Keep Your Eyes Open As Evil Pushes Ahead

6/21/93 #2 HATONN

In spite of causing the staff inconvenience (they do not sleep at all on Monday nights) I have to add some comments and subjects to this paper edition. I will keep most comments to simple "bring it to your attention" but I have to make more comment on some certain other matters.

THE "WATCHOUT" DEPARTMENT

PHOSGENE GAS & DEADLY SINS!!

Dharma, no you were not "dreaming" when I told you to notify ones that phosgene gas was being spread on the desert in the area where the "mysterious illness" began. This gas was used as far back as 1915 when it was mixed with chlorine gas in chemical warfare in Europe. (By the Americans and notably, British, I might well add.) This will also give you reason to know why our ships are in the area of New Mexico where spraying AND the mysteri-

ous disease are prevalent. The "spraying" is a no-no conversation piece and all is banned from the media to the best of Elite capability. I am not going to tell you much about WHAT is taking place because you would have too much trouble believing me—but it is so serious that I cannot allow no comment.

A form of Phosgene gas has been used for spraying a gridwork in the area where this "mysterious" disease originated. I am going to give you "symptoms" and let you see for yourself if there are not some material connections in probability, if not in total recognition. The government is surely enough hiding something from you and I have no other routing to get this information to you except through ones at even higher risk than my scribe.

Phosgene gas has some very quirky side-effects and it is at least eighteen to twenty times as powerful as chlorine, is practically colorless and odorless, and much more difficult to detect than is chlorine. If monitoring is necessary or desir-

able it will be "packaged" with chlorine and will be presented as a vapid yellow-green vapor. It is highly "effective" in concentrations of **just one part in 50,000—and has deadly DELAYED actions.** This gas can NOW be carried with pinpoint accuracy through (on, within) a frequency beam.

A "victim" who has inhaled a lethal dose at first feels nothing more than a mild irritation of eyes and throat which QUICKLY PASSES OFF (this would account for "just a whiff" and might not be noted by ANY-ONE else in the area); **FOR up to two days afterwards a person might actually feel mildly euphoric and generally "better" than usual.** Throughout this period his lungs are, however, filling with fluid.

COLLAPSE COMES QUICKLY. THE SLIGHTEST ACTION—TURNING OVER IN BED FOR INSTANCE—CAN SEND THE RESPIRATION RATE ROCKETING TO 80 BREATHS PER MINUTE, THE PULSE TO 120. THE 'DROWNING PERIOD' BE-

(Please see KEEP YOUR EYES OPEN, page 37)

More Behind-The-Scenes On New Mexico *PLAGUE*

(Editor's note: For the past several weeks CONTACT has been informing you about the deadly viruses and other nasty critters the Satanic Elite Controllers and their puppets are dumping on We-The-People. To put it bluntly, **THE PLAGUES ARE COMING!**...or, are already here, in some instances.

As Commander Hatonn said on pages 49-50 of the 6/8/93 CONTACT, "The 'new' form has been introduced into the wildlife rodent population in the areas of the 'Four Corners' (New Mexico, Arizona, Colorado and Utah). The disease, however, has been noted elsewhere—in almost EVERY state—but is unreported. This means that the disease is spreading intentionally. The fact that outbreak came with more than one recipient means an introduction intentionally, for all would not become infected simultaneously from simple normal speed. 'They' are telling you it is a virus, then a cocci, then a bacteria of some kind, and then 'they don't know'. In the Western areas, as well as isolated cases nationwide, the hospital staff is **FORBIDDEN** to discuss the disease—most especially with journalists and reporters. This is NOT hospital policy—it is **GOVERNMENT orders!**"

Well, we knew we weren't hearing much **TRUTH** from the controlled media about what was going on. Private conversations with a number of people living near that area contained interesting, nationally-unreported tidbits of information about the mystery virus that is taking a toll on the New Mexico Navajos. Lots of suspicious things are going on.

And — what was that again — the Government was particularly nervous about trained news professionals of any variety poking around in this matter and then being consulted by We-The-People?? Why, whatever do they have to hide?! So, knowing the prudent course of action is always the opposite of our Government's advice, that's just **EXACTLY** what we did!

Last week, on page 16, we presented transcriptions of interviews with Ron Sease and Wes Miller, two skilled news professionals in the greater New Mexico area. Now, this week, the following is the transcription of a second telephone interview which took place on June 16, 1993 between

Rick Martin, again, for CONTACT, and Wes Miller. Much continues to happen as the Government tries to sweep the news under the rug.)

6/16/93 RICK MARTIN

You mentioned that you were going to be speaking with some Native American elders. Has that taken place?

It took place on Sunday. We had a healing ceremony. I have a little health problem and, he was busy, because that Sunday he had at least 10 patients. So he was really working hard. He's about 75 years old, this man. Very spiritual. And if you've ever been around a genuine medicine man you know that there's a lot of power there. He did some healing work on me which I hope is going to help a situation I have with my knee. But, when I asked him about the mystery flu he would not talk about it. So, he wouldn't talk directly about it. I know that the elders in this area had been talking about piñon nuts as a possible contributing cause to this mystery illness. Of course, that would be with the rodent population.

Yes.

They had seen something in the fires a couple of weeks ago and, that would be two Fridays ago. They called several of the medicine men together and wanted to see what the medicine men had to say about this illness. And, apparently, several of them had seen the same thing, but they wouldn't discuss it. From what I understand, they were saying it was a man-made cause. They are very reluctant to say too much about what it is.

Now, I am probably able to see this guy again, so it's not going to be a problem. He wanted to concentrate on the healing at that time. But I did talk to his son-in-law and I got some more information from him, and some people that he talked to in town, that have, well, one person, for instance, works in NBC which is Nuclear Biological & Chemical weapons. And, they're spraying here in this area, as you well know, a green, maybe a powder. It's been described as a mist or a gas.

They did not start spraying until the Centers for Disease Control got here. So, obviously, the Centers for Disease Control, it's under their auspices. Everybody probably thinks in the United States that the Centers for Disease Control are doing these wonderful things for you. When in fact, they are the ones who have worked with Legionnaire's Disease, and are not telling you about AIDS, and things like that. So they continue to spray.

I have another eye witness of spraying **before the outbreak** down south near Bread Springs where they had four cases of the illness. On three separate occasions this person saw a plane flying no higher than 300 feet. It was not a stealth fighter, but a plane that was a propeller plane, fairly large. He's a pilot. That's why he thought this was so strange. This plane was much larger than the single-engine plane that he flew. It was apparently a double-prop airplane but it had some kind of muffling device on it so you could barely hear it. And it was flying a grid. Whoever the pilot was must have been very good, because he was doing a flat turn, almost a rudder turn, and coming back in a tight grid pattern. Spray, come back, and spray, come back and spray, come back and spray, until it was all gone and then he flew off towards Albuquerque.

And where was this again?

About 15 miles south of Gallup near Bread Springs. This was in February-early March and this was observed on three separate occasions.

OK.

The spraying continued very openly in the Thoreau area and other areas of the reservation. It appears they've been spraying at night also. A lot of helicopter activity in this area. There were 10 Cobra gunships observed over Gallup yesterday. They claimed that they had been coming back from war games in California. But, I don't know if that's true or not. It just seems like this is a real hotbed of activity.

The guy who worked for the Nuclear, Chemical and Biological company, **he thought this resembled what they used**

to do in Viet Nam. He said, in the last days of Viet Nam he was working in this. He said it was just a nightmare of the things that they had even back then, the weapons. He said they had chemical weapons that made it look like it was a virus, although it was a chemical weapon.

What they do is come and lay down a spray and then, later on, come back and put the reagent over it at a later time. By the description of what he had seen, he thought maybe they were actually doing some of that in the area. He also said that, even back then, they had biologically or genetically altered insects which they would release into these villages in Viet Nam to destroy crops and harm people and things like that. So, you know, the people who disbelieve these stories about how far advanced the government is in genetic abilities to alter viruses and bacteriums and even insects or human beings, they're just very ignorant of what is really going on. And the people who do talk to us, all indicate that the government has a lot of this going on.

Now we also have found a commercial pilot who has been talking. He observed very large tanks of gas, of some sort of gas, being loaded aboard planes. Unfortunately, he won't tell us exactly where he saw this. They had military markings on them and they were being loaded aboard military planes. He had seen at least one canister of gas, I think on the back side of the San Francisco peaks, around the Flagstaff area, that was actually dumped into some water by a little waterfall back there and there was a dead cow in the water already. This was back about 4 or 5 months ago. He had observed this.

Was this only in the Flagstaff area?

No, he had seen, apparently he flies out of Albuquerque, I do believe. And so, he's seen a lot of activity there and other places that he has been landing. But the activity with the spraying all seems to be in this area here, in about a 200-300 mile radius. So it's a hotbed for a lot of military activity, a lot of military planes.

Of course, I'm sure you're well aware of the UFO thing that happened here last Friday.

Do you want to talk about that a little bit?

I will be more than glad to tell you a lot about it. It depends on what you want me to share, or what you think we can share about it.

Well, just tell me the story and we'll see if we can put it out there.

Now, I was on the air Friday night and

I received a call from a place called Iyanibito, which is about 14 miles east of Gallup. It was 7:10 P.M. It was during the daylight hours here, ok? And, Iyanibito is where a thirteen-year-old girl, one of the latest victims, died.

She was a Navajo?

Yes; also, a friend of ours, believe it or not. She was just a beautiful girl. That's a sad story there, but, this lady, a Navajo lady, called me and said, "What is this strange light that is hovering over the mesas here?"

And where is this?

Iyanibito, about 13-14 miles from Gallup to the east. And she observed the object during the daylight hours, which would have been northeast of her.

I asked her if she would talk on the phone. She said, "No". And I asked her if it was a balloon and she said she didn't think so because there were colors on it. And she thought she saw something hanging from the bottom of it. I couldn't get her to talk. Within the next five minutes I received two more calls from Iyanibito, New Mexico, both describing the same object, during the daylight hours. And the third one was willing to speak on the air. So I got her to speak. We didn't exchange names or anything like that.

So, after I put her on the air, more people started calling in. I put about 15 people on the air that night. I could have put 100—literally the phone was ringing every minute. And I literally got at least 100 calls into the radio station. And, as far away as 80 miles away from Gallup, past Crown Point, they were describing this object. By Mariano Lake, all the way to Zuni to the south. And I got word from people in Gallup. So, I got all kinds of different vantage points from different, many different observers on the ground watching the same object.

Some described it as triangular. I had several people describe it as triangular. It was very visible during the daylight hours to the point where another observer watched it from the golf course for 45 minutes. Now, they're trying to tell us that some people said they saw a weather balloon. But, it obviously wasn't a weather balloon because they don't put lights on weather balloons.

This thing didn't act like a weather balloon and it was in a stationary position most of the time. This was observed from around 7:00 P.M. to almost 12:00 midnight. About fifteen to twelve in the P.M., it finally flew off. So it was observed for almost five hours in this area. Thousands of witnesses.

About 10:00 P.M. I turned on the TV

down at the radio station. We get a station that is Channel 4, that normally comes out of Albuquerque, but they've got this agreement with our local cable company that we get some Farmington news. Now, the only TV station that reported the "object" was KOB out of Farmington. And they said, that night, there was another object, very bright, hanging in the sky by Blanco, New Mexico, which is near Farmington, about 30 miles from Farmington. And there was another one by Gallup, which is the one that we were all observing. They had many, many calls to the TV station.

And that night they reported calling Albuquerque and checking with the meteorologists for New Mexico. They stated that night that they had no weather balloons up. OK? Later on that evening, about 9:00 P.M., jet fighters started showing up. Now we figure they must have been scrambled from Kirtland Air Force Base and somebody on the ground must have seen these scrambled from Albuquerque, cause that's the closest Air Force Base. And there are reports of many jets flying over these, this object here near Gallup. Above it, flying back and forth, anywhere from 4 to 10 aircraft at a time were reported. We also had many people with binoculars on this object. They all reported like a red, green, blue light thing. They reported the lights were around the middle of the craft. It appeared very solid and not balloon-like. It was changing colors at night, when it became night time.

The jet fighters came out, they must have been scrambled. We figured they wouldn't scramble jet fighters for a weather balloon. There was a meteor shower that occurred between 10 and 10:30 P.M. And many, many reports of shooting stars throughout the night. All accompanied this event. And, like I said, the next day in the papers and continuing to today, the three major networks out of Albuquerque, our local paper, and the two big papers out of Albuquerque have not had a single solitary article on the event that happened last Friday here in the area.

Now, I do have a follow-up on that, that happened two days ago. I was kind of making fun of our local newspaper *The Gallup Independent*. I was saying, "Well, as usual our paper missed the big story here in Gallup and they're more concerned with what's going on outside of Gallup. They print a lot of news from Grants and other places. They don't print as much news about Gallup. It's a very strange local paper".

And so, I was kind of making a little fun about it and I was wondering. I said, "I got all these calls, and those are just the calls that came in here, probably 10 times that amount of people saw this thing, this object. Somebody should have video taped it. Somebody should have some pictures."

So I said, "If you do have a video tape or pictures, or if you're just a little bit upset by the fact that your local paper and none of the Albuquerque papers, nor the TV stations even reported this event, well give me a call."

A Navajo gentleman called me that night, which was Monday evening. The Monday following the Friday. And he said, "We heard you on the radio talking about it so we stopped at a truck stop about 18 miles from here and we watched it." And he said, "We saw it. It was there. We knew it wasn't a balloon. We knew it was a phenomenon. We all believed it was a UFO." He observed it for about 20 minutes and he said that it really upset their family.

He said he figured the same thing as me, that there would be something in the paper or there would be a picture since the local newspaper had plenty of time to get out and photograph this thing. But there was no photograph in the paper. There was nothing, no mention of a weather balloon or any natural phenomenon. I mean, it just wasn't talked about, period. And he said he was a little upset about that.

So I put him on the air. We talked about that. No names were given. I didn't know who this person was. He said that about 15 or 20 minutes later he got a call from somebody, Lord knows how they got his phone number, threatening him and saying he'd better not ever talk about this event again, or else, and kinda hinting that he was in the government. The UFO observer called me back, scared, about an hour later and said, "Look, this government-type guy called me. He threatened me over the phone. I don't know how he got my phone number. Your phone is tapped, I just wanted you to know." And he hung up.

So, we've been getting some weird signals on our phone and stuff. Phone ringing, clicking sound and nobody there. So, obviously...

Well, on this end I'm getting a slight pause every second or two, so obviously the conversation is being recorded by "others" besides me.

Ah huh. So, obviously, I can't really say much about what's going on, anymore. I know they're taping me. I know they're watching me, too.

Let's get back to the virus. What is the general tone in your town now? Is there discussion about it all the time? Are people afraid to talk?

Well, here's what's happened now. The whole sweep of the media coverage has completely changed now. Are you aware of the five cases they are now reporting in San

Francisco? It came over the AP and I saved it from last night. Basically, what it said is, five possible cases of mystery illness now being reported in San Francisco Bay Area. It said, some of these cases started as far back as September of last year and they have two people now in the hospital, under ventilator conditions, who are in bad shape. **Two have died and one, they said, has disappeared! I don't know how a patient can disappear.**

They said that particular case happened maybe as far back as August, September. These, obviously, the cases where the patients are on the ventilators, are new cases and the other two people may have died in April, I think they said.

I have another person in Las Vegas, Nevada, who has said they have five or six cases of this mystery illness over the last six months. These people have also died in the Las Vegas, Nevada area, and nothing was reported. He said, then, this was not new news because this mysterious respiratory illness had attacked Las Vegas already—in the outskirts and in the city.

They were reporting yesterday—this is a very strange thing: Now, when it first broke out, they were giving us a lot of information about victims and where they were from. Even if it was a couple days later. Where they were from and whether they were part of the mystery illness or whatever. **And now what's going on, especially in Arizona, Arizona is so worried about tourism that Arizona is not reporting as many as eight deaths that they have.** They're reporting that they have had deaths, but they refuse to say where the victims are from and they're not reporting how many cases they have. They're just putting a news shutdown on it.

Friday, in the *Arizona Republic*, they reported a woman from Phoenix having died of this respiratory illness and they would not confirm whether she was a victim of this mystery illness or not and they have not had a follow-up story that I have been able to find in that paper confirming whether she did or didn't have THE disease.

We have had a couple more deaths here in New Mexico which has raised the death toll to 16. And I follow the AP, because I work for the radio station.

The death-toll was 12-14 last time I had seen it. All of a sudden it was up to 16 and they're not telling us anymore where the victims are from. They just said, another person died in New Mexico. It's almost a news blackout. They're not really saying too much about it anymore. The Governor's Office has control of all of the information now, and also, **they're deathly afraid of hurting tourism.** I can understand that, because it has really injured our Indian jewelry business.

It's really hurting the Navajos tremen-

dously, in this area. A lot of people are looking at them like, well, Navajos have this disease and better not be serving them in restaurants. You know, getting away from them, like, don't get too close, don't breathe around them. Like I said, the Indian jewelry business in our town is one of the main employers. And we're having hard times.

They're reporting about 30 cases of the illness now but they're not saying very much more about it anymore. So, the whole tone of the disease and the reporting of the disease is, even in the local papers here, nothing like what it was before.

And so, as far as panicking and stuff goes, there was a 10-day lull in any new cases. So, a lot of people started feeling relaxed. And then they had a case up in Farmington where a 22-year-old Navajo died. And then they had 3 other cases. A thirteen year old girl is in the hospital in Albuquerque under respiratory conditions, and she's also on a ventilator. And they had another outbreak in Arizona. And one in Colorado. And then, there's been a 3-4 day lull again, and now they're reporting a couple deaths and they're not telling us where, what or when these deaths occurred or even if they're adding deaths from a previous count.

We're just not getting very much information anymore. So, I think a lot of people around here are starting to feel a little comfortable like it's starting to abate. It's starting to feel alright again. You know, let's get back to normal.

We had a report yesterday that Bill Clinton said it was not good to travel to this area. I haven't been able to confirm that yet, but one of my friends said that was reported over the radio, so I don't know. I think non-Indians, and even Navajos, are starting to feel like it's not very dangerous and I think that attitude in itself is dangerous.

It's not a panic situation here. I think it's more of a panic situation of other people in other areas. When I did the recent interview with the Utah radio station, people were saying, "Should I even come down to that area? Isn't it real dangerous?" Some people were seen traveling through our town with those painter's masks on and bandanas over their faces, and the whole works. They were just deathly afraid. However, I think in this area, as far as local people are concerned, fear is abating somewhat. But the illness seems to still be there. Not as many victims, but it's still collecting a few here and there.

Well, obviously, I don't need to tell you to be very, very cautious.

Well, I just figure I won't be able to mention this on the radio anymore. So, whoever is listening in on this tapped phone

line, you can rest assured that I'm going to be a "good boy"!

Good. There's no reason to take risks.

I'm really small potatoes for these guys, they should know that. There is really no reason to take any big risks about this. I don't want them to come one day and just pick me up and I'm another Jimmy Hoffa story.

Right.

So, yes, I'm going to be very careful. I guess I'm just going to have to let Hatonn do his thing. And just see what he has to say about it. Obviously, like I said, I'm going to have to really...I guess I must have scared them the other night when I had all those people on the radio.

Well, a lot of people are obviously listening.

I seem to have a pretty good show. My point is, I've always thought to myself, "How can somebody do this to another person and not think twice about it?" I don't care if he's working for the Government or not. Sooner or later it's going to get their families. And then, when it hits their families, it's going to hit home. And they're going to say, "Why did I do this?"

That's right.

And, you know, they probably feel protected because they're part of the Government. They're part of the thing, right now. But they're also small potatoes and they'll be exposed too.

Well, they're expendable too, at some point. I appreciate your time with me; thank you.

I thank you, too.

Today's Newswatch

6/17/93 #1 HATONN

I ask that you people look carefully at what is going on and consider WHY things are happening.

Think back, readers, and remember the CIA killings? Remember the Trade Center? Now, WHY do you think the largest numbers of United Nations troops being killed in Somalia are PAKISTANI? "They" are still

searching desperately for the perpetrator of the killings at CIA. If you don't generalize and hook up these things—you are going to get buried in confusion. It is ALL hooked up and rests with Pakistan and Iran. You are about to go to a BIG war and you can now know the players.

CIA AND PRODUCTS

Look carefully at "needles" and "syringes" in Pepsi cans! What could this have to do with the CIA? Everything! Also, remember the "Denny's" incident with "agents" being denied service and the big flap? Connections? Indeed! Denny's is owned by the CIA Group II and Group I is against them. CIA Group I owns PEPSI. This is a direct cause and effect scenario. The point is that you have two MAJOR factions in your own CIA and the "battle" is heating up, little citizens. You have one faction trying at all costs to SAVE YOUR NATION and the other in direct integrated service to the Bush gang and New World Order United Nations enforcement troops. Good luck—may the goodly side win.

ETHNIC CLEANSING

This is a term preferred to genocide (unless used in conjunction "with") and always is used as preferable BY the Adversary forces. Somehow "mass MURDER-EXECUTION" is not acceptable on national-international media. Peace in Hercegovina and Bosnia between the Moslems and Serbs? Perish the thought. YOU **HAD** PEACE WITH THEM—you will not have POLITICAL peace. HOW ELSE CAN THE GOOD OLD U.S. AND U.N. GET INTO THE FRAY IN SUCH A WAY AS TO HAVE A MAJOR WAR AND SHOW-AND-TELL OF STRENGTH?

GERMANY

What do you have with all the flap about neo-Nazis and such? Funny thing, there aren't enough actual "Jews" in the area to be the point—so any "old foreigner" will do for fodder for the media mill. The Germans are trying to hold onto their country from the Elite Cartel and these are the battle show-and-tells for you, the world citizens. You have an EXACT RERUN OF WORLD WAR ONE AND WORLD WAR TWO, STARTING—IN GERMANY! AND, WORSE OR "AS USUAL", IT IS ALL FUNDED AND STIRRED UP BY THE SAME ELITE MONEYBROKERS! So be it. It has NOTHING to do with race, creed or color—IT HAS EVERYTHING TO DO WITH WORLD POWER AND ASSETS (BANKERS AND MONEY). Is it not strange that even the scenarios never REALLY change? You are simply suckered over and over again without need of even changing the story-line.

RUSSBACHER

The nasty game of get rid of Russbacher just heats up hotter and hotter and what can you do about it? Publicity is about all you CAN do about it. Make it better for the politicians and crooks to let him go than to longer hold him. He has become an "issue" and a "hot potato", so let us heat up the oven a bit more, please.

[Editor's note: Please see stories beginning on page 33 of last week's CONTACT and on page 37 of the 6/8/93 CONTACT. Let me extract and quote from our telephone interview with Rayelan Russbacher in the 6/8/93 CONTACT, on page 40, for what YOU can do to help here:

"So, the only thing that I can ask is that people call or FAX the Governor's Office and voice support for us going to Austria, being deported to Austria."

Governor Mel Carnahan

Office telephone: (314) 751-3222

Office FAX: (314) 751-4458

Governor's Mansion Phone: (314) 751-4141

Governor's Mansion FAX: (314) 751-9219

or write to:

The Honorable Mel Carnahan

Governor, State of Missouri

Missouri State Capital

Box 720

Jefferson City, Missouri 65102.]

Ones are looking into Amnesty International as intervening in this issue and causing the prison officials and politicians to let him go back to Austria. This involves the Austrian counsels and consulates so when we are given information as to where and who to contact—the CONTACT, I am told, will offer the information, probably on the phone hotline. We have no wish to get into the political fray but we will continue to effort to keep you informed and help where help can be given in situations of injustice. These things can only be impacted through participation of you citizens in enough numbers to bring attention to the fact that "they" know "you" know. Evil does not function in the Light of knowing Truth. The adversary STILL MUST DO SERVICE IN PUBLIC TO THE CONSTITUTION UNTIL THEY WIPE IT AWAY SOMEHOW. IT MEANS THAT YOU-THE-PEOPLE MUST BE THE VOICE FOR ATTENTION TO INJUSTICE. THE MASS VOICE IS FAR SUPERIOR TO THE FEW, EVEN GOOD, WEAPONS OF WAR. THE EVIL BEING OF CRIME CANNOT STAND THE SPOTLIGHT ON HIS BEING—IT IS THE UNIVERSAL LAW OF TRUTH. EVIL CAN ONLY FUNCTION IN THE DARK, SECRET AND DECEITFUL PLACES. MAY YOU ALWAYS WALK IN THE LIGHT! ONLY THERE SHALL YOUR SOUL FIND ITS WAY.

Salu.

Let There Be LIGHT! And God Created

6/18/93 #1 HATONN

**HE WHO SHALL INTRODUCE
INTO PUBLIC AFFAIRS
THE PRINCIPLES OF CHRIST
WILL CHANGE THE FACE
OF THE WORLD!**

— Benjamin Franklin

LIGHT!

"I am the Light," sayeth the Lord. **"Our Father is LIGHT,"** said the Great Teacher. *"In HIS 'lighted image' come we His Creations as He has molded us from HIS thoughts into that which is physical."* *"These things that I do, so too can you, and MORE."* *"I am COME AS A LAMP UNTO MY PEOPLE!"* So be it for in Truth there can be no copyright except in attempt to hold that Truth from all to whom the gift of knowledge be given. Further, there are no "secrets" in or about "LIGHT"—only the lack of KNOWING.

So "how" can I, without assault against my scribe, get this great Truth to you? By sharing that which has been given to one, half a world distant, in the southern part of Africa.

So you ask, "Why would you 'settle' a dispute over God's gifted material by such a thing in the litigation pending?" Why indeed?? I also marvel at the audacity of such a thing—but a Federal Court Judge told all witnesses present that if "Hatonn" or any other of the so-called authors dared to print that which is forbidden—Doris Ekkers will go to prison. Since there is never given opportunity to speak in any form whatsoever, what choices do we have in your system of "justice"?

Then why do I not exclude this "subject" entirely? BECAUSE IT IS THE SUBJECT OF LIFE AND THE REASON I PRESENT HERE UPON YOUR PLACE. YOU MUST KNOW THESE TRUTHS AND YOU MUST BEGIN TO **KNOW THEM** NOW FOR ONLY IN THE KNOWING OF THE "SCIENTIFIC PHYSICS" OPERATION OF THE UNIVERSE (AND YOU) CAN YOU FIND TRUTH.

WALTER RUSSELL

tute for Research & Education have invested heavily into researching and ferretting out the EXACT liabilities of utilizing any works of one, Walter Russell, who did indeed present the most understandable concept of this Truth—in conjunction with the work of Nikola Tesla. Ones here, as with you readers, cannot understand the thrust for silencing our work nor can any understanding be brought to the actions as to "competition" accusations. There is not even similarity in any measure with this place and-or operations and ANYTHING done by said Russell Foundation.

The Russell Foundation, in fact, is not even longer called by Dr. Russell's name and more emphasis is given to his second wife, Lao, than to Walter. This, in itself, is indeed most strange if it be Dr. Russell's truths which are intended to be gifted unto the people—even at price. Our greatest desire is to give honor to this great man of history and to any place that would offer his work to mankind. However, I shall not allow my secretary to go to Federal Prison because of my own need to bring Truth to you-the-people.

Therefore we shall set the work in point totally aside and approach the SUBJECT from different resource. When I made this statement in the CONTACT prior to this, the interpretations were that we would go forth and print the SAME works (banned) only in different business stream. SCIENTIFIC TRUTH is universal and this needs settlement in Truth and not in funds—however, George Green saw fit to make his own settlement with the opposing parties—at the full expense and focus of the Ekkers and now, does in fact, represent the very organization in point.

So, in the threat of ongoing imprisonment—we shall approach the subject through the work of foreign receivers who DO OFFER, PLEAD FOR PRESS AND SHARE EVERYTHING THEY HAVE. I say "they" because more than one shared in the receiving, and more than one being offered the information.

All diagrams and pictorials in any of these writings will be from that resource, as the illustrations were the most obvious

error in utilizing the Dr. Russell-honoring documents since these were the major source of irritation, it seems, and somehow "proved" our intent to damage another "business entity". Mr. Green reinforced that intent by turning-coat and, as the publisher, offered the WRONG information in order to save his bank account and retain the hundreds of thousands of dollars in gold he had taken unlawfully. He is now efforting to require that his newly formed alliance will cause the Judge to require that "we" or CONTACT be required by order to cease mentioning his name. How can this be? There are cases running counter to Mr. Green by the Institute, the CONTACT and other parties related to the work here—that have NOTHING to do with Hatonn or the Ekkers.

WHAT HAPPENED IN RESPONSE TO CORPORATE LETTERS?

There was one nasty, vile phone call from Mr. Fort's attorney threatening destruction and explosion against Ekkers and the Institute because he was contacted by the Bar Association. The legal counsel firm representing the defendants in the Green-Gold-JOURNALS cases asked release (after thoroughly flubbing the cases) and otherwise? Who knows? NOTHING. I am told the Constitutional Law Center will follow up as soon as the Sacramento office is closed. To get further input I leave it to the Editors and Board spokesman of the Institute. Ekkers are out of the loop for "recovery".

As to the continuing claims against Mr. Martin and Tehachapi Distributing of which you inquire, I am told that the case is now being pressed by Mr. Green in Nevada. At any rate, Mr. Martin and the company are in bankruptcy but are still efforting to recover the \$12,000 in sales, made against court orders, of the books in point. Mr. Martin says that is in order to pay outstanding costs of operation while in business. Mr. Martin's plans were to have a full distribution company AND publishing operation. He spent a great deal towards that end in preparation and stock which has

also had to be liquidated at give-away prices or totally free, because of this lawsuit from George Green.

We are told by ones having prior working relationships with Mr. Green, such as Lee Elders, Lt. Col. Wendelle C. Stevens, Eduard "Billy" Meier, Bowen, Cannon and others, that their business experiences have been the same and usually end up in litigation. Some of this information came through strange routings of people who no longer respect Mr. Green, so who knows??

We have, actually, almost NO interest in the matter—except to reclaim that which is "other's" property. I and Ekkers get nothing now, or ever have, from this work except our heartfelt appreciation for being able to serve. A Peace in the action is far more worthy and brings far greater riches than does a Piece of the action. Perhaps even Mr. and Mrs. Green will learn this lesson some day.

BACK TO CREATION AND LIGHT

Back to the subject of MAN'S SOURCE and who and what is Man and who and what is God—which necessarily brings us right back to LIGHT. I have to write on this subject for it goes hand in glove with Gaiandriana, your ability to achieve physical attributes to give possibility of translation and transition, stave off disease and death from the genetic-DNA-altered "things" and "entities" thrust upon you through this New World Order and, finally, come into balance with KNOWING. YOU **ARE** LIGHT and no matter what we may PREFER—the facts are that you are an electrically created and motivated entity. You are not a chemically motivated creature—you are simply chemically assembled from elements of the Universe. You ones claim to diligently search for your SELF and for GOD. How can you get back to that God of Creation if you know not what HE-YOU **ARE**? The tinkering of man will destroy you—the offerings of God shall see you into infinity.

I really don't know why there is such flap over books and expressions for the facts are that the actual "inventions" which will physically give you advantage are gifts from Nikola Tesla expressed in the physical-mechanical operation of the concept of LIGHT.

THE DAMAGING SUN RAYS

How many of you, today, noted the special segment on CNN regarding the fact that NOW scientists report that not only is Ultraviolet-B severely damaging to the body but so, too, is Ultraviolet-A rays which were priorly thought to be safe and tasty! What about those flooding through NOW which are even higher in damaging power and are well "beyond" the frequency of any Ultra-

violet light waves??

THE BODY IS A LIGHT BEING

The next writing comes from *Consumer Health Newsletter* (Consumer Health Organization of Canada), Vol. 16 No. 3, May, 1993. 250 Sheppard Avenue, E., Suite 205, Box 248, Willowdale, Ont. M2N 5S9.

QUOTING:

VIBRATIONAL MEDICINE AND HOMEOPATHY

by Charles McWilliams, M.D.

Dr. Charles McWilliams has a medical practice in Nevis, the West Indies, and has conducted research in the field of vibrational medical technology for the last 12 years. He has developed many medical technological devices including a photonic homeopathic potency simulator, ozone generator, colour-sound-gem frequency generator, electro-acupuncture device (Acutron), and electro-acupuncture measurement and treatment device with Rife frequencies (Biotron II), etc. He is director of the American School of Oriental and Homeopathic Medicine, president of Science Research Inc., and president of Universal Technology Ltd.

LIGHT

The body is a *LIGHT* being. It operates on light, and also requires inordinate quantities of oxygen in today's environment where the oxygen concentration in an urban city can drop to as low as 6%. Prior to the 1940's, the oxygen concentration of the atmosphere was over 38%. Today it is generally around 18 to 22%. Already, the terrain is set for oxygen deprivation, and an oxygen-deprived environment is the ultimate breeding ground for cancer.

The second dynamic below light is *heat*. Without heat, there is no known biological reaction. Heat is an electromagnetic phenomenon. It is several hundreds of thousands of oscillations below the frequency of light. Below the frequency of heat, you get microwave radiation. It is the industrial level of microwave which is bad for you, which we call biological overkill. Your body generates microwave frequency and it generates the next level down called radio frequency. Your body also generates low level electric waves, heart beat and brain rhythms and this is easily demonstrable on EKGs and EEGs. From the concept of quantum physics, you are a light-driven being. Your body receives light, demodulates light and this drives all the rest of your reactions. Your neural circuits, your endocrine glands, your digestive glands, your metabolic oxidations, your enzyme

exchange systems are all light-driven structures.

In space, there is no white light, but when radiations of the Sun strike the vapour of the Earth, they dissipate into white light, which can break into a spectrum of colours. Your body requires all seven of the rays which can be seen through a prism. The blood requires an inordinate amount of red light, your nerves require an inordinate amount of violet light and your digestive organs require inordinate amounts of yellow light. Each glandular system within your body needs that light nutrition.

AIR

Your first source of light is air. The Hindus called it Pranayama. You not only bring in oxygen, but you also bring in light, because light wraps itself around the oxygen molecule.

