shuttle. In fact, just five days before, Dr. George Low, former director of the Apollo Moon Program, summarized it all in total disgust when he said, "Today I wonder whether we could start another Apollo, much less accomplish it."

After three years on hold, the countdown was under way and, moreover, there was a total air of urgency about it. Corners were being cut, safety precautions were being overstepped, unheard of risks were being taken; and when reporters asked why these things are being done, they received only double talk instead of answers. (Some things don't change very much.)

The Space Shuttle was the most complex American spacecraft built to that point. There were more things to go wrong than ever before, and the entire future of America's Manned Space Program depended on the Shuttle. In fact, within a few years you were told that the Shuttle would be launching practically all American satellites.

As far as space was concerned, America had put all of its eggs in one basket, or at least as far as any of you could determine. It would have seemed appropriate, in that event, that the old NASA would have proceeded step by step with the greatest of care. Somehow, prior to that time, the time dragged by with no show of action; each problem had to be solved and re-solved before moving on to the next phase of a space program—or so they said. As a final test, every new American manned spacecraft had made its first trip or two into space without astronauts aboard to insure no loss of life if errors were encountered—or so they said.

Well, who knows for sure, but surely the ones calling the shots in America's Space Program by 1981 were certainly doing things in a very strange manner indeed. The facts were that the Bolsheviks were getting ready for thermonuclear war, thus causing a wartime rush mentality which dominated the Shuttle launch preparations.

Why would American Bolsheviks want to make an immediate and first-strike attack against Russia? Because of those

dandy Russian weapons spread all over the globe. The intent was to match the power and hit unexpectedly prior to retaliation grouping of the weapons in space. Like, for instance, take out those installations producing those cute little spheres running around in space taking out your bases and satellites. They had no use in taking out your idiot satellites, etc.—they, too, used them and besides, your country and Russia were basically allies and had been from upstart. We are talking about Bolsheviks from Russia efforting to regain control of Russia—they had gained incredible power within your nation. They are now surpassed in power only by the Zionists.

This was to be the Shuttle's very first trip into space—and yet it would be a "manned" mission! You were told that the Shuttle was designed to make at least a hundred trips into space and back, and yet NASA said it could not spare one or two preliminary Shuttle launches in order to check it out. NASA refused to even consider beginning with a manned suborbital launch like the early manned Mercury shots in the early 60's. Instead, the very first launch of the Shuttle *Columbia* was to take it all the way into high orbit.

The plan was running over with stupid examples of haste. There seemed to be no regard for the safety of the astronauts who would fly it. Of course, you couldn't know they had been training in the *Enterprise*.

For all intents and purposes, you must consider that the new rocket engines of the Space Shuttle were radically untested, as far as anyone was aware. There were three main engines called SSMEs by NASA. Those engines had never flown into space prior to that time; in fact, they had never so much as been fired all together until just eight days prior to the flight. On that day, the three engines were fired for only 20 seconds on the pad at the Cape. NASA did not run the risk of running them longer even though those engines were supposed to be reusable, launch after launch. Instead, based on a mere twenty-seconds test, NASA would have two astronauts risk their lives on the engines and, in the actual launch into space, the engines would have to operate full-bore for a minimum of nine minutes. NASA knowingly gambled that the three fresh engines on *Columbia* would last long enough to get into orbit. The engines were only one example of NASA's unexplained haste because if *Columbia* didn't reach orbit, the next question was: Could it return? NASA didn't have the foggiest notion.

The recent launching of the Hubble telescope smacks of the same subterfuge for the "duplicate" scope which was launched was truly another attempt to fool the Russians and again the attempt was total disaster as only an evil empire can

create.

## NEW THERMO PROTECTION SYSTEM

Remember, we are back in 1981 and time flies when you are having fun in your addictions and fun games. In 1980 the new Thermo Protection System was radically new. All of your previous spacecraft had "heat shields" which carried away heat by burning away during re-entry, therefore they could only be used once. But the Shuttle was supposed to be reusable over and over, so it required a different kind of heat shield. It was a lightweight ceramic, broken up into more than 30,000 small pieces called "tiles", of which you are all now very familiar. Strange thing, however, they tell you a "few" fall off each time but it is OK! How can it be OK?—for the heat is equally intense on that spot where a tile is missing and would burn the skin of the craft incredibly. Oh, you are now getting concerned about recent cover-ups as a possibility, also? So be it.

For at least two years prior to original launch you had been hearing tales about problems with tiles. It began when the Shuttle *Columbia* arrived at Cape Canaveral in March of 1979 on the back of a jumbo jet. Many tiles had been lost or damaged during the flight and the *Columbia* looked like it had smallpox—and that was just in atmospheric piggy back.

Soon after that you began hearing about tiles being tested, removed, replaced, re-tested, and on and on. Part of the controversy over the tiles was quite real—I wouldn't want any of my crew depending upon them to save their lives. There were very legitimate arguments among space engineers as to whether or not the tiles would succeed or fail. Those questions would finally be answered one way or another only when and if the Shuttle *Columbia* drops out of orbit to return to Earth. But for the Bolsheviks who were then controlling America's Space Program, the arguments over the tiles were only a tool.

The tile controversy made a perfect cover story to explain away the 3-year grounding of the Space Shuttle. The real reason was that America had been virtually locked out of military space missions since late in 1977. As recently as August of 1977 it had looked as if the United States would soon be eclipsing Russia with new space exploits. That month the first pre-flight tests of a Space Shuttle took place. A Shuttle was carried aloft aboard a jumbo jet, then cut loose and guided to Earth by astronauts. The test went perfectly. It certainly seemed that the Space Shuttle era was about to dawn.

## WHAT OF RUSSIA?

Her space program seemed completely

silent, but suddenly everything turned into a spin in September of 1977. Russia began deploying her secretly-developed Charged Particle Beam weapon in space, and on September 17, 1977, history's first true space battle took place, The Battle of the Harvest Moon. In that stunning upset, Russia completely smashed America's secret military control of space.

Russia's manned Space Program came to life suddenly. They launched the Salyut-6 Space Station on September 29, 1977; and from that day, there was a steady stream of Russian cosmonauts into space and back and forth. Even cosmonauts from at least seven other countries had been able to go with the Russians; ones from Cuba and Vietnam among them. American astronauts were unable to do anything but twiddle thumbs.

The Bolsheviks in America had been waiting long and watching for a moment of weakness among their enemies—the secret new rulers of Russia. The Bolsheviks wanted desperately to regain their former positions of power in Russia; but for years, Russia's new rulers had been expelling the Bolsheviks, who then flocked mostly to the United States.

(Sic, sic, Dharma) BOLSHEVIK: 1) a member of the extremist wing of the Russian Social Democratic party that seized supreme power in Russia by the Revolution of November 1917.

BOLSHEVISM: 1) The doctrine or program of the Bolsheviks advocating violent overthrow of capitalism. 2) Russian communism.

You see, as time moved forward an element of the Russian hierarchy began kicking out the Bolsheviks. These had originally been put into power by the Rockefeller Cartel, etc., as we have covered prior to this. This was not Communism in its true definition—it was total suppression of the people by the state. (Where you are headed, dear ones.)

By 1980 there was a moment of weakness developing in the Kremlin. Bolshevik forces had succeeded in penetrating the Kremlin. They were wreaking havoc among Russia's top leadership. At the same time, Russia's expulsion of Bolsheviks slowed to a mere trickle. Emigration from Russia was at its lowest level in years during the second half of 1980, so the decision was made in July to go ahead with a Space Shuttle Mission and pray hard.

For the first time there then appeared to be a chance of slipping through Russia's space blockade. Even so, any American attempt to launch a manned military mission into space would be most risky. It dared not be attempted until a mission was readied that was worth that risk.

Well, it was the secret pay load in the cargo bay of the Space Shuttle *Columbia*. It was developed in association with the

supersecret "National Reconnaissance Office" whose very existence was regarded, in itself, as top secret in Government circles. It was only YOU who didn't know about it. All these "secrets" aren't secret at all—except from YOU THE PEOPLE.

### RUSSIA TOOK OUT U.S. SATELLITES

When Russia began her surprise space offensive in September of 1977, she did so by destroying an American Spy Satellite on September 20. A week later, America's secret MOON BASE was put out of action, which freed Russia's hands to pour into space. In the months that followed, Russia gradually knocked out all of your Spy and Early Warning satellites, one by one—seven months later Russia had finished the job. Since that time America had been in constant effort to get some spy satellites orbiting but they were continually taken out—and thus to the Space Shuttle launch. America simply had no spy satellites on continuous duty over Russia. They were taken out in less than a week after launch. No, it hasn't changed very much has it?

These brief spy satellite missions did alert the Bolsheviks in America to one thing—that was, there were major changes taking place among the potential wartime targets in Russia. Some known targets from the past were becoming far less important, while other new targets were detected and held far more importance.

### NUCLEAR FIRST STRIKE

Yes, there was a full-blown plan for the U.S. to launch a first-strike nuclear war against Russia. Suffice it here to say that it was so and we will speak of it later. Perhaps we need a more methodical manner of introducing these things to you ones, which impact you so desperately today. Maybe we will just start a sequence story of important happenings in chronologic order as we finish this Shuttle story. All along the way the things in occurrence were equally as important for they affected you from economics to nuclear devastation. I believe, however, we should not lose continuity of thought regarding the Space Shuttle upstart for it is critical to that which is going on under your eyes at present—in even more secrecy.

The nuclear first strike against Russia relied heavily on missiles, including America's secret mobile missile, the Minuteman TX, and it could not succeed without up-to-date information on the targets within Russia.

The American Bolsheviks were once again doing all they could to get set for nuclear war, so they were desperate for new, up-to-date reconnaissance data from Russia. Oh yes, Russia knew this factor—

that is why they finished perfecting a survival plan with shelters, etc. Is it not interesting that you have none? Nor did you have any then! You were totally expendable then and now. You have filled their silos with survival supplies and yours are empty—does that not irritate you ever so slightly? All knew there would be retaliation to some extent for the Russians had wondrous capabilities and your Government certainly knew it. Oh yes, dear ones, you have been royally you know what!

The elite Bolsheviks had, by this time, developed a satellite which they believed could survive in orbit for a while if they launched it in secret and took devious routes of flight.

Actually they knew that Russia's orbital fleet of manned Cosmos Interceptors would succeed in destroying it; but before they could do so, military planners believed the satellite would be able to radio back enough information to finalize plans for first-strike. Therefore the first flight of America's Space Shuttle, the *Columbia*, was to be a secret military mission of highest order. Its purpose was to prepare for war. That is why there was so such a frantic effort to rush to launch with unproven hardware, and that is why the very first mission would be "manned", instead of "unmanned" testing. It had to be manned because of the secret cargo it carried.

\*\*\*\*\*

Now I am bombarded with questions about the "synthetic persons" (imitators) of which I spoke on the yesterday. Not only do they exist but they are widely utilized. I will offer some happy relief, however, in that more sophistication has evolved and the "real thing" with the "real stuff" is more often left and the imitator sent into possibly dangerous situations at great cost indeed. It is called "hazard" pay. Sometimes, however, an entire crew is set for destruction deliberately and unknowingly—would not that upset thee also? I certainly hope something upsets you sufficiently to look at your country most carefully, and most specifically at that which is happening today with your Constitutional havoc. You are VERY NEAR the point of no return, beloved brothers—very near indeed. Salu.

We shall continue this subject when next we sit to write. Thank you Dharma, for a long day of service. It has been a very long weekend of work for you—know that your service is worthy and your brothers in the group are as busy at their keyboards and duties. I salute, and honor with pride, all of you faithful hands and feet. Saalomé

WHAT HAPPENS IN ORBIT

If the Shuttle reached orbit, the astro-

nauts were to be required to deploy the military satellite inside the cargo bay. The satellite was basically a spy satellite, but it was also much more. In order to do its job, it was designed to fend off Russian space weapons for as long as possible. As a result, it would be nothing less than a robot battle station in space. In space terminology, it was a "hardened satellite" able to withstand an attack without being easily destroyed. It was equipped with active defenses, which means that it could "shoot back".

So, all those components of the satellite were crammed into the cargo bay of the Shuttle *Columbia*. They were already there when the *Columbia* was rolled out the prior November. Once in orbit, the job of the astronauts, John Young and Robert Crippen, would be to assemble the satellite and to get it operating, and rapidly.

Once it would be assembled and floating in space, the satellite would look like a giant rotating tin can perhaps 30 feet long and 20 feet in diameter; but on closer inspection it would seem to be made more like a wooden barrel except that the barrel staves are all made of whitish metal, tungsten.

Inside the outermost tungsten barrel was another smaller barrel and inside that was a still smaller barrel. At the very center was the heart of the satellite itself. The tungsten barrels were separated from one another by a foot or more of space. There was also considerable space between the innermost barrel and the core satellite. The tungsten barrels constituted the passive defense of the satellite. If a Charged Particle Beam blast would strike the outermost barrel, it would vaporize a spot on the barrel but in the process it would absorb energy and diffuse the beam. In theory, that would greatly reduce the damage done to the second barrel and do no damage what-so-ever to the innermost barrel. Tungsten has the highest melting point of any workable metal in service at the time, so this system of particle beam shields was expected to last through a number of battles.

The three-layer tungsten shield system was also instrumented. When a blast would strike it, the blast pattern would be sensed as an initial indication of from which direction came the attack. A computer within the core satellite would then activate a secret new target acquisition system called LADAR, meaning laser direction and ranging. The removable barrel stave sections of the rotating tungsten shields would be opened. LADAR would peek out through the openings as they rotated past in ultra-fast scanning.

In the black void of space, LADAR was expected to be much more efficient than radar, picking up the Russian attacker very quickly; and the moment it would do

so, the American robot battle station would open fire. When it did so, it would pose a major threat even to a Russian Cosmos Interceptor because the American satellite would be armed with a giant carbon dioxide gas dynamic blaser (CDDB).

The CDDB was a more compact version of the laser, which was successfully tested aboard a modified KC-135 jet tanker. It produced intense infrared radiation with a power of over one megawatt—which is 1,000,000 watts. Let us consider a one megawatt capability. Just as example, an industrial 10,000-watt laser can slice through a one-inch thickness steel plate in a matter of mere seconds. The satellite laser was 100 times that powerful. It was not as powerful as the Russian Charged Particle Beam, but it was powerful enough to cripple or possibly destroy a Russian attacker. All this hinged, of course, on actually getting the Shuttle and payload deployed.

To keep from becoming side-tracked at this point, I will delay telling you of many prior deceptions which have surrounded your Space Program until a later writing. They were mere games compared to what you were about to witness with the Shuttle launch because the American Bolsheviks needed to get their robot battle station into orbit without letting you know about it and, whether they succeeded or failed, they would need to maintain the appearance of success. Everything was riding on the Space Shuttle, so let us look at the plan and comment on that which really took place.

### TEST SCHEDULE AND PLAN

According to the plan, the *Columbia* was intended to lift off on a sunny morning in mid-April, 1981. Millions would be watching on television as Young and Crippen roared upward into the sky and into orbit. Then the scene would shift to the standard coverage of Young and Crippen in their cockpit, and for a little over two days the coverage would continue off and on. There would be cockpit scenes, scenes in Mission Control, and so on; and there would be some seemingly unexpected problems, nothing serious but just enough to add a touch of spice to the story and distract by excitement. It would look for all the world like the REAL THING WITH THE REAL STUFF. Television viewers would have no suspicion that they were only watching excerpts from numerous simulations of the flight. In its cover-up of the SKYLAB fiasco, NASA learned well the techniques of deception.

Meanwhile, there would be no television coverage at all of the real flight except for the initial lift-off. Instead, when Young and Crippen reached orbit, they would go to work instantly. They would depressur-

ize the cabin, open the cargo hatch, and move the robot spy satellite component away from the *Columbia*. They would also remove a Gemini-type two-man space capsule from the *Columbia* cargo bay. After moving these things several hundred yards away from the *Columbia*, the two astronauts would close the cargo bay by remote control. They would maneuver down underneath the *Columbia* for a quick visual inspection of the condition of the thermal tiles, but the urgency of setting up the robot satellite would leave no time for any attempt to repair any tiles. If the astronauts were to do that, they would lose precious time both in setting up the satellite and in making good their own escape in the Gemini capsule. This is why NASA refused to include a tile repair kit on the first Shuttle mission. As NASA administrator, Robert Frosch, said in a news conference, "I felt in the end that it would be likely to increase risk, perhaps not risk with regard to the tile system but risk with regard to the safety of the whole flight."

After a very brief inspection, the astronauts would turn over control of the *Columbia* to NASA in Houston with the words: "Okay for retrofire." Then they would float away from the *Columbia* and set to work immediately on assembling the robot spy satellite. It was expected that they would complete the job within about four orbits. As soon as the robot satellite would be assembled and operating, Young and Crippen would board their Gemini-type space capsule.

If all went well according to plan, they would drop out of orbit and splash down in the Pacific Ocean. It would only be the evening of the same day of launch, but on television the falsified NASA coverage would still be showing tapes of Young and Crippen in the simulated cockpit of the *Columbia*. Young and Crippen would be then picked up at sea after their secret splashdown. From there they were to be transported to Edwards Air Force Base in California to await further events and orders.

### MEANWHILE

Some 12 hours after the launch from Cape Canaveral, Houston would send a retrofire signal to the now unmanned *Columbia*. The Shuttle's engines would fire. Somewhere over the Indian Ocean the Space Shuttle would enter the atmosphere. It would be the first complete test of the Shuttle's thermo tiles. If they worked, *Columbia* would survive re-entry. Then at lower altitude, piloting of the *Columbia* would be taken over by remote control. If all went well, the *Columbia* would touch down in the great sandy desert of western Australia.

It was planned that all of these things would take place during the first day of the

supposed 54-hour mission of Young and Crippen. Then for the final act of the charade, you would be told on television that the *Columbia* was re-entering over the Pacific Ocean; and finally, lo and behold the Space Shuttle would glide into view. Everyone would watch in awe and fascination as the Shuttle dipped lower and lower over Edwards Air Force Base, California to the resounding double boom of the shock waves giving physical proof of the journey. The fact that everything passing through the sound barrier in flight would give a boom would be totally overlooked in the intrigue and relief of the moment. Finally the craft would touch down on the dry lake bed and gradually brake to a stop, and out would climb Young and Crippen. Everyone would assume that they were climbing out of the *Columbia*; HOWEVER, THEY WOULD ACTUALLY BE DISEMBARKING FROM THE ENTERPRISE. It was the *Enterprise* which you saw in those landing tests in August of 1977, and it would be the familiar *Enterprise* which you would see making another perfect landing. The craft would have been touched up a bit to appear that it had come from space, but that was intentional fraud.

### DESPERATE GAMBLE

This was, of course, a desperate gamble. However, if the mission worked, it would carry off a major deceit pattern for privacy to the program, but it would also bring the entire world much closer to thermonuclear war. Although failure was anticipated and carefully covered, and as it turned out was necessary, you would be on the road to one incredible hoax following another in ever increasing magnitude. This, of course, has been the course of events.

### THE REAL VIEW OF COLUMBIA FROM WHITE SANDS

Interestingly enough, April 12, 1981, was the 20th anniversary of the first manned flight into space. It was the anniversary of the first orbital flight by a Russian cosmonaut, Yuri Gagarin. It also became a day of total confusion and disarray among the Bolshevik masters of America's Space Shuttle Program.

Less than eight minutes after launch that Sunday morning, they knew something had happened to the *Columbia*. You were still hearing the sound effects of a seemingly successful flight, courtesy of the NASA type recording from Houston. But the military controllers at White Sands who were following the real flight were hearing nothing at all. *Columbia* had suddenly gone totally silent.

By 7:45 A.M. the news worsened. *Columbia* had failed to arrive over the Indian Ocean on schedule.

More bad news came; NORAD was tracking the fuel tank of the Shuttle. It was not supposed to be in orbit at all—but there it was, in orbit. That looked impossible, to say the least.

That evening, Sunday, April 12, the Shuttle's fuel tank re-entered over the Gulf of Mexico just south of Louisiana. The tank had ruptured but there was still a sizeable amount of liquid hydrogen and oxygen inside. When the tank re-entered, it heated up and set off an enormous explosion and also created a giant cloud at the fringes of space. Goldplating, which is used extensively in the Shuttle fuel tank because of its heat transfer properties, was vaporized and scattered through the clouds which was interesting in itself and gave a wondrous show. The result was the same as when gold is added in tiny quantities to stained window glass—a brilliant pinkish-red color. The giant pink cloud, with chunks of the ruined fuel tank flashed in the sun, creating headlines as it passed to the north-east over Louisiana and Mississippi. Meanwhile your "good old boys" pooh-poohed it all as, "a natural phenomenon".

