## Connections On Global Scale *Mind Control And The Satanic Cult Of National Security*

*The Front Page story in last week's CONTACT began this outlay on mind control from the perspective of a professional from Germany, who was himself a victim earlier in his life. As Commander Hatonn said in his introduction last week, "Dr. Gresch's experience with Mind Control [is] another tale of terror. But note, readers, the concept is ALWAYS THE SAME and you can SEE the inner connections of a global network closing in on all people, everywhere."*

*We continue here with part 2, through the completion, of Dr. Gresch's excellent document.*

### BEHIND THE DEMOCRATIC FACADES: MIND CONTROL AND THE SATANIC CULT OF NATIONAL SECURITY

by: Hans Ulrich Gresch, M.D.

### FREEDOM OF THOUGHT

It took me years to convince myself that I was a victim of mind control and I hope that I am able to make it easier for people to believe my story and to do

# Connections On Global Scale

(Continued from Front Page)

so more quickly. I am asked why I go through all these horrors of mind control again by writing about it? I can only say that I made a decision to fight against these methods of manipulation because the most precious value of mankind is at stake: freedom of thought.

Freedom of thought and choice is the root of curiosity which is the fertile soil of creativity, joy of discovery, progress and even love. Although I have heard about mind-control projects concerning the whole of society, I would rather argue that at the moment only a small number of people are totally affected in these organized programs and projects. Nonetheless, even mind-control projects on a minor scale are dangerous enough. I hope that the responsible politicians who have been lulled by mind-control scientists with the seductive melody of "fate control" of people will sooner or later recognize the true motives of these psychiatrists and psychologists involved in these deeply covert projects. Deep in their hearts of stone they KNOW that for the rulers of our world mind control cannot pay off because it destroys the only productive capital they have: the inventive human mind.

These scientists are obviously consciously aware of the fact that in a legal frame of reference no authority would allow them to experiment with people in the way they are permitted to utilize in clandestine operations. Above all things, mind control is a tragedy of science.

If God exists, He would probably accept mankind's doing almost everything—wars, destruction of nature, torture—because He vested His creatures with the gift of free will. But I'm not of the opinion that God—let us assume His existence—gives mankind the permission to compete with Him in His own business: the creation of souls.

I am not a "believer"; I'm a skeptic. Sometimes I define myself as an atheist. But some of my experiences during the process of mind-control manipulation, and later on, made me inclined to believe that some kind of supernatural force tries to stop mind control in order to save the planet, because mind-controlled human robots are a new species that will destroy the ecological balance on Earth—if they become too numerous. Mind control is probably much more dangerous than nuclear or chemical weapons. [H: Yes, of course—because weapons are nothing except in the hands of operators.]

These are, however, philosophical questions and are beyond the scope of this report. This is not a general theory of mind control and is not an autobiography. My aim is to convince the reader that mind control, that the production of human robots, is not science fiction, because the methods necessary to bring about mind control are available and are being utilized against all the masses in various measures and means of accomplishment.

The question, therefore, is whether or not these methods are actually employed. Before answering this question I ask the reader to consider whether or not his State (government) is unscrupulous enough to employ

such tactics and do so in utmost secrecy? Do any signs exist that the State is ready to violate the laws in the name of some sort of national security? [Editor's note: As you may know, a major thrust of Cathy O'Brien and Mark Phillips is the repeal of the National Security Act of 1947.] And vice versa, do any signs exist that the democratic powers are strong enough to exclude governmental mind control?

When I was mind controlled in a desert camp in 1974, a visitor from Germany came to me in order to give me the opportunity to talk for the last time with a fellow countryman—shortly before my execution would take place (which of course was a mock execution). It was a good looking young man around the age of 30. Afterwards he made an astonishing political career for himself. Whenever I switch on my TV to watch the news it is probable that I will see his face. Whenever I see his face I am reminded of who really rules my country.

The events I'm going to describe happened probably between the early 50s and the early 80s. My story is exclusively based on my own memories. Considering this, these are the three kinds of memory categories:

**True memories.**

**False memories produced by myself.**

**False memories hypno-programmed by the SCNS (Satanic Cult of National Security).**

It is not easy to tell apart these three groupings of memory recall. In my efforts to do so, however, I obey the following rules:

If the memories refer to absolutely necessary elements of the mind-control process, I treat them as true memories or false hypno-programmed memories—else I view them as self-deception.

If the memories are composed of elements which

are extremely capable of being disorientative to myself or others and/or if they are suitable in repressing true memories, I believe them to be false and implanted by the SCNS.

If the memories refer to concrete, vivid and clear courses of action necessary to make mind control work, then I accept them as true.

If, weighing these things, I remember mind-control processes considered as true before I read or heard about things of that type, I assess the truth of these memories as subjectively verified.

False memories can be implanted on top of extraordinarily severe traumas. Embedded in our minds there is a very archaic structure responsible for self-preservation and it functions beyond rational control. Everything connected with questions of self-preservation will be checked out by this highly emotional, primitive mental system. Because memories control behavior and behavior can lead to dangerous situations, the self-preservation system also controls our memory system. Whether or not a traumatic event will be forgotten or remembered depends on how well this system evaluates its significance regarding self-preservation.

Here are some examples:

If someone has been bitten by a dog he will not forget this event so easily because the system of self-preservation believes that remembering this will assist him to avoid a like situation in the future.

Now, however, imagine that a little girl was sexually molested by her father and then she tells this to her mother and mother says: "Good girls forget this sort of thing and bad girls will be abducted by the..." The reader can insert entities of any sort which might be feared. In Germany, for example, it is the "Schwarze Mann" (black man).

If this happens the little girl will forget the event in most cases because the system of self-preservation "believes" that remembering will lead to talking-about and talking-about will be associated with danger to life.

The perpetrators of these projects know all about this mental mechanism. If it is desired to implant a false memory they use the false memory to repress a dangerous memory. This is a memory in which, of course, it is perceived by the primitive self-preservation system as being dangerous. A language has been developed which coerces the victim to trigger the retrieval of a false memory whenever a true memory, the perpetrators don't want remembered, is ascending into the consciousness. The subconscious believes the false memory is a means of saving the life of its owner. This is the real "false-memory syndrome". A girl, for example, who was sexually abused by her father and who is remembering only a nice childhood, is suffering from this very real false-memory syndrome.

As is in my case, however, sometimes the victims are programmed to invent subconsciously false memories to actually repress any retrieval of truth.

## MEMORIES OF A VICTIM

### Agonies of Uncertainty

Ninety percent of my memories concerning the mind-control "treatment" to which I was subjected had been released by my subconscious before I read about it. I became fully aware of the fact that I have been the victim of mind-control machinations back in December of 1994, during my Christmas vacation, following a period of severe private and occupational stress. Since 1976 I have been tormented by fragmented bits of memory flashes and agonized over uncertainty as to whether I suffered from a kind of paranoia which was never described in any textbooks of psychiatry, or if my memories are but scattered splinters of a true story. There was no one to which I could converse about these things.

It was until December of 1994 that I was missing the key elements necessary to construct a frame of reference in which the fragments I have remembered thus far began to make sense. In 1992 I found, purely by chance, a clue urgently needed to reveal the story in whole, in a book written by Paul Masson which was against Psychotherapy. He cited a text with a very strange title: *The Search for the Manchurian Candidate*. John Marks' pioneering work included a dialectical leap in my struggle to excavate the secrets buried within my subconscious mind.

If we don't want to assume a supernatural force motivating me to stand this exhausting and apparently hopeless struggle, I have only one explanation at hand that has something to do with Nietzsche's notion of memory of pain. Pain leaves traces in the oldest parts of the human mind where they are transformed in regulating units of some very archaic programs of self-preservation. There is no possibility of extinguishing these programs. Although the memory of the painful events can be repressed or even dissociated, these archaic programs are still active night and day on a subconscious level—breaking through symbolic layers in the conscious mind which urges a man interested in psychology, like me, to interpret them. Traumatic pain can motivate to dissociate and forget the traumatic experience. However, this motivation is never actually perfected and this is one of the reasons why trauma-based mind control has to be continually refreshed. John Marks' book was an effective "memory expanding drug"; nevertheless, it wasn't capable of supplying me with Ariadne's thread for helping me to find my way through the mental labyrinth elaborately laid out by the mind-controllers in order to hamper my running around, crying out the truth about some born ass-holes on the payroll of some intelligence agency of a democratic State under the rule of law having raped my mind, breaking human rights and acting like KZ-doctors.

### THE FIRST YEARS

So far as I know, my father was a Canadian soldier who was stationed in Werl, West Germany after World War II. When I was 20 years of age I met a woman who claimed to be my biological mother. From her I heard, for the first time, that my parents, whom I thought to be my progenitors, were *de facto* my step-parents. She told me that my father was a native Canadian from one of the Six Nations of the Iroquois. I presumed mother asserted that he was a Seneca. When I look in a mirror I don't regard as true that I am an "Indian". Whenever I visit Italy the people there think me to be Italian and more especially, Sicilian.

Only weeks following my birth in 1951 my biological mother placed me in an orphanage in Luenen, West Germany, where she lived. Werl is not far away from Luenen. I have only one memory of my time in this facility and I am not now sure whether it is only an imagination or is an actual reality. It has something to do with a "doctor" whom I feared more than the devil himself. His frequent examinations were extremely

painful. They probably took place when I was four years of age. Some electrodes were fastened onto my hands and I received shocks for wrong answers in discriminating tasks. He would show me cards with pictures and sometimes after having learned the "correct" answer, "right" and "wrong" were changed about and I would receive shocks for answers which priorly resulted in no shock.

I can't verify this memory. I assign to them only a subjective probability of 0.7. If this really happened, however, there is every reason to believe that they started to mind control me in early infancy. These examinations went on continuously until I was adopted by a German couple when I was nearly five years of age. Now I recognize that their motives for adoption weren't honorable in any way. Both persons were simple-minded Nazis and secretly remained Nazis until the end of their lives. My step-father was involved in the execution of Jews during the war. After the war he feared he would be taken to court because of his evil deeds, and, being really simple-minded, my step-parents thought that if they would adopt an offspring of the "victors" this might be assessed by the judges as "mildernde umstände" (mitigating circumstances). It was a waste of effort, however. My step-father was never charged with anything. My step-parents and especially my step-mother were extremely sadistic. My childhood was an endless chain of physical ill-treatments and sexual abuses. The consequence of this was a tendency to develop a Multiple Personality Disorder (MPD) and therefore I was well-prepared for the purposes of the mind controllers.

### BAVARIA AND VIETNAM

When I was sixteen years of age my step-parents allowed me to hitch-hike with a school friend through Germany, during my holidays. One time in Aschaffenburg (Bavaria) a military car stopped in front of us and told us that something had happened to my parents and told us to enter their vehicle because they wanted to take me to their barracks. The soldiers wore the uniforms of the U.S. Army and spoke American English. I was so confused that I obeyed them without thinking and my friend accompanied us. They involved me in a friendly conversation about things in general and specifically focused on the Vietnam War. They convinced me into believing that the Vietnam War was unjust. It may well seem to be a silly conversation but nonetheless is remarkable for the circumstances.

After arriving at the barracks my friend was told to wait for me in a waiting room while I was brought to an "interrogation" room. The atmosphere changed immediately. They began to accuse me of being an American soldier who had deserted. As a countermove to this accusation I blamed them of brainwashing Vietcong and their own soldiers in the Vietnam War. Only God knows how I could know this. What happened next I have totally forgotten. What I have written down about the Aschaffenburg incident came into my mind sometime in December of 1994. Until then I had not the slightest memory of this incident. But as with every possible incident of mind control before 1972, this may well be pure imagination and therefore has been assigned a subjective probability of 0.7.

### PSYCHIC POWERS

From now on every element of my story has something to do with psychic abilities. To avoid misconceptions I have to make it clear that I do not believe I have this faculty. But my story doesn't make sense without assuming that the mind controllers either believed me to be clairvoyant or they used this as a hypno-programmed cover story to make sure that I would make a laughing stock of myself in the case of the incidence of my remembering the mind-control facts and then bubbling out that I was a psychic spy of the CIA, the Mossad or the BND/VS (BND =

Bundesnachrichtendienst/VS = Verfassungsschutz: German intelligence agencies). A further benefit of such kind of cover story would be to make responsible politicians believe that they had to torture and mind control me further, in the name of national security. However, if I would have had psychic faculties I would win in the lottery every week and then I would be so rich as to chase them to hell with the best lawyers, where they belong. By the way, most of the phenomena I have experienced, which seems to be paranormal at first glance, could be explained by going beyond the surface obvious, without parapsychological assumptions. And of course I have predicted hundreds of events or developments that have never come true. Probably, however, the controllers spent too much money in psychic research to be all too skeptical.

In my eyes I find the following explanation to be the most appropriate: Psychopaths tend to paranoid and magical lines of thought. Psychopaths feel attracted by secret services. Psychopaths in secret services are trying to convince responsible politicians that their paranoia and their magical thinking are a reflection of pure reality. In the 70s Western secret services persuaded politicians to give them much money for psychic research. Their argument was that the Soviets did the same and that they would be much more successful using psychic powers for military purposes than in the free world. The Western "psychic warriors" had a very good time spending all these great sums of money. But after a while the politicians were asking them for results and proofs of their research and findings. Nothing is easier, readers, than to realize that the secret service psychopaths programmed some victims such as myself to play the clairvoyants and that is all there is to the tale. [Editor's note: There is much, much more to the tangled web of psychic research and secret services, but for the sake of this author's limited awareness of that field, we can allow his explanation as one of several possibilities.]

I do concede that independently of any secret service machinations, I was involved in phenomena several times which does suggest the psi-hypothesis as the most appropriate explanation. However, this phenomena can't be interpreted as the results of my personal psychic abilities. If there is need for explanation as to being psychic then I was only a "passive medium" in a psychic field.

In 1970 I was invited to a party that took place in the house of a friend of a friend and one whom I did not know prior to this incident. The host's parents were absent but the elder brother was present. After a while I found myself involved in a conversation with the host and only the devil knows why I asked him whether or not his father was a General. He denied this, laughingly, and claimed that his father was a businessman. I then committed one of probably the worst mistakes of my life as I commented, "I thought that your father was a spy!" I thought this to be a silly joke but in the corner of my eye I saw the elder brother turning very pale. Although I remember the name of these people I hope you will understand my reasons for not unmasking them here and now. By the way, if memory doesn't deceive me, the elder brother is now one of the leading political television journalists in Germany.

### SOZIALISTISCHES PATIENTEN-KOLLEKTIV

In 1971 I became severely addicted to drugs. I took far too much LSD. After being informed by a woman who claimed to be my mother that I was an adopted child, the floodgates of my subconscious opened and I became aware of my history of being misused and mistreated. I confronted and accused my step-mother of having me sexually abused and my step-father of having executed Jews during the war in Russia. From then on the cold war had a new battle-field: our living room. At the latest in this time my step-father started to cooperate with representatives of the SCNS. I had

left school and I never stayed in any job for very long. We had domestic quarrels day after day and only Hell knows why I accused, in one of these quarrels, one of the leading staff members of one of the leading German politicians to be a Stasi spy (don't ask me the names). Some years later this same man was unmasked as a Stasi spy. (Stasi is the abbreviation for "ministerium fur Staatssicherheit", Department of National Security of the former German Democratic Republic.)

This "insight" must not be explained by psychic powers. I came to this right conclusion through a wrong assumption. The spy had the same name as a Swiss anarchist leader of the 19th century. And so I thought the Stasi were joking, being sure that the capitalists were ignorant of the history of the labour movement. I was a very young and naive man back in those days. Later I learned that the Stasi, as in any other Satanic Cult of National Security, had absolutely no sense of humor and that it was the real name of this spy; a French Huguenot name.

Later I became acquainted with a young man who invited me to his apartment where we were going to smoke hashish together. He smuggled a trance drug into a glass of coke which I then sipped while smoking. When I had reached a deep hypnotic state two other men came out of another room where they had hidden themselves. They tortured me with a stun gun and programmed me to perform a task for them. I had no idea how serious these "leisure drugs" could be if used in such manners.

In 1971 it was the time where the number of absolutely clueless anti-drug-warriors were legion. I attended an event organized by one of the "warriors" which should inform people about the dangers of drug use. This information was not only FALSE, it was totally ridiculous. As a young "acid-head" with anarchistic ideas I made a flaming plea for controlled LSD use to heal mankind. Without knowing much of anything about them I declared myself to hold the ideas of the "Sozialistisches Patienten-Kollektiv" (SPK). I really had nothing to do with them as I had only, at most, read a short statement from them which I found somewhat of interest. Years later I learned that this group of mentally-ill people were terrorists who joined the Red Army Faction (RAF) after the suppression of the SPK. What I did not know was that the SCNS was keeping a close eye on me. What is worse is that this was Part No. One of the tasks I had been programmed for participation weeks prior.

[END QUOTING OF PART 2]

I would like to close this writing at this point and finish this story in the next writing as it is too lengthy to cover in this one sitting.

What I ask that you keep in mind, readers, is the relative connection between the "hippies" and "flower children" of your past era of 60s and 70s and remember their abuse and misuse of themselves and drugs along with a rebellious way of life-style. THAT WAS ALL A PART OF THE OVERALL PLAN AND A LOT OF CHILDREN (AND ADULTS) WERE LOST TO "NORMAL" LIVING PRINCIPLES OF A MORAL SOCIETY. THESE ARE THEN THE GENERATION OF PARENTS WHO HAVE NO IDEA HOW OR WHAT

TO TEACH THEIR OWN CHILDREN. It has now come around the circle to destroy you citizens and your society—your civilization, in FACT. When immorality is TAUGHT and lies are flooded over your societies, you haven't any way to focus on, and salvage, SOUL essence. As long as there is a God-spark within Soul, there is hope. Beyond that, there is none, for you are left with nothing save a majority number of aimless, soulless robot-zombies going through the functions and animation of life but who are actually quite dead. From this comes the statement and request to you: "Let the dead bury the dead" for they know not that they are, in fact, quite DEAD.

Thank you for your attention and good morning.

### 11/1/95 #1 HATONN

Let us return to our current subject of "mind control" in its individual research form. The multitudes are handled much more subtly but nonetheless, as effectively.

[QUOTING, PART 3:]

### PSYCHIATRY

At the end of 1971 my desolate emotional condition had reached a climax and I decided to go to a psychiatrist. My step-parents knew what I had decided to do. At the day of the consultation my step-mother prepared a cup of tea for me and urged me to drink it before leaving. She had never done such things like this prior to then. This was a situation I have now realized happened often when in contact with the SCNS (Satanic Cult of National Security). Although I am aware of the danger involved, I am unable to translate this awareness into action. I "knew" that the tea was drugged but I drank it. I also knew how it was drugged and still I drank it. I had to wait in the doctor's waiting room until they could be sure that the drug was doing its job. Then I had to enter the consultation room where I recognized that the doctor was not THE doctor I knew. The psychiatrist I had expected was quite tall and thin, this one was small and fat. But he was most certainly a highly skilled SCNS-doctor who could coerce me into a deep hypnotic trance so easily that I can't even now think about his black art without admiration. He employed classical mind-control methods without all the electronic poppycock they use now. This appraisal has convinced some readers that I'm still in contact with the perpetrators. I'm not! This statement is simply "black" humor.

He claimed that I was a dangerous terrorist and a member of the "Sozialistisches Patienten-Kollektiv". At first I denied this but then I proclaimed a revolutionary message from the leader of that very group. The message stated that the Sozialistisches Patienten-Kollektiv was going to produce zombies in order to fight psychiatry. This was Part Two of the task which I had been programmed to excel in some weeks prior. So they had the "justification" needed to keep me deeply mind-controlled.

The next scene I remember was finding myself interned in a mental hospital in... (don't expect me to tell you the name of the German university to which these hospitals belong). From now on the MC-Treatment was disguised as psychiatric therapy. I won't say that psychiatric treatment wasn't suitable, even necessary, for me at this time for it really was needed, I'm sure, because of my mental status. However, I did not need more mental confusion and more mind control. The therapy started quite agreeably for first they employed soft methods. There was a nice, fatherly psychiatrist who succeeded in making me gain confidence in him and I allowed him to find out more about myself than I, myself, knew I knew.

After this diagnostic phase was finished they used ESB, Cameron's depatterning treatment with prolonged sleep [deprivation] and psychic driving and Tien's

electrolytic therapy. They showed me pictures of terrorists and then an aversive reaction was induced by ESP. They coagulated parts of my nucleus amygdala in order to produce obedience. They then performed experiments to test my "psychic powers". They came to the conclusion that these abilities were quite real. They gave me a list with code names of politicians and business men used by German terrorists and asked me to tell them what these code names meant. In more than one case this task was so ridiculously easy that I really wonder why they needed this effort to make me do the job at all as some of the "answers" were obvious.

One of these code names, for example, was "Margarine" (margarine). I asked them to give me a list of trade names of margarines being on the market. One of the trade names was "SB". This was an abbreviation for "Sonnenblume" (sunflower). But an intuition told me that this might be the initials of a potential target of a terrorist assassination. And indeed there was a very important man with those same initials. I informed my controllers of my suspicion. Although they believed me that this man was in danger, he was assassinated, in fact, some years later.

They wanted me to work as an undercover agent infiltrating German terrorist groups. I refused. Maybe I succeeded in convincing them that I was not the right man for the task. They didn't try again. Instead they used me from then on as their psychic milk cow. They did use me to try to talk-around a young German terrorist into accepting brainwashing and to work, afterwards, as an undercover agent for them. I don't give you a name although he is now dead. The trials concerning the unclear circumstances of his death lasted for several years. The case remains clouded.

After these "treatments" I was taken to a facility outside the world called psychiatry which was, I believe, near Munich/Muenchen where I was again subjected to psychic "driving", but now it was in combination with torture. They tortured my penis with electricity, though it was not so brutal as it would be some years later in an interrogation camp located in a desert area. One night I had to sleep in the same bed with a dead body of a man so that I would learn what would happen to me if I chose not to comply with their "treatments" and orders. During this "treatment" my memory was then erased using hypnotic orders, electroshocks and drugs. My "psychic powers" were blocked by means of trauma-based mind control. It was desired that I be able to use these "talents" only when I would be under direct control in personal contact with members of the SCNS.

### A COMMUNIST PSYCHIC

It seems that when I was once again at home it was quite obvious that my personality had fundamentally changed. I no longer presented as an "acid-head" with confused anarchistic ideals and ideas. I was now a properly adapted young man who had made a decision to again return to school in order to make up my university entrance qualification requirements. Although I couldn't remember the MC-Treatment my subconscious mind was constantly trying to tell me the truth of my status. I wrote a short story, imitating the style of Burroughs, in which I described the MC-procedures in a surrealistic and symbolic form. Typically, I chose to entitle it: *Der Tod ist eine Tatsache des Lebens* (Death Is A Fact Of Life). I didn't understand my own story in spite of title. However, in 1973 this story was published in an underground magazine which was edited by myself, the SCNS thought I had remembered all those forgotten things. (Two of the authors whose information I published later became quite famous). It followed that "Social Workers" of the MC-psychiatry urged me to accept a follow-up session of treatment. I refused and after that my adaptation vanished although my memory was not restored. This very fact made me unable to realize in what danger I was placed.

I still today don't remember or understand the reason why I was placed in or became a member of the German Communist Party in 1973. I was somehow supposed to play the political clairvoyant for public display. In school I found that I claimed, and knew, that a secret NATO treaty existed that in which case in an emergency the government of West Germany would have to subordinate itself to the government of the United States and that in case of a war against the Soviet Union the Soviet tanks passing the border between West and East Germany would be destroyed with use of atomic weapons. Of course this was a "front" and the members of the German government and the Elite would be flown out of Germany prior to the final bombardment of all-out war. It was not enough to be satisfied with these prophecies but I further prophesied that Israel was developing atomic bombs—secretly.

The SCNS was delighted! However, I wasn't able to reflect on what I was doing. Of course the SCNS didn't like Communist prophets of my kind but I was somehow driven by inner forces which were out of my control. I was probably programmed to act in these manners.

The SCNS reacted to my inability to control my own actions and made a decision to again try psychiatrically disguised MC-treatment. They probably believed that if violence wouldn't work then sex would surely do the job. They then coerced me into "making love" with a young woman while the sex centre in my brain was stimulated electrically (ESB). It was simply a case of rape! And it was not successful but God only knows why I told the woman who had the sexual intercourse with me, after it had been accomplished, that I was going to write a book on mind control. She went pale and said that they could hear every word and that she only wanted to help me. She said they had threatened killing me if they weren't able to silence me in this way. If my memory doesn't deceive me now, this woman became a professor of psychology.