WATER

Your second source of light is water. Water is able to receive very vast quantities of photonic energy from light. When you take water from recycled sewage, you are taking in dead water. When you expose water to nature cycles, to evaporation, to going up to the clouds, mixing with ozone and falling as rain, you oxygenate the water tremendously. You sterilize the water in nature cycles. Any farmer will tell you how much faster plants grow after a rain storm than they do from ground water irrigation. In the industrialized countries of the world, everybody is taking ground water from recycled sewage, or from lakes with low bio-oxidative potentials. Basically you are cooking, drinking and bathing in dead water. These are electron-robbing substances. They require your body to process them to eliminate them. They are poisons and they burden the enzyme systems of your liver. Nature's cycle exposes water to light and air. Water was meant to give you life. When you drink it from a stream or as it falls down from the mountain or taken from an extremely deep well, those are waters that have healing properties that add energy to your body.

PLANTS

Another source of light is overlooked by most people. You get light from plants. Plants take photon energy from the sun, capture it and sequester carbon dioxide and water into sugar, fats and proteins. Plants are stored sunlight. They are one of Nature's miracles. When you take the plant into your body, your enzyme system causes cleavages of those atomic bonds and, just like an atom bomb, they release energy. Energy is also released as light and as heat which further drives your biologi-

cal mechanism. Sugar is stored sunlight. Higher up on the scale are aromatic plants and spices. These are very high energy carbon bonds with cyclic aromatic rings. Spices deliver a lot of energy to your body.

So I have given you the four sources of primary photon energy. Light, water, high energy food, and lastly fats, carbohydrates and proteins. But mankind has reversed this. Instead of getting primary energy from sunlight at the top of the list, he is taking it from sugar, at the bottom of the list. The more dependent your body becomes on sugar, the less you are able to assimilate higher forms of energy. One of the hallmarks and first signs of inability to utilize light energy is **obesity**. It is the greatest disease of the industrial countries of man. Obesity is the first sign of the inability of the body to take light nutrition.

HOMEOPATHY

Homeopathy is a time-tested, proven method of detoxification and it works. The old homeopathic method of trituration and succussion, the grinding and pounding and shaking of a substance is nothing more than the release of photons of light. Water has the ability to absorb inordinate amounts of light and heat. Water has one of the highest specific heats of any substance known to man. In the natural environment, it does have the highest **specific** heat. It absorbs tremendous quantities of electrostatic energy. When you make homeopathic remedies by pounding, trituration, succussion and electrification, it doesn't matter by which method, it tears apart the electro-zonal bonds of the original substance and creates photons that are then dispersed in water. We use those by a resonance factor. All the tissues of your body require certain resonance frequencies to vibrate to stay alive. Light deprivation is death. It is easily proven. Without light there is no life. So, by giving homeopathic remedies, or by giving colour, those tiny little photons resonate like little frequency oscillators and, sending them all through your system, and where they resonate, like two tuning forks, wherever they find each other in a domain, they vibrate. In a homeopathic liquid, there are billions of photons contained in just one glass of water, more than enough to start reactions in the body.

In the case of a *toxin*, we use the homeopathic remedy to raise the energy of the toxin to cleave its electro-zonal forces off the tissue. The toxin has bonded to your body. By taking the homeopathic remedy, it breaks the bond and gives it a chance to be excreted. On the other hand, we also have remedies which are very beneficial energies. The potentized toxins are only taken for very short periods of time whereas flower remedies, cell salts, potentized min-

erals, potentized vitamins are used extensively in the practice. These are used to resonate metabolic functions to a higher energy level. If you are not utilizing a vitamin to a high efficiency, you can take potentized vitamins to get more utility out of it. We raise the energy spectra of the body and the vitamin or mineral that is already in your system can be more easily utilized and absorbed. So we use the remedies in two ways. In the case of dissipation, we use the remedies to expel toxins from the body. We use them for short periods of time and we give the body time to heal. In the case of metabolic insufficiencies, inability to use mineral salts in the body, enzymic problems, nutritional deficits, we use them for more prolonged periods of time in an attempt to raise the body's energy potential.

INVISIBLE LIGHT

Light has two forms, one that we visibly see and another one that we don't see unless you are psychic. That is where our energy medicine and acupuncture and homeopathy operate. It is light prior to manifestation. It is a parapsychical energy that psychics are sensitive to, people that are intuitive. These people are able to sense light of prior manifestation. Invisible light is able to be made prior and able to be used in the body when the resonance is there. Invisible light has to do with a more spiritual nature of mankind, and for these types of things, we use gem stones and flower elixirs to change the psychic structures with the body.

(Extracted from Dr. McWilliams' presentation given at Total Health '93 on April 3, 1993.)

END OF QUOTING

I believe that you can now begin to see where we are headed with the gaidrianas, spelt, algae, etc. The point is that you are going to have to raise the vibration frequency of your "light" body if you are to sustain the mechanical properties and the electric flow of your mental processes. All things mentioned are partial "helpers" but you are going to have to get right to the DNA source of your reclamation if you are to come into wholeness.

Salu.

6/15/93 #2 HATONN

WHAT IS CREATION AND WHAT IS CREATOR?

The Creator ("God", as recognized in language by most of you readers of this writing) **is ALL there IS**. God is ALL that EXISTS.

You have here a "universe" that SEEMS

to exist in matter in motion which **appears** to exist. There is no "reality" to its appearance for to your senses it simply sequentially disappears and then reappears. It but simulates reality through the illusion of two-way projected light—light reflections IN MOTION.

God, recognized as THE CREATOR, is THE One Being, the One Person, if you will, the One Mind, the One Thinker, the One SELF, the ONE LIFE, the ONE SOUL of which you are a portion, the ONE POWER—THE ONE REALITY.

God's **CREATION** is the **imagined** and patterned form of GOD'S own imagining, structured in HIS image. It IS the body of God, THE RECORDINGS OF HIS THINKING, created BY Him for expressing the ONENESS OF LIFE, LOVE, MIND—AND SOUL! IT ALSO EXPRESSES THE "POWER", ALL BEING WHICH IS IN HIM ALONE.

God IS **Light**. God is Universal Mind, "mind" is "light"—MIND KNOWS!

Mind "thinks" what it knows into consciousness. Mind "thinks" in two opposing LIGHTS simultaneously projected from their centering WHITE LIGHT SOURCE and is sequentially repeated in cycles.

God's thinking and imagining are qualities of God's ultimate KNOWING and creating resource. God's knowing Mind is without time and is absolutely "still" (motionless). Likewise, man's thinking and imagining are equally as timeless and still as is his knowing—but he remains too limited in his own consciousness to recognize his all-knowing capacity.

"Stillness" (without motion) can NEVER be motion (action of moving), but it can **appear** to be. Motion merely **seems** while stillness always **IS**. THE universal equilibrium can never be other than its own balance but it can seem to be, if you ponder this a minute. The "illusion" which is motion springs from stillness and always returns to that stillness. As strange as it may seem to the SENSES, this is a universe of REST. There is nothing except "rest" in the Universe. No time, no space—nothing except "rest" which we will discuss as we move along.

Mind "KNOWS" its one Idea of Creation as a (ONE) WHOLE. Mind "thinks" its One Whole idea into seeming parts. Hence comes the illusion of motion which is called "Creation", and the illusion of substance which you call "matter".

Matter, motion, time, change, dimension and substance have NO EXISTENCE. **The Light of knowing Mind ALONE exists. There is but ONE Mind and ONE Thinker.**

The one Light of knowing Mind is Self of God. It IS the Universal Self which centers all omnipresent self-creating bodies of God-Selves. THIS ENTIRE SELF CREATING UNIVERSE IS THE MIND IMAG-

INED BODY OF GOD, AND RECORD OF GOD'S THINKING. In the final recognition and **knowing—there is ONLY LIGHT!**

You can most assuredly KNOW God. You cannot, however, KNOW His "body" but you can SEE it. Likewise you can KNOW man. You cannot actually know the body of man—but you can SEE it. Therefore, you have to realize that **what God IS—man is. God and man are ONE and it is the illusion which "seems" to be more than one.**

LIVING IN TWO UNIVERSES?

You would "seem" to live in two universes simultaneously. These are represented as the still cosmic MIND universe of KNOWING and that moving thought-of-mind universe of SENSING through rhythmic waves.

You cannot **sense** the cosmic universe of God's knowing nor can you **know** the thought-wave universe of God's thinking. The cosmic Mind universe of THE One Light of all-knowing is all that IS. The vibrating thought-wave universe of sensing merely "SEEMS".

God is the ONE still light and IS the cosmic LIGHT which watches over all creating things at countless points locatable by man—but **invisible to man**. Man's senses have misled him into believing in forces which he calls magnetism, i.e., that which attracts compass needles and lifts tons of, say, steel. The phenomena of motion **are due to electricity AND NOT TO MAGNETISM**. You are going to have to learn the difference and we must present it in such a way as to allow you to HAVE THE INFORMATION. We have offered it prior to now but it was removed from your ability to access it. THE Cosmic Light is absolutely at rest (STILL). It neither attracts nor repels.

You must now comprehend the nature and purpose of the "magnetic poles" of suns, planets and all other moving extensions of that ONE LIGHT. Likewise, you must know the nature and purpose of the two electric "workers" which interweave this light image of seeming motion and dissolve it sequentially for rebuilding. This will give you a foundation of knowledge which will enable man to see **behind** the illusions which DECEIVE your senses.

You must now begin to seriously climb out of the material wilderness to your spiritual mountain peak. This means you must move more and more into the cosmic Light universe of knowing, and less in that sensing universe of mere electric waves.

Man must come to know that his POWER lies in the stillness of his own centering Self AND NOT IN THE MOTION by which he manifests that very stillness.

You must now come to realize and KNOW

that your "Self" IS God within Self. Why? Because you must, if you are to find fulfillment in the journey, come into realization and awareness of this cosmic Light of God in Self. With this awareness comes also an awareness of purpose and fulness in manifesting that Light AND the **power with which to manifest it.**

You must come to know the universe of God for that which it IS instead of what your senses have made you **believe it to be.**

Further, you must **know** that this infinite creating universe which appears and seems so real, is but a movie of sorts written by that Masterful Writer-Creator. You will come to know that the "seeming" reality is simply electrically-projected, spectrum-colored light and sound-wave "motion" pictures—a play of **CAUSE AND EFFECT** imaged on a screen of imaged space and time (both of which would be perceived as black in absence of Light). The **CAUSE** is very real indeed—the **effect** is a simulation of the reality.

You will note that the "self" of man is **cause**. His own self-creating "body" is **effect**.

STATIC LIGHT

God's universe of Light is static and magnetic. God's perpetually creating and re-creating electric wave universe is TWO moving lights and is dynamic. IT IS FOREVER IN MOTION. So you have a projection through each other of the two moving lights—FROM the "static" ONE which creates an illusion of the "idea" they simply manifest.

Creation is the product of mind-knowing expressed into and in "form" by mind-thinking. Know, however, that the product of mind is not the "idea" which it simulates for no idea of mind is ever "created". **It IS but simulation by form and motion.** Idea is infinite and eternal and belongs to God's ever-still universe of KNOWING. "Form" of idea manifest is very transient but IS eternally repeated as transient form of idea.

SPIRITUAL UNIVERSE IS POSITIVE

The foundation of the Spiritual universe is STILLNESS; the balanced stillness of the ONE magnetic Light of God. Balanced stillness is the **positive principle** of stability and unity—ONENESS. IN IT THERE ARE NO NEGATIONS.

PHYSICAL UNIVERSE IS NEGATIVE AND MOTION

The very foundation of the physical universe is **motion**; the ever-changing, constantly moving motion arising **out of pairs of unbalanced conditions which**

must infinitely move to seek the balanced stillness of unity from which they originated as multiple PAIRS of units. We will speak of this seeming duality later. You MUST have pairs or you have no balance and yet, yes, there is still only THE ONE.

"Unbalanced motion" is the negative principle of instability separateness, multiplicity, etc., which is the physical universe made up of electric waves in octaves, of **opposed lights.**

Realize that in the negative principle there is NO positive. It is composed entirely of pairs of negations which are infinitely voiding each other, cancelling out each other's action and reactions, thus negating each other by never allowing either one to exceed its fixed point of zero of universal stillness.

I realize this is a bit confusing as you begin to think out these fragments in KNOWING but you have to begin somewhere in your own creating power. If you never can tell the positive from the negative projection of what IS—how can you ever come to understand the very creation of SELF or grasp the POWER of that KNOWING?

The still magnetic light universe of God's knowing IS an invisible, unchanging, unconditioned and non-measurable QUALITY from which visible, changing, conditioned and measurable QUANTITIES spring to simulate those qualities **through two-way wave motion.**

Human physical language (in any language) has no WORD to express that "quality", just as you are lacking in total definition of several things—this being the most important. It requires the use of a multiplicity of words which hopefully express the same meaning but myriads of "connotations". We have to refer to this as consciousness, life, love, truth, mind, knowledge, balance, harmony, desire, power and LAW. There is not one that expresses either singularly or together which truly expresses the perfection of the subject in point.

The God-quality of the ONE Light is seemingly transformed into quantities by being divided into pairs of opposing conditioned light pressures of the electric universe. The divided pairs then are multiplied into infinite wave units (which are best expressed as "octaves") of wave units of light pressures and set in opposing directional motion which creates the *illusion of sequence*. It also creates the illusion of change, dimension, condition, and time in a universe where NONE of these states and effects of motion actually exist.

You can consider a lake of water or even of sand. It is an unchanging and unmeasurable quality of ONENESS if it be STILL AND CALM. You will note no change and nothing to count or to measure upon

the "calm" still surface. However, the moment that quantities of waves spring from that quality of calm, those quantities can be measured as movement sets the wondrous particles into "change". Likewise, they are forever (infinitely) changing, nor are there two points in them which are similarly conditioned to exactness.

Realize, now, that this ever-creating electric universe is composed of moving light waves, which frequencies originate from a calm "lake" of THE ONE still Light. It IS a universe of pairs in motion of **quantities** which simulate the **QUALITY** of stillness from which those quantities originated. The **quantities** of divided and conditioned pairs of opposite lights which thus simulate the ONE are NOT the ONE they simulate. Do you understand—one is NOT the other.

There is NOT division in the ONE Mind of Creator. Creation is ONE WHOLE IDEA OF MIND divided into countless simulated ideas of mind—**THROUGH MOTION**. The simulation of **idea** thus expressed is NOT the idea that it expresses. Parts of the ONE WHOLE IDEA are only **seeming**. There are NO two separate or separable things in the entirety of the universe. There is **but ONE WHOLE SIMULATION OF THE ONE WHOLE IDEA**.

Everything that IS is of everything else that IS. All things are indissolubly united—everything is related to everything else—without exception. THERE CAN BE NO EXCEPTION.

Every "occurrence" anywhere manifests **everywhere**. The most tiny and almost weightless fluff floating in a summer breezy sky **affects the balance of the whole universe of suns and galaxies**. Every individual part of the universe moves in interdependent unison as the wheels of a watch move in unison. Watch wheels must be geared together mechanically—**but the rhythmic wave universe is geared together ELECTRICALLY**.

The universe in its entirety is ONE and must be kept in balance as ONE. Changes of condition in any one part are simultaneously reflected in **every other part, and are sequentially repeated in it**.

The ONE (God Creator) is within ALL things, without ALL things—for Creator IS ALL THINGS.

All things extend from Creator and are omnipresent because Creator IS omnipresent. All omnipresent things are also omniscient for Creator is within each of them and Creator is omniscient. Therefore, when man's consciousness tells him of God's presence within and without him he will then know all things—for Creator knows all things. All things imagined by Creator (God) are imaged forms of God's imaginings. Power rests in them then to manifest the balanced Light which centers them in all instances, by making the ONE light appear

as unbalanced pairs (two) which must sequentially but equally interchange. ALL things which man **senses in his physical expression** are but **waves** of dual light which records God's electric thinking in the **imagined forms of God's imagining**.

God alone has "BEING" and therefore the "imagined" forms of God's imagining have no "being". But don't let it concern you for the difference will make more sense in defining as we move further into the deciphering of the illusion and the "beingness".

I will effort to now respond to inquiries which are echoed by most of you in varying degrees of interest and varying degrees of understanding.

You will have to understand that I HAVE NO GOAL BEYOND THE SPIRITUAL UNDERSTANDING OF KNOWING. However, IF YOU DO NOT UNDERSTAND THE TRUTH—THEN THERE IS NO WAY TO REACH WITHIN THAT TRUTH. Let us say you take a set of numbers and do something to them to arrive at an answer—it will either be correct or incorrect. You may have several ways to arrive at the correct answer. However, if you do not know what the numbers are and/or if the teachers are incorrect or deliberately misleading in your lessons—you cannot even realize a "correct" answer and will continue over and over again to arrive at incorrect answers.

This means that any "teacher" must give you background, circumstances impacting the problem and finally, teach you HOW to structure your numbers to arrive at proper solutions. You cannot climb a ladder if it has no rungs.

There is no intent herein by any measure of thought to use this example as expression of an example but let us consider the Jews who were supposedly murdered in the "Holocaust". Firstly "holocaust" is misused as a term. Secondly there is now touted that over 6 million (6,500,000 is the new "count") are claimed to have been killed in the holocaust. Well, right off it cannot be—for SOME would have died of "other" than holocaust (annihilation by fire) so now you have your first error. Next, let us say you take ALL "Jews" in the area at the time—THERE ARE NOT ENOUGH BY COUNT TO EQUAL A WHOLE COUNT OF SIX OR OF EVEN FOUR MILLION. There are more "Jews" receiving payment for their damages NOW than were accounted for at the time of the holocaust—so SOMETHING is incorrect in calculations. THIS HAS **NOTHING** to do with holocaust or whether or not there was damage and death of Jews (and others) but it merely remains that the CORRECT answer cannot be arrived at by misusing and mislabeling the numbers. In other words, two lies do not make a "truth". This certainly has no reflection on any sect, race, creed or color—IT IS SIMPLY THAT IT

CANNOT MATHEMATICALLY BE A CORRECT STATEMENT NOR CAN "HOLOCAUST" BE THE ONE CORRECT WORD FOR WHAT HAPPENED.

QUESTIONS ABOUT HATONN, ETC.

I think it worthy of taking time right now to offer and respond to a very thoughtful letter from a respected friend in Colorado. I shall have to ask that reprinting be offered, Dharma, because the responses will make no "sense" otherwise.

I shall use brackets and bold type for my response, as usual, please ([H:...]).

QUOTING:

Dear Folks, greetings in the ALL Light.

I am taking this opportunity of your invitation to communicate and as I had mentioned in a previous letter that I would like to do so. I address to our Elder Brother Hatonn and his co-workers. The following is presented with all due respect and in recognition for the perseverance, dedication as well as the enlightened disclosures that you and your co-workers have been instrumental in bringing about. Many of these were new to me and others drove home some very pertinent ramifications of that of which I have been already aware.

Firstly I would like to comment on what I think is notable in that I perceive a difference in the character of your expressions now, as in comparison with those on tapes recorded from the "Galaxy" radio series of the 50s. It seems to me to not be the same Hatonn.

[H: Thank you for allowing the people (readers) to realize that I have been "around" for a very long time and actually sharing with you through communications. I AM the same being—YOU ARE NOT! Further, the lessons are now different; the awakening right up against the clock; the realization of circumstance demanding of differing approach and teachings. Some still need the first kindergarten lessons but if we are to move a remnant into the higher security of being and physically make journey into fulfillment, then the teacher must grow even more adroitly than do the students. In many instances the lessons were misguided and misinterpreted—sometimes in error, more often through intent and deliberation. The adversary has been expecting our arrival far longer than your consciousness—so the distractions and outright lies began before I even began lessons—so very often the lessons were NEVER mine at all. I need make no comment about that for it has not changed as the deceivers are full-blown in attempts to misrepresent and

discredit—CONSTANTLY AND INFINITELY.]

Since you have stated that you have a very extensive computer system at your disposal, why is it that you have not been aware of records stored in the upper spiritual realms, some of which have been relayed to mortals over a hundred years ago? [H: Ah, and why your ASSUMPTION that I know not of such records? ALL things are stored in the LIGHT and this is why I gave you the foregoing message regarding LIGHT. You must understand that all things physical (computers—a poor example perhaps) are ILLUSION and only that which is LIGHT has meaning. You are now getting ready to give me my lessons which is fine but realize that I do not agree with you simply because I am polite and gracious in exchange for your honest petition.] Namely those records as portrayed in a book that I mentioned to you several years ago named "Oahspe"? These records, in my opinion, are very important to mankind at these times since they convey to him the various responsibilities associated with each level of development he attains. It also points out to him the preparations that are necessary for each step of the way starting with the lowest level as a mortal, and the vital importance of his awareness of it at the present moment. It also gives man a fairly good account of his past historical record of 100,000 years.

[H: Ah, but what of "beyond" 100,000 years? Further, when you have no "time" and no "space"—what mean you by "100,000 years?" I get equally as many letters stating that I am remiss for not using this or that "other" set of written rules and thoughts and presentations from the so-called "Holy" Bible, Torah, Keys of Enoch and on and on. Why would I come as teacher if I but say go read and study this mammoth book called "Oahspe"? The first question asked would be "What is that?" and "I don't have time to read that old stuff—give me the scoop now!" Also, IF IT WERE THE ANSWER—YOU WOULD ALL ALREADY HAVE THE ANSWER AND WOULD NOT BE WHERE YOU ARE TODAY! I desire no input to that which you choose to read and accept—you are responsible for your opinions and perceptions—and they are not mine. If the words and meanings are Truth—you have no problem. If they are NOT, all the arguing in the universe will not make them right. I am come now to walk you through awakening and show you THE WAY to finish this journey in the physical expression and prepare a place here and you for "there" who would make that transition. I care not who or what is in charge of planet Earth except as it affects the souled creations of Creator LIGHT.]

Oahspe expresses clearly and quite realistically why and who is in charge of the affairs of planet Earth, how he was selected for this responsibility by our Creator. You have acknowledged a number of high raised Elder Brothers in various responsible positions, but if you have ever done so with the Chief Executive of planet Earth, then somewhere I have missed it. A concern is...is it that the ever increasing Light of our Creator is being interpreted by you in your own way and being applied according to your comprehension irrespective of the activities of those labouring in the realms above you?

[H: An interesting concept—"those labouring in the realms ABOVE you." THERE ARE NO REALMS ABOVE ME. I am projecting as God, imaging oft-times as a Space Commander herding you through the path of safety and Truth. Other times I must hold your hands while you let go of the ties of perception that keep you from full realization—most from teachers who write the myriads of books. The Truth is usually never allowed to get spread about the public. Oahspe is a good example for there is much Truth in the words and therefore the adversary will not ever allow its full distribution for he always presents the misinformation as he has compiled it. However, when you effort to break down into "Chief Executives... of planet Earth...", etc., you have erred greatly in accepting that kind of notion into your head. YOU ARE THE CHIEF EXECUTIVE OF PLANET EARTH AND—UNTIL YOU CAN UNDERSTAND THE ONE-NESS WITHIN THE ONE—YOU AREN'T GOING TO GET TO THE GLORY OF THE JOURNEY. YOU ARE THE CHIEF EXECUTIVE! Furthermore, if you try to arrange the hierarchy of the "higher realms" to suit the seating arrangement of a presumed banquet feast—you are going to find zilch at the feast save the adversary.

Do I interpret the "ever increasing Light of our Creator" in my own way? No—I present the Truth of the ever increasing Light of our Creator AS IT IS—AND NOT THROUGH ANY INTERPRETATION. Since you are dealing with LIGHT ONLY, and Creator within and being the ONE LIGHT SOURCE—you cannot have "reality" within an "illusion". Therefore "reality" can ONLY come into KNOWING as you move out of the illusion and into that knowing. I have to express it the best way I can for the most understanding of the most entities expressing in your dimension of experience. You have YOUR job and I HAVE MINE! Is mine somehow "bigger"? "Bigger" has no meaning—My job does, however, have infinite responsibility and importance since MAN has forgotten just about everything he KNEW

at beginning of expression. I would suggest that ones in projecting OAH SPE, for example, are PRESENTING THEIR OWN IDEAS and interpretations according to THEIR preferred perceptions. How can I be so sure? Because they express on 100,000 years (according to your writing)—and CREATION and CREATOR is infinite and without time or space. If you are interested only in "history" books, fine—but herein we are speaking of infinite BEING without beginning and without ending. I AM and I have no other to offer. Perhaps this is WHY my name is ATON, the ONE LIGHT??]

Concerning your statements that you are from the Pleiades???? Is it possible that you are from a much nearer place? Perhaps right from the Earth? Or from within it? If you are more local, I can understand why it might be that you wish it to be believed that you are from a much more distant place.

[H: I am from everywhere and nowhere! I shall express from wherever I can reach your perception as a species of Creation. Pleiades is a physical destination wherein you ones of physical expression can relate to selves in experience—an illusion manifest for your expression until you can come into KNOWING. If you do not understand this then I would hope you continue to utilize the lessons as we bring them so that you can know your own potential and expression. In my present state I AM NOT OF PLANET EARTH IN ANY WAY, SHAPE OR FORM. Why, further, would I wish you to believe I am from an even farther distant place? You are now moving into the magical mystical world of illusion within the illusion. Since I am one with our Father Creator—I am much closer as you suggest—right within you and right within your soul and MIND. I cannot be distant nor closer—I AM and the difference IS—I KNOW IT! You have yet to REMEMBER it! If you have to have a "Chief Executive Officer" to make your journey—then you have a long journey yet ahead of you in KNOWING. Do you need leaders and teachers? Indeed! BUT—you are the boss, friend, and until you accept that POWER and quit giving it to ancient writers with their hierarchic instructions, you are going to be in danger of missing the boat to REALITY.]

Reincarnation. A moot subject. [H: How so, moot? How so that you have already formed your opinions and insult my "possible" response. It so happens, precious, that your perception is incorrect and, therefore, I have to assume that there may be errors in Oahspe if that be from where you gained your own insight. Is it wrong, bad or whatever?

No—it just IS.] Now, I do understand that at some point of development one may take on any form one wishes for whatever purposes it may be necessary to do so. I'm sure that there are those so experienced and developed that if they chose to do so, they have the power and know-how to put arms and legs on a stick and animate it on this mortal plane. However, I seriously doubt that a newly born into the spirit has the know-how to create a mortal body and inhabit it. If reincarnation, as it is taught, were a reality, how is it that there are teeming millions in the lower spiritual realms, who had been taught reincarnation while in the flesh, who are striving—clamoring hopelessly to reincarnate? How come, now and down through the years, there literally are hundreds who claim to be the reincarnated Christ, Buddha, Cleopatra, Napoleon and many others? A quote from those heavenly records: "Each and every man-child and woman-child born into life will I quicken with a new spirit, which shall proceed out of Me at the time of conception. Neither will I give to any spirit of the lower or higher heavens power to enter a womb, or the fetus of a womb and be born over again. Neither created I him imperfectly that he should be born over again. That which I do is well done." [H: Heavenly records? What heavenly records? Where did YOU get them? How do YOU know these things? Do you KNOW or do you presume or believe what another has told you? You do not have to believe ME, either—for you are to discern, judge and act for self. Your "thinking" that one presenter brings Truth without further investigation into possibilities otherwise is that which is limited to the physical perception. You will not make understanding in TRUTH until you reconcile with KNOWING. Moreover, that which is done by God is not "well-done"—it IS PERFECTION.]

Also there are records of those that have taught reincarnation, that have passed into spirit, that are efforting to retract their teachings stating that there are no methods or ways by which to reincarnate that they can find in the spirit realms. [H: Simply "passing into spirit" doesn't mean a thing except lack of physical body—there certainly does not instantly come KNOWING or even very much "smartness". If you make your passage in ignorance you will find yourself—in spirit—in ignorance.] An Indian Sage, Fakir of India, stated from spirit, "Yes, I did teach that you could come back or return to Earth from spirit world, but never did I teach that you could come back as a mortal." If indeed a condition existed where a mortal who was underdeveloped and needed to return from spirit back into mortal form, where in the world would he get the know-how-knowledge-wisdom that

would be required to create a complicated physical form in which to reincarnate? [H: Good grief, I wouldn't know, child. WHO IS THIS INDIAN FAKER—ER, ER—FAKIR? Are my writings so difficult that you do not cause him to answer to his own projections—or is it that you express your discomfort with me because you are more COMFORTABLE WITH HIS TRUTH? The actual fact of this matter is that you DO BELIEVE MY TEACHINGS. YOU THRUST OUT IN EFFORT TO HOLD YOUR ARGUMENT BUT IF YOU DID NOT BELIEVE MY WORDS YOU WOULD SURELY NOT TAKE TIME TO READ SO MUCH OF MY WORK FOR YEARS—NOR WOULD YOU TAKE SUCH TIME TO WRITE AT SUCH LENGTH ON THESE MATTERS. Why do you concern yourself with these things?—it is your relationship with God which is important, NOT what might be flying through the ethers seeking re-entry into mortal form. You are working with WORDS of man and ARGUING points of view—I have nothing upon which to argue with you one way or another—HAVE IT ANY WAY YOU CHOOSE! HOWEVER, THERE WILL BE ONLY "ONE" WAY IN THE ENDING! "Believe" whatever you like about reincarnation or anything else—for it is what you KNOW which determines destiny in infinity of Truth.]

If he or she is not knowledgeable, educated and wise enough to even reach his proper place in the spiritual realm? [H: There was no finish to this question so I guess I can't give a suitable response.] Our Creator certainly does not create empty physical forms for this purpose. [H: Wait a minute—perhaps He "doesn't" or "does"—but He certainly CAN if HE so chooses. Are you perchance giving your own perception and opinion of what God will or will not do?] For all is created in perfection in its place and time. [H: So perhaps even a few empty physical forms may be necessary? Unnecessary? Who is to say what is God's imagining—perchance He would like a few empty forms around? Perchance it is YOU who judge need who would not have these "around"? Limit God and ye have totally limited SELF.] Whether it be a blade of grass, man, animal or a galaxy. Furthermore, a mortal low in spiritual development ends up in the lowest of spiritual realms where there are no educational systems capable of teaching one of extensive creative principles. I am aware that there are many obsessions that take place at time of new births that do pass off as reincarnation. [H: Can you be so exact in your perceptions? Is it possible that you simply do not KNOW the full perfection of God's plan and are only stating that which you have heard or read? It matters not, you see, for until you KNOW

you have only narrow perceptions of "thinking" about anything in an effort to come into KNOWING. If you go off in the scattered directions of "thinking" and "thinking" only what others "think" you will lose the path—for until you KNOW in God's "thinking" you will be incorrect!]

A mortal obsessed by a long time resident of the astral realms, could have obsessed many mortals and thereby have had many experiences through those obsessions and then able to relate those experiences through his present mortal obsession. It is then not a history of a reincarnation but one of many obsessions at the expense of that mortal's loss of experiences by having his body usurped by an ignorant or mischievous spirit. Past lives may be revealed through a mortal who may be obsessed at various times by many spirits who can represent thousands of experiences of recent or centuries past. [H: How can you have "past lives" if you have no "past lives"?] Nevertheless, reincarnation is not that big of an issue for, should it be so, and those of us that have no belief in it, would take but a small effort to adjust to it at the appropriate place and time. [H: Ah, but YOU are not sure, are you? Now you are going to buffer the possibilities with what you "think" in order to secure your middle-of-the-road perception. Let me put you at ease a bit, child: If you are expressing within an illusion—then you can only be reproduced in another illusion at any circumstance—since the physical projection is but God's thinking made manifest. Therefore, incarnation or reincarnation have no REAL meaning. To say, however, that you cannot re-express or re-experience in the mortal physical plane—IS AGAIN, LIMITING GOD along with failure to UNDERSTAND the expression of God Creator. Worse, perhaps, may be that you leave no expression save the movement into realms of density of further lack of ability to express in full LIGHT by refusing to accept Truth instead of the assumptions of "others" "thinking" instead of coming into KNOWING. What do you consider the proper place and time? Ah so, there is no time or place—and hence all you are ever going to have in KNOWING is what you accept in KNOWING—beyond that blithering and confused "thinking" about something of which you can physically and consciously only surmise or about which you must speculate—for you have all forgotten the truth of REALITY.]

Excellent reference on this subject is a book called *Thirty Years Among the Dead* by Dr. Wickland. He had discovered that many ailments of his patients were caused by obsessing spirits who had that particu-

lar ailment at the time of their demise. Most of these obsessing spirits did not even know that this was what they were doing or that they were even dead as to a physical body. They were not aware that they were now a resident of a spiritual realm. The Dr. records dozens of these incidences and the various peculiarities of each. It would be good reading for those not acquainted with the conditions of spiritual realms. Another good one is called "Wanderer in the Spirit Lands". These books are available from "Health Research", Mokelumne Hill, Ca.

[H: Indeed, I agree that they are "good reading" but that does not mean that I agree with the offering in whole. The realization that boundaries are present in Spirit is worthy. To take such offering as the "gospel" for evolvment of soul progression is not too wise—for perchance there may be some errors—since Dr. Wickland was also a "mortal" man. I would, further, sense that you are somehow "arguing" with me or efforting to convince me of some physical worldly stance. I have no argument—for until you come to KNOW you will play at "what if". You are going to do that with or without my participation. You see, chelas—(students) all of you: You do not even need read my presentations much less ARGUE my offerings. If I be wrong in your perception—then put aside the offering. BUT, PERHAPS I BE RIGHT? Well, that is your judgment and discernment—but I suggest: STUDY ALL I OFFER BEFORE MAKING THINE JUDGMENT FOR YOU MAY BE WRONG IN CONCLUSIONS.]

I am grateful for the considerations extended to me and for all of the new information that I have gleaned from your efforts and those that work with you.

Since I am no longer a regular subscriber I would appreciate receiving the singular issue that may contain any commentary concerning my views, for which is enclosed payment.

[H: Ah, precious, you have made my point for me. You have perhaps studied and can recite and with clarity project the exact meaning of each and every phrase in, say, OAHSP? Why do I ask? Because you obviously have partaken of very, very little of my work and wish me to go through the lessons of thousands of teachings and messages to counter your perceptions of something of which I have no interest. I ask that the money be returned to you, dear one, for the lesson is quite free. You cannot base your passage and move into KNOWING from fragments of instructions and insight. If you do not care enough to find and seek truth in ALL I offer, please do not JUDGE AT ALL! I welcome your inquiries and please understand our inability to respond to each one personally

unless the lesson is FOR ALL for I work through human hands and the "answers" have already been presented. If you want those "answers" in understanding then you shall have to study the work presented for Truth in accomplishment of KNOWING is that which we have worked and written in over 75 volumes, thousands of hours of lessons on tape and weekly in the paper. This is YOUR journey and all I can do is OFFER the Word in order to show the way. You will use that which you choose and I can do no more. I bless you and offer you that which I AM and that which I KNOW—but my KNOWING is not YOUR KNOWING—THAT must be achieved for self.]