The American elite Bolsheviks were not quite sure what had happened to the *Columbia*, but they did know that as far as Space was concerned, the Shuttle Program was their only hope. They had three more orbital shuttles hidden away at White Sands and they intended to launch them all no matter what the odds might be, so the NASA cover-up of the *Columbia* disaster went right on according to plans.

### HAND-MAKE GENETIC REPLICAS OF HUMANS

In the late part of the 1970's the existence of man-made genetic replicas of human beings was made public. The revealers were locked away instantly and the key tossed. It was disbelieved although motion pictures were made as sci-fi and the subject buried under threat of penalty of death to disclosers. They, however, did (and do) exist and were pressed into service right before your eyes. You didn't even blink at them—no sir, you just gobbled up the lie, chewed it and swallowed it in total.

When first revealed to you they were referred to as "Synthetics" and in honor of the daring truth bringers we shall continue to label them as such. I request that herein you not ask me for details of the replicas for they are not the point of my story and they will be covered at a more appropriate writing—just know that they DO exist and currently they are used continually to cover the shadow/parallel governments of your nations. Suffice it here to simply state that they do exist and were utilized in the April launch. One reason the preparation time of early astronauts was so lengthy for

public consumption was to facilitate perfecting duplication of all segments, including the astronauts. Actually, the duplicates need not be perfect for plans are well laid in case of discovery and alterations can be instantly orchestrated if necessary. People cannot describe a suspect if at the scene of a murder, on oath—you certainly are not paying attention to anything that would cause you to suspect illusion if it remotely resembles the real thing.

**"Little Gray Aliens" in underground secret bases? Oh, my friends, you have no conceivable idea what wondrous secrets are in your underground secret bases.**

### NOW, BACK TO THE STORY

Tuesday morning, April 14, genetic replicas called "Synthetics" of the then late astronauts, Young and Crippen, were readied at White Sands. They were programmed to take a computerized ride on the training Shuttle "*Enterprise*". The Young and Crippen entities boarded the *Enterprise* which was mounted on top of the launched 747. After rocket fuel was loaded for the Shuttle, the 747 took off and headed west, avoiding commercial air traffic. The launched 747 headed out over the Pacific until it was several hundred miles west of Los Angeles. Then it turned back east toward the California Coast. On television you were told that the non-existent *Columbia* was re-entering from orbit.

Meanwhile the "*Enterprise*", re-labeled "*Columbia*", was cut loose from the 747 and fired its rockets. It sped up to a speed of nearly 6,000 miles per hour, then you watched it as it made that dramatic race in from the sea to a precise computer landing at Edwards Air Force Base. It was all timed to agree as closely as possible with the official NASA timetable to further convince you of the security and efficiency of the system.

Even so, however, a technical mistake was made that morning and as a result you were told that the Shuttle would land six minutes early. My golly, in space flight, six minutes might as well be a year, dear ones. Six minutes in orbit corresponds to nearly a 2,000 mile error in the location of the Shuttle but on TV nobody bothered to so much as question it. Everyone just smiled and said how lovely a day to watch a Shuttle land.

### SLIPS BEGAN TO OCCUR BUT NO ONE NOTICED

Following the dramatic landing, former astronaut Gene Cernan expressed surprise on ABC television. He said the Shuttle simply did not look scorched enough for a ship that had re-entered from orbit. Like-

wise, when the synthetics called Young and Crippen emerged, they did not act like men who had been weightless for two days. Instead they bounded down the access steps and pranced around with restless energy but no one questioned it in the least. After all, precious children of the lies, you had all seen that Shuttle landing for yourselves and hundreds had been first-hand witnesses to the landing at Edwards; you had also heard and felt those sonic booms and what else is left to say about it? Seeing is believing?

### NEXT?

Dear ones, that was only "one" down—there were three more in the waiting room. Three more identical Shuttles like the *Columbia* were waiting their turn in the desert at White Sands. Each would have the same label, "*Columbia*" painted on its side. The first *Columbia* was now quite dead along with its crew, but thanks to "doubles" the *Columbia* would continue to live on as the astronauts would be removed from public view except on rare and "distant" occasions when appearance would be inevitable and actors would be able to carry out the assignments. If you feel as if you are an observer of some giant movie script—so be it. It is, however, time that you stop being a viewer and begin play participation because you have sat and been a "watcher" almost long enough to doom you.

These details are simply for your confirmation for it matters not at this time whether the Russians or the Americans were ahead in the "race". You were and continue to be given a false sense of security and confidence. You are even reassured by some stupid presidential statement about going to Mars. You sit and allow insult upon insult to your very intelligence as humans. You are being led like the sheep unto the slaughter and into a war as well as a dictatorship and we know of no other way to reach through to you blinded beings.

You CHOOSE to believe the lies, and thusly they will succeed in destroying your very way of life and enslaving the few who survive the war which will occur. Or, beloved ones, you can open your eyes and learn to do as our Lord Christos taught you long ago: learn to look for **THE TRUTH**, cherish **THE TRUTH**, and believe in **THE TRUTH**. If you can do this, you can regain and maintain your freedom. God be with you, each and all, for the way is shocking and incredible indeed.

Dharma, allow us to end this chapter at this point even though a bit short for I wish to handle the aftermath of the "*Columbia*" episode and it includes your entity President Reagan's reappearance after the "attempted assassination" of a month prior. You will find it interesting indeed, that no

one gave a further thought to the *Columbia* or made any connections between events.

I will move to stand-by until you are ready for our next session. I prefer you not attend the meeting scheduled for this evening if you would accept my wishes. Thank you, chela, I realize it is difficult for you for this information is overload for your consciousness, also. Your load is heavy for the moment but you will not be without support and protection. Go take respite in peace for it has been a long day. If you need to consume aspirin for the backache, use in conjunction with buffering for on an empty stomach, we can easily ulcerate the lining. Salu.

Hatonn to clear, please.

### 7/27/90 #2 HATONN

#### AFTERMATH OF COLUMBIA #1

On April 28, 1981 all you dear Americans tuned in your TV sets to watch the entity, President Reagan, address Congress. The speech was to gain and build support for the Administration's Budget, but most people were interested because it was the first speech by the President since the assassination attempt nearly a month earlier. People were too absorbed in the dramatic re-appearance of a wounded President to pay much attention to anything else. No one cared very much that the Space Shuttle "*Columbia*" supposedly arrived back in Florida that day—on the back of its transport ship. The *Columbia* was a great success as far as the citizens knew—you had seen everything for yourselves on television.

#### ON TOP AGAIN

Based on that one Space Shuttle flight, you were then being told on all sides that you were once again on top in space. You were told that now you were five to ten years ahead of those poor, stupid Russians. It would have been very nice for you if it had been true, but unfortunately, it was not true.

The Shuttle which you all saw land at Edwards Air Force Base in California was the training Shuttle "*Enterprise*". It had simply been relabeled with the name "*Columbia*" on its side. When the Shuttle landed in California on April 14, you were initially told that it would be flown immediately back to Florida; but as the days went by, the Shuttle just stayed in California. NASA created one excuse after another to explain away the delays to the public.

Meanwhile, frantic meetings were going on, involving key, joint military and NASA personnel. Things had not gone according to plan, and they were not sure what to do next. One faction insisted that NASA should

go ahead according to the original plan. That plan called for a switch in shuttles between California and Florida. On Day One a modified "747" would take off from Edwards Air Force Base, California, with the Shuttle "*Enterprise*" riding piggyback. News cameras would be on hand to record the take-off. The *Enterprise* would then be flown to its home base at White Sands, New Mexico. Meanwhile the public would be told that the "747" with the Shuttle had made an over-night stopover. Then on Day Two another modified "747", carrying a different Shuttle, would take off from White Sands and fly to Florida.

Once again, reporters would be on hand to watch the landing at Cape Canaveral. The new Shuttle, of course, would have the name "*Columbia*" on the side just as the *Enterprise* did. In that way the training Shuttle, *Enterprise*, was to be returned to home base and a fresh orbital-rated Shuttle sent to Florida. The switch would be made without the public suspecting a thing and, after all, it is only the public from which the above top secret secrets are maintained. The participants, by accident, believe the cover-up is in national security to prevent acceleration of the obvious war underway. Who is going to tell?

#### HOW TO PLAY IT SAFE?

In those meetings behind closed doors about the situation, others protested that it would be foolish to go ahead as originally planned without more information. It was obvious that somehow the Russians had destroyed the *Columbia*, but the question was: "How?" The military Shuttle planning group agreed that they needed the answer to that question, otherwise there would be no way to devise countermeasures to give the next Shuttle flight a better chance. You see, they never considered telling the truth and shutting down the upcoming plans.

Finally, it was agreed all around that the first urgent need was to buy time, so NASA spokesmen were told to give the press a series of stalling stories about the postflight Shuttle procedures in California. Meanwhile, every available avenue of intelligence world-wide was pressed to come up with an answer to that crucial question: "What happened to the Space Shuttle, *Columbia*?"

Day by day you saw well orchestrated brief news reports about the postflight checkout of the Shuttle at Edwards Air Base. The Shuttle was then lifted onto the back of the "747", but the take-off kept being pushed back one day after another. The military Shuttle planning group was drawing a blank from their intelligence sweep about the *Columbia*. The Shuttle stayed on the ground a week longer than originally planned, and still no answer

came about the *Columbia*. You see, if by chance the Russians turned up with the *Columbia* in tow the fallout would be worse than disastrous because, for the first day or so, the exchange could not be explained away as "preventing public panic".

NASA ran out of excuses for further stalling without raising unwelcome questions. The secret Shuttle planning team was still in no position to prepare for a second orbital mission, and yet appearances had to be maintained at all costs and every passing day became more critical.

The U.S. Government was crowing loudly about the supposed stunning success of the Shuttle because it was the only hope left for America in space. The Space Shuttle was the only program, other than Defense, which was given increased funding by the Reagan Administration. There was also the incredible fear that if the Russians did, in fact, have the Shuttle intact, the entire cover-up would be world-wide. The Russians, on the other hand, had no proof and couldn't come forward with actions which would have caused all-out war.

Before the Shuttle *Enterprise* left California aboard its "747", the Shuttle planning group had to make a decision: Should they, or should they not, make the planned switch between shuttles at White Sands? There were three more orbital-rated shuttles at White Sands, and a specific mission was planned for each one. One of the planners summed up the dilemma in these words: "How can we send an orbital bird to the Cape? STS-2, 3, and 4 may require major modifications in order to get past the Russians. We won't know what those modifications are until we get the missing feed-back on STS-1. I say send the *Enterprise*. We can keep it sub-orbital by faking an abort—shut down one engine before Press-to-MECO and let *Enterprise* return to Kennedy. That will keep *Enterprise* out of danger from Ivan. It will also keep the ball rolling while giving us more time to set up a successful orbital shot."

Someone else asked: "What about the public relations impact? One thing we don't need is to abort a mission this early in the program."

The reply: "Would you rather lose another orbital bird to Ivan? Besides, if we do it right, we could end up with even more public support. You know what I mean—the idea that the Shuttle is safe even if something does go wrong, and so on."

There was a very long silence, followed by more discussion, but finally the suggestion was adopted.

On Monday April 27, the "747" bearing the Shuttle *Enterprise* took off from

Edwards Air Force Base, California. The following day you were shown the same Shuttle, the training Shuttle *Enterprise*, landing in Florida. There was no switch made.

### WHO WOULD TELL?

Now you ask: "How would you get this information?" Easy, never underestimate the wonders of God and also, never forget that there are counter-spies who also know they will die, along with their families, at the hands of this evil cartel of conspirators. There are always ones who will tell when the terms and times are right.

The secret Shuttle planners were still feeling their way and they left open an avenue for plan changes. Therefore, it would be the training Shuttle *Enterprise* that would later roll off the launch pad in Florida, that summer. It would look just like the *Columbia* did before its April launch, mated to a giant fuel tank and huge solid-rocket boosters.

NASA was then shooting for the very early launch date of September 30, 1981. According to the plans the launch would proceed smoothly for the first few minutes. Unlike the *Columbia*, the *Enterprise* would not veer north toward the kind of orbit forbidden by Russia. Then, one engine would shut down prematurely.. It would be earlier in the flight than the point at which contact with *Columbia* was lost in April. Then, as you are still watching on television, the *Enterprise* would return for its alleged "emergency" landing at Kennedy. By that time the *Enterprise* had made so many computerized landings that NASA had confidence that the landing would be made safely. If other plans could be substituted as the summer progressed, so could the "flight" sequence be changed, even to aborting the launch at the pad.

There would, of course, be an uproar about the aborted space flight, but it would not last long because no citizen would risk the lives of astronauts to a possible accident. The entire scenario of an abortion would "only prove the efficiency of the computer check system and safety measures".

The hopes were, of course, to buy time and gain information regarding the first launch.

Of course, the question which most returns to me is: "Why America, Hatonn, is not God also in Russia?" Of course, and what causes you to think there is not space command working diligently in that sector? The facts are, however, that the United States of America was set forth upon a Constitution which could bring freedom to a world in trouble—and therefore, herein lies our master plan. So be it. God keep you and blessings unto you.

Allow us to close this chapter and we

shall continue later as duty calls both of us elsewhere. Salu.

### RETROSPECT

In order to have more perception regarding Russia's secret weapons and make more sense of the need for the Shuttle efforts, let us return to early 1979 with a look into the glass of as far back as November/December 1978. It will also show you the technology already functional and then allow you to understand how far you can go with intensive research in a decade. When the secret is basically unfolded, massive strides can be made on any given technology. Unfortunately, the technology has outgrown man's ability to control it, once pressed into service.

In December of 1978 air blasts at sea began shaking homes and frightening thousands along America's East Coast. For a while government spokesmen tried to ignore them; but the booms, now known and recognized as Air Quakes, would not go away. In fact, they steadily increased in number and were also soon experienced on the West Coast and inland U.S., as well.

As no explanations could be offered, they were next ridiculed in the controlled major media, but that tactic quickly changed, too, because too many people were hearing them to accept it all as a big joke. Then the tactic was to simply report them, promising follow-up and then simply never follow-up. The news projectors never move from the scripts given them and there would be practically no fear of slip-ups. Note this for yourselves during prime time newscasts; flip channels and you will hear the verbatim news items being read from the master script.

After these Air Quakes had been going on unexplained for several months, the government tried to explain it all away by blaming the whole thing on freak weather conditions. Alleged experts were trotted out to impress the public with the mumbo jumbo about unusually cold air layers, ozone depletion, northern lights, electrical disturbance and so on, ad nauseam.

Waving their arms about in master performance, other experts were touting that the booms were due to military aircraft, perhaps a hundred miles out to sea since nothing showed up on any radar screens.

Others managed to actually keep a straight face as they told you that the booms were caused by the *Concorde* supersonic transport and all but grounded the *Concorde* forever. They told you that the shock waves from that plane were striking America's East Coast more than an hour ahead of the plane itself, and with incredible force, having "built up incredible sonic force as it traveled".

Explanations like these were ridiculous on their face; yet most Americans eager to be pacified, accepted these insults to their intelligence at face value and even marched to stop the *Concorde* from landing in the U.S. Facts are that most of the quakes taking place nation-wide were kept out of the press, and people calmed down.

For instance, there are almost daily Air Quakes in areas around an Air Force Base where you might find sophisticated aircraft capable of supersonic speeds. Usually, the later seen jet craft are not the cause but the inspection team checking out the location of the blast. Those of you who do not believe such a thing could be had better think back to some unexplained booms you have noted and the media could give no explanation. As the phenomenon continued, people simply returned to sleep and ignored the interruption in their thoughts—simply no longer caring one way or another. As early as December of 1977 it was told publicly and suppressed governmentally, that the quakes were caused from newly operational Russian CosmoSpheres firing their Particle Beam weapons in a defocused mode into the air over the Atlantic Ocean—and later over the Pacific. This information came forth right out of your top intelligence system.

In 1977 there were some seven CosmoSpheres hovering over the U.S., but in months that followed the numbers grew into the hundreds world-wide. Now you can find out more if you can get your hands on the materials from the Mitre Corporation because the government sponsored a study done by them. The material was quietly released and then faded into oblivion.

The report listed 594 Air Quakes of major impact between December 1977 and the following June. By June, of course, those alleged "freak cold air layers" had to be long gone. The study did its best to blame the booms on aircraft noises, anyway, but 181 Air Quakes were impossible to link to anything, even artificially, or to any acceptable excuse, so the report lamely concluded that they must be of some natural origin, and yet the government and military were fully aware of the origin.

### COSMOSPHERES

The CosmoSpheres are Russia's version of the HOVERING WEAPONS PLATFORMS of which the late General Thomas Power tried in vain to give a warning over 15 years ago. I shall give credit to General Power for you ones should know what happens to ones of his stature who try to bring you TRUTH. I shall, however, not interrupt this thought flow in this segment. Suffice it herein to say that General Power was former head of Air Force Research and Development and then of the Strategic Air Com-

mand. He knew what he was talking about and made every effort possible to alert the American people over the ensuing years; his efforts were suppressed and went ignored. We shall return to that subject later, please.

As the numbers of CosmoSpheres multiplied world-wide during the following year, UFO sightings likewise mushroomed. Is it any wonder that the U.S. officially does not recognize UFOs and calls them weather phenomenon, visual misinterpretations and thus and so. It got to the point no one could know which was which—a craft or a sphere and thus were continued heinous tales dredged up from the 1930s and 40s.

As facts always present themselves, this is no different. The "panic" which the government efforts to keep from you the people is not from "aliens", it is from very Earth-oriented, physical Earth humans at the controls. As in the past, some UFO sightings, and most especially "lights", would be more appropriately labeled as Identified Flying Objects, because they are not unknown space visitors but are identifiable as CosmoSpheres. In many cases though, combined sightings were and are taking place which involve both CosmoSpheres and true UFOs. We of the Command monitor, tag and tail every one—yours and theirs. Further, we always make our presence well known and warn the controllers that we will enforce the Universal Laws regarding space. Your governments are without conscience, however, for they place these weapons aboard innocent aircraft assuming the enemy will not take out a mass of citizens. There is no conscience within the Satanic Elite cartels—NONE! ALL are expendable to insure their plan's perfection.

NO, WE DO NOT TAKE-OUT ANYTHING. IF IT MOVES INTO SPACE BEYOND A HUNDRED AND FIFTY MILE LIMIT, WE WILL DISARM THE WEAPONS IF THEY ARE EXPLOSIVE HYDROGEN "BOMBS"—WE DO NOT HAVE AUTHORITY TO NEUTRALIZE THE BEAM SYSTEMS BUT ARE OFTEN ALLOWED TO ALTER THE PROJECTIONS. THERE ARE SOME AREAS SET FORTH AS SAFE ZONES BY THE HIERARCHY OF THE LIGHTED BROTHERHOOD COME FORTH AT THIS TIME OF TRANSITION, AND EVEN THE EVIL HIERARCHY DARES NOT STEP BEYOND THE LIMITS LEST THE "RULES" BE EQUALIZED FOR BOTH SECTORS AND "OUR" TECHNOLOGY IS SUPERIOR IN IMMEASURABLE COUNTING.

BELIEVE ME, CHELAS, THERE IS NO NEED FOR ALL YOUR GROUND WEAPONS EXCEPT FOR GROUND FIGHTING AND MAINTAINING TOTAL CONTROL OF YOU ONCE THE WINNERS ARE DECIDED. ALL THE POLITICAL BLATHERING IS NOTHING MORE THAN SIMPLY THAT!

A NUCLEAR WAR IS OUT, THEN? OF

COURSE NOT—IT IS VERY DEFINITELY "IN". WE ARE TALKING ABOUT THE ULTIMATE CATASTROPHIC HOLOCAUST—NUCLEAR WAR WILL ONLY DEVASTATE A BUNCH OF PEOPLE WHO ARE UNPROTECTED, OF WHICH I KNOW QUITE A FEW! A NUCLEAR WAR IS NECESSARY TO PULL OFF THE REST OF THE PLAN TO PERFECTION—THE RIDDING OF THE PLANET OF PEOPLE WITHOUT GETTING HALTED BY GOD. THE COSMIC BEAM SYSTEMS ONLY DEFINE THE MAJOR PLAYERS AND THEY ARE ALLIES—AGAINST YOU THE PEOPLE. IT IS NOT A MATTER OF JOINING FORCES AGAINST ALIENS FROM OUTER SPACE, AS MR. REAGAN SUGGESTED; IT IS A MATTER OF PROTECTION FROM YOUR OWN SYSTEMS. MR. GORBACHEV DECLINED THE OFFER TO JOIN FORCES AGAINST "ALIENS" BECAUSE THE WORD IS ALREADY OUT EVERYWHERE, EXCEPT THE GOOD OLD U.S.A., OF THE SPACE BEAM CAPABILITIES AND THEY KNOW AN ALLIANCE FOR THAT PURPOSE IS EVEN SILLIER THAN THE OTHER NONSENSE DREAMED UP. BOTH SIDES HAVE BEEN GIVEN VERY SPECIFIC RULES OF THE GAME AND HAVE EXPERIENCED QUITE A FEW EXAMPLES OF POWER, IF THEY CHOOSE TO OVERRIDE THEM.