By the way: Although I studied psychology I don't define myself as a psychologist. Until I read a clear statement of the German psychological Association, against mind control and against the psychologists among the perpetrators, this has not been acceptable to me.

[END QUOTING OF PART 3]

I believe we can finish the reprint of Dr. Gresch in one more session, Dharma, so let us not overdo the length of this segment.

Do I believe that this man is a real mind-controlled subject? I am not writing this story and it is as with Cathy O'Brien and others now coming forth with memory-recall, we need to accept their revelations until proven otherwise. We are not Judges, we are acting as JOURNALISTS offering as much support material from as diversified as possible, places and people. I believe Mark Phillips is in contact with Dr. Gresch and he would certainly have better input than we as receivers of the information. I believe that we haven't enough information regarding special operations or projects for this person, to gain the same conclusions as we can with Cathy so let us not jump to ANY conclusions. His outlay of the programming activities is certainly a duplicate of the mind-control programs globally so, real or imposter, this man gives much insight from a bit of a different perspective on the subject in general. The FACT of mind control itself is, by its nature, difficult to believe or grasp. In further recognition of the difficulties presented with the finally bringing forth truth and sharing memories—it is most difficult for the person involved to understand or believe—so we are patient while the memories unfold. It is the methodology that the controllers wish you to NOT know or accept, except in the cases where terror is a desired response. Either way, THE MORE YOU KNOW THE LESS LIKELY YOU ARE TO SUCCUMB TO THE EFFORTS BEING PUT FORTH TO SUCK

YOU INTO THE TRAP.

You must keep the LIGHT shining on these clandestine activities and reveal every disclosure as precious information and you will accomplish insight which, once learned, cannot be "un"learned. Salu.

[QUOTING, PART 4:]

### NEAR-DEATH CAMP

This "treatment" happened in 1974. Following the electronic sex events I was taken by force and brought to an interrogation camp in a desert somewhere. There I underwent a full human robotic programming. The aim was to program my brain to function as a computer.

A secret "trial" was arranged and I was told that I was sentenced to death—for spying (this was absolute nonsense, but remember the story with Israel's atomic bomb episode). They said they now had a suitable method for executing me, while leaving my body alive. They said that I could decide whether I would like to be physically killed or mentally killed. After this was explained to me, what the latter meant, I chose and preferred physical execution. Mentally killing somebody means nothing else other than producing an abandoned nervous system in which an artificial "personality" can be installed. [H: It is important to realize right here—that this is most often what is meant by a "walk in" so I suggest you be careful how you use these terms for you may well not know of what you say.]

As a consequence of this decision a mock execution was arranged for me. I had to put on a red suit and this

has meaning for I am informed that condemned men in Israel have to wear red suits and this was an Israeli execution. Before my own "execution" I also had to observe REAL executions. When the day of my own "execution" arrived I was taken somewhere and was blindfolded and tied to a post. It was then that I was able to shout, shortly before the order to "fire", that I cried out that I would agree to undergo the process of menticide—which is a Greek term meaning murder of the soul.

I was shown my verdict which was written in English. Otherwise the torture-master always talked to me in perfect German; the torture servants didn't speak to me at all. The judgment read that I had been condemned to "personality change". The torture-master explained to me that "personality change" doesn't mean any modification of personality but a total replacement of my present personality with an absolutely different personality waiting to take over my body—from me. When I doubted that this could be possible I was told that it had been managed successfully "many times before".

In the process unrestricted physical torture, electroshocks, hypnosis and drugs with the aim to kill me, physically, were used. This was to totally erase my personality and replace it by a being that defines itself subconsciously as a robot under full control of the SCNS (Satanic Cult of National Security). This causes "self" and other people to believe that the remaining body is "human". The most dreadful thing of all was that they gave me a drug inducing near-death experiences. When I was clinically dead a voice suggested to me that he was God and that He had decided that I have to now be born again as a slave. Then I was re-animated. This would take place until, in the re-

animated state, I was surely broken.

While influenced by drugs, hypnotism and torture I had to confess my deepest secrets. They required me to reveal my desires and my fears, my systems of belief, my views of the world and my perceptions and definitions regarding myself. This knowledge was then used for conditioning afterwards. Through hypnotic suggestions they let me imagine situations which were associated with maximal fear and then the states of consciousness were related to behaviors and cognitions the perpetrators didn't want me to perform or about which I could rationally think. Next there would be implanted pleasurable events which were then connected with actions and mental conditions preferred by the perpetrators.

The near-death camp was a true reproduction of the German concentration camps (KZs), secured with electrically charged fences and guards. When I tried to commit suicide by bursting into the fences I was stopped by a young man who could outrun me. And then they proudly presented to me the gas ovens in which they burned dead bodies of victims they had tortured to death.

The psychological rationale to adopt the German KZ-Model became quite clear, as being tortured in a KZ-type setting induces the most extreme kind of total hopelessness.

I had to view videos that showed grotesque scenes of mutilation and torture of both men and women who would die in total agony. The torture-master said that this would happen to me, too, if I would not comply.

I don't know how long I was in this near-death-camp. It had to have been from six weeks to perhaps over three months, for one is kept until reconstruction, as desired, would be complete. I was so programmed that I could excuse my absence to persons to whom I was related and the cover stories were always perfect. I had no close friends at the time and my "parents" were told to not speak about my absence.

In 1976 I started to study psychology and the SCNS did not at all appreciate my choice of study courses. It turns out that they were never able to control me totally and certainly not as well as they preferred. Nevertheless, they had managed to produce long-lasting amnesia. They certainly did, however, program me successfully into leaving the Communist Party. This programming procedure was quite simple in that while I heard in endless repetitions the statement "I am a Communist" from a tape, spoken by myself, I was also tortured mercilessly.

And so I became an unwilling member of a secret group of so-called psychics who were under mind control in order to prevent them from revealing information. It happens that even the questions are involved with State secrets so it doesn't matter whether the answers of the "psychics" are the result of paranormal perceptions or, as in my case, the fictions of tortured people who play clairvoyants in order to escape torture. In every case the activity of this group and the contents of their sessions have to be kept as secrets. This is one of the reasons why mind control is frequently used in psychic mind wars and games.

### "WIR WERDEN DAS ZU VERHINDERN WISSEN!"

In 1977 Hans-Martin Schleyer was abducted by German terrorists. Hans-Martin Schleyer was the president of the German association of employers (Bundesverband der deutschen Arbeitgeberverbände).

First of all they persuaded a relative of mine to find out whether or not I was able to remotely view (exploiting my "psychic powers") the whereabouts of Schleyer. This family member probably told the SCNS that I knew but wasn't ready to reveal it. This was supposedly because they thought that I thought Schleyer to be an old Nazi responsible for the death of thousands of people in the former Czechoslovakia—which indeed I did hold that opinion.

Days following this effort two men claiming to be policemen of the "Bundeskriminalamt" (the German FBI) made me accompany them to a "safe house". They managed this by triggering my "obedience" mode by the use of appropriate code words. I did, however, have a wild inspiration and told them falsely that I knew where Schleyer was but I would and could only reveal it to a Mr. "X".

Mr. "X" was a German top-level politician, of the Western World, whom I hold responsible for the mind-control treatment to which I was subjected since 1974. After a short palaver they put me through to Mr. "X". Mr. "X" couldn't avoid talking to me because otherwise he would be reproached for not having done everything possible to save Schleyer's life in the incidents taking place.

I was angry once Mr. "X" was on the phone: "Mr. X, nice to talk to you!" I hissed. "I will make sure that you will go down in the annals of history as Germany's top torture master!"

He replied, "We will be able to prevent you from talking!" (I will never forget the German words: "Wir werden das zu verhindern wissen!") These words will ever burn in my soul until this man is dead and buried—and forever.

With these words Mr. X assumed responsibility for the mind-control treatments that followed. I told Mr. X that I had lied because I wanted to speak to him and that I, of course, didn't know where Schleyer had been taken. But sadly, Mr. X and the other political crises managers around him did not believe me. One cried out poofily: "Mr. Gresch, break away from the demon!" They sometimes tried to demonize me to represent a psychic monster. This was probably to be something from outer space or somewhere from where and from which the world would need protection. This methodology usually works.

Since 1982 Mr. "X" is no longer in a leading political position but is still very influential in Germany and elsewhere. I'm even now totally afraid of him and that is why I have to withhold his name. Some people think him to be a hero of national security while others claim he was or perhaps is a mastermind behind the scenes of governmental crimes in Germany. If the latter is true, this truth will probably remain hidden. He is in a position to capably manipulate the mass media very effectively.

If my memories serve me in truth, the German government was actively involved in SCNS machinations. Some years ago a leading German politician was shot and wounded by a young man who claimed that the politician was responsible for "subterranean factories where human beings were/are produced" ("unterirdische Menschenfabriken"). The assassin is now in a lunatic asylum while the politician is tied to a wheelchair. Mind control—out of control?

### ELECTROMAGNETIC FIELDS

The next night I was abducted by a SCNS team who wanted me so badly that they took a very high risk in actually kidnapping me from my sleep room. I was flown out on a fighter plane to a point for interrogation, a camp where I had been tortured and was again tortured to cause me to tell them where Schleyer really was. Although they used all their tools and electromagnetic fields to stimulate my "psychic faculties", I wasn't able to help them because I am not a clairvoyant. In cases of direct information, common sense and intuition are just not enough for you have to know the information.

There was also second party flown to the desert camp area along with me. His name was Andreas Baader and was a leader in the RAF, the terrorist group which had actually abducted Schleyer. However, Baader had been in jail at the time and therefore was uninformed about any operative details. Even under torture (which I was required to induce) he couldn't give away any useful information. But it seems the SCNS had

obviously gained some confidence in my so-called telepathic faculties and they might well have thought, "If remote viewing doesn't work in this case, this needn't mean that psychic interrogation will also fail." But it did fail.

Although I had become a highly skilled mind-controlled "telepathic" interrogator, it did fail. That doesn't mean I was able to read the minds of people but I had learned to interpret non-verbal signals more quickly and more systematically than people who are not in a state of mind control. In torture your learning capacity first deteriorates and then after some time it is extraordinarily magnified. That is one of the reasons trauma-based mind control can produce zombies which are apparently capable of performing superhuman feats.

I didn't like Baader. He resembled his political counterpart, Mr. X, too much. The same effeminate, histrionic mummy's boy hidden behind a facade of masculine machismo.

I found that I was not only a mind-controlled "telepath", but also a skilled killer. The method of training mind-control killers is as simple a task as it is to train mind-controlled telepaths or mind-controlled sex slaves. In this training the victims (later perpetrators) wear a remotely controlled torture device and whenever they fail in a mission they receive a massive electric shock. First I was required to kill cats (I love cats), then I had to torture and kill people (I love people) who looked like Arabs. This, of course, may be hypnotically planted in false memories in order to make the victim feel guilty and fearful of punishment. In every case the message is: "If you are remembering and talking about what you did here, you will not be able to live with this truth and you will be charged with murder because nobody will believe that you were acting as a zombie." It makes sense for the controllers to let the victims really torture and kill, because this is the best test for total subjugation.

My lawyer asked me whether or not my interrogation of Baader might be a false memory? I answered without hesitation: "This must be a false memory because if this reminiscence were true, the government's version of this case must be wrong. Who am I to disagree with the government's truth?"

The last time I remember having "treatment" by the SCNS was in 1981 or 1982. This was after I had received my diploma in psychology. They then told me that the Germans wouldn't accept any further treatment so what they would have to do would have to be successfully definitive. The SCNS torture master said: "Now I will treat you with radiation. I don't care if it kills you." And then he proceeded to do so. He induced all sorts of horror and delight to condition my brain. It should here be noted that the EEGs of the different personality fragments of an MPD subject differ markedly one from the other. He tried to condition the EEG associated with my genuine personality with aversions in an effort to associate the EEG positively with the desired personality.

There are frequencies capable of triggering total chaos in the nervous system so that every kind of coordinated thinking will be stopped. They trained me to switch between my genuine and the desired personality on cue. Then they triggered the basic personality and the chaos-wave was administered. There then followed a period in which they allowed me to change into the new personality at which time a pleasure frequency was employed. They required me to go through this cycle repeatedly. Afterwards they claimed that the chaos-wave had destroyed my basic personality irreversibly.

A hypnotic wave that allows programming of the brain with new ideas and plans of behavior has been discovered. This wave induces extraordinarily deep states of trance, even against the will of the victim. In this hypnotic state it is possible to alter the central system of the individual which is the formation basis not only of the individual's actions, but also of his perceptions, emotions, and assessments.

It should be noted that for programming they uti-

lize the concepts described in the book, *Plans And The Structure Of Behavior*, by Miller, Galanter and Pribram. This is a basic textbook of MK-ULTRA and also of modern psychology. This is a tragedy of science. The basic idea of the theory outlined in this book is the hierarchical structure of human actions. On top of the hierarchy of the hierarchies of an individual's repertoire of actions there resides the "central plan", the Godfather of a man's mental universe. The torture master had said that, "Now we are going to modify your central plan. We know that you won't accept this voluntarily. But we can detect whether or not the electrical activity in the 'will' centre of your brain indicates the alterations of your central plan. If not, you will be tortured until they do."

It doesn't matter whether or not the perpetrators really have the devices and techniques to manage this course, what counts is that the victims believe they do have such capability. Mind control is a mixture of modern science, high technology, very old dark arts, science fiction, and other fantasy stories. The perpetrators use contemporary mythology to influence the mind of victims. Perhaps they cooperate with the film industry and with writers to produce frames of reference for trance induction and manipulation of personality structures. It is noted that the similarity between mind-control technology methods of Juan Matus, as described by C. Casteneda, is breathtaking. Isn't this the stuff to mind control people in some cases very easily without traumatizing them? For years the SCNS has tried to develop non-trauma-based methods for mind control because obviously that technique could be more resistant to the dawning of the victim's consciousness.

The mind controllers use electromagnetic frequencies that produce mental states which could not be described in words, because such states couldn't be experienced under normal living conditions or even when under the influence of known hallucinogenic drugs. After some time, that lasts seemingly an eternity, you will lose your identity as a human being. What then remains is a rudimentary, worldless sense of being a formless mass that is not able to resist any suggestion given as an order and that could be molded much as a mass of wet clay. With the term "formless mass" I mean that you are not able to localize or focus self in a human body. Instead you experience the nearly perfect dissolution of body as well as mind. This experience is subjective, of course, because you can hear the indoctrinations of the perpetrators which transform your psyche far beyond your rational control. While this transformation takes place, you lose your sense of identity and also your ability to resist identity change.

It is now possible to replace the whole spectrum of mind-control techniques with radiation. There are even waveforms which induce near-death experiences while all bodily functions are well in order and in operation. This method is so powerful that most people could be perfectly mind-controlled within a period of mere weeks. This control mechanism, however, has to be refreshed from time to time. If it is not refreshed, sooner or later the victim will remember the treatment and training. Refreshing is quite easily accomplished with use of a stun gun and portable devices which emit the appropriate waveforms and frequencies. Utilizing these tools the procedure of refreshment could be accomplished in a period of mere hours.

In view of these high-tech devices we should not underestimate the importance of psychology involved in these so-called treatments. Only trained psychologists or psychiatrists are able to handle these devices capably. But the knowledge necessary is not a secret science. Most of the information could be acquired from basic textbooks on psychology and/or psychiatry. So it is probably not an exaggeration to say that this discipline brutalizes their disciples. That is why it is relatively easy for the SCNS to recruit personnel with adequate background in place.

## BIRD ON THE WIRE

As far as I know I wasn't bothered by the SCNS since the time mentioned above. The key words are "as far as I know".

I talked with a German psychotherapist who is in contact with four women who have experienced similar or identical treatments and in whose cases the machinations ceased in 1982, as in my case. Although I have some reminiscences that I had predicted publicly, as in an instance of predicting the death of a German politician (Franz Joseph Strauss three days prior to his death in 1988), I was taken to a safe house in Munich (Muenchen) where my memory was erased by means of radiation and electroshocks; I am inclined to believe that this reminiscence may be false. They are too vague to be treated as truth. Only a subjective probability not higher than about 0.30 seems acceptable to me. If it is true, I must have been totally drunk when I was playing the clairvoyant, at that past time.

It is a fact that true traumatic memories that have been since erased by means of further mind-control methods, once remembered, are extraordinarily precise. This is explained by the biological significance of traumatic memories and experiences. This is why severely traumatic events will not be forgotten, with possibly one exception: that is if the victim is programmed, intentionally, to forget. However, after

deprogramming, the mental apparatus seems to amplify the once erased reminiscences as if the psyche tries to rectify a serious or life-threatening error.

I have another vague memory which indicates to me that I was programmed to work for a homosexual person who was required to accomplish mind control through political indoctrination of the artificial personality and whom I, as a compensation of his efforts, had to then serve as a sex slave. This program failed as did the indoctrination. The manipulation of sexual behavior and especially the creation of alters who are homosexual is an element of mind control frequently employed. This is effective because in our culture heterosexual homosexual acts or feelings are generally associated with great feelings of guilt. Sex behavior modification is an important aspect of the psychodynamics of mind control.

The indoctrination or therapy of the artificial new personality created is also a standard element of mind control. So the SCNS cooperates with radical right-wing employers and with psychopathic-rapists who work using the classical methods (behavior therapy, cognitive therapy and so on) to handle the emotional disorders which are so frequently associated with victims of mind control. I want every "victim" to refuse to be treated by a psychologist or a psychiatrist who is not an activist of the movement against mind control! A psychologist or a psychiatrist who wants you NOT to

# Spelt

## New Gaia Presents Bread Mixes, Flour & Kernels

Spelt is the most ancient and very best grain. Spelta (its more formal name) is a grain of its own unique being. It is the best fiber resource and has large amounts of B-17 (anti-carcinoma). The grain berry grows an exceptionally thick husk that protects it from pollutants and insects. It is stored with its husks intact, so it remains fresher. Thus, unlike other grains, it is not normally treated with pesticides or other chemicals. The strong, protective husk may also be a metaphorical signature of this grain's capacity to strengthen immunity. Spelt contains special carbohydrates (Mucopolysaccharides) which are an important factor in blood clotting and stimulating the body's immune system.

New Gaia offers Bread Mixes that use pure Spelt flour instead of wheat. The taste is uniquely nutty and enjoyable for the whole family. Also offered are combination Bread Mixes with both Spelt flour and whole wheat flour. Both are perfect for a 2 lb. loaf of bread which can be utilized in the Hitachi Bread Machine or others of its equal. The mixes are easy to use with only the simple addition of water, butter & sweetener. The packages come in 2 lb. sizes only.

Also available are whole spelt flour packages for your baking and homemade bread needs that come in 2 lb., 4 lb. and 8 lb. sizes.

You may also order the whole spelt kernels that can be milled at home into flour. These come in 4 lb. and 10 lb. bags. [For ordering information or call 1-800-639-4242 (1-800-New-Gaia).]

talk about your experiences publicly is a collaborator of the SCNS whether or not he realizes as much.

I have no idea why the SCNS lost their interest in me, if actually they did so. Probably they are still waiting for the suicide program they implanted to be implemented. It was implanted sometime in the years 1981 or 1982 and they may simply be waiting to see if it will or won't work. I think it was tested in March of 1995 when somebody called and whistled a sad song from the nineteen thirties through the telephone answering machine while saying nothing. I can't remember whether or not this was the cue to kill myself and I can't be sure as to whether or not this phone call was of cryptographic origin, but this is quite probable as this is the way it is supposed to work. A couple of weeks prior to this I had sent a message, concerning my mind-control experiences, to a network whose mail is excessively intercepted. This is good for as an author I think very highly of people who read my papers as attentively as do my admirers in the intelligence community. Anyway, the caller/whistler didn't then or now cause me to consider committing suicide but does remind me of a song of Leonard Cohen which I enjoyed very much as a youngster: *Like a Bird on a Wire*.

It is not so easy to program a mind for suicide. In order to accomplish this feat you have to first construct a frame of reference in which committing suicide "makes sense". In my case it would be social isolation for I was programmed to isolate myself almost completely... so, I isolated myself totally from time to time. Obviously, however, I didn't kill myself nor did I remain isolated.

Following my recovery I found a woman and fell in love and at present things are going quite well. I am working in the field of public relations at present and am quite successful at my work.

In March, 1995 I sent an earlier version of this paper to experts in mind control, all over the world. Those who responded to me confirmed the authenticity of my memories, or at the least, saw the conformity and didn't doubt my writings. Mr. Walter H. Bowart, one of the world's most important mind-control researchers, wrote: "Your letter is much appreciated and is an important piece of evidence in the mounting case against the cryptocracy." Bowart defines "cryptocracy" as a secret government which conspires against laws and freedom. In my view the cryptocracy and the SCNS are identical or are one in the same.

One of the most cryptic messages received came from Dr. Bente Rich, the chief psychiatrist of the Rehabilitation and Research Centre for Torture Victims in Copenhagen, Denmark: "I understand that you have problems about understanding what has happened to you and that you realize that it might be impossible for you to know what has happened to you. At the RCT we have a treatment program for refugees who have received political asylum in Denmark and because of this, I am not able to help you but I do hope that you will be able to find some sort of support to share your problems with, in Germany."

I received this letter in April, 1995. Since then I haven't been able to find out what it really means. It should be pointed out that I had NOT asked Dr. Rich for

help. I never ask psychologists or psychiatrists for "help" since the time in 1971 when I saw a psychiatrist and became aware of what really happened in his consulting room. This was more than twenty years after the fact.

I sent my "Memories of a Victim" also to politicians and even to the President of the Federal Republic of Germany, Mr. Roman Herzog. I received no reply. In Germany it has been decided to hush up the whole issue for as long as possible. [H: Well yes, I would think so for coming out of concentration camps were prisoners who could claim, and believe without doubt, the lies placed into the controlled minds and this is HOW the Holocaust story has been perpetuated for lo, these many, many years—only increasing in horror and terror.]

In May of 1995 psychologists tried to press me into not talking about my experience because they apprehend that my testimony could damage the reputation of their occupational guild. I, however, continue to do it all the same. As a victim, being forthright about the horrors of mind control has less to do with bravery than with self-preservation. If only the perpetrators know that mind control exists, victims and potential victims are in maximal danger. The more people who know that mind control is REAL, find how it works, what it does to the victims, and what consequences it has for society as a whole, the better it is for us as well as for the general population as a whole.

I don't trust psychologists, psychiatrists or their professional associations and this will be for as long as I must suspect that the latter shelter CRIMINALS, that they protect psychologists and psychiatrists who practice mind control. Whenever a victim informs the press about his or her experiences within mind control, the journalists ask questions. They will ask things such as whether or not things like this are possible. Whatever the interviewees know about mind control, one thing they know in every case: If it has happened, then it wouldn't have happened without the assistance of psychologists and/or psychiatrists. Under these circumstances the psychologist or psychiatrist asked by the press, the questions, may well be inclined to respond: "Mind control as described by the victims is absolutely nonsense. People who claim to be victims of mind control must be hysterical or pathological liars." That is why we have to convince the media that psychologists or psychiatrists may not be impartial concerning the topic of mind control. [H: Besides, the media is the most important one step in achieving mind control of the masses.]

This is the plot of my experiences within mind control. I have no proof that it happened and I would guess that gathering proof is impossible after so many years. As a victim not being able to remember the subjugation for many years and then finally having remembered, it is hard to speak about these terrible things at best. I still cannot seem to speak reasonably

about the subject and instead find myself babbling something or other about being abducted by someone, maybe aliens of one kind or another, abused by Satanists or being bewitched by Juan Matus... all these things are defining features of mind control and cause the "victim" to appear totally insane. If a so-called victim came and would tell me he/she could prove the actions and treatment, I would become immediately suspicious of that person—at once.

I don't mind if there is no one who believes me because this story is obviously hard to believe. If

somebody were able to prove that I am "mad" and the story is not true, this would be the best of that which could happen. This, however, is not very probable because since the end of the "Cold War" against the Soviet Union, all over the world mind-control victims are remembering or are going to remember the treatments once forgotten. They will come from all different countries, cultures, social strata; they will be young or old, man or woman; some are mad; some are very clear thinkers... and in most cases they will not know one another. Some are not able to even read—but their

memories are similar to the extreme and there is no way to "explain this away".