To the Ekkers and their co-workers I extend my most heartfelt regards for their efforts to enlighten their fellow man.

With Love, Wisdom and Power,
M.V.

(Please do not use my name in any references. Thanks.)

END OF QUOTING

Thank you for your kind words and thoughts for we are but family walking in this wondrous experience—each moving in our own role of expression. May wisdom ever be your guide and KNOWING ever be your goal. YOU WILL LEARN TO RECOGNIZE TRUTH AS YOU GROW. Let not your hearts be weary or faint for the searching is long. You have, however, but one TRUTH to KNOW—your relationship with GOD. When THAT is right—all else will fall into its proper placement.

You must come to the place where you KNOW that you shall not longer place Earth before God, gaining all of Earth and nothing of God. For God "thinks" Earth and Earth appears, disappears and reappears ever in balanced rhythms of HIS "thinking". Man's "Earth" and MAN are but God's imagining, to come and to go with HIS imagining. "It" is not "God" nor is it him; nor is it even what it "seems" to be to Man. You must come to see no more with "outer" eyes alone, for you have **knowing** eyes to void the illusions of your "sensing". WISDOM KNOWS! Ponder it.

May you walk in the beauty of that which IS and perceive in the wonders of that which is presented for your "thinking" so that you might find total balance in the wondrous PRESENCE of KNOWING.

I AM THAT YOU MAY BE!

6/16/93 #2 HATONN

WHO ARE YOU? WHAT ARE YOU?
WHY ARE YOU? WHAT IS YOUR
JOURNEY AND PURPOSE?

This is, of course, the quest for resolution for EVERY individual with SOUL. It

will only be the soulless or near-soulless beings in expression of physical form who will not have THESE questions as their ultimate search. If one tells you, "I care not my place nor purpose," he lies or is without "probable" (for with God ALL THINGS are possible) soul center and focus. He may not be a mechanical fabrication of "man" but he is not functioning as a soul-centered energy form. He may as well be a simple functioning or mechanical robotic entity. These ones will be totally centered in the "physical" humanistic aspect of expression and will not recognize "God" as anything more than an idea which is, further, considered a "bad" idea.

The souled being will always seek balance, harmony, peace and Truth—ALWAYS! He will, further, seek it in the places and in the presence (openly) of God. He will be the same in his private dealings as in his public presentment and there will be firm stance within that creed. He will be gentle, giving and loving to his fellow-man. He will do unto others in a manner reflecting his inner light of expectation of a return of that caring. He will not secretly abuse another—even in his most secret places—most especially, I should say, in his most secret places. He will, further, search for his "power" not from the physical force but from his inner strength and wisdom. He may not be matured in his actions but his heart will always be driven to finding the answer within the "Lighted Goodness" of that which is Creator's "man". He will stray from Truth but his "conscience" will always teach lessons in an effort to pull the being back within the intent of God. It is for many to learn through stumbling—NOT THROUGH FORSAKING AND DENYING GOD. He who denies God shall be DENIED before God.

Man further seeks his relationship relentlessly, to the universe, to man, and to God. Representatives of soulless humanistic people seek only the moment, "things", or power through force or deceit as if there is NO after-expression. For them there is not usually much to look forward to in that "after" expression, so they serve the Satanic Beast in effort to fill need of human senses. Their source of power, for instance, is drawn from human ability to force through brute command.

Souled man seeks always to find from whence comes his power and what IS the source of THAT power. He will endlessly search for a way to KNOW Truth and find what IS Truth. He will search tirelessly for balance and effort to have his dealings with his fellow men reflect an interchange which would enrich both.

There are myriads of religions and religious teachings—and myriad are the teachings of the commandments to goodness—but goodness remains a veiled searching like a fog which ever hides God's Light and

the seeking continues on and on. Why? Because in the FINDING is the KNOWING—and there is no need for further. When you KNOW—you ARE in the Light. So man, in his searching, is destined to stumble in that seeming dark passage and, being in unbalance, falls. If he then holds forth his hand to GOD to seek rebalance, so shall he find it. But he most often grabs the offered hand of the physical senses. He realizes not that he CAN utilize the physically-sensed hand for assistance and STILL HOLD ONLY TO THE HAND OF GOD.

The inner and heartfelt prayer from the souled being searching for Truth is always for his "brother" and for his own ability—not to achieve great material "things"—but for the removal of the blinding veil which hides the path to God in HIS infinite LIGHT. Since the beginning of man's journey it has ever been thus, that the unanswered question arising from the souled heart of man be known and recognized in KNOWING.

Civilizations of man come and go, always progressing in cycles—always IN CYCLES. As each cycle moves there will always be new comprehension of "beingness" which will transform mankind into higher forms of "beingness". You are now in one of those most enlightening cycles—in progress.

Centered in the consciousness of man is recognition of his ever-present KNOWING. But he cannot remember—he forgets quickly and must experience the actions of remembering and data triggering of that which is stored in his KNOWING. God's omniscience, omnipresence and omnipotence is at the very core in every person's consciousness and it is "conscience" which guides actions. Very few, however, can recognize their own self-soul as being WITH the Universal Self-Soul. Each "cycle" of experience brings man nearer to his awareness of his ONENESS with the Light of his Self-Source. But it takes many millennia to come into consciousness of this knowledge, much less to express and fully comprehend as much.

Can you realize that you actually live in a world of "EFFECT"? Harken, please, back to yesterday's writing regarding Cause and Effect. Your "world" is an effect of which man knows not yet the CAUSE. It is seeping through now into the collective consciousness, but equal efforts are being placed upon "man" to disallow him access to full comprehension. Because of its *seemingly* infinite multiplicity and complexity, man fails to vision the simple underlying principle of balance and total need for perfect "harmony" in ALL things. Man, therefore, complexes Truth until its many angles, sides and facets have lost all balance with each other and, as well, with him. Balance is simple, Truth is simple. But man efforts to instill complexity. Bal-

anced interchange in rhythmic measure between all pairs of opposite expression in human relationships, as well as in natural phenomena, is the most consummate art of God's universe which is LIGHT. It is THE law most clearly expressed in perfection. In this singular Universal LAW lies the balanced continuity of all creative expression in God's "electric" wave universe of two conditioned lights in seeming motion which record God's ONE whole Idea of Creation into countless *seemingly* separate parts of that whole idea. Again, I ask you to refer to my prior writing of yesterday to find comprehension of meaning in the "electric" nature of God's Universe and the realization of "pairs" or "two conditioned lights", "seeming motion", etc., for I have not time nor space in this human presentation to repeat. As a matter of fact, this entire subject of information IS a total repeat of that which we have been banned in presenting in its prior form. Therefore, we must handle the subject material with great care and respect to the courts and orders therefrom.

It is for this very reason that "I" am dictating this material for we will not even "confuse" this with that of Germain's prior presentations. If some things seem vague and disjointed—it is for THIS reason: to protect our people from assault, threat or accusations. There is only ONE Truth but many ways to arrive at that ONE Truth. It is difficult, however, when the facts are purely "physics" in nature to express "differently" a very identical and factual summation.

For instance, suppose someone has already expressed that 1 plus 1 equals 2 ($1 + 1 = 2$). What do I do to change that presentation? I can say that $1/2 + 1/2 + 1/2 + 1/2 = 2$, or $1/4 + 1/4 + \dots$, and so on, but the very subject and sum limits my ability to present the fact of $1 + 1$ equalling 2 without repeating that which many have already expressed. This, however, does not alter the truth or rightness of $1 + 1$ equalling 2!

I can, for instance, speak at great length on "duality" of presentation. But Little Crow sums it up and I am free to express his version and explanation wherein my scribe is prevented reference to other valid resource:

"That world of duality—you have good, you have its opposite or opposing side. That holds true for everything in Creation. Why would it not? Why would it be different? It is the same for all Creation. For everything that is in its positive state, it has its negative state which exists with the same freedom and abundance as its other side. So there is no one place holier or less

holy than where you now sit.

— Little Crow

(This sharing shows the intent of the entity to get Truth and understanding unto the people, his brethren, rather than hide the secret unto himself so that Truth cannot go unto ALL, the expressions of God that they can become ones in KNOWING.)

MAN'S "SILENT" VOICE

There is a timeless, silent voice within every being—even unto the relations which express as plants, animals, and thus and so. Even a plant has a "silent voice" which gives instructions and guides expression. This always presents seemingly unanswered questions, however. The silent voice within every man is ceaselessly speaking to the awakening consciousness. EVERY desire written upon the heart and soul of man is carried to the SOURCE, and its answer will come, but few there are who ask comprehensively and fewer still *now hear*, or even *really* listen.

It comes through the ages of preparation that man finally begins to realize and listen within for man's consciousness is greatly shrouded from his Source by sensations of his electrically-conditioned sensing body which he incorrectly believes as being his mind and his personal Self.

The "objective" mind is only the seat of electric sensations. He mistakes this for "thinking" but it is actually only an "electric" awareness of things sensed and recorded within the cells of his brain for repetitive usage through what is termed "memories". Memories have NO more relationship to knowledge of Universal Mind which is IN man than a magnetic audio tape is related to the source of the recording thereon. What man thinks of as his "living" body is only an electrically motivated (NOT chemically motivated) machine which simulates life through motions extended to it from its centering self-soul. The self-soul alone lives and wills the body to move. The body is electrically—NOT chemically, motivated. A body can be structured from an assortment of chemicals BUT the body COMES ALIVE through electric stimuli, just as a watch made of beautiful and precious stones and metals—IT REQUIRED ELECTRIC POWER TO MAKE IT MARK TIME. How valuable "as a watch or clock" is a "thing" which is lovely but gives no reading of time passage—if reading of time passage IS its purpose? It simply becomes an ornament or bracelet without energy.

SUBJECTIVE "MIND"

A man's subjective mind IS his consciousness, his spiritual storehouse of all-knowing, all-power, and all-presence. That consciousness is his SELF, his ETERNAL

SELF through which his omniscience, omnipresence and omnipotence is expressed as he becomes aware of their presence within himself.

The electrically oscillating nerves (wires) which operate his bodily mechanism act almost entirely through automatic reflexes and instinctive control and, to a very small extent, through mental decisions. Each cell and organ of a body has an electrical awareness of its purpose and each fulfills that purpose without any mental action whatsoever upon the part of the Intelligence which occupies that body. The heart will beat, purely automatically, as example. Red blood corpuscles will carry oxygen to the body, white corpuscles of the blood rush to repair injuries to the body, macrophages will rush to eradicate foreign bodies—all automatically and instantly as in turning on a switch. This is simply a "body" with an electric recording brain.

In this body and its electric recording brain, man thinks that he "thinks" and "lives", "experiences" and "dies". He thinks himself conscious while awake and unconscious while sleeping; unaware that in all Nature there is no such condition as unconsciousness, when sensation ceases in a state called "sleep". Do you go about saying that your finger is unconscious when it is anesthetized? How about a tooth being "unconscious" when a dentist deadens the nerves for attention? The interesting contradiction here is **that man fails to realize the actual truth which IS that the tooth CANNOT be CONSCIOUS and neither can the "body"**. Nor does man yet know that "consciousness" never sleeps, never changes, for consciousness in man is **his immortality—his only way of expressing KNOWING. It is the LIGHT which he is unknowingly seeking but assumes that the sensation of his brain is his thinking. WRONG!** Remember, man is still quite new as he is just barely out of the dark of his wilderness. In the years of cycles of his unfolding he has relied upon **sensation** for his actions and the evidence of his senses for his knowing. He has been aware of the spirit in him only a very few cycles of years as you would count your sequence of growth. In this newness and "beginning" of his new awareness he is totally confused, knowing not which is mind in him, which is consciousness in him and which is sensation.

He has not yet learned that bodies are but self-created mechanisms which manifest their centering self, and that self manifests God as One with it. Further, he has not yet learned that bodies neither live nor do they "die", but repeat themselves continuously and forever as all idea of mind likewise repeats itself.

I, personally, like the example as given by the wheel which has a rim, spokes and centrally a hub. Only a tiny part of the rim

of the wheel touches the ground at any one moment, feels it, then leaves it, to disappear from reach of the sensations which connect rim, spokes and ground. But then that same spot reappears as the cycles continue.

When this happens to man we say, "He was born, lived and then he died." When it happens to the fruit, a flame, or a plant, you say, "The fruit was eaten, the flame has gone out and the plant has decayed". I use these examples because **some** will actually say the tree has died or the "flame died" but the concept is understood as different from "dying" as in a person "dying". Why do you say this? Because only a tiny part of the cycle of any idea comes within the range of your senses. The larger part of the cycle is out beyond your range of perception at any one given time segment, just as the larger part of the wheel is beyond the sensed perception **of the ground**.

You do not yet have realization that the invisible portion of the cycles of ALL "IDEA" is as continuous as the wheel is a continuous loop-circle-cycle. The cycle of a piece of fruit of any kind is light reaching from the Sun and Earth to that positive half of the fruit cycle which you can hold in your hand. The negative half of the cycle is light **returning** to Sun and Earth for repetition as another manifestation of the eternal idea of the fruit. The same is true of the flame, the plant or any other part of the ONE WHOLE IDEA OF CREATION.

A flame "goes out" to your **sensing**, but it still IS. Likewise the plant, the tree, the forest, the mountain, planet and nebulae of the far heavens appear, disappear and, as surely, reappear. So too does man appear to disappear and reappear again and again in infinite cycles to express eternal life of the spirit in eternal repetitions of that part of the man cycle which the body of man **can sense. Man never dies. He is as continuous as eternity is continuous. Man shall not see death for there is no death to see or to know.**

Interestingly enough, neither does the body of man "live" and, having never lived, surely it cannot die. The spirit alone LIVES. The body only manifests the spirit. That which you think of as life, in the spirit of man, manifests itself by willing the body to act. Actions thus made by the body, under the command of its centering SOUL, have no motivative power or intelligence in or of themselves, for they are but machines motivated by an omniscient, omnipresent and omnipotent intelligence extended unto them.

These things you do not yet know, for man is in his infancy and is but beginning to know the LIGHT and SOURCE. It becomes our task, as elder brothers, to share this Truth as messengers from THAT Source.

FOREVER SEEKING

Man continuously and relentlessly seeks the Light to guide him on his long tortuous path which leads from his body's wilderness to the mountain top of his awakening soul. Man is forever finding that Light, and is being forever transformed as he finds it. Always the result of diligent and devout seeking for Truth shall be given the finding thereof. As he finds it he gradually finds also the Self of himself which IS the Light. As he becomes then more and more transformed by the God-LIGHT of the awakening Self within, he leaves the wilderness farther below him in the dark.

There are men who seek the Light who are discouraged because they seemingly cannot find it. They are completely unaware that they have forever been finding it. They simply do not recognize it when they find it—always seeking something which is NOT. Unknowing ones expect to find it all at once in some blinding flash of all-power, all-knowing and all-presence. It does not come that way until such time as one is nearing his mountain top. And even as he takes that final step to the very top—there often comes the Interceptor to disallow the final glory of KNOWING while doubts pull back into wondering. That Interceptor comes in every form imagined to distract the fulfillment of soul. As a matter of fact, man can neither bear nor comprehend ALL Light at a time while his body is still so new and too near its wilderness. This is shown by the fact that all who are well out of that wilderness have already found **enough** of the Light to illuminate their way on out of its dark depths—if they but choose to continue.

He who is far out of the wilderness and still seeks the Light is forever "finding" it, and is forever being transformed as he finds it.

One cannot, for one moment, remove his seeking eyes from his goal of Lighted knowing, for ever so slight a glimpse below him into the dark brings him back to the fears of that darkness, which then tempts him to plunge back within them.

Look, therefore, forever upward into the Lighted places of inspiration, where glory awaits the fearless, all-knowing seekers of beauty, balance and harmony for these are the purity of the Universal Light. To him whose focus is to the Light, it will forever come, and he shall be forever transformed as he finds it. The dark road from the wilderness to his mountain top of glory becomes ever more illumined during the ascent from body into spirit. It is a sometimes difficult, but always glorious road to climb and ALL must make the climb as individual self. "Another" may assist—but none can do it FOR another. **The ascent of man from the Dark to the Light is the infinitely repetitive play of man**

on the planets of suns expressed in physical form.

When all mankind has found the Light, the play will simply be finished. Likewise the planet will be finished as an abode for man. It will then be rolled off into its ever expanding orbit while another place is being rolled onto the scene to become the stage for the next repetition of the ascent of man in his given system. We actors of the play must, therefore, be content with the lines of the play revealed to each of us in Light. We must, likewise, be joyous at our continuously cycling transformation, as each learns a part, line by line, the better to fulfill it worthily.

All parts of the play are experiences which become the **action** of the play unfolding. All man's experiences are part of his journey from the Dark into the Light. All experiences are steps in that wondrous journey to the mountain top of glory. All experiences, therefore, are "good" experiences. Evil must be transformed to a simple experience expressed as "good"—then evil itself becomes nothing. There is NOTHING but LIFE—there is no death. AHO.

Next always comes the argument of that which is "prophecy" in an attempt to find direction on the path into and unto the Light.

PROPHECY

Man is unsure of his own understanding and therefore always looks to teachers and memories for his confirmations of travel. He allows prophecy to awaken in him a remembering knowledge of the future, hopefully in expectation that it discloses Light unto him in its manifestings—somehow **backwards**.

Let us take the sun as an instance, as a great etheric vacuum molding Light in its very essence and projecting it, has perceivable observation. It is always assumed that if one has a high enough vibration he can literally enter into the sun without disaster. This is true, but does this not also tell you that you are quite a way from the mountain top of realization to experience that for self at this moment? How do you achieve that glory of expression? We have offered you the way and it is NOT through mystical magic but actually through physics of Universal LAW.

When you can enter such an etheric vacuum, there is discernible therein ALL the acts of every person reflected backward into their sources. It matters not if those acts have not yet come to pass for they will BE, thus the future is the present beheld in its achievings—it CAN be no other.

Let us refer again to such as the sun as a mirror for cosmic happenings on planets within its orbit. Such a sun has its own

faculty for collecting backwards as well as radiating, since true radiation has its retrograde movement and light is born by impact of ether-wave on ether-wave caused BY thought rebounding.

If all were simply projection, there could be no projection, since thought could not grasp such as projection for it would have no standards by which to make comparisons. Therefore, in the infinite cause and effect, cycle and recycle, there could be no rebounding if there be no bounding. So what do you perceive as that which is "light" to the vision? It is but wave upon wave of ether disturbance in frequency, made by "Thought" entering into and going out of the vacuum, impounding and impacting, with incandescence created when the process takes place at a proper pace in the proper coagulation of ether. This is perceived as "seeing". Never mind that the whole of the KNOWING is not present—this is what you perceive you "see".

Perhaps through this bit of perception you can look at the projection of prophecy as history only written backward as it returns to the etheric mirror and reflects it. Each thing must be in balance of the other and with the other. All things ARE. All things however are not perceived, since man is slow to grasp that which IS. He goes in degrees from point to point and calls it change—although it be not change at all. Change defies man's sensings in that it perceives him as quite slow in his wits for change is always and constant at once. Change is ONLY perception.

Man would be far ahead if he quit depending upon such as "Prophecy" to determine his actions for IF he be prepared and in the proper path of seeking—HE HAS NOTHING TO FEAR but has only to "anticipate" as glory achieved in and by each action. Since God is Light and creates through His Lighted Thought and therefore you ARE Light in created manifestation—can you not also CREATE THE GOAL IN THAT WHICH SHALL BE? IF NOT YOU—WHO??

WHO ARE YOU? WHAT ARE YOU? WHY ARE YOU? WHITHER ARE YOU BOUND? WHAT IS TRUTH? WHAT IS LIGHT? WHAT IS YOUR RELATION TO THE UNIVERSE, TO MAN AND TO GOD? IS THIS NOT THE ETERNAL QUESTION? YE HAVE THE ANSWER IF YOU BUT AWAKEN AND KNOW!

In this closing segment may I remind you of a TRUTH you most often miss:

**LET YOUR PRAYERS BE
FOR EVERYTHING AND
EVERYONE EXCEPT YOUR-
SELF.
PRAY FOR EVERYONE BUT
YOURSELF FOR,
IN THIS MANNER ONLY,**

CAN THAT WHICH YOU DESIRE AND SEEK COME UNTO YOU.

When you learn this secret of the Ancients—so shall ye have learned the secret of Life. You cannot expect to receive that which you already HAVE. Ponder it.

6/17/93 #2 HATONN

THE ONE LIGHT

Why have I decided to teach these lessons on "Light" and God? What "authority" do "I" have to express that which IS? No more than do you—except that you do not seem to KNOW the subject and I DO.

But, what claim do I have? Well, interestingly enough, I weary that my people are so badly treated and received in the morass of your Earth ignorance and lack of knowledge. You are like swarms of fish moving hither and yon without direction and being swallowed up by anyone and anything offering great material gain and power. I weary of my scribe serving the GREAT MASTERS only to be brought before a magistrate in your injustice system and crucified on the cross of greed.

Would it not be better if Germain again brought the lessons? No—he brought them many times before, only to be rejected and the work buried. Just prior to this last dictation from Germain his teachings were through such a wondrously lighted person as to be able to illumine the minds of MAN—only to end up in the hands of and at the mercy and downfall of a beautiful woman half his age. This wondrous man left his marriage of over 55 years for this woman whom he wed within the same year and allowed his work and himself to be listed as a "humanist" when his whole journey to that point had been toward the total LIGHT of Spiritual KNOWING.

Often my scribe needs to be reminded of who we ARE and what we are about and it helps to see it before her in the same manner that you all experience. Is she somehow greater, bigger, more important? NOPE—just serving as do any of you—each "segment" in service being more important than any other segment when it is needed. What she pens is not important at all if it be kept 'neath the bushel basket or turned over to the darkness.

Dharma was once told by some "channelers" that Hatonn was "like a third grade teacher" and that "no man can look upon God lest his eyes be blinded". WHAT HOGWASH. Would a "father" burn out the eyes of his child whom he cherishes? Would this "God" not be able to soften the "glow" enough to secure safety for the child's eyes or give other protection in some manner? How dare man so limit GOD.

So, by what authority do "I", 'Aton'-(Hatonn) take authority? Because I AM exactly who I say I AM—Aton, the ONE LIGHT represented through the ages as the ONE LIGHT—THE SUN. Now, before you disclaim this in fits of laughter—I suggest you tell me just who are YOU? I know WHO I am and WHAT I am—I also have the POWER, the KNOWING and the ability to teach you WHO YOU ARE! And moreover—you can accept it or reject it as it pleases you—but remember: IF I BE RIGHT, AND I AM RIGHT, WHERE ARE YOU GOING TO BE ON TRANSITION DAY? SO BE IT.

BACK TO THE TIME OF THE EIGHTEENTH DYNASTY IN EGYPT

The WORD dawned....

The Eighteenth Dynasty, Egypt's Imperial Age, had begun with Ahmose I, a Theban princeling. Thutmose III had salvaged the great treasures of Solomon's Temple in Israel. **Now the heart of mankind was ready to receive the WORD as it dawned in Egypt as the blazing ATON. Aton's servant on Earth was to be Amunhotep IV, known to the world as Akhnaton, the "heretic" Pharaoh....**

....Amunhotep IV changed his name, which meant "Amun-is-satisfied", to Akhnaton ("It is well with the Aton").Amunmun be struck out of every tomb, temple, and monument on which it appeared throughout the length and breadth of Egypt.he (Akhnaton) recognized and served only One God, symbolized by the Disc of the Sun (Aton). And, little students, no man can fully serve two masters and from this came the knowledge and the saying that you "cannot serve God of Light and the Devil." In the ending you must choose. You cannot serve Amun AND Aton.

Does Dharma (or any of my family) claim to BE Hatonn, Aton, Christ, God or any other entity? Nope—nor do they always cherish the idea or the service they have chosen in this time of coming into KNOWING. It is mostly a "rotten" job "but somebody has to do it!"

WHAT ARE WE ABOUT?

What, then, are we about? Evolution—within the cycles of that which IS. We must get through this, learn and experience—and evolve from this "play" into the next "more important" expression. YOU are going to have to look and think beyond the ME-ness of your little world of narrow perceptions or you shall be locked within that same little narrow expression aspect. Can we do it? Of course. "Will" we do it? That is strictly up

to YOU, isn't it? Keep arguing over Truth, material property and dimension (dense) and you aren't going to do anything except slip further and further into a soulless, dark age of death and soul repression. "I" have "time"—you do NOT. You are in the "time" cycle of this revolution of the Great Purification and you had best take it most seriously indeed.

WHAT IS THE SYMBOLISM OF THE PHOENIX?

Now, next: Why do we come in the symbolism of the Phoenix? Because we come from places of the Lion and the Bird Tribes, if you will. I personally expressed on a planet in the Pleiades Constellation called "Hatonn" and it has served well as location identification to my Command. You can, or not, worry over such triviality if you like but I suggest you leave it go with the other unnecessary trash you accumulate while missing the treasures.

"Phoenix":

(1) Egyptian and Greek mythology tells that this is a bird, representing the Sun (Aton, also THE "Son"), that consumed itself by fire after living many, many years (hundreds according to some, thousands according to others) [H: As long as he chooses, according to ME], and then rose renewed from its ashes; a symbol of immortality and spiritual rebirth.

(2) A person or thing of unsurpassed excellence or beauty; a LIGHTED paragon—model or pattern of excellence and perfection of a kind; a peerless example.

Now I believe you can see why we travel on a starship called *Phoenix* and also refer to our project as the "Phoenix" Project. It also, however, is WHY, particularly at this time of confrontation with our adversary that so many clandestine black operations are also called Phoenix. Evil ALWAYS assumes the face of goodness in order to DECEIVE. His favorite places for deception and control, are, of course, right in the churches of religious dogmas and misinformation. Where better to gain control over the Spirit journey of MAN?

This is also WHY the need for the deceit of the World War II "Holocaust" and the massacre holocaust at WACO, Texas (and other places). It is the symbolism of FIRE, ASHES and an effort to prevent the rising again of Goodness and Perfection.

So, will God prevail? Of course—that has never been a point in question; however, man does not seem to awaken until he gets terrible hot-foot disease and heartburn. Man grows wings of wax feathers in his drive for material gain through greed—and they will melt and he shall fall as the heat turns up in the kitchen. My people,

however, shall rise above the heat and soar as on wings of Eagles WITH the Phoenix. Will YOU come fly with me? We shall see. However, unless you learn what you are, who you are, where you are going, how you come to be, from whence you came and thus and so—you are stuck in the muck of darkness without a lamp. You have become mired in the physical shackles which now also imprison your souls in forgetfulness. We have come to jog your memories a bit so that you who would rather do worthy work with your journey can do so. I care not how long or how much you deny ME and-or MY work and word. It does not change one iota of the Truth of it. Further, ones who would claim or disclaim "this Hatonn" or "that Hatonn" are also missing the point in all measure. The TIME OF THE LORD IS AT HAND. No one doubts as much or argues the point. So, do you have so little faith in God as to believe HE would leave you to your translation without messengers and guides? He never has before—why do you deny it now at the most seriously consequential time of history of man and planet?

Ah, I see, chelas—you prefer other teachings that give you a way out of responsibility? Sorry about that—THAT IS THE PURPOSE OF THE EXPERIENCE IN THE FIRST PLACE!

A good thing to remember is that a diamond in the dark is but a rock. Polished and in the sun—it is the most magnificent of all colored lights reflected into the universe. WHERE DO YOU KEEP YOUR DIAMONDS?

SO, WHAT IS LIGHT?

You can KNOW "light" but you cannot see it for light cannot be "seen". Light is absolutely "still". The "sense" of light cannot respond to stillness. That which the eyes "feel" and believe to be Light is but motion—wave motion—simulating the IDEA of LIGHT. As with all things else in our electric wave universe the IDEA of LIGHT cannot be produced. ELECTRIC WAVES SIMULATE IDEA ONLY. They do NOT BECOME idea.

If you see the "light of the Sun" you believe you are actually seeing "light" when the nerves of your eyes are but "feeling" the intense rapid, short-wave vibrations of the kind of wave motion which you sense as incandescence. You can measure this if you like—an unsighted man KNOWS when he is in DARKNESS and when he is in sunlight. He cannot "see" it—but he KNOWS it.

How does Dharma recognize my own presence? In the same manner—she needs not "see" me for the frequency of my vibrations can literally knock her off the chair. Further, she never accepts ANY presence without confirmation of those

frequency waves and mine are as specific as any of your fingerprints—and by the way—THAT is not a very good check-point for the “real thing” any more. Absolutely identical DNA-RNA clones will have identical fingerprints even in some instances to scarring or coloration of the nevi. This is, however, why so few KNOW me—for almost ALL must “see” something to “believe” they “know” something. Visual image is about as bad a foundation upon which to form your “beliefs” as any method that “appears” to exist. You can be fooled every minute of every day by visuals on a TV screen and the subject material has no meaning to you. The announcer will speak of something as happening “today” and you will be shown a visual from six years ago and to you it becomes “today”. Most of the time, any longer, they do not even bother to mention to you—the audience that it is “file” videotape. You simply cannot longer trust almost anything you “see”. This is another reason you MUST start “listening” to your “feelings” about things and pay attention to your intuition for that represents inner KNOWING.

The intensely vibrant electric current mirrored into the senses of the eyes fairly burns them. They cannot stand that high rate of vibration. The eyes would be destroyed by such a vibration, but light would NOT be the cause of that destruction. Fast motion, simulating light, would be the cause. It would be like sending a high voltage electric current over a wire so fine that the current would burn it out.

Man, likewise, cannot see **darkness**. The nerves of his eyes which sense motion slow down to a rate of vibration at which he can no longer “feel” them.

Man is so attuned to the idea that he actually “sees” light in various intensities illuminating various substances to greater or lesser extents that it is difficult for him to realize that his own senses are but acting as mirrors to reflect various intensities of wave motion. But that is all that is happening in fact.

Every electrically conditioned thing in Nature reflects the vibrations of every other thing, to fulfill its desire to synchronize its vibrations with every other thing. All matter is the motion of light. All motion is expressed in waves. All light waves are mirrors which reflect each other's condition unto the farthestmost star. This is an electrically conditioned wave universe.

All wave conditions are infinitely seeking oneness. For this reason all sensation responds to all other sensations.

LIGHT IS....

You people have had ongoing arguments amongst your “top” scientists for generations as to what is light. Newton claimed it to be “corpuscular”. By defini-

tion this would be something like the little separate “cells” which are represented as “blood cells” (red, white, etc.). Obviously this means “literally”: a minute particle of matter. Or is light a “wave”? Evidence is abundant in favor of the argument for both theories. It IS both. Light is **expressed** by motion. All motion IS **wave** motion. All waves are expressed by fields of equal and opposite pressures of two-way motion. The entire volume within wave fields is filled with the two opposite expressions of motion—the positive expression which **compresses light into solids**, and the negative expression which **expands it into space surrounding solids**.

All space within wave fields IS CURVED. Curvature ends at planes of zero curvature which bound all wave fields. These boundary planes of omnipresent magnetic Light act as mirrors to reflect all curvature into all other wave fields in the universe, and as fulcrums from which motion in one wave field is universally repeated.

“MATTER” IS WAVE — “MATTER” IS LIGHT

These, together, constitute what is called matter and space. It is difficult to conceive light as being purely corpuscular, for light is presumed to fill ALL space. Space is not empty. It is full of wave motion. Corpuscles of matter are half of wave cycles of light. Space is the other half. There needs to be no mystery as to whether or not light is corpuscular or wave, for waves of motion which simulate the light and darkness of space is all there IS. The light and motion of solid matter, and of gaseous matter of space, differs only in volume and condition.

Water of Earth is compressed into small volume while water of the heavens is expanded thousands of times in volume. Each condition is the opposite half of the cycle of water. Is this beginning to make some logical sense to you?

Water **vapor** is water turned inside-out. It again becomes water by turning outside-in. Expansion-contraction sequences result from this process.

You might find it interesting to share a thought between Dharma and Little Crow one day when a debate regarding “rituals” was in progress. It had nothing to do with the subject under discussion but when you came to solutions for mankind and involvement in this “cycle”, Little Crow gestured with his hands as he said “everything within must be turned (brought) without.” I don’t need to explain his meaning here for it becomes obvious that you are now into the cycle wherein all within **must come without**. If you can think about this “concept” and be comfortable with it—you are a long, long way along your trail to

knowing.

ALL MATTER IS SIMULATED LIGHT! Water of the heavens **still is water**, and it still is **simulated light waves**. No change whatsoever has taken place between the waters of Earth and those of the heavens except a change of its condition from positive to negative preponderance. This change is solely due to a change of its direction with respect to its **center of gravity**. Now don’t go crazy here either, for “gravity” is going to have to come to your knowledge as not what you perceive it to be. It has to do with **density** and not magnetic pull or push. We will get to that later, please.

All dense cold matter, such as iron, stone, wood, and all growing or decaying things, are simulated light. You do not think of them as simulated light but all are waves of motion, and all waves of motion are simulated light.

Please pay attention here: Light is all there is in the *spiritual* universe of knowing, and **simulation** of that light, in opposite extensions, is all there is in the electric wave universe of **sensing**. The simulation of light in matter is NOT light. There is no “light” in “matter”.

CONFUSION

There is abundant confusion concerning the many kinds of particles of matter such as electrons, protons, photons, neutrons and others. These many particles are supposedly different because of the belief that some are charged negatively, some are charged positively and some are so equally charged that **one supposedly neutralizes the other**. There is, however, NO such condition in Nature as negative charge. Nor are there negatively charged particles. “Charge” and “discharge” are simply opposite **conditions**, just as filling and emptying, or compressing and expanding are opposite conditions.

Compressing bodies are charging into higher potential conditions. Conversely, expanding bodies are discharging into lower potential conditions. To describe an electron as a negatively charged body is equivalent to saying that it is an expanding-contracting body. They are also opposite in direction. In this two-way universe, light which is inwardly directed toward gravity charges mass and discharges space. When directed toward space it charges space and discharges mass.

The charging condition is positive. It multiplies speed of motion into density of substance. The principle of multiplication of motion because of decrease of volume is the cause of the acceleration of gravity. The discharging condition is negative. It divides speed of motion into tenuity of substance. The principle of the division of motion because of expansion of volume, is the cause of the deceleration of radiation.