UFOs have always been monitoring your advanced weapons and aircraft as well as rocketry, as your technical abilities increased. We didn't "just start showing up" a few years back, but did begin to monitor carefully as your technology grew. It grew far faster and to a more sophisticated level behind the backs of all of you masses. Further, we knew from the growth of technology on Earth place that the time was at hand for the "countdown" and the awakening of the masses and the squaring away of our troops and participants. Unfortunately, man does not listen to reason—he marches right along with the prophetic probabilities and our "orders" are to allow him to do so and move with him in order to bring our own into safety, among other duties. It also became time to begin contacts with Earth placements as the truth would begin to seep through the mire.

I warned you that it would not, in the end, be mystical nor even mysterious. It is not spirit hullabaloo—it is a fact of physical manifestation of higher dimensional capability. Blood-sucking aliens? Oh, I think not, little dreamers, it is most definitely blood-spilling humanity. But this is why the distractors are sent forth with their disinformation—to keep you from knowing **THE TRUTH**. There are no blood suckers and no human parts-utilizers. That type of rot and degeneration is left to those of Earth who have the mentality to even think up such stupid scenarios. You don't need a contract with bad little aliens. You have enough evil Satanic leaders to destroy you

a hundredfold—in the U.S. alone, not to even mention the other hot spots on your globe.

Why do your government leaders send massive aid to Russia? Why do they give away all your grain? Could it be to keep those Cosmospheres stationed in appropriate sequence to take out every major dam, fault line and populated city in your country, along with military defenses—why do you think your government is simply closing military bases? Further, the coverup has to be efficient enough to allow the banker cartel to get situated without your citizens knowing what hit them and then “all can live happily ever after under the Global Plan 2000.” That plan does not include very many citizens, dear ones—just enough to serve the slave masters. “They” prefer to not have to precipitate massive devastation upon you ones until “they” are set and ready, and then you can expect the worst for you will most surely get of it.

You will be told it is simply fulfillment of the prophecies and it is God’s will. No, and that is the lie of the prophecies—it is not God’s will and these massive upheavals will not be God’s work—your destruction shall flow from the hands and mind of man, headed by Satan in human form. This is why the prophecies can be quite accurate—for man will accomplish the acts necessary so that you simply blame God.

### BACK TO UFOs AND COSMOSPHERES

UFOs have always been attracted by aircraft, rockets, and spacecraft, especially when these are new or experimental. The Cosmospheres are no exception to this rule. Wherever Cosmospheres are congregated UFOs will always show up and there is no exception to this rule. We will always have craft monitoring every one of the spheres from every vantage point.

A very good example of this monitoring was witnessed in New Zealand as the secret bases, already written of [see the *CONTACT* issue for 5/11/93], were under surveillance by the Russians. On December 30, 1978, an Australian television news crew made headlines worldwide by filming what they called UFOs from an airplane over New Zealand. The film, some seven minutes long, was purchased by the BBC and by the CBS TV Network. On January 2, CBS showed less than 50 seconds of the film which showed a glowing spherical object, and most of the objects sighted that evening by the camera crew and other observers were described as spheres of light.

However, as the film clip was shown,

a sound track was played. The Australian newsman described a different object. He said it looked like a flying saucer. Walter Cronkite did not say whether or not the sound track had been recorded simultaneously with the film clip that was being shown. In any case, the spherical object in the film was a Russian Cosmosphere, but the attempts to discredit the film was an echo of the ridiculous government stories about the Air Quakes the prior year. On the evening of January 25 Walter Cronkite of CBS News reminded viewers of the New Zealand UFOs; then he went on: “Well, the New Zealand Air Force reported today that freak atmospheric conditions, not visitors from outer space, were responsible. Investigators said one definite cause was an unusually bright Venus rising in the eastern sky.”

Yes, friends, this is why we always will show you our strobing “colored” lights for there are also Cosmospheres stationed in front of your identifiable stars and planets, orbiting right along with them. In addition, however, they are stationed in non-orbiting sequence in strategic placements. This is why it cannot be allowed to have an operational telescope in space for this is that which

will be found out there—not wondrous mysteries of the universe.

No, Dharma, this Sunday is as good a day as any to begin to tell you ones these truths. Beware of ALL ones efforting to move close to you—especially ones known to be among the misinformation bringers, whether in good intent or ill. The government has always managed to silence this information and they will not stop now. You ones just focus on that which you CAN do and that is to save your Constitution and then one step at a time is the *modus operandi*. The operatives know we are who we say we are and yet they also know they and their families and loved ones, are as vulnerable to the death rays as any other human. There are some hard decisions being made at this time on the part of some great men. It remains to be seen “how great”.

Are these things always visible? Absolutely not. They are a very sophisticated “stealth” craft. Almost never are they visible and from an orbiting standpoint they are as any other satellite which would be too small to be seen by the eye alone but can be sometimes visualized at night but would be quite indistinguishable from the other heavenly lights

“Look — there goes one of those U. F. O.’s again.”

of great distance. They are shielded by a most sophisticated shielding system which creates a visual barrier.

We are able to dissolve the shield and often do so—as in the case of the New Zealand incident—hoping someone will have guts enough to speak up and tell the truth. We can help you—you are getting beyond the ability to help yourself. However, as long as one side acts as heinously against the laws of God and Creation as the other—we will not do anything other than make ourselves known. Always you sleepy-heads want good to win over bad—well, at this time the "good" is blatantly missing from the entire equation as to the Global Plan.

Those flurries of UFO sightings over Australia and New Zealand were actually due to Cosmospheres with monitoring alien craft along with some of your own monitoring craft with sufficient speed capability.

Funny thing, a recurrence of problems of what to do with the MX mobile missiles, is a continuing subject. That subject was in the mainstream in the years around the end of the 70s. You heard a great deal about plans for America's so-called MX mobile missile; but, in fact, American mobile missiles were already being scattered like popcorn world-wide. Your American Bolshevik rulers were hoping to outflank Russia with sheer numbers of missile sites, if nothing else. The missiles involved were based on your standard "Minuteman". As a solid fuel rocket, it was well suited for mobile basing—in fact, this was designed into some versions of the Minuteman in the first place; and then about the time in point, New Zealand hosted at least two American mobile missile bases, as did Australia.

For our dear readers in New Zealand, one was placed not far from Hamilton on the North Island and the other was placed near Alexandra on the South Island. They were carefully concealed in mountainous areas. A very large missile complex was situated in Australia in the Northern Territory of Australia—it straddles the Robinson River and spreads out over an 18 by 22-mile area, and growing. In that area there is no one to watch what goes on but alligators and aborigines—not even "Crockodile" Dundee of movie fame. Moreso, across the way there is even an American Base for this purpose on Crete, Greece. I believe you will find Northrup quite involved. Yes, Dharma, the plans to watch you have been long in operation, and I am sorry for that, chela—oh, very, very few knew so don't get paranoid—just be aware for much of the attention was to monitor Dalene. I told you that the ultimate confrontation is of highest en-

ergies of discarnate capability and etheric function. The key players know the other key players—it is just that most of you in dense format are shielded from that knowledge. So be it.

The Russians monitor all American missile bases, new and old, by means of their Cosmospheres. All military bases are monitored, especially ones such as White Sands, Edwards, etc. You have no defense system but their Particle Beam-weapons can blast your missiles at the moment of launch. Your Bolshevik rulers somehow believed they had devised a way to disable the Cosmospheres just long enough to get the missiles safely launched against Russia, and yes, it could have worked. The Cosmosphere capabilities have, however, saved your world from nuclear war on many occasions which would have been staged by some of your Middle Eastern "friends".

It is well known to U.S. scientific intelligence analysts that the Cosmospheres hover by floating in the Earth's electrostatic field. They also presume that the Russians use the same techniques you would use in order to aim their Particle Beam-weapons—that is, a combination of infrared detection and radar. They reason that if the Cosmospheres can be disturbed from their hovering positions and if their sensing systems can be blinded, their Particle Beam-weapons would do no good—even if they fired they would be aimed wildly and would miss your rockets as they would be launched. THE SOLUTION DEVISED WAS CALLED A COBALT IONIZATION BOMB. Unlike a normal cobalt bomb, such a device is not designed to create a tremendous blast; its primary purpose, instead, is to create tremendous quantities of totally ionized cobalts—that is, the cobalt atoms are stripped of all their electrons, leaving bare nuclei. The plan is to detonate these at various locations in the upper fringes of the atmosphere, as high as possible, but below the hovering altitude of the Cosmospheres. The result will be an enormous storm of electrons, spreading horizontally in the Earth's magnetic field to pass underneath the Cosmospheres. Does the recent [at the time of this writing] rocket launch which projects launching a satellite that "illuminates the electrostatic-magnetic field" make more sense to you now, seeing that it was a "military secret" pay load??? It would also disrupt the infrared and radar systems used to watch the missiles below; and while the Cosmospheres are briefly incapacitated in this manner, your rulers planned to launch your ICBMs right past them.

Meanwhile, ground-based high-power lasers would be used in the effort to

shoot down the Cosmospheres. But, my friends, your masters fell victim to the very intelligence gap which they themselves brought about years past, because the Russians well understand the importance of surprise, including technological surprise. And so while they have allowed their space triad to become known in intelligence circles because of its deployment, they still have a master secret weapon in reserve for the war itself.

This weapon is a system to protect the Achilles' heel of their beam-weapons—the ability to aim them accurately. It is called "PSYCHOENERGETIC RANGE FINDING", or PRF. PRF does not rely on conventional radiations like infrared or radar—instead, it is based upon detection of the actual atomic signature of the target, and normal jamming techniques have no effect what-so-ever on PRF. Therefore, when the American cobalt ionization bombs explode, the Cosmospheres would be able to aim right through the electron storms to blast your missiles or anything else in the target.

You ones can literally "feel" the impending doom—you can literally smell it but you are so distracted by other arrangements of the Conspirators that you do not isolate it. And what could you do if you knew and understood it all? Well, you can begin to get your lives and nation in order for in the ending enough will petition God to intervene that the ultimate victory is foretold. What you can do in the interim are the things we bring unto your attention. Remember—Russians are human too, and they, too, shall perish. So be it.

As long as you continue to refuse to see and hear and yet refuse to take action to preserve your nation and citizens of Western civilization, allowing it to be eroded and dissolved in front of you—will the survivors dare to say "May God forgive us?" I wonder.

Hatonn to stand-by please, that this portion may be somewhat digested before moving on to the second Shuttle fiasco.

May peace go with you for your way is truly indeed limited. "Take My hand and I shall show you the way", is a most good thing to cling unto. Adonai.

(Editor's note: Stay tuned for the later Space Shuttle Mission fiascos in next week's CONTACT.)

## POWER

*You are capable of doing something that's never been done before and that is to make the world, the universe, a better place than it's been. That isn't going against the laws of nature, that's saying you have the power within you. You don't have to be a goddess to have it, or a shaman to have it, or a holy man, or a holy woman, or a medicine man, or a medicine woman. You've got it right there, just as you sit. You're it.*

## COSMOS SEAFOOD ENERGY MARKETING LTD.

CONTACT has received a letter from Cosmos Seafood Energy Marketing Ltd. within the past few days. I would ask that anything coming from that source be brought to my attention more quickly, please, for none of YOU know that which I am doing.

There was a prior letter which was sent from them to CONTACT on March 20. This letter was apparently not received at all. This is not unexpected; however, I wish to clear up, for the sender of said letter, that at this time and until further notice FROM YOU, we publish every letter sent to the CONTACT. Personal letters to me shall be handled with utmost care, however.

In the letter which shall now be retyped for a bit more clarity and to facilitate a bit of understanding which may be elusive without comments, there are mostly objections to the contents of the article recently published (reprinted) in the CONTACT regarding *Treasurygate* [see the 4/27/93 issue of CONTACT].

Be it recognized that we only used the information as "confirmation" that there is connection to "Cosmos" vs. Cosmos Seafood Energy Marketing Ltd. and that **finally** the subject had come forth in a rather well recognized paper, *THE SPOTLIGHT*. CONTACT ran the article as was, just as this letter will be run "as is" with only changes in formatting in order to save space in the paper itself. If we simply photograph a letter each page requires a whole page of paper copy so it is far more thrifty to retype.

RE: "Treasurygate Verification" in your April 27, 1993 edition.

Having read the article where an Oilman Sues the U.S. Treasury, leaves a lot of questions, as we are aware of some of these dates mentioned in his TREASURYGATE VERIFICATION letter as:

October 1989 was when STEVE LEAHEY of Atomic Energy Commission ROSEBUD task force for Saddam's Agriculture Loan Program, accompanied by LOWELL EASTLAND from the FEDERAL RESERVE and DEPARTMENT OF AGRICULTURE accompanied by JOHN WARNER, ENGLISH MI-7, and COSMOS SEAFOOD ENERGY MARKETING LTD's Officers were in meetings regarding (a) either an OUTRIGHT PURCHASE of the GOLD CERTIFICATE or, (b) UNDERWRITING THE COLLATERAL FOR THE "LOAN" as requested by GEORGE BUSH and JAMES BAKER in those Fall months of 1989.

They were refused on ALL counts as, COSMOS SEAFOOD ENERGY MARKETING LTD and its OFFICERS would not be a party to anything which was contrary to the policies of the United States of America and the International Community. This we have already said.

Also, in this meeting which lasted for 18 hours on one day, the discussions of RETIRING THE NATIONAL DEBT OF THE UNITED STATES, REFORMATION OF PUBLIC EDUCATION IN AMERICA, PROVISIONS OF BETTER HEALTH CARE FOR ALL AMERICANS, AND THE "FARM PROGRAM" AS IDENTIFIED IN THE LETTER FROM MS. DURHAM AND HER DURHAM INTERNATIONAL LTD. CORPORATION'S "PROFITS" FROM THE MINING VENTURE ON 13,520 ACRES OF GOLD PROPERTY IN MARICOPA AND YAVAPIA COUNTIES, ARIZONA which were CONFISCATED BY THE "KEATING FIVE" GROUP in 1988. THE TOTAL ASSAYED VALUE OF THAT PROPERTY WAS \$35 **TRILLION** in GOLD,

SILVER AND PLATINUM [C: Among other things of even more value than listed precious metals.], \$28 TRILLION in GEOTHERMALS and SEVEN RARE AND STRATEGIC EARTHS ON THIS PROPERTY WHICH WAS NEVER EXPOSED IN THE "S&L" FIASCO, however, IT WAS MAILED (A RECEIPT EXISTS) TO GEORGE BUSH, TO SUBMIT TO THE U.S. SENATE BANKING INVESTIGATING COMMITTEE. [C: Still wonder WHY they stuck poor old Keating away for a zillion years when all the rest of the robbers and crooks have walked away clean or with better rewards after a "vacation"? Clark Clifford and Altman who appropriated billions upon billions of dollars are not even being tried!] The information NEVER reached the U.S. SENATE BANKING INVESTIGATING COMMITTEE to our knowledge.

However, recently, we received a document which is alleged to be a Government Deal in the amounts of \$57 TRILLION and \$6 TRILLION which is having difficulty in "closing", for some reason TWO SIGNATURES CAN NOT BE OBTAINED. This is being conducted by PRICE WATERHOUSE, *allegedly*.

Frankly, in reading Mr. Buckley's TREASURYGATE, one might think while in the OILPATCH he encountered some SULPHUR GAS and lost his reason as:

1. He says an **INDONESIAN GOVERNMENT OFFICIAL AND BUSINESSMAN NAMED "EDISON DOMINIC"** was met by him in October 1989.

2. In the Spring of 1991, this **INDONESIAN GOVERNMENT OFFICIAL FLEW INTO "AUSTIN, TEXAS"**, and

3. He was in possession of U.S. Federal Reserve Bank Certificates—and **JAPANESE CERTIFICATES**.

4. Then, **"A TRUST ACCOUNT WAS SET UP AT CITIBANK"**.

5. \$1.8 TRILLION is involved.

6. He alleges that the U.S. instruments were even larger than the Swiss ones.

7. He mentions Saddam Hussein, Quadaffi, Marcos and Noriega as holders of some of these alleged CERTIFICATES, and

8. This **INDONESIAN GOVERNMENT OFFICIAL**, alleged his JOB was to COME OVER HERE TO FORCE THESE CERTIFICATES BE ACKNOWLEDGED BY THE UNITED STATES. AND, THAT THE **INDONESIAN GOVERNMENT'S FINANCE MINISTRY HAD ATTRACTED THESE ALLEGED CERTIFICATES "THROUGH THE CIA"**.

9. And, while in jail this **INDONESIAN GOVERNMENT OFFICIAL**, "PUTS IN WRITING HE WANTS CONGRESS TO RETIRE THE NATIONAL DEBT OF THE UNITED STATES OF AMERICA, FUND THE SUPERCOLLIDER, ASSIST IN REFORMATION OF THE EDUCATION SYSTEM OF THE UNITED STATES, ASSIST IN BETTER HEALTH CARE IN THE UNITED STATES—

# -AND ASSIST IN MAKING LOANS AND GRANTS TO SMALL BUSINESSES AND FARMERS—IN THE UNITED STATES?"

(a) WHAT IN THE LIVING HELL WOULD INDONESIAN GOVERNMENT OFFICIALS BE DOING MAKING SUCH STATEMENTS IN WRITING—ALLEGING THE SAME THING WHICH "DURHAM INTERNATIONAL LTD." AND "COSMOS SEAFOOD ENERGY MARKETING LTD" EXPLAINED AS THEIR DESIRE ON THEIR CERTIFICATE?

(b) One would think that LOWELL EASTLAND, STEVE LEAHEY, JOHN WARNER, ROBERT SHACKLEFORD (CIA), GEORGE BUSH (CIA), JOHN D. AQUISTO (CIA), DON SCHULTZ (CIA), RICK LYSANDER (CIA), CHARLIE KEATING, U.S. SENATOR CRANSTON, ETALIIIS, were doing the same old thing they were doing during the VIETNAM WAR—COUNTERFEITING MONEY AND "GOLD CERTIFICATES"—TO BE USED IN THEIR "COUNTRY CLUBS"—AS SECURITY WHEN THE "HEAT WAS ON THEIR BUNS". THAT IS WHAT THEY CALL THEIR "SAFE HOUSES"—and

(c) In all probability they were ATTEMPTING TO FORGE OUR OWN GOLD CERTIFICATE. Then they discovered it was covered by TITLE 28, 1740 AND 1741. NOW, NO ONE CAN GET THE MUCH NEEDED "TWO SIGNATURES" TO COMPLETE THE "MOPPIN OF THEIR WAMPUM"...

OF COURSE REP. CHARLIE ROSE (d.n.c.) WITH THE AGRICULTURE COMMITTEE WOULD BE INTERESTED—HELL, THEY ARE THE ONES WHO GUARANTEED "SADDAM'S LOANS".

10. The CERTIFICATE allegedly belonging to the SHAH OF IRAN would be highly QUESTIONABLE, as JACQUELINE KENNEDY, wife of President Kennedy, TOOK "GOLD" TO THE SHAH OF IRAN ON HER VISIT—ACTUAL VISIBLE, "BITEABLE, CUTABLE GOLD"—THEN SHE TOOK A RIDE ON THE ELEPHANTS. That CERTIFICATE would be highly questionable as to its authenticity.

11. Only a damned fool would take an ORIGINAL CERTIFICATE AND TURN IT OVER TO CONGRESS as is stated in the article—or maybe that accounts for the 535 plus or minus CONGRESSMEN AND SENATORS IN 1989 TAKING HOME AT THE END OF THE YEAR—A \$2,000,000 BONUS.

12. HOW IN THE HELL CAN A "SWISS GOVERNMENT" ISSUE GOLD CERTIFICATES U.S.D. (United States Gold Trade Dollars)?! My radar would go up on that one....