[END OF SERIES]

It is REAL, readers, and is THE top priority on the list of One World Order CONTROL and I suggest you go back and look at the *PROTOCOLS* for taking control of the minds, and thus the citizens of the world, in total domination. There will always have to be the experiencers upon which the experiments are perfected—but the masses always fall to the input of mass media and instructions and examples of behavior as depicted. Beavis and Butthead become the example a child follows for that is the example shown him. Parents have forgotten HOW to morally example and children will become what they see and are taught by whatever is the focus of their attention. Violence no longer means anything save a cheap Saturday night thrill if even that much. You have come about as far as you can go, readers, in this broken societal structure and it must be repaired or it will surely fall down around your ears. May you accept the offerings of those who went before, to fall upon your thinking so that you do not also become victims of that which controls and allows no freedom to respond in wisdom—only in mayhem and violence within chaos. ## CONGRESS VOTES TO MOVE EMBASSY TO JERUSALEM

Pro-Israel legislation certainly does create bipartisan unity, as demonstrated in this article from the October 25 issue of *THE ORLANDO SENTINEL*, [quoting:]

WASHINGTON—Brushing aside White House concerns about the impact on Middle East peace negotiations, Congress voted overwhelmingly Tuesday to move the U.S. Embassy from Tel Aviv to Jerusalem by the end of the century. A few hours later, the House passed the bill 374-37. The measure goes to President Clinton. The legislation puts the United States squarely behind Israel's determination to maintain sovereignty over all of Jerusalem.

## FARRAKHAN'S SPACESHIP VISION

At a recent meeting, Commander Hatonn claimed to have given Louis Farrakhan the idea for the Million-Man March. With that in mind, here's an excerpt from an article from the October 16 issue of *THE GLOBE AND MAIL*, [quoting:]

As Mr. Farrakhan's power has grown, so has media scrutiny of him. In addition to comments viewed widely as racist and anti-female, he has been ridiculed for having a streak of paranoia. For example, he has said repeatedly in speeches that AIDS was deliberately introduced into the black community by white doctors [—and global Elitists. More on this story in the next article. Remember, "paranoia" implies that the fears are unjustified. It's a favorite put-down for those who would discredit the truth bringers.]

He also said he got the idea for the Million-Man March when he had a vision of being carried to a spaceship for a conversation with Nation of Islam founder Elijah Muhammad. [Interesting, to say the least!]

## AIDS: A GENOCIDAL PLOT?

From the November 2 issue of *THE BAKERSFIELD CALIFORNIAN*, [quoting:]

SAN DIEGO (AP)—A survey of about 1,000 black church members in five cities found that more than one-third of them believe the AIDS virus was produced in a germ warfare laboratory as a form of genocide against blacks. Another third said they were "unsure" whether AIDS was created to kill blacks. That left only one-third who disputed the theory. The findings held firm even among educated individuals [especially among knowledgeable individuals!], said one of the 1990 survey's authors, Sandra Crouse Quinn, a health educator at the School of Public Health at the University of North Carolina in Chapel Hill. [More about polls and surveys in the next article.]

Rumors that AIDS was created to kill blacks have circulated in the black community for years, and the belief is endorsed by some black leaders. "They don't trust our public health data," said Quinn, who is white. [Gee, I wonder why?!] The belief that AIDS is a form of genocide has serious health consequences, Quinn said: "If they believe AIDS is a form of genocide they are less likely to get tested, less likely to use condoms and less likely to participate in clinical trials." [If YOU think those three activities have merit, you'd better get yourself a copy of AIDS: SECRETS, LIES AND MYTHS EXPOSED from Bio-Alert Press, 160 N. Fairview, Suite 112, Goleta, Ca 93117-2344.]

Although she has not surveyed whites on the genocide question, Quinn said, "I think most whites would say this sounds bizarre." [Maybe they just haven't awakened yet.]

## DATA-MANIPULATING SURVEYS

From the October 27 issue of *THE ORLANDO SENTINEL*, [quoting:]

CHICAGO—In a nationwide survey of 2,000 youngsters aged 10 to 16, published by the American Academy of Pediatrics and widely reported by the news media, one out of four said they had been sexually or physically abused in the previous year. If you do the math, assault seems as common an adolescent affliction as acne—about 6 million American kids annually being stomped, whumped or otherwise subjected to unspeakable horrors. Except to reach those numbers, researchers had to stretch the definition of abuse beyond rape, robbery, molestation, criminal assault and the like to include such activities as being shoved by your brother or getting into a schoolyard fight.

Almost daily, some new study/report/survey/poll comes out with eye-popping claims designed to stir us to action [exactly!—and "they" already have that action ready to unfold.] and scare us [a great motivator]. They are chilling in their message—and woefully overblown. The latest example comes from the respected [speak for yourself, bud!] Carnegie Corp., which cobbled together 10 years of research on adolescents, including the American Academy of Pediatrics abuse study, and packaged it this month into a sweeping indictment of societal neglect. The report calls for major initiatives [CONTROLS] involving parents, schools, employers, government and other institutions to lavish attention on kids [not what it sounds like!] and keep them on the straight and narrow at a crucial point in their lives.

The Carnegie report, and its little cousin the abuse study, are part of a growing wave of what experts refer to as "definition research", surveys which redefine old problems or cast new ones in terms so amorphous that

it's virtually impossible to dispute the bleakness of their findings. Sometimes, even solid surveys are undermined by the spin put on them. [Imagine that!] Survey expert John Barry says large majorities of Americans always say "yes" when asked whether more money should be spent on crime fighting, education, medical care, drug suppression and the environment. Politicians and advocacy groups like to cite such figures, but they have little meaning, especially when the same people who want to spend more generally answer "no" when it comes to questions about raising taxes. ["Oh, shucks, I thought we were going to spend SOMEONE ELSE'S money!"]

Barry, associate director of the University of Connecticut's Roper Center for Public Opinion Research, says many researchers today rationalize a willingness to ask loaded questions, manipulate data or accentuate some findings while ignoring others. "The validity of the information is often dwarfed by what they see as the nobility of their goal," he explains. [And just what goal might THAT be?]

## BIRTH DEFECTS MORE COMMON AMONG KIN OF BRITISH GULF WAR VETS

This follow-up article comes from a recent issue of the *LONDON DAILY TELEGRAPH*, [quoting:]

LONDON—Forty children of British Gulf War veterans have been born with rare and potentially life-threatening deformities since Operation Desert Storm ended five years ago. Some have no ears, some have no pupils in their eyes, some have a muscle missing, others have dangerous heart conditions. Two children have already died as a result of birth defects. Their parents claim the conditions prove that "Gulf War Syndrome"—dismissed by Britain's Ministry of Defense as a psychological illness [sound familiar?—is a biological condition that can be passed from generation to generation. Rare deformities are as much as four times more prevalent in the children of people who served in the Gulf, according to an investigation by "Panorama" the BBC's long-running current affairs program, that aired last month. Hilary Meredith, a lawyer acting on behalf of the British veterans, says more cases of birth defects are coming to light all the time.

Members of Parliament are calling for proper investigation into the health of veterans and their children. [Right. We Americans are VERY familiar with these "investigations", aren't we? We've had window-dressing investigations into Ruby Ridge, Oklahoma City, Waco, Gulf War Syndrome.]

## CAREERS BILL TO MELD DEPARTMENTS OF EDUCATION AND LABOR

Phyllis Schlafly is the author of this excerpted article from the October 9-15 issue of *THE WASHINGTON TIMES—NATIONAL WEEKLY EDITION*, [quoting:]

Republican presidential candidates crisscrossing the country have discovered that one of their best hot-button applause lines is "I promise to abolish the Department of Education." Out in the byways of America, parents know that public schools are a disaster area and that federal government spending has hurt, not helped, the situation. So it is a puzzlement why the Republican House recently passed an education bill that increases federal control and involvement in the public schools rather than reducing it. [What's the puzzle? They tell us what WE want to hear, and do what THEY want to do.]

Called the "Careers" bill, it uses federal dollars to expand and institutionalize one of the worst Clinton bills passed last year, the School-to-Work Opportunities Act. When one takes time to read the Careers bill, it is obvious that it is the legislative implementation of an 18-page letter written by Marc Tucker, president of

the National Center on Education and the Economy, to Hillary Clinton on Nov. 11, 1992, just after the presidential election. This letter states that it was the result of a meeting in David Rockefeller's [kin folk to Bill] office, at which those present were "literally radiating happiness" at Bill Clinton's victory. They were celebrating their plans for what "you, Hillary and Bill should do now about education, training and labor market policy." Mr. Tucker's letter laid out their master plan to "remold" the public schools into a "national human resources development system", which would be "guided by clear standards that define the stages of the system for the people who progress through it, and regulated on the basis of outcomes that providers produce for their clients."

Mr. Tucker's vision is aggressively ambitious. His letter called for "a seamless web" that "literally extends from cradle to grave and is the same system for everyone—young and old, poor and rich, worker and full-time student. Mr. Tucker's "seamless web" includes a national employment service in which "all available front-line jobs, whether public or private, must be listed in it by law." Then, "a system of labor market boards is established at the local, state and federal levels to coordinate the systems for job training, postsecondary professional and technical education, adult basic education, job matching and counseling." Mr. Tucker's "seamless web" calls for government to be in the drivers' seat at every stage of the "human resources development system". The "labor market boards" will decide what jobs may be allowed, and the schools will "train" students (the human resources) for jobs selected by the "labor market boards".

Mr. Tucker's letter makes it clear why so much of the discussion about congressional appropriations for education includes references to the Labor Department. Mr. Tucker and his friends have been planning to meld Labor and Education functions ever since Lynn Martin, labor secretary in the Bush Administration, published the SCANS report. Much of Marc Tucker's ambitious plan is already in place. Last year, Mr. Clinton signed the Goals 2000 Act, which requires schools to adopt "standards", and the School-to-Work law, which lays the groundwork for using high schools to train students for occupations selected by the local labor market boards. [Are you sick yet?]

DOUBLESPEAK DICTIONARY

In order to know what the educrats are up to, you have to speak the lingo. Here are a few definitions to get you started, by Tom DeWeese, President of the American Policy Center, from the October 18 issue of the *INSIDER'S REPORT*, [quoting:]

Activists who stand in the arena, ready for battle, are often disarmed by what seems to be a foreign language. Many concerned parents have taken information that challenges Goals 2000 and OBE into school administrators, only to be told their fears were unfounded. "Here are the goals," the administrators say. "Nothing here to be alarmed about. Who could oppose goals that call for a 90 percent graduation rate, every adult literate and able to compete in the work force and professional development for educators, and being first in the world in math and science?" Well, they're not lying to you. But the words they are using have an entirely different meaning to you than to them. Let's start with the goal of "being first in the world in math and science". That comes under the general category of:

**GLOBAL EDUCATION:** this has nothing to do with being first in academics. It means to prepare students to be global interdependent citizens. It means to impose multiculturalism, pledging allegiance to the world community, eradicating nationalism and allegiance to one's nation and *Constitution*.

Get the picture? Let's try some more.

**EDUCATE:** to be flexible and adaptable, to make rational and varied responses to situations. No Absolutes.

**TEACHER:** see "facilitator".

**FACILITATOR:** non-directive, non-judgmental leader. A *change-agent* or technical assistant who chairs hand-picked committees or groups to facilitate the reaching of appropriate preconceived conclusions or consensus. This process is referred to as "managed change" according to Clyde Hall's *How to Implement Change*. Facilitator—the title now given teachers.

**HIGHER ORDER THINKING—CRITICAL THINKING:** this is the tool used to promote politically correct attitudes. OBE promoter Richard Paul declares, "...we need a clear global picture of education centered on comprehensive emancipatory thinking skills." [i.e., parents must not impose their values on students—the schools must do that]

**HUMAN RESOURCE:** refers to the citizens of this nation, and in particular to the children, who have become nothing more than a government commodity to be shaped to meet the needs of the economy. This is accomplished by restructuring education and by changing the purpose of schools to fill the "current and future needs of the student and (the planned) society.

**LEARNING:** a change in behavior which persists (a child is said to be learning when they begin to succumb to the constant pounding of the OBE behavioral adjustment curriculum.)

SUPREME COURT  
HEARS CASE:  
CHRISTIAN MAGAZINE  
DENIED FUNDS

The comments at the end of this article are interesting in light of the two preceding articles. From a recent issue of the *DENVER POST*, [quoting:]

A stained glass image of Jesus gazes heavenward from the altar window of University Chapel here, just a short walk from the statue of Thomas Jefferson, founder of the University of Virginia and champion of freedoms of speech and religion. Church

and state have coexisted peacefully here for generations. U-Va offers a degree program in religious studies, and student religious groups freely organize and operate on its grounds. But Jefferson's university now finds itself the battleground for the latest church-state clash to reach the Supreme court, a case that could have far-reaching impact.

The Supreme Court last week agreed to hear the University of Virginia case, which involves a group of Christian students who published a magazine called *Wide Awake*. The editors sought financial help from a university fund that supports a broad array of student organizations and activities. University guidelines prohibit any subsidies for religious activities. Applying that rule, a student council committee that administers the funds denied *Wide Awake's* request for help. After university officials reaffirmed that denial, the Christian students sued, claiming violation of their rights of free speech, free exercise of religion, and equal protection. A federal appeals court in May agreed the university had discriminated against one type of speech based on its content—namely, religious speech—but had ruled the university must so discriminate to avoid an unconstitutional state sponsorship of religion.

The university apparently has no qualms about supporting advocacy of gay and lesbian values, animal-rightists' values, feminist values and other views supported by its funds, but the line is drawn at religious values. OR perhaps the line is drawn only at Christian values. Among organizations receiving student activity funds at the university are the Muslim Student Association and the Jewish Law Students.

Tanisha Sullivan, a third-year student who heads the committee that decides which student groups will get university funds, admitted in an interview that evangelical Christians are viewed warily by many students here. "It raises an eyebrow, and you look at it a little more closely just because it's Christianity," she said. "Everyone is so on edge when it comes to Christianity." The Muslim students' magazine "is teaching the culture of Islam," Sullivan said. That's a politically correct value in these days of multiculturalism. But Christianity is viewed differently, she said. "People don't consider Christianity to be part of a culture. My generation is taking a turn away from Christianity and trying to explore other things, trying to break away from the norm." [See how well this "human resource" has "learned" to use "critical thinking" skills!]

## **SUPERFUND: SUPER BUSINESS KILLER**

Superfund—the federal government's misguided program to clean up toxic waste sites—was authorized in 1980. In 15 years it has identified 1,300 hazardous waste sites. And of those, only a small number have been cleaned up at a cost of over \$25 billion. Superfund—is it about toxic waste—or is it just further harassment and destruction of small business and constitutional liberties. Here is the story of Kelly Herstad, president of United Truck Body Co., Inc., in Duluth, Minnesota. From the October 9-15 issue of *THE WASHINGTON TIMES*, NATIONAL WEEKLY EDITION, [quoting:]

Before it went out of business in the late 1960s, Arrowhead refined waste motor oil from several enterprises in the Duluth area: service stations, mining companies, utilities, the Air Force, and government agencies. The waste from the refining process contained heavy metals. It was dumped in the back of Arrowhead's property. eventually, Superfund tagged the place as a toxic waste site. Superfund operates under a "retroactive, strict joint and several liability" scheme, which means that anybody associated with a site in the past can, in theory, be held 100 percent liable for cleanup costs. It doesn't matter if what you did was perfectly legal and proper at the time. You can still be stuck with the multi-million-dollar tab.

Since Arrowhead was out of business, EPA went through the company's old records, an incomplete pile stored in someone's garage. It also interviewed a former Arrowhead driver, now well up in years, about the company's clients. Anyone mentioned in the old records, or who was recalled by the former driver, got the same letter I got [from the EPA].

Americans are taught [though few believe or practice it] that people are innocent until proven guilty. That's not how Superfund works. We had to prove we never sold or gave oil to Arrowhead 25 years ago or more; otherwise we'd be held liable. Suddenly in 1989, EPA sued 12 of the business involved. Three of them were no longer in business. These lawsuits, however, generated other lawsuits, as the original 12 sought to share the costs of cleanup. Small businesses worried and wondered if they would survive the expensive ordeal. A bureaucrat told one small businessman, "Don't worry, we don't want your home or car, just your

business." To which he replied: "Without the business, you can have my home and car because I won't be able to afford either."

I was one of the lucky ones. My company was dropped from the suit, but not before I'd spent \$10,000 in legal fees—to defend myself for doing nothing illegal or improper. Here's the upshot: The cost of the cleanup has been assessed at \$34 million. Millions more have already been spent for lawyers and thousands of hours have been wasted in depositions and hearings. And the site still hasn't been cleaned up.

## **NEW YORKERS FED UP WITH DIPLOMATIC IMMUNITY**

Another perspective on the UN's 50th birthday party, from the October 22 issue of *THE ORLANDO SENTINEL*, [quoting:]

NEW YORK—The United Nations marks 50 years in New York City this weekend. And how are the envoys celebrating? Any way they want—they all have diplomatic immunity. Day in and day out, they park illegally at hydrants and bus stops, and ignore tickets. They stiff landlords and laugh at payment notices. And this weekend, they are bringing a four-day dose of terminal traffic—and it's *their* anniversary.

"They abuse diplomatic immunity," snaps former Mayor Ed Koch, one of the more vocal critics of the United Nations. One example: In August 1994, four Cuban Mission employees responded to Castro protesters by wading into the crowd wielding sticks, a crowbar and an ax handle. A city police officer was punched in the face—an assault captured on video. The charges? None. All four were released after claiming diplomatic immunity—although eight months later, two were ordered out of the United States.

Parking? The diplomats' red, white and blue license plates guarantee spaces denied to 7.3 million ordinary New Yorkers. If those spots are full, they can park anywhere and plead official business, which beat 68,637 tickets in 1994. At \$45 a pop, that's \$3,088,665 in lost revenue. And that's just one-third of the more than \$9 million that 31 U.N. delegations owe local landlords and business. The Ugandan Mission alone accounts for half of those bills. [Don't you sense a paradox, when those who represent the law have no respect for it as it applies to themselves?]

## **MESSAGES FROM PLEIADES**

To round things out, here are a few brief excerpts from an article "channeled by Barbara J. Marciniak" that appeared in the September 23 issue of *THE PLEIADIAN TIMES*, [quoting:]

Truth is quite simple—you are multidimensional characters, you are empowered with everything that you could possibly be empowered with if you would use your thoughts to decode yourself and believe it, if you would dare to claim love as yours.

It may sound ridiculously absurd, however, movies, politics, education, medicine, and religion do everything to distort the truth... [Does that sound absurd to you guys? Doesn't to me!]

The leap to higher consciousness involves knowing all things. There are so many in those six billion balls of consciousness upon your planet who refuse to know, who choose to be numb, who choose to be mind controlled because they are terrified to know the truth. Out of the six billion there is a small handful of you who are capable of knowing. [Does this account for our diminutive subscriber list?] Look around your life and see what is synchronistically presented to you once you make the commitment to know more.

Someone has to be the bad guy...and it was understood by all that there was a game that could be played where an opposing force spurred on evolution.

As reality crumbles, the most crucial key for you to understand is that everything in your papers and on the news is a metaphor and distraction for a larger battle over Earth, an intergalactic battle of immense proportions. It may appear that Earth is the territory being battled over, however, the prize is actually the essence of who you are and the right to rule and manage consciousness. The only way through this great virtual reality game is to wake up and enhance yourself, learn how to be a ball of energy transducing and transmitting love and light. Otherwise you will be like a tadpole in the section of the pond that dries up and will have to figure it out once again. So, you have created this opportunity with the bulls and the dragons at your heels that makes it far more exciting. If the bulls and dragons were not at your heels, we guarantee you, you would be doing nothing. This is how all consciousness evolves, moving towards crisis. So, when you find crisis in your own life, what will you say?

Make your choice, claim your power, acknowledge your wounds and stop taking everything so personally.

Stop feeling victimized and powerless and stop feeling as if you have to make someone else wrong to claim your power. Be all of you. Invest in yourselves. There is no greater journey than the one that you are on as humankind. Exalt in your travels. We wish you well. [Thank you. And thanks to all of you who send in news clippings—the life blood of THE NEWS DESK!]

# Goblins & Gremlins Both Far And Near

10/31/95 #1 HATONN

## WITCHES AND GOBLINS AND HALLOWEEN

I would like to make something absolutely clear right up top of this writing—the MIND-CONTROL rulers and would-be rulers may well claim to give homage to this gog or that gog but they believe in NOTHING. Truly EVIL persons do not believe in Satan as “necessary” to their belief system—they are simply without moral restraint of ANY KIND. Power and control are their ONLY passion and all else is simply a physical thrill to test their level of total lack of compassion for anything—living or dead. In sorting your concepts it would do you much good to remember this for these totally evil people will go far beyond anything that would be allowed in Satanic worship and certainly FAR BEYOND ANYTHING ALLOWED BY SIMPLE WITCHCRAFT, EVEN IF IT BE OF SACRIFICIAL RITUAL VARIETY. THE LEADERS AT THE TOP OF THESE PRACTICES ARE BEYOND EVIL—THEY ARE ROBOTIC DESTROYERS.

## RECOGNITION OF SATANISM AND WITCHCRAFT

Yesterday, among the other atrocities on the non-news was an announcement that SHOULD CURDLE WHAT BLOOD YOU HAVE LEFT! THE JUDEO-CHRISTIAN “RELIGION” (however you arrange a religion to make comment) NOW “RECOGNIZES WITCHCRAFT AND SATANISM AS A TRUE RELIGION AND WILL BE HONORED AS SAME”. Have you ALL GONE INSANE? This is not a sick joke on my part; it was simply a public recognition offered on All Saints Day (of the bad variety) to a brother/sister religious group for the purpose of tax exemption/tax free operations. Halloween was also declared as the most popular holiday in the United States “as a holiday”. There was also a “proposition” (of the political kind) to proclaim Christmas a non-“religious” holiday but, rather, a day of gift exchange. I thought that was already the way it is in behalf of the Khazarian New World Order commercial venture.

How much goes on of which you are unaware right under your noses and in your own community? Well, as we speak in this little community there is an ongoing investigation to find out the identity of a dead child. This is a girl child who was ritually murdered and SKINNED, found at a Satanic ritual site up in the mountains above the townsite. The news “has been suppressed pending identification and so as to not cause panic in the local citizenry”.

How can this be? Easy! For one thing the Satanic sites are mostly on land owned by a State Legislator. This is no necessary reflection on the absentee landlord, just a fact and easy access for those trespassing. More simple rituals are simply performed at the local, but rather out of the way, county park up on the same mountain. How many of you new readers are aware that Bakersfield, California was the largest and first central location for “organized” Witchcraft and Satanism in these United States west of the Mississippi? Some of

the most Elite families in the area are still, to this day, practicing members of the “religion”. As a matter of fact, so too are MANY members of the judicial cult. Worse yet, three generations is all it takes to completely change ANYTHING. You as a species were on the way down some 2000 years ago when you murdered the messenger. You called HIM a “savior”? No, he wasn’t a savior and neither is anyone a savior here today. You can’t “save” anyONE except perhaps yourself and it seems unlikely you will change much of anything in the public sector if you don’t get on with it. We certainly are NOT “saviors”—we are simply here to offer information for that which will later come to inhabit your globe and identify and recognize our own people. YOU DO NOT WANT TO BE SAVED AT BEST, AND THE PHYSICAL BLINDNESS IS THAT WHICH IS DESIRED WITHIN—NEVER MIND THAT WHICH IS SPOKEN FROM THE LIPS OF DECADENT POLITICIANS AND FALSE TEACHERS.

HUMANITY IS STILL IN THE DARK AGES OF KILLING THE MESSENGERS!

## THE ENEMY AMONG US

Oh indeed, the enemy resides among us, uses us, takes from us and then denounces us—while taking with them that which is not theirs. We have just had several examples of that in Green who took the solid assets of the Institute and now, more recently, ones who actually sold championship breeding birds. Ah indeed, Gene simply placed his birds with those of his mother, at the farm, so that they could be tended during the time he was working out of town—mostly at the farm.