You can perhaps better comprehend this principle by knowing that what we call "substance" is purely motion. Motion simulates substance by its variation of pressures, its speed and its gyroscopic relationship to its wave axis. Particles are variously conditioned as to pressure but there are no different KINDS of particles. ALL are light waves wound up into particles which are doubly charged. Their position at any one point in their wave causes them to have the electric condition appropriate for that point.

Light particles are forever moving in their "octave" waves. All are either heading toward their cathode or their anode, which means toward gravity or vacuity. They are all moving either inward or outward—**SPIRALLY**.

Yes, indeed, I usually "lose" a lot of electrical engineers and ones who are TAUGHT well but incorrectly. Argument will only PROVE that my statements are correct, students.

ALL LIGHT PARTICLES ARE ALIKE

Furthermore, all light particles are either expressing the mother-light principle or the father-light principle. For example, if a particle is on the amplitude of the wave, it would be a true sphere, and as a true sphere it would be neither positive nor would it be negative. It might then appropriately be called a "neutron". A particle which is spirally heading inward toward the apex of a vortex in the process of becoming a sphere might appropriately be called a proton, because of its expressing the father-light principle. We will cover these "concepts" also as we move along. It is difficult to get it all said at once. So, AGAIN: **if it is moving spirally outward, it could appropriately be called an electron because it would then be discharging in excess of its charge or expanding in excess of its contraction.**

Light rays, for example, leaving the sun, are discharging the sun. They are also discharging themselves because they are expanding into greater volume. They are also lowering their own potential by multiplying their volume. They alternate their charge when radially converging upon the Earth. They are then charging the Earth and themselves by contracting into smaller volume and are simultaneously multiplying their own potential by thus contracting. This is also why it becomes easy to prove that you are simply a result of compression and expansion. This, in addition, shows you vividly that you are an "electric wave universe". Think of it as breathing out and breathing in and let go of the complexity always thrust into the equation by those who would dislike you to actually know any-

thing about yourselves.

ALTERNATORS AND CYCLES

How about adding to that, semi-cycles. In an electric current there is a constant interchange between anode and cathode or positive and negative poles. A light particle expands as it leaves the cathode in an outward radial direction and contracts as it radially approaches the anode. This light particle has been the same light particle at all times in all parts of its journey. Its variation of charge and discharge, its direction of motion and the condition of wave pressure in which it finds itself at all times are the sole reasons for its changing from one condition to another. The light particles are all the same light particles, all being different only in **pressure** conditions.

This same is also true of the elements of matter. Whether they are iron, carbon, silicon, radium, etc., all are composed of the **same kind of light particles**. They all **seem** to have different qualities and attributes, but those qualities and attributes **are likewise given to them purely by the positions they occupy in their WAVES**.

LIGHT SIMULATION

All things **simulate** light. A particle of light which belongs to an atomic system of sodium has in it all of the entire range of the elements, besides all of every other creating thing in the universe. It acts to carry out the purposefulness of the idea of sodium simply because it is in the pressure condition of sodium, and is a part of the unfolding pattern of the seed of inert gas of the octave from which it has unfolded. If that same particle unfolded from the seed of the oak, it would be part of the wood fibre of its trunk, or leaf, or of the chlorophyll which colored its leaves, but it would be the same kind of particle while fulfilling the purpose of cellulose as while filling the purpose of the sodium as well.

All matter in the universe is but differently conditioned motion simulating light, and all differences in condition are PRESSURE differences.

HOW ABOUT "TRAVEL"?

Ok, here is a recognized number: The speed with which light **presumably** "travels" is 186,400 miles per second. Now consider that the distance between stars and planets is so great that the speed of light is computed as "light years", for the distance computed by lesser units of time would yield figures so great that

they would be meaningless. Almost as meaningless as to say the fact of it—there is no distance at all and no light "travel" at all. BUT...

Light only **SEEMS** to travel. It is but one more of the countless **illusions** caused by this nice "wave" motion. Waves of the ocean seem to traverse the ocean but they **only APPEAR to do so**, for waves are **pistons** in the universal engines, and pistons operate **up and down**. Wave pistons of light, or of the ocean, operate radially and spirally inward and outward, toward and away from gravity. Now aren't we having fun with this nasty old scientific subject?

Waves of light do not travel. They **reproduce each other from wave field to wave field of space**. The planes of zero curvature which bound all wave fields act as mirrors to reflect light from one field into another. This sets up an appearance of light as travelling, which is pure illusion.

IN MEMORY OF "PAUL"

I have a bit of fun as we write for Dharma is caused to recall her son, Paul, sitting and knowing within that he could integrate the "field" theory. (This may not be the accurate definition but it will do.) What? Anyone can integrate all theories but I think it rather nice that—in the fact that he is now physically dead—he still gets to tamper and tinker and integrate these concepts in Truth THROUGH connections of timelessness and spacelessness and within ONENESS. You see, a bullet through the brain only transferred the energy—it did not destroy the knowledge. Knowledge remains just as KNOWING IS. You see, the adversary can kill the body—it CANNOT MURDER THE SOUL AND KNOWING.

BACK TO "LIGHT"

The "sunlight" you feel upon your bodies is actual light from the Sun. What is happening is that the Sun is reproducing its own condition on the Earth by extending the reproductions out through cold space into ever enlarging wave fields until those reproductions begin to converge again toward your center of gravity into even smaller wave fields. The heat you feel and the light you see is dependent entirely upon the ability of the **wave fields to reproduce the light and heat**, and that ability is conditioned upon the amount of moisture in the atmosphere.

If there is no moisture in the atmosphere, your bodies would simply carbonize from the heat thus reproduced. One cannot consistently think of that heat as direct rays of the sun, for that same sunlight was intensely COLD dur-

ing its reproduced journey through the immensely expanded wave fields of space between the Sun and Earth.

THAT FIRST STEP IS THE BAD OR GOOD ONE?

Not so—the light and heat which **APPEAR to come from the star or Sun has never left the star or Sun.** That which man “sees” as light and “feels” as heat is the **reproduced counterpart of the light and heat which is ITS CAUSE.**

The rate of vibration in a wave field depends upon its volume. Vibration in a wave field means the pulse of interchange between its compressed core and the space surrounding that core. A slow vibration in a large wave field would cool one's body, or even freeze it, while fast pulsing interchange in extremely small wave fields could burn one's body.

A lens which multiplies light and heat toward a focal point which sets paper on fire merely compresses larger wave fields into smaller ones. The rate of vibration increases for the same reason that the planets nearest the sun move much faster in their small orbits than those which are far away from the sun. There is a “law” covering the speeds of planets to rates of vibration in wave fields as appropriately as with the movements in the solar system—Kepler's Law.

WHAT OF THAT OLD BUG-A-BOO THE “PHOTON” BELT?

What about it? I realize that while we are on the subject of light, vibration, frequency and rays (that, after all, is ALL) we will refer back to the critical situation within which you find yourselves. How relieved everyone seemed to be to think you missed that nasty old “Photon Belt”. You haven't MISSED anything and if you don't sharpen up quickly you are going to have a whole heap of trouble.

The frequency of those rays now expressing on your place are already part of that “photon” shower. The frequency is beyond that of ultraviolet and it causes mutations of cells and all sorts of damage to an unprepared body. What you are going to have to do is find a way to match and thrive in those ever-increasing light frequencies. These rays fall into the range of totally “invisible” rays. They will “getcha” the same way as radioactive radiation.

Can we help? Indeed, the little gaiandrianas can match and out-frequency anything thrown at them if given the proper respect. “They” are infinite and can match anything and any frequency. Moreover, they can bring a living cellular structure right along with them. It most certainly may be well worth your time and effort to stay tuned. [See next-to-last pages for information on how to obtain Gaiandriana.]

You are going to have to come into realization that you are wondrous but you are quite primitive enough to get into terrible trouble. Everything in the universe is balanced in its perfection, so you are going to have to get with the program. When you reflect on the subject of “you as a human species” you are going to have to realize that you are not any better than anyone else or anything else. You are all just a part of this great Creation and your part is to do what the rest of Creation does and that is to support each and every other system. You must find ways to do that which circumvent politics and preferences toward color, ethnicity and gender. You are energy and you have a “center”. That center, which is that Energy of Creation, has no form and no shape, has no smell, no color. It has no preference, no doctrine, no sinners and no saints—IT IS and it has NO PREFERENCE. The sooner you come to KNOW as much the faster you can get on with your learning to “ascend” which seems to be the prime game these days of gurus and evangelists.

I will tell you right now, however, there is ONLY ONE WAY TO ASCEND—by participation. You can do it properly and retain the two-way flow—or, you can blow yourselves into pulverized vapor—the choice is yours!

Can you get out of your own way long enough to accomplish this task? I hope so for it will indicate that your choices are picking up in wisdom.

You are precious to me and I will give you all that I AM—but YOU have to accept it. Perhaps that is far more difficult than it may at first appear?

In Oneness within Infinity, I AM THAT YOU MAY BE!

6/19/93 #1 HATONN

Have faith. Have faith. Have faith.

You're on the spiritual path. You're on the road. You ARE the spiritual sanctuary. You are that strength and you're not going to be punished for believing that God lives inside you. That isn't a punishment; that's a joy.

The answer is there and what we need to do is to have faith in what we believe. If you believe that there is a God and that there is a heaven, then believe that and believe it with all of your heart and all of your being and act accordingly to it. Act accordingly to it. Behave as if you do believe that. That's all.

It always comes back to the faith of the individual. You have to have faith in what you be-

lieve—whether it is the dogma of something that nobody else believes in, if you have the faith in it, that's what is required for it to work for you. It always comes down to the individual taking responsibility for their life.

— LITTLE CROW (8/26/90)

Nowhere in the above does it say to have “blind” or “dumb” faith. Get on with your “wisdom” education and then for goodness sake use discernment. Gain ALL you can of Truth and pathway from ALL sources. If you get wisdom through learning and KNOWING—you will know that which is right from that which is wrong. These are the only words I have to express and they are not quite correct but they will have to do. But first you must seek the “higher” path toward Wisdom and Knowledge and THEN study, dig and act in KNOWING—which is the only VALID FAITH there IS!

If you cannot recognize what you ARE, for instance, you cannot move into a finer perfection of what you are meant to be. Nothing says you have to stay shackled to the kindergarten practices. There is no Native American law that says you can never rise above and beyond the match-lighting of the smoke pot and rise on the wings of the sweetgrass waves to commune with Grandfather. As a child you cannot know all in the consciousness—but as a child you are far advanced in the KNOWING of your relationship with God and Soul. HOLD THE RELATIONSHIP AND KNOWING—AND **LEARN** TO RISE WITHIN THE MATURE KNOWLEDGE. Will you err? ALL mankind does, no more and no less—how else can you “learn”? You are BACK to correct errors so why would you expect instant perfection if you LEFT IN UNKNOWING?

Let us go right back to the “beginning” and the “modern” assumption is that you evolved from lower species—apes. That means that you had to have been created in the image of apes. **You were not! MAN WAS CREATED IN THE IMAGE OF GOD! APES WERE CREATED IN THE IMAGE OF APES.** It, further, is a fact that man was created so distinct from animals that he was unable to find one physically or emotionally compatible with him. These are facts taken right from your “Holy Bible” and Oral Traditions.

Ah, and “There was a period when there was no time, space, or matter.” Genesis and Hebrews, Bible. Well, you have to get BACK THERE, don't you? And so, we are here to show you the way!

SO, WHY ARE “WE”?

In this “We”, I mean “We of the univer-

sal 'out-there somewhere'."

You people argue over the most confounding things instead of getting on with your purpose and Truth. You argue over "Evolution" and then you argue over "Creation". You separate into gangs and fight as Evolutionists versus Creationists. There is TRUTH IN BOTH; there is great LIE IN BOTH.

You want God IN and you certainly want HIM OUT. Both sort of recognize the personal appearance of GOD as being infrequent into your evolving learning classrooms. But, also, both "...see God as coming down at various intervals during the evolutionary process to give a slight direction to an otherwise blind process" (Richard Niessen).

So what is the problem, Hatonn? **YOU ARE LIGHT!** THAT is the problem. You focus on your manifestation and manufacture and the factory-classroom and miss the only important point of all—**YOU ARE LIGHT!** YOU ARE A COMPOSITE OF ALL THINGS OF THE UNIVERSE GIFTED WITH THE IMAGE OF GOD IN PERFECTION OF "LIGHT". YOU FUNCTION IN AN ELECTRIC WAVE UNIVERSE AND ARE THE DIRECT THOUGHT OF GOD MANIFEST.

We will now begin to present to you the layout of Universal foundation and building blocks.

We are going to present it through the presentations of others than one beloved brother, Walter Russell, for we are denied the ability to utilize his magnificent work. This presentation will be a bit more difficult to fathom but we will "get there" because, for one thing, most of you readers are more knowledgeable now than at onset of our earlier writings.

These concepts, as we present in the "Universe" portions of elements and Nature, will be from the gifted work of Tom Astley. At this point he is so dangerously existing that I cannot give you more specifics about him other than that he has sent to me his "original" works and diagrams, has "gone under cover" and was somewhere in Africa. But, he is under my full protection and I bless him greatly for his contribution to MAN and KNOWING HIS SOURCE.

"But if Russell was so brilliant and wrote and spoke TRUTH and his work was in the public domain at its early offering, why can we not have it now?" Ah indeed, because his work has been taken and hidden in copyrights and singularly encapsulated by a "business club". The roots of the "club" go a long, long way back within the notable notables of the day and for a while it was called the *Twilight Club*. I do not feel free to discuss this further in public statements in fear of bringing my secretary into further contempt of court charges as continually threatened on a daily basis.

It appears we may well have legal counsel moving into this case who work directly with Gerry Spence and his firm. We wish nothing against any opposition to us—we only desire the ability to offer to you readers that which YOU MUST HAVE TO COME INTO UNDERSTANDING THAT YOU HAVE BEEN GIVEN MUCH INCORRECT INPUT. BUT THAT, TOO, IS THE WAY MAN LEARNS.

How can you KNOW this? Because the Catholic Church did not until this past year recognize Galileo as having valid information regarding the heavenly bodies. We can get the information TO YOU—but it is so sad to have to bypass the greatest teacher, on this subject, of them all! Why could not a business entity gain and prosper through the sharing? I think you know!

NIKOLA TESLA

Now, knowing that everything in the Universe is electric wave and LIGHT, let us speak of "frequencies" and radio signals, etc. What we are interested in here are his studies and inventions relative to "HIGH" frequencies. Perhaps if we give you a brief background you will be able to move along with us a bit better. I won't start with the basics of exactly who is Tesla—for that is something ALL OF YOU SHOULD KNOW. I will not be surprised, however, to realize that almost none of you REALLY know who was this incredible gift to you humans.

Dharma, as tedious as it is, scribe, please offer the "INTRODUCTION" portion from the volume of priceless writings called *Colorado Springs Notes, 1899 - 1900*. This will give the readers recognition of the WORK involved and that is to which we focus attention. Nikola is working directly with Dr. Young so there is no need to concern about "what is going on" and how do we build this or that "thing" according to Tesla to get such and such results. We will have exactly what we need WHEN WE NEED IT IN PROPER SEQUENCE WITH ABILITY TO UTILIZE IT WITHIN THE POLITICAL SYSTEM.

"WHO" is Dr. Young? Indeed, the one who is Chief Editor of *CONTACT!!* Surely you do not think you would have LESS than the Best. You must understand that there are GREAT MEN present this day to work with higher knowledge to get this job done. Ones do whatever is needed as task to reach our fully-intended successful goals. "Goodness" is GOING to reclaim a place in your dark and impoverished world—but first the political rot must be identified. Then, if YOU desire to move your world into Freedom and Glory—LET'S DO IT! It is up to YOU for God shall provide those minds to lead you and serve you.

Tesla and Russell were greatly connected and Tesla told Russell that his work was too early for Man's proper acceptance and handling thereof. He suggested Russell

put away great portions of the work until mankind could ready itself. **THAT WAS DONE AND HAS YET TO BE BROUGHT FORTH.** I know that you will hear that it was brought forth by Lao, etc. **NO, IT WAS NOT!** I shall say no more on the matter, lest we stand accused of defamation, etc. Our intent is NEVER TO DEFAME ANYONE—ASA MATTER OF FACT WE CAN'T—JUST AS MAKING A FOOL OF SOMEONE—YOU CAN'T: **ONLY THE INDIVIDUAL SELF OR GROUP CAN MAKE A FOOL OF ITSELF.** This is a good little Universal Law of Truth. For instance, how could a little grandmother in her sixties make a fool of the great George Green? She hardly ever leaves her basement keyboard room, does not lecture, does not teach seminars—only goes out to attend court appearances precipitated by our "good friends" such as the Greens. I would say she has NOTHING to do with it if George Green appears a fool. So be it for I shall not further place her at disadvantage nor any of the works of the hard labors of our people.

"INTRODUCTION" TO NIKOLA TESLA'S COLORADO SPRINGS NOTES, 1899-1900 (by Aleksandar Marincic)

In 1898 Tesla's creativity in the field of high frequencies was at its peak. From his initial ideas in 1890 and his first, pioneering steps, he had worked with such intensity that many of the inventions and discoveries which he had given the world by this time have remained unsurpassed to this day. Even the loss of his laboratory on Fifth Avenue [in New York City] in 1895, a severe blow for him, did not hold him back for long. He soon resumed his experiments in a new laboratory, on Houston Street, continuing to make new discoveries and inventions, applying them with unflagging energy.

Tesla's **polyphase system** essentially solved the problem of generating, transmitting and the utilization of electrical power. When he started working on high frequencies, he almost immediately began to perceive their vast possibilities for wireless transmission of "intelligible signals and perhaps power". He worked on the practical development of his first ideas of 1891-1893 at such a rate that by 1897 he had already patented a system for wireless transmission of power and an apparatus utilizing this system. Shortly before, during the ceremonial opening of the hydroelectric power plant on Niagara, at a time when the world was only just coming around to Tesla's polyphase system which for the first time in history enabled the transfer of electrical power over distance, he said: "In fact, progress in this field has given me fresh hope that I shall see the

fulfillment of one of my fondest dreams; namely, the transmission of power from station to station without the employment of any connecting wires." (Tesla: "On electricity", *El. Rev.* Jan 27, 1897, A-101)

Always true to the principle that ideas must be experimentally verified, Tesla set about building powerful high-frequency generators and making experiments in wireless power transmission. The Nikola Tesla Museum in Belgrade possesses Tesla's own slide which confirms that the experiment described in the patent (Tesla: *N. "System of transmission of electrical energy"*, U.S. Patent of 645 576, March 20, 1900, Appl. Sept. 2, 1897) [H: **Readers, you are simply going to have to put up with some references. I shall effort to keep them to a minimum while giving credit for the work—however, I shall never again place my scribe in danger and assault because of convenience. I WILL, however, not recognize each and every reference or author—but these are most important references and patent numbers for involved "scientific" input. Even the "scientists" must recognize the total simplicity of that which Tesla and brethren offered.**] was in fact carried out before the Examiner-in-Chief of the U.S. Patent Office. For experimental verification of his method of wireless power transmission "by conduction through the intervening natural medium" on the global scale Tesla needed still higher voltages and more room (in the Houston Street laboratory he generated voltages of 2 to 4 Million Volts using a high-frequency transformer with a coil diameter of 244 cm), [H: **Please realize that he only perceived he needed more room—you will be able to produce the same and more with a tiny box when the apparatus is correctly developed. I also know that these "old" steps are "old hat" and some of you will do your usual, bitch, moan and complain about "nothing new". RIGHT! NOTHING NEW TO YOU SO-CALLED SCIENTISTS AND EXPERTS WHO "THINK" YOU KNOW IT ALL AND KNOW ALMOST NOTHING.**] so towards the end of 1898 he began looking for a site for a new laboratory. Mid-1899 he finally decided on Colorado Springs, a plateau about 2000 meters above sea level, where he erected a shed large enough to house a high-frequency transformer with a coil diameter of 15 meters!

Tesla's arrival in Colorado Springs was reported in the press. According to the Philadelphia "*Engineering Mechanics*" Tesla arrived on the 18th of May 1899 with the intention of carrying out intensive research in wireless telegraphy and properties of the upper atmosphere. In his article "The transmission of electric energy without wires" (1904) Tesla writes that he came to Colorado Springs with the following goals:

1. To develop a transmitter of great

power.

2. To perfect means for individualizing and isolating the energy transmitted.

3. To ascertain the laws of propagation of currents through the Earth and the atmosphere.

Tesla had some ten years of experience with high frequency AC (alternating current) behind him by the time he moved to Colorado Springs. In 1889, on his return from Pittsburgh where he had been working as a consultant to Westinghouse on the development of his polyphase system, he began work on the construction of an alternator for generating currents at much higher frequencies than those used in ordinary power distribution. In 1890 he filed applications for two patents (Tesla: "*Alternating electric current generator*", U.S. Patent 447 921, March 10, 1891, Appl. Nov. 15, 1890, P-129. "*Method of operating arc lamps*", U.S. Patent 447 920, March 10, 1891, Appl. Oct. 1, 1890, P-205.) for alternators working at over 10 kHz. One of these patents was in conjunction with a method for achieving quiet operation of arc lamps, but this was in fact a first step towards a new application of alternating currents, which soon became known as "Tesla currents". Tesla's alternators were an important milestone in electrical engineering and were the prototypes for alternators which were used some quarter-century later for driving high-power radio transmitters, and later on also for inductive heating.

Soon after he had started his research in high frequencies Tesla discovered their specific physiological action and suggested the possibility of medical application. He did a lot of work on the utilization of high frequency AC for electric lighting by means of rarefied gas tubes of various shapes and types. During 1891 he publicized his results in journals, patent applications and in his famous lecture to the AIEE at Columbia College. (Tesla: "*System of electric lighting*", U.S. Patent 454 622, June 23, 1891, Appl. Apr. 25, 1891, P-208. "*Electric incandescent lamp*", U.S. Patent 455 069, June 30, 1891, Appl. May 14, 1891, P-213.) This lecture, before a gathering of eminent electrical engineers, brought Tesla widespread recognition and soon made him world-famous. [H: **In prior JOURNALS we have offered this speech in its entirety.**] This success was due in good measure to his convincing experiments, too, which included a demonstration of rarefied gas luminescing in a tube not connected by wires to the source of power. This was the first experiment demonstrating wireless power transmission, and marked the birth of an idea to which Tesla was subsequently to devote a great part of his life. The necessary powerful electric field was created between the plates of a condenser connected across the sec-

ondary of a high-frequency transformer, which was connected via a series condenser to a high-frequency alternator. The system worked best when the primary and secondary circuits were in resonance. Tesla also made use of the resonant transformer with his spark oscillator, enabling easy and efficient generation of high-frequency AC from a DC or low frequency alternator. The system worked best when the primary and secondary circuits were in resonance. This oscillator was to **play a KEY ROLE in the development of HF engineering.** Only a few years later it was to be found among the apparatus of practically every physics laboratory, under the name of the **Tesla coil.**

The first record of Tesla's high-frequency coupled oscillatory circuit with an **air-cored transformer** is to be found in Patent No. 454 622 [H: **Ah, but what can you do, my friends, with cores of other gases?**]. The oscillator converts low-frequency currents into "current of very high frequency and very high potential", which then supplies single-terminal lamps.

Tesla presented much new information about his discharge oscillators and his further research on high frequency currents in the lecture he gave to the Institute of Electrical Engineers in London, February 1892, which he subsequently repeated in London and then in Paris. (Tesla: "*Experiments with alternate currents of high potential and high frequency*", a lecture delivered before the IEE, London, Feb. 1892, L-48.) He described at length the construction of a type of air-cored HF transformer and drew attention to the fact that the secondary voltage cannot even approximately be estimated from the primary-to-secondary turns ratio. Tesla also did a lot of work on improvements of the spark gap and described several designs, some of which were subsequently **attributed to other authors.** In describing the apparatus with which he illustrated this lecture he explained several ways for interrupting arcs with the aid of a powerful magnetic field; using compressed air; multiple air gaps in series; single or multiple air gaps with rotating surfaces.

He describes how the capacity in the primary and secondary circuits of the HF transformer should be adjusted to get the maximum performance, stating that so far insufficient attention had been paid to this factor. He experimentally established that the secondary voltage could be increased by adding capacity to "compensate" the inductance of the secondary (resonant transformer).

He demonstrated several single-pole lamps which were connected to the secondary, describing the famous brush-discharge tube and expressing the opinion that it might find application in telegraphy. He noted that HF current readily passes

through slightly rarefied gas and suggested that this might be used for driving motors and lamps at considerable distance from the source, the high-frequency resonant transformer being an important component of such a system.

In February 1893 Tesla held a third lecture on high-frequency currents before the Franklin Institute in Philadelphia, and repeated it in March before the National Electric Light Association in St. Louis. The most significant part of this lecture is that which refers to a system for **"transmitting intelligence, or perhaps power, to any distance through the Earth or environing medium"** [H: **I believe we have already offered this lecture also.**]. What Tesla described here is often taken to be the foundation of radio engineering, since it embodies principle ideas of fundamental importance, viz.: the principle of adjusting for resonance to get maximum sensitivity and selective reception, inductive link between the driver and the tank circuit, an antenna circuit in which the antenna appears as a capacitive load. He also correctly noted the **importance of the choice of the HF frequency and the advantages of a continuous carrier for transmitting signals over great distances.**

Between 1893 and 1898 Tesla applied for and was granted seven American patents on his HF oscillator as a whole, one on his HF transformer, and eight on various types of electric circuit controller. In a later article Tesla reviews his work on HF oscillators and reports that over a period of eight years from 1891 on he made no less than fifty types of oscillators powered either by DC or low-frequency AC.

Along with his work on the improvement of his HF oscillators Tesla was continuously exploring applications of the currents they produced. His work on the improvement of X-ray generating apparatus is well known. He reported it in a series of articles in 1896 and 1897 and in a lecture to the New York Academy of Science. In a lecture before the American Electro-Therapeutic Association in Buffalo, September 1898, he described applications of the HF oscillator for therapeutic and other purposes. The same year he took out his famous patent "Method of and apparatus for controlling mechanisms of moving vessels or vehicles," which embodies the basic principles of telemechanics, a field which only began to develop several decades after Tesla's invention.

On 2nd September 1897 Tesla filed patent application No. 650 343, subsequently granted as patent No. 645 576 of 20 March 1900 and patent No. 649 621 of 15th May 1900.

The second of the two patents by which Tesla protected his apparatus for wireless power transmission, known as the "system of four tuned circuits", is particularly

important in the history of radio. It was a subject of a long lawsuit between the Marconi Wireless Telegraph Company of America [H: **A J.P. Morgan travesty of justice.**] and the United States of America alleged to have used wireless devices that infringed on Marconi's patent No. 763 772 of June 1904. After 27 years the U.S. Supreme Court in 1943 invalidated the fundamental radio patent of Marconi as containing nothing which was not already contained in patents granted to Lodge, Tesla and Stone. [H: **And yet, WHO GETS CREDIT FOR THE WIRELESS RADIO? AH HA, J.P. MORGAN'S MARCONI!**]

Unlike other radio experimenters of the time who worked either with damped oscillations at very high frequencies, Tesla investigated undamped oscillations in the low HF range. While others principally developed Hertz's apparatus with a spark-gap in the tank circuit (Lodge, Righi, Marconi, and others) and improved the receiver by introducing a sensitive coherer (Branly, Lodge, Popov, Marconi, and others), he set about implementing his ideas of 1892-1893. How far he had got in verifying his ideas for wireless power transmission before coming to Colorado Springs may be seen from patent No. 645 576.

Tesla based his hopes for wireless power transmission on the global scale on the principle that a gas at low pressure is an excellent conductor for high frequency currents. Since the limiting pressure at which the gas becomes a good conductor is higher the higher the voltage, he maintained that it would not be necessary to elevate a metal conductor to an altitude of some 15 miles above sea level, but that layers of the atmosphere which could be good conductors could be reached by a conductor (in fact an aerial) at much lower altitudes. "Expressed briefly, (cit. patent 645 576) my present invention, based upon the discoveries, consists then in producing at one point an electrical pressure of such character and magnitude as to cause thereby a current to traverse elevated strata of the air between the point of generation and a distant point at which the energy is to be received and utilized. From the patent it may be seen that the pressure in the tube was between 120 and 150 mm Hg. At this pressure, and with the circuits tuned to resonance, efficient power transfer was achieved with a voltage of 2-4 million volts on the transmitter aerial. In the application Tesla also claims patent rights to another, similar method of transmission, also using the Earth as one conductor, and rendered conductive high layers of the atmosphere as the other.

In the late eighties of the last century very little was known about the radiation and propagation of electromagnetic waves. Following the publication of Hertz's research in 1888, which provided confirma-

tion of Maxwell's dynamic theory of the electromagnetic field published in 1865, scientists became more and more convinced that electromagnetic waves behaved like light waves, propagating in straight lines. This led to pessimistic conclusions about the possible range of radio stations, which were soon refuted by experiments using the aerial-earth system designed by Tesla in 1893. Tesla did not go along with the general opinion that, without wires "electrical vibrations" could only propagate in straight lines, being convinced that the globe was a good conductor through which electric power could be transmitted. He also suggested that the "upper strata of the air are conducting" (1893), and "that air strata at very moderate altitudes, which are easily accessible, offer, to all experimental evidence, a perfect conducting path" (1900). It is interesting to note that this mode of propagation of radio waves was initially considered as something different from other modes then to be forgotten until recent years. In the 1950s Schumann Bremmer, Budden, Wait, Galejs and other authors, working on the propagation of very low (3 to 30 kHz) and extremely low (1 to 3000 Hz) electromagnetic waves, founded their treatment on essentially the same principles as Tesla.

Tesla spent about eight months in Colorado Springs. Something of his work and results from this period can be gleaned from articles in *American Inventor* and *Western Electrician*. For instance, it is stated that Tesla intended to carry out wireless transmission of signals to Paris in 1900. An article of November 1899 reports that he was making rapid progress with his system for wireless transmission of signals and that there was no way of interfering with messages sent by it. Tesla returned to New York on the 11th of January 1900. [H: **I would guess by this point you are beginning to get a glimmering why J.P. Morgan of the World Order Banker Elite would get rid of Tesla, bury his work and destroy his laboratories? But there is far more and involves so many wonderful inventors and gifters to mankind, slain and buried by the adversary in the name of GREED AND AVARICE! THE STORY NEVER REALLY CHANGES, DOES IT?**]

The diary which Tesla kept at that time gives a detailed day-by-day description of his research in the period from 1st June 1899 to 7th January 1900. Unlike many other records in the archives of the Nikola Tesla Museum in Belgrade, the Colorado Springs diary is continuous and orderly. Since it was not intended for publication, Tesla probably kept it as a way of recording his research results. It could perhaps also have been a safety measure in case the laboratory should get destroyed, an eventuality by no means unlikely considering

the dangerous experiments he was performing with powerful discharges. Some days he made no entries, but usually explained why at the beginning of the month.

According to his notes, Tesla devoted the greatest proportion of his time (about 56%) to the transmitter, i.e., the high-power HF generator, about 21% to developing receivers for small signals, about 16% to miscellaneous other research. He developed a large HF oscillator with three oscillatory circuits with which he generated voltages of the order of 10 million volts. He tried out various modifications of the receiver with one or two coherers and special pre-excitation circuits. He made measurements of the electromagnetic radiations generated by natural electrical discharges, developed radio measurement methods, and worked on the design of modulators, shunt-fed antennas, etc.

The last few days covered by the diary Tesla devoted to photographing the laboratory inside and out. He describes 63 photographs in all, most of them showing the large oscillator in action with masses of streamers [*streaks of lightning*] emerging from the outer windings of the secondary and the "extra coil". He probably derived special satisfaction from observing his artificial lightning, now a hundred times longer than the small sparks produced by his first oscillator in the Grand Street Laboratory in New York. By then many leading scientists had been experimenting with "Tesla" currents but Tesla himself was still in the vanguard with new and unexpected results. When he finally finished his work in Colorado Springs he published some photographs of the oscillator in a blaze of streamers causing as much astonishment as had those from his famous lectures in the USA, England and France in 1891-1893. The famous German scientist, Slaby, wrote that the apparatus of other radio experimenters were mere toys in comparison with Tesla's in Colorado Springs.

The descriptions of the photographs in the diary also include detailed explanations of the circuitry and the operating conditions of the oscillator. The photographs themselves give an impressive picture of the scale of these experiments. Tesla maintains that bright patches on some of the photographs were a consequence of artificially generated fireballs. He also put forward a theory to explain this, still today a somewhat enigmatic phenomenon. Research on fireballs was not envisaged in his Colorado Springs work plan, but belonged to the special experiments which, in his own words, "were of an interest, purely scientific, at that time," which he carried out when he could spare the time.

Tesla used some parts of the diary in drawing up the patent applications which

he filed between 1899 and 1902. Keeping such notes of his work was more or less a constant practice; they provided him with an aide-memoire when preparing to publish his discoveries.

The diary includes some descriptions of nature, mostly the surroundings of the laboratory and some meteorological phenomena, but only with the intention of bringing out certain facts of relevance to his current or planned research.

Immediately after he finished work at Colorado Springs, Tesla wrote a long article entitled *The Problem of Increasing Human Energy* in which he often mentions his results from Colorado Springs. In 1902 he described how he worked on this article: "*The Century* began to press me very hard for completing the article which I have promised to them, and the text of this article required all my energies. I knew that the article would pass into history as I brought, for the first time, results before the world which were far beyond anything that was attempted before, either by myself or others."