13. 1+3=4...(Cheerios Numbers)—Lucky number!!! Then, Mister Buckley states that "The CIA asked the justice to ask me to back off until October 28. The CIA has been moving gold into the Fed-

eral Reserve Bank in Dallas in order to be able to back up these certificates"...? Again, CENTRAL INTELLIGENCE AGENCY (CIA) ALL THE WAY.

THE "FAT LADY" HAS NOT BEEN APPROACHED FOR THE SIGNATURES OR TWO SEALS REQUIRED TO CLOSE THIS TRANSACTION.

IN OTHER WORDS: "IT AIN'T OVER UNTIL THE FAT LADY SIGNS" and, "H.T." SAYS: "THE BUCK STOPS HERE"....

Wow, what a sweet one if they could pull this off, but they CAN'T. THE ORIGINAL DOCUMENT IS OUT OF THE COUNTRY AND WITH ALL THE FIELD PUNKINS STINKING LIKE HELL IT JUST DOESN'T LOOK LIKE THE "OCTOBER DEAL" WILL BE CONSUMMATED. Lloyd Bentsen KNOWS all about this. So does JIM WRIGHT, PEGGY BATES and MARION AIKEN aka Aikens—ALSO CIA.

We have all been hearing about the "FAT LADY" on little messages passed around on television—but, remember—THE FAT LADY HAS NOT "SIGNED ANYTHING"—NOR "HAS ANYTHING BEEN

SEALED TWICE" which is all that would warrant that MOVEMENT OF GOLD.

Have a nice day—but your story is like a sieve—it won't hold water.

P.S.: THE "FAT LADY" wrote to the two nice kids in Washington and offered to assist them—seeing that the Republicans in Congress are such asses and refuse to allow them to get the "Campaign Pledges" or restoring jobs, Health and Welfare Programs, Educational Programs, etc. GOING. SO, THE FAT LADY OFFERED ASSISTANCE...THE LETTER IS RESIDING IN "THE WHITE HOUSE".

## Alarming "New" Earthquake Projection From Cal Tech

5/13/93 #2 CERES 'ATONN

### EARTHQUAKES PROJECTIONS

A caller last evening reported that he was at the Disaster Communications Commission of the Sheriff's Dept, L.A. County Tuesday evening (May 11).

They have been given a report from Cal Tech that Cal Tech is re-evaluating its stance on the upcoming earthquake situation to a shortened projection to reflect WITHIN (any moment) onward from last October (1992), centered in San Bernardino, there would be a major (over 6.7) quake. That would probably cause about forty to fifty THOUSAND deaths and that quake would then progress up the San Andreas Fault, possibly to some point north (at least) of Los Angeles and a possible second quake of 7.5 to 8 would occur. Anything following that second quake in the area would be IN EXCESS OF 8.

The problem expressed by the Sheriff(s) is that the Sheriffs' budgets are being cut by Governor Wilson, in the State, almost 25% (of current budget) and would eliminate a lot of the Disaster Preparedness programs, including all drug investigation programs, all crash units, and anti-gang units in

L.A. County as well as the closure of 3 to 6 stations and 3 jails.

In ending the conversation the Sheriff said that following the cut there will be no more misdemeanor arrests made in L.A. County. Anything over four hundred dollars would be "looked" at, but they probably would not arrest or keep anybody with ANY misdemeanor problems—THAT INCLUDES DRUNK-DRIVING.

And so, how is your day going?

## Randy Weaver Kevin Harris Trial Update

5/13/93 #2 CERES 'ATONN

May we now offer you an update on the Randy Weaver-Kevin Harris trial, Day 16. The following comes from our friends on site at the courtroom: Keep America Free, American Patriot Fax Network.

QUOTING:

**FOR IMMEDIATE RELEASE**  
**RANDY WEAVER - KEVIN**  
**HARRIS TRIAL**  
**DAY 16**

(BOISE, IDAHO): Today before the jury and witness were brought in, Gerry Spence stated the first order of business. Spence told the court that it was an important day in his life. He was wearing his first pair of suspenders, as his son Kent didn't think that he should spend so much time pulling up his pants—now things are going to be different.

He stated that defense had written a letter referring to case law setting out what they want to find out about the FBI files that have been argued about many times. He had received some response from the prosecution just moments before, that seemed to be telling the defense to go to HADES, he asked the Judge, "What shall we do?" The prosecutor responds that he realizes that they want the files of every agent involved. He claimed that the scope is very broad. He didn't intend to comply until he was shown some authority.

Spence said that he is like a dog chasing his tail; he was tired of chasing his tail and not being able to catch it.

The Judge stated that he would have a look at the issues, and questioned the timeliness of what was going on.

Spence stated that their original letter was last November, and they were asking again. He wanted to know if last November was too "early" or if now was too "late". Instead of demanding the files as before, because the prosecution claimed they weren't allowed to see them, he has now given them interrogatories. The prosecution can examine the files and give answers. Spence stated that from the fire in the eyes of the prosecutor, there must be something in the files that is damaging.

Spence stated it was the first he knew of that a Judge's orders had been ignored with no repercussions. Spence stated that the authority that the prosecutor wanted besides the cases that he had offered is the Judge's previous order.

The Prosecutor says that he had filed a motion for a protective order against providing the files.

The Judge will **STUDY** the issues.

The next issue Spence brought up was the issue of the Pin Registers, and stated he was again chasing his tail. It seemed no one knew where they were. This morning he was given copies of the application of the U.S. Attorney Ellsworth requesting order to use them many months ago. Ellsworth was on the stand 2 or 3 weeks ago, and no mention was made of the Pin Registers then. Spence noted today while Roderick was the witness, he wanted them to cross examine him about them.

Prosecutor said he didn't know where they are.

Judge stated that he now knows where they are. They are stored and sealed and the court is

the only party that can release them.

Spence asked the Court for the Pin Registers.  
**JUDGE DENIED THE REQUEST.**

The Jury and Witness were brought in at 9:00 a.m.

Spence asked Roderick about his counter sniping training, asking if it was not true that one of their snipers can hit a 1/4 inch target at 200 yards? Could he (Roderick) shoot that good? Spence questioned him about all phases of his training. Did any of his training include being taught how to conduct peaceful negotiations as one human being to another human being?

Spence asked Roderick if he thought he was a normal human being? He did not answer. Spence asked if he had ever made an attempt to talk to Randy? He stated that he had not. Spence asked if it ever occurred to him that if he used 1% of the effort to talk as one human to another that he was using for trickery, that he might accomplish something useful? Prosecution objected, Judge sustained and question was not answered.

Roderick knew that people were going to the Weaver's to look at property, and Randy was being friendly and helpful. That was when he drew up the plan to send his marshal to pretend to be a potential buyer.

Their 160 hours of video, edited to 2 hours, shows the Weavers with guns, everything else had been edited out. Spence stated that if they put a camera by the restroom and only turned it on when he went to the restroom, then they could show and claim that the only thing that he ever did was go to the restroom.

Set upon the floor in front of the Judge is a model of the mountain area around the Weaver property which is about 20 feet by 20 feet. It has been used all through the trial by everyone including Roderick as accurate. When Spence pinned him down about something related to it, he stated the scale was wrong. Spence asked him how come it only became inaccurate when he asked questions?

Prosecution used 1 1/2 days to question

Roderick and the Judge told Spence that he was wasting time in the cross examination. Spence said he deserved as much time as the other side. Judge stated: "I make the Judgements!"

Roderick stated that one of his proposed plans to force Randy out was to cut their water line and forbid all friends to take supplies to them.

Roderick had learned that the Weaver's religion considered a female to be unclean when having her menstrual cycle. They would spend that time alone in the birthing house (a small building that the Feds stole Sammy's body from). Roderick had devised a plan to attempt to sneak into the birthing house and "capture" 16 year old Sara while she was there alone and turn her over to the County Sheriff—he doesn't recall if the sheriff agreed to do so.

These government witnesses have selective recall. If the prosecution asks them anything they can always recall as if it happened just 5 minutes ago, but when the defense asked something and they didn't want to tell the truth and were afraid that they might be caught in a lie—they "CANT RECALL".

They didn't use "kidnap" as if for a human, but "capture" as if for an animal.

Sara did not have any charges against her but that never entered the picture.

I will send this document of some of the options tomorrow.

Another option showed every member of the family as "TARGETS" including **7 month old Elisheba**.

Jose Antonio Perez, Chief U.S. Marshal Service Enforcement Division, the Number three man in the Marshal Service under Janet Reno was the next witness. He only answered the questions that the prosecution wanted answered today.

The Defense will start on him tomorrow morning.

END OF QUOTING; TO BE, OF COURSE, CONTINUED!

## RTC & George Green Assaults On Ekkers

**5/13/93 #2 CERES 'ATONN**

**FAIR AND "JUST" SYSTEM?**  
HMMNNN!

Is it different [from Randy Weaver-Kevin Harris trial shenanigans] with the Ekkers under assault (oh indeed, still in progress) from the RTC? They are trying to FORCE Ekkers to drop ALL CHARGES AGAINST ALL PARTIES PRIOR TO ANY INVOLVEMENT BY THE RTC—RIGHT BACK TO THE

"NO SALE" AND SANTA BARBARA SAVINGS & LOAN. WHAT ALL DO YOU THINK THEY HAVE TO HIDE?

But, now we do have a bit of an addition from yesterday afternoon (May 12)—a most interesting phone call from a precious friend, Emily. George had sent her "papers", etc., but she couldn't locate the proper address. So Emily had called GEORGE GREEN (to get the address of America West) immediately prior to her call to Karen at the office.

She got George Green on the other end of the phone. She told him, since he answered the phone, to "lay off E.J. and Doris". He said, "What do you mean lay off?" She said, "They didn't do anything wrong to you. They didn't sue you, you sued them. You won't even show your face in court." He said, "Why should I? I am being sued by them." She then asked, "Well, what about the gold that you've taken?" He said, "**Well that is mine! I gave them three checks—one for \$125,000, another one for around \$100,000, and another one for a quarter of a million dollars.**" He repeated: "**THAT GOLD IS MINE BECAUSE I PAID FOR IT AND I HAVE THE CHECKS TO PROVE IT.**" Emily responded: "What do you mean? There weren't any checks for you to prove this!" He said, "**How do YOU know, YOU haven't seen them.**"

Emily told him: "**They didn't sell you any gold. You were supposed to keep it for the people!**"

**HE SAID: "WHAT DO YOU MEAN 'FOR THE PEOPLE?' THAT WAS DORIS AND E.J.'s GOLD."** Emily repeated: "No, that was for the people to keep." George continued to disagree until such time as Emily "hung up on him".

She also said when commenting that she would place this into writing in her own hand (this was directly transcribed from an audio taping of the phone call so it is first-hand), that George spoke to her and DID NOT EVEN KNOW who she was—he never asked her name and she didn't give it. He did say, in addition, that "I'm not CIA," but she said she felt "He was not the same George Green that she spoke to quite a while ago." She said, "If I didn't know

what was really going on, I would probably believe him because he sounds so calm and so convincing."

Indeed, chelas—**YOU'RE AN ENEMY IN SUCH HIGH STATUS ALWAYS DOES!!**

These encounters, as a matter of fact, always leave you wondering if indeed it is not self who has gone totally BONKERS!

This is "why" you must petition hearing as "Corporate" entities—for "citizens" no longer HAVE RIGHTS nor HEARING in any of the injustice non-just courts!

It is not such a matter of being able to CHANGE, greatly, anything—it is simply a matter of ability to "SURVIVE" and be left alone to do our work and live.

GOD WILL NOT FORSAKE HIS PEOPLE—SO, PLEASE, DO NOT FORSAKE GOD! IT IS YOUR CHOICE AND NOW YOU CAN SEE WHAT HAPPENS WHEN THE PROTECTION IS SENT FROM YOU—GEORGE HAS GONE EVEN FURTHER—HE HAS DECLARED WAR ON GOD HIMSELF. MOREOVER, HIS OWN MANIPULATORS WILL DO THE DESTRUCTION AS THEY ABANDON HIM TO HIS OWN MISERY AND "THEY" SEEK SECURITY AND SAFETY WITH THE BEAST. IT IS WORTHY OF THOUGHTFUL MEDITATION.

\* \* \*

I want to leave this writing with another couple of Little Crow's speakings:

### CHANGE:

*If we live our lives in that historical past of HOW IT USED TO BE, then we invite disaster because we offer no flexibility. (6/30/91)*

### ALSO ON "CHANGE":

*The struggle within us is to not let it go, to not want the change to happen, to hold on somehow, to keep putting on band-aids somehow, to stem the flow of change, to stem that flow of this civilization ending as it should end, dying as it should die, going its own way and going back into the process of regeneration and rebirth—re-emergence. We are fighting it tooth and nail. We are fighting it hanging on and scraping our nails against the chalkboard, and they are dragging us, kicking and screaming, into the vortex of change. (8/5/90)*

AHO! LEAVE THE WISHING, FANTASTIC LA-LA LAND AND SUGAR-PLUM FAIRIES, CHELAS. **NOTHING—NOTHING WILL EVER AGAIN BE AS IT "WAS" NOR EVER AGAIN AS IT "IS". WHAT "SHOULD BE" IS NOT AND THEREFORE YOU ONLY HAVE WHAT IS. DEAL WITH IT AS IT "IS" WITH THE TOOLS OFFERED AND YOU SHALL PREVAIL—BUT YOU WILL DO IT!**

I shall use a lot of the Wisdom of Little Crow, my brother—MY TEACHER! He brings facts into reality.

These quoted today are from his small book just released: *FROM THE GATHERING, The Wisdom of Little Crow* (One World Publishing, P.O. Box 9148, Fountain Valley, CA 92728; \$12.95 each softbound, \$29.95 each hardbound, plus \$1.50 postage.)

Dharma gives him the greatest honor of all as teacher, guide and FRIEND. She claims he has taught her the very most precious things of this journey—**NOT BY ANSWERING ALL THE QUESTIONS SHE PILES UPON HIM—BUT RATHER, BY NOT ANSWERING ANY OF THEM!** Think about it! Salu. Ceres to clear.

# Birthing Contractions Of A Natural Planetary Renewal

**5/14/93 SOLTEC**

Good evening, Toniose Soltec present, in the Pure and Radiant Light of Holy God. The Divine Plan of Creation continues, unceasingly, ever in-breathing and out-breathing, in the endless cycle of life and all things in the Universe conform to this Law of Creation—there are no exceptions. Your world, planet Earth-Shan, being one part of this creative cycle, likewise conforms to the natural laws. You may deny and denounce the natural laws as being archaic and superstitious myths, yet the denial or denouncement does not exempt any from the law—it merely means that you shall exist in ignorance and darkness. For the separation from God rests fully with you, not with God. It is impossible that God could separate from that which He created for it would require that God sever Himself.

Denial or rejection of Truth does not negate the validity of The Truth, nor cause it to be ineffective. The Laws of God are unchangeable constants, though from the human point of view, the Universe in which you exist is ever changing. The reason is that Creation is in a continual state of out-breathing, growing, changing; yet the Law remains ever constant. Is it a riddle? There are no riddles with God. It is only a riddle because you are viewing it from the limited perception of your veiled experience.

Earth-human views life as a span of something in the neighborhood of seventy years — yet life is ongoing, unceasing in the same manner as Creation itself. From your limited vision, life cannot be fully understood. It never ends, but goes on for as long as Creator creates the physical Universe. Even when the creation process of the physical Universe seemingly stops, life merely rests for a period of time, then the cycle begins all over again. Life has never stopped existing.

Death, then, is merely the rest cycle through which physical life must pass before the cycle begins anew. It is not the ending of anything, but the real beginning of life.

Is death then, something to be sought

after? Of course not. Life is the outward expression of the Creator. But death should also not be feared, for you do not cease to be and you will again return to the physical dimensions to continue as an integral part of the creative cycle.

When a person passes from your dimension through the doorway of death and does so in fear, that fear goes with the soul and makes the journey more difficult. You ones have been so misinformed about the passage from physical existence that you live your lives continually struggling against the Natural cycle. Please do not misunderstand, I am not glorifying death. I am merely trying to show you that it is all a part of the ongoing cycle of Creation.

You should live your physical experiences with all the vigor and joys that are possible in this dimensional presentation. Treasure and preserve the time you spend in physical expression for these are the times in which you truly grow in ways not otherwise possible. And your growth, because you are an interconnected part of Creation, is additive unto the rest of Creation. You see, you are not so insignificant as you might have thought.

Now, on to Earth Changes. Yes, there are plenty taking place around your globe. You ones may not have had your long-awaited "BIG ONE" last week but your world has certainly been a busy one these last few days.

There was an earthquake in the area of the Philippine Islands this past week which, on your scientists' scales, measured 6.6. This part of your world experiences some sort of seismic activity on a daily basis so the occurrences are seldom reported by your media. Daily earthquake reports, unless there is some loss of life or destruction, would not make for money-making news reports. You ones would grow too weary hearing of it day to day, just as your world grew bored with the situation in Waco, Texas after only 51 days.

Many of the news stations packed up and left after a couple of weeks because the viewers lost interest in the event. Everyone wanted to see some kind of

"Old West shoot-out", I suppose, and when this did not take place, viewers became bored and turned back to the violence, lust and excitement of movies and soap operas. Your world has come to believe that Hollywood-make-believe is real life and, when real life does not measure up, you are disappointed and you lose interest. You want to see something exciting happen and, when it does, you rant and rave and carry on but do nothing to change things.

The same is true with the Earth Changes that are occurring on your world. The hurricanes of last year were great media blitz events and you ones sat glued to your television sets watching as hundreds of families were traumatized. During your Gulf War you sat, daily, watching the missiles blast Baghdad but, when you saw the death and destruction, you were sickened.

**Earthquakes that just shake things up a little bit are not hot news items and you will be kept in the dark. The truth of the matter is that these little shakers are ongoing constantly and are harbingers of greater events. If you were truly educated properly, you would recognize what was on the horizon!**

Again, Alaska has been shaking with two quakes in one day in excess of 6 points on your Richter Scale. And Northern Arizona, since the two quakes in April, has been elevated to a Level 2 Earthquake Zone, on a scale of 1 to 4, with California being a level 4. There have been no less than 30 tremors per day since the two April quakes near the Grand Canyon. And, in Iran, there is a volcano erupting.

Just this very day there were two moderately strong earthquakes which occurred in Southwest Mexico, along the coast of the Pacific Ocean. These shakers were measured in the range of 5 and 6 on the scales. This occurrence, as well as the ones in the Philippines and in Alaska, are all part of that active Pacific Plate moving. As we have spent the last months telling you, the activity all across this Plate is only going to increase in the coming months and will, in turn, spur

activity in other places across your globe which have not known seismic or volcanic activity in your times.

**Your Earth is like a woman about to give birth and her muscles are beginning to have those early-on contractions, preparing her for the birthing event. That which she is going to give birth to is a renewed, reborn world in which all will be changed and life will once again flourish in harmony, understanding and knowledge with its surroundings.**

So, that is what is happening that the Elite Controllers are not telling you. There are so many things occurring on your world—things that your scientists are not about to tell you. **While the planet is preparing for the new life which is now deep within her womb, the Elite are attempting to abort this new life.** The Elite know as well as do you that your planet has entered a cycle of change. They are also very well aware of the consequences of this event and know that it heralds the finale of this particular cycle of time for your planet. Their goal is to win the planet for their own pleasure and greed and it matters not to them how they accomplish this goal so long as they are the winners.

Fortunately, God has other plans for your world. The Adversary, however, is very powerful upon your planet and his empty promises are very seductive to those who believe the empty lies. **The Truth**, you see, is less desirable to the greedy for in **Truth** there is no greed for possession or control. That is the reason that the adversarial forces are struggling so against you who are trying to bring the **Light of Truth** into the world. The **Light of Truth** will reveal that which has been hidden in the darkness and you are beginning to see these lies and broken promises for what they are.

As The Light grows ever stronger and more powerful, it will illuminate even the darkest corners and closets in which all the lies and hatred have been hidden. You are making a difference, for conspiracies are being revealed and more shall follow so long as you do not let up in your battle against the darkness. This little publication is making a mark upon your world—bringing **The Truth** to those who have known for so long that there was a different way. You are bringing to the forefront the knowledge of what the so-called leaders of your world have done unto you. You are educating people in **The Truth** of science and revealing to them the changes your planet is undergoing. You are showing them that the Natural Order—the Natural changes are not to be feared; yet, you are also showing them that not all they see is of Natural cause. You are also showing them

how to tell the difference.

Is it not time for such things to take place? Is it not time for The Light to shine forth upon your world? Is it not time for Truth? When ones come against you, know that you are right on target and right on the mark, for it is only when **The Truth** strikes a sensitive spot that the adversary will flinch. Judging from all the troubles that have befallen many of you, you must be doing something right!