Ah, and by the way—I told you to look beyond the obvious with the taking of all the payroll funds at the time of the break-in of Ekkers’ dwelling. The same were not connected and I warned you about assuming same just to clear the air. The break-and-enter person DID NOT TAKE THE MONEY IN POINT! But indeed, now you do know WHO DID. Moreover, you can time it to the hour when changes in personalities and partici-

pation began to REALLY go into reverse with refusal to do anything of merit save plan for how to get the rest of the property not belonging to them and seek revenge on others for their own shortcomings and failures. Sad? Yes, but the whole world “sad”. Moreover, as long as you protect the guilty and blame the innocent—you will get a lot sadder before the game is ended. Anyone who will take keys to the only remaining operating equipment not already heisted, which could save a bit of grain at best, and sell other people’s property in the form of pets and livestock—are not too nice, readers—no matter what they call the victims of their deeds or how “nice” you thought them to be by the words of their mouths. Listen to the new words from their mouths. Gene, for instance, sold birds as a second INCOME SOURCE—HE NOW HAS NO BREEDING STOCK BECAUSE ENCE “GOT EVEN” BY GETTING RID OF ALL THE BIRDS—NOT HIS TO START WITH! AND WORSE—YOU LET HIM DO IT!!! WHY HAVE YOU PEOPLE NOT GONE TO THE LEGAL AUTHORITIES AND AT THE LEAST REPORTED THE THEFTS? THE TRANSGRESSORS ARE LAUGHING AT YOU FOR YOUR STUPIDITY. GENE, ALONE, SHOULD BRING CHARGES FOR HE LOST A WHOLE AVIARY FULL OF CHAMPION BREEDING BIRDS. There was no MISUNDERSTANDING—this was intent to “get even” and bring pain and hurt, not to mention loss, to others who had trusted and paid them for the affront.

But I wonder why you wait and wait and wait to confront this issue? You have “third party” witnesses who saw the things being removed and you will find that you have “inside” persons who know where the smaller things are secreted away. You have to understand something, beloved rulers, when you steal from one—you take from all! The younger in age a person learns this lesson, the better for his/her own soul growth. To cover crime is but a burden placed on “another” individual by a perpetrator of the crime to have “joint responsibility” in bearing the burden—it is called “accessory to the crime”. Whoever, in fact, bought the birds is called “receivers of stolen property” and the property should be recovered without payment. DO IT, PLEASE, AND STOP WAITING AROUND SCRAMBLING THE EGGS YOU NO LONGER HAVE BECAUSE THE FARM CHICKENS WERE ALSO SOLD. YOU HAVE NO RIGHT TO SAY “OH WELL...” WITH OUR PROPERTY—FOR IT IS NOT YOURS TO DECIDE. THE LONGER YOU WAIT, THE LONGER IT WILL TAKE TO GET NO SATISFACTION. YOU CAN’T PROBABLY GET THE LAYING HENS BACK BUT YOU CAN RETRIEVE THE BIRDS! DO IT PLEASE! When people get the idea that God’s people are not stupid dunces, the garbage behaviors will STOP—NOT UNTIL.

# Latest In-Actions Of The Ronn Jackson Saga

11/1/95 #1 HATONN

Well, you ask, can Ronn Jackson REALLY do anything? NO! It appears he can't—or won't; we have yet to decide which it is. I would make a statement here, however, that clandestine foolishness is not appreciated in this corner of the information pool.

Jackson came to Rick with a "top-secret" trip to get some certificates or something. He needed something around \$4,000 cash plus whatever it would cost for Mr. Martin to be out of pocket from the paper with all expenses for as many days as would be required for the operation. Now, people, the *CONTACT* budget is in the red-ink so deep as to never see the light of "black-ink" again. \$3,500 to \$5,000 is out of the picture FOR ANYTHING AT PRESENT. The request for silence was, however, honored among the ONLY three who knew and we were warned by Mr. Jackson that these three were the only ones who knew of the "mission". But, a funny thing happened on the way to the Corporation Meeting in Las Vegas: it seems EVERYBODY was informed about the impending mission as it was attempted to raise money for the mission from anyone and everyone. When someone suggested to an important team-member (of Mr. Jackson) that they might ask *CONTACT* for support the answer was, "We tried but they turned us down and claim they don't have anything." Well, kidlets, they don't have anything except blood and gore all over them for the service. Free supplies have been forwarded to wherever and whenever it is requested by Mr. Jackson—BUT THERE WILL BE NO INVOLVEMENT IN CLANDESTINE OPERATIONS. OUR AGREEMENTS ARE TO DO BUSINESS IN THE ENTIRETY OF REGULATIONS, LOANS AND BUSINESS VENTURE TRANSACTIONS. This is what was promised and that is what is expected—TO PROTECT ALL PARTIES INVOLVED.

Nobody in the government or Federal Reserve is going to honor old gold certificates if they have a brain

in their mentally-challenged heads! I also find it totally annoying that Mr. Jackson is supposed to have access to the heads of State and every rich Bastard King in the world, along with inside funds scattered about from the Caribbean to Austria and yet the ONLY people we see or hear from, usually after they are destitute for service in his army, are from *CONTACT* friends and readers.

We understand that Mr. Jackson is in New Mexico but Mr. Martin is told it is none of his business—"just send the stuff". Well, some other *CONTACT* reader's family members are also there and in trouble, out of money, and hungry. Now they turn to us to "save the day". We can't. I am glad that several who were headed there, sight unseen, DID NOT GO! All that was to have been in readiness IS NOT. Will it ever be in readiness? I DO NOT KNOW; I AM NOT RONN JACKSON'S KEEPER, HANDLER, OR INSIDER—HE DEMANDS THAT I STAY OUT OF HIS BUSINESS. FINE!! This does not mean, either, that I expect less of him and/or his commitments and promises and AGREEMENTS KEPT WITH HIS SUPERIOR HANDLERS!! However, in that group over in Nevada and New Mexico, I would suggest you not further bite the hands that HAVE kept you alive with more discrediting or bad-mouthing of *CONTACT*. Mr. Jackson has already drawn off major support from the paper as ones turned to him for their political salvation. I have, I HAD HOPED, carefully warned you about saviors, fixers, and singularly CONTROLLED operations. I, further, wonder why it is you feel a concerted need to write and tell me all your bad news and complaints of personal nature regarding ANY OTHER segment of that which is NOT UNDER ANY CONTROL BY MYSELF!?!? MANKIND HAS FREE-WILL CHOICE ON YOUR GLOBE—AND I AM ASKED CONSTANTLY TO "GET OUT OF MY FACE, MY NECK, MY BUSINESS AND MY AFFAIRS". This suits me well EXCEPT for one tiny matter: your affairs ARE MY

AFFAIRS if you are using MY PEOPLE OR MY THINGS!

Am I angry at Ronn Jackson? No, he is doing the best HE CAN. It may not be much or it may be boodles; it is the best he can do! I simply asked that in exchange for freedom he serve as a conduit for flow between his old buddies and our projects on a very business-venture-type exchange. He claimed he could do whatever he claimed he could do. YOU READERS GOT HIM RELEASED. I CAN'T SAY MORE ABOUT IT FOR WE KEPT OUR BARGAIN AND PROMISES AND I FIND IT STRANGE THAT HE HAS NOT DONE SO. He, by the way, is responsible for his book, *Camelot*, NOT ME, not anyone here. His business arrangements are "NONE OF MY BUSINESS" and so it should be. Me-thinks some of you saw a gold-mine in the sky far away (or close as the case may be) and jumped God's ship. (???) I will do all I can do to assist you in finding sites and building a foundation for a New Republic—but I have no interest in a Ronn Jackson New Republic or even in a paper called by a MAN'S name. What is being printed in the *New Republic* is information printed so long ago in *CONTACT* as to embarrass us FOR them. This is in NO WAY A COMPLAINT OR ILL-REFERENCE TOWARD THEM OR ANYONE. EVERYBODY NEEDS THAT INFORMATION ANY WAY YOU CAN GET IT—OVER AND OVER AGAIN UNTIL YOU SEE AND HEAR!

Ronn continues to tell us all that he has between 31 and 33 million followers (mail pieces or something). I cannot imagine then, WHY, if *CONTACT* doesn't have funds to offer, that his mission is grounded! He told us he had received \$2 million in funds through those mailings and that his lawyer was walking around with some \$8 million in cash in a brief-case. It gets very, very difficult to believe all we are told. WE CANNOT NOR SHALL WE JEOPARDIZE ANY PORTION OF OUR SECURITY OR STANCE IN THE MARKETPLACE OR WITH THE PAPER THAT SERVES JOURNALISM AT ITS FINEST TO INVOLVE SELVES IN CLANDESTINE CIA-TYPE SHENANIGANS. The reason *The Liberator* of Civil War time was so effective and so respected was that it had good writers, good and honest journalism, and was built on integrity and public display of all content. Wasn't Mr. Garrison in favor of and led the battle to free the slaves? Indeed—and we are just as intent upon freeing YOU SLAVES today! You DO need a New Republic but I don't know if you actually need or want a Ronn Jackson government. Let him keep his promises TO ME and I will leave his government completely ALONE, or will help him—IF goodly intent is the ONLY intent toward freedom of, by

## CONTACT: The Phoenix Project

*CONTACT* is a unique and inspired newspaper for concerned citizens everywhere, though it particularly focuses on the United States because of this country's special mission in the affairs of the world. That is, "As goes the United States, so goes the world."

*CONTACT* is a vehicle for Commander Gyeorgos Ceres Hatonn's most recent writings on important current affairs, plus those from other enlightening sources, on matters critical to a responsible and informed public at this time of planetary transition and final days of battle between the Forces of Light and the "Evil Empire" forces of darkness.

*CONTACT* exists to counteract the manipulating lies and clever half-truths put out (on purpose) by the regular print and broadcast media prostitutes of the Satanic Elite controllers—parasites who are in the process of economically, physically, and spiritually collapsing this once great country (and actually the entire planet) down to a slave-state level of existence under their diabolical control plan called The New World Order.

This newspaper, *CONTACT*, began life on March 30, 1993, risen, like the mythical bird, with great determination "up from the ashes" of its internationally acclaimed predecessor called *THE PHOENIX LIBERATOR*.

*THE PHOENIX LIBERATOR*, in turn, began life in mid-October of 1991, having evolved from an earlier newsletter called the *PHOENIX JOURNAL EXPRESS*, which itself came into existence as a faster way to get THE TRUTH out to you readers than was possible with the more substantial "book" format of the *PHOENIX JOURNALS*. Much incredible ground has been covered so far in that mission.

While the *PHOENIX LIBERATOR*'s motto reminded all that "The Truth Will Set You Free", the *CONTACT*'s motto, displayed prominently in the masthead, takes that thought another important step forward and proclaims: "Ye Shall Know The Truth And The Truth Shall Make You Mad!"

The "Phoenix Project" is about those preparations needed—at body, mind and soul levels—to both understand and survive the great healing changes which are beginning to energize this beautiful little planet, now so frazzled and tortured from abuses of all kinds. We look forward, with great expectations, to the *CONTACT*ing with all of you—a coming together that is rapidly taking place as the entire Phoenix Project "ground crew" continues to connect, solidify, and gain strength through becoming informed of THE TRUTH. Indeed, welcome aboard, friends!

Editor-In-Chief, *CONTACT*

and FOR the people. IT IS NOT ALRIGHT TO BASH OR GASH THE HANDS THAT HELP, HOWEVER.

And lastly on the subject: I CANNOT DO ANYTHING ABOUT THE LACK OF GOOD SPELLING, TYPING OR GRAMMAR IN THAT PAPER AND FAXES COMING FROM THAT SECTOR. I HAVE NOTHING TO DO WITH ANY OF IT, NO MATTER WHAT IT SAYS OR HOW IT IS SAID! I find it a waste of funds to be faxing all the paper around the globe as if everyone just got off the money-wagon while the wagon is empty. With this in mind, why do you think I have input to their spelling? Please, I am bad enough at my own spelling of your crazy English language. Somehow readers think I am behind the *Ronn Jackson's New Republic, ETC.* No, I am NOT. I was told and it was agreed that if we would get Mr. Jackson OUT he would participate in writing for our paper, *CONTACT*. I see that is not likely to happen for I am not interested in exchanging one monarchy or dictatorship for that of ANOTHER. Someone needs to lead, yes, but when the leader depends on everyone else for supplying that which HE promised—that is not leadership—it becomes labeled a “con-job”. I do not wish to be connected to such labels as we have enough problems of our very own. Neither do I understand this sudden need for so many of you to complain to ME. Jackson tells us, regularly, to butt out of HIS BUSINESS and that it is “none of your business”. WE, FURTHER, KNOW **NOTHING ABOUT ANY LAND CLAIMS, FEES FOR FILING CLAIMS, CERTIFICATES OR BUSINESS AGREEMENTS—EXCEPT OUR OWN WHICH INVOLVE NONE OF THE ABOVE!** Mr. Jackson told us he could AND WOULD fund, immediately (within three working days of his release), our projects as proposed in formal proposal format with business plans. He agreed to fund Wally Gentleman for the making of *Sipapu* and other films—according to formal proposals. Our agreement is to borrow the funds against the projects in a formal business manner run through viable, ethical and legal corporations SO THERE WOULD BE NOTHING TO WHICH A COMPLAINT OF ANY REGULATION VIOLATION WOULD OR COULD OCCUR. WE ARE NOT IN THE CLANDESTINE OPERATIONS—WE WANT TO DO SOME PROJECTS AND HE SAID HE COULD GET THE FUNDS—LONG, LONG AGO. On numerous occasions, starting over a year ago, our people were calling the bank into which the funds were to first flow, twice daily—for it was stated that it was “in transfer”. It appears it was “in the mail” for nothing showed up except the rotten egg on the face.

Mr. Jackson says he has inside-operations experience and permission to handle funds from the Committee of 16, now 17, and I accept that statement. A man is as good as his word and he has given us his word. Therefore, I consider that he is doing all he can and the best he can. That means he will manage this funding and operation of leadership the best he can, or he won't, whichever is worthy of his word. I keep my word; I expect everyone with whom I associate or work to do likewise. “GOD'S DELAYS DO NOT MEAN GOD'S DENIALS”. I can speak for no OTHER.

I would suggest, however, that you who work in the offices of Mr. Jackson who now question OUR intent—stop the clandestine secret operations IF you expect help in moving forward. I am angry that there are people in trouble over in New Mexico and that we are expected to somehow solve it when we have been told in no uncertain terms to “mind your own business” and “keep out of ours”. May the bread be as sweet on your lips as on ours.

Are we “distancing” ourselves from *Ronn Jackson's New Republic*? I hope not. I am responding to the stacks of correspondence falling to me. I am not a part of such activities and have no way, otherwise, to respond. My assumption, since so much is taking place, or has taken place, without my involvement or supposed knowledge, is that I am in no position to further, at the very least, comment. *CONTACT* was asked to run

a form asking about a New Republic, *CONTACT* used its address but we are told that the mail received was diverted to special handling by Mr. Jackson's people in Louisiana. It supposedly arrived at the mail place, was picked up and stored and then shipped by trucks to Louisiana. *CONTACT* only received a few handfuls of mail regarding the “forms” so the assumption is that the mail was diverted since there was somewhere between 31 and 33 million pieces received, we were informed. It is upsetting to realize, however, that mail can be diverted without so much as written permission by the BOX HOLDER.

Do I actually believe everything I am told? NO, but if a man, I repeat, introduces himself as Jesus Christ, I will always speak to him as Mr. Christ. I am NOT ANOTHER'S BOND. FURTHERMORE—I DO NOT ATTEND MR. JACKSON'S BUSINESS, APPARENTLY NOT EVEN WHERE IT DOES INVOLVE ME. Today WE need a tractor—and without a tractor a New Republic is of no value to us AT ALL! Now, who does Mr. Jackson serve? Well, it obviously is NOT ME, so why do you continue and continue to ask? Why, in addition, is it the same questioners over and over again after I have responded? Mr. Jackson's very life depends on me keeping OUT OF HIS BUSINESS. I honor that requirement and thusly try my best to keep out of his business so that he falls into no more jeopardy than he, himself, establishes. Certainly no one will be getting into legal trouble through my business plans—EVER. I would suppose that his PRIOR friends are making it quite difficult for him. I make every possible effort to not make it more difficult. You people live in a nasty world filled with some pretty nasty people at the level of game-playing of this magnitude of fantasy or dreams of change.

What is not seen and what is not happening are more likely references to our TRUTH than anything

that does come down according to THEIR PLAN 2000. “They” are further from total “mind control of the population” than they were last week or yesterday, friends, for God works in most MYSTERIOUS ways HIS WONDERS TO PERFORM! Every individual who comes into TRUTH through these efforts—is not capable of falling to “their” mind-warp lies. KNOWING is the answer and the more who KNOW the tricks and plans—the less who will be subject to their blarney and mischief. If you would pull off your witches' hats and put on your Angel wings, you just might make it, costume buffs—but unfortunately false wings won't let you fly, so do what you will and with whom you will, for I am not sent to coerce, force, or DO anything save WRITE and GUIDE for those who ask same. We have done a lot of both and still can't afford a tractor for the little research farm or replace all the other things taken and secreted away to places KNOWN but untouched. The price of having new keys made for remaining equipment is NOTHING compared to the price which is already paid by the perpetrator of such garbage games. An exposed thief and liar is sometimes the only value of an experience. Sometimes the very thief/liar didn't realize he/she WAS ONE until after the acts are done and the rewards are headed back upon the gamesman. Be it ever so humble there is simply no place like truth and integrity in responsible actions. Also beware, perpetrators of nasty games upon my people, for the investigations required to find the tiny things—oftentimes uncover the large indiscretions! And, further, to teach your children this kind of behavior is an error which will reap such terrible rewards for the entire measure of your existence as to astound. For verily I say unto you: “The sins of the father shall be rested upon his children.” EVERY TIME—UNTIL THE CHILD TURNS AWAY FROM THE WRONG TEACHINGS AND EXAMPLES.

## NOTHING HAPPENED?

Nothing happened? Oh yes it did—the pulse-grid system didn't work and now the Shuttle crew will have to warm their landing tires—AGAIN. All of you took one more sound look at mayhem and costume parties to do your mischief and hidden “freedom” behind masks and “let's pretend”. Satan grabbed another inch in your doorways!

By the way, the Queen of England went visiting New Zealand and Australia to be there on the infamous Halloween holiday. Why might that be, brethren? Two reasons would be suspected: (1) It is where the underground sheltering for the Royalty is placed; AND (2) It is the central location (hub) of child-slavery and Skull and Bones-type renewal rituals. It is an area on the globe still maintained (as is Canada) as a satellite of England. Remember also, readers, the Queen of England is the wealthiest business-woman in the world. Also remember that the English Throne owns most of the business in the good old U.S.A.! Remember that many of your most IMPORTANT agencies are actually branches of British Intelligence hooked in with the Soviet-Israeli Intelligence. These in turn are the very beating HEART of Satanism, The Cult of National Security, The Zionist New World Order and other groups such as the Anti-Defamation League, The Gorbachev Foundation, etc. They are the central mind control of the United Nations organization.

Please remember that Gorbachev has his operation

in the U.S. at the old Presidio at San Francisco. That is also where Michael Aquino resides, head of Mind Control and a public figure in Mind Control and the Church of Satan. Accident? No, and moreover, it means it has to be permitted and arranged BY THE GOVERNMENT OF THE UNITED STATES OF AMERICA IN CONJUNCTION WITH SUCH AS THE CROWN OF ENGLAND AND THE HELMSMEN OF THE SOVIET UNION (never mind “Russia”!).

## YOU ARE IN THE FINAL EFFORT TO BRING THE WORLD INTO CONTROL THROUGH MENTAL-CONTROL ON A MASSIVE SCALE.

However, a lot of you nice guys are catching on to the immoral mischief of the would-be-gods. Enough of you are actually petitioning GOD to assist you in getting on your path of freedom and information as to be receiving that intervention for which you have pleaded. Do not rest on your oars, dear brothers, just because you make it one more day without the blood-bath—for alternatives are always the shrewd gift of the unGodly courtiers in the royal court of the Crowned Clowns. By the way, especially don't forget Georgie Bush and his twig-twigs for they are all bound into the Skull and Bones Societies for World Control through his New World Order. Bush's whole mission is to bring about the New World Order SANS GOD CREATOR. I hope it scares the pants off you people—but George Bush is still the most important one man in the United States even if you don't see him around very much. Kissinger pales in comparison as a puppet on the strings of the Masters of the puppets. Moreover, the political structure is in warp-overdrive.

## THANKS AND APPRECIATION

Please, a note from Doris: I am too embarrassed to allow another day to pass without publicly thanking you wonderful friends "out there". I have carried addresses about with me, lost them, found them, and time rushes by without me doing more than feeling guilty about not doing my personal thank yous.

To share just a bit with all of you and in hopes that you will read this because my "must dos" don't get done, please know that it is not Kathy, Karen or Diane at fault for delays in thanking you. I never should interfere for when I do so in thinking I WILL get to letters and notes, I don't and then am too embarrassed to face myself—you know, look yourself in the mirror and can't.

For every nasty note I get, so many of you share with us that my heart overflows in gratitude—for always, it seems, with the bad news of the day comes a reminder of someone's warm and caring gifts to Hatonn but which I get to handle, open and hold for a little while.

I am asked not to name names because of privacy but many of you have sent coins or medallions to use in the colloidalizing—one person even sent a memorial gold-plated plate left by her mother who wanted us to have it for the processing. One sent an assortment of silverware, a collection, one piece dated 1913. One person sent an assortment of gold watches that don't work but are beautiful in their presentation, along with a ring, necklace of pure silver and some coins in addition. One person sent a wedding ring and a class ring (all precious to the holder) and we are blown away by the caring generosity.

Then, there are the "I care" packages of which Christmas is nothing outstanding beside the loving gifts—one package contained everything from a wardrobe of blouses, skorts, wonderful soap, pantyhose, painted shirts, an Indian beaded shirt, and on and on—a boxful of one delightful hand-chosen thing after another. Then one beautiful person sent decorated sweatshirts with sunflowers and one with BIRDS which I love. These things came when my world looked about as painful and dark as it ever has—I had just been

pronounced as "totally Evil" and represented the "Devil Satan". Some days, friends, KNOWING just isn't enough to sop up the "hayfever" tears.

One of the most wonderful persons I have neglected in appreciation, however, is Sutton (his last name, from Colorado). He not only sent us a "care" package envelope but also offered us his antique tractor with log-splitter. He had sent us some gold coins along the way and was actually THE ONE who allowed us to offer gold colloid because the first colloids were from coins sent over the years and saved for that most rainy day and that day came in a most delightful day that has offered MANY a day of health and well-being. We are getting such wonderful and quite incredible stories about the results of Hatonn's "research" solutions (of every kind). And then there is our Canadian friend, Victor S., who is a constant reminder that God has people EVERYWHERE. This can't even include the other Canadians who seem to proliferate with each week. There is also Lester in New Zealand who has been a friend for the past seven years and sent some of the best information we have had. Dr. Cloutier sends jelly, jam, garlic and other things to make you socially unacceptable along with Spelt products to test the baker's products. He also sends sugar and syrup from the Fall maple gatherings back East and in Canada.

The love comes in pendants with angels, ankhs and poems, cards and notes of encouragement. I can honestly say that these are the fuels which allow us to take one more step beyond the last and puts into perspective the journey here.

Some days I think there is no way to go on because of physical restrictions, usually, because the cup seems quite empty. But we DO go on and in taking that next step into the unknown—it works out somehow.

I guess I should even thank Paul L. who lives HERE in town—who has started some dang-fool soup "diet" around and had the nerve to actually lose a lot of weight. The magic recipe finally made it back to my room the same day as Joan brought the most outrageous chocolate cake for my birthday! Now, I ask you—which would YOU choose? Well, I needed something to eat while I make the soup but I do remember long, long ago when the soup worked wonders on much younger people than we are now. I finally made it to being able to get

Social Security at a reduced rate (extremely reduced from what I hoped) but not old enough for Medicare and now I think they will slash it so good health becomes a necessity—thank you, God.

I realize that I can't possibly recognize everyone here but some things must be shared in this manner for the "gifts" are for us ALL. Margie made a cross between a pillow and a quilt and it has about 10 million hand stitches which tell the whole story of Tehachapi's escapades from our travels here to depicting houses, vehicles, friends, etc., even to the tiny bottles of colloids. I can't imagine the love that went into each finger prick through each meeting while I was "away" and she stitched every word into that quilt.

Today my room is a garden. I know that some of the flowers are for Hatonn and "thank you" to him for a very personal gift to a child in trouble. That is fine—he can't use them up there and they are here in all their wonder and fragrance—by the bundle-full.

Mostly I am asked to keep silent about "who" so I honor that request but I must publicly tell you that our cup runs over and always God and YOU fill it when the breaks happen and the contents all seem to run upon the floor into a puddle. There truly is no group here so we, along with others here, feel quite alone and always there is an enemy among us, I suppose, but there are also some incredibly wonderful friends along this way.