The article really did create a sensation, and was reprinted and cited many times. The style he uses in describing Colorado Springs research differs greatly from that of the diary. **[H: Some of the most incredible and destructive as well as futuristic in concept: replications, cloning, transmission high-frequency, extra-low-frequency, etc., STILL comes out of the area and Elite laboratories around Colorado Springs and "under".]**

Tesla wrote about his Colorado Springs work again in 1904. Some interesting data is to be found in his replies before the United States Patent Office in 1902, in connection with a patent rights dispute between Tesla and Fessenden. This document includes statements by Tesla's assistant Fritz Lowenstein and secretary George Scherff. Tesla took Lowenstein on in New York in April 1899. At the end of May that year he summoned him to Colorado Springs where Lowenstein remained until the end of September, when family matters obliged him to return to Germany. Tesla was satisfied with him as an assistant and asked him to return later, which he did, again becoming Tesla's assistant in February 1902. **[H: Well hindsight is always better than foresight—he shouldn't have.]**

Tesla did not break off his research in the field of radio after visiting Colorado Springs. Upon returning to New York on the 11th of January 1900 he took energetic steps to get backing for the implementation of a system of "World Telegraphy". He erected a building and an antenna on Long Island, and started fitting out a new laboratory. From his subsequent notes we learn that he intended to verify his ideas about resonance of the Earth's globe, re-

ferred to in a patent of 1900. The experiments he wanted to perform were not, in fact, carried out until the sixties of this century, when it was found that the Earth resonates at 8, 14 and 20 Hz. Tesla predicted that the resonances would be at 6, 18 and 30 Hz. His preoccupation with this great idea slowed down the construction of his overseas radio station, and when radio transmission across the Atlantic was finally achieved with a simpler apparatus, he had to admit that his plans included not only the transmission of signals over large distances but also an attempt to transmit power without wires. Commenting on Tesla's undertaking, one of the world's leading experts in the field, Wait, has written: "From an historical standpoint, it is significant that the genius Nikola Tesla envisaged a world wide communication system using a huge spark gap transmitter located in Colorado Springs in 1899. A few years later he built a large facility on Long Island that he hoped would transmit signals to the Cornish Coast of England. In addition, he proposed to use a modified version of the system to distribute power to all points of the globe. Unfortunately, his sponsor, J. Pierpont Morgan, terminated his support at about this time. A factor here was Marconi's successful demonstration in 1901 of transatlantic signal transmission using much simpler and far cheaper instrumentation. Nevertheless, many of Tesla's early experiments have an intriguing similarity with later developments in ELF communications."

"Tesla proposed that the Earth itself could be set into a resonant mode at frequencies of the order of 10 Hz. He suggested that energy was reflected at the antipode of his Colorado Springs transmitter in such a manner that standing waves were set up". **[H: He was right and moreover the "enemy" has now set forth a full world-wide grid system wherein any wave pattern desired can be sent forth to totally control, kill, renew or wipe-out civilization.]**

In a letter to Morgan early in 1902 Tesla explained his research, in which he envisaged three "distinct steps to be made: (1) the transmission of minute amounts of energy and the production of feeble effects, barely perceptible by sensitive devices; (2) the transmission of notable amounts of energy dispensing with the necessity of sensitive devices and enabling the positive operation of any kind of apparatus requiring a small amount of power; and (3) the transmission of power in amounts of industrial significance. With the completion of my present undertaking the first step will be made." For the experiments with transmission of large power he envisaged the construction of a plant at Niagara to generate about 100 million volts.

However, Tesla did not succeed in get-

ting the necessary financial backing and, after three years of abortive effort to finish his Long Island station, he gave up his plans and turned to other fields of research. [H: You-the-people have about reached that same point again with "our" people. It becomes a hopelessly frustrating experience in which the whole of the world is apparently against any progress in the Lighted direction of mankind. Why take more and more and more abuse? Why not settle down and live out the allotted days as others—in whatever luxury is afforded by the Elite? Well, I don't know about that but we pray that you workers will hold on long enough that men of souled beings will awaken to TRUTH. All of these incredible THINGS have been perfected to the point of capability of destruction of your planet and even Dharma wonders "why bother"—"this is all like starting at prior-kindergarten level of technology." Well, perhaps that is because she and others of the teams have moved from the most advanced back into the primitive cave-man era. If, however, only a few come to see and KNOW, then the journey and the efforts shall be "worth it".] He wrote several times about his great idea for wireless transmission of power, and remained convinced to his death that it would one day become reality. Today, when we have proof of the Earth's resonant modes (Schumann's resonances) and it is known that certain waves can propagate with very little attenuation, so little that standing waves can be set up in the Earth-ionosphere system, we can judge how right Tesla was when he said that the mechanism of electromagnetic wave propagation in "his system" was not the same as in Hertz's system with collimated radiation. Naturally, Tesla could not have known that the phenomena he was talking about would only become pronounced at very low frequencies, because it seems he was never able to carry out the experiments which he had so brilliantly planned as early as 1893. It is gratifying that after so many years Tesla's name is rightfully reappearing in papers dealing with the propagation of radio waves and the resonance of the Earth. In a book of a well known scientist (Jackson) it is stated that "this remarkable genius clearly outlines the idea of the Earth as a resonating circuit (he did not know of the ionospheres), estimates the lowest resonant frequency as 6 Hz (close to 6.6 Hz for a perfectly conducting sphere), and describes generation and detection of these waves. I thank V. Fitch for this fascinating piece of history". We believe that further studies of Tesla's writings will reveal some interesting details of his ideas in this field.

The publication of the Colorado Springs diary, a unique record of the work of a genius, means an enrichment of the scien-

tific literature, not only in that it throws light on a particularly interesting period of Tesla's creativity, but also as a source for the study of his work as a whole, and particularly of his part in the development of radio. It also facilitates the identification of many documents now at the Nikola Tesla Museum in Belgrade which lack date of description.

The preparation of this manuscript for publication required considerable time and labor in order to present its content in a form not deviating essentially from the original but more accessible to study. No alterations have been made even where the original contains certain minor errors, sometimes also in the use of power and energy units; some more important calculation errors which influence the conclusions drawn are also reproduced but are noted. A section at the end of the book contains commentaries on the diary with explanatory notes, and a survey of his earlier work and that of other researchers. For these commentaries reference was made to the large body of literature and documents in the archives of the Nikola Tesla Museum in Belgrade.

ALEKSANDAR MARINCIC

One last message before closing out this segment. This is to all you receivers who are subject to ridicule, imprisonment and other disgraceful treatments thrust at you:

"...Tesla made another discovery that summer which he considered of cosmic importance. Alone in his laboratory one night he became aware of signals coming in a pattern. He became increasingly confident that these were definitely an attempt at interplanetary communications. He admitted to being terrified in that moment of revelation but was certain that he would find a way to return the signals. He was positive that it was a definite attempt at communication, not of terrestrial origin, nor atmospheric, nor influenced by the Aurora Borealis, but that it was a message with a distinct one-two-three pattern—the first ever to have been received."

And, Dharma, when the Russell story is finally told in Truth it will be realized that he, too, received his information and instructions in exactly the same mode as you—through a binary code of pulsed waves ("light" tones). This is NOT psychic; it is physics. We have now come to the time wherein contact must be made in physical format. Mr. Tesla had another advantage through his advanced thought—he could develop his inventions in higher dimension, test them and realize errors and wear areas. Indeed, these men-out-of-their-time, before the world of man was ready to rightfully use the gifts of God, shall have their day in the sun—albeit it now must be through you beloved and cherished friends willing to be patient, allow unfoldment and serve. Salu.

"Today's problems should have been solved in the 1950s, but in the 50s we were solving the problems of the 20s, in the 20s we were solving the problems of the 1890s..."

Heed Well The Lessons Given Forth On Light

6/19/93 SANANDA

Let us begin. I AM Sananda and I come in LIGHT, which is ALL. I come in Service unto Holy God, ATON OF LIGHT!

Heed well the lessons given forth on Light for therein lies your freedom from all darkness and confusion. Only by learning The Truth of it may you crawl forth from the quagmire of ignorance into the glory of full comprehension. Your manifested world is but an illusion, a stage upon which man must learn his lessons; a classroom. The time for higher learning is upon you and we shall soon see who is ready to receive such instruction. It would seem that few indeed are yet ready to release their ignorance for knowledge.

The senses continually trap man and so he struggles. The sins (falling short) of avarice, greed, lust, jealousy, continue to keep man BOUND. The shackles that bind man are of his own making. GOD offers freedom, LIGHT, UNDERSTANDING, KNOWLEDGE, WISDOM. GOD OFFERS GLORY TO ALL WHO WILL TAKE THE BATON AND CARRY IT FORTH WITH HONOR!

Man is starving unto death for spiritual fulfillment, for the lies as given forth in the church houses leave man longing. The televisions have the masses of man in the United States of America, the chosen lamp unto the world, mesmerized into a stupor, a catatonic state in which inquiry becomes a dirty word. Questioning is deadened within man, in his hypnotized, mind-controlled state of flattened perception. AWAKE! AWAKE! AWAKE! THE TIME OF GOD IS AT HAND! AWAKE!

Those who walk with God in service are trampled and slain. They are hidden in the darkened corners of imprisonment and denounced as false prophets. They are used, abused in all manner of ways, put upon, taken for granted and then tossed aside like a used rag for discarding. I tell thee surely, those who abuse my servants shall feel the return of such actions and the pain of the return shall be great indeed. So be it for such is the way of it. It is the LAW: that which is put forth RETURNS UNTO THEE, MULTIPLIED. IT HAS BEEN SAID TIME AND TIME AND TIME AGAIN AND STILL MAN SPEWS FORTH HIS VENOM AND CARES NOT. TOO LATE WISE MAN SHALL CARE.

My beloved are downtrodden. The victory seems to be ever in the adversary's

corner. Nay, beloved, the victory is in the heavens and it shall be thine! HOLD IT IN YOUR HEARTS, BELOVED OF MINE, FOR IT SHALL BE THUS.

When it seems that you may walk not another step, ask of me and I shall carry thee! Ye must ask of God for the fortitude to continue unbending in the face of the attacks, for fortitude is one of the virtues for which man must strive. Will you stay the course? Will you turn aside? Who will walk in the garden with me? Think well on these things for they are worthy.

Remember beloved, the hour is darkest before the dawn. In the dawn of LIGHT is the glory of GOD. Listen well to HIS STILL VOICE AND THE WAY SHALL BE SHOWN. YEA, THOUGH YOU WALK THROUGH THE VALLEY OF SHADOWS, I AM WITH THEE. TAKE MINE HAND AND WE SHALL WALK TOGETHER.

Blessings, Thomas, thank you.
Salu.

Weaver - Harris Trial Update

QUOTING AMERICAN PATRIOT FAX NETWORK (APFM):

JUNE 14, 1993
RANDY WEAVER / KEVIN HARRIS TRIAL / DAY 39

by Jerry White

(Boise, Idaho) Most of today was not in open court as the lawyers were continuing to argue about Jury instructions.

The Jury was finally brought in at 3:30 p.m. and the Judge read them his instructions. They were excused at 4:15 until 8:00 a.m. tomorrow morning.

The courtroom is just about full. Many more members of the media are in attendance.

The Judge stated that he was limiting each side of the case to 3 1/2 hours of closing statements. Spence told him that to give the prosecution 3 1/2 hours to close and give the defense teams only 3 1/2 hours between them was very unfair. The Judge said he would give the defense 1/2 hour more. That gives each defense team 2 hours each.

The Judge had required the attorneys to stay at the podium clear across the room from the Jury during the trial. Gerry Spence told him that he had worked in Federal courts across the nation and had never been required to do that before and that he couldn't effectively communicate with the Jury in that manner.

The prosecutor stated that was the way it had been done in England for centuries and that the English courts looked down on the U.S. courts for not being more formal and that he would object.

Spence told the Judge he had no desire to try to emulate the British and asked the prosecutor if he thought they should all wear long white wigs. The Judge said he would have the podium moved halfway to the Jury.

Prosecutor Howen, who quit [physically choked up] in the middle of his argument Friday was absent from the courtroom today.

Herb Byerly, the ATF agent who hired the snitch to work to entrap Randy Weaver for 4 years was in the court today.

This trial, using the term "trial" very loosely, has been phony from the very beginning.

Chief prosecutor Ronald Howen was at the sight of the shooting on August 22, 1992, the day after the killing of marshal Bill Degan, and the murder of Sammy Weaver.

On that day Vicki Weaver was murdered by "Hostage Rescue Team" sniper Lon Horiuchi. Randy Weaver was shot in the back by Horiuchi and Kevin Harris was shot in the arm and lung with the same shot that killed Vicki.

On that day Howen began writing the script for all the potential Government witnesses to study and follow. The script was followed faithfully by them until they came under pressure and were shown facts that wouldn't fit in their puzzle.

The fact that Ronald Howen was at the site at 8-22-92 and heard all the original stories made him a potential witness. These original stories have all been changed at least once, between the first statements and the present trial.

When Gerry Spence became involved in this case, he started working to call Howen as a witness, and put him on the stand under oath. Judge Edward Lodge has continually denied him that right.

All of these Government people might be very careless with their oaths and the truth, but in the long run they will have to face reality, as God most certainly knows what the truth is.

It is very easy to see why Howen is having the problems that he is having.

I am enclosing the diagram of the sniper today. Anyone who has ever shot with a scope knows that the expected point of impact is where you line up the cross hairs

of the scope. In this case it is very evident that he hit his target when he shot through the door where Vicki Weaver was standing.

I am also sending a note written by Tony Perez, the #2 man in the Marshal Service. The Boundary County Sheriff wouldn't see things their way so they tried to bribe him.

All of tomorrow will be taken up by closing statements. It will go to the Jury Wednesday.

...Jerry

JUNE 15, 1993

DAY 40

(Boise, Idaho) Closing arguments were heard today in the Trial of Randy Weaver and Kevin Harris.

Jerry White reported that between 500-1,000 pages of arguments were presented. Because of the length of the arguments and the quantity of notes taken during the trial today, the report will be delayed until tomorrow evening.

Jerry and several people will be pooling resources to purchase a number of pages of closing arguments so that the reports to the patriots can be more comprehensive.

The trial went to Jury this evening at 5:50 P.M. At that time the Jury sequestered.

The prosecution's closing arguments are reported to be as flimsy as their case and their witnesses.

Gerry Spence, in his dynamic demeanor, presented a magnificent closing argument to the Jury. It was reported that he called the government everything but people. We continue to ask ourselves how can these people look in the mirror in the mornings to shave without being totally ashamed of what they have done to the Weaver family and Kevin Harris.

JUNE 15 & 16, 1993

DAY 40 / DAY 41 today, waiting

First the good news:

The court had 2 full rows of family members, including the 2 older Weaver girls, Sara 16 and Rachel 11.

The regular courtroom was full, as was another courtroom with the proceedings viewed on a TV monitor.

Some people were at the courthouse before 6 AM forming a line for the 8 AM start.

One of the courtroom marshals came along the line and extracted some of us who had been attending the trial faithfully and took us to the front of the line so we would be in the main courtroom.

Some of the main players of the rescue of the Weaver family and Kevin from Ruby Ridge were also there:

"Bo" Gritz, along with his lovely wife, Claudia;

Jack McLamb;

Jackie Brown with her husband, Tony. "Bo", Jack and Jackie were prevented from attending the [earlier part of the] trial as they were on the potential witness list.

When Gerry Spence got up he recognized "Bo" and had him wave.

The prosecutor, Kim Lindquist, did a good job of presenting his case, but it was based on entrapment and lies.

If the mob ever needs an attorney in the Boise area, I would recommend him, as his belief is: "Win the case, never mind the truth." Of course, he didn't have much choice, as he inherited this case from Ronald Howen.

David Nevin [Kevin Harris' lawyer] pointed out what George Washington had said, "Government is not reason, it is force. Like fire, it is a dangerous servant and a fearful master."

He pointed out the whole case had been built on lies and false or created FBI evidence, like the bullet fragments taken from the body of marshal Degan. The tie-in to the bullet and Kevin's gun was: The factory bullet in a factory load of the 30-06 casing used a bullet similar to the one in Degan. No thought was ever given that the casing could have been reloaded any number of times with any number of bullets of any kind.

He also pointed out how the timing of events at the shooting site, given by Roderick and Cooper, weren't consistent.

He stated that the paid expert witnesses knew both sides of the story but were paid to tell and dwell upon only the Government side.

He demonstrated how it would have been impossible for Degan to have fired 7 shots from a semi-automatic gun after he had been shot through the heart and his left arm rendered totally useless.

Gerry Spence came up and shook Randy's hand, acknowledged the lawyers wives, defendants families, fellow lawyer Charles Peterson, the spectators, and the Jury.

He stated that he had been at this for over 40 years, and now he wanted to be the best lawyer he can be for the next 2 hours and 35 minutes.

He tells the Jury that this is a watershed case, and the most important case in many decades. He estimated the average age of the Jurors at 40 and told them that they had 480 years of knowledge. He told them that what they do will be permanent and magnificent. That **eternal vigilance is the price of liberty.**

He said that Government agents can't hide facts just because they are Government officers, and can't refuse to negotiate like Howen did with Randy simply because they think they have power.

The Feds can't come into Idaho and declare State law null and void, and that it is superseded by Federal law, like the

Hostage Rescue Team commander, Dick Rogers did.

He said Sammy was shot in the back and murdered, and Vicki was shot in the head and murdered. There has been no investigation of these murders and no one charged and no one cares.

He said the marshals woke up on August 22, 1992, and realized that they had done something wrong. They weren't supposed to shoot a little boy in the back.

Degan was killed under mysterious circumstances. It wasn't until the second examination of the bullet fragments taken out of him that the FBI claimed that they were from Kevin's gun.

Vicki was intentionally murdered when Horiuchi placed his cross hairs on her head and pulled the trigger. Roderick shot a friendly dog in the back when he was running away.

After looking at all that, they knew they had to cover up all they had done.

Ronald Howen went up there on August 22, 1992 and started writing a script and rehearsing the cast for a coverup, to try to demonize Randy and take the blame off themselves.

The Government used belt buckles, hair cuts, tee shirts, flags, literature, etc. to demonize Randy and make him a member of the Aryan Nation, which he never was.

Spence stated that he had done some literature [research] of his own that the Government might not approve of. He quickly turned to his wife and said, "but I'm going to get rid of it as soon as I get home."

Spence said that the Government made a point of showing the Jury the guns and ammo but not the food, household supplies and clothing taken from the house.

He pointed to Randy and said, "Here is an innocent man." He then turned around and said, "now that I look at him real good, he isn't the most innocent looking person that I have ever seen."

He said that they demonized and killed Vicki because she wasn't afraid of the Government. He said the world needs more people that aren't afraid of the Government.

He told the Jury that they have sovereign power. They have more power than the Judge, the U.S. Attorney, FBI, ATF, U.S. Marshal Service, or anyone else in Government.

He told the Jury that the marshals knew there were no booby traps around the house but told that to the FBI, so the snipers would kill everyone on the mountain, and there would be no witnesses to the crimes they had committed the day before.

He said people have a right to protect their property, and when Striker was shot, Sammy was right in shooting at Roderick because Striker was Sammy's property.

He said Randy used poor judgment in not recognizing the snitch for what he was. Any one could cut off a gun, so if Fadley had really wanted a gun cut off, he could have done it himself.

He told the Jury they can join the Government's conspiracy by finding Randy and Kevin guilty of something.

He said Randy was guilty of being afraid and using poor judgment, and he had probably used poor judgment just now when he pointed out his wife and asked her to stand up.

He looked and pointed at the prosecutor and asked the Jury, "how would you like to be turned over to him like these defendants have been."

Prosecution called 56 witnesses, trying to get them to say bad things about Randy. They never mentioned how his wife had been laying rotting for 8 days while Dick Rogers and his killers were trying to kill everybody on the mountain.

He pointed to ATF agent Byerly and said, "there is the person who planned and started this whole mess, by trying to create another snitch. His snitch Fadley was a contingency witness and should not be believed at all. He was guilty of entrapment for attempting to entice Randy to commit a crime."

He reminded the Jury how the marshals had spied on the family so much that they even knew when Sara's period was so they could make a plan to kidnap her.

He talked of the ATF recording of Randy, and said that he would hate to have everything he said recorded.

As for the sawed-off shotgun, if Randy had agreed to be a snitch, Byerly would have kissed him on both cheeks and completely forgotten about the gun charge. Another man, named Cummings, who did the same thing about the same time, is still running around loose with the blessings of the Government.

The recordings showed that Randy didn't approach the Government, the Government approached him with a deal.

The Judge made 3 mistakes at Randy's initial hearing, but that was just mistakes to be overlooked. Randy made a mistake by believing the snitch, and that makes him a criminal as far as the Government is concerned.

He said a family, in the Government's eyes, are a group of co-conspirators, as the indictment charges clearly show.

He refers to the magic bullet, but they made a mistake and planted a bullet from a gun that was proven to have never been near the site of the shooting. This bullet mysteriously appeared after Byerly volunteered to become part of the search team.

A paid expert witness said that the bullet hole in Degan's pack appeared to be from a 9 mm bullet fired from behind him. According to Cooper's story, he was the

only one behind him.

Spence brought up the possibility of Degan turning to see who was shooting at him from behind, and being shot in the chest by Cooper, and that Kevin only thought he had shot him because he could not hear Cooper's silenced gun when Degan fell.

Spence told the Jury that they had been shown that they can't trust the evidence in this case. He pointed out how Martin Fackler, the paid expert witness, testified that his job was to confirm the Government's theory of the case.

Spence told the Jury a story about a smart-alec bully of a boy.

The boy would hold a bird in his hands and ask a person if he-she thought the bird was dead or alive.

If the person said he-she thought the bird was alive, the boy would crush it in his hands and kill it and tell the person he-she was wrong.

He asked a wise old man that question and the man replied, "Son the bird is in your hands, you can kill it or free it."

He told the Jury that Randy and Kevin are in their hands and they could free them or imprison them.

The case was turned over to the Jury and they were sequestered at 5:30 PM.

Be sure and include the Jury in your prayers that they will have the wisdom and FORTITUDE to do what is right.

Waiting for a verdict.

Jerry...

[handwritten note on FAX:]

Spence said the FBI, ATF and Marshal Service are the Gestapo of the U.S.

JUNE 17, 1993

DAY 42

(Boise, Idaho) While waiting around the Federal Building today for the Jury to bring back a verdict, I spoke to some of the family members of Randy and Kevin.

Nioaka Threlkeld, a sister of Kevin, told of when she was at the roadblock during the standoff.

She was there 11 days and not acknowledged or recognized by anyone in authority, or given any information at all.

She was sleeping in her car, as most of the people there were. She was stopped one night by 5 carloads of cops of one kind or another for having a burned out headlight, and they were giving her a bad time.

A car pulled up and a 6'4" man got out and asked what the problem was. She identified herself and explained what was happening. FBI special agent Mark Thundercloud, an American Indian, pulled out his badge and told the others to quit harassing her and move on.

He asked her where she was staying, and when she told him that she was

sleeping in her car along with the carload of family members with her, he handed her his room key and insisted that they go to his room, as he would be on duty all night and wouldn't be using it. He also loaned them his sleeping bag.

Fifteen of them used the room, with 8 sleeping on the floor, and all had a nice shower.

It had been reported that Kevin had been killed. When Brian Pierce, Kevin's step-father tried to get some information and/or find out where his body was, he was arrested for obstructing justice and interfering with an officer in the performance of his duty.

The supporters at the roadblock took up a collection for his bail.

Some of them were the skin heads who helped "Bo" Gritz get Randy to surrender. Three of them were here today, 2 from Las Vegas and 1 from Laverkin, Utah. These were the guys who Wasiliki Caduff had told me were very polite while at her Deep Creek resort, while the macho Feds went around bragging about how they were there to kick their asses. The 2 from Las Vegas told me that they watch TootieVision.

Now an update on Wasiliki. She loaded up her family last Thursday and left for Greece, where her parents live. She can go back and tell the people of Europe about the free country that she came to with big hopes. She will tell them about how it is ruled by murderers wearing FBI and U.S. Marshal badges. How her husband was driven to a nervous breakdown, and how her 3 children are returning to Europe without their father.

Sara said that when her mother was shot and her carotid artery blown out of her head, that blood squirted out all over little Elisheba (the 10 month old baby in her arms) and completely covered her with blood. They all thought that she had been shot; but thank God, she had not been.

Again, pray that the Jurors have the wisdom and FORTITUDE to do what is right.

More tomorrow ... Jerry

JUNE 18, 1993

DAY 43

(Boise, Idaho) On this 3rd day of Jury deliberations, there were many people at the courthouse showing their support and waiting for a verdict, which never came. The family members all seemed to be optimistic, and all of the people are getting better acquainted and many permanent friendships are being made.

About 5 weeks ago I reported about 4 women coming down here from Spokane, Washington to support Randy and Kevin, although they had never met them but realized that this whole fiasco was a cover-up of Federal wrong-doing. They were able

to visit them both in jail Wednesday night and give them their best wishes.

One of the women is 89 years young and very cheerful and supportive.

The Jury is to start deliberating again tomorrow morning at 9:00 a.m. They will not deliberate on Sunday.

The Federal building will be closed, so we will have to just hang around outside.

I imagine that there will be more supporters there tomorrow, as many of the people who know that these are all trumped-up charges can be there on their day off work, as I have talked to many people who have told me that they don't agree with the cold-blooded murders of Sammy and Vicki.

If there is a verdict reached tomorrow, the building will be opened so that the public and media can be in the courtroom for the reading of the verdict.

I will get out another report tomorrow and let everyone know what is happening.

When a verdict is reached or a hung Jury or whatever, I will make an immediate report.

Keep praying for Randy, Kevin and their families and pray that God will give the Jury the wisdom and FORTITUDE to make a proper and wise decision.

More as it happens ...

... Jerry

JUNE 19, 1993

DAY 44

(Boise, Idaho) The Jury came in at 9:00 83605.

a.m. today and left at 2:30 p.m. No one knows whether they reached a verdict or just decided to quit early.

There were quite a few people at the courthouse today [Saturday]. As I suspected, some of these had not been there before because of job requirements.

LeRoy Armstrong, one of the patriots who has been here since day one, was talking to a law enforcement patriot from Caldwell, Idaho, who hasn't been able to come before because he had to work.

He has taken his vacation (and cancelled his planned trip) to stick around here and offer any support and help that he can give.

He apologized to LeRoy for not being able to do much monetarily but gave LeRoy \$15.00 for gas money toward his trip, some stamps, envelopes, ball point pens, some food, etc., to help the cause.

He doesn't know Randy or Kevin from a bag of beans, but knows that we have an ungodly Government and what they did here was wrong.

His little 8-year-old daughter emptied her piggy bank and insisted that LeRoy take her life savings of \$4.38, all in pennies.

As long as the future of our country rests in the hands of people like her, we still have a chance to restore our *Constitution* and maybe achieve a truly Christian Government.

This little sweetheart is:

Jenn Hite, P.O. Box 76, Caldwell, Idaho

Her dad is Dan Hite, same address.

LeRoy is from Iowa and has known 4 generations of Weavers there.

The *Newsweek* magazine which is due to be in the newsstands next Tuesday is supposed to have a story about this trial.

More Monday ...

... Jerry

TO THE LOCAL LAS VEGAS MEDIA (AND MEDIA ALL OVER THE COUNTRY): Out of an ugly siege created by this government that you so desperately defend, comes the most wonderful, loving human interest stories. These are people showing support for a family treated as if they were in prison camps. Most of us on the FAX Network would rather be there in Idaho showing support for these wonderful people than here just writing about it.

Most of us do not know Randy or Kevin, or even knew of them before the government tried to kill the entire family. You people of the media are individuals who have thoughts of your own. Look at the sides and see what is happening to us, the government, AND the people who are running this country.

Please start printing *THE TRUTH* (or at least both sides of the story) so that those people reading or listening can make informed judgments for themselves. We need your support just as much as you need ours. If we all stick together we can and will turn this country around.

Dianne / Keep America Free / A.P.F.N.

"V-IV-III-II-I-oh, for the love of Mars!"

Two Letters From Rayelan Russbacher

June 15, 1993

To: Dora B. Schiro, Director, Missouri Department of Corrections

From: Rayelan Russbacher, Mrs. Gunther Russbacher, Missouri inmate file #184306

There are several matters that I wish to bring to your attention, but the most pressing issue concerns a blatant lack of concern for my husband's health and heart condition by the authorities at Missouri Eastern Correctional Center at Pacific.

In particular, he has been assigned to work in the kitchen. How can one prison schedule him for open heart surgery just weeks before this, and another prison assign him to an obviously stressful work assignment?

In addition, it is my belief that allowing people who carry the hepatitis virus to work in kitchens is against the health code of the state of Missouri. If you will recall, the evening news with Dan Rather, recently featured an exposé of St. Louis restaurants in which customers are contracting the hepatitis virus from infected restaurant employees. Mr. Rather stated that St. Louis was the hepatitis capital of the nation. I am sure that his staff will welcome the opportunity to look into health violations by Missouri prisons...especially since the prison in Pacific is so close to St. Louis...the hepatitis capital of the nation.

Since many doctors have certified that my husband needs open heart surgery, I promise you that if anything happens to him while he is being forced to work in the kitchen detail, that the state of Missouri will face years of very costly legal battles. I am sure that you would like to avoid being caught in the middle of these legal battles. Can you please look into why such a strenuous work assignment was given to a man who has an obviously serious heart condition?

And while you are looking into this matter, you might also know that the superintendent of this prison, MECC, lied to Brad Ketcher, the Governor's legal counsel regarding my husband. If the superintendent feels he can lie to the Governor's representative, then I am sure that he will have no problem lying to you.

In the four years of our marriage and his

incarceration, Gunther has been held in dozens of prisons, both state and federal. I assure [you], the rampant lack of respect for basic human rights are worse at this prison than at any other where he has been. Even though I thought that "The Wall" at Jefferson City was the worst prison because of its unsanitary conditions, I assure you, the decaying, rotting, and unsafe buildings are preferable to the sadistic mind games perpetrated on the inmates of MECC.

I have never had so many inmates complain to me in so short an amount of time regarding the conditions at a prison. I have also never had guards come forward and ask me to speak to the Governor regarding the conditions at a prison. I did carry their request to Brad Ketcher, the Governor's legal counsel, but he could not give me the assurances of safety for these guards, so I haven't even bothered to pass on Brad's comments to them.

Ms. Schiro, there is a problem at MECC Pacific. It is a problem that will rise to the public's attention very quickly if my husband remains incarcerated there. But regardless of whether I expose the problems, or whether the guards finally get brave enough to step forward on their own and go to the media, I assure you these problems will be exposed. And don't think that the problems only involve sadistic mind games, these problems go far beyond that.

Wouldn't it be better if you appointed a commission to investigate? And as I said before, I have caught the superintendent of this prison, MECC, in a lie to the representative of the Governor. If I were you, I certainly wouldn't take his word or rely on his records to find out the truth at MECC. Also realize that my husband was a prisoner for over a year at "The Wall", JCCC. During that time I came to know all the superintendents of that institution and how the institution runs. I am not the type to cry "wolf" over petty prison politics. If I did not think that this matter was serious enough to require an investigation, I would not bring this to your attention.

I want to thank you for the letter to my friend Dyan Freeman in Seattle. You wrote it June 1, 1993, the day before my husband's parole hearing. I am very happy to see that you have put in writing that "He has had in the past, and continues to have,

a good adjustment record." I am sure that the parole board will take into consideration your insights and comments on my husband's behavior as they make their decision whether to parole him and turn him over to INS for immediate deportation. As you know, we have agreed to leave the country and never return. Brad Ketcher also asked me what would happen to my book if we leave the country. I will assure you as I did him...

My husband was arrested two days after we were married, he has been incarcerated for the entire four years of our marriage. Let me assure you loud and clear...Gunther and I will have more occupying our minds and time than writing books. All we want is to be left alone to live out our lives peacefully.

Thank you for looking into the immediate concerns of this letter...my husband's serious heart condition and the work assignment being imposed on him by the prison hierarchy.

Thank you for your time and for your kind letters to our friends.

Rayelan Russbacher

cc: Mike Radutzky, Producer, CBS Evening News.

June 16, 1993

To: Dora Schiro, Director Missouri Prisons

From: Rayelan Russbacher

Re: Inmate 184306

Yesterday I faxed to you a letter regarding my husband's health problems and his work assignment in the kitchen of MECC. There is more you should know.

In the early seventies my husband was captured by the Pathet Lao and horribly and repeatedly tortured by them. His fingernails were pulled out, allowed to grow back and pulled out again repeatedly until they no longer grew. Go to the prison...look at his nails and see for yourself. To this day he suffers from fungal infections which cause his finger tips to swell, burst and bleed.

In the medical report which was sent to you from Chicago, the details of this were outlined. It was pointed out to you that Gunther Russbacher should not work in the kitchen detail because detergent and bleach cause excruciating pain to his finger tips. These harsh chemicals cause the already swollen fingers to burst open and spurt blood profusely.

I mentioned the sadists who work at MECC in my earlier letter to you. The treatment they are forcing my husband to endure comes close to what he received at the hands of professional torturers in

Southeast Asia.

What the superintendent of MECC is allowing to be done to my husband is cruel and harsh treatment of a seriously ill man. It appears to me that you are forcing us to seek justice through the Federal Court system. There are other steps within your prison system that my husband is currently following to seek redress for this sadistic treatment. However, if we are unable to remedy the situation through your channels, we will be forced to take up this matter at a higher level. I am sorry that we have had to resort to this, but it seems that the only way to get your attention is through the courts. And, I assure you, we have grounds for many more lawsuits against the Missouri prison system. These will be filed in due course.

I had heard such positive and hopeful things about you. I was praying to God that you could accomplish the impossible. So many people look to you as their hope and their salvation. You don't just have dominion over your prisoners, you hold their loved ones in your hands also. For most of my adult life I was the wife of an academic dean at a prestigious military academy. Today I am the wife of a political prisoner. Soon Mrs. William Webster will go from being the wife of the Attorney General to being the wife of a prisoner.

In these difficult political times anyone, no matter how powerful, can end up in prison. I say this because I hope that while you are still in a position to create justice within your prison system, you will do so. Because in these uncertain political times, you never know when someone you love will end up behind bars as part of a political vendetta. I want you to clean up your prisons. I want this done for my husband's sake, and also for the hundreds of other men and women who are abused daily and have no one on the outside to fight for their rights. But you should also clean it up because you never know when you or your loved ones might be the next guests of the state.

Returning to the immediate problem of my husband's health conditions. In addition to the fact that he was scheduled for open heart surgery just weeks ago, it must be obvious to you that a serious health hazard is being created in the kitchen of MECC. A prisoner who carries the hepatitis virus and who has fungal infections in the beds where his fingernails used to be, is splattering blood around the kitchen as he works to clean off the tables and counters. I don't think the Missouri Health Department will think very much of the health standards in your prison kitchens.

Again, I thank you for your immediate attention to this serious and painful problem.

Rayelan Russbacher

Nevada Corporations

DISADVANTAGES & ADVANTAGES OF INCORPORATING

Throughout this past year, first in *THE PHOENIX LIBERATOR* and then, later, in the *CONTACT*, we have discussed the benefits of Nevada incorporation from many different perspectives. We have also shown you strategies which can be used with a Nevada Corporation. Today we would like to give you a straightforward breakdown of the disadvantages and advantages of incorporating.