Very little has ever been gained on your world without a struggle and this is no exception. The only difference is that this time the future of your world is at stake.

**You may not realize it but your planet is a focal point at this time because of your nearness in time to the point of transition to the next level of expression. Upon your world's transition hinges the transition of many other worlds. Do you ever wonder at all the ships that you see every day?**

There will be much rejoicing in Heaven on the day when this transition into The Light takes place. Likewise, there will also be much weeping in the darkness by the Adversary for his time of influence and control over your world will have ended.

Just as your planet has undergone change a thousand times before, it shall again. No, it is not an easy time in which you live, yet it is one of the most exciting times you shall ever know. You stand at the doorway of a great event and you shall grow bountiful from the experience for there are a myriad of lessons that you are learning from your experience in this cycle of life.

So, as the storms blow over you and weather patterns seem out of season, and earthquakes shake your planet, and volcanoes spew forth the promise of newly created life, keep in your hearts and minds that God is not asleep at the wheel. There is a Divine Plan in action and you, Chelas, are part of that Divine Plan! Someday, you will come to understand these things more fully and the veil of darkness shall be lifted as you look up and see the expanse of Creation as it truly is.

Hold tight to **The Truth** and keep pushing outward into your world with the Light of Holy God. Together, we shall get there!

Let us draw this to a close. The Host of God is always present with you, keeping a watchful eye upon that which is God's. I leave you with the radiance of Light and Truth.

Toniose to clear. Salu.

## BALANCE

Somebody tried to tell me that my sacred hoop was just like a cross. I told them that the cross was just like my sacred hoop.... You just extended one of the directions, that's all, then you put it out of balance.... At least my hoop is in balance.

— Little Crow, 3/3/91

And since all of you ask over and over "What can I do?" I offer the following, also from Little Crow. He seems to be able to say things in a tenth of the space I have to use to be heard.

## RESPONSIBILITY

....it is where we have emerged. We have come to the top of the earth. We are to be here. We are to remember our responsibility. We are to take care of it in such a way that it will not be necessary for us to go back through the hole to escape the destruction which we allow to happen if we do not speak on behalf of those who shall come after us, if we do not act on behalf of those who shall come after us. If we do not do something to change the course of history, first within ourselves, we will then note the change of history outside of ourselves. For it is the seventh direction, the direction **within ourselves**, which must be mastered.

Next, because I am going to give you "Christians" a real shocker, I shall give you a couple more concepts of our Native American Teacher:

## REGARDING "CHRIST"

RE: THE PIPE—The Chanunpa (pipe) is my connection to the Creator. The Sacred Pipe...it's a symbol for me and it keeps me mindful. But if the Pipe isn't where I can see it or where I can think on it, the next, the very next thing that connects me to God, **to the CHRIST PRINCIPLE or THE CHRIST CONCEPT or however you want to say it, IS WHEN I LOOK IN THE MIRROR.**

— Little Crow, 6/12/91

and

## REGARDING POWER

We are many, many people and yet we are one. What we do today with our thinking, what we do tomorrow with our thoughts, what we do with our actions and our interactions with people determines the course of the universe itself. You are not powerless. You are not without power.

— Little Crow, 2/3/91

(From: FROM THE GATHERING, The Wisdom of Little Crow. One World Publishing, Fountain Valley, CA 92728. If you wish to contact Little Crow personally, you can reach him through the American Indian Unity Church, 13671 Glendora Avenue, Garden Grove, CA 92643 Tel. (714) 638-8116).

## WARNING TO AMERICA'S CHRISTIANS! WILL YOUR CHURCH BE NEXT?

The following is interesting in that the term "Christians" is going to represent a very diversified set of "groupings". It will ultimately be that ANY so-called religious group regardless of labels and doctrines (all pro-GOD groups) will fit into the SAME CATEGORY set by the Anti-God for extinction! You had best HEED THESE WARNINGS FOR, AS YOU LOOK AROUND YOU, YOU SHALL SEE THAT IT HAS ALREADY MOVED INTO FINALIZATION OF EXTINCTION PLANS.

QUOTING:

## C.I.A. ORDERS ARREST AND EXECUTION OF CHRISTIANS IN THE U.S.

On the afternoon of April 7th, [in the last decade], somewhere in the Washington, D.C. area, I spent four hours at a very secret meeting with people who were risking their lives by being there. [C: Therefore, this writer shall remain without presentation so that he can "write again". If you do not begin to protect your writers and speakers, you have no hope of survival. If you allow such dastardly projections on ones such as Dharma to sweep through your lands (by ones you believed, even, to be your friends and colleagues) you shall fall,

America, and World.] There was a general from the U.S. Army, a Colonel from Military Intelligence, a Colonel from the U.S. Marines, a U.S. Senator, three members of the C.I.A. and a person of very high rank from the M.P.s.

The meeting produced the following information: I was shown two documents stamped **Top Secret**. One document was signed by President Reagan and the other was signed by William Colby. Both documents referred to the Christians as **"THE DISRUPTERS"**. The C.I.A. document was to the Pentagon and stated that the **official Department of Justice's (F.B.I.) terminology for CHRISTIANS would be "THE DISRUPTER'S MOVEMENT"**. The William Colby document proceeded to outline a plan for the **arrest, execution, or mental rehabilitation of ALL DISRUPTERS!** The Plan proceeds as follows:

**Stage one:** to terminate with extreme prejudice (that means to kill in cold blood) all disrupters who are publicly interfering with **"Operation CablesplICE"**. (Operation CablesplICE is the plan to take over ALL municipal, county and state governments into one federal government and then to a world government.)

**Stage two:** to arrest, either on criminal charges or on mental inquest warrants, all disrupters who **jeopardize** Operation CablesplICE by their **fanatical religious life-styles** and/or their **emergency preparedness** which would **enable them to live outside of government direction and aid. Some stage two disrupters will have to be TERMINATED as they can't be rehabilitated.**

**Stage three:** to arrest on criminal charges or mental inquest warrants **all those who have listened to and followed the collaborators and infiltrators.** Plus the arrest of all collaborators. The confiscation of all wealth and property, for it is estimated that half the wealth in the U.S. is in their hands. Stage three does not apply to infiltrators or government agents.

**Stage one is under implementation now.** For more information on things that came about in this meeting I urge you to order.... [C: Well as we reach this point in this "release" we find that you are asked NOT to order the material but rather, to simply distribute this—BUT NOT TO MEDIA. I note that you are told that "if" you want further information on this

subject and on Concentration Camps, there is material available. I, however, will NOT give it here for it is information certain to bring damage. You can, however, do a little sleuthing and find out what is available on a project called: GARDEN PLOT.]

**Did federal agents DELIBERATELY INCINERATE men, women and children at the Waco, Texas burn-out on April 19, 1993?** Well, this document provides material support for THAT contention and shows that it is **official government policy**, (although still covert at this time) **TO KILL MEN, WOMEN AND CHILDREN if THEY HAPPEN TO BE CHRISTIANS OR OTHERS WHO REFUSE TO RECOGNIZE GOVERNMENT AS THEIR GOD!** Now you know **WHY THEY WERE INCINERATED** so you Christians and others who believe in the freedom of American Life under your Constitution and religions had better conduct all of your future affairs **WITH THIS DOCU-**

**MENT IN MIND.**

END QUOTING

\*\*\*

So, I am continually asked how do YOU dare? We do NOT do anything against the government or the laws of the land. We are not "subversive" in any manner whatsoever. IF YOU THINK THE MARK OF THE BEAST MEANS THE THINGS PLACED UPON YOU IN THE PHYSICAL FLESH—YOU ARE **WRONG!** For goodness sakes, children of God Creator, YOUR CONNECTION WITH GOD IS WITHIN!! WHY WOULD YOU FORSAKE THE WONDROUS GIFTS OF GOD TO MAKE SOME STUPID STATEMENT OR ACTION WHICH WOULD CAUSE SEPARATION FROM THOSE THINGS OF GOD WHICH CAN KEEP YOU **FREE?**

you. False teachings are as deadly as any other kind of ammunition—especially if spoken as a leader in the guise of "Christian" or any other label which is misrepresented in fact and truth in KNOWLEDGE. Ignorance kills more goodly people than even "good intentions".

**AH, BUT YOU SAID—!**

So I DID! But now you face the **"FREEDOM OF WILL" individual**. God does not turn from ANY man but allows all men to each find Truth and direction—sometimes it is a very difficult journey and a massively horrendous LESSON in "map reading". Unfortunately, a man becomes judged by his peers BY THE COMPANY HE KEEPS AND THE THINGS HE ADVISES. For that reason, little discerners, God says, **"DO NOT JUDGE"** for you know not "another's" contract—BUT KEEP AWAKE SO THAT YOU CAN BE INFORMED AND KNOW!

How can we continue? Because we DO NOTHING, have nothing and ADVISE NOTHING which would bring need for the adversary to find cause for physical destruction. The adversary, instead, sends ones such as George Green, etc., against us to effort to destroy from within. Well, YOU CANNOT DESTROY GOD FROM WITHIN! You can send spy after spy and inspector after inspector—and they shall find nothing except good business according to the laws of the land, integrity and open business concerns.

Further, "they" even like and respect me and my crew (wherever you are) for we are sending forth The Truth—BUT THEY KNOW FEW WILL ACCEPT IT AND EVEN LESS WILL ACT ON IT. Their assumption is that when all is said and done—we will simply have saved them from the trouble of getting you informed.

My mission is to gather God's property and people—not the myriads of ones who THINK THEY FOLLOW GOD BECAUSE THEY LISTEN TO THE TEACHINGS OF A PREACHER ON SUNDAY AND TAG ALONG AFTER A CHRISTIAN-CALLED PERSON SUCH, EVEN, AS A BO GRITZ. THEY DO NOT TEACH TRUTH OF FACT IF THEY TEACH ANYTHING HUMANISTIC OTHER THAN THE WONDROUS CREATION IN PERFECTION AND REVERENCE WITH **TOTAL RESPONSIBILITY OF INDIVIDUAL FOR ACTIONS AND INTENT.** THAT can only come from the individual entity—SELF.

As to advice givers—you must study that which is "working" in protection and that which isolates you and calls ATTENTION to self. Even Col. Gritz—less than a year past—denounced "trusts", etc. Now he touts them and sends business into the circles where he too shall gain reward in monetary return in some circuitous routing or another. Could it be that his co-

# What On Earth Is Bo Gritz Up To?

**5/14/93 #1 CERES 'ATONN**

**WHAT ABOUT BO GRITZ AND HIS NEW TEACHINGS?**

Well, I didn't think you would notice that he has "new teachings" but I am pleased for your attention and inquiry.

Let me remind you, however, of a couple of things first. I have warned you about getting sunk into expensive "trusts" and to be very, very careful of WHO you do such business WITH if you choose to "in-spite-of" go THAT ROUTE. I also remind you that to renounce your "citizenship" in the U.S. and go with isolating self and projecting yourself as a MAJOR TARGET as ONLY STATE CITIZENS, ETC., **WILL MAKE YOU THE FIRST TARGETED ONES.**

I have also told you WHO is now connected with George Green in outrageous activities in which they even created an entity through a "trust" called **The Constitutional Law Centre (in the same building as houses the Constitutional Law Center, Inc. — the genuine Center).** I have also told you that ones, Gary Anderson and George Green, have done this and HAVE DIVERTED FUNDS THROUGH CRIMINAL ACTIVITIES.

Now comes a little story of a lady, yesterday! This unnamed lady called Bo Gritz

to get help with some money planning, privacy and help. BO GRITZ REFERRED HER TO GARY ANDERSON!! The lady then called Gary Anderson and his secretary (the self-same one who claimed to have nothing to do with Gary Anderson, Sylvia Koons) ANSWERED the phone. When it was established that there were no funds to be gleaned from this person, she was told they couldn't help her but she could call the Constitutional Law Center and maybe get some kind of assistance. This is a FACT, readers—valid. No, none of you (we) know this person—she had been listening and following "Bo Gritz" faithfully and knew nothing of work here or the CONTACT, etc.

I will not speak further about Mr. Gritz and/or his activities for I believe he is damaging freedom and citizens for whom he touts total loyalty. Some of the things given forth from him regarding his involvement with POW activities are not fully the truth. There were many "false" revelations which came right out of the "Los Angeles" circumstances.

But he claims to be a Christian! Do not YOU also CLAIM to be such? Does this above mean that he is EVIL? Are you? Perhaps he BELIEVES what he says to be TRUE! It is for your discernment but I believe I would be most cautious if I were

workers do this without his knowledge? Perhaps—but I personally WARNED HIM that his close workers would be his downfall and bring great troubles upon him if he failed to be aware. So it has happened. Some will do very well with the advice given in the above matters—but most will simply LOSE! Does the “rest” of the advice merit following as to preparedness? YOU must discern those things, readers and chelas, I DO NOT PLACE JUDGMENT ON ANY BEING—I, LIKE YOU, MUST ONLY “REASON” AND DISCERN IN GOOD “JUDGMENT” OF ACTIONS.

There is very definitely a place for the valid use of “trusts” but I am not here to give you a lesson in same. I AM here to warn you that the persons involved in THIS operation with ones named above—ARE VERY DANGEROUS TO YOUR ASSETS.

By the way, I am not here to SAVE ANYONE! YOU will save self if it be your choice. I am not even here to SAVE your Constitution and/or nation(s). The adversary and his tribes shall be left to him, good friends. There is NOT GOING TO BE SOME “RAPTURE” TO A BUNCH OF CLOUDS! Blasphemy? If you accept your RESPONSIBILITY IN TRUTH—you will KNOW AS MUCH. It is not reasonable or physically possible to float around on the clouds and in physical form—where from there? Who is going to feed you, hold you in the air—and where in the name of goodness will YOU GO? Perhaps YOU need ME and my crew, after all? Will the teachings of the secret societies and churches get you off your place?? You had best be giving it careful thought.

**I AM THE ADVERSARY'S ULTIMATE ENEMY—NOT HIS EARTH-BOUND ANTAGONIST—FOR THE ULTIMATE BATTLE IS NOT ON YOUR PLACE—THIS IS BUT A LITTLE SKIRMISH ON A GIVEN BATTLE-FIELD!** Will you be around to see the final game?

**OUR FULL INTENTION IS TO BE AROUND, WORKING WITHIN THE AVAILABLE SYSTEM—SEEKING AND FINDING OUR PEOPLE ONE ON ONE. WE ARE NOT OUT TO SAVE THE ADVERSARY'S TROOPS OR HIS OWN ASSETS. SO BE IT AND SELAH!**

Enough on this matter for it is YOU who must take information and sort it and come into balance with KNOWLEDGE. I will bear MY RESPONSIBILITIES—I WILL NOT BEAR YOURS AS YOU REFUSE INPUT.

*There is nothing so powerful as truth, and often nothing so strange.*

# Weaver-Harris Trial Update

**5/14/93 #1 CERES 'ATONN**

**NEXT EPISODE OF  
WEAVER—HARRIS TRIAL**

**MAY 11, 1993 (VIA FAX)**

**RANDY WEAVER—KEVIN HARRIS  
TRIAL**

Day 16, Boise, Idaho. MARSHAL INSPECTOR RODERICK WAS BACK ON THE WITNESS STAND TODAY. HE WAS STILL BEING ASKED ABOUT MANY THINGS THAT WERE OF NO RELEVANCE. THE JUDGE CONTINUED TO ALLOW THE PROSECUTION TO ACT IN THIS MANNER, SUCH AS: ONE DAY HE SAW A COMMERCIAL HELICOPTER HOVERING OVER DIFFERENT PARTS OF THE VALLEY IN THE VICINITY OF RUBY RIDGE. HE NEVER KNEW WHO IT WAS OR WHAT IT WAS DOING THERE, SO THERE WAS NO WAY IT COULD BE RELEVANT. HE ALSO TESTIFIED ABOUT BUYING 4 SOLAR PANELS AND INSTALLING THEM, WITH BATTERY CHARGERS, AT THE TWO REMOTE CAMERA SITES. ALSO ONE OF THE CAMERAS DISAPPEARED FROM THE MOUNTAIN.

ANYTIME THEY WERE ON THE MOUNTAIN, THEY WERE ALWAYS IN HEAD TO FOOT CAMOUFLAGE DRESS.

IN THE PLAN TO HAVE A MARSHAL APPEAR TO BUY PROPERTY ADJOINING THE WEAVER PROPERTY, THEY WOULD HAVE 5 TWO-MAN TEAMS SCATTERED IN RANDOM LOCATIONS ON THE MOUNTAIN TO BACK UP THE MARSHAL ON THE PROPERTY IF HE WAS ABLE TO ARREST RANDY OR WAS DISCOVERED. HE SENT A REPORT TO WASHINGTON D.C. THAT THE LOCAL SHERIFF HAD STATED THAT RANDY HAD SHOT AT TRESPASSERS IN THE PAST, WHEN HE KNEW IT HAD NEVER HAPPENED. THE SHERIFF HAD, IN FACT, REPORTED THAT IT HAD NEVER HAPPENED.

HE WANTED TO USE AN XR 5000 STUN GUN THAT WOULD REQUIRE EVACUATION OF RANDY TO A HOSPITAL IN SPOKANE, WASHINGTON BY THE UH-1 MEDI-VAC HELICOPTER. BY BEING TAKEN TO ANOTHER STATE, A REMOVAL HEARING WOULD BE REQUIRED, AND THERE WOULD BE NO CHANCE FOR BOND RELEASE. HE TESTIFIED THAT BESIDES THE AERIAL PHOTOGRAPHS THAT WERE TAKEN BY THE MILITARY AND THE MEDI-VAC CHOPPER, THAT THEY HAD ALSO RENTED A CESSNA 172 FOR THEIR USE.

KEVIN HARRIS' LAWYER, DAVID NEVIN, QUESTIONED HIM AS TO HIS REFERENCE TO WEAVER'S "COMPOUND" AS OPPOSED TO SAYING "RESIDENCE AND OUT BUILDINGS"? RODERICK STATED THE TERM MEANT THAT IT WAS A "DEFENSIBLE 'COMPOUND'".

THROUGH HIS SPYING, THEY HAD ASCERTAINED THAT THE YELLOW DOG SLEPT OUTSIDE, SO HE WOULD BE A PROBLEM IN THEIR NIGHTTIME PROWLING AND/OR ATTACK.

THEY HAD LAID OUT A LANDING ZONE ABOVE THE WEAVER "COMPOUND" FOR THE CHOPPER TO SIT THERE UNTIL NEEDED FOR SOME REASON AROUND THE WEAVER PROPERTY. THE CHOPPER WAS EQUIPPED WITH WHAT WAS KNOWN AS A "JUNGLE PENETRATOR", A BASKET AND HOIST DEVICE FOR RESCUE IN A LOCATION WHERE IT WAS NOT POSSIBLE TO LAND. LAWYER NEVIN ASKED HIM IF HIS JOB WAS NOT TO ENFORCE THE LAW, AS OPPOSED TO BREAKING IT. HE REPLIED IT WAS.

HE TESTIFIED THAT FROM THE HOUSE AT WHICH THEY HAD INSTALLED THE GENERATOR, THEY RAN 3,000 FEET OF WIRE TO ANOTHER HOUSE, IN HIS TERM (OBSERVATION OUTPOST) TO POWER THEIR MONITORS.

WHILE THE JURY WAS STILL OUT, AFTER LUNCH, ATTORNEY NEVIN ASKED THE JUDGE TO ISSUE AN ORDER FOR THE FBI TO TURN OVER THE CASINGS AND BULLETS THAT HAD BEEN TEST FIRED BY THE FBI ON THE GUNS IN QUESTION, SO THAT HIS EXPERT WITNESS COULD DO SOME TESTING OF HIS OWN. THE JUDGE SAID HE WOULD STUDY THE REQUEST.

HE ALSO ASKED FOR THE LOGS OF THE TELEPHONE PIN REGISTERS, BECAUSE THE PROSECUTION HAD TOLD HIM THAT NO PIN REGISTERS HAD BEEN USED.

RODERICK HAD TESTIFIED THAT THE ONLY REASON THAT HE HAD REQUESTED THE MEDI-VAC CHOPPER WAS BECAUSE OF THE ROUGH TERRAIN AND THE CHANCE THAT SOME OF HIS CREW WOULD FALL AND GET HURT. WHEN NEVIN REFERRED HIM TO THE REQUEST DOCUMENT IT WAS INDICATED THAT THE PRIMARY REASON FOR REQUESTING THE CHOPPER WAS "BECAUSE OF THE HIGH RISK OF VIOLENCE". HE ALSO ADMITTED UNDER CROSS EXAMINATION THAT BOTH OF THE EMTS WERE "TACTICAL EMTS" WITH SPECIAL TRAINING IN TACTICAL OPERATIONS.