Commander Hatonn keeps telling us of the days when we will all sit by the fireplace and exchange tales and dreams with nothing to do but share. I keep nabbing onto that but don't seem to ever learn WHICH Winter will that be? This one? NO! THIS WINTER, I SEE, IS FOR CALORIELESS SOUP AND WRITING, INSTEAD OF READING. (I HAVEN'T READ THE BOOKS AND CMDR. MUMBLES SOMETHING ABOUT "BUSY HANDS VS. IDLE HANDS...")

Thank you for an opportunity to offer appreciation to you people out there who keep us glued together back here. My job is only the most TINY beginning and there is no way to thank everyone along the way who attend the words and, finally, you who read them and recognize them as worthy in truth. Every second of every writing became overwhelmingly CONFIRMED as we watched the million-man march on Washington D.C. in love and peace as God shut down the bloody plans for war—before our eyes and the eyes of the Adversary's cameras. Perhaps, after all, HOPE can be enough to avoid the Seventh Sign and the empty halls of souls in Heaven. So, I suppose I had best get back to the keyboard concerto. And, let me tell you something I have learned: when I am down and feeling pity for self—all I have to do is write and I find Cathy O'Brien, Randy Weaver, WACO, and Dr. Gresch, AMONG THOUSANDS, and I HAVE NO PROBLEMS.

11/2/95 #1 HATONN

## CAN YOU SEE "MY" PROBLEMS NOW?

Dharma asks for a paragraph and takes twenty!! Moreover she does it at least once every year or so. I shall have to put her back in her corner or as I often threaten—put the duct tape over her mouth or, at the least, mittens on her fingers. Oh what we have to put up with... in Heaven.

Along those lines of thought, however, I would like to offer a reminder about that which goes forth and is called "reputation" for "image" and it may help in the discernment and appreciation for evaluating self:

*Reputation is what men and women think of us; character is what God and the angels know of us.* Therefore, I pronounce Dharma as a pretty good character and a friend I am grateful to know for we go back so far as to boggle minds who might confront the possibilities—but then, DON'T WE ALL?

It is also said that "In prosperity our friends know us; in adversity we know our friends." How true—and WE HAVE ABUNDANCE IN FRIENDS, therefore, all else is unworthy of our attention.

# To Zita, With Love That All May Have Health

11/3/95 #1 HATONN

### A LETTER TO ZITA AND EVERYONE WHO CARES

I ask to reference this writing "To Zita" because of the subject material I take opportunity to cover.

I have carefully watched reactions and responses to her circumstance and I marvel that you people of Earth are not in worse shape than you are in actuality. If you could but heal the attitudes—how wondrous it would be!

Zita has been diagnosed with breast cancer. Oh? And just what might be breast cancer? "Cancer" itself is simply representative of normal cells which somehow mutate and continue to "gather" and grow in a form of mutation. There is only ONE serious cancer and that is wrong assumptions IN THE MIND! Cell mutation and immune systems which malfunction or are overloaded is all you have otherwise. And, better yet, these mutations will make every feasible effort to GATHER together. So, if you have a gathering—get rid of it and, often times, since little else is ever actually changed following surgery—get rid of it as fast as possible.

What is there about the confrontation so devastating to a being? The fact that great monsters are made of perfectly normal body reactions at the cellular level. Ah, but won't it kill us? No—the cancer may well be the invasive intruder which causes OTHER THINGS TO MALFUNCTION but otherwise it simply distorts its own way through normal tissues until it obstructs, constructs or destructs if left to its own demanding path without penalty.

But isn't this frightening? Of course! I do not ask lessening of fright and concern—**FEAR IS NOT ACCEPTABLE!** Fear continues the drama while concern and care remove the problem and, thus, the drama. So, dear ones, what does this statement tell you? In our own individual ways we DO handle our assaults and sometimes the more dramatic the circumstances the more we can love and give attention to these attitudes and scenes which we write into our own play.

Dharma, I want a lesson for you RIGHT HERE AND RIGHT NOW, please. This lesson we are writing is FAR MORE IMPORTANT than being in a hospital hallway remembering all the negative incidents of past experience and prattling to Rick about possibilities and probabilities. Nothing you would do is more worthy than learning your own lessons. You want Zita to KNOW your heart and mind are with her? Then do your job and let the physicians do theirs. If "something goes wrong" just what do you think you would do? It has already been turned over to God and to Zita—the surgeons are, factually, incidental technicians.

So why would Zita have to undergo extensive surgery and not just wait and see what happens? Because of the lessons for many of you—right here. She would not "just get well". She had begun to focus on almost nothing else than that lump. I would prefer it not be opened but it was—and so seed cells are released to land and set crops elsewhere without ever a lessening of the ATTENTION and focus on the misfit cellular structure. It is, then, better to surgically remove the culprits

so the mind can put it aside. Zita is not sick, she is not maimed, she is not deformed for there will be reconstructive surgery and therefore she is only going to pay the price of the surgical incisions as to healing. She has available, now, all the necessary items for healing and the exterior chest procedures will not be as PAINFUL as was the twisted ankle—or at the least not very much. Remember that people do this to themselves to have a different shape than God offered.

So what is this all about? It is about people taking an opportunity that is otherwise neglected—at give a focus, love, appreciation and caring to another. Enjoy this for what it is—an opportunity. This is what all this is about emotionally for you who know "there but for the Grace of God, go I". So, do what you will and ENJOY the opportunity—but please call it what it IS and not an opportunity to air all the painful or devastating laundry.

I am asked, already, about what to do next—IF...! If what? Are the surgeons so ill-skilled as to leave great masses of unwanted tissue? Do we have to offer the surgeons the rest of our bodies and life to fit their malpractice needs? No, I would not compromise GOOD HEALTH (which Zita enjoys) to poison and massive radiation. USE YOUR WISDOM AND BRAINS. Give the offensive tissue to the altar of the scalpel but do not give yourself to that altar as well. Take additional amounts of colloids to prevent infections of the worst kinds and/or bear fear of same. Get it out, heal it up, and take a few days to rest and recover stamina. I can tell you right now that Zita has far less to heal than did Kathy with surgery which was not related to cancer in any way—but likewise necessary. I suggest that hospital imprisonment be minimal, if possible in every instance, for I feel that hospitals are hazardous to your health, especially now when so much more is relied upon worthless antibiotics than is given to sanitation and care in preventing the spread of dis-ease carriers. If alien (another's) blood is used for any reason—do a double intake of colloids and Drias for at least a week until the immune system can kick out invaders.

You need to rely on the Priests of the cult of "medicine"—but you do not have to sacrifice your remaining health and bodies to them. I simply don't think that most of you realize that you GET SICK to AVOID LIVING! I also don't think that you realize how many simply die to avoid the return to living in the mortal world. If one young man had not given his very life in mortal form—none of you would be enjoying our communion NOW. Let us honor, respect, revere and accept the things which take place—one piece, one step, one thought—at a time! Gather every POSITIVE aspect of each individual experience—ah, even write them down if you would. The precious and loving nurse, the caring physician, the beauty of each flower sent in love and sharing—every step of a weary technician—every thing must be appreciated—EVERYTHING!

If you attended you won't notice the negative aspects anyway so don't look for them and ignore those things. Remember that today a hospital for elective procedures SERVES the patient in order to draw them back. Don't give me the old "the food is terrible", either. The food is usually the same gooey unhealthy stuff you demand every day—served usually with a

warm smile and friendly hands. They want you back again!! My wonderment is this: why do you wait to be ill to pamper yourself a bit? Could you not just say that "for the next three days I must rest, have some privacy without problems in my face, and withdraw to heal and renew"? Could you not do this without having to have mutilation, mutation, or fearful anticipation? No, I suppose not. But, the ones I really think are exceptional are the ones who go forth among you and work in spite of whatever disease they may bear. Far more sick days are taken from the workplace for other than sickness than you can possibly imagine—people like to work with their buddies and SPREAD THE DISEASE if they are actually ill. Who wants to waste a good day off being sickly? More sick days are ACTUALLY taken as a result of hangovers from alcohol, parties, late hours and drugs—than all the rest put together. The "flu" has such a bad usage that when you actually GET THE FLU, you create such massively devastating disease as to have no treatment. Of course penicillin will cure the hangover flu—but it won't even slow up the Dengue hemorrhage. Think about these things carefully for they will be what saves your assets.

The real dis-ease is between the ears—so be pleased when you find a lump that can be removed! That is, of course, if you expect to also cure the invaders between those ears.

Ah, but I also hear about the possibility of death from anesthesia, etc. Interestingly enough—you may know your surgeon BUT HOW WELL DO YOU KNOW THAT ANESTHESIOLOGIST??? Surgeons don't usually kill patients—but anesthesiologists often do so. Moreover, I hear about the numbers of "near-death" experiences from the surgical table. Oh? And what is wrong with THAT? Is it so difficult to spend a bit of time with God and an Angel or two? Is it so hard to confront the needs of this place vs. THAT place and realize the REALITY OF THE TWO IN THEIR SEPARATE CATEGORIES? What actually is your FEAR?

Your FEAR is that you are frightened of possible CHANGE and lack of enough growth to give graduation-time its rightful place in the passage of sequence. When you KNOW and can realize that there IS LIFE AFTER EVERYTHING OR ANYTHING—perhaps you can relax a bit and smell those flowers which will be brought to your view—if they have any flavor or aroma remaining from their hybrid-tampering. YOU GO SMELL A ROSE FROM THE GARDEN AND THEN SMELL ONE FROM THE FLORIST! What man tries desperately to accomplish is an ARTIFICIAL life without emotions of human experience, with plenty of wealth to avoid EXPERIENCING CHALLENGE and perfection of OTHERS to meet your requirements. Is this likely to happen? Not in twenty life-times of nothing but Sundays.

I can tell you this, about yourselves: You test your own status with every insult to your being. When you have illness, damage, or just setbacks in the journey's planning—you test your own ability to cope, to trust, your faith, your ability to recover and your status with GOD. If the insult is critical you must then make choices within—as to passage from the mortal status or to return to the challenge. You will at that time decide properly for the facts are ALL there before you to SEE AND HEAR. Then you will ask your Guides for permission to make choices—it is a wondrous thing and time is not considered. Your Guides, however, may well take you to the place of God or walk with you—and those who have gone before. You will choose as to placement. If your own journey is not finished in the mortal manifestation, you will return; if it is sufficient for further growth—you will stay in the immortal until you find the next assignment for soul. IF your life has been "good", you will find the goodly company all about you and the pull to "rest" may well be the choice. Is this so bad? You constantly complain to me about your fatigue, your tiredness, your weariness with the journey there upon the stage called mortal and the endless challenges of task.

You will each see in each fear a different image. When Dharma has an accident or carelessness proves to be potential damage—she quickly refers to her HANDS for she would feel worthless and incapable without use of her fingers and hands. Another may well think of head injury, or a runner, his feet. When you can think instantly of SOUL, and consequences of foolish actions, you will take less foolish chances—especially in the use of equipment manmade for carriage or transportation hither and yon in your mortal plane. How many lives are changed FOREVER because of a hasty move to turn in front of an oncoming vehicle!?!? Was the 5 second “get ahead of” worth the consequences? Is it worthy of the 5 seconds even if there are no untoward consequences? Do YOU have a right to jeopardize the lives of those with you at such times of decision if you are at the wheel? WHAT IS YOUR DAMNED HURRY? WHAT IS THERE ABOUT LIVING THAT GIVES YOU CAUSE TO BE IN SUCH A BIG HURRY? WHAT IN THE WORLD ARE YOU GOING TO DO WHEN YOU “GET THERE”? COULDN'T YOU HAVE STARTED SOONER—OR ON TIME? WHAT IS THIS NEED TO RUSH HITHER AND YON CONSTANTLY IN YOUR BIG MACHINES—WITH YOUR BRAINS ON AUTO-PILOT? WHAT YOU DO IN ACTUALITY IS USUALLY HURRY UP TO WAIT SOMEWHERE ELSE. BEING “ON TIME” IS ONE OF THE MOST WORTHY TRAITS I CAN ASK—BUT TO RUSH TO NONSENSE JUST TO WAIT FOR ANOTHER'S NONSENSE IS WITHOUT MERIT. So, the next question is why are you not “on time” and will fast driving solve the lateness which was your inattention and self-centeredness in the first place? If you are truly distracted by needs which arise—so, you have good reason—otherwise you have ONLY excuses. There are many differences in the two words and meanings. ONE “reason” is sufficient and if there are TWO, bully for you, if there are MORE—they are but EXCUSES!

Why is there such driving need for alternative life styles and alternate states of mental being? What calls to the being to experience these things? New realities? New expressions? NO—IT IS FEAR OF FAILURE OF THE EXPERIENCE IN WHICH YOU ARE. When you can be who you are, where you are, and WHEN you ARE—then and only then will you have gained insight and worthiness of progression beyond the “escape” mode. When the words you write have meaning beyond the writing of the alphabetical scribble—you have arrived! Age is that which you use to count your time until the next experience and some miss the entire journey in the mortal in efforting to live in the immortal—not as grown souls but simply as ascended something or other. When you can ACTUALLY LIVE AND EXPERIENCE IN THE STATE IN WHICH YOU FIND YOURSELF—YOU HAVE ARRIVED! When you can see and recognize the worthy help in allowing you progression to this wondrous expression—you are BLESSED. When you accept the blessings and move on in recognition, appreciation and love—it is called GRACE. When you move beyond Grace you will find yourself WITHIN GOD.

When you experience Grace within God you don't need to look at the twinkling lights in the night sky except for the communion with brethren. You won't need reassurance by means of silver ships and/or angel's tears or laughter—you will have peace and KNOWING within. All else becomes but frosting on your cake which you save to eat “after you lose weight”, or something equally as silly. If you REALLY want to accomplish something you don't wait for the cake or the frosting—you WON'T NEED either. It is as simple as losing weight, as a matter of fact—if you simply long for the cake when you can't have it—what are you doing? You are NOT living in the moment but still hoping for the magic “out there somewhere”. So, you use discipline while always wanting the cake and finally, what do you do? You eat the cake which offers the very problem you had in the first place. When you can enjoy the cake while disallowing it to damage

you—again, you have arrived! Also, again, it is that which is eating you that is your problem (between those ears) and not that which you eat.

You think I have come a long way from Zita's hospitalization for surgery and the subject to which I have moved? NO, I HAVEN'T. YOU ponder it!

Can you live your life in mortality as if each action is YOUR LEGACY to that which will surely follow? Do you? Is your passage worthy—of self? No other opinion is important for if your passage is unworthy YOU ARE THE FIRST TO KNOW. If it is worthy, GOD is the first to honor you. It may seem strange that human first recognizes his unworthiness and doubts his worthiness and you might wonder why this might be so. It is quite simple in that mortal experience is where the lessons are learned—and a lot of unworthiness is practiced by the human mortal in the classroom but the doubts of worthiness are based on past input while re-learning the worthy passage. This one fact, however, is good enough reason to tend your OWN BUSINESS rather than another's because, while you tend another's, you are sorely neglecting your own. This is the same truth as trying to offer another his responsibility lessons and/or trying to be responsible FOR ANOTHER—you cannot! YOU can only have opinion regarding another and your OPINION is usually not

worth a tinker's damn—unless requested. How many lives do we try to live—OTHER THAN OUR OWN?

There is a lesson that, if learned, makes ALL the difference in everything you encounter. God does not interfere or coerce, force or drag YOU anywhere in anything. Intervention and response is always available if the intent is sincere and REQUESTED. If this stance is fine and practiced by GOD—is it not good enough for YOU? It IS good enough for me, demanded OF me, and I, further, in action find it best FOR YOU. To be “called” evil—DOES NOT MAKE IT SO, but it certainly reflects poorly on the name-callers. You see, chelas, I never act in such manner that I have to apologize to my Creator and therefore a bunch of opinions scattered about ABOUT me are of no consequence or value for I KNOW MY PLACE WITHIN GOD. Truth is based on exactly that, Truth. Errors may well occur but concept is the foundation upon which truth prevails. A man is recognized and known by his WORD—and my mission is one of WORDS and WORKS and I do both in honor and integrity of MY WORD as rested in GOD—not MAN'S opinions. Am I capable of setting up “sting” operations? YOU BET! Why? So YOU can measure YOUR journey and status—I ALREADY KNOW MINE! I would like to repeat something here—a code by which I find easy

consideration: I live so that I never have to say I'm sorry—to God. In that way I only need revere and respect and honor God—never worship or bend except as I revere that which is my conception. Further, I continually am in communion and appreciation for that which I am afforded from this wondrous UNIVERSE.

I do not "enjoy" speaking of all things which are perceived as wrong, nor do I like referencing politicians and controllers of any kind. But these are part of the things which must be moved beyond so that truth and reality can be seen as the wonder that they are. YOU must come to confrontation and understanding of SELF in that you can move in ever enlarging circles of growth instead of stagnation and mutation within narrow cell walls. Let go of your crutches and WALK. Quit taking the "easy" way, leaning upon supports unnecessary but binding upon thine beings.

I ask you something and use John as example: if he cannot move beyond the crutches of the walker—how can he ever have confidence enough to drive and fly and move outside his bondage? Throw the thing away for if he could walk with ME, he can walk—he is not OLD except between his ears—once again, the location of all infirmity and crippled behavior. Handicapped is not the same thing as crippled! I think that if John were put onto Paul L.'s soup—you might find miracles in body and mind—and that will reflect wondrously on the positive stance of SOUL. (P.S.: Audrey, it takes the pain out of menu planning and cooking.) While others are playing the game—it is fun to also be in the game instead of "wishing I had done that, too". Is there not beauty in having a home for healthy, alert and fun elderly? Do we have to age and die in bondage and misery? Cast off the infirmity, get up on your feet, if you have them yet, and DO SOMETHING instead of wasting the most precious years of gained knowledge.

Serve instead of being served and your lives will blossom instead of wither as the dead flowers—for at the least the passing flowers leave the SEEDS of miracles in the next season. People wither and pass and that is the end of that. Why? Because you choose to allow it to be! You ARE that which YOU CHOOSE to be.

Now, Dharma, you will ultimately feel better for having shared MY time with others rather than sit in a sterile (or not so sterile) surgery waiting-room this day. Would you deprive our friends, all, to sit while another is asleep? Will this not serve Zita better than all the sitting and waiting in quandary could accomplish? I do not say these things to punish you but to remind you of responsibility. Whatever happens to Zita—it is well with her soul and none of your business. What is your business is that you remain the best friend in your capability of service. Sometimes that may well be in sitting and holding a hand—even in silence. YOU have to learn to discern the difference in circumstances and quality of friendship service. A FRIEND is one who is ALWAYS "there" whenever and wherever and whatever and there is no such meaning as "distance" or "time" for if we treat all as if there are no such things—we shall have earned our wings, and yes, I do take every opportunity, large or small, to offer these lessons, for beyond and above all things represented here—I LOVE AND CHERISH YOU ONES; I AM YOUR FRIEND AND I HAVE NO GREATER OFFERING TO BRING. I EXPERIENCE SORROW AT THE LOSS OF EVEN ONE WHO CHOOSES TO NOT BE MY FRIEND AS WELL. BUT WE DO THAT WHICH WE CHOOSE IN ALL INSTANCES AND ANOTHER'S CHOICES ARE NOT MY BUSINESS, EVEN IF I FEEL THEM TO BE INCORRECT. GOD ALLOWS IN ABSOLUTE LOVE—BUT HE PLACES MANY, MANY CONDITIONS UPON US. I SHALL ALWAYS LIVE WITHIN

THOSE CONDITIONS SO THAT PERCEPTIONS CAN CHANGE IN OPINIONS REGARDING MYSELF AND OUR MISSION. IF WE REMAIN STRONG AND UPRIGHT IN TRUTH—IT SHALL STAND ALL THE ASSAULTS AGAINST US.

## RETURN HEALTH TO LAW, TOO

I would add a P.S. here, please. Terry Gross heard EXACTLY what I said about the property case. What is changed in my direction and instructions is not in the interpretation but in the circumstances. There are now presented some things which make alternatives possible instead of "throwing in the whole towel". Pay close attention to how the opponent handles the new circumstances and stance of his new legal opponent. Terry must be far stronger than the weak and gutless sniveling example of what is wrong with LAW and it's practice. Do not let personalities get in the way—hit hard, hit with every bit of ammunition he has provided you—and WIN. It appears the Judge in point has some major problems with his own position and it would appear, from where I sit, that he is going to probably want to proceed with some diligence to the atrocities of justice brought prior to this. This is WHY the Grand Jury focus will be most helpful—for the PEOPLE are fed up with garbage instead of justice and the Grand Jury can really help clean up the totally unconscionable and unethical practices which have become the norm and not the unusual.

There was NO SALE as advertised under LAW. All else in the games of the opponent is simply more and deeper conspiracy to unjust treatment of "the people". Terry has given great and in-depth thought to what he feels is my input and I thank him and he read correctly that which I asked. I do now, however, see possibilities otherwise than giving away the farm, so to speak. If we can keep the COSTS, which are getting unbearable, under control—the results will be worthy of far more than "fees". Let us not lose this on "fees", please. There is so much at stake which will give fame and honor to an attorney who WINS THIS CASE as to boggle the minds of the rest of the ordinary practicing legal counsels. Right MUST begin to prevail and not fall to the sword of antics and tactics to simply bury the righteous for their inability to fight big business and the rule of money. Since both have to consider costs and survival vs. shutting down or being able to continue—let us move QUICKLY without giving quarter to our enemy and DEMAND hearing, trial, whatever is necessary—NOW! TAKE CONTROL OF THIS CASE and stop playing Horn's idiot GAMES. THERE WAS NO SALE—AND, THE GLOVES DIDN'T FIT! STOP BEING DISTRACTED. YOU HAVE THE PROOF SO SLAY THE DRAGON AND QUIT PLAYING HIS GAME UNTIL YOU RUN OUT OF ASSETS AND COURAGE. YOU HAVE THE CASE WON—GET IT DONE.

Then, without pause—go to the Grand Jury—FOR THE REST OF THE PEOPLE! How can you change the nation if GOOD PEOPLE DO NOTHING?

Thank you, Terry, and thank you, Gene. You have heard me better than did my scribe—and perhaps that tree gets in the way of the forest when the players are weary after eight years of struggle which has merited nothing save indebtedness. Remember that I have to test my own troops—for how many battles are lost just as they reach the brink of winning? You must play the game on the field of mortal reality upon which you reside and make your choices, but ride confidently and when you have advantage—USE IT.

I suggest that this is long enough so that you can now go about your business of the day. I offer my unlimited love and healing to Zita and I bless her for giving, unto us, this opportunity.

In respect, reverence, and love—good morning. You must see by this point on the clock turning—that I CAN be in more than one place at a time. Ponder it please. Salu.

# Health Update

The "ULTIMATE"  
4-in-1

For those who have not heard of this new item, I'd like to take this time to introduce 4-in-1 to you as one of the most comprehensive products containing the hottest nutritional supplements on the market today! The four ingredients are Wild Yam (the DHEA precursor that is sweeping the country), Grape Seed Extract (more potent than Pycnogenol), Ester-C® (the most absorbable Vitamin C) and the well known antioxidant Aloe Vera. These substances combine to produce an intensive program that is said to reverse the damage that has taken place through the years and provide balance of hormones and nutritional elements to help create absolute total health in the body.

One of the elements found in 4-in-1 is Wild Yam which has been used for centuries as a precursor to dehydroepiandrosterone (DHEA) which is a hormone found naturally within the body. After the age of 20, levels of DHEA start to decrease and research has shown that this decrease accelerates the aging process. By normalizing the levels of DHEA in the body, researchers have shown that any number of diseases have melted away, such as the reduction of atherosclerosis and heart disease. Wrinkles and excessive body fat are also said to diminish due to the hormone balancing that takes place. The more information you read regarding Wild Yam, the more convinced you will be of its profound benefits. It is not advisable to take Wild Yam if you wish to get pregnant, are pregnant or are breastfeeding. There is some research that shows this substance to aid in birth control.

The Grape Seed Extract is one version of the more famous product named Pycnogenol (although

research has shown Grape Seed Extract to be more potent). This product is a highly bioavailable antioxidant which plainly means that the body really uses the product to rid itself of defective cells and restore damaged ones. Once this is accomplished, all tissues, organs and organ systems can return to balance for optimum health.

Ester-C® is a revolutionary form of Vitamin C because it is absorbed into the bloodstream twice as fast and held in the body twice as long as ordinary Vitamin C (ascorbic acid). Ester-C® is naturally processed in purified water, not solvents. It has a neutral pH which eliminates the side effects of Acid Rejection Syndrome found with regular Vitamin C.