Lets start off with the disadvantages first, to get them out of the way.

DISADVANTAGES:

A) A Nevada Corporation will cost you anywhere from \$500 to \$3000 to set up, depending on who forms your corporation and the services they provide for you. You can form one yourself, you can hire a Corporate Service to form one for you, or you can go to a high-priced attorney. Annually you will incur a cost ranging from a minimum of \$150 to \$3000, depending on the activity level of the Corporation.

B) Corporations and their owners both file separate tax returns. This takes time and effort in maintaining corporate and personal tax records and preparing the State and Federal tax reports.

C) Close attention must be made to corporate formalities. Minutes of significant corporate decisions will need to be in writing and signed by corporate officers. This is one of the most important tasks of corporation management.

D) Debt financing may require personal guarantees from the owners until such time as the corporation has built up financial reserves and a credit record. In this case the owners would be taking on some of the corporation's risk personally.

E) Gains from appreciated-depreciated property can be taxed twice, once at the corporate level and again at the personal level, without the exercising of astute tax planning.

Now lets look at the brighter side, the advantages.

ADVANTAGES:

A) Corporate tax rates are significantly lower (up to \$150,000) than personal rates.

B) Corporations are LEGALLY separate entities from their owners.

C) A corporation can do everything a

person can do except think and act.

D) A corporation can shelter owners' taxes by accumulating earnings and losses.

E) Corporations are taxed on dividends from investments at lower tax rates than individuals.

F) Ownership of shares can be shifted for estate pyramiding and distribution.

G) Shares of stock can be sold to raise capital in a tax-free and debt-free manner.

H) Death of an owner doesn't disrupt a corporation's ability to do business; continuity of operations is maintained.

I) Corporate stock sales attract investors so as to raise capital efficiently.

J) Ownership of a business can be shared more easily using a corporation.

K) The personal liability of the owners is limited to the assets they contribute.

L) Nevada, as a State of incorporation, has no State Income Tax for corporations or persons.

M) Unlimited real estate passive losses can shelter active income from taxes.

N) Through the use of fringe benefits, corporate employees and officers pay lower taxes.

O) There are many items that are deductible from corporate income taxes that are not for individuals.

P) Fiscal year tax reporting can create better matching of costs to income.

Q) Owners of Nevada Corporations are held as a closely guarded secret to keep the business of the owner(s) private.

Clearly, for many people, the advantages can far outweigh the disadvantages of Nevada incorporation.

FOR MORE INFORMATION ABOUT NEVADA CORPORATIONS, CORPORATE RESIDENT AGENT SERVICES AND PRIVATE MAIL FORWARDING SERVICES, CALL **CORPORATE ADVISORS CORPORATION** AT (702) 896-7002 OR WRITE TO THEM AT POST OFFICE BOX 27740, LAS VEGAS, NV 89126. ASK FOR CORT CHRISTIE.

Father's Day Lesson On This Great Time Of Change

6/20/93 #1 HATONN

FATHER'S DAY, 1993

Each year you ones come up with your annual celebrations of this or that in order to aid commerce and focus a bit of attention on a given subject.

I am honored that some of you ones have honored me by expressing your feeling of one with me as Father to my own offspring manifested as YOU. It is a wondrous joy for any parent who had great love for his children to have a child say, "Thank you, Dad, for the hard lessons, for I recognize that you must love me greatly to allow me expression AND walk with me through my lessons."

It gives cause to stop and think upon these things for a while in order to consider that which is and that which may come to be. There is NO FUTURE, there is only the curved universe which shall bring into your attention that which you are expressing NOW. Complicated? No—it only **seems** complicated and complex because of all the incorrect lessons and perceptions. **Moreover, you have reached a time in cycle evolution where you MUST consider the Spiritual aspects of self more carefully than the physical if you are to continue your journey to KNOWING.** The gourd of ashes has been shown in the heavens and time of recognition of plight is at hand. This means the "Day of the Lord" is also at hand for when the student is ready—the teacher will always come for the higher lessons.

LET US SPEAK A BIT OF THIS "FUTURE" CONCEPT

There is nothing except electric waves in this universe in which you are experiencing your play. But what you least realize is that the **INvisible** universe is the one in **absolute control** of the visible. The **INvisible** universe dominates and controls **ALL MOTION**. This is by magnetic division into "**cube**" **WAVE FIELDS OF ZERO (NO) curvature—beyond which no moving thing can pass.** It can, however, repeat itself in neighboring wave-fields but always in **reverse**, just as mirrors reverse. This in fact (this illusion you experience in)

is exactly **THAT**—a reverse reflection mirror image in simulation of the cause which offers the effect of "being".

The geometry of the zero universe is based upon the cube and cube sections—no curvature. **Their planes are of zero curvature and they reflect their forms in MATTER in CRYSTAL STRUCTURES, which are the only forms of zero curvature in nature.**

All MOTION in the electric universe is curved. The curved universe of matured form is based upon the sphere.

The sphere is a COMPRESSED cube (OOPS!). The sphere is a series of true circles no matter where it may be divided into sections by cutting through it in one plane, anywhere. All motion is equally compressed with respect to gravity.

GRAVITY

Therefore, **all motion is in true gravity-centered circles which multiply into spheres and again divide into true circles. And what of the "center" of these circles—what is represented therein? Ah yes, the source of ALL ENERGY is the CREATOR, all motion of every nature, whether of thought or action, spins in the circular spiral control around the omnipotent creator of that motion and in planes of 90 degrees from a shaft of any extension of motion.**

The "time" must come when man MUST KNOW where GOD is at every moment with respect to himself. He must completely understand how God controls every action and desire of all living things from man to the most tiny cells and spores or from galaxy to electron. During their entire journeys from their beginnings in HIM to their endings in HIM, these are the unknown things which unfolding man MUST KNOW BEFORE HE CAN BEGIN TO MANIFEST HIS OWN DIVINE INHERITANCE.

May you, my own, be given to come rapidly into this KNOWING.

LET US CONSIDER THE "FUTURE"

And now, my precious friends and fam-

ily, let us speak a bit on the "future", this wondrous concept that allows for dreaming, planning, learning and anticipation worthy of "action" motion.

Your enemy has stalked you and sought to destroy you. He has risen up at goodly works and revealed a very sharp sword and destructive life-destroying weapons. He has hurled these things at your faithfulness and he has made himself quite worthy of the fear instilled within you.

Man has come and gone in equity while seeking out revilements only for the beastly, for the wolves of great massacres, for those who do a wrong and who know wherein they do it. It is indeed confusing and misleading but don't be so perplexed as to miss THE TRUTH of it in expression.

Your shields and coats of goodly armor are wrought of far tougher material and fibers than any of you have yet thought. The arenas of your strivings, precious ones, are far higher on the uplands and mountain tops.

I know that you would enjoy comforts of some trivial gossip and speakings but that would only cause you to remain within the perplexed circumstance and indeed your banquet table would remain quite barren. It is that soon will come and go those who do the boasting and oppression. There will come the day when the drums of hate are stilled and the righteous have increase. Man must rise up and look beyond that which **SEEMS TO BE** and yonder unto that which is the destiny of expression.

You, in all the wonder of your experience, must become as the child in anticipation of witness and expression in the learning and the testing curiosity. You must be as the lark of the morning time—as the sparrows who look upon their morning as a glory in radiance—another day of experience for they have no "thinking" mind to do other than respond to that which is offered. If you dwell in the dreary you shall become an immobilized dullard without ability to move on into your wondrous expression of Divinity—you will walk on in the bindings of self-imprisonment.

Take note of those things upon which you allow your mind and physical self to dwell. Is it your resources? Is it your possibility of some LOSS or another? Is it your self-limiting focus on "how bad things

are for you"? Do you think of your brother and pray for HIM—or do you ask perfection, luxury, security and "having" for SELF? Ponder these things for wherein lies your thought and heart—there too shall be entrapped and immobilized, SELF.

There is coming the sequence of events in which the tauntings and boasting shall be cast down and the Father tells you that you are, "My Beloved! I am He who has proclaimed you! I have given you speakings and writings and I have laid them in your presence and upon your lips that you can know your way. Do you use them or do you turn to that which is already proven crushing upon the very soul?"

You are not just "my lambs"—you are the shepherds. The sheep go before YOU and unto the still waters and meadows of plenty are you beckoned. **WHERE DO YOU GO?**

I ask you, family of my beloved circle, is it better to be one who goes before the sheep and sees not the mischief performed by the wolves, than to give all vigilance and hear the small plaint of the lamb that is taken? Look beyond the sheep into that which is ahead, having learned the prospects and possibilities—and the probabilities of pitfalls and dangers. THEN, let the sheep go before you so that you can watch over them and hear their cries as if in a wilderness of blindness.

Of course there are comings and goings of perplexing circumstances. There can be anger, in the morning, as often as the gentle perfection of joy, as ever endless scenarios unfold in the expression of manifestation. There can be strife presented in the noon-time and the evening and thus and so—but THE GOODLY COMPANY shall pause, not to be bogged in the mire of that which MAY be. KNOW that you shall pass beyond this incident, this action, this perceived moment and on into that which is REAL and valid. You must keep on valiantly while seeing the splendor of the goal to be taken.

Respond to Me, chelas, and I succor you now and forever. My help rests upon you as the down feathers of the eagle but with the security of the flight feathers of the Phoenix. I now and forever shall ennoble you to all things wondrous and beautiful as you rise above those things of ugly reflection of soulless evil images borne in places of hell—that place devoid of God and LIGHT. Separate not from the LIGHT for, in your wanderings into the dark reflections and expressions, you shall become lost. I ask that you open your ears to understanding—and eternity in My places shall surely receive you—you shall become holders of true wisdom and you shall flourish as the perfection which you mirror as God in Self—if you but come and walk this path with ME. I can see you home, children—and I shall. For it is My promise that I shall

do so. You shall learn and KNOW and we shall go into the wondrous expression of greater and ever greater experience as we reach into that cosmic universe.

Don't dwell in consternation at the lessons. All things need explanation that you do not go without "reason"—but full comprehension does not come until the KNOWING—all else is LEARNING.

The messengers come to you, bringing both triumphs as well as perplexities; they are guided of God in that HE gives them placement and instruction. They shall tell you of the Plan and the beauties of its masterings so that you can learn and know substance. I, further, however, caution to NOT demand that they "give" you this or that. You shall petition for your brethren and for another creature or creation but God KNOWS that which you need for your journey and growth and your only valid approach unto God is, "Thy will be done in your higher knowing, Father." You continually ask for things which, if given as asked, would destroy you for you are yet ignorant as to the WHOLE and would ask for the "moment" and miss the wondrousness of the victory awaiting. You are IMPATIENT IN YOUR GROWING AND YOU WOULD ACT OUT OF EAGERNESS INSTEAD OF WISDOM.

Man chooses his pathway and makes his own progress. We can show you the way and tread the path before you and even motivate good to come unto you—I can even convince you of my presence—but I must leave to you your decisions.

Now is the time of cycle, however, wherein in your growth or ignorance I must say to you, "**Choose**" for it is time to know if ye be of your Father Creator or servants to the darkness. It is not so strange, the vision of man, for it is easy to see that "darkness" needs some radiance to relieve the absence of vision—but one does not perceive The Light readily—it is just "there" and is unseen in its Presence.

Well, chelas, a new cycle has performed and opened—the times are ripe on Earth for heavenly manifestings. How much progress has MAN made in his experiencing? He cries out for Light and he shall arrive at a point where denial of Truth shall not longer be acceptable to his own senses. Man has gained a whole lot of "knowledge" but not WISDOM. He has used this knowledge to bring utter peril to himself. Man has gone far in learning's application, yet he has threatened himself with extinction.

Man seeks the Spirit as he has never before sought. Life has its mysteries, science has her quandaries, the souls of men arrive at the crossroads of experiencing—and a massive cry goes up. Men utter the cry, "Where are those who lead us? We are stopped and do not find our leaders! There is none to lead us farther!?"

But men cry out their anguish in error

and their mistakes find them out. I, and my Hosts, go before them with great Truths. I say again, "Accept the LIGHT!" For lo, we are the LampLighters bringing forth Light unto searching Man. We are come to flood them with Light but they must see for themselves the Spirit moving and behold the results of spirituality and goodness as we lead them. We can push a little and shove or pull a little—but we cannot make this journey for a single one of you.

I can only repeat that you have The Truth; practice it! You have The Spirit; use it! Goodly gifts have been given to you; now I COMMAND that you employ them!

You keep running to Me with petitions of "Show me" and "Manifest, Master, that we can believe!" Well, precious ones, we will manifest when we are READY to come forth in physical aspect. We are NOT the little gray clones of interplanetary fables and myths—we are the Hosts of God come to attend our people and the things of Creator.

My "words" are but sounds on the waves of energy frequency. My thoughts are the manifestation of that which you ARE. Therefore, you must hear the words and BE them! The call has now come forth for higher things to be revealed and the Bright and Radiant WORD shall be revealed in unfolding manifestation—and from the ugliness shall become manifest the beauty that has been so long hidden.

The "Pharisees" still live, my friends, and man has his scribes (writers) to lay down the laws of MAN to oppress and imprison—behold your lawyers—but rend the goodly and lift up the evil standards. Ah yes, many dwell, NOW, in goodly places but have great darkness in their hearts. Moreover, to simply come forth in pretense of goodness while practicing in the physical greed of self-gain is not hidden from the presence of God and is not long hidden from the sight of MAN. The Truth is easy to remember—the LIE grows out of bound and changes with the wind. Hold to The Light and in the ending The Truth shall be made known in honor and profit and the evil cheats shall manage to damage and consume themselves. Indeed, it may SEEM to take long—but, dear ones—TIME IS REALLY ALL YOU HAVE IN ETERNITY IN WHICH TO EXPRESS AND EXPERIENCE. BE PATIENT. **What you see is most often NOT what IS.**

THE REMNANT

I ask that we rerun a section from a small booklet, *SURVIVAL OF THE REMNANT*, written by one called David Lewis. We have shared it before and it needs to be shared again as refresher and reminder that you are in the great time of change which must be confronted. The "Holy" Remnant as well as the human remnant

must prevail through these pressing tribulations and you must fight also for the survival of America as well as your own for it is the place of chosen greatness and the place of your manifested heritage of the "Ancients". You must win THIS battle without Man's weapons but by using the greatest power of all weaponry—the prevailing powers of God.

QUOTING:

In the grim years ahead, the time is 2000. The place: Earth—now a desolate planet slowly dying by its own accumulated errors and follies. Its dying is the end result of man's wasteful years, his growth of technologies in the wrong direction, his fear of being conquered and his inability to cope with the reality that people are a human entity of God and not to be used or misused as a tool of whimsical temperament to deprive, starve or destroy at will.

By man's own choice, the Earth in Global 2000 lies barren of its forests while sand dunes rapidly spread over the fertile farm lands that once served us so well. Nearly two million species of plant life have withered on the burned stalks; birds, insects and animals have vanished from sight; the once sparkling rivers that gave life to the world are now dried and the river bottoms are likened to the skin of the crocodile. The fertile valleys, the golden wheat fields, citrus groves and millions of acres of vegetables are now only a faint recollection of the past. Aircraft no longer fly over our cities and the traffic-congested streets are the silent ghosts of an era past. Sidewalks are no longer the foot paths for hurried feet for, although they barely remain, the memory is now lurking in the shadows of the blackened fog of radioactivity that shrouds the atmosphere.

Nearby and far off structures that once housed a metropolis of activity has changed from the architectural splendor into a dreaded nightmare of man's stubborn attempts to defy God and Nature as he changes the atom into weapons of destruction. Yet with this beforehand knowledge firmly planted in the minds of most intelligent men, knowing that this era will come to a close, he is still propagating so rapidly that his momentum is carrying him even faster to a civilization demise.

This bleak and solemn scenario is not science fiction to any degree but a detailed study of the real world's future in Global 2000, which is a prophecy that is merely waiting to be played out. Global 2000 could grow into an even darker picture prior to this great historical event if we continue to speed up the intricate acts and threats of wars, thus painting an absolute shocking picture of the world fifteen years from now [Editor's note: Eight years of that fifteen have now passed].

God did not plan our future but, knowing man as He does, His prophecies will ring true on that day of Global 2000 and 2001. Man has insisted on his own follies and has learned little by his mistakes, thus he has paved his own road to the abyss of hell—taking with him—all of mankind.

Today we live in an era where nearly everything is geared toward armament and destruction. Our guns are in readiness, our attitudes are tense, faces grim with the progressing news of world events. Frustration mounting and nerves frayed to near short circuits. We have approached that time in our society where it is now fashionable to burn all candles at both ends, outwardly demonstrate our greed and selfishness, stimulate riots and discontent and scoff at those who still show some Christian background.

To our deepened regret, government officials throughout the world have planted the seeds of deceit, spoken unforgivable words in their constant wrangling, prepared many guises in order to cover the actual intentions, led the masses to complete ignorance and have aided the Communist parties where they, in turn, can begin to take over our freedoms within this great nation. Yet in a war of nerves to the American people, they lead us to believe there will be no impending dangers—while they silently proceed with their plans toward a One World Government, a One World Order, a One World Religion and, for a money control—a One World Bank. Is this the freedom promised you under our Constitution? We can no longer back away from the conclusions of this truth anymore than we can continue to sidestep the conclusions of Global 2000. The stakes are too high for the United States and for all mankind.

This then is "the challenge of the century" to all who truly care about God's creation...the ultimate destiny of mankind and the real meaning of "survival".

END OF QUOTING

I am going to close out this writing with some sobering statements from your own claimed books of knowledge and religious teachings. Let this Truth be held within your bosom for it will come to pass that it bears great importance.

Just as there is true definition of such as "Khazar", "Gentile", Jew, Gog, Magog, expressed in many languages, as example: In Arabic, "Gog" means China and "Magog" means Russia. Let us not fiddle in such matters to the extent you MISS THE POINT.

I want you to understand that with all the New World Order and other things applicable to changing times—China right now controls its "active" army of a bit over 225 million. The Bible refers to China aggression as the "Yellow Peril"—

the armies of 200 million coming out of the East, shielded with armor and swords, riding their horses to battle. Do not let the "horses" fool you—it is all that was available for transportation at the writing of the book. Let us just consider "horsepower" and "weapons".

Ezekiel 38:1-4:

"And the word of the Lord came unto me saying, Son of man, set thy face against Gog (China) and the land of Magog (Russia), the chief prince of Meshech and Tubal, and prophecy against him. And say, thus saith the Lord God, Behold, I am against thee, O God, the chief prince of Meshech and Tubal. And I will turn thee back, and put hooks into the jaws, and I will bring thee forth, and all thine army, horses and horsemen, all of them clothed with all sorts of armor, even a great company with bucklers and shields, all of them handling swords."

There is something even more important, however, to remember: We speak of those of the Mongol origin. You MUST remember that the Khazarian "Zionists" are of Mongol, Russ (Russian) and Nordic origin. So what does this possibly mean? Let us consider that the very forces of that which is basically humanistic and atheistic in perception shall have a rising up against each other that shall be as the explosion of the planet itself.

Does this mean that all Chinese and all Russians and all Americans and all MEN are evil and against God? No, it means you should learn your lessons so you know what to look for and get your own SELF squared away with GOD so you HEAR your instructions if you are to be among the remnant. Salu.

TO SUM IT UP—CHANGE!

"We must make changes because changes are inevitable and the first change we have to make IS IN OURSELVES, as to how we see the world and how we are able to deal with life. That change comes about by releasing the past, releasing the blame, the anger, and frustration for what you feel has been done to you, and to get on with your life."

"Attitude prevails and in order to change what is prevalent around us, we have to be willing to change the attitude within ourselves. Nothing begins if it doesn't begin right here with you, with me. Nothing happens unless it happens with ME."

— LITTLE CROW

THE Time For Action With Honor

6/21/93 SANANDA

Peace unto you, Thomas. I AM SANANDA and I COME IN SERVICE UNTO THE MOST HIGH GOD OF LIGHT, ATON. I COME AS LIGHT! I AM!

HOLD TO THE GOAL

Always man will delay his decision-making unto the final hour. The bell shall toll and, let us hope, beloved brethren of Light, that it shall not toll for thee. Tend the matters of Spirit for in the end it is your soul which is of import. Ah, but you say, you say to us to prepare, prepare in the physical. Yes, I have stated thus, and so it is. The physical must be prepared to make it through that which shall befall man. The physical is but a passing illusion; the soul is ETERNAL! Make your peace with GOD and the rest shall simply fall into place. Trust that it is so and it shall so be. Look not unto fortunes. Look not unto the material world to bring thee anything but temporary enjoyment. Do not seek to live in impoverishment, for God is ABUNDANCE.

God wishes for you to have it all. The manner in which all is attained is the key. To have it all most will turn their backs on honor. To have it all in abundance in a Godly manner means to follow God's Laws for man. It means the Golden Rule. Yes, I hear the cry, "But good guys on Earth always finish last!" Think not that this is so for the good shall be lifted up before God's eyes and the many shall be given to know the good from the evil, the true from the false.

Keep your eyes upon thine goal! Have you no dreams? No goals? Most do not, for the dreams have been stolen from thee. They have been shattered by watching the world around you in its chaos and confusion. HOLD THE GOAL, BELOVED, AND THE REST SHALL FOLLOW AS DAY FOLLOWS NIGHT!

Look not outside yourself for security and stability. LOOK WITHIN THINESELF AND SEEK GOD IN THE SILENCE WITHIN. IT IS THE STILL SILENT VOICE OF LIGHT ITSELF WHICH SHALL FEED THINE SOUL AND SHALL PUT TO REST THAT WHICH IS EVER IN TURMOIL WITHIN MAN. BE AT PEACE AND KNOW THAT YOU ARE GREATLY LOVED. SERVE WITH HONOR

AND YOU SHALL SEE HEAVEN ITSELF!

Store not your treasures where moths and dust doth corrupt, where strangers come to steal. Store your treasures in HEAVEN WHEREIN THERE IS GLORY! IT AWAITS!

IT'S ACTION TIME

Beloved, it is a time of ACTION. I did not say it is a time of foolish action. It is a time of ACTION WITH HONOR, ACTION WITH PURPOSE. IT IS A TIME OF ACTION WITH INTEGRITY FOR THE GREATER GOOD OF THE WHOLE! Each is connected to all.

Build not places of safety for evil, for evil shall be separated away from the GODLY. EVIL WILL NOT DWELL IN THE PLACES OF THE LORD. EVIL SHALL RECEIVE ITS JUST REWARD!

Quiet thineselves that you might listen to that voice which offers your daily

instruction. I did not say the voice broadcast over the low-level waves from the airbase nearby. I said, quiet thineselves that you might listen to that STILL VOICE OF GOD WITHIN YOU FOR IT IS LIGHT OFFERING ALL THAT YOU NEED!

Put aside the ways of ego that seek to divide and tear man apart. Come together that you may work side by side in unity of purpose. Unity of GODLY purpose, in LIGHT!

Ready thineselves to receive the rewards for thine service. Think not that you have served in vain, for the RECORDS OF HEAVEN HOLD ALL. HAS IT NOT BEEN SAID, BY YOUR WORKS SHALL YE BE JUDGED? Will your work hold the test of time? Will your work have an impact on a transitioning planet? Will your work have impact on another single human being? Does it matter? Indeed, the work matters greatly. READY YOURSELF TO RECEIVE FROM GOD THE REWARDS OF SERVICE! SO BE IT.

Turn not aside in the final hours before the dawn. Shore up thine backside and walk yet another step. Stay the course and hold the goal and let LIGHT SHOW YOU THE WAY. THE LIGHTED PATHWAY IS DIRECTLY BEFORE YOU, COME AND WALK THE LIGHTED PATHWAY THAT YOU MAY KNOW GOD!

Salu.

Reminder From The Ancient Tribes

6/21/93 #1 HATONN

As we sit to pen this day, the day following Father's Day 1993, I ask, Dharma, that we rewrite the "Dedication" which I offered in JOURNAL #35, the volume THE SACRED SPIRIT WITHIN, MITAKUYE OYASIN (for all my relations—which is ALL).

I do not accept that because the court has banned this volume along with 8 others because there is reference made to one Walter Russell that we cannot draw from our own work which does not refer to anything of Dr. Russell's work. I might add that THIS particular volume in point was only required to have some slight modification to make it fully acceptable. I prefer to leave it with the court as is and we shall offer what is suitable and without any type of mention or infringement. The problem is

that we used a diagram or two that were presented first by Dr. Russell. We honor all work done by Dr. Walter Russell and apologize for ANY infringement on his work as possibly being presented without full credit or recognition. Dr. Russell's work can be obtained, I believe, from the University of Science and Philosophy in Virginia.

Because of legal ramifications we shall refrain from reference to these materials and utilize original source reference from, specifically at this writing, South Africa and Thomas Astley.

I want to honor my brother, Little Crow, to whom I dedicated the volume above mentioned. He is bringing forth information in his own oral tradition called THE SACRED HILL WITHIN—when we all get our act together enough to find it suitable in the sequence of information. You will find it to be totally simplistic in both its con-

tents and presentation—but then, so is GOD.

This segment was first written Sunday, August 11, 1991 and it was the "Introduction" entitled:

DEDICATION AND REMEMBERING

This is for my brother sent forth as the Great White-Red Wambli (eagle) of the Wakinyan (Thunder beings). He is called Little Crow and he was sent to grow through his fledgling flight within that tribe known to you of Shan (Earth) as Lakota Sioux. ("Sioux" being a white man's label, I do not recognize it as valid and only utilize it for readers' identification.) He was sent forth from the High Councils to speak and write the words of the Oral Traditions for the time is at hand to show you the way home. He is called Little Crow for he sets himself not above you but stands in brotherhood to all who will see and hear the wisdom of the ages—to all who have FORGOTTEN. It is the time of **Remembering**. You of this little Earth have slept too long and you have dreamed the dreams of the clown and it is time to awaken that the vision might be finished in this great cycle so that LIFE can begin again—renewed and a new dream unfolded. The stage is worn, the actors weary and tattered, the spirit lies sick unto dying—I petition you to not allow the passing of thine spirits to be in such confusion and pain in an existence of physical illusion. To my brother, Little Crow, I bow my head in honor for it is a privilege to walk with you. And, in my highest presence—I am pleased, for you, too, have been willing to serve in the human service.

This volume is specifically dedicated to the remnant of the Ancient Tribes who present today as the Red Brothers of the Nations. To those who have always come before and are gone only after. They, too, have forgotten their mission and are caught in the storm of confusion and the winds that blow from all directions until a being cannot find his way. He has fallen into the trap of the evil brothers who lay the traps and capture the spirit in every foul manner imagined. They steal the very life spirit from the children and set them forth on the path of destruction. These ones, too, must find their way.

Worse for these relatives, the leaders have sold much of the sacred teachings and the speakings of the Sacred Mother-Grandmother (ina-kunshi, unci). The children had almost forgotten the olowant (song) of the owanka wakan (a holy place). They have blinded ishta (eye) and they have created kankakpa (opening a vein to bleed a patient) but they have not bled the patient for the Great Spirit's healing—they have used the sacred life flow to carry the disease and drugs and alcohol of the fallen brothers unto their very Spirits (Nagi: spirit,

soul, essence) and poisoned themselves and their relations with the mni sha and mni wakan (wine and whiskey). They have turned from ptehicala huhu canunpa (buffalo-calf-bone pipe, the sacred pipe) and the red-stone sacred pipe in honor to the tate topa (the four directions of the universe) for again, their ista (eye) has been blinded by the tricks of the heyoka (sacred clown). They now forget to hupa gluz (raise one's pipe) unto, hunka (ancestor), or Tunkashila and Kunshi (grandfather/grandmother), or Ate (father). They have turned to smoke the tobacco of the wasicun (white man) rather than the kinnickinnick (Indian tobacco) which once lifted up the spirit in the smoke unto the Great Spirit, the mahpiya (the heavens) in honor of petaowihandeshni (the sacred fire) to attach it to the Earth (maka) so that Tunkashila would hear. They forget the owanka wakan (a holy place, altar) and the sacredness of inyan (stone, pebble) and they forget their kola (friend) in their running with the wasicun and forget that THEY are the root of wicasa (mankind/human being). You have allowed the wambli to fall and become entangled in the mire of that which holds his talons and no one rises up to set him free so all stays trapped in the mire.

All that is within must come without that brotherhood can again come upon the Earth. All must turn to the sacred power and Spirit within that Wakan Tanka (God-Great Spirit) can be heard and show the Light upon the red path home. The wakinyan (thunderbirds) are come in the silver clouds to lift you up into safety and mankind sees us not—for mankind has forgotten from whence they came.

"Oh", say ye, "...but that is for the white man, the black man and not for ME." Nay—for YOU. YOU have forgotten the way of woksape, woohitika, wowacintanka and wacantognaka (wisdom, bravery, fortitude and generosity)—YOU have forgotten that which the four eagle feathers mean and you have forgotten the "medicine wheel" of the Sacred Circle which is represented by the sacred hoop, and the representation of the four directions. You have forgotten to honor the Buffalo which gave life to the wicasa (human being) in the sacred days, whose very skull represents the traditional and spiritual life so that when you look upon it you are drawn to Wakan Tanka in honor. And you have forgotten that in honoring your elders you honor yourselves.

This is the time for you who are the human beings, mankind—known as "natives" across the lands—to change and move ahead, instead of expecting others to lead you—for they will only pull you farther down. You must return to the roots of your oral traditions for it will be through these Truths coming forth and the explanations given here in these unfoldings of Truth and

explanation, and the traditional Oral Truths, never WRITTEN until now (that they might serve as history of a civilization in an ending cycle) that you will find again, balance and harmony. It is the oral "Indian" (Neither do I "recognize" "Indian" as other than identification—the original tribes were known as "humans" and "the people" in loose translation. So, where do the rest of you fit in???) tradition that the world will be led out of the darkness into the Light. This time, though it seems to not be so, the people are ready to listen—the world is scared unto death of the physical existence.

I choose not one tribe of Earth-experiencing humans above that of another—ALL ARE ONE. But the messenger is sent where the Great Spirit of ALL chooses to allow expression. There are many great men but each has a task and this one is committed into the hands of Little Crow—and who be YOU to choose another??

God is EVERYWHERE, not just in some appointed place that is far out of reach of everybody else. Everything—rocks, trees, people—all, is SACRED. You must come into KNOWING that every object, and every person, is sacred and you must stop tormenting and hurting each other.

Little Crow did not grow up in his natural tribal village. This was given to be the "way it was and IS" that balance could be found in actions of the way "it must be"—for all, not just a few people in a given "tribe". He experienced the same pain and agonies, addictions and despair as any other human being in a world of confusion. IT MATTERS NOT THAT WHICH YOU "WERE"—GOD SEES ONLY THAT WHICH YOU "ARE".

The Earth is undergoing a painful period of purification and I tell you now, you of the world—THE AMERICAN "INDIAN"-SPIRITUALITY WILL PLAY A **KEY** ROLE IN RESTORING PEACE AND HARMONY. INDIAN SPIRITUALITY HAS THE ANSWER AND IT IS NOT JUST FOR INDIANS—IT IS FOR EVERYONE (**MITAKUYE OYASIN**).

Mankind must come to recognize his immortality (even if he would prefer it to be different). He must realize that LIFE exists even after devastating loss. You must recapture the ability to look INSIDE yourselves for clues to the inherent wisdoms of your own creation. In so doing you will reestablish your soulful balance and harmony with everything that you ARE—you must turn about now and find yourselves squarely upon the Red Road unto God for the time of the changing is come.

You are approaching the time of the close of the summer and the beginning of the winter—do you not note the changes already about your lands? This is the time of seasons when some of your gifted teachers and messengers will leave you for theirs is a task to be fulfilled upon another plane.

Some of your guardians have already gone from your place and you must honor them, for their speakings will linger into infinity, for all remains forever—ones with wondrous and befitting labels, Gentle Bear, Red Dawn, Standing Bear, who graced your presence and will be forever remembered by those they touched and into the generations of those untouched in human form.

Is it not wondrous to consider a "Red Dawn" traveling on through the wondrous adventures of timeless and spaceless adventure and vision? Is it not wondrous to remember their gift and their going? Is it not wondrous to sit and hold them in your memory as the fall turns into winter and you can remember their last great journey upon your place and into that of another and greater place of service? There are ones, such as a one who might be called "Red Dawn", who were the guardians of Truth and tradition, who journeyed into the great valley from which he would never return in an earthly form. These ones have watched well through this long night while man of Earth has slept and created his nightmares and demons—but these ones have never ceased their guardianship—some are returned to serve again—**MAKE SURE YOU RECOGNIZE THEM!** MITAKUYE OYASIN.

Wakan Tanka has sent your brothers to show you the way. AHO.

END OF QUOTING

As "Dharma" I would like to continue the brief notation made at the time of the first writing, for today it is even more incredible to me in the content of message and method of receiving the message. I know myself to have GROWN—but I cannot but marvel at the miracle of God in everything that happens and IS—as HE unfolds that which is needed when it is needed and allows us to share in this wondrous journey.

WHAT DORIS THOUGHT AND
GRANDFATHER RESPONDED TO
ON AUG. 11, 1991

"The scribe is distressed for she, too, has fears of being unacceptable in service and she speaks no tribal languages so we falter in the words and in the placing of the alphabet symbols. Do you see, chela (student), it matters not for there is the universal language and the feeble fumbings with physical words will soon have no meaning. The ones who are to receive will be given to do so. That which IS—IS! There is no thing greater and no thing lesser—ALL—IS! May you of my beloved tribes ever remain within can gless (the Sacred Circle). And, Little Crow, will you bless my child who efforts through all her living hours, to serve, with a dictionary? She is somehow quite sure that God does not speak Sioux in perfection—I do not—for I am a perfect part of a perfect Wakan Tanka-

Tunkashila, **not a speaker of any language known upon your places of physical manifestation**—I need no language to speak to any of my Creatures nor any of Creation—save the human evolved from wisdom and Truth into confusion and ignorance! So be it."

Thank you Grandfather, for I need this worse, by far, today than two years ago. Father, I wonder if I had known then in my consciousness what I have experienced in this mortal form and world—would I have continued this task? I know that I am stronger for I have such strong ones supporting me—but oh my goodness, I am weary of the assaults and just "knowing". I often wish I could go back again into the "unknowing" for I think sometimes that there is no way to bear the load of this place.