GERRY SPENCE BEGAN CROSS EXAMINATION. HE ASKED RODERICK IF THE REASON FOR THE MEETING ON MARCH 26 OR 27, 1992 IN WASHINGTON, DC WITH 15 UPPER ECHELON PEOPLE WAS NOT BECAUSE THE WEAVER CASE

HAD BECOME AN EMBARRASSMENT TO THE MARSHAL'S SERVICE. HE COULDN'T RECALL. SPENCE ASKED IF A PUBLIC RELATION MAN HAD NOT BEEN IN THE MEETING, AND RODERICK ADMITTED THAT THERE HAD BEEN ONE IN ATTENDANCE. HE ADMITTED THAT HE AND HIS TEAM HAD BEEN LOOKING FOR SNIPER LOCATIONS IN AUGUST, 1992, JUST BEFORE THE SHOOT-OUT. THE REPORTS SHOWED THAT THE SPECIAL OPERATIONS GROUP HAD RECOMMENDED USING ARMORED VEHICLES TO ASSAULT THE WEAVER "COMPOUND".

GERRY SPENCE THEN PRODUCED A DOCUMENT THAT NOBODY HAD KNOWN ABOUT UNTIL NOW, THAT HAD A TRIAL DATE OF MARCH 11, 1991. NOW WE HAVE FOUR (4) TRIAL DATES AND EVERYONE IS CONFUSED AS TO WHICH ONE IS CORRECT. THE JUDGE RULED THAT HE WAS ASSUMING THAT THE ONE IS A TYPOGRAPHICAL ERROR AND WOULD NOT LET SPENCE INTRODUCE IT. JURY AND WITNESS WERE THEN SENT OUT OF THE ROOM AGAIN FROM 2:50 UNTIL 4:12, WHILE THE ADMISSIBILITY WAS ARGUED. JUDGE RULED AGAINST THE DEFENSE. FOR THE NEXT HOUR RODERICK COULD NOT RECALL ANYTHING EVEN AFTER BEING SHOWN DOCUMENTS.

HE KEPT REFERRING TO THE WEAVER "COMPOUND". SPENCE THEN BROUGHT OUT A DICTIONARY, SHOWING A "COMPOUND" "TO BE SOMETHING WITH A FENCE OR BARRICADE AROUND IT". RODERICK ADMITTED THAT THE HOUSE DIDN'T HAVE A FENCE OR BARRICADE AROUND IT. HE STATED THAT THE WAY THE GUNS WERE HUNG INSIDE THAT IT CONSTITUTED A BARRICADE.

GERRY SPENCE ASKED, "IF I HAD TEN GUNS IN MY HOUSE WOULD THAT MAKE IT A BARRICADE?" RODERICK REPLIED THAT IT WOULD NOT.

MORE TOMORROW.

\*\*\*

Thank you for keeping the word current and flowing. We shall do all we can to bring you ALL we receive. The further the truth can go the more likely a hopefully favorable outcome. However, it looks pretty negative for justice and freedom.

### COMPOUNDS

You MUST look carefully at terminology and the costume of the enforcement persons as well as all details of the operations which might well "fool" you. Note today that children have been taken hostage in Paris, France—BUT THE SWAT TEAMS ARE EXACTLY AS THE TEAMS IN WACO, IDAHO, ETC. HOODED AND IN

BLACK IF THEY ARE THE ELITE—CAMOUFLAGE IF THEY ARE TROOPS AND POLICE-TYPES.

Now as to "compounds"—note that constantly Cesar Chavez's offices at Keene, Calif. and Delano, Calif. are referred to as "COMPOUNDS". THAT alone is a SURE CLUE as to what is intended by the "big bad boys". Cesar was an openly practicing CHRISTIAN person who could control a LOT of people and did so. He, for years during hot attention times, had armed guards at the gate ("long arms") who stopped everyone for checking and refused entry to ones without exacting purposes. But you see, there was no obvious reason and BAD PUBLICITY to take out the Keene "compound" or the Delano "compound" for such a

loved man and friend of such families as the Kennedys and Jesse Jackson, etc. So, they kill him off away from the "compound" (his home) and pronounce it natural caused death in his "peaceful sleep". WAKE UP AMERICA!! And, moreover, if you give cause to be considered a "compound" and harbor guns and weapons against that "enemy"—expect to be treated accordingly!

You do not have to turn away from God to live within the system and, until you learn as much—watch out for your life for you had best get RIGHT WITH CREATOR, one way or another.

I need to let you go now, Dharma, for other duties are urgently calling. Thank you.

To clear, please.

# Nevada Corporations

## NEVADA CORPORATIONS AND THE IRS

One of the more frequently asked questions that we receive is: What is the responsibility of my Nevada Corporation with respect to the IRS? Well, for those of you who are familiar with the Internal Revenue Code (Title 26) and its definition of "United States" you would realize that none of us as individuals, are even living in the "United States", unless of course you were living in Washington D.C., Guam, Puerto Rico, or the Samoan Islands. Likewise, Nevada Corporations are "foreign" with respect to the IRS. The only corporations that the IRS has jurisdiction over are federally-chartered corporations. So, for those of you who may wish to challenge the IRS, you do have the support of their own code to rely on.

We, however, recommend more effective ways of legally eliminating a corporation's tax liability without challenging the authority of the IRS. Good management of a corporation's revenues will put your corporation in a position where it may have none (or very little) taxes due. Now, remember that in Nevada you do not have the added burden of a state corporate income tax, where most other states do. Anyone living anywhere in the world can take advantage of this tax advantage in Nevada by incorporating there.

Unlike you and me, a corporation gets to choose when it is going to file its income taxes. So when the mad rush of April 15th is coming up for all of us, our corporations may have any month

throughout the year as its designated Year End. That Year End is first chosen when the corporation gets its tax ID number with the IRS, and tells them which month they have chosen for their Year End, which is also known as the Fiscal Year End. So, what happens if a corporation never gets a tax ID? Well, that corporation is considered to be an active corporation with respect to the State of Nevada, but the IRS has absolutely no record of that corporation. That corporation could actually be the owner of real estate and never be required to apply for a tax ID number with the IRS.

Once your corporation has completed its first year of activity, it will be time to file its tax return with the IRS. On the 15th day of the third month after your corporation has completed its Fiscal Year its tax returns are due. Form 1120, or the short form 1120-A, are filled out and mailed in and your annual corporate filing is complete until the next year. These forms can either be completed by you or by a CPA, depending on how involved your corporate business activity has been over the year.

Many corporations that Corporate Advisors has helped to set up are not "active" corporations. This means that those corporations generally do not have income coming in. These corporations are often involved in real estate holding for the main purpose of protecting property. So, if your corporation is in this classification, there are ways of getting around the annual filing requirements with the IRS.

What you can do with an inactive

corporation is to write a letter to the IRS telling them that your corporation is currently inactive and does not have any income. We have found this to be an effective way to get the IRS to leave a corporation completely alone. After letters like this have been sent, we have gotten responses that have read: "We have noted on your account that your corporation is temporarily inactive. As soon as there is business activity in the future, whether producing a profit or a loss, you will need to notify us immediately so that your corporate account can be reactivated."

The IRS won't always give out that response, and then it is necessary to file form 1120-A with zeros in the income categories and write right across your form that this corporation had no activity. This way also sufficiently handles their filing requirements. A note to keep in mind with corporate taxes is that the audit rate on small corporations is only about 1%.

So, whether your corporation is active or inactive, it is important to handle your corporate taxes properly. The best protection from any IRS exposure is simply to not stand out to attract attention. Remember that matters of corporate taxation which are not clear should be taken up with an experienced CPA.

# When War Is Declared On God Or His Team (Heaven Help Green & Gritz)

**5/15/93 ESU IMMANUEL  
SANANDA ("JESUS")**

Thank you for responding, Thomas, these matters must be addressed. I am Sananda, and I come AS LIGHT WITHIN THE LIGHT OF THE MOST HIGH AND HOLY GOD OF LIGHT — ATON. LET THERE BE NO QUESTION AS TO WHOM I SERVE.

When you declare war on GOD, you declare war on ME — for MINE FATHER AND I ARE ONE!

It is becoming most clear now as the sorting continues. The wheat and the chaff shall be separated before the final bell.

One George Green attempts to sue Me in a court of injustice? My my, I pity man in his foolishness for in the end it is the adversary who does himself in, every time. All you need do is to watch carefully the signs and clues laid before your very feet. When efforts are made to interfere, disrupt or destroy God's Plan, the answer shall be sure and swift upon man's head. You shall witness the circling back in fulfillment of The Law. That which is sent out returns to thee, multiplied. Has it not been said countless times to you ones of deaf ears?

And now one Bo Gritz has de-

clared his battle with God. When will man awaken to his own ego? I tell thee with full authority, if you believe on blood and redemption you have accepted the very adversary to God as your salvation. I, Esu Immanuel SANANDA died not for your sins. I did not die on the cross at all, and I certainly was not placed on that cross for your sins. If you believe in blood, it is evil itself. God is LIGHT AND LIFE AND FULFILLMENT OF THE PROMISE WHICH IS GLORY ITSELF! Those who speak of believing on blood ARE LIARS AND DECEIVERS AND THEY ARE NOT OF ME!

God is unbending, absolutely unbending. Those who choose to take up arms against God are the most foolish of all for it is they who shall not only fall long and hard, but they shall have a very, very long journey back. Be ever mindful of your own journey, beloved ones of mine, for you know not the contract of another — and the lessons placed before you shall serve as example unto the many. Be wise in your lessons. The ego and pride shall always come before the fall.

Does not your adversary know you ones of LIGHT and who are the servants and who are not? Have they not known this for some time?

Why think ye they have labored long and hard and singularly in their goal toward global control? They have placed ones in your midst that you know not. Would you have believed as recently as two or three years ago those things which come into your attention this day? Each is revealed in its proper time. The adversary shall rue the day that battle against God and the Host was declared. So be it.

We do not need weapons to do battle with evil, for evil will always do itself in. Evil will always get greedy, or deceive and forget which deception was put forth, or will be boastful. The examples are endless. Those of honest intent and purpose who act with integrity have nothing to fear — even if it appears otherwise in your courts of injustice. Know that God wins, and there shall be many battles upon this place before all is said and done.

Won't you linger in the garden with me this day?

Be at peace for the journey is long and difficult; remember always that you walk not alone and you are greatly loved, more than you can know upon that place of experience.

Salu.

# The *Real* Bo Gritz

(Continued from Page One)

can no longer keep it covered up. The Church of Satan is one of the official religions recognized by the U.S. military that today can be stamped into an individual's "dogtag". There are 3 million practicing Satanists in the U.S. today and the number is expanding almost as fast as the national debt. Devil worship demands sacrifice of living things. Devil cults position themselves within the center of concentric rings of filter organizations. Only after passing a series of acid tests on the outer perimeter is a prospective candidate drawn deeper into the folds of the serpent Lucifer's inner-family.

New age organizations from transcendental meditation (TM), yoga, to fire walking, glass eating, touch healing, creative visualization, Ramtha, **Hatonn**, crystal vibration, spirit guides, astrology, mind reading, fortune telling, biorythmic, aura reading "we are God" miracle working prevaricators knowingly, or unwittingly prepare people to take their place ultimately before the goat's head emblem of Satan. Satan worship has a complex support infrastructure between it and our society. Law enforcement, judges, legislators, educators, entertainers, big money dealers, criminals, celebrities, media, UFO-outer space alien advocates, religious fronts, child and health care workers are only a part of the extensive network that provides services and protection to the dark inner core.

Connected to this unholy alliance is an operation centered in Mexico that offers white slaves and body parts to those who have the money and inclination to pay. Hundreds of thousands of children turn up missing every year in the USA. Many end up working for pimps in the larger metropolitan areas. Some are shipped south to be sold as slaves to buyers in the Middle East, South Asia and Africa. Those not so sold, or upon special order, young conscripts are cut up for their vital organs which fetch a grand price from rich clients living in socialized areas that don't want their loved ones to wait in line. The demand is such that two levels of business are conducted by the demonic entrepreneurs. Favored, proven and loyal patrons are sold human organs at extreme prices. Those wanting black mar-

ket bargains receive animal remains. By the time the fraud has been detected it is too late to recover the money and who can go to authorities with such a monstrous tale of duplicity? Almost every satanic worship service involves the use of blood. Only the highly financed satanists can afford to collect both blood and bogus body parts by expensive helicopter flights in the night.

## END QUOTING

So—what have we? For one thing, **I am really getting to the "old big boy himself"**. I (Hatonn) am honored to be one of the only NAMED ones in this dissertation—for that means I am getting MY JOB DONE WONDERFULLY WELL! Yes, Bo WAS chosen to lead a nation—the U.S. of America. Will he do it? Not at the rate he is going because I see no hope for reversing ego perceptions! However, I "judge" that by statements and actions—not about the MAN I KNOW to be my brother. But, I can no more force my BROTHER to do a thing than any other free-will citizen of God's creation.

Bo was too swamped by ego insecurity to handle such a responsibility to GOD. It has been easier to tout "born-again", dump responsibility, automatic forgiveness and absolution of all past indiscretions, go forth without changing mode of action to gain own ideals and/or give up the "BLOOD-baths". Oh, he blames many things except his own possibility of BEING WRONG! So be it—the way that group is leading you is down the PRIMROSE PATH to targeted destruction as citizens individual. How do I know? Because they avoid the "Godly" way all the way. They only TOUT with the lipservice the Christly pathway. CHRIST IS NOT A PHYSICAL BEING! **BLOOD is A PHYSICAL THING!** To dump your load and claim salvation without more than "I believe" is NOT ENOUGH! To claim you have been "washed in the blood of the Lamb (Jesus)" is to deceive self into believing you can get something spiritually perfect without answering in the physical (or spiritual) format of responsibility. Note I use the word "believe". Further, Bo KNOWS I am right! This only deepens his need to "save self" by tearing down the "enemy" who tells the

Truth of it.

Those of you who believe as the new-day evangelists (Judeo-Christian Zionists) tell you about Raptures, Blood-of-the-Lamb, that believing will automatically SAVE you and whisk you off to the local clouds on Judgment Day, missing all the dreary answering for responsibility and allowing no "other" to have valid opinion but pronounce JUDGMENT UPON ALL WHO SIMPLY DISAGREE WITH YOU, had best look again at TRUTH!

Toward the end of the presidential campaign Bo was lost to you, his brothers. He had a goal and he EXPECTED God to do it HIS OWN WAY (Bo's). As things went from bad to worse—it appeared to him that some flap-winged alien became a turn-coat. Nope—the turn-coat was far closer to "home". The facts are that the first attitude was the "lie" for Bo. He believed the WRONG set of instructions given by the adversarial teams to PREVENT HIS ENLIGHTENMENT AS HE CLAIMED TO SEEK TRUTH.

You will note from his article that he left almost NO ONE to fit into HIS GROUP of perfection of opinion and observation—no possibility that through meditation you can find God, no possibility of helpful input from "spirit guides" (he obviously doesn't think Angels are Spirits). What of "mind-reading"? Does he not believe in his own fully developed knowledge of hypnosis (he is a hypnotist and very well trained), mind implantation and other Special Forces games? So what is this "man" about? That is not for me to say, friends, for it is so obvious—HE is brainwashed. Him, who thought it impossible to touch his mind!! Give up the Hosts of God come to protect you—and you get smashed in order to render you worthless to the team of God. So be it. It is the time of sorting.

Further, he was angry at ME for displaying some rather interesting things about him (**BUT WORSE, GIVING FORTH SOME ERRONEOUS INFORMATION FOR WHICH HE COULD DENOUNCE ME (SIC, SIC)**) Does he really want me to tell of his false projections and stories which ARE NOT TRUTH? I can tell you bunches about **why he was REALLY in Asia. I can also tell you about who he was ACTUALLY WORKING FOR!** I can also tell you about the POWs that HE left to perish. Indeed, I can tell you a whole

bunch of things which may make HIM target for you-the-people BUT HARDLY WOULD MAKE HIM HAPPY. He HAD the potential for greatness and simply flunked the actual opportunity when it came—how many of YOU miss that knock by GOD on your door? He was running for President of a very physical nation—he was not running for Head Honcho on the Throne of God—I think him not to be THAT foolish. YOU—must not ACCEPT THE TWO AS THE SAME! He is a MAN and he is filled with blame for others and cannot see the “proper” shortcomings in self. Look around you, dear ones, and SEE what happens—it is so much better to cop the easy way out and CLAIM belief in the system which merits you the most worldly comfort. Is it not easier to indulge self in the expectation of total and instant forgiveness and mistake forgiveness for “righteousness”? Is it not EASIER to say: **“YOU are wrong” THAN “I am wrong!”**

The most important one thing the document by Col. Gritz offers is HIS OWN JUDGMENT ON ALL THINGS AND ALL ONES SAVE THAT WHICH HE BELIEVES. FURTHER, HE DOES THE TYPICAL ELITE GOVERNMENTAL SCAM—HE LUMPS IT ALL IN WITH THE HORROR AND DEPRAVED WORSHIP OF SATAN, BLOOD AND ALL THINGS EVIL WITHOUT POSSIBILITY OF THERE BEING “NO” CONNECTION IN MOST INSTANCES, AT ALL!

**OR: IS HE DELIBERATELY EFFORTING TO PULL YOU FROM YOUR PATHWAY OF GOD INTO HIS REALM OF HUMAN PHYSICAL STANCE?? THE BOMBARDMENT IS MOST SUBTLE FROM AN “EXPERT” IN THE GAME OF SECRET “INTELLIGENCE”. YOU CAN ONLY DISCERN THE INTENT BY THE OBVIOUS ACTIONS AND DISSERTATIONS. HE DENOUNCES ME BECAUSE I DISAGREE WITH HIM. HOWEVER, BY THE “WAY” IN WHICH HE DISAGREES WITH ME (LEAVING NOTHING WORTHY OR GOODLY), I SUGGEST HE ACTUALLY DOES KNOW THAT I AM RIGHT! I MAKE NO MENTION OF ANY OF THE OTHERS IN HIS LISTINGS—YOU DISCERN! HE COULD NOT VERY WELL SIMPLY SINGLE ME OUT, NOW COULD HE? THAT is another sign of the adversary taking CONTROL—covering the assets in all instances. I am most happy to take on ANYONE, any time and, if he be Godly, we will get on nicely—if NOT, “I” will get on nicely.**

BLOOD SACRIFICE seems most atrocious to this man and claims to be most ghastly to most humans—NOT SO—you have turned your own Great Christed Teacher into a Blood Sacrifice to absolve you somehow of your own responsibilities of action and beliefs. Esu (Jesus) did

not “sacrifice himself”—HE WAS MURDERCIDED! Can “washing in the blood” of the victim you MURDER—absolve you of the murder? USE YOUR GOD-GIVEN BRAINS!

Moreover, God doesn't fit Mr. Gritz' opinion of what God is and WHO He IS! So wallow in your illusions and wave good-bye for no act of God FORCES man to make right decisions. And, indeed, it is fine to the very twelfth hour—however, it does not mean that you get a ticket on board the express out of there! Lessons are LEARNED in the physical format and there will plenty of expressions of practice at gaining perfection in intent. You don't need old Earth Shan to take another journey through kindergarten! There are plenty of physical expressions a LOT WORSE THAN OLD EARTH IN HARD KNOCKS AND LESSONS!

### “OCTOBER SURPRISE”

Another “judgment” observation of Mr. Gritz is his perception that I B.S. my way through lots of things which he thinks or knows are not “so”. Well, in some instances he is correct and I needed to flush out the culprit in my own time and way. He SHOULD know very well who and how a person is, for instance, assassinated—that would fit his own expertise for he is/was the king-knower of how to and train to assassinate PEOPLE! We don't, you note, call it MURDER if it suits the political cause. So, perhaps he is more detailed “correct” than am I with WHO pulled those last deadly triggers! So be it. Also, he thinks that he caught me in error about the “October Surprise” because I said Russbacher flew Mr. Bush home in the SR-71. Funny thing is noted by ALL ones around this place, and Dharma, who continually got her head-knocked by E.J. because we kept saying that Russbacher flew Bush OVER—not back! “Oh,” but everyone in the clandestine services, “knows he flew him back, not over,” I am reminded! NOPE, Mr. Russbacher was “co-pilot” in the journey to Paris. There IS a video tape of the journey back—it is another pilot AND BUSH. When the time is right, and the serpents settle down, I will get it out to you—but if you think I am going to jeopardize my people by such “revelations”—forget it, brothers.