Aloe Vera is a well known plant that has been used for over 4,000 years in treating both external and internal physical conditions. Scientific studies have been conducted using Aloe Vera in the treatment of a wide variety of ailments including heart conditions, HIV infection, diabetes, feline leukemia, ulcers (internal and external), burns and aging.

Overall, 4-in-1 appears to be the Ultimate Nutritional Supplement to add to any diet. It is rare to find four of the most exciting and powerful nutritional products wrapped up in one package. Aloe Vera and Ester-C® are renowned for their medicinal benefits but Grape Seed extract and Wild Yam are on the cutting edge of nutritional products that can give an individual the potent elements to stay youthful and healthy for a lifetime of quality living. Add these four together and you potentially have the fountain of youth tied up in one little bottle. (Please call New Gaia Products at 1-800-639-4242 for ordering information.)

## Kawaja Paper Trail Has Adversary Squirming

10-30-95 / To :

Dear

I am writing in response to your inquiry as to how you and anyone can help in getting the information about the Gulf War/Iraqgate, the crimes and GWS exposed, and in the hands of the American public. No one knows the extent of what I have been and continue to go through trying to get that done. Listed below are some of the people/entities that have been already made aware, so that you/others do not make the same mistake or duplicate/waste efforts. If anyone is interested and has the time, they can always contact any of them and ask why nothing has been done. ( These are in addition to trying to stop the crimes before the Gulf War itself)

These are only a few of my attempts to get the information to the American people, in addition to the CIA/FBI/CUSTOMS, me operating under a code name for the Government to prosecute/stop terrorism in America (so I was told). Then there is Kevin Craddock & Tom Hopp from Scheibel's office/Congress, Rep. Charlie Rose, Tom Strezemienski, Jeff Bingaman/Chairman of the Senate Armed Services Committee, Subcommittee on Defense Technology and Chairman of the Joint Economic Committee Subcommittee on Technology and National Security, and the list keeps going on.

I offered to testify before Congress back in 1991, they have known about me and my evidence since 1991 (see Bingaman letter). CONGRESS does not want the evidence on record before the American people. Further evidence was sent directly to the First Lady Hillary Clinton and Dr. Diana Zuckerman, Janet Reno, John Hogan "prior to" his final report on the BNL, Vice President - Al Gore, I.G. - DOD / The Pentagon, Mr. George Weiss - Customs Commissioner, Michael Shaheen Jr., - Counsel / DOJ, CIA Director - John Deutch, FBI Director - Mr. Louis Freeh, Senator Connie Mack, General Norman Schwarzkopf, Senator Jesse Helms, Mr. Newt Gingrich, General John M. Shalikashvili - Chairman / Joint Chiefs of Staff, Lt. General J.R. Clapper Jr. - DIA / Director, Secretary of Defense - William Perry, U.S. ARMY CHEMICAL & BIOLOGICAL DEFENSE COMMAND / Edgewood, NATIONAL SECURITY AGENCY, AMERICAN MEDICAL ASSOCIATION, Governor Lawton Chiles, VETERANS ADMINISTRATION, AMERICAN LEGION, VETERANS OF FOREIGN WARS - VFW, Dr. David A. Kessler, FDA Commissioner, Senator Bob Dole, Honorary Anita K. Jones / OSD Research & Engineering, Intelligence Oversight - Charles Hawkins. Specific evidence was sent to Carol DiBattiste of the DOJ, and Michael Shaheen of the DOJ to prosecute some of the crimes I have charged in my Suit, and specifically the AUSA of "Misleading a Federal Grand Jury. NOTHING HAS BEEN DONE". In addition to many others, I spoke with Mr. Jonathan Tucker (202-761-0066) of the Presidential Advisory Committee on Gulf War Syndrome, who call me October-30, 1995. When I finished explaining to him what this is really all about, he was in shock and from his reaction, this advisory board is in the dark, and going nowhere fast. I offered to cooperate with his board if they were going to do something for the Veterans. With that he silently said good-bye and hung up. He did not follow through for me to testify and present evidence, and from what I heard him say, this seems like another smoke screen. Don't hold your breath waiting for a miracle. I have also signed a release to some attorneys supposedly wanting to help veterans so they could Subpoena my evidence through the Courts, and in addition, I offered to present evidence and testify for others. NONE have done so!

November 1, 1995 8:05 AM From: PETER KAWAJA Fax #: [407] 989-8261

Here is what any Gulf Veteran and Civilian should do :

- 1.) Call for a CONGRESSIONAL INVESTIGATION into GWS / IRAQGATE
- 2.) Demand that Peter Kawaja's evidence be UNSEALED and ALL of it given back to him.
- 3.) Support Peter Kawaja in his legal battle which is for ALL Americans. Support means write letters, photocopy information, spread the word, mail out information (papers/tapes), talk to your friends and neighbors, write to newspapers and other media and demand to know why they have not covered the GWS story, etc..

It is paramount that PUBLIC hearings by an INDEPENDENT COUNCIL oversee any investigation or hearings, because all others will be white-washed and controlled by some of the very perpetrators of the crimes.

WHY is it that Peter Kawaja "insists" his evidence be unsealed ? For the lack of time and space on this paper, let me give you a simple but graphic explanation : if you sat on a jury, and I presented a tape recording or a document that "I" say the voices on it are Barbuti, Saddam Hussein, George Bush, Henry Kissinger - for example. Their counsel would try to say the tape is a forgery or the like. BUT, what if, the GOVERNMENT itself has to produce a tape recording that THEY took from Peter Kawaja, and THEY have to admit in court that THEY were in possession of the tape UNDER NATIONAL SECURITY for almost 5-years. This tape is THEIR EVIDENCE, that THEY took under a WAR POWERS ACT search warrant and SEALED so YOU would never hear it. NOW - if they have to enter that tape and play it for you to hear, HOW will they be able to challenge THEIR OWN EVIDENCE ? Do you understand ? The Government of the United States came in 1990 with such a War Powers Act Search Warrant and took BOXES of evidence from Peter Kawaja, and Sealed it as National Security during 1990 - BEFORE any American received their Immunization shots, before any American had to take their PB pill, before any American received ANTHRAX Vaccinations and others, before the WAR with Iraq, before any Chemical and Biological Weapons were released by anyone - no matter who you want to blame. You MUST ask yourself, WHY did the government of the United States SEAL Peter Kawaja's evidence as National Security just BEFORE the Gulf War (Nov-1990), and WHY has it been kept SEALED all these years. IF the DOD and the VA say they want to get to the bottom of this mystery illness called GWS. Since Peter Kawaja agreed to testify before a Congressional Committee in 1991 AFTER the war, WHY did Congress NOT proceed ? WHO has the evidence taken from Peter Kawaja ? Is it the Military ? WHY when Kevin Craddock and Tom Hopp from the Subcommittee investigating the Arming of Iraq in 1991 after the war asked Peter Kawaja's approval to obtain his evidence from the DOJ - were they denied ? How can CONGRESS be denied the evidence, and WHO has Peter Kawaja's evidence. Why is Peter Kawaja's evidence so important, and who made it so important ? If it is not, WHY has it remained SEALED for 5-years ? WHAT is the Government hiding from you ?

Joyce Riley called Bob Dornan (July 7/95) and discussed Peter Kawaja and the GWS information, and asked for a congressional investigation. Within minutes after hanging up the phone with him, the National Security Agency called Joyce Riley and demanded to know HOW MANY COPIES of the evidence existed, did they get ALL copies (in the RAID against Peter Kawaja), etc.. WHY did Dornan NOT do something ? Why has a Congressional Investigation NOT taken place ? WHY is the National Security Agency so concerned to know if "they" missed anything (back in the 1990 RAID), and were there any copies of Peter Kawaja's evidence ?

People of America, the answer is right under your nose. Peter Kawaja did not make his evidence important or credible, the United States Government DID ! MY evidence was taken in a RAID under a war powers act warrant and SEALED all these years, whilst the government says they have "an ongoing investigation". Ask the Government if they need help in their investigation work, with the BILLIONS of YOUR Tax Dollars they operate from, the War being over, the PIT Plant closed for 4-years, and Dr. Barbuti supposedly dead, WHAT are they investigating ? What can be ongoing ? NOTHING is ongoing BUT A COVER-UP ! For such an important investigation, what type of follow-up takes 4-years ? All the evidence was IN a long time ago, and they never used it. In FACT, I have charged the AUSA Tom O'Malley of WPB, FL, with Misleading a Federal Grand Jury, because NO EVIDENCE of ANY kind was introduced to the Grand Jury to indict anyone. NONE of Peter Kawaja's evidence was presented to the Grand Jurors, so WHY did the Government come and take it with a War Powers Act SEARCH WARRANT and then seal it ? If you take evidence AT GUNPOINT, why do you SEAL it unless the evidence is AGAINST YOU - the perpetrator of the crimes ? If the evidence was solely against Barbuti *et al*, as claimed on the Subpoena for the Grand Jury, WHY was NO evidence produced AGAINST the Barbutis ? And if the government felt the evidence was not good, or insufficient or whatever, WHY has it been kept as NATIONAL SECURITY ALL THESE YEARS ?

Do you now understand WHY "they" are sending gophers, misinformation artists and others against me, trying DESPERATELY to find out WHAT they missed ? They are very concerned that IF they do release a tape one day, and there is an 18-minute tape gap or similar, ARE THERE ANY OTHER ORIGINALS that would prove they erased parts of the tape ? They are very concerned, and I am so very pleased to hear all that is happening to try to discredit me. I wrote about the Pentagon threat in 1991 people, not in 1995. Back in 1991, the Pentagon threatened they would produce "credible persons" to testify against me, and "documents have already been made up" to be used. I dared to tell America the truth, I dared to stand up for Americans. I dared to care for sick and dying American Veterans.

Let it be a sign to you, check out the background of all who attack Peter Kawaja. You will find the stench so bad, you will vomit your innards and run for fresh air.

**Mr. Rick Martin****CONTACT / The Phoenix Journals**

I am writing this document for the preservation of the true facts for the people of America, and protection of certain other individuals. Much has been happening, far too much to cover in this letter, however, the pace is being stepped up, the clock is ticking, the countdown is on.

Credible reports from known sources have been received of foreign (some Russian, some German) military "special ops" crack, well outfitted troops entering US Military bases in brown busses with smoked glass mirrors and coming in unannounced. Also some military bases have already been placed on a 30-day alert for "deployment" (shipped out for some action), perhaps in a foreign nation, perhaps elsewhere.

The pieces of the puzzle are fitting together faster, and the picture is not nice, for AMERICANS. Bill and Patsy Geraghty sent me their Affidavit and background. Although quite more involved than this, basically, they were trying to help Gulf War Veterans who were severely ill after returning from the Gulf. (The following are excerpted Quotes) "They were also complaining that germ and biological warfare had been used against them", and complained about "the inoculations" by the US Military. Bill and Patsy began to speak out and go on a local radio station - that is when their trouble "began". They end with "Then on September 8th, I received some startling information on the Gulf War Syndrome (Peter Kawaja's documents) and felt that it was of the utmost importance to get the information into the proper hands, so I began writing letters to Congressman Jim Nussle, Senator Alan Borlaug, State Rep Deo Koenig, Jesse Brown/Sec. Of VA,...." etc.. They all responded stating they were not aware of the information and would look into the "allegations" and get back to me. Two weeks to the day of my first mailing of September 12th, I received a phone call from my mother stating that Brian had come into my sisters place of business to warn us that the Phoenix Police had been to their home and they informed them of our location. The police threatened them NOT to warn us of their plans ....", etc. Bill and I are not criminals. We have clean records, we work hard, and are good people. If you were to check into our backgrounds, you would find that we are well liked by our friends and of good reputation. Our only "crime" is that we know too much and refuse to keep quiet. We choose to tell the truth about the terrible crimes that have been committed by our government against it's people and will not stop doing so until the real criminals are brought to justice. (End quote excerpts). Rick, these people know **Officer Jack McLamb**, and had testified for him some time ago when he was accused of wearing his uniform/impersonating a police officer. There is so much more to their story. They tried to kill Patsy by injection. Both of them are now "fugitives", yet they have committed no crime that I am aware of, other than speaking out. These Americans need help, and I want the world to know what is happening in America, to Americans. To further PROVE that the DOD/VA and powers that be are actively shutting down anyone who supports Peter Kawaja and his efforts to help Gulf Veterans, I am sending you via another route proof that at least one active duty American Serviceman was MURDERED / shot to death, because he was verifying something for me. Yes, they killed one of their own, and the civilian population still doesn't believe what happened in the Gulf, much less what is about to happen to all of them. They have declared open WAR against the American Public, who are still sleeping. Guard this information well, Sir. I am sending it to you only so you can have the evidence itself, so you see this is not an allegation, so you can write about it and stand on what you write. Be prepared for "things" in black outfits and ski masks to come to your door with guns, I have warned you - Govern yourself accordingly. Nothing is here-let them come! Bill and Patsy Geraghty DARED to distribute my information. I have received word from others in CANADA, who state they would be arrested if caught passing out my information. The Government has come out of the closet against me, because some people are actually starting to open their eyes, to listen, to research the FACTS. It has cost someone their life, others are now fugitives, and many others have fled for fear of their lives. I cannot name anyone in this document, more will come to you. Another Gulf Veteran doing his own investigation has re-surfaced. Jim Brown called Scott Wheeler of the USA Patriot Network. Brown confirmed that Wheeler made his statements without ever talking to Peter Kawaja or obtaining any background information, other than listening to Denise Nicols. However, Mr. Wheeler claims to be an investigative reporter, who was working on the Meena Arkansas (Clinton) case. I have never read any document or heard about him before, have you? Jim Brown then proceeded to explain to Wheeler who Peter Kawaja was and then sent him information on some of Kawaja's evidence, to include a copy of the attached DOD "classified" report, confirming (Prussian blue) Blue Acid, and a certain US process company (PIT). This is not an allegation of Kawaja, but an actual GOVERNMENT (DOD) Document. Mr. Wheeler has not called to apologize, and I am not holding my breath.

The VA has also canceled the November 15th Medical review of Andrew Colesanti, a Gulf Veteran diagnosed "by" the VA as having GWS, but was never in the Gulf. This cancellation came after he announced that Peter Kawaja would be attending with him. The VA and DOD have a real problem with Peter Kawaja. Just when they think it is safe to get back in the water..... For example, can anyone answer me why the U.S. Military signed a 10-year contract with TAMIMI (Arabic for SAFEWAY) in JUNE of 1990 (prior to the Gulf War), for

1-billion dollars per year, for FOOD for U.S. Troops who were to come (future tense) to Saudi in LARGE NUMBERS, and remain as a strong U.S. Presence ? Gee, how coincidental, that Saddam Houssein gets a green light to move on Kuwait, and we are surprised and a war occurs, coincidence ? If so, what about the "Peace Shield Bid", prior to Desert Shield (just "name" coincidence), which was a project to build air force bases in Saudi Arabia. How about the BILLIONS of dollars in missiles and war materials going through the Port of Jeddah ? What about those ships belonging to George Bush that waited fully loaded for over a year, READY for "the war" ? Coincidence you say, the war was not planned you say ? Okay, I also want to buy that swamp land you say is above sea level. Think that is all ? It gets worse. Would the DOD or anyone like to confirm for me the "allegation" of NUCLEAR DETONATIONS during the Gulf War ? Say what ? - how about these map coordinates /markers on the maps issued to our troops, anyone care to figure the locations out ? > NG-38-7, NG-38-8, NG-38-11, NG-38-12, NG-38-15, NG-38-16, Riyadh, Past the second mountain range, 2-hours drive to Sultan Range. (I think that's correct)

The Gulf War was one big experiment, a testing ground for all the new toys, the newest weapons of mass destruction, and AMERICANS were a major part of the Guinea Pigs. Now we are facing a WORLDWIDE outbreak, soon coming to the Civilian Populations, and already spreading here in America.

The following is a quote from this Sunday's (Nov05th,1995) edition of the London MAIL (newspaper) just faxed to me by certain "friends", and written by Tim Sebastian who works for the BBC and was here three times to interview some people. Mr. Sebastian also writes articles for the Mail. (an excerpt) : To date governments have denied the presence of chemical weapons within the Gulf Theater - not once, but many times. They have gone on denying it - and promised to continue that denial indefinitely. One Congressional Investigator was told *by the Top Secret U.S. Defense Intelligence Agency* : "YOU'RE NEVER GOING TO FIND OUT WHAT IS MAKING THEM SICK. AND WE'LL NEVER ADMIT IT" - (a direct quote).

THAT is (part of) the message (and threat) which was also delivered to Peter Kawaja in 1991, written back in 1991, not today, long before this article, and filed as part of my evidence in my Law Suit against some of these Terrorist Agents, for committing Treasonous WAR CRIMES against Americans.

They have come right out America, and told you to your face, THEY KNOW, but they will NEVER tell you, just like they decided NOT to tell you about the POW/MIA's of Vietnam.

However, this is worse, Agent Orange was not contagious, GWS "IS" ! In next week's issue, Tim Sebastian will cover the BIOLOGICALS, look for it.

*Charles Spross/Operation Freedom (Maitland, Florida) 407-740-0224*, sent a letter certified mail (see attached) to President Clinton regarding Gulf Syndrome Coverup, and states that 22-tapes he made of Peter Kawaja sent out through the Postal Service, were ALL erased ! There is lots more.

Rick, I am concerned, but not scared. Things are already in place if I should die. I want you and America to know, if I die for any reason, do not believe it, no matter the evidence. They want me dead, badly, they want me to shut up. I am scheduled for some speaking engagements, and I cannot remain at home. I have been a PRISONER in my own home for 5-long years. I will be bringing the word to America personally at these speaking engagements and TV shows. They already know, these things cannot be kept from them. I need to make the dates PUBLIC, so the civilian population knows. The following speaking engagements will be my last public appearances (if I live to do them). After that, Americans will have to seek the truth on their own. I have paid too heavy a price already, for all that I have endured to sound the warning. Those who have ears, let them hear.

That will be it. Unless something unusual happens, like Americans waking up. I will no longer be available publicly. As Brother Nord Davis said when certain people tried to kill him > It was not yet the appointed time. I will do all I can to honor those dates, and only God knows the future and what it holds for me. If I should meet with an UNtimely accident, a plane crash, a drive-by shooting, whatever. Know this, it was not an accident, it was not coincidence, it was not foreign terrorists, it was not Militia. Those Socialist/Communist New World Order, UN Luciferians are to be held responsible for my execution.

**GULF WARFARE—  
aka GULF WAR SYNDROME**

I am not interested in what you are being told through the staged media or even through the "staged" grapevine where self-proclaimed "do-gooders" do more damage than the perpetrators of the atrocities in the first place. When each man can release his ego feelings of being able to FIX everything "his way" then, and only then, can you move forward WITHIN INFORMATION FLOW AND IN KNOWING WHAT YOU FACE.

I realize it is tedious to "catch up" from being years and years behind in your allowed information receiving. However, how else can you "fight" something—unless you know what you fight or at the least in what direction to shoot?

What I find interesting is that so much information comes from Her Highness Queen Lizzie's Australia. Does this not, ALONE, tell you that the Elite bullies are all in the same boat and bailing as fast as they can as one hole after another is about to sink their canoe?

What I really want you to note is this very phenomena—that of information circling the globe IN TRUTH, and then please realize that the more it travels the more secure are the daring people who KNOW and SPEAK OUT. How do these people make it through when suicided deading is the mode of the Elite to deal with such people? GOD!! These daring people who struggle against enslavement and depopulation of the masses within God's framework of living conditions, are PROTECTED and we will come together in mind and soul and shall protect one another. Justice and God shall prevail no matter what inhibits the "must travel" pathways.

You have had so much information regarding Peter Kawaja lately that you may wonder why I ask to devote another lengthy writing regarding the man and his mission. Easy, you MUST know and man's span of attention and memory retention is almost zilch in these days of kaleidoscoping confusion.

For instance: What does Clinton have as a motive for the Oklahoma bombing?? Yes, you read it correctly and I think you should have information of such great importance from several aspects and from people WHO TELL THE TRUTH, not cover up evidence for their own reasons or serve the very element from which you effort to extract selves.

I waited until this morning to write this section so

that there would be NO TIME AVAILABLE for shutting it out of the press via information on this computer wireless super-highway. You people should by now realize that our broadcasts are monitored and the enemy works quickly his mischief to perform. YOU have modems—the military and intelligence services DO NOT, they are already the "Big Brother" of Orwell's nightmare.

I like the way this article begins: "The people of America have yet to learn..." Unfortunately, the people of America think they know it all and certainly there could not be greater truth than in the land of the free?!? Shocker number one: THE PEOPLE OF AMERICA ARE THE MOST ENSLAVED MASSES SINCE TIME BEGAN!

What I ask our regular readers to watch carefully is the massive numbers of things being thrust against

and deceit and into TRUTH. That comes with knowledge and information—not bloody bombings and terror.

Thank you, "Aussie", for sharing.

[QUOTING, from: *IT'S TIME!*, Volume 4 Issue 8, September, 1995]

### THE PRESIDENT'S MOTIVE FOR THE OKLAHOMA BOMBING

The people of America have yet to learn that indeed germ warfare was used on our servicemen during the Gulf War, and the greatest tragedy—it was a joint venture with the United States Government.

This information will shock, surprise, and sadden you. But yes, the worst is yet to come if Americans do not wake up and change the government. The evidence exists, and is overwhelming. Here are only a few atrocities committed against all of us! [H: Information on *IT'S TIME!*: P.O. Box 526, Nanango Qld 4615. Phone/Fax 071 632 160.]

### CHEMICAL WARFARE AGAINST AMERICAN CIVILIANS

\* Chemical and Biological (germ) warfare weapons of mass destruction were made in Boca Raton, Florida and Houston, Texas—by "international terrorists" working with U.S. intelligence.

\* One of the special strains of HYDROGEN CYANIDE called Prussian Blue was being tested on Gas Mask Filters of the Florida Product Ingredient Technology (P.I.T.) plant for "gas mask penetration"—over a year PRIOR to the Gulf War.

\* The PIT plant was financed by the same Dr. Barbouti of IBI (Ishan Barbouti International), builder of the Pharma-150 chemical/biological complex, at Rabta, Libya.

\* Former President George Bush, James Baker III, John Deutch (now CIA Director) [H: All known "intimately" by Cathy O'Brien in the Monarch MK-ULTRA program.], had financial interests in some of the companies which developed, sold and transferred these weapons to IRAQ. Yes—whilst being Commander-in-Chief, President Bush was arming Saddam Hussein with these weapons of mass destruction and, two years later, "knowing that and hiding the fact from the American Public" he placed American Forces in harm's way.

\* President Bush, Brent Scowcroft (NSC) [H: And the Mormon Church political representative to the Elite Councils.], and U.S. intelligence were behind the testing of Prussian Blue which rendered our Troops defenceless against the biological agents that were to be tested in the upcoming Gulf War, a war which was planned for this purpose, at least two years in advance. [H: Please REMEMBER that during this Gulf War

your own service personnel and what are the plans. It may not, at first, appear that this fits hand in glove (that fits!) with our lessons on cellular life. It DOES. You as a people will be wiped out if you do not realize as much and take precautions. We do what we can to provide protection if you want it—but we are so limited by "Big Brother" as to have to all but deny our own information and products. I have no intention of warfare with anyone or any thing. If you people want a government which destroys and enslaves, that is YOUR business, but I have a mission to get our people, at the least, a major remnant—through this time of lies

was when, over and over again, Bush referred to HIS NEW WORLD ORDER BEING INSTALLED.]

### VACCINES TWO YEARS IN ADVANCE

\* In addition, certain vaccines were "grown", again several years "in advance", with prior specific knowledge of the type of weapon that the vaccine was designed to protect against. How did our military and Mr. Bush know, two years in advance, what weapons Iraq would use against us, so that "we developed a specific vaccine/antidote for it"?

\* The Pyridostigmine Bromide (PB) Nerve Agent Pre-Treatment Pill was NOT to counteract Soman, as stated by the DoD (Department of Defence), but was a counteractant for the nerve agent "GF". The MSDS on GF originates at the U.S. Army Chemical and Biological Defence Command at Edgewood R and D Engineering Center, Aberdeen Proving Grounds, Maryland. The U.S. has continually denied that GF was in Iraq's arsenal after the Gulf War, yet the NBC (Nuclear/Biological/Chemical) Logs from Centcom (central command/Gen. Schwarzkopf) proves that the ISRAELI MILITARY POLICE confirm finding GF. Why does the U.S. continually DENY?