I think back to my son, Paul, who presented the very theory in truth of "Dimensional Life" and we thought him to be "tetched". Ah, he was tormented in mind and body—and took his soul home through suicide. We feel his presence constantly in the scientific reckonings of our projects and writings—even ones who knew him not under any mortal circumstance. Your wonders are too great for my comprehension so I shall simply thank you and leave it lay. Thank you for allowing me service in this great adventure for, through it all, I feel only compassion and love, **and sadness**, for all who cannot see or hear and much more for those who cannot express within.

For years I held WITHIN the private

thoughts and the secret thoughts, some good—most negative and vengeful—and now EVERY thought within is plastered in print or speakings and I no longer even know which are mine and which are YOURS. And then I come to KNOW—ALL IS YOURS and therefore myself has become a far, far better person than I have ever been at any time or expression come before. I would rather it be different in unfoldment—but I effort to accept your way and, surely enough, it bears more abundant fruit in your own way and sequence. I have also learned, Father, that when my efforts are for my relations and my prayers are for the goodness and grace for my brothers that I reap the rewards of a generous harvest in that which is important in my crossing. My thoughts dwell in the places of the highest kingdoms and upon the wings of eagles and no longer in the pits of mortal errors. I am grateful, Father, thank you. I know that I am only a tiny sparrow in the great things of the universe—but you treat me as the Eagle and I know that I shall again soar among the stars and within the Cosmos of this magnificent electric wave universe of YOUR Creation. For that there is no ability to "thank" you. May I EARN those wings in my service, for there are those here who do far more than I without measure—and I ask to fly with them when those wings are passed out at graduation.

All "else" is but the classroom—if man could but see and KNOW.

I salute you, Sir, for I KNOW thine COMMAND.

Keep Your Eyes Open As Evil Pushes Ahead

(Continued from Page One)

GINs. There will usually be present at this time of progression of toxicity an abundant flow of thin watery fluid, quite often streaked with bits of blood. This simply flows from the mouth as the dying patient loses the power to expel it. After death, there may well be foam which will dry to a rather white efflorescence around the mouth. Victims have been seen to cough up around four pints of this yellowish liquid every hour; it can take about forty-eight hours to die but onset of final throes will be short and unsuspected. A good jolt will produce death in about 24 hours.

What are the notable signs in the wildlife population and does it effect same? Indeed and an excused use would be to wipe out a species suspected of carrying disease. In a war situation a phosgene cloud would wipe out men, horses, wildlife, insects, vegetation—virtually everything it

touches. There will also be a pre-activity in, especially, the fowl population. Owls are greatly excited. Fowls, including ducks et al., become restless a full quarter hour BEFORE the oncoming cloud approaches as frequency vibrations are sending out messages. The gas kills ants and caterpillars, beetles and butterflies, small rodents, snakes, ground squirrels, turtles, **RODENTS** and thus and so. The only friends who seem quite indifferent to this onslaught are the little precious sparrows. Now sometimes the gas does not do its "sticking to the ground" routine and clouds have been witnessed killing nesting birds some sixty feet off the ground.

You have REAL problems, World!
Are you getting geared up with chemical weapons, getting rid of chemical weapons and it's going wrong. Is this intentional or even an effort to stop the run-away infections from the rodents intentionally in-

fect? It doesn't matter—it IS!

There are many reasons that symptoms would be isolated and also reasons that many would show symptoms of flu and serious upper respiratory infection and not actually die. This, however, whole thing is unthinkable and all but unimaginable—but it goes with the **PLAN 2000**. It will get worse as long as they can keep THE TRUTH from you and, I wonder, will it be long enough to death you all?

Are they actually playing with "phosgene" gas or something newer? That doesn't matter either, readers, because the reactions are THE SAME!

AND WHAT OF SMALLPOX?

QUOTING (Article in *Bakersfield Californian*, Sunday, 6/20/91):

ATLANTA (AP)—They look harmless enough—hundreds of little test tubes sitting in a freezer. But the freezer is padlocked, the laboratory guarded. The workers inside wear protective suits.

These vials hold all that remains of smallpox. A turn of a switch would kill the virus, ensuring the world would never again be ravaged by history's deadliest disease.

The smallpox vials have prompted a fierce moral debate: Should scientists deliberately destroy an entire species, one that possibly could teach them how to fight other diseases? ...and so it goes on.

END OF QUOTING

They will tell you this is the only disease ever completely eradicated. B.S.!!!

The inoculations for Smallpox "wipeout" introduced the most deadly disease into the population of mankind—deliberately. Through the World Health Organization (the very ones tinkering with this new dilemma). Again, B.S. (Bifrial Detonae—among other meanings). And guess where the LAST "natural" case WAS?? Right on—in **Somalia** in 1977. What are you doing in Somalia???

I have only this to add from writings at least two and a half years ago—**THERE IS A WAITING STRAIN OF SMALLPOX (ON THE BOVINE HOOF, LITERALLY) WHICH HAS NO INOCULATION AND NO TREATMENT. THERE IS ENOUGH TO INFECT THE WORLD WITHOUT ANY FORM OF TREATMENT, IN LESS THAN A WEEK.**

You must remember, **HIV is a cross strain of Bovine leukemia and sheep Visna virus**. The smallpox vaccine as you recognize it is cultured in the BOVINE! So, as with so much Khazarian (Associated Press) misinformation and misleading intent—be careful and GET READY FOR SMALLPOX AMONG THE OTHER INCREDIBLY DASTARDLY DISEASES. ALSO, PLEASE GET A COPY OF THE APPROPRI-

ATE JOURNAL AND READ UP ON THESE DISEASES AND THEIR ALTERATIONS. [Editor's note: See JOURNAL #65, THE LAST GREAT PLAGUE UPON MAN: AIDS AND RELATED MURDER TOOLS. See last page for ordering information.]

MALARIA

QUOTE:

(AP) ALEXANDRIA, EGYPT [H: and any place from Egypt to Anytown, U.S.A.] Back in the 1950s, medical experts predicted that malaria would be a memory by the turn of the century. Today, the reality mocks their predictions: **Far from extinct, the disease is flourishing.**

Treatment is more difficult and, despite a new vaccine, prevention remains almost as elusive as ever.

Hitchhiking on mosquitoes, the malaria parasites **seemingly mutate at will** so that even the most dangerous is **now largely immune to most treatment. They infect 100 million people a year and kill one of them every 30 seconds. Of up to 1.5 million dead each year, 80 percent are African children under age 5...**

END OF QUOTING

Now just guess who is in charge of this disease also? And now that many of your soldiers are back home **WITH MALARIA** from humanitarian service in Somalia, what are you going to do? The WORLD HEALTH ORGANIZATION! Boy, it is always right there, isn't it?

Since there "was" a vaccine which was about 40% effective, it was hoped, they say, that it would somehow wipe out malaria. Come now—the World Health Organization Zionist Group—**creates DEATH—not cure**. They did do the world even greater favor, however, they TREATED the singled-out Anopheles mosquito with DDT and created something totally incapable of being wiped-out. The mosquito AND the disease flourish quite nicely now, in the enhanced presence of these drugs and insecticides. Wouldn't you know it?

BY THE WAY, DEPARTMENT

Your good-old-boy government has struck again with rulings on irritating subjects. Remember that it was "DECIDED" that the October Surprise had gone on long enough and there was "no basis for further investigation—and, there was NO October Surprise"?

WELL, THE SAME BUNCH OF FOXES HAVE ARBITRARILY DECIDED THERE IS NO PROBLEM WITH THE INSLAW MATTER! Dozens of people have been murdered because they simply "knew" about it. Ones like Ray Renick are in

prison because they know about it, along with Russbacher, et al.

IMPORTANT! **VERY IMPORTANT!** **URGENT ATTENTION!!**

The following came through on our phone line **FROM NEW JERSEY—on Saturday**. We have no outcome to share with you but I will give information and you can follow-up for selves. This is as serious a threat to your *Constitution* as it can get. This will point up exactly what is done when the Elite want something like the Federal Reserve Act and a Constitutional Convention held against all Constitutional LAWS.

"Hello, my name is Loretta, 201-762-8635, 32 Peach Tree Road, Maplewood, NJ 07040. I was trying to get in touch with someone by Saturday to tell them what is going on in New Jersey regarding a Constitutional Convention hearing. Actually it is a **full Senate VOTE** and it's extraordinarily important that we get to call all the State Senators in New Jersey, and **if you have any kind of a following there, would you call those people or FAX them, anything; you can FAX them my number. IT IS URGENT THAT WE CALL THE STATE SENATORS TO VOTE 'NO' ON SCR39—A CALL FOR A CONSTITUTIONAL CONVENTION. The full Senate vote WAS ORGANIZED ON FRIDAY AFTERNOON AT 4:30 P.M. TO BE HELD ON MONDAY MORNING AND THE ASSEMBLY VOTE IS THE SAME DAY—SHOULD THAT VOTE PASS THE SENATE.**

IT IS HIGHLY UNETHICAL, BUT THEY GOT AWAY WITH IT ANYWAY. THANK YOU."

ADL AND ASSOCIATED PRESS
GEORGE GREEN AND LUKE PERRY

It has now become obvious that the attack by the Associated Press with its international smear articles about us and the Ekkers personally, as rip-off con people and thieves, etc., now becomes quite clear as to WHO HAS THAT KIND OF PRESS ACCESSIBILITY. I am going to run an article from *New American View*, Editor: Victor Marchetti [H: Get his book, *The CIA and the Cult of Intelligence*, directly from Marchetti, PLEASE. It is superb and I respect and honor this man and those who worked with him and still do, in order to bring you TRUTH. *New American View*, P.O. Box 999, Herndon, VA 22070-0999. It is not a coincidence that "999" is the symbol—in numbers—of GOD!] Before I do, however, I want you to KNOW that the most damaging of the articles to my people, directly, was that run in the *L.A. Times* and especially the long one, with picture of Perry, in *THE WASH-*

INGTON TIMES. The "**TIMES**", chelas, is OWNED BY THE MOONIES AND IS TOTALLY PRO-ZIONIST.

So, now, it becomes OPEN as to why the ADL would like to shut up my voice and this paper. Also, it is interesting to realize that GEORGE GREEN has to be working WITH these people or they could not have the clout to do these battering things. So be it—a man is always known by the company he keeps and the deeds he does.

The next is dedicated to all you "free" Americans who think you are humanitarian in orientation and pay your taxes to support YOUR OWN FREEDOM CALLED THE UNITED STATES:

QUOTING:

A GIFT FROM ISRAEL TO HERSELF

RETHINKING ITS DEPENDENCE ON U.S. AID. Once again, American taxpayers are being treated to the irritating spectacle of a debate on how many billions of their hard-earned tax dollars should be sent to the Jewish state. This time, however, it is the Jewish lobby and its friends who are doing the debating—while most of our elected representatives in Congress sit on the sidelines awaiting orders on which way to jump.

According to rabidly pro-Israeli *New York Times* columnist Abe Rosenthal, "At a time when the U.S. is cutting back on aid to some countries and facing new costs in the Bosnias and Somalias, it does not seem fitting for Israel and its American friends to insist on the same (\$3 billion aid) package." Voluntarily rejecting such aid would be "one of the best gifts Israel could give itself and the U.S., and the sooner the better," continued this arrogant dual-loyalist. In fact, while he pays lip service to the increasing burdens on the United States, he is being accused by other pro-Israeli activists of using the threat of an aid cut-off to sabotage the Labor-led peace talks with the Arabs, not out of any sincere desire to help either the U.S. or Israel.

This internal spat among the Jewish American pro-Israeli community has been simmering below the surface for the last few months in the gentle hints from U.S. lawmakers that they can no longer justify enormous aid payments to Israel, and can no longer hope to routinely approve them and still win re-election from voters who are increasingly distressed over the weakening economy. But the sides in the debate are drawn along Labor-Likud lines, with both sides accusing the other of attempting to bring ruin to Israel in the hopes of political gain...[H: and on goes this debate, so let us turn to another even more insulting to your tax-paying senses if you have any left at all.]

THE GREAT \$10-BILLION SCAM **ISRAEL NEVER NEEDED** **THE MONEY—THEY SAY**

NEW AMERICAN VIEW, JUNE 15, 1993: If we said it once, we must have said it a hundred times: The Jewish lobby's war with former President George Bush and his Secretary of State James Baker to extort \$10-BILLION in loan guarantees for Israel was a rip-off of the American taxpayer and a colossal scam.

Well, we were right!

Now, two and a half years after the Israelis first demanded the guarantees, saying America "owed" the Jewish state, it has become quite apparent that they are not needed. After all the hysterical whining by the Israelis and their loud-mouth, pushy cousins here about how badly the money was needed to finance the absorption of the mass exodus of Soviet Jews to the land of Zion, official sources are saying that Israel doesn't need the dollars after all.

According to correspondent David Hoffman, reporting from Jerusalem for the *Washington Post*, Israeli officials say that thus far they've used the GUARANTEES TO BORROW \$1 BILLION ON WALL STREET, AND PROBABLY WON'T USE THE OTHER \$1 BILLION (OF THE FIRST \$2 BILLION INSTALLMENT) UNTIL THIS FALL, IF AT ALL. Says Michael Bruno, who was governor of the Bank of Israel when the guarantees were first demanded, "With today's conditions, there is no need for the import of capital."

The first billion is now on deposit in the Bank of Israel, accruing interest, but the government is not rushing to spend it. When it is spent, it's not going to be for absorbing immigrants [H: Anyone want to calculate interest on a billion dollars? Well, it's even better than that for the Israelis—for there are other ways to earn a whole lot more with that billion dollars plus the other stashed funds than sitting around in a bank somewhere! Good show!?!] According to Israeli officials, none of the money will be used for housing; there is a surplus of housing, thanks to the overbuilding in the boondocks—"Sharon's Folly"—masterminded by Zionist zealot housing and absorption minister Ariel Sharon.

Nor will it be used directly to ease the resettlement of the immigrants from the former Soviet Union. The Israeli economy is growing at the rate of 6 percent and is creating enough jobs in the opinion of officials, even though unemployment is still high at 11 percent.

Just as *New American View* always predicted, the guarantees are to be used to IMPROVE THE JEWISH STATE'S INFRASTRUCTURE, SUCH AS ITS DILAPIDATED ROAD SYSTEM, AND TO AT-

TRACT NEW BUSINESSES AND INVESTMENT. They will also be used, say the Israelis, to boost the country's foreign currency reserves and parceled out in the form of loans to local business firms. [H: This should be very good news to some people around, but it sure smacks of disaster to a whole bunch of Americans who are out of work, have no prospects of business improvement, NO currency reserves and A COLLAPSING NATIONAL INFRASTRUCTURE IN EVERY PART OF YOUR NATION ALONG WITH INDUSTRIES OF ALL MAJOR SIZE HEADED OUT OF COUNTRY!]

So, what was all that bellyaching about by the Jewish lobby, all that bullhockey about helping the poor Jews from the ex-Soviet Union? It was a smoke screen, that's what!

Prime Minister Yitzhak Rabin now says, "I came to the conclusion that the issue of guarantees HAD TURNED INTO A TEST OF ISRAELI-U.S. RELATIONS." So, he says, he had no choice but to pursue the matter with then-President Bush—because it had become a political symbol.

Israelis say, according to the *Post*, it was important to win the fight for the loan guarantees as a political reaffirmation OF THE JEWISH STATE'S ALLIANCE WITH AMERICA. But from an economic standpoint, no one in the Israeli government is claiming any longer that the loans are "vital" to the country's survival. Now, the money is viewed as a nice cushion, rather than a lifejacket, and there are plans to use it to expand Israel's highway system and to provide low-interest private business loans.

The truth is, and has always been, that the \$10-BILLION loan guarantees issue was a test of strength between the Bush administration (and to a lesser extent, Congress) and the Jewish lobby, and the lobby won. Bush eventually capitulated not so much in the hope of getting the Middle East peace talks off the ground, but rather in a desperate stab at saving his sinking presidency from the vicious assault of the vindictive lobby leaders he had dared to cross. [H: No president will have such daring "crosses" any longer—out of 71 personal advisors and cabinet posts—40 of them are filled with Jews who are professed Zionists and the Congress is completely controlled by the Zionist lobby to the extent of well over 68%. You have just witnessed another one placed in the vacant spot on the Supreme Court. It's all in line for downfall, America.]

Getting the loan guarantees for Israel was never an economic necessity, nor was it a symbol of the U.S.-Israeli alliance. The reason the lobby was so furious with Bush was that he had challenged its power. Bush had to be forced to surren-

der and then be destroyed to prove to all concerned—the media, Congress and the American tax-payer—that the lobby's power is SUPREME in Washington.

Now, the Israelis and their lobby can enjoy a good laugh at America's expense and say, "Well, now that we've got them, we really don't need the guarantees. But thanks anyway, suckers." [H: Please note NO suggestion of giving them back in any way, shape or form!!]

BUT WHAT ABOUT ONGOING AID?

Meanwhile, the annual battle over U.S. financial assistance to Israel and the other recipients of the American taxpayer's generosity—through a Congress well trained to obey the commands of the Jewish lobby—is about to begin on Capitol Hill. Already, the top Washington lobbyist for Israel, Steven Grossman, president of the American Israel Public Affairs Committee (AIPAC), is boasting that President Clinton **has promised to fight to keep U.S. aid to the Jewish state AT ITS CURRENT HIGH LEVEL OF \$3 BILLION**—"because nothing is more important to move the peace process forward."

Grossman recently informed the AIPAC faithful: "We must **educate an extraordinary number of new members of the 103rd Congress about the importance of foreign aid to Israel. We cannot take their support for granted. So many of them were elected on an 'American First' platform. So many of them came to Congress with little or no knowledge of the Middle East.**"

Well, we know who Mr. Grossman believes should come first in the eyes of Congress. Unfortunately, there are too many people on Capitol Hill who agree with him in putting Israel first—especially when it comes to raising our taxes and their own campaign funds.

END OF QUOTING

How do they get their job accomplished? They never lose sight of their GOALS—ONE WORLD POWER. Then they show-and-tell and maneuver and manipulate in most devious ways. They put up some nice people for office which are denied entry for one reason or another. They even do a better show-and-tell by putting such lawyers in representation as Dershowitz (who has publicly stated he works ONLY for making the U.S.A. into ISRAEL! GO BACK AND READ THE JOURNALS!) THEN, THEY GET INTO POSITION ANYONE THEY WANT BY HARDLY BATTING EYELIDS AND "LOOK HOW HARD THEY ALL TRIED" TO GET GOOD PEOPLE INTO THESE OFFICES. IT IS SUCH A TOTAL GAME AND SHAM THAT I AM EMBARRASSED FOR YOU-THE-BLIND-PEOPLE.

You ask about poor black lady Guinier for the post of Assistant this or that. Then, you ask about the next blunder, Ruth Ginsburg for Supreme Court seat—BUT THAT WORKED DIDN'T IT?. Then what of Babbitt—what happened to nice Mr. Babbitt? Oh come now, KEEP UP—he got blackmailed and the sinking of his nomination was due to massive rumors of Babbitt's past gambling **DEBTS AT LAS VEGAS CASINOS**—set up and fanned in the "PRO-ZIONIST, MOONIE-OWNED WASHINGTON TIMES"! Yes indeed, the SAME which blasted our work and the Ekkers! Good luck "little Israel"! You readers had best go back AND REALLY STUDY THE PROTOCOLS OF THE ELDERS OF ZION

NOW IN CLOSING:
HENRY FORD, SR., 1922

This is possibly the most intriguing quotation of the week. Why? Because the FORD FOUNDATION became one of the most Zionist-controlled foundations in the world.

COMMUNISM IS JEWISH!

Henry Ford, Sr., 1922

QUOTING:

It is rather surprising, is it not, that whichever way you turn to trace the harmful streams of influence that flow through society, you come upon a group of Jews? In sports corruption—a group of Jews. In exploitative finance—a group of Jews. In theatrical degeneracy—a group of Jews. In liquor propaganda—a group of Jews. In control of national war policies—a group of Jews. Absolutely dominating the wireless communica-

tions of the world—a group of Jews. The menace of the movies—a group of Jews. In control of the press through business and financial pressure—a group of Jews. War profiteers, 80 per cent of them—Jews. The miasma of so-called popular music, which combines weak-mindedness with every suggestion of lewdness—Jews. And organizers of active opposition to Christian laws and customs—again, Jews.

It is time to show that the cry of 'bigot' is raised mostly by bigots. There is a religious prejudice in this country, there is indeed, a religious persecution, there IS a forcible shoving aside of the religious liberties of a majority of the people, and this prejudice and persecution and use of force is JEWISH and nothing but JEWISH.

If it is 'anti-Semitism' to say that Communism in the United States is Jewish, so be it; but to the unprejudiced mind it will look very much like Americanism. Communism all over the world, not in Russia only, is Jewish.

END QUOTING

Now, might I suggest a bit of "looking up"? Why doesn't someone look up and report on the history and name lineage of one, the former Mrs. Lao C. Stebbing who became Mrs. Walter Russell in 1948—the same year that Dr. Russell divorced his wife of some 55 years, Helen Andrews.

Perhaps a search for historical data and intent of one Dr. Russell prior to his association with later entities might uncover a great treasure of intent for mankind instead of what Mr. Green has precipitated in his uncanny cleverness.

Ah, "What a tangled web we weave, when first we practice to deceive!" Salu.

Like A *Bad* Dream... More On George Green

6/21/93 #1 HATONN

EXPLANATION[??] TO GREEN-PIECE MAILING

Again, Mr. Green wasted a lot of money, but we guess he has plenty, by doing a giant catalogue accompanied by a mailing of a "booklet" made from case No. CV-F-92-5431 REC: "ORDER GRANTING PLAINTIFF'S MOTION FOR CIVIL CONTEMPT AND AMENDING SCOPE OF PRELIMINARY INJUNCTION. University of Philosophy and Science (sic, sic, sic), Plain-

tiff, v. George Roy Green, Desiree Green et al., Defendants.

There are some things in this document (assumedly as erroneous as the "plaintiff" heading) which I have now acquired many inquiries about. Good grief, will this "thing" NEVER GO AWAY?

Paragraph 2 of page 1 says: "In August, this court granted plaintiff's motion for preliminary injunction. See Order Granting Preliminary Injunction, August 27, 1992". [H: Well, we don't have this one—because our attorney, their attorney or Mr. Green did not share with all the

defendants.] "the court enjoined Doris and E.J. Ekker (THE ONLY DEFENDANTS WHO HAD BEEN SERVED WITH THE MOTION) from distributing or attempting to distribute the works covered by the injunction...."

Now just HOW IS IT THAT EKKERS ARE THE ONLY ONES SERVED WITH THE MOTION, Mr. Green? Is this document supposed to be clearing YOUR side? How is it that you had made arrangements and were not even served with documents? Is this why you never show up in court and, now, not even send your attorney—but do ALL your court litigation WITH the plaintiff?? Is this actually supposed to clear your name somehow with all your "clients" on the JOURNAL and paper mailing list? This one statement would seem to say it all for your honor and integrity—OR LACK THEREOF.

On page 4 of the document it says: Doris Ekker, aka Hatton, has repeatedly written about the pending litigation in the *Phoenix Liberator*. In the December 29, 1992 issue of the *Phoenix Liberator*, Ms. Ekker **tried to minimize her involvement with Tehachapi Distributing:**

"DUE TO THE EFFORTS AT BANNING, BY THE UNIVERSITY OF SCIENCE AND PHILOSOPHY, THE PUBLICATION AND DISTRIBUTION OF THOSE PHOENIX JOURNALS [covered by the injunction], AMERICA WEST DISTRIBUTORS IMMEDIATELY DISCONTINUED SELLING THE SERIES AND SHIPPED ALL OF THE REMAINING STOCK TO TEHACHAPI DISTRIBUTING, INC. AT THAT TIME, THERE WERE STOCKS WITH OTHER BOOKSELLERS.

LET IT BE KNOWN TO ONE AND ALL THAT **TEHACHAPI DISTRIBUTING INC. IS IN NO WAY CONNECTED WITH OR TO THE FOLLOWING NAMED INDIVIDUALS OR ORGANIZATIONS: DORIS AND E.J. EKKER, 'THE PHOENIX LIBERATOR', GEORGE AND DESIREE GREEN, AMERICA WEST PUBLISHERS, INC. OR AMERICA WEST DISTRIBUTORS, INC.**

ADVERTISING FOR THE....BANNED JOURNALS IN 'THE PHOENIX LIBERATOR' IS ARRANGED BY PRIVATE AGREEMENT BETWEEN **TEHACHAPI DISTRIBUTING INC. AND 'THE PHOENIX LIBERATOR'.**

[Sic] This "[sic]" was INSERTED INTO A COURT DOCUMENT?? COME NOW, MR. GREEN—EVEN THE COURT WOULDN'T DO THAT SORT OF THING! BY THE WAY TO ALL OF YOU: [sic, sic, sic] That portion quoted above stated to have been by "Ms. Ekker" was never even SEEN BY MS. EKKER. THAT WAS WRITTEN BY RICK MARTIN OF **TEHACHAPI DISTRIBUTING** and run in the paper by Dr. Ed Young, Editor-In-Chief of the *LIBERATOR*.

Then "Ms. Ekker" "has also made disparaging remarks about USP. In the Dec. 29, 1992 issue of the *Phoenix Liberator*, Ms. Ekker(s) told readers that USP has tried:

THE WORD

Tapes, Transcriptions & Videos

In addition to audio tapes of meetings with Commander Hatton and written transcriptions of some taped topics, **THE WORD** also offers other tapes and videos on selected topics.

Donations to cover the costs of tapes are \$4.00 for one tape, \$6.00 for two tapes and \$2.50 per tape for three or more, except where otherwise noted. The transcriptions are \$3.00 each. (Mexico or Canada add \$0.25 and other foreign countries add \$0.50 per tape or transcription.) Postage is included in tape and transcription prices.

Please send check or money order to: **THE WORD, P.O. Box 6194, Tehachapi, CA 93582** or call 805-822-4176 if you have questions or you wish to use your Visa, Discover or Master Card.

If you desire to *automatically* receive tapes from future meetings, please send at least a \$50 donation from which tape costs will be deducted. We will try to notify you as your balance reaches zero.

Special Order tapes are noted below by * and are not automatically sent since this material is usually either already in print or will be soon. Available written transcriptions are noted by #.

The following is a complete list of meeting dates with the number of tapes in bold in parentheses and mentioning if the meeting has a special focus:

2/22/92(4); 3/14/92(4);	7/26/92(3);
3/21/92(2); 3/28/92(1); 4/4/92(3);	8/3/92(2) radio program, KTKK;
4/12/92(2) a talk at local Community Church;	8/8/92(2);
4/13/92(1) # "What is a Semite?";	8/31/92(2) Anti-Christ Banksters;
4/17/92(1) # "Who Were the First Christians?";	9/5/92(2);
4/25/92(2)* # "The Photon Belt";	9/12/92(2) radio program, KTKK;
4/26/92(3); 5/1/92(1) "L.A. Riots and The Bigger Plan";	10/4/92(3); 10/10/92(2);
5/2/92(3);	10/17/92(2) radio program, KTKK;
5/8/92(2) radio talk show;	10/24/92(2); 11/1/92(2);
5/9/92(4);	11/1/92(1) radio program, New Mexico;
5/11/92(3) * "Silent Weapons For Quiet Wars";	11/8/92(2); 11/14/92(3); 11/22/92(2);
5/13/92(3) meeting with European visitors over lunch;	11/25/92(1) radio program, Gallup, NM;
5/16/92(3); 5/23/92(2);	11/29/92(2); 12/6/92(2);
5/30/92(3)* "The Divine Plan and Places In Between" tapes 1-3;	12/6/92(2) <i>Cosmos</i> Patriot Group-I;
6/1/92(3); 6/4/92(2); 6/6/92(4);	12/7/92(1) <i>Cosmos</i> Patriot Group-II;
6/13/92(3); 6/21/92(3); 6/27/92(2);	12/12/92(2) <i>Cosmos</i> Patriot Group-III;
6/28/92(2) radio program, KTKK, Salt Lake City, UT;	12/13/92(2); 12/20/92(2);
6/30/92(3)* "The Divine Plan and Places In Between" tapes 4-6;	12/31/92(1)* Constitutional Law Center;
7/4/92(2) radio program, KTKK;	1/2/93(2);
7/12/92(3);	1/14/93(2) Seminar speech by Retired Police Officer Jack McLamb;
7/18/92(2) radio program, KTKK;	1/16/93(2); 1/23/93(3); 1/30/93(2);
	2/6/93(1); 2/13/93(2); 2/18/93(2);
	2/20/93(2) radio program on KTKK featuring Soltec with Hatton;
	4/4/93(3) including Soltec and Sananda;
	4/10/93(2) radio program KTKK;
	4/24/93(3); 5/2/93(2); 5/16/93(2);
	5/23/93(3); 6/20/93(2);
	6/20/93(1)* Mystery Virus in New Mexico.

#1- #5 Corporation Lectures (\$5 each tape).

THE WORD NOW ACCEPTS VISA, DISCOVER OR MASTER CARD

"...TO STOP THE INFORMATION FROM THIS WONDROUSLY GIFTED SCRIBE (RUSSELL) WHO BROUGHT THE TRUTH OF DIMENSIONAL LIFE...UNTO YOU...THESE ELITE SWINE HAVE NOW ALLOCATED A MINIMUM OF \$215 MILLION DOLLARS (PLUS, ACTUALLY, UNLIMITED FUNDS) TO KEEP YOU FROM HAVING THIS INFORMATION. THEY HAVE ATTEMPTED DEATH UPON MY OWN SCRIBE FOR HER WRITING ON THIS SUBJECT WHILST RUSSELL, HIMSELF, SAT IN DICTATION. THEY KEEP UNDER CONSTANT SURVEILLANCE AND TERROIZING [SIC] MANIPULATIONS..."

Again a "sic"? Goodness, the courts are allowing sloppy work to sift through aren't they?

Well, I, Hatonn, apologize for calling anyone "elite swine" in any kind of derogatory manner—it could be considered as insulting, I suppose, by the wrong entities. I have no pick with the ones of USP at this time and I certainly mean no defamation by reprinting the above. I do now declare, however, that the second point in great issue and certainly adequately denied by US&P is the availability of \$215 million etc. Well, that, too, it seems in retrospect came as information directly through the attorney, Mr. Tips, and in checking it appears it was brought to "his" attention by one, George Green! As for the terrorizing and surveillance? Well, during that period of time ones who CLAIMED to work for US&P FOLLOWED CONSTANTLY ALL THE PARTIES HERE INVOLVED IN ANY WAY. The Ekkers were chased at high speeds and would have been RUN OFF THE ROAD. Every effort was made to gather information and bring damage. If this is not so—we have yet to be shown evidence OTHERWISE and, obviously, participants have vanished!

Now, to the US&P—IS THIS REPRINTING CONSIDERED EKKER'S CONTEMPT IN SPEAKING OF US&P OR MR. GREEN'S FOR SENDING THIS OUT TO THOUSANDS OF READERS? IF IT BE THE EKKERS—WE DO MAKE HUMBLE APOLOGY TO YOU FOR INVOLVING YOU IN THIS PRINTING. WE DO NOT, HOWEVER, HAVE ANY WAY TO RESPOND TO OUR OWN INQUIRERS WITHOUT REPRINTING FROM THE DOCUMENT IN HAND.

Now a bit more interesting is another section (thank you, reader, for pointing it out to us) which is interesting indeed and again, I have to ask—is this supposed to relieve you, Mr. Green, or incriminate you for your own actions?

"...threatening future publication...did not create grounds for sanctions. Plaintiff has not demonstrated that the Ekkers actually are trying to find another pub-

lisher, and has not offered any proof that the Ekkers currently have any books in their possession which they plan to sell..." and, "The court cannot find, by clear and convincing evidence, that defendants knew in July that an injunction was to issue and transferred possession simply to avoid the court's mandate. There is no direct evidence that this was the purpose between Tehachapi and the defendants in this action."

The next I find so tampered with, interesting and amusing as to speak for itself. Why, Mr. Green, all the little inserts and suggestions? There is not now, NEVER WAS nor ever shall be ANY CONNECTION AT ALL BETWEEN THE EKKERS AND TEHACHAPI DISTRIBUTING. YOU KNOW THAT BETTER THAN JUST ABOUT ANYONE, SIR, BECAUSE RICK WAS YOUR OWN OFFICE MANAGER FOR A VERY LONG TIME AND YOU SEPARATED IN ANGER AND ALL BUT FIST-FIGHT. YOU OWED HIM A WHOLE BUNCH AND YOU SIMPLY SKIVED OFF MORE IN ACTUAL CREDIT CARD CHARGES—LIKE ABOUT \$12,000. TO EFFORT TO MAKE IT APPEAR CONNECTIONS WERE BETWEEN EKKERS AND TEHACHAPI DISTRIBUTING IS MORE POINTEDLY ACCUSATORY TO SELF THAN TO ANY OTHER PARTY HEREIN MENTIONED.

COURT DOCUMENT (??) PAGE 4: Most of the allegations in plaintiff's motion for civil contempt concern the distribution and sales efforts of Tehachapi Distributing Inc. Defendants George and Desiree Green and America West Publishers transferred copies of the enjoined works to Tehachapi Distributing Inc. in June or July, before this court issued its injunction....Though plaintiff alleges that defendants and Tehachapi are related parties, ("defendants evidently have set up shell corporations to hide their scheme of continued publication"); ("of course, there must be some business or other relationship between these parties"), plaintiff has not offered any direct proof that Tehachapi and any of the defendants are related.

Does any OTHER reader find these speculations inserted into the middle of a court document interesting?

It is further of interest to note that later the recognized statement of "the Ekkers' counsel" was entered that: "neither of the Ekkers has any interest in, control over, or ownership of Tehachapi Distributing, Inc., or any other distributor of enjoined books for this matter"; counsel also guaranteed plaintiff's counsel that "I am informed that Defendants have no infringing works to deliver up to you or the court." See letter from Scott Tips to Timothy Buchanan, January 11, 1993.

This must be one of the most elusive letters in history because the first letter written by Mr. Tips was constructed by MR.