There were plenty of reasons (this is all going to shock heck out of Gunther Russbacher) why he needed to plant that particular “story” and there are many reasons I did not correct it prior to now—PERHAPS YOU ONES ARE NOT GOOD CHOOSERS OF WHO IS WORTHY AND WHO IS NOT—OR WHO SPEAKS WITH FORKED TONGUE AND WHO RECOG-

NIZES HIGHER COMMAND. Gunther was just about to be shipped to the guillotine, good buddies, for he had sold some bad “bonds” (Japanese, I believe). So what? Lots of greedy nerds do that! TO GEORGE BUSH?? Oops!?! Does this make Gunther's stories less interesting or brilliant? No! It means, however, that we have to work harder NOW to protect him to “serve” because the whole Bush “thing” is ready to “blow” and there are lots of goodly and true patriots incarcerated. They may well be duly imprisoned—BUT, they also know TRUTH and, the very important one point—you need “freedom” to regain your nation!

You do NOT go about advocating that your brothers draw targets on their breasts by “citizenizing” and drawing up “trusts” which pin-point you to the Elite governmental big boys like nothing else can! To gain the income of offering such “services” is not, to my expression, very worthy of a God-claiming being.

### BUY AMERICAN

Another thing being touted by the SPIKE troops is a plan featured by Bo in the Newsletter. Well, we have had that plan in all its many, many Khazarian pages. Would such a plan work (to buy NOTHING except American Goods and Services)? NO! How many of you want a T.V., radio, etc.? Well, if you buy American ONLY—forget it for it has been LONG since that Americans DON'T MAKE THEM! CAN YOU afford only American items? And WHO would guide you to and obtain FOR YOU those EXPENSIVE items?? I thought you might be able to guess!

Now, another tiny observation without further comment: “George Green CLAIMS Bo Gritz is a bosom buddy. He also works in criminal interactivities with one Gary Anderson!” Bo Gritz refers inquirers looking for money management “help” to Gary Anderson. Do circumstances cause you to question motives? I hope so!

Next, you will get TRAINING in SPIKE of GUNS and WEAPONS! How long do you suppose you will stay alive if the rest of Bo's letter is correct—with those Guns? Quote: “The Arizona State Legislature just passed a measure to make it illegal for you to ‘fortify’ your home. Fortification includes anything that might impede police entry into your domicile. This includes crossed bars, steel door jams, dogs and any other item that impedes entry.” Do you really think a little gun-training is going to preserve your privacy and sanctity against the door-busters?

He goes further and does his Bible quotations: “And ye shall hear of wars

and rumors of wars; see that ye be not troubled...and there shall be famines and pestilences and earthquakes...and ye shall be hated of all nations for my name's sake...iniquity shall abound...**he that shall endure unto the end, the same shall be saved.**" Do you actually suppose this means to walk around in defiance, in foolishness and taunt the beast until he smites you? There has, furthermore, been wars and rumors of wars, pestilences and earthquakes since the birthing of your planet!

Yes, I did ask some of our own workers to go to SPIKE. I, further, asked Bo Gritz to send information—HE DID NOT! THAT tells it all, my beloved friends—he did not want any GODLY people who think in wisdom—present! If you think America and the World will be SAVED by what is offered in SPIKE—then you need a bit of truth realization in WHO HAS THE BIGGEST GUNS AND COMPUTER SYSTEMS!

Let me quote you a few excerpts from the Newsletter regarding the program, SPIKE: "SPIKE is designed to prepare you, your family and friends for all meaningful contingencies. Part of the program is introducing you to special services such as **Citizenship (renounce U.S. citizenship and take up stance of Sovereign individual), Trusts, Alternative BANKING, Barter, Food Storage, and alternative energy.** Our SPIKE experts in these fields stand ready to help you fortify your life and property with these bulletproof means of protection....." etc., etc. Earlier in the writing it said that all Survival stores are being monitored and soon anyone with more than a year's supply of food will be raided, etc., and you should "take the SPIKE course" to circumvent these things. How? By sticking out like sore thumbs on both hands?? Come now, Col. Gritz, you disappoint us—what are you trying to do—**martyr all your nice fellow-citizens?** So be it.

Interestingly enough, Little Crow of the Lakota sums it all up AGAIN:

**"Ain't none of us going to hell, ain't none of us going to heaven. What we ARE doing is going into the infinity of our being, the infinity of our creation, which is energy—energy and that's it. Energy has always existed, always shall exist and always has existed and will continue to exist whether we have that realization or not..." AMEN!**

#### BACK TO REALITY

To carry this further, let it also be known that Col. Gritz doesn't agree with the writings which were put in \_\_\_\_\_

[Editor's note: These are certain specific court-banned **PHOENIX JOURNALS** of incredible scientific information on God and Creation]. (My scribe is forbidden by a Federal Court from writing these words—under penalty of Federal incarceration—so we will have to leave quite a few "blanks".) He wants you all to perish believing the Lie?—AT LEAST GO HAPPY? STUPID, BUT HAPPY. Maybe even a bit of being caught in an orgy or something else "to leave a smile on the face" as man loves to exclaim? Well, WRONG; I am going to repeat some of Germain's lessons:

Matter is **MOTION**. The anti-matter, which now engages the serious attention of sciences, is **STILLNESS**. If matter, which is motion, is pure energy, what kind of energy is that which is impure? What does it mean? The time has come when it is **imperative** that science must divorce motion and energy as one identity, and regard matter as but the product of the Energy SOURCE.

For scientific purposes in explaining the construction of matter, we will name it (the energy source) **the omnipresent universal vacuum**. The universal vacuum is the **expansion end of the universal piston, and gravity is the compression end**.

As electricity is the creator of focal points, which you call gravity, and because compression is the sole office of electricity, every oscillation of the electric current of CREATION is an interchange between the stillness of the universal vacuum of GOD's Mind-universe of CAUSE, and the electric universe of motion, to produce EFFECT.

It is self-evident that all motion springs from rest and returns to rest for eternal repetition in sequences which we call **electric frequencies**.

Your **greatest** thinkers in science have repeatedly said that matter emerges from **space** and is swallowed up by **space** in some unknown and mysterious manner. When WE present this to you however, we are accused of plagiarizing "copyrighted" work of a "New Age Cult". How better to hide **TRUTH** from your blurred eyes? And further, how better to keep you from having "access" to information than to incarcerate every little old grandmother who writes **TRUTH** and ban the books so written? The word "**space**" IS RATHER A CASUAL WORD TO USE IN PLACE OF **THE CREATOR**. LIKEWISE, IT IS A MISLEADING WORD, FOR "**SPACE**" IS NOT AN EXPANSE OF SOMETHING OUTSIDE OF MATTER. IT IS AS OMNIPRESENT WITHIN MATTER AS IT IS WITHOUT, AND IT IS IN CONTROL OF MATTER FROM WITHIN AS WELL AS FROM WITHOUT.

Future generations of enlightened

men will cease thinking of this electric universe as being matter and substance. They will **know it for what it is, which is motion only**.

Now for you who think this is "**XXXX's**" work, this was printed directly as excerpt from **ANTI-GRAVITY AND THE UNIFIED FIELD**, edited by David Hatcher Childress, p. 73.

It doesn't make too many "do-gooders" and "rapture shouters" and distractors from **TRUTH** happy to hear that you are but a manifestation of God's thought projection (coalescence of energy into matter). It wipes away the old "Blood bath", doesn't it? It also means that the higher expression (soul) of your eternal self is only destroyed by the physical misrepresentation of fact—**NEVER CREATED** for only soul can "create"—physical can only change and destroy that which is already created. Further, since **NO ONE** can absolve **FOR** another—then to assume that Jesus human could do it **FOR YOU** is a bit much in concept, is it not? Has not someone missed the tree for the forest or the whole of the forest by the one **TREE**? **GOD IS LIGHT**—God, the Creator, is **ALL** there **IS**; all that **EXISTS**. God's creating universe of matter in motion **APPEARS** to exist. To your senses it sequentially disappears, to reappear. It has no reality. It but simulates reality through the illusion of two-way projected lights in motion.

God, the Creator, is the One Being, the One Person, the One Mind, the One Thinker, the One Self, the One Life, the One Soul, the One Power, the One Reality. God's Creation is the imaged, patterned form of God's imagining, built in His image. It is the body of God, the record of His thinking, created by Him for expressing the One-ness of Life, Love, Mind, Soul and Power which is in **HIM** alone.

God is Light. God is Universal Mind. Mind is Light. **MIND KNOWS!**

**MIND THINKS WHAT IT KNOWS. MIND THINKS IN TWO OPPOSED LIGHTS SIMULTANEOUSLY PROJECTED THROUGH EACH OTHER AND SEQUENTIALLY REPEATED IN CYCLES.**

#### **THE GOD-MIND IS STILL.**

God's thinking and imagining are qualities of God's knowing. God's knowing is timeless and still. So also is God's thinking and imagining timeless and still. So, likewise, man's thinking and imagining are as timeless and still as is his knowing.

Stillness never can be motion, or become motion, but it can appear to be. Motion merely "seems", but stillness always "is". The universal equilibrium can never be other than its own balance

but it can seem to be. The illusion which is motion springs from stillness and returns to stillness. This is a universe of rest. There is naught but rest in the universe.

Mind knows its ONE IDEA OF CREATION as **ONE WHOLE. MIND KNOWS ITS ONE IDEA OF CREATION AS ONE WHOLE.**

Mind thinks its One Whole idea into seeming parts. Hence the illusion of motion which we call Creation, and the illusion of substance which we call matter.

Matter, motion, time, change, dimension and substance have no existence. The Light of knowing Mind alone exists.

There is but One Mind and One Thinker. The One Light of Knowing Mind is Self of God. It is the Universal Self which centers all omnipresent self-creating bodies of God-Selves. This self creating universe is the Mind imagined body of God, and record of God's thinking.

You (we) seemingly live in two universes; the still magnetic Mind universe of KNOWING and the moving thought-of-mind rhythmic wave universe of SENSING.

You cannot *sense* the magnetic universe of God's knowing nor can you *know* the electric wave universe of God's thinking.

**The magnetic Mind universe of the One Light of all-knowing is all that IS. The vibrating electric wave universe of sensing merely "seems".**

The one still Light of God is the magnetic Light which watches over all creating things at countless points locatable by man, but invisible to man.

Until you can begin to comprehend these things of fact and Truth you cannot "change" greatly your reality, for you continue to accept the physical for "REALITY" and, just as with a "dream", it CANNOT BE—SAVE A FIGMENT OF WHAT THE MIND "IMAGINES" AND BRINGS INTO CONSCIOUSNESS AND ACCEPTABILITY.

When you come into understanding of The Truth of these things you will realize that:

*"There will be no supreme race, no supreme people, no supreme beings. Everybody is going to have to take the responsibility...and seven generations from now we'll say to God, Tunkashila, Umdogee, Wakan Tanka, 'here's what you dreamt of. This is a dream YOU gave us as human beings when YOU created us in this universe. Here it is, right here where YOU put us to fulfill it. Here's our dream to you. Happy Birthday.' And He'll say, 'And WHY did you do all of this?' And we'll say, 'For all our relations.'"* — Little Crow

AHO!

And may the diploma of graduation always BE WISDOM for if you gain no "wisdom" from the lessons—then you have GAINED NOTHING!

Why does it take us some 100 vol-

umes to express what is Truth in but a few paragraphs? BECAUSE MAN LIKES TO BLATHER WHILE PRETENDING TO HAVE NO UNDERSTANDING IN ORDER TO EXCUSE HIMSELF FROM RESPONSIBILITY!

# Thoughts On Healing And Responsibility

**5/17/93 #1 CERES 'ATONN**

## HEALING

"Wellness" is NOT "Heal-ness" and "Healed" is not "well-ness".

Dharma is "sick" today and she complains, as do all of you, especially you who take Gaiaandriana, Crystal Life, vitamins, herbs and chocolate candy bars for "wellness"! Why would you expect that which heals and balances the cellular structure to act as a killer of microbes? You are speaking of TWO VERY DIFFERENT THINGS. Gaiaandriana and Crystal Life BALANCE and work to perfect the IMMUNE system by bringing wholeness and health to YOUR FIGHTING MECHANISMS AND, FINALLY, STOP MUTATION (OR REPAIR SAME AS THEY OCCUR) OF YOUR CELLULAR SYSTEM. If you are attacked with microbes and viruses—YOU WILL GET SICK! BUT, the body will take over and usually heal itself—it is not miracle instant cure, it is the body healing itself. Remember: "...impatience is brought about by your lack of faith!" (more or less; Little Crow of the Lakota). For grace in action: BE PATIENT! Usually, if you get off your duff and work your anger off at being ill—doing the walls and windows and the nasty tasks—you will be fine! If the body is unable to rise above its own sickness—GO TO BED!! Realize, however, that "When you are sick you are out of harmony and out of balance. Your sickness is a symptom. It is a representational symptom of your 'out of balanceness.'" -- Little Crow

So, you caught a bug going by, deliberately, or deliberately thrust against you—or simply it was "there"? So what? You are human!! Perfection CANNOT come to "the human" being.

Little Crow: "I can't help but keep reflecting upon the faith that is required, that is spoken of in my Oral Tradition. It

says, 'If you do things in the way in which you are directed and in the way in which you are asked to do them, then those things that you ask for, shall come to pass.' I can't help but try to live it that way—with faith."

## RED ROAD-BLACK ROAD

Little Crow: "I look at my Oral Tradition and it says the Red Road and the Black Road. The Black Road is the road of materialism and it's easy to walk, it's easy to get onto. Life in itself is easy. The Red Road is the spiritual road and it's a road that is difficult because it is a road that says you redistribute, you redistribute your wealth. You see the sacredness of your creation and the sacredness of all things. You respect all people; you respect all things within life as you know it and life as you don't know it. The Red Road, the spiritual road, the spiritual path." — 11/25/90. "On the Red Road, we seek to find balance." — 2/2/92

Again Little Crow speaking of his Gathering which is also called "church" (in its most positive identification and definition—you go look it up): "...We are listed as a church and I have to let them go on and on and on and on and talk and then, finally, they stop and say to me something like, 'Oh, by the way, you are Christians, aren't you?' And I go, 'No, I'm not.' 'Oh, well, what are you?' And I go, 'I'm a human being.' And I say, 'You know, we were all human beings before we decided to take a color. We were all human beings before we divided ourselves up into gangs. We are all human beings.'" — 11/1/90

"...The center, which is that energy of CREATION, has no form and no shape, has no smell, no color. It has no preference—Catholic or Jewish, Protestant, sinner or saint. It has no preference of holy

man, shaman, shamaness, priestess or goddess. It has no preference for guru. It has no preference. — 2/2/92

[C: SO, LET US UNDERSTAND:]

"THIS RESPONSIBILITY THAT WE WANT GOD TO HAVE IS THE SAME RESPONSIBILITY THAT WE SHOULD HAVE...FOR OUR LIVES. NOT BLAMING ANYONE FOR WHATEVER COMES ALONG THAT SEEMS TO NOT LET US DO WHAT WE WANT TO DO!" — 7/8/90

I would suggest you get a copy of Little Crow's "Wisdom". Seems expensive? Why—it's all you need to make your entire journey in this interesting manifestation and experience! It's only "too expensive" if you already follow the wisdom presented—in perfection!

(Editor's note: Little Crow's book is called **From the Gathering; The Wisdom of Little Crow**. It is available for \$12.95 softbound or \$29.95 hardbound, plus \$1.50 postage, from One World Publishing, P.O. Box 9148, Fountain Valley, CA 92728.)

(Editor's note: The above interesting photo sequence was just sent to us by P.H. in Colorado, from the *Loveland Reporter-Herald* for 4/29/93. The caption reads: "TRANSFORMATION -- Passerby looks at a billboard in downtown Frankfurt, Germany, showing a sequence of images transforming the features of Russian leader Boris Yeltsin into those of President Bill Clinton. The poster is an advertisement by a Bavarian daily newspaper." We thought this photo sequence may have a little extra, if unintended (?!), meaning for our regular readers who are pretty well aware of the "cloned" nature of these so-called leaders.)

## Secret Documents

*(Editor's note: The following ten pages of "declassified" (?) information came our way -- among many more pages -- courtesy of G.R. and has to do with the 1980 "Arms For Hostages" deception otherwise known as "October Surprise" wherein George Bush continually denies having made that secret trip to Paris as part of the diabolical negotiations -- in the superfast SR-71 that G.R. co-piloted. As the first page reveals, "XXX wished to arrange the delivery to Iran of 8 to 10 million dollars of F-14 spare parts..." We apologize for the poor quality of these photocopies, but the point here is not the story but to let the "top crooks" know that the information is safe and sound "out there" somewhere. Follow-on will come LATER! We will run more as space permits.)*

SUBJECT: Meeting with [REDACTED]  
[REDACTED] Law Office, [REDACTED]

I met with [REDACTED] attorney for [REDACTED] office between 1030 and 1125 hours, 2 October. [REDACTED] introduced [REDACTED] as the man who negotiated the sale of [REDACTED] F-14s to Iran, and then speaking for [REDACTED] said that [REDACTED] wished to arrange the delivery to Iran of 8 to 10 million dollars of F-14 spare parts (see attached list provided by [REDACTED]). In addition, if the USC would also agree to [REDACTED]'s three terms - unfreeze Iranian assets in the U.S.; drop all claims against Iran; noninterference in Iranian internal affairs. [REDACTED] would arrange a swap of all the hostages upon delivery of the spare parts. [REDACTED] scenario for this exchange was that a plane carrying the spare parts would be dispatched to Iran, landing somewhere outside Tehran, where the hostages would be assembled. When the parts were unloaded, the hostages would be released to board the plane and leave for the U.S. [REDACTED] added that he, an unnamed Iranian general, and another [REDACTED] Iranian, whom he only described as being a wrestler, would be aboard the plane as a guarantee of good faith.

2. In reply to my queries [REDACTED] implied by name-dropping that he was acting on behalf of Bani Sadr, but provided no assurances that he could actually arrange the release of the hostages beyond saying that Bani Sadr and 100 other Iranians, the latter described as a paramilitary force of Bani Sadr's, would see that the hostages were delivered to the site where the plane with the spare parts would land in Iran.

SUBJECT: Approach on Iranian [REDACTED]

SUMMARY

We have an approach from [REDACTED] Iranian here in the U.S. urging the [REDACTED] specific list of spare parts for [REDACTED] be sent to Iran as part of an overture. [REDACTED] would produce the release of the [REDACTED] to deciding how to deal with this [REDACTED] think through more generally how we [REDACTED] request directly from the Iranians for [REDACTED] spare parts in the context of our [REDACTED] trality in the Iran-Iraq war.

Analysis of the Proposal

As you requested, I saw Mitch [REDACTED] and Mitch's contact, Mr. Lavi, to discuss [REDACTED] proposal. Lavi is an Iranian here in [REDACTED] some way was earlier involved in the [REDACTED] F-14s to Iran.

The proposal as originally presented [REDACTED] ing scenario. The U.S. would agree [REDACTED] to provide the spares listed. The [REDACTED] to Khomeini's demands--minus any [REDACTED] the Shah's assets, which Lavi said [REDACTED] stands are impossible to locate.

be put in an aircraft with Iranian markings and would be flown to a field in Iran with Mr. Lavi and two of his Iranian contacts aboard. The hostages would be assembled at the field to return on the same aircraft. At the end of the meeting, Mr. Lavi said without further explanation under questioning that the Israelis should be involved to provide fighter cover in case the Iranians or the Russians attacked the aircraft.

I explained the experiences we have had in dealing with the Iranian authorities and the importance of understanding how the political dynamics in Tehran would be handled in any such exercise. I asked a series of questions revolving around the point that we would need to know how Bani-Sadr, who Lavi said is behind the plan, would gain control over the hostages and assemble all 52 for departure. I asked whether there was any indication that he could gain the support of the Religious Party in this exercise. I asked what assurance he had that the militants would turn over the hostages for this purpose. His only response was that "we have a plan" and that he would reveal more if we told him we were prepared to go ahead. (There was an implication that the "plan" might involve forceful seizure of the hostages.)