### SCHWARZKOPF

\* The NBC Logs [H: I would like to interrupt here to cause you to pay attention to the interminable and ceaseless use of alphabet soup for labels which confuse, confound and mislead. If not identified over and over again you would surely think NBC to simply be the "National Broadcasting Company" for who would automatically think in cryptic terms of Nuclear/Biological/Chemical? You are handled

General Schwarzkopf, the man who led Desert Storm. He had the go ahead from the president to use Chemical and Biological weapons. Were our troops informed? Or was this a unilateral decision by the Americans?

by sly old shrewd ducks, citizens, and YOU have to pay attention.] also prove that Schwarzkopf was given the authority to use our own chemical and biological weapons. There are Gulf veterans who were involved in shipping out our own supplies of these weapons, most are now sick, others have died. They will testify at the proper time if we act now, whilst they are still alive and willing to come forward.

\* Peter Kawaja, a security specialist, was awarded a million-dollar security contract to provide a computer-based system for PIT, and was prime security contractor to IBI, providing bodyguards and other physi-

cal services. Kawaja was then asked (after being contracted) to install a hydrogen cyanide detection system.

\* Kawaja became suspicious and took his concerns to the CIA/FBI/Customs, and operated for the government under a code name because he was told that these people (IBI) were "international terrorists", and the government was going to prosecute them. This was in 1989, PRIOR TO ANY WAR or anyone losing their life. Kawaja soon found, however, that U.S. intelligence and the U.S. Government were acting in a joint venture WITH THESE SAME TERRORISTS. Kawaja obtained video and audio recordings of these terrorists, federal agents and politicians (calls to and from the U.S., London, Baghdad), along with paper documents, and intercepted fax transmissions (originating from Switzerland) regarding the Commodity Credit Corp—Banca Del Lavoro (CCC-BNL). [H: Remember them? And, do you also remember the involvement directly of Kissinger, Eagleburger and Scowcroft with those banks, not to even mention other Elite parties who barely got their hands slapped without further mention? Actually the named parties here were not even questioned!!!!!!]

Wanting to believe the entire government was not involved in this conspiracy, Kawaja sent a Federal Express package to code name M323CF at the National Security Agency, on July 16, 1990. Kawaja issued a warning of Iraqi intelligence operating inside the U.S., and in close proximity to a U.S. Classified Military Facility and then asked these fatal questions:

- "Is our military in a joint venture with IBI to develop chemical and biological weapons for the U.S.?" and then the big one,

- "Does the President Know?" (as George Bush had priorly used the excuse: "I was left out of the loop," when he was accused of being involved in other heinous crimes.)

### THE WAR WAS PLANNED

The war was planned, and it went forward; however, eight federal agents armed with automatic weapons raided Mr. Kawaja's offices in the International Security Group (ISG) in 1990, sequestered him under armed guard for four hours, and removed boxes of documents and tapes, evidence against not only foreign terrorists, but more importantly, against federal agents, and numerous persons and politicians, all the way up to the President of the United States. The Search Warrant and Affidavit for Search was not shown to Kawaja, and he was threatened against speaking to the media. The evidence was taken "somewhere" for seven days, before being presented to the magistrate, and then SEALED and made SECRET from the American Public, as "national security".

### SEARCH APPROVED BY BUSH

This illegal search was conducted through a warrant approved by President Bush obtained under the INTERNATIONAL EMERGENCY ECONOMIC WAR POWERS ACT. When Mr. Kawaja tried to do an exposé to tell America about these crimes, as Gulf Veterans started getting sick and dying, he received a phone call from John Scheibel which was recorded (Subcommittee on International Economic Policy and Trade: Re-Arming of IRAQ) who said, "Who are you more afraid of, George Bush or Saddam Hussein?" Kawaja replied, "George Bush". Scheibel immediately said, "DO NOT TRY HIM IN THE MEDIA," and hung up. Within 3 months, Eileen Kawaja, wife of Peter Kawaja—DIED. One of the agents later called Kawaja to deliver a message. Mr. Kawaja's life and "freedom" were threatened numerous times, all documented in various manners, including police reports; however, the FBI, who was informed, NEVER investigated.

### NO ONE THOUGHT HE WOULD LIVE

\* The Affidavit for Search was (4 years later) unsealed finally by Mr. Kawaja, after much effort. No one thought he would live to survive to get it unsealed. That Affidavit and other government documents, sworn to (under penalty of perjury) by federal agents, PROVE the U.S. Government knew what was going to take place in the war with Iraq.

### FEDERAL AGENTS PROVIDE EVIDENCE

\* Federal agents provided their evidence of "gas mask penetration" at the PIT plant.

\* Federal agents provided their evidence (excerpt from a letter to a U.S. Senator from Louis Champon, partner to Haidar Barbouti in the PIT project), "I can assure you, if drums of Cyanide left our plant, Dr. Barbouti had his reasons, EITHER TO BE USED AGAINST AMERICAN TROOPS (written in 1990, we were at war with Iraq, but no deaths yet) or FOR U.S. TERRORIST ACTS AGAINST US HERE AT HOME."

\* Federal agents provided their evidence, that Barbouti had established "chemical warfare production capability, at a facility identified as Product Ingredient Technology, in Boca Raton, Florida."

\* Federal agents provided their evidence, that Barbouti owned "specialty chemical companies" and a company in Europe identified as CROSS LINK, in Belgium (re: CCC-BNL).

\* Federal agents provided their evidence, that Ishan Barbouti was supplying MILITARY items to Iraq!

\* All of this and more was sworn to by federal agents in 1990, yet all of it, and ALL evidence taken from Peter Kawaja under an illegal Search Warrant, WAS SEALED AND MADE SECRET FROM ALL AMERICA, and the President and Commander-in-Chief went ahead with the war with Iraq, and knowingly placed your sons, daughters, wives, and husbands in harm's way!

### GRAND JURY DENIED EVIDENCE

\* None of this evidence was ever presented to a Grand Jury, to indict anyone. Yet, Peter Kawaja, who was subpoenaed to appear (to several Grand Juries) as the "star" witness for the U.S. Government, supposedly against the Barboutis, et al., was not ALLOWED TO ANSWER PERTINENT QUESTIONS FROM THE JURORS [H: Do you see how ridiculous is your judicial system when this is the mode of operations and accepted means of HIDING TRUTH?], (AUSA) Assistant U.S. Attorney Thomas O'Malley shut down the Grand Jury, dismissed Mr. Kawaja, and motioned to waiting federal agents (one of them from FinCEN) who approached Kawaja and threatened him—inside a federal building (this was documented in 1991).

\* No evidence, obtained in the raid against Kawaja, was ever presented to the Grand Jury, yet, the U.S. Government considered Kawaja's evidence so critical, A WAR POWERS ACT AFFIDAVIT/SEARCH WARRANT was used to seize his evidence. Instead of presenting it to America and prosecuting the terrorists, the U.S. Government sealed all of the evidence, so you—America, would never know. Only because Peter Kawaja survived, after 4 years, he was able to unseal this sworn (CONFESSION) Affidavit.

### GULF WAR ILLNESS!

### [H: PLEASE HARKEN UP, READERS!]

\* Whilst the DoD and VA continue to deny the existence of GWI (Gulf War Illness/Syndrome) and Veterans are dying by the thousands, the U.S. Government, in a separate action, has responded to Mr.

Kawaja's lawsuit (filed against some of these agents in 1994) which states as follows: "That criminal investigation is ongoing and is centered around persons involved in the manufacture and shipment of lethal and illegal chemicals to be used by terrorist nationals AGAINST the United States." The U.S. Attorney is attempting to have Kawaja's suit Dismissed, claiming the government has an ongoing investigation. Yet, all of the evidence exists to prosecute the criminals. There is NO ongoing investigation. This is a tool and trick so that Kawaja's evidence can remain NATIONAL SECURITY, and you—America—will never see it. By "claiming" there is an ongoing investigation, our government can keep its secret—its crimes secret. However, in their same breath, in this response to Kawaja, they have admitted what the DoD continues to deny, that our troops were harmed by Chemical/Biological/Weapons "Made in the USA". At the same time, claiming these federal agents should be granted immunity, even if they committed "misconduct" (Treason/War Crimes). Kawaja's suit will open up IRAQGATE and crimes against All Americans.

### MOVE IN THE HEAVIES

\* James G. McAdams III (U.S. Attorney), who covered up the CCC-BNL, and the Noriega Case, was moved to West Palm Beach, Florida to cover up IRAQGATE and GULF WAR ILLNESS (GWI).

\* Janet Reno, who was moved to Washington from Miami, to become Attorney General [H: Remember that the U.S. Attorney General DOES NOT WORK FOR THE U.S. BUT IS PAID BY AND WORKS FOR THE INTERNATIONAL MONETARY FUND of, for lack of better reference, THE WORLD BANK AND UNITED NATIONS.), was also used to cover up Iraqgate. Reno appointed John Hogan "Counselor", to investigate and present the BNL TASK FORCE REPORT on Iraqgate/GWI. Mr. Hogan, an attorney, was also moved from Miami, and represented the Barbutis (IBI), the terrorists that the same U.S. Government proved were terrorists, and who supplied weapons to Iraq to kill Americans. [H: But remember, readers, the U.S. Government also set up special bank accounts in the "special" banks to allow flow-through of funds for arms and other supplies, such as these weapons—TO IRAQ, using, of all strange things, THE DEPARTMENT OF AGRICULTURE, U.S.A.]

\* The only major portion of Mr. Hogan's BNL report that is blacked out and considered NATIONAL SECURITY is on the Terrorist, Ishan Barbuti (IBI). WHAT IS THE U.S. GOVERNMENT HIDING FROM AMERICA? HOW CAN TERRORISTS BE PROTECTED BY THE UNITED STATES GOVERNMENT?

\* The PIT plant was taken over by the RTC (Resolution Trust Corporation which ends up with all re-saleable property), and now by Century Arms International, who flew the BRITISH FLAG over that building, until Peter Kawaja wrote and distributed a document about them. Please check out their background and ties to CIA and British MI-6. [H: Damned small world—ISN'T IT?]

### CITY'S WATER POISONED

\* The city of Boca Raton's Water Utilities have ADMITTED, after all these years, that they have been performing periodic water sample tests from the plant area and they went into the plant several years ago and poured cement down drains. The sworn affidavit by federal agents prove that warfare-grade "free" cyanide was dumped into the city's water supply and they knew this since 1990 but kept this secret from the citizens of Boca Raton. Kawaja has received phone calls and inquiries from people who claim to live and work south of the PIT plant who either have or know of persons now in hospitals, "brain-dead" and DYING FROM CANCER.

### DOCTORS INTIMIDATED BY GOVERNMENT AGENTS

\* The Drs. Garth and Nancy Nicolson, both Ph.D.s, have published their report in JAMA (Journal of the American Medical Association) and were featured in CRIMINAL POLITICS MAGAZINE [H: This is a newsletter, financial advisory sheet put out by Investor Lawrence Patterson, who is now up for investigation for unlawful and unethical banking and investment policies and practices. It sure is hard to find an honest carrier, isn't it? I'll have to get back to this one because we have had personal experience with his tactics. He not only tried to get one friend to not take her money out of a BAD INVESTMENT WITH HIM—but sicked his own wife onto calling her and setting up her brother AND GEORGE GREEN into the picture—after the flack hit the shan. Indeed it IS a small, small world, after all...!] wherein they describe how Dr. Nancy Nicolson almost died from Gulf War Illness; their cat also contracted this "disease" from their daughter-in-law, a Gulf veteran. They have made the ties also with George Bush/James Baker III, et al., to biological weapons, genetically engineered/man-made, identified as *Mycoplasma Incognitus*, one of the GWI "Syndromes" found in Desert Storm veterans. This warfare agent was being TESTED on death-row PRISON INMATES AT HUNTSVILLE PRISON, TEXAS. Three-hundred-fifty PRISON EMPLOYEES [H: And other inmates in the facility came down with the illness and still are presenting with new "infections".] came down with GWI in one OUTBREAK.

ARMED DEFENCE INTELLIGENCE AGENTS entered the MD ANDERSON CANCER CENTER, and threatened the administration not to allow the Nicolsens to continue their research on GWI, nor to allow them to talk about it publicly. This is again, the same government, the same DoD/VA who denies GWI, states they want to help our veterans, yet denies them treatment, allowing thousands of Americans to die.

### EVIDENCE MOVED TO OKLAHOMA FOR BOMBING

[H: NOW; OPEN BOTH EYES AND BOTH EARS, READERS!]

\* The VA "hard" files (evidence) on GWI were MOVED TO THE MURRAH BUILDING (the Oklahoma Federal Building), and conveniently (er—accidentally/unfortunately) WERE DESTROYED IN THAT BOMBING.

\* The DoD "now" claims some of the NBC (centcom) Logs were accidentally destroyed in the same incident!

[H: I would like to simply move right into the next article following this writing (above) so that you can be reminded about this "Gulf War Illness". This was originally written by Peter Kawaja and we appreciate having the summary to share so that information is valid and can be better sorted from the garbage on the media front.]

### GULF WAR ILLNESS

GWI is a Communicable Disease [H: Which MEANS it must be spread by living organisms (microorganisms)], spreading worse than AIDS, by mere casual contact, through perspiration, or by being close to someone who coughs. You can become infected by brushing by someone at a store. Your children can be infected at a playground or at school. *Mycoplasma Incognitus* contains most of the HIV (AIDS) envelope, which was tampered with by humans. It is a warfare agent BY DESIGN.

### GOVERNMENT INVOLVED IN CRIME

Our (the U.S.) government is involved in this great

crime and cover-up. A nationwide/worldwide panic is going to be created, of such magnitude that it will threaten our very existence. This same government will then step in to offer a solution; they will have "an antidote", a treatment, BUT, only those who will accept the medical ID will be treated, all others will be considered a danger and threat to society, hunted down, and imprisoned or killed. Americans will welcome this solution, will turn in their neighbors and friends in order to survive themselves. At the same time, this instrument WILL SUSPEND THE CONSTITUTION OF THESE UNITED STATES, to allow UNITED NATIONS RULE, THE NEW WORLD ORDER/ONE WORLD GOVERNMENT.

### AMERICA WILL BE ENSLAVED

Approximately 40% (from confidential sources) OF THE AMERICAN POPULATION IS ALREADY A CARRIER OF ONE FORM (OR ANOTHER) OF HIV, AS THERE ARE NOW OVER 2,000-PLUS STRAINS, EFFECTIVELY MAKING ALMOST HALF OF THE POPULATION A CARRIER TO INFECT OTHERS with (example) EBOLA Reston, a slow acting DEADLY AGENT, taking years to manifest itself, killing you in pain and worse than Ebola Zaire, which is quick acting.

### NOT IF, BUT WHEN

The government is already *leaking* news stories through the mainstream media, warning America: it is not IF, but WHEN, we will soon face a WORLDWIDE OUTBREAK. They are preparing you for what they already know and have planned. What they are saying, however, is that this will happen by accident, because of international air travel, and Americans are believing that. [H: You will also be told that the "NEW" illnesses and diseases are not responding to typical ANTIBIOTIC THERAPY and this is already present. Please do NOT go back to sleep for when it hits—the preparations are too late.]

It is not by an accident of nature or deforestation, it is BY DESIGN AND IT IS HERE!

[H: Peter Kawaja can be reached at: (407) 241-8407/voice and fax. 4338 Sugar Pine Drive, Boca Raton, FL 33487. U.S.A.]

## ON ALIEN WINGS

I am presented with a most warm and inviting letter this morning and I can only say that I, too, wish we could be doing some things which thus far are not suitable for the experiencing "time". It is especially when we know TRUTH and connections that the wait for "contact" becomes long and tedious and the answers to all our problems seem to be easy to discern—make yourself known, use your gifted power and kick these bullies OUT! It just doesn't work that way—nothing works that way in an orderly universe structured in freedom of choice and will. Reason and honor must finally prevail for the RIGHT reasons; if one tyrant is only replaced by another, eventually the POWER will again corrupt.

Without meaning to be short or "smarty" I would suggest that ANY government set up and controlled by even well-meaning personages—if they are given POWER—they will be corrupted totally before their power days are ended and an agenda falls. Good intent is not enough because the ones strong enough to believe and accomplish government under themselves, have power to STOP FREEDOM in its tracks. Do not fall for such tyranny.

Another good rule of thumb about "leaders" is to check out carefully their background, friends, and any trips to Camp David or to the military centers or bases, along with Government hospitals. Remember, for instance, that these "children" play together at places like Bohemian Grove in games beyond Bohemian. Know that persons such as the "presenting" Perot are but changed-out disciples of the New World Order and/or the Order already in corrupt power. Perot, for example, is a close friend of David Rockefeller and a very important member of the Council on Foreign Relations and on and on and on. He could be used and lead into some overthrow of the corrupt election systems but what he is doing now is only setting up a sure-fire advantage for Clinton. Clinton, himself, makes terrible errors in offering statements and says of his own position that he is treated as only a dignitary or ambassador—and certainly not like a President. Then, please note, that the following day after making such statements—HE CAN'T REMEMBER HAVING MADE THEM. Believe me, "Inquiring Minds", you have plenty of aliens running around helping you into collapse.

You must realize that unless aliens came to your place of residence for lessons in truth and in honor of serving mankind as a whole, in soul progression, they represent the very POWER STRUCTURES ON THE PLACE FROM WHENCE THEY COME. They DO NOT come to your place to upgrade their societies or their races by integration and soul growth intent. They are far advanced of you or they wouldn't be on your place for they wouldn't be able to reach your shores.

The "Hosts", on the other hand, are not come to your area for ANY OTHER PURPOSE than to bring the word of truth and allow a "time" segment in which mankind can see and hear his own truth while suggesting better ways of living, sharing, serving and hopefully salvage (I didn't say "save") a remnant. We have

been visiting for a very, very long time as well as meeting with your global leaders to REASON and petition for freedom and release of information. We absolutely recognize God's purpose and demand that mankind in human form on Earth-Shan be able to make his own choices and decisions. We DO have every permission to override any confrontation which will remove all remnants of Higher Universal MAN. YOU ARE VERY CLOSE TO THAT VERY THING—ANNIHILATION OF HUMANKIND IN THE ORIGINAL FORM OF FREE-WILL, REASONING, AND RIGHTEOUS MANKIND. You are moving directly into a mind-controlled morass of chosen situations and life-styles where the choices are being made by higher-level robotic puppet-masters. "Goodness" is not among the choices offered if the downward whirlpool continues.

Mankind on Earth, alone, has been given, time after time, in segments, to experience new lands, new continents, new ways of living, new political orders and on and on into time which seems infinite—and usurpation and force NEVER produces peace, harmony and/or righteousness (do not confuse with religiousness). Religions are the principle tool to use against the masses to bring order and control under the tyrants. It is not that God will destroy the world you know—but Evil shall devour itself eventually and you along with it. Once a planet can no longer function in any form of balance—it is cleansed—by its own methods and solutions and you are but like the ants which inhabit a bit of her/its skin. No matter how deep you dig your tunnels—you cannot survive the beating heart and life-form of a "basic" Earth-form. Just as a boil will fester on your own skin, so too does the Earth fester and finally pop as would the boil. WE consider war as your method of surgically removing or lancing a boil—the results of which may well be infection or mutation of the entire organism.

The SOUL of collective MAN determines the state of well-being or illness. When the collective MASSES have no recognizable SOUL then individual SOUL is in trouble and Evil will prevail until SOUL-ed man rises again within, in truth and reverence unto Creator/Creation, with intent toward goodness and freedom. In other explanation—the world is now cancer-ridden to the extent of physical demise. She experiences, however, the "near-death" phenomenon herself and has brought about a cellularly functioning alternative. Life is infinite—mortality is finite and Universal INTELLIGENT life is available if requested. Outside the parameters of your atmosphere—YOU WILL NOT BE ALLOWED TO BRING THE DAMAGING AND SOUL DESTRUCTIVE WAYS TO OTHER PLANETS OUTSIDE YOUR TINY SOLAR SYSTEM AND YOUR WARHEADS OF NUCLEAR VARIETY WILL NOT BE ALLOWED BEYOND 150 MILES FROM YOUR SURFACE.

Pulse beams are NOT STOPPED unless there is interference with the orderly systems of the Cosmos. If you start a chain reaction which cannot be stopped or diverted, you will be capsuled and contained, either as a wasted planet needing rebirthing, or as a gas-based, tightly contained orbiting system wherein only THOUGHT can have entry. That state of existence is

recognized, in your mythology, as HELL and it is WITHOUT GOD OF LIGHT which, by the way (a reminder): Hell is simply defined correctly as THE ABSENCE OF GOD. Other than God's "remnant", the masses of mankind move back into a totally primitive society of any survivors and into DARK ages of expression and ignorance. When you have MIND CONTROL perfected—you can then structure your own Hell and inhabitants of that Hell. As long as YOU can conjure more "angels of Light" than of darkness, you can turn about and avoid destruction for the most part. Right now the ANGELS OF DARKNESS HOVER ABOUT YOU LIKE A TIMED BOMB.

Since God "wins" in the ending act of the play, it becomes OBVIOUS that Creator wins—HIS WAY. If "you" build a mud-castle you can also shatter it. Likewise God Creator can "un"create you or dissolve your very essence. He does not do this, however, for where there is SOUL fragment, that soul is given opportunity to meet the conditions of GOD CREATOR to survive and return to goodness within Creator. God, in all instances, sends messengers of Truth and a remnant that will survive to give opportunity for change and a movement into security of self. You must understand that mankind now has the key to soul destruction and that is unacceptable to Creator for it allows for the inability of soul progression and life-forms become simple forms of puppetry and manipulation. When man achieves the capability of destroying LIFE, the game is over because the ULTIMATE CREATOR CONTROLS THE FINAL CURTAIN. GOD doesn't "SAVE" anything; He provides you with that which can be utilized to "save yourself". YOU are not that physical machine that bears you around like an automobile and computer. Within the "remnant", however, is required both the physical and the soul-mind in transition periods of translation. THE GAME GETS PRETTY ROUGH.

## CONFIRMATION

Ah, yes—confirmation. You plead for confirmation even after you HAVE confirmation. I am interested in the letter referred to above in our opening because you have your own confirmation stated by unrealizing participants—who NOW question what they actually experienced.

I will offer the letter in point and state up front that the gentleman writer WAS at Vandenberg Air Force Base during the time I have referred to in prior writings and my secretary's first confrontation with fact of presence instead of just hearsay. One of our commanders walked Dharma, along with a room filled with people among which was Sister Thedra of "quibble time", through the incident. I was BUSY and Cmdr. "Leah" gave a minute-by-minute rundown of happenings to later be confirmed via physical records, personnel involved, AND visual show and tell. All were able to WATCH the boob-tubes CHANGING their pictures from one broadcast to the next—in full view of, especially, California residents. We were in material visual form for well over half an hour and we were attacked with heat-seeking missiles. We had disabled a nuclear rocket, one of six intended for launch. We had allowed a couple to reach outer limits and disarmed them while the radio-control rocket was left intact in orbit. This took place over a several day period of time but the 29th of October, 1987 was the one that brought down the hammer. Again, on or about November 3, 1987 it was tried again, this time with a destruct as the rocket guidance system was disabled and the nuclear warhead was turned about for a direct hit on Diablo Canyon Nuclear Power Plant.

Communications personnel TOLD the truth about the incidents and were destined for brain-restructuring, not just a bit of mind-warp. Everything in these examples of stupidity is operated by high-level controllers wherein the actual technicians, radio personnel, etc., are strictly on a NEED-TO-KNOW basis of operations. Publicly telling the TRUTH is a big, big NO-NO.

Lesser involved personnel are simply memory-removed subjects who are given "logical" exercises for acceptance. Here is one of the parties who KNOWS there was more than what HE CAN REMEMBER and is typical of stand-by participants. The party in the worst position was the actual radio-operator who took the calls back and forth between Command and command. He was aware of DAYS of warnings and responses of such as "we'll blow your ass right out of the sky"—and finally, tried to do so. One problem however, for your system's pilots: we don't produce HEAT for homing heat-seeking missiles.

May we please share the letter and recognize the petition and desires of all of you readers. You are far more active and KNOW MORE than you realize. You would not ask for specific things or viewings if you didn't already have a VERY GOOD PERCEPTION OF SAME. You are simply asking confirmation of that which you KNOW and I can only ask patience of conscious participation.

[QUOTING:]

October 16, 1995

Dear Sirs, [Phoenix Source]

Please send me the following Journals, *Firestorm in Babylon*, *God Too Has A Plan 2000—Divine Plan Vol II*, *Iron Trap Around America*, and *Heave Ho (Phase II)*.