GREEN WITHOUT EKKERS' KNOWLEDGE IN ANY WAY, SHAPE OR FORM THROUGH LEGAL DOCUMENT WHICH SHOULD HAVE BEEN SERVED OR OTHERWISE. ATTENTION WAS BROUGHT TO EKKERS BY MR. MARTIN THROUGH A PHONE CALL FROM MR. GREEN'S OFFICE PERSON, GRANT, IN CARSON CITY, NEVADA. THE ORIGINAL LETTER SHIFTED ALL BLAME FOR ANY POSSIBLE SALES COMPLETELY AWAY FROM THE GREENS AND AMERICA WEST(S) DUMPING CONTEMPT OF COURT (IN BLIND IGNORANCE) ON THE EKKERS. That letter was STOPPED after it was in its envelope for mailing and the letter in point (we guess) was written instead. However, Ekkers have never received a copy of said letter and all copies of same have come inadvertently from other resources. Is that not ALSO strange?

I wish to add, that during the time of transfer by Mr. Martin of the books to the court—Mr. Timothy Buchanan was in the loop making the decisions as to what to do with the books as was Mr. Tips. At the request of Mr. Green, Mr. Tips did, in fact, later effort on Green's behalf to get those books released FROM THE COURT after telling his clients and customers that he "had the books and the court didn't want them any more"—WITHOUT ANY NOTIFICATION OF CO-DEFENDANTS EKKERS! Again, Mr. Martin found out this information from out-of-state callers no less.

I find it no wonder that my scribe thinks herself having gone "bonkers" from time to time.

I find no pick with US&P. I do, in fact, have reason to believe they were misled and set-up for this encounter deliberately by these rascals. I know that one "John Coleman" was greatly involved as was George Green who, at the time, boasted a friendly, personal relationship with Binder, president of US&P. Perhaps the US&P was "had" as badly as the Ekkers and Institute?? Perhaps someone might wish to find out and share. In addition, I do not recall saying the "Elite swine" were at US&P! Perhaps the University of Science and Philosophy might wish to investigate just who did what to whom along this journey! NEVER would I EVER wish to hide or reject any works by one Walter Russell. Otherwise I refrain from comment. I have NOTHING save good and honorable respect for Dr. Russell in every instance of his scientific theories and projections. I would, further, only have honor for any institution so honoring this man. Indeed, I think the shoes may have been seen on the WRONG feet.

(Editor's note: On page 10 of last week's CONTACT we shared a quite scholarly letter from Richard A. Landkamer to George Green, asking the kinds of questions that any good, unbiased

researcher would ask in an attempt to get to the bottom of the matter. We were anxiously awaiting George's response, especially since we know THE TRUTH of the matter. We expected at least a new fable of some entertaining merit.

Well, we just received from Mr. Landkamer a copy of George's reply to him. We share this with you and, of course, let you be the judge of who has what to hide in this matter!

To help you appreciate what is going on here, while the envelope (1) was addressed in George's own handwriting, the "gracious reply" was the "short-but-sweet" and unsigned, but typed and dated, 2-line letter (2) saying, "SAVE YOUR MONEY!! We will return all future mailings as unclaimed." Note (3) Mr. Landkamer's practical words to George's gofer...I mean, lawyer. And finally, Mr. Landkamer's note to Rick Martin (4). We suspect Mr. Landkamer has figured out what he wanted to know about "our" "favorite" George!

June 12, 1993

Dear Rick:

In today's mail, I received this "reply" from George Green. I suppose there is a remote chance that Green's attorney, David Horton, will respond to me, but I am not holding my breath.

Richard A. Landkamer

JUNE 9, 1993

SAVE YOUR MONEY!!

We will return all future mailings as unclaimed.

June 12, 1993

Dear Mr. Horton:

If your client, George Green, wants to win his legal battles, etc., then I suggest that you give him some counseling in elementary public relations. If he impresses a jury like he impresses me, then he will surely lose.

Richard A. Landkamer

IS AMERICA STILL THE LAND OF THE FREE?

ARE YOU FREE:

When over 50% of your hard-earned money is stolen by fraud, via taxes, to support a government gone mad?

When one can't drive on "free"-ways or public streets without a driver's license or vehicle registration?

When one must pay "ransom" to some insurance company before one can drive one's vehicle on public streets and highways?

When one must send one's children to a government licensed school or the State will kidnap or confiscate your property, your kids, if one rebels?

When one's church or religion must be licensed by the State or go underground?

When the nation's police are more of a threat to life, liberty, and property than the so-called "common criminal"?

When one must ask the State for permission to marry?

When one cannot practice free enterprise without being licensed and taxed by the State?

When one will be jailed for exercising God-given rights without State permission?

When one must buy freedom movement or underground publications to learn the truth because the establishment media puts out mostly propaganda?

When the State tells one where, when, and how to build on one's own property and even demand prior approval before modifications can be undertaken?

When America has more political prisoners under lock and key than all other nations and is building concentration camps to house even more?

When every financial transaction one makes is made available to government snoops, upon demand, but without one's personal knowledge or consent?

When government and the people have no common interest whatsoever and must live together in a state of perpetual hostility?

When everything you and your children will ever own is mortgaged to the world's bankers and collectible on demand?

No, my dear fellow Americans, if you think that America is still the "land of the free," you are living in a dream world and must still believe in fairy tales. **WAKE UP TO REALITY** and pray to God Almighty to heal this land. In the meantime, seek out and join together with your local patriot group, for their goal is to **RESTORE THE AMERICA OF YOUR DREAMS! GODSPEED!**

Hydrogen Peroxide Use For Purification Of "Stuff"

Editor's note: We are re-running this important information on the purification uses of Hydrogen Peroxide not only because of its bearing on the Gaia Resources products (on the next-to-last pages) during these warmer summer months, but also because of the Elite's water contamination and other "plague" introduction plans.

4/27/93 #1 CERES 'ATONN

NECESSARY INSTRUCTIONS: GAIANDRIANA AND OTHER "PRODUCTS"

As we sit to pen this information I am at a loss as to how to keep you from thinking me idiot-material. However, you who already have past information, say, regarding Hydrogen Peroxide and its antiseptic-antibiotic properties, please be patient while we offer information to those who have not received same. Further, Summer is upon you and such as Gaiandriana and the Mo-Gu starters and/or tea need updated care instructions. [See next-to-last pages for the New Gaia Products being referred to here.]

We have gotten back from ONE who said he had the "stuff" tested and found a few bacteria, a virus or two and some E. Coli in the test-run. If it were the Gaiandriana I question that result very, very much. **It is important for you to know that in the culture medium utilized there is a combination of items which CREATE AND PRODUCE HYDROGEN PEROXIDE in the Gaiandriana transformation.** This will purify the liquid. This does not mean that you cannot contaminate the bottle in some manner. However, since intake decreases, usually, let us consider the "setting" bottle, etc. Of course it is recommended that you store the larger quantity in refrigeration facilities.

HOWEVER, if you have no refrigeration facilities, etc. Place the equivalent of 10 drops of food-grade (35%) hydrogen peroxide (H₂O₂) in a small quantity (approximately an ounce) of water (to first dilute the H₂O₂) and then add this diluted H₂O₂ to the 32-ounce

Gaiandriana or Aquagaia bottle. Remember to scale down the number of H₂O₂ drops utilized for the smaller 16-ounce and 8-ounce product bottles. The Gaiandriana or Aquagaia will continue to thrive and the unwanted bacteria and/or any virus will be destroyed and then actually removed by ingestion by the Gaiandriana or Aquagaia activity.

The "tea" (Mo-Gu) is a very different matter. You are making a very sweet growing medium for the membrane and in addition you are growing it in a warm condition (necessary) and further you are setting it for a couple of weeks or so, give or take a bit. What do I suggest? Well, I suggest that probably you won't want to ship much "tea" during the hot months because of lack of refrigeration in route. But, you CAN purify the water used in making the tea with the general rule-of-thumb water-purification formula of 7-10 drops of 35% food-grade H₂O₂ per gallon of water—which will additionally help enhance the membrane growth.

Then, later on, as you process or "harvest" the finished Mo-Gu tea product, and store it in the refrigerator, add another 7 to 10 drops (say, for a gallon storage container of Mo-Gu, with scaled down number of drops for smaller storage containers) of the 35% food-grade H₂O₂. Again, first dilute the H₂O₂ in some water before adding to the Mo-Gu. You will not taste it and neither will it hamper the value.

I always suggest, in adding any 35% food-grade H₂O₂ to anything, that it be **DILUTED FIRST**. Just as you must NEVER drop concentrated anything into the mouth (for it would damage living cellular structures), neither do you dump it full-strength into living culture medium. Dilute it in a bit (say, an ounce) of water first and STIR rapidly whatever it is you are dumping the diluted H₂O₂ into for purification purposes. Naturally, if just purifying a gallon of water, there is no need for active stirring, though a little closed-container agitation (a few shakes) won't hurt.

GETTING "SLIMED"

Another question: What about that

slimy goo in the bottom of the bottle of Gaiandriana or Aquagaia if left out of refrigeration? GOOD GOO! I suggest you now go get some FOOD-PROCESSED ALOE VERA LIQUID. Take a half cup or so of it (some of it is even orange or lemon-lime flavored, etc.) and dump in the "goo" and last portion of a Gaiandriana or Aquagaia bottle. Or, strain the "goo" out of its original bottle and place it into the new aloe vera "home". Leave set for a couple of days and you will have a concentrated batch of Gaiandriana or Aquagaia product which will be an addition to the original bottle.

This is NOT a replacement for the original batch you get for it will not contain all you need. However, in ones who intake products which tend to kill off a portion of the Gaiandriana in the body (like caffeine in coffee)—this will enhance the potency—even if you just drink a little. Remember, Aloe Vera itself has a tendency to make some people feel "queazy" so DO NOT OVERDO how much of this you drink!! However, a full-blown AIDS victim could take ten times a "normal" amount and only improve—for perhaps "feeling good" is a very relative state of being.

Some people are going to run fevers and have "crisis" symptoms as healing takes place. If this goes on for very long, look to other health problems for the cause. First, treat the "liquid batch" with hydrogen peroxide as above described. THEN start on a regimen of hydrogen peroxide according to the instructions given again herein [chart on following page at bottom].

I happen to know that you do not need to work up to any 25 drops as the instructions [following] claim UNLESS you are suffering from flu, infection, or other maladies. If you are "well" and "anything" makes you feel bad—either stop it or, certainly, decrease the amount. USE YOUR REASONING MIND!! Like anything of this nature—TOO MUCH WILL MAKE YOU SICK OR BE DETRIMENTAL—EXCEPT WITH GAIANDRIANA—AND THEN EVEN THOUGH YOU MIGHT NOT FEEL GOOD (BECAUSE OF THE OVERDOSE OF ALOE FROM THE CUL-

TURE MEDIUM), YOU WON'T HURT YOURSELF.

HYDROGEN PEROXIDE — H₂O₂ **(35% Food Grade)**

Purchase a small eye dropper bottle at the drug store. Fill your small dropper bottle from the large bottle as needed. The large bottle may be stored in the refrigerator or in the freezer inside another plastic container. The small eye dropper bottle should also be kept in the refrigerator. **Always use caution when handling 35% hydrogen peroxide!**

DO NOT use with carrot juice, carbonated drinks or alcohol. For best results, take on an empty stomach 1 hour before a meal or 3 hours after meals.

Formula: Mix the number of drops of 35% hydrogen peroxide into at least 6 oz. of distilled water, juice or milk and stir vigorously, then drink the mixture. Some people eat 1/4 to 1/2 of a banana immediately after drinking the solution. You may prefer something else to eat.

If your stomach gets upset at any level, stay at that level or go back one level. Then proceed to increase your daily dosage again.

When free of complaints you may taper off by taking:

25 drops once every other day for 1 week,
25 drops once every 3rd day for 2 weeks,
25 drops once every 4th day for 3 weeks.

A good maintenance could be 5-15 drops per week, or whatever makes you feel good.

If you get the 35% hydrogen peroxide on your skin rinse it under running water for several minutes.

Soak feet: 1-1/2 oz. 35% to 1 gal. of water.

Bath: 16 oz. 35% to a tub of water to detoxify.

Colonic: 1/2 pt. of 3% per 5 gal. of water.

Douche: 6 tablespoons of 3% per qt. of water.

Candidiasis: 1 drop of 35% 3 times a day; then increase schedule.

For the more serious complaints, stay at 25 drops 3 times per day for 1 to 3 weeks. Then graduate down to 25 drops two times per day until your problem is taken care of. This may be from 1 to 6 months.

If you have a weak stomach you may experience nausea similar to that in pregnancy. Also as dead bacteria or various forms of poisons are released you will experience a cleansing effect as they are released through the elimination organs

of the body: skin, lungs, kidneys and bowels.

Some reactions to the cleansing effect could include skin eruptions, nausea, headaches, sleepiness, unusual fatigue, diarrhea, head or chest cold, ear infections, boils or any other ways the body uses to loosen toxins. This is a natural cleansing of the body and should be of a short duration as you continue to maintain your program.

Formula to make a 3% solution of hydrogen peroxide. Put 1 oz. of 35% hydrogen peroxide in a pint jar. Add 11 oz. of distilled water. This will give you 12 oz. of 3% H₂O₂. Use also for brushing teeth and applying to skin sores.

Do not use 35% H₂O₂ if you have had a transplant.

TO THOSE OF YOU WAITING **FOR NEW STRENGTH OF PRODUCT**

Because I have mentioned that work is being done on strengthening the Gaiandriana, some of you are backing off and waiting. Please don't do that for research is being done and it will be a while. In addition, one of the items in the medium is being removed in order to enhance the strength. This will mean that you can get the same basic result by adding some food-processed aloe vera to the initial product which will allow a higher level of Gaiandriana presence. Gaiandriana will only grow to its level of fuel (food) available—so just treat the product accordingly.

I am, further, requesting that all further product be receiving hydrogen peroxide for purification purposes. Any

that YOU ADD, however, will only enhance—not damage.

OTHER PRODUCTS

We have tried to make available other products to use in conjunction with the Gaiandriana. **USE YOUR REASON HERE ALSO!!** If something makes you feel bad—don't use it!, cut back on amount or forget it altogether. These are all natural substances so remember, if you are eating anything that makes you feel bad—you quit eating it, right? Just continue the Gaiandriana—I promise you—it is not making you ill. If you are reacting, then it may be due to the "base" or "combining" substance in tableting, etc.

CHLORELLA

We get complaints about chlorella causing indigestion, etc. Chew the tablets or dissolve in a bit of liquid before intake.

Now again, use reason. Are you still eating in addition to the chlorella? Well, perhaps you will wish to reduce the intake. It is better for you than food but you **DON'T NEED EVERYTHING**. We are efforting to show you what you could take with NO food in survival situation **AND STILL BE ABUNDANTLY HEALTHY**. Adjust your intake accordingly. If you are caught in an emergency and need survival sustenance—now you know what to take for health needs.

You can subsist on chlorella and water alone. Add Mo-Gu tea, a bit of spelt bread and some lentils (preferably red)

DAY #	NUMBER OF DROPS	TIMES PER DAY	
1 -	3 -	3 -	
2 -	4 -	3 -	
3 -	5 -	3 -	
4 -	6 -	3 -	
5 -	7 -	3 -	Adding 7 drops 35% H ₂ O ₂ to 1 gallon drinking water purifies it. Shake well.
6 -	8 -	3 -	
7 -	9 -	3 -	
8 -	10 -	3 -	
9 -	12 -	3 -	(* Food Grade)
10 -	14 -	3 -	
11 -	16 -	3 -	
12 -	18 -	3 -	
13 -	20 -	3 -	
14 -	22 -	3 -	
15 -	24 -	3 -	
16-22	25 -	3 -	

and you can live healthily ever after—in other words, it would not be malnutrition that would “getcha”. AND ALWAYS KEEP FOOD-GRADE HYDROGEN PEROXIDE AVAILABLE TO PURIFY EVERYTHING. REMEMBER, 7 DROPS OF 35% FOOD GRADE HYDROGEN PEROXIDE TO A GALLON OF WATER WILL PURIFY IT AND THE WATER WILL PICK UP A MUCH IMPROVED “FLAVOR” OF FRESHNESS—UNDER MOST CIRCUMSTANCES NOT EVEN NOTED AT ALL. THIS is why one of the first items confiscated from health food stores, labs, and so on—IS HYDROGEN PEROXIDE IN FOOD GRADE. I remind you readers of long standing: the best treatment for arthritis and other seemingly “incurable” diseases is hydrogen peroxide therapy in accompanying regimen of Gaiandriana which moves in and restores the cellular restructuring of self.

CRYSTAL LIFE

That is an exceptional product but has become almost out of sight expensive. However, the best results with Gaiandriana are being reported with continued, even if remarkably decreased amounts, of Crystal Life continued right along in conjunction with the Gaiandriana—mixed or otherwise. About 8 to 10 drops mixed or separate under the tongue three times a day is excellent. In illness, however, increase within reason. If I did not already state it prior to this—add 7-10 drops of hydrogen peroxide per quart to the Crystal Life also—especially if non-refrigerated, after opening. This will decontaminate any possible “unwanted visitors” and not damage the product.

WATER

I cannot urge you often enough to TREAT your faucet water. Even if you have a reverse-osmosis unit—treat that water with proper amounts of hydrogen peroxide for YOU DO NOT KNOW WHAT IS IN THAT WATER. IT WON'T HELP CONTAMINATION BY TOXINS BUT IT WILL TAKE CARE OF THE VIRAL OR BACTERIAL CONTAMINATES. IT IS CHEAP AND NON-TOXIC IN PURIFICATION AMOUNTS. The best mouthwash and gum enhancer is a mouthwash of several drops of hydrogen peroxide in a fourth cup of water (or so) and cleanse mouth after brushing (or just do it several times a day as convenient). If the solution is “light” just swallow the wash—it can only help you unless you have an active mouth infection. Moreover I suggest keeping some hydrogen peroxide near and handy to drop a few drops of undiluted peroxide on your

toothbrush a couple of times a week—or daily—whatever. You will have a sterilized brush and stop spreading germs and recontamination.

SPILLING

If you spill full strength (35%) peroxide on your skin—it will burn you. Rinse immediately under water and it will be fine. It will bleach so rinse anything that gets spattered—in water. It is simply one of those substances which needs to be handled properly. Peroxide offers so many “cleaning” uses that I won't even effort to list them—but you will find it about the most useful item around your kitchen, bath, etc. You can find information at health food stores and vitamin supply outlets.

Our people may also be able to direct you or help you with product or information; I do not attend those things unless brought to my attention. We offer these things as a service rather than a

major business so we are perhaps remiss in full-range material. We can do better when the full load eases a bit. Thank you for your patience and loving support of the ones who have taken this load on in addition to their other tasks—ever without complaint and ever wishing to help and please. At present they are trying to build refrigeration facilities to bring you exceptional product as the months heat up and yet do so with very, very limited resources—so we do thank you for your patience. With George Green's attack on the Institute a lot of things have had to wait or be actually closed down until the audits are over and the reclamation can begin. As you might realize, the impact has been great on all entities in these projects. It is fine—rewards will be in like measure to that which is given forth.

I ask that this message be both run in the paper and sent in addition to all packings in mailings of product.

Thank you.

“Clam chowder—Ingredients: clams, potatoes, water, hydrolated plant protein, sodium phosphate, calcium carbonate, butylated hydroxytoluene. For external use only.”

New Gaia Products

GAIANDRIANA

Gaiandriana is a non-alcoholic health tonic which provides basic "foods" to help cells, weakened by the stresses of modern life, to return to a state of health.

The better our cells function, the greater is the stamina returned to our internal defense systems, and the better we can counter the constant onslaught of biological and viral invaders. The end result is a feeling of well-being by, of course, being well!

The Gaiandriana (commonly referred to as "chondriana" in the Biological literature) are capable of intelligent, organized attack against cellular invaders like viruses. Think of it as a "pac-man" operation of sorts. However, beyond that, the Gaiandriana are capable of stimulating cellular structural repairs due to damage caused by, for instance, free radicals and cumulative levels of so-called "background" radiation in our modern environment. Healthy DNA and RNA within the nuclei of our cells then lead to properly formed and concentrated enzymes, upon which healthy cellular function depends.

Gaiandriana liquid is made entirely from wholesome natural ingredients.

AQUAGAIA

Complementary to the Gaiandriana product, Aquagaia is also a non-alcoholic health tonic which provides basic "foods" to help cells, weakened by the stresses of modern life, to return to a state of healthy function.

Aquagaia contains *mitochondria*. These are the major biochemical energy "processors" within cellular metabolism. First, enzymes begin the breakdown process of organic nutrients (like fats, carbohydrates and proteins) to intermediate substances such as amino and pyruvic acids. Then, in the next "bucket brigade" step, these various acid molecules are processed within the mitochondria to release chemical energy recognized as adenosine triphosphate (ATP).

About 95% of the energy needed to "run the machinery" that keeps each cell going and healthy is produced in the mitochondria. Unfortunately, the mitochondria are particularly damaged by free radicals and cumulative levels of so-called "background" radiation in our modern environment. These compromised mitochondria, like half-dead batteries, then lead to impaired cellular functioning and health. Thus is the importance of Aquagaia, with its assimilable

supply of healthy mitochondria — like "fresh batteries" for the body's cells.

The better our cells function, the greater is the stamina returned to our internal defense systems, and the better we can counter the constant onslaught of biological and viral invaders. The end result is a feeling of well-being by, of course, being well.

2/11/93 #2 HATONN

GAIANDRIANA AND AQUAGAIA:

To help in understanding the workings of these organic "pac-men" you must realize that there is a protein covering "cap" on viruses. The protein cap is centered on a charged zinc atom and is the part of the virus that recognizes and binds to DNA—in turn allowing the virus to reproduce.

Aquagaia, in conjunction with the Gaiandriana, knock out the zinc atom (a simple "charge" change), which renders the protein ineffective. This is a breakdown of "parts" of the Gaiandriana male/female DNA structure which release many working variants but frees the Gaiandriettes or "killers" to take out that zinc atom and pass right into the affected cell. Without the "cap", the virus cannot reproduce and infect more cells—further, the damaged virus feeds the Gaiandriana unified cells and the circulating mitochondria.

Healthy cells are not affected because they lack the zinc-centered protein cap on the virus.

These "Gaia" compounds have an effect on cancer cells because they stop an enzyme on the cancer cells from producing a "messenger" molecule that blocks a second enzyme from attacking the cancer cell's DNA. The compounds (Gaia) have been seen to actually take out leukemia, breast, brain and colon cancer cells. We have no claim to anything other than stating that people utilizing these simple and natural substances do show improved well-being and do report feeling generally and, often remarkably, improved as to state of health, thought processes and stamina.

The obvious conclusion is that there might well be good reports of better health and faster recovery following infection by other viruses than those mentioned above. All viruses known react in generally the same manner.

It is known that many diseases are due to retroviral DNA and these are the most affected viruses by the Gaia-chondrianas (living crystal forms). We, again, make no medical claims—we

are simply reporting in an effort to explain WHAT takes place within the cellular structures of living organisms. If you really want to witness remarkable growth in plants and good stamina and health in pets and other animals—try a little of these additives as you would vitamins or fertilizers. Use in a mildly vitamin C based solution on same. At transplant time for garden plants and houseplants—soak their little root systems in this natural and mild solution. Just add a tablespoon of Gaiandriana, a few drops of liquid vitamin C or C-crystals to a quart of water and let set for 48 hours—then it is ready for use. It will not negatively interact with anything other than perhaps harbored viruses and disease spores and organisms.

NOTE

If any product you receive has an unpleasant odor—it is from the finishing culture process. Leave the bottle open to air and it will quickly dissipate. Then, depending on taste and preference—refrigerate after opening and reclosing.

IMPORTANT: Do not mix the two, Gaiandriana and Aquagaia, together for storage as the Aquagaia (mitochondria) is aggressive and begins to "eat" the Gaiandriana for fuel. They go about their appointed tasks once ingested, but in bottle prisons they are not particularly compatible once the available fuel supply is exhausted. Juices are excellent to take with the Aquagaia because the mitochondria must have the fuel derived from same, the most effective juice being from the tropical "Guava" fruit. Any juice is fine, however, and is most pleasant to intake. Diabetics should utilize whatever juices are available on their food plan to keep within the safe guidelines for calories and other requirements.

The most innocuous and easy intake available is simply a few drops under the tongue, both products taken at the same time or at different times of the day. Once the "initial" program is begun and maintenance is followed, certainly the drops under the tongue are the least annoying to any daily regimen.

A-C-E ANTI-OXIDANT FORMULA

There is growing evidence that essentially everyone in our society is exposed to free radicals, now more than ever. While free radicals are normal products of our cells and have certain beneficial roles in the body, increased levels of free radicals in our body tissues can be detrimental to our health.

Free radicals are highly unstable substances produced in the body through, among other routes, the metabolism of oxygen. Free radicals multiply through a series of chain reactions and can attack the polyunsaturated fatty acids of cell membranes. Unless excess free radicals are neutralized, they can cause considerable damage to the structure and function of cell membranes, and thus the cells themselves. The

products from free radical reactions are implicated in the progressive accumulation of deleterious cellular changes over time, which may eventually result in recognizable disease. Free radical damage is implicated in the initiation and promotion of many cancers, as well as hardening of the arteries.

One area of Aging Research suggests that free radicals damage body cells and cause the pathological changes associated with aging. Besides being byproducts of the metabolism of oxygen, such as during strenuous exercise, we also generate significant levels of free radicals from the environment, such as from so-called "background" levels of ionizing radiation.

Cooperative defense systems that can protect the body from free radical damage include certain enzymes and the antioxidant vitamins A, C, and E and beta-carotene, which protect cell membranes from oxidative damage. Vitamin E, one of the fat-soluble vitamins, is present in the blood as α -tocopherol and is well accepted as the major antioxidant in lipid body tissues. Vitamin E is considered the first line of defense against cell-membrane damage due to peroxidation. Vitamin E scavenges free radicals, terminating chain reactions and confining damage to limited areas of the membrane. Selenium contained in the enzyme glutathione peroxidase is the second line of defense that destroys peroxides before they can damage cell membranes. Beta-carotene, a precursor of Vitamin A, also traps free radicals. Vitamin C is water soluble and serves to neutralize free radicals in aqueous systems.

The antioxidants show promise as cancer-prevention agents, alone and in combination.

GINKGO BILOBA

(Ginkgo Biloba extract 24%)

The Ginkgo Biloba, or Maidenhair tree, is one of the oldest living species on this planet. Ginkgo has flourished almost unchanged for 150 million years, and its ancestors can be traced back 250 million years. It is because of this antiquity that the Ginkgo Biloba tree is called "*the living fossil*". Individual trees are believed capable of living 2000 to 4000 years. During the last ice age, Ginkgos nearly became extinct. These trees survived only in China and other parts of Asia, where they stayed until approximately 1,000 years ago. At that time, Ginkgo trees were also planted around monasteries in Japan, where they still live today.

The name *Ginkgo* may come from the Chinese *Sankyo* or *Yinkuo* (Yin Guo), meaning "hill apricot" or "silver fruit". The word *biloba* means "two lobes" and describes the young leaves. Although modern medical research focuses mainly on the leaves of Ginkgo, the Ginkgo fruits and nuts have been used in China since time immemorial as a delicacy and tonic food. Ancient Chinese texts record Ginkgo's use as a medicinal agent as far back as five thousand years ago.

The Ginkgo Biloba extract is a complex compound. The green leaves of the tree are

usually harvested from trees grown on plantations in South Korea, Japan and France.

Ginkgo is reported to have a natural affinity for the nervous system. It also seems to stimulate the vascular and endocrine systems that, in turn, strongly affect the function of the nervous system, possibly increasing the capacity for normal physical activity, and the flow of blood to the brain. Some research indicates the possible effectiveness of Ginkgo in the treatment of *Alzheimer's* disease.

Due to its pharmacological properties, Ginkgo is now widely used throughout Europe for treating many forms of vascular disease. In a survey of packaging information of European products, Ginkgo has been recommended for such ailments as headaches, vertigo, inner-ear disturbances, diminished intellectual capacity and alertness as a result of insufficient circulation to the brain, anxiety, and depression, to name a few.

Ginkgo Biloba Extract (24%) is concentrated from the leaves of the Ginkgo Biloba tree. The highly specialized extraction process yields a 50:1 concentrate from the leaves (50 grams of leaf produce 1 gram of extract). The extract is then further standardized to contain 24% of the active Ginkgo Flavoglycosides.

MO-GU ELIXIR

The first recorded use of Mo-Gu Elixir was during the Chinese Tsin-Dynasty in 221 B.C. It was referred to as "*The Remedy for Immortality*" or "*The Divine Tsché*".

It has been well documented that there are certain people who live to be well past a hundred years of age. These people live in such areas as the mountainous Caucasus, Yakutia in Siberia, the Poltava District of the Ukraine, Tibet and Spain. There is an area in Russia called Kargasok where the people are a dairy- and vegetable-eating populace. Centenarians are common among these people. They attribute their longevity to the Yeast Enzyme Tea (Mo-Gu Elixir) which has been in their diet for hundreds of years. It is said that Mo-Gu and yak butter are staples among the dwellers of the high Himalayas.

Mo-Gu has been used throughout history in China, Japan, Russia, Korea, and India. It has been said to promote a feeling of well-being and overall physical restoration. It has been known by many names, some of which are: Fungus Japonicus, Fungojapon Kombucha, Pichia Fermentans, Cembuya Orientalis, Combuchu Tschambucco, Volga-Spring, Champignon de Longue Vie, Teekwass, Kwassan, and Kargasok.

The Mo-Gu fungus constructs in a membrane form and is a symbiosis of yeast cells and different bacteria. Among these bacteria are: *Bacterium Xylinum*, *Bacterium Gluconicum*, *Acetobacter Ketogenum*, and *Pichia Fermentans*.

The Mo-Gu fungus needs to live in a solution composed of common (black) tea and sugar. In the proper temperature environment they multiply constantly. They do not build spores as yeast normally does, but instead multiply by a process of branching.

CHLORELLA

Chlorella is a single-celled, fresh-water algae. Believed to be the first form of life with a true nucleus, chlorella dates back approximately 2.5 billion years, making it *pre-Cambrian*. Through the process of photosynthesis chlorella cells reproduce themselves by cell division at the rate of four new cells every 17-24 hours. It was not until the 1890s that chlorella was identified under the microscope. In naming it, the prefix *chlor* was selected to signify green, while the suffix *ella*, indicates small. Chlorella is the most researched algae in the world and remains the most popular with millions of consumers worldwide.

Chlorella is a nutritionally balanced whole food and contributes to the health and growth of human cells like no single vitamin or mineral possibly can.

Chlorella is extremely high in protein (60%) and contains more than 20 vitamins and minerals, 19 of the 22 essential and non-essential amino acids, enzymes and chlorella growth factor. It is one of the richest sources of RNA and DNA known and has twenty times as much chlorophyll as alfalfa, 10 times more than other edible algae including spirulina, and 10 times more than barley grass.

Chlorella is a natural vitality enhancer. The vitamins found in chlorella cells include: Vitamin C, provitamin A, B-carotene, chlorophyll a, chlorophyll b, thiamine (B1), riboflavin (B2), pyridoxine (B6), niacin (B3), pantothenic acid, folic acid, vitamin B-12, biotin, choline, vitamin K, PABA, lipoic acid, inositol and para-aminobenzoic acid. The minerals include: phosphorus, potassium, iodine, magnesium, sulphur, iron, calcium, manganese, copper, zinc and cobalt.

The amino acids include: lysine, histidine, arginine, aspartic acid, threonine, serine, glutamic acid, proline, glycine, alanine, cystine, valine, methionine, isoleucine, leucine, tyrosine, phenylalanine, ornithine, tryptophan.

The suggested daily consumption is 3 grams per day.

ECHINACEA GOLD PLUS with American Ginseng

In recent years few medicinal plants have garnered as much attention as Echinacea (*Echinacea Purpurea* and *Echinacea Angustifolia*). The genus name is derived from the Greek *echinos*, (hedgehog or sea urchin) referring to the prickly scales of the dried seed head. Echinacea was widely used medicinally among Native Americans, particularly in the Plains. It is a product which is now used widely throughout United States and Europe.

Echinacea is a non-specific stimulant to the immune system. Claims for Echinacea include: stimulation of leukocytes, mild antibiotic activity, anti-inflammatory activity, stimulation of the adrenal cortex, stimulation of the properdin/complement system, interferon-like activity, stimulation of general cellular immunity, and

antiviral activity. Internal preparations are said to assist in alleviating cold and flu symptoms, respiratory infections, and arthritis, to name a few.

Goldenseal (*Hydrastis Canadensis*) is generally placed in the buttercup family. The name Goldenseal was adopted in 1880, previously having been known as Yellow Root. Goldenseal was widely used among the Native American population, particularly among those in the East. The Cherokee used the roots as a wash for local inflammations, for general debility, dyspepsia and to improve appetite. The Iroquois used it for whooping cough, diarrhea, liver trouble, fever, sour stomach, flatulence, and pneumonia. Benjamin Smith Barton first referred to the use of Goldenseal for rattlesnake bites as early as 1793. Clinical recognition of the use of Goldenseal came in the early 1850s and has continued to this very day.

Goldenseal is among the most popular herbs in the American health food market. Uses are numerous, including but not limited to: antiseptic, hemostatic, diuretic, laxative, and tonic/anti-inflammatory for the mucous membranes, hemorrhoids, nasal congestion, mouth and gum sores and eye afflictions.

Ginseng can be literally translated from Chinese as "the essence of man" or "man-shaped precious root." Few medicinal plants in the world possess Ginseng's near-legendary status. Dating back thousands of years, its history of use in the Orient records therapeutic properties so wide ranging that it was first dismissed by Western doctors as a "panacea". When fatigued, Ginseng reportedly restores both physical and mental functions to peak efficiency and, with regular use, improves resistance to disease and stress. American Ginseng's genus name is *Panax quinquefolius*.

Over 40,000 species of mushrooms exist, many of which are used as medicines. Of particular note are such remedies as penicillin- and ergot-based extracts used in migraine treatment, to name a few. Extensive research has been done with one mushroom in particular, namely, Reishi. This mushroom is now considered a tried and true immune system fortifier.

References to the use of Reishi in the treatment of a variety of complaints date back as far as 2700 B.C. in Chinese literature. It is referred to by a number of names, including the "ten thousand year mushroom". The rarity of this particular mushroom has increased its value. The Chinese emperor Shih Huang Ti (250-210 B.C.) mounted expeditions of hundreds, even thousands of men to find the Reishi. Recently techniques have been developed for the cultivation and harvesting of the Reishi Mycelium. Writings about Reishi place it in the category of "fu zheng" herbs and claim it is a medicine that improves the ability of the body to maintain balance by strengthening natural resistance and generally improving health.