One significant refinement was introduced during our conversation when Lavi himself suggested that we could check out the list with Bani-Sadr. I asked him how he had received the list. He said it had come to him from Iran through contacts in Spain, presumably from someone involved in procurement for the Iranian Air Force. In the light of this suggestion, the refined proposal as it was left at the end of the meeting is that we would consider whether through our own channels to check this proposal with Bani-Sadr. If we were to do that, we would inform Lavi and he would double track the response to Iran by letting his contacts know that the U.S. was interested in exploring the idea. I repeated my effort at the end of the meeting to assure the group that my questions were directed at understanding the full proposal and how it would work. The questions were not designed to show favor or opposition to the proposal. I think the group went away understanding that we took any such proposal seriously, but Regovin seemed aware that there are critical gaps in Lavi's concept and committed himself to talk further with Lavi to see whether he could provide any further information on how

the crucial link-up would be made in Tehran between Bani-Sadr, the pilots, and the hostages to assure that such a plan could be carried out safely.

One comment worth making at this point is that the equipment list presented covers F-14 spares exclusively and is suspect on that count. Even a list limited to the Air Force would presumably include parts for the F-4s. More important, I should think Bani-Sadr would be concerned about the ground forces as well.

3. [REDACTED] trying to help [REDACTED] out of his predicament, suggested that perhaps the swap could be effected in a third country, with [REDACTED] making no reply to this suggestion. [REDACTED] added, however, that he was Jewish and was, therefore, risking his life by going on the plane. Finally, and oddly, [REDACTED] remarked that his two children were in the U.S., with the implication that the children were our hostages, also, guaranteeing his good faith.

4. In addition, [REDACTED] said that he wished that the Israelis be informed of the arrangement. When I asked why, [REDACTED] answered [REDACTED] by saying: (paraphrase) I suppose, [REDACTED] that you believe the Israelis will be able to protect [REDACTED] at which [REDACTED] nodded. There was also a bit of waddling about the possibility of an Israeli escort for the plane carrying the spare parts, but the thought trailed away.

5. [REDACTED] remarked that he had spoken to [REDACTED] about this matter on Monday, 29 September, and had had dinner with David Aaron on Wednesday, 1 October. [REDACTED] added that he had mentioned the proposal to Aaron and would inform Aaron of his contact with CIA.

6. As there appeared to be nothing more to be had from [REDACTED], [REDACTED] moved to end the meeting by remarking that I had heard [REDACTED] proposal, and that it was now our turn to decide whether we wished to accept it or make a counteroffer. If we accepted his terms or a compromise of a counteroffer was reached, we could then have further discussions as to how to carry out the exchange. Since I had tried, without success, half a dozen times and in as many ways to extract something--anything from [REDACTED] that would make me believe in his offer, I agreed to end the meeting, and informed [REDACTED] that I would relay the proposal to my superiors and be in touch with him, perhaps later in the day or tomorrow. [REDACTED] appreciated the promptness, and asked me to call him later in the day.

7. COMMENT: It looks like [REDACTED] is trying to get an offer from us for the "purchase" of the hostages, which he would then broker with unnamed Iranian contacts. He gave no other indication that he had anything else to sell--than his, in effect, "good" offices.

I called Regovin October 21 to give him the following message: As we had promised, we had checked with Bani-Sadr the proposal presented to us by Regovin and Lavi last week. We had now received a response from a friendly Ambassador in Tehran speaking for us to the effect that he spoke with Bani-Sadri and Bani-Sadr said that Lavi has no authority to speak on Bani-Sadr's behalf.

He responded by saying he would have to see what to do next. I said that it had been our experience through a variety of contacts in recent days that no Iranian has the authority to negotiate until the Parliament has made its decision and until a specific channel for negotiation has been designated. I gave as my opinion that, given the situation in Tehran, no Iranian would want to get himself out on a limb in separate negotiations with the US at this point before a decision had been made as to how the negotiations would be conducted.

Regovin said he had heard that the Iranians were not going to make a negotiation with the Carter Administration. I said I had not heard that.

Regovin's tone in the conversation was straight-forward. He heard me out and seemed willing to discuss the situation in an objective way. There was none of the nasty tone as in one of our conversations last week.

SECRET

TO: Mr. Christopher  
FROM: NEA - Harold H. Saunders  
SUBJECT: Two Related Items on Iranian Military Supply

1. For the record, Mitch Regovin called Tuesday afternoon to say that Mr. Lavi has been in touch with Tehran. His contacts in Tehran say that Tehran will send a team to the U.S. to wrap-up negotiations November 5-10. To trigger these negotiations, we simply need to send a telegram to Lavi saying we are prepared to negotiate. I told Mitch that the Iranians have been told through every available channel that we are prepared to negotiate an overall resolution of the crisis between us. Mr. Lavi could be assured of that. But what we are waiting for is an authoritative indication from Tehran that the Iranians are prepared to negotiate.

2. With regard to the press story on my briefing of Anderson which you asked about, I think either the reporter or Anderson has compressed some combination of several points that came up in our conversation:

- The Administration position encompasses an overall settlement between the U.S. and Iran. We have never proposed a spares-for-hostages swap. The only way that issue has come to us has been through such channels as the one Mitch Regovin has been party to.
- Apart from the Lavi-Regovin channel, we have not had proposals from authoritative Iranians for any such limited deal.
- The Administration position does include the familiar position on spares in connection with the unfreezing of assets and lifting the prohibition on exports. The Iranians have shown some interest in what that would involve but the only time we have received a list was through the Lavi-Regovin channel.

## GAIANDRIANA

Gaiandriana is a non-alcoholic health tonic which provides basic "foods" to help cells, weakened by the stresses of modern life, to return to a state of health.

The better our cells function, the greater is the stamina returned to our internal defense systems, and the better we can counter the constant onslaught of biological and viral invaders. The end result is a feeling of well-being by, of course, being well!

The Gaiandriana (commonly referred to as "chondriana" in the Biological literature) are capable of intelligent, organized attack against cellular invaders like viruses. Think of it as a "pac-man" operation of sorts. However, beyond that, the Gaiandriana are capable of stimulating cellular structural repairs due to damage caused by, for instance, free radicals and cumulative levels of so-called "background" radiation in our modern environment. Healthy DNA and RNA within the nuclei of our cells then lead to properly formed and concentrated enzymes, upon which healthy cellular function depends.

Gaiandriana liquid is made entirely from wholesome natural ingredients.

## AQUAGAIA

Complementary to the Gaiandriana product, Aquagaia is also a non-alcoholic health tonic which provides basic "foods" to help cells, weakened by the stresses of modern life, to return to a state of healthy function.

Aquagaia contains *mitochondria*. These are the major biochemical energy "processors" within cellular metabolism. First, enzymes begin the breakdown process of organic nutrients (like fats, carbohydrates and proteins) to intermediate substances such as amino and pyruvic acids. Then, in the next "bucket brigade" step, these various acid molecules are processed within the mitochondria to release chemical energy recognized as adenosine triphosphate (ATP).

About 95% of the energy needed to "run the machinery" that keeps each cell going and healthy is produced in the mitochondria. Unfortunately, the mitochondria are particularly damaged by free radicals and cumulative levels of so-called "background" radiation in our modern environment. These compromised mitochondria, like half-dead batteries, then lead to impaired cellular functioning and health. Thus is the importance of Aquagaia, with its assimilable

supply of healthy mitochondria — like "fresh batteries" for the body's cells.

The better our cells function, the greater is the stamina returned to our internal defense systems, and the better we can counter the constant onslaught of biological and viral invaders. The end result is a feeling of well-being by, of course, being well.

## GAIANDRIANA AND AQUAGAIA:

To help in understanding the workings of these organic "pac-men" you must realize that there is a protein covering "cap" on viruses. The protein cap is centered on a charged zinc atom and is the part of the virus that recognizes and binds to DNA—in turn allowing the virus to reproduce.

Aquagaia, in conjunction with the Gaiandriana, knock out the zinc atom (a simple "charge" change), which renders the protein ineffective. This is a breakdown of "parts" of the Gaiandriana male/female DNA structure which release many working variants but frees the Gaiandriettes or "killers" to take out that zinc atom and pass right into the affected cell. Without the "cap", the virus cannot reproduce and infect more cells—further, the damaged virus feeds the Gaiandriana unified cells and the circulating mitochondria.

Healthy cells are not affected because they lack the zinc-centered protein cap on the virus.

These "Gaia" compounds have an effect on cancer cells because they stop an enzyme on the cancer cells from producing a "messenger" molecule that blocks a second enzyme from attacking the cancer cell's DNA. The compounds (Gaia) have been seen to actually take-out leukemia, breast, brain and colon cancer cells. We have no claim to anything other than stating that people utilizing these simple and natural substances do show improved well-being and do report feeling generally and, often remarkably, improved as to state of health, thought processes and stamina.

The obvious conclusion is that there might well be good reports of better health and faster recovery following infection by other viruses than those mentioned above. All viruses known react in generally the same manner.

It is known that many diseases are due to retroviral DNA and these are the most affected viruses by the Gaia-chondrianas (living crystal forms). We, again, make no medical claims—we

are simply reporting in an effort to explain WHAT takes place within the cellular structures of living organisms. If you really want to witness remarkable growth in plants and good stamina and health in pets and other animals—try a little of these additives as you would vitamins or fertilizers. Use in a mildly vitamin C based solution on same. At transplant time for garden plants and houseplants—soak their little root systems in this natural and mild solution. Just add a tablespoon of Gaiandriana, a few drops of liquid vitamin C or C-crystals to a quart of water and let set for 48 hours—then it is ready for use. It will not negatively interact with anything other than perhaps harbored viruses and disease spores and organisms.

## NOTE

If any product you receive has an unpleasant odor—it is from the finishing culture process. Leave the bottle open to air and it will quickly dissipate. Then, depending on taste and preference—refrigerate after opening and reclosing.

**IMPORTANT: Do not mix the two, Gaiandriana and Aquagaia, together for storage as the Aquagaia (mitochondria) is aggressive and begins to "eat" the Gaiandriana for fuel. They go about their appointed tasks once ingested, but in bottle prisons they are not particularly compatible once the available fuel supply is exhausted. Juices are excellent to take with the Aquagaia because the mitochondria must have the fuel derived from same, the most effective juice being from the tropical "Guava" fruit. Any juice is fine, however, and is most pleasant to intake. Diabetics should utilize whatever juices are available on their food plan to keep within the safe guidelines for calories and other requirements.**

**The most innocuous and easy intake available is simply a few drops under the tongue, both products taken at the same time or at different times of the day. Once the "initial" program is begun and maintenance is followed, certainly the drops under the tongue are the least annoying to any daily regimen.**

## A-C-E ANTI-OXIDANT FORMULA

There is growing evidence that essentially everyone in our society is exposed to free radicals, now more than ever. While free radicals are normal products of our cells and have certain beneficial roles in the body, increased levels of free radicals in our body tissues can be detrimental to our health.

Free radicals are highly unstable substances produced in the body through, among other routes, the metabolism of oxygen. Free radicals multiply through a series of chain reactions and can attack the polyunsaturated fatty acids of cell membranes. Unless excess free radicals are neutralized, they can cause considerable damage to the structure and function of cell membranes, and thus the cells themselves. The

products from free radical reactions are implicated in the progressive accumulation of deleterious cellular changes over time, which may eventually result in recognizable disease. Free radical damage is implicated in the initiation and promotion of many cancers, as well as hardening of the arteries.

One area of Aging Research suggests that free radicals damage body cells and cause the pathological changes associated with aging. Besides being byproducts of the metabolism of oxygen, such as during strenuous exercise, we also generate significant levels of free radicals from the environment, such as from so-called "background" levels of ionizing radiation.

Cooperative defense systems that can protect the body from free radical damage include certain enzymes and the antioxidant vitamins A, C, and E and beta-carotene, which protect cell membranes from oxidative damage. Vitamin E, one of the fat-soluble vitamins, is present in the blood as  $\alpha$ -tocopherol and is well accepted as the major antioxidant in lipid body tissues. Vitamin E is considered the first line of defense against cell-membrane damage due to peroxidation. Vitamin E scavenges free radicals, terminating chain reactions and confining damage to limited areas of the membrane. Selenium contained in the enzyme glutathione peroxidase is the second line of defense that destroys peroxides before they can damage cell membranes. Beta-carotene, a precursor of Vitamin A, also traps free radicals. Vitamin C is water soluble and serves to neutralize free radicals in aqueous systems.

The antioxidants show promise as cancer-prevention agents, alone and in combination.

**GINKGO BILOBA**  
**(Ginkgo Biloba extract 24%)**

The Ginkgo Biloba, or Maidenhair tree, is one of the oldest living species on this planet. Ginkgo has flourished almost unchanged for 150 million years, and its ancestors can be traced back 250 million years. It is because of this antiquity that the Ginkgo Biloba tree is called "the living fossil". Individual trees are believed capable of living 2000 to 4000 years. During the last ice age, Ginkgos nearly became extinct. These trees survived only in China and other parts of Asia, where they stayed until approximately 1,000 years ago. At that time, Ginkgo trees were also planted around monasteries in Japan, where they still live today.

The name *Ginkgo* may come from the Chinese *Sankyo* or *Yinkuo* (Yin Guo), meaning "hill apricot" or "silver fruit". The word *biloba* means "two lobes" and describes the young leaves. Although modern medical research focuses mainly on the leaves of Ginkgo, the Ginkgo fruits and nuts have been used in China since time immemorial as a delicacy and tonic food. Ancient Chinese texts record Ginkgo's use as a medicinal agent as far back as five thousand years ago.

The Ginkgo Biloba extract is a complex compound. The green leaves of the tree are

usually harvested from trees grown on plantations in South Korea, Japan and France.

Ginkgo is reported to have a natural affinity for the nervous system. It also seems to stimulate the vascular and endocrine systems that, in turn, strongly affect the function of the nervous system, possibly increasing the capacity for normal physical activity, and the flow of blood to the brain. Some research indicates the possible effectiveness of Ginkgo in the treatment of *Alzheimer's* disease.

Due to its pharmacological properties, Ginkgo is now widely used throughout Europe for treating many forms of vascular disease. In a survey of packaging information of European products, Ginkgo has been recommended for such ailments as headaches, vertigo, inner-ear disturbances, diminished intellectual capacity and alertness as a result of insufficient circulation to the brain, anxiety, and depression, to name a few.

Ginkgo Biloba Extract (24%) is concentrated from the leaves of the Ginkgo Biloba tree. The highly specialized extraction process yields a 50:1 concentrate from the leaves (50 grams of leaf produce 1 gram of extract). The extract is then further standardized to contain 24% of the active Ginkgo Flavoglycosides.

**MO-GU ELIXIR**

The first recorded use of Mo-Gu Elixir was during the Chinese Tsin-Dynasty in 221 B.C. It was referred to as "The Remedy for Immortality" or "The Divine Tsche".

It has been well documented that there are certain people who live to be well past a hundred years of age. These people live in such areas as the mountainous Caucasus, Yakutia in Siberia, the Poltava District of the Ukraine, Tibet and Spain. There is an area in Russia called Kargasok where the people are a dairy- and vegetable-eating populace. Centenarians are common among these people. They attribute their longevity to the Yeast Enzyme Tea (Mo-Gu Elixir) which has been in their diet for hundreds of years. It is said that Mo-Gu and yak butter are staples among the dwellers of the high Himalayas.

Mo-Gu has been used throughout history in China, Japan, Russia, Korea, and India. It has been said to promote a feeling of well-being and overall physical restoration. It has been known by many names, some of which are: Fungus Japonicus, Fungojapon Kombucha, Pichia Fermentans, Cembuya Orientalis, Combuchu Tschambucco, Volga-Spring, Champignon de Longue Vie, Teekwass, Kwassan, and Kargasok.

The Mo-Gu fungus constructs in a membrane form and is a symbiosis of yeast cells and different bacteria. Among these bacteria are: *Bacterium Xylinum*, *Bacterium Gluconicum*, *Acetobacter Ketogenum*, and *Pichia Fermentans*.

The Mo-Gu fungus needs to live in a solution composed of common (black) tea and sugar. In the proper temperature environment they multiply constantly. They do not build spores as yeast normally does, but instead multiply by a process of branching.

**CHLORELLA**

Chlorella is a single-celled, fresh-water algae. Believed to be the first form of life with a true nucleus, chlorella dates back approximately 2.5 billion years, making it *pre-Cambrian*. Through the process of photosynthesis chlorella cells reproduce themselves by cell division at the rate of four new cells every 17-24 hours. It was not until the 1890s that chlorella was identified under the microscope. In naming it, the prefix *chlor* was selected to signify green, while the suffix *ella*, indicates small. Chlorella is the most researched algae in the world and remains the most popular with millions of consumers worldwide.

*Chlorella is a nutritionally balanced whole food* and contributes to the health and growth of human cells like no single vitamin or mineral possibly can.

*Chlorella is extremely high in protein (60%)* and contains more than 20 vitamins and minerals, 19 of the 22 essential and non-essential amino acids, enzymes and chlorella growth factor. It is one of the richest sources of RNA and DNA known and has twenty times as much chlorophyll as alfalfa, 10 times more than other edible algae including spirulina, and 10 times more than barley grass.

*Chlorella is a natural vitality enhancer.* The vitamins found in chlorella cells include: Vitamin C, provitamin A, B-carotene, chlorophyll a, chlorophyll b, thiamine (B1), riboflavin (B2), pyridoxine (B6), niacin (B3), pantothenic acid, folic acid, vitamin B-12, biotin, choline, vitamin K, PABA, lipoic acid, inositol and para-aminobenzoic acid. The minerals include: phosphorus, potassium, iodine, magnesium, sulphur, iron, calcium, manganese, copper, zinc and cobalt.

The amino acids include: lysine, histidine, arginine, aspartic acid, threonine, serine, glutamic acid, proline, glycine, alanine, cystine, valine, methionine, isoleucine, leucine, tyrosine, phenylalanine, ornithine, tryptophan.

The suggested daily consumption is 3 grams per day.

**ECHINACEA GOLD PLUS**  
**with American Ginseng**

In recent years few medicinal plants have garnered as much attention as Echinacea (*Echinacea Purpurea* and *Echinacea Angustifolia*). The genus name is derived from the Greek *echinos*, (hedgehog or sea urchin) referring to the prickly scales of the dried seed head. Echinacea was widely used medicinally among Native Americans, particularly in the Plains. It is a product which is now used widely throughout United States and Europe.

Echinacea is a non-specific stimulant to the immune system. Claims for Echinacea include: stimulation of leukocytes, mild antibiotic activity, anti-inflammatory activity, stimulation of the adrenal cortex, stimulation of the properdin/complement system, interferon-like activity, stimulation of general cellular immunity, and

antiviral activity. Internal preparations are said to assist in alleviating cold and flu symptoms, respiratory infections, and arthritis, to name a few.

Goldenseal (*Hydrastis Canadensis*) is generally placed in the buttercup family. The name Goldenseal was adopted in 1880, previously having been known as Yellow Root. Goldenseal was widely used among the Native American population, particularly among those in the East. The Cherokee used the roots as a wash for local inflammations, for general debility, dyspepsia and to improve appetite. The Iroquois used it for whooping cough, diarrhea, liver trouble, fever, sour stomach, flatulence, and pneumonia. Benjamin Smith Barton first referred to the use of Goldenseal for rattlesnake bites as early as 1793. Clinical recognition of the use of Goldenseal came in the early 1850s and has continued to this very day.

Goldenseal is among the most popular herbs in the American health food market. Uses are numerous, including but not limited to: antiseptic, hemostatic, diuretic, laxative, and tonic/anti-inflammatory for the mucous membranes, hemorrhoids, nasal congestion, mouth and gum sores and eye afflictions.

Ginseng can be literally translated from Chinese as "the essence of man" or "man-shaped precious root." Few medicinal plants in the world possess Ginseng's near-legendary status. Dating back thousands of years, its history of use in the Orient records therapeutic properties so wide ranging that it was first dismissed by Western doctors as a "panacea". When fatigued, Ginseng reportedly restores both physical and mental functions to peak efficiency and, with regular use, improves resistance to disease and stress. American Ginseng's genus name is *Panax Quinquefolius*.

Over 40,000 species of mushrooms exist, many of which are used as medicines. Of particular note are such remedies as penicillin- and ergot-based extracts used in migraine treatment, to name a few. Extensive research has been done with one mushroom in particular, namely, Reishi. This mushroom is now considered a tried and true immune system fortifier.

References to the use of Reishi in the treatment of a variety of complaints date back as far as 2700 B.C. in Chinese literature. It is referred to by a number of names, including the "ten thousand year mushroom". The rarity of this particular mushroom has increased its value. The Chinese emperor Shih Huang Ti (250-210 B.C.) mounted expeditions of hundreds, even thousands of men to find the Reishi. Recently techniques have been developed for the cultivation and harvesting of the Reishi Mycelium. Writings about Reishi place it in the category of "fu zheng" herbs and claim it is a medicine that improves the ability of the body to maintain balance by strengthening natural resistance and generally improving health.