I was reading Phoenix Journal #3 and on page #14 on center page, is this statement, "On October 29, 1987 our government fired a heat seeking missile at my own ship above Vandenberg Air Force Base in California—after attempting to fire a Nuclear Warhead into our space." This statement is from Commander Hatonn. I was at Vandenberg at that time; I was at Vandenberg from June 20, 1987 to April 9, 1989. I was a Teletype/Crypto Technician in the 4392nd Communication Group and worked in Building 10525. I saw an aborted launch of a Minuteman III ICBM a month or two after arriving at VAFB. Was this the attempt that is mentioned in the above quote? I also remember the ARMY being out there for two weeks doing missile tests using heat seeking missiles to shoot down drones and I was personally present for some of that time. Was this the firing that Commander Hatonn is talking about? How would one get hold of Commander Hatonn and have him or some of his officers show me some things such as the CosmoSphere bases in Siberia, or better yet, the moon base(s) and what is going on on Mars and especially take me to Cydonia Mars and fly me over the Face and take me into the city of Cydonia four miles to the west of the "face". I know that "Alien" life exists and I know that they have been visiting Earth for quite some time. I want to meet one of the Aliens to finalize my beliefs about their existence and if they would show me the above things I would be grateful to them. For once I would like a civilian like myself to have contact with an Alien and not just the military machine. I know that God has been around forever and that is a mighty long time, so my question to other people is, why wouldn't God have created life in other areas of space as well, and not just our own here on Earth? I am tired of the "Black World", as well; all of us on this Earth have the right to know who we share space with and it is high time that the veil of secrecy is lifted. God said that in "My" kingdom there will be no secrets, be it now or be it after the second coming, the truth will be brought out so the secrets may as well be made public now. Thank you for your help.

R.A.B.  
Wisconsin

[END OF QUOTING]

Dear Robert: We are making it public just as quickly as we can do so. However, TRUTH may be quite plain to you—but it is buried by the masses and by the manipulators. Our craft on the occasions above noted—

were called "ice crystals" and the launches were reported as PERFECT. Now I ask you, Sir, how do you think you would "go-over" IF indeed you were shown EVERYTHING in the Universe and tried to make that public information—BELIEVED? A "perfect" launch leaves a direct exhaust trail—not a zig-zag "seeking" trail of ice crystals on LIVE television or anything else. The West Coast areas were privy to the DIRECT VIEWING of the incidents—right to the media side-shows waiting at the next scheduled launch. I don't know

whether or not YOU were present at the time—but under the circumstances of this computer being monitored by Edwards Air Force Base Surveillance, CIA and others, I would not tell you. You are safe only as long as YOU DON'T KNOW AND DON'T TELL—ANYTHING! Please read CAREFULLY the writings and presentations on MIND CONTROL. ONES WHO CANNOT BE MIND-CONTROLLED INTO NOT REMEMBERING WHAT HAPPENS—ARE SUICIDED QUITE DEAD.

# Science Lessons For This Week

11/4/95 #1 HATONN

I must now change the subject and move back to consideration of LIFE and its structure, frequencies, and how it functions. The reason I have to go back and review from time to time is the lack of readers who keep up and then demand some explanation regarding what they do find in our literature. As a for instance, I have many inquirers who want to know why I would choose to use Lakhovsky's work instead of, say, Henry Yeagley or Krankheitserreger on Earth rays, or Figge or Dolbear or, or, or? I used Lakhovsky because his comprehensive input (or output as the case may well be) is more easily understood in a comprehensive compilation. If you want another "rundown" on the basic subject, we can offer you a shortened version which will include these observers and writers but it will tell you nothing not already offered here.

One person (anonymously) offered an anonymous write-up on this subject regarding science and knowledge and the "nature of things". I find it excellent in the observations and justifications for those observations and it might well serve to allow you to refresh, review and renew information as I realize we have tossed a whole bundle of information regarding life-cellular structuring, diseases, mutations and the impact of frequencies and pulses. You can NEVER have enough information on these subjects for they are the BASIS FOR LIFE AND MANIFESTATION ITSELF.

There are still great, great mysteries concerning that which is recognized as "life" and "living" but let me assure you that that is all it is about—mystery. It is NOT mystical and mysticism is the opposite pole on the axis of knowledge. Mysteries are solved while "mysticism" is a conjured assumption never seen, proved or solved but remains an "Oh well..." of manipulator's bags of gimmicks.

This does not infer that you will or can only deal with the "objective phenomena" but must also include "subjective phenomena". The subjective elements must be, therefore, studied until they can become objective assumptions.

## UNDERSTANDING NATURE'S LAWS

[QUOTING AND PARAPHRASING, PART 1:]

[H: I have suggested this title for reference for the purpose of file identification and topic reference. Further, I have no intention of following directly as quotations but will paraphrase as appropriate. The man is a teacher in a MYSTICAL ORGANIZATION and is not correct in much of his

teaching as he "assumes" or "mysticizes" where there is scientific basis for factual KNOWING.]

The word "science" is derived from the word scire or "to know"; it is equivalent to the word knowledge as used by the Greeks. A scientist, then, in the broadest sense, is one who knows the laws and principles which operate the world, above as well as below. [H: Indeed this is about as BROAD a context as I have seen but it suffices here. It is NOT my opinion or definition. We will, therefore, refer to this writer as Dr. X.] In this context mankind has always been curious as "scientists" in their desire to learn and know. Man's first observations were crude and primitive compared to those which he has later developed but still his main objective fell into three categories.

Before man could discover and pronounce the laws of nature, he had to gather and accumulate FACTS. Afterwards, it was necessary to classify and systematize those facts. This was, then, the first step. He then began to seek answers to the questions of "Why do these facts occur?" What is the general law, if any, of nature which cause these facts to manifest? This was the second step in the riddle. Knowing the facts and their causes was still not sufficient for the inquiring mind of man. He wanted to know the PURPOSE back of their being created. He, and you, needed and need to know "why" these laws were created. This was the third step.

These three steps are the three rungs of the ladder by which man climbed to knowledge of the laws of the universe of which he was a part although they are ponderous at best. As the facts grew in quantity and knowledge accumulated in massive data it became impossible for an individual scientist to cover all three steps of investigation. Therefore specialization came to be a recognized and necessary sharing of work-load. It was realized that there is too large a field and that science must limit itself to one and only one step of the process. It would have to concern itself exclusively with the manner in which events occur—and it must through scientific testing reach a conclusion which might become a "law" or recognized "theory". Unfortunately it was assumed that you could not scientifically learn "why" and "for what end" the laws operate. Rightfully it questions how the laws of the universe might operate but it leaves other branches of inquiry to question the "why" and usually denounces the other aspects of resolution to questions as unworthy of their learned stance.

Of all the obvious requirements in this search for Truth and insight it must be recognized that before there can be speculation in any consideration of Truth about the ultimate nature of things, you must know some facts. In other words, philosophy and mysticism

become somewhat a gateway into asking the right questions OF science. This is appropriate because it is necessary to know how nature's laws operate before you can discern and learn, or judge, "why".

A generation or so ago there were more simplified presentations by scientists and less HIDDEN and top-secret garbage. Now the scientists have been trained into the LIES instead of into facts or Truth.

The universe, you are told, is in motion—but what is motion? Is "motion" the act of running, hopping, jumping, jogging, moving and if so, how and why? The motion in point is called vibration and vibration in frequency is responsible for all things and this in turn stems from LIGHT and manifests in the form of God Thought. In the most tiny cell of matter, as well as in the largest aggregation of cells, vibration is present. Through this vibration the cell is activated, grows, changes, or becomes modified. There is an axiom which has become accepted: "Every change of condition in matter," wrote the physicist Dolbear, "is brought about by the action of energy upon it."

The earth itself, which seems so stable, is in motion and undergoing constant change. Radiations penetrate, cross, and surround the earth, affecting all living forms and making it a magnetic sphere. Further, it is maintained that radiations from space beyond the earth permeate its atmosphere and penetrate its surface, affecting in their turn all mineral, vegetable, and animal life-forms. Unseen and so subtle are the penetrating rays and radiations that they were unknown until such time as special instruments were constructed which could detect and then measure some of them. Many phenomena for which they appear to be directly responsible have remained unexplained. That does not mean a lack of presence—only an inability to see and measure. The IMPACT continues constantly—but invisibility means most entities never recognize or have access to information PROVING the presence—but only are subject to the impact.

### EARTH RADIATIONS

A well-known example of such puzzling phenomena is that of the so-called barren places or "dead spots" on the earth's surface. It would be noted that flowers, bushes, and trees might well be growing profusely and yet, in the center of such growth there would be a patch of so-called barren earth where nothing would grow. In these barren places neither would there be bird or animal life. It was further noted that no matter how much fertilization, irrigation, transportation of new soil might be added to the area there would be no effect in changing the basic conditions. The size and location of such spots vary to such great extent that ordinary conditions of soil or weather cannot be said to be responsible. How can such existing "dead spots" be accounted?

In 1931 came along George Lakhovsky, a French scientist who advanced an explanation. His rather brief speculation was that cells give off vibrations, varying in frequency from fractions of a millimeter and trillions of cycles per second to those of kilometer length and low frequency. Lakhovsky conceived that every part of the earth is composed of similar matter, visible and invisible, resembling radio sending stations, each particular cell broadcasting and receiving on its individual wave length, and all combining into a kind of Cosmic keyboard of giant size. Accordingly, he believed the earth to be surrounded, crossed, and permeated by radiations of differing vibration rates and character. This may well seem obvious and logical to you NOW—but it was very daring thinking in 1931 when it was desired by the Elite that nobody would know this information save the secret few.

This very concept gave rise to many questions—questions to which the final answers have not been given or, at the least, shared publicly other than in such publications as our own. Lakhovsky concerned himself

with discovering the nature of these varying wave lengths and their individual characteristics as well as the response of plants, animals, and "man" to them. He came to the conclusion that all these radiations were arranged in channels similar to those adopted by radio stations. These radiations of the earth spread themselves out like a giant keyboard with octaves of activities above and below man's comprehension, every cell of living matter in this entire keyboard acting both as a receiver and a sender. Thus, the earth as a sphere would be filled with such radiations throughout it, around it and over it. It would, as well, receive radiations from the sun, the moon, the stars, the planets, and other invisible magnetic matter in the universe and send out into space radiations of its own. This would mean that every living thing from the most tiny particle to man is sending out and receiving radiations of one kind or another.

[END OF QUOTING AND PARAPHRASING,  
PART 1]

I suppose you Editors will have to decide how to handle these writings for I am not "quoting" as such and yet am using an outline for covering the various topics. I don't know how you serve this type information to the public so that no one is "put out". Your more prolific and questionable writers want to hold their information like a greedy man would hold his jar of kumquat jam. Science of all things—cannot be hoarded nor can TRUTH. I find that only fictional garbage holds the strongest copyrights and so be it. I have reached the point that if a thing holds a patent or a copyright—I want to stay as far distant from the source as is possible for these are certain and SURE ways to get the information taken and tampered with by the manipulators—or bear very little proven fact at all. People who actually WANT CHANGE TOWARD FREEDOM—OFFER ALL THEY HAVE, FREELY AND OPENLY. ANYONE WHO DOES OTHERWISE IS, IN MY OPINION, OFFERING QUESTIONABLE INFORMATION. It is necessary to register copy with central resources if you want your work ever found in the maze of junk floating about but "copyrights" are the most central and powerful form of CENSURE and CENSORING avail-

able to mankind.

I believe that the most expeditious way to handle this topic is to simply use the article as an outline and speak in first, or second, person as we consider the various fragments of the subject in point. All we are trying to do here is summarize a topic as offered by many observers and scientists who came before us on this path of information outlay. There are a few of which I have court orders to NOT mention and I shall honor that lest we get Dharma into more trouble on the judicial front. However, enough others have written BEFORE the one in point, TRUTH, that we do not have to so much as make reference to any specific or questionable personages. The persons referred to here, without names, got their information from these exact same sources. In addition, the works of the later authors were not copyrighted until OTHERS came along and did so AFTER THE FACT. I would, therefore, like to consider these writings on the subject as simply a summary of the topics already offered prior to this. You are in an electric universe of PERCEIVED motion but all you really have are frequencies and pulses which appear to be animation—the animation is brought forth into "living" conception through CELLULAR LIFE UNITS. You cannot separate one from the other and neither can any ONE glean ALL from the multitudes of information bites and bits available. The MIND may well be able to handle the load—but the psyche won't. Therefore, we can only hope to generalize, offer relationships (of which everything is relative to everything else), and hope the CONCEPT can be found to be acceptable to the THINKING mind and not simply a mystical acceptance of mysticism. There is NOTHING mystical about the universe—only mystery within and until the unfolding and realization.

Let us interrupt here and keep the writing within the suggested length guidelines. There are other things which need a bit of attention and "time" for processing—for that endeavor I give you my blessings and success can now be yours in some of the personal activities. Each day, hour and moment we are making progress toward our goals even if it does not appear to be so. One step at a time will allow one day at a time to be mastered and experienced. Today is sufficient unto our needs. Salu.

# Attention Readers

I would like to take this opportunity to thank all of our readers for their continued support—both financial and spiritual. Each week, when the bills need to be paid, we always seem to squeak by due to the thoughtfulness of all you out there who care for TRUTH. Because of you, we continue!

I also need to discuss a few issues that have become problems for us from time to time.

Many of you obtain CONTACT and/or copy articles from CONTACT to share with others. We certainly encourage this and, as long as it is not done commercially, we are happy that you think enough of what we print to want to share. However, please do not deliver random, unsolicited issues of CONTACT or articles therein to people either by throwing the newspaper on their property or by using the mail box at their house or business. It is against the law for individuals or businesses to use anyone's mail box for delivery of anything. This may surprise some of you but this is true and only the Post Office is allowed by law to deliver mail to anyone's mail receptacle. We have, from time to time, received angry telephone calls from either local Postmasters around the country or people who have had the paper delivered or thrown in their yard by some of you out there. I received an angry telephone call from a lady last week who received a copy of an article out of our newspaper. Apparently, one of our readers used a prepaid business reply envelope to send the article copy to her business. I'm not sure whether or not this is illegal but it certainly is, to my way of thinking, unethical.

We understand the excitement of wanting to share TRUTH—but please use discretion and common sense about who you send information to and how you send it! Remember: it is we here at CONTACT who get the irate telephone calls and the blame from people who have no interest in CONTACT or the information contained in it, when they receive it unsolicited. We ask that you exercise good judgement in sharing with others. Thanks for your understanding.

# Rabin, Shuttle & Other Life Changes

11/5/95 #1 HATONN

## ISRAEL

Yesterday when an Israelite shot Israeli Prime Minister Rabin, the questions began to flow. Everyone wants to know what will happen "next". Why? Look at the confusion that has happened just by the assassination of one man, and not a very nice man at that. Does this mean that I am happy to have such miscarriage of law occur? No, but I do harken back to how little it mattered that Rabin personally shot a UN peace-bringer point blank some years ago. What will happen next that will allow a full scale revenge war? Well, it would appear that "something else" will also have to take place, won't it? Did you notice that many people die and yet this incident so totally "undid" President Clinton and Henry Kissinger that they were reduced to burbling and speechless idiots? Beware the DECEPTIONS running amok among and about you.

When it appears that nothing is happening—remember well this notice: things are!

Also note that your Shuttle came down WITHOUT getting the hook-in satellite operative. That will be tried again next week. However, portions of the system grid are working and I think you can see some of the management results—at very high levels of broadcasting. Do you REALLY think MURDER is ever committed FOR PEACE?

I am pleased to note that some of you are "awake", even among my close friends. I had planned to offer a full two or three lectures on frequencies and pulse waves and their impact on life cellular structures. I don't have to do that now because we change from being too interested in this subject and pay more attention to what these waves do to the impressive "mind". I will ask you to not usurp our precious time and space in repetition—yet. Dharma feels the writing went too far right off the top when we wrote of scientists and named Krankheitsreger. Well, some would pick that up because we DO have some readers who speak German. What I should have written was "the work of Gustav Freiherr von Pohl, a German scientist... his findings, embodied in a book *Erdstrahlen als Krankheitsreger* (Earth Rays As Causes of Disease)."

If nothing else is gained from this, however, it may well serve to impress upon you this man's revelation: "If radiations from the Sun reach the Earth, then, as one of the planets of the universe, the Earth itself must send into the ether similar radiations." Heed this information well, digest it well, and be ready to suffer consequences of your actions on planet Earth-Shan. Your tamperings reflect all the way to the outreaches of the Cosmos when you play with the deadly rays and, above all, being close to the generators of some of the pulses—you produce DISEASE upon your own people and natural world.

Since I can move on to other things now I will share a valuable notation regarding electron beams and such other scientific uses of same as might be great assets to your good health—if used correctly.

From *Chemistry*, SCIENCE NEWS, Sept. 9, 1995, Vol. 148:

[QUOTING:]

## ELECTRON BEAM CLEANS DIRTY WATER

Zap goes the water. Poof go the impurities. That's the essence of a new and "very simple" water disinfection system proposed by W.J. Cooper, a chemist at Florida International University in Miami. He and his colleagues are treating wastewater, sewage, and sludge with high-energy electron beams that blast apart suspended or dissolved organic matter.

As water flows through the beam of an electron accelerator, its energetic charged particles initiate chemical reactions that destroy organic compounds. The process kills bacteria, viruses, and all other living things present in the water without producing any hazardous by-products, Cooper reports. In small-scale tests at a pilot facility in Dade County, Fla., the technique also cleansed water of toxic organic materials, disinfection by-products, AND SUCH COMMON WATER-BORNE MICROBES AS *GIARDIA* AND *CRYPTOSPORIDIUM*.

Recently, engineers at High Voltage Environmental Applications in Miami installed a mobile water treatment unit in a 48-foot trailer. Now located in Leipzig, Germany, the mobile unit has completed 27 tests, zapping groundwater and wastewater contaminated with sundry toxins. So far, says Cooper, "The results look good."

[Also from SCIENCE NEWS, Sept. 9, 1995:]

## DRUGS TARGET RNA TO KILL TUMORS

[H: I ask you to pay close attention to this next article because you can use some of your new "terminology" as well as realize that the point the scientists now think may well be valid treatment in some years from now is available NOW. Let us test a bit to see if you see what I see...(???)]

Most antitumor drugs destroy their targets by attacking cancer cells' DNA, aiming to kill off the malignancy by disrupting the fast-growing cells' reproductive machinery.

That's a perfectly reasonable strategy, says Sidney M. Hecht, a chemist at the University of Virginia in Charlottesville. But it has one serious drawback: It's not very selective.

Antitumor drugs tend to kill off all growing cells in one fell swoop. While doing the most damage to those proliferating most quickly—tumor cells—they also harm many healthy cells.

An alternative approach, Hecht says, involves targeting RNA. A molecule critical to cellular replication, RNA should prove easier to target selectively. But until recently, scientists have lacked the structural information on RNA that they need to cook up such

compounds.

Now, Hecht and University of Virginia chemist Angela Snow report that bleomycin, an antitumor agent known to break up DNA, also chops up RNA in at least one type of bacteria.

"This is good news," Hecht says, because the finding indicates the existence of a previously unidentified mechanism for damaging RNA—a mechanism that chemists can perhaps exploit through carefully designed molecules.

A naturally occurring compound produced by bacteria, bleomycin effectively kills several soft-tissue cancers, such as tumors of the skin, lung, and ovaries. Physicians also use the drug to treat Hodgkin's disease, a lymph cancer.

The new finding that bleomycin can split up RNA inside live bacteria means that carefully crafted anticancer agents may someday strike vulnerable spots in tumor cell growth without damaging healthy tissue.

While Hecht admits that such a project will take many years, in the short run he and his colleagues plan to look at bleomycin's effect on RNA in animal and human cells.

## ....AND BLOCK HIV

The RNA-damage strategy may also curb HIV infections, says Anthony W. Czarnick, a chemist at Parke-Davis in Ann Arbor, Mich. After screening 130,000 molecules, he and his colleagues have found a class of 149 compounds that block RNA activity in HIV-1, the AIDS-causing virus.

His team is looking to cripple the virus with small, easily manufactured molecules that block the ability of the virus' RNA to reproduce. Specifically, Czarnick's group is investigating agents that stick to and disable a chunk of the RNA, known as *trans*-activation response (TAR RNA dramatically decreases the replication of cells infected with HIV, Czarnick says). "So the target of our research is the TAT-TAR binding site. We believe that a drug which keeps these two components from interacting will suppress an HIV infection if the drug can reach its target."

Czarnick says that his group's bioassays have shown that the identified agents "clearly inhibit this interaction". The question now, he says, is which ones to target for more study.

[END OF QUOTING]

Do you not see, readers, that the world will be effectively DEPOPULATED by the time the "scientists" decide how to prolong the failure to find a cure for ANYTHING!

So then, what do I suggest? Well, off the bat I would suggest a better "attitude", get right with GOD, take colloids with silver threads among the gold, Drias as in Gaiandriana and AquaGaia—a lot of OxySol and go about your business of bringing about a better society to heal the disease between the ears!

Why the Drias? Because they are colloidalized living cells with perfect DNA and RNA and will merge with YOUR own body cells and become one with your DNA and RNA. The frequency of same is such that bacterial and viral life-forms which cause mutation and disease in a body—will be interrupted in their life-process. The immune system is enhanced and a lot of people can live happily ever after. If you actually try to slay the dragons with Parke-Davis, an Elite drug-house pusher and runner, you are in trouble. I can promise you that with any DRUG such as *bleomycin* you are going to damage the natural RNA of your own cellular structure and what will be accomplished in the long-haul is more mutation of other natural cells. You have to have PRESENT the ability to carry frequencies suitable for ONLY destruction of mutated cells and crystalline viral life-forms and their bacterial carriers. This is WHY we always suggest a parasite eradication program because the parasites are usually not killed by the frequencies necessary to knock out the viral forms. Therefore, to

get rid of the carrier parasites—you need to reduce the numbers within the body for the parasites themselves will protect the inner-borne microbes.

And what does it all boil down to? Again: Frequencies. Each element, each cell has a frequency which is called "life". Sometimes the frequencies have to be borne in colloidal structures which merge with other cellular structures to maintain normal life-form of a given entity because the impact of living breaks down proper reproduction of cells of a given DNA-RNA blueprinted being. This has inter-connections with genetic structuring but because the actions are DIFFERENT I have waited a while to move on with terminology and cellular life structuring. Gene studies come next in importance of understanding but to push the river is not wise. We have no wish to overload with information which then gets lost to use in the confusion.

## GULF WAR SYNDROME

When we get on this particular subject we are faced with so much misinformation, information, disinformation and fear of information as to be unable to sort, suitably, one problem from another. ONE thing is obvious and that is that before anyone was shipped to the Gulf War they were subjected to so many kinds of "shots", pills and immunizations that it is now all but impossible to sort one ailment from another and more difficult to sort "treatments".

Let me quote you something from "one who went": "We were all given medications, nobody knew what they were. You were not allowed to know what you got and all I know is that I got shots; before we were shipped out, I had shots, and they wouldn't even tell us what we got. And we had to get eight or nine at a time. Everybody was incredibly sick afterwards. There is a pill, called the predostigmine bromide (PD) pill, that lots of people were given, a PD pill, and that was to counteract, supposedly, some of the germ warfare, and people became violently ill from that... the problem is, there are so many unknowns right now. We don't know what immunizations we got. We don't know what pills we took. We don't know what we were subjected to."

I can look at this and recognize that each of these "things" might well cause problems but we have to realize that some toxins are stored in the body which will cause deterioration of organs through the years—but almost ALL things will have a life-form as a carrier—even simple elements. Over 7,000 Desert Stormers have died and more than an estimated 200,000 are now sick. So, what might we have? We have to have something that is CONTAGIOUS because family members come down with the ailment and, at the least, some form of microbe has to be responsible for THIS SPREAD. Chemical poisons and damage are one thing—but the REASONABLE point is that if a thing SPREADS and infects others—IT IS BORNE BY SOME TYPE OF

MICROBE! So, the place to start in trying to attend the illnesses is quite logical: get rid of the parasites FIRST because Uncle Big Boy has told you the carriers are often desert sand fleas infected with tiny parasites WHICH CARRY SOME SORT OF INFECTING MICROBE. Next, and even before knowing WHAT it might be, hit it with colloidal silver (preferably WITH gold electrolytic processing) so that as the parasites give up their load and the beasties begin to hatch, you can zap them. Then, while all this is going on, you need to be enhancing that immune system to carry the job when you stabilize. A lot of the problem infestation was injected deliberately. A lot of these infected people will test positive for HIV but WILL NOT HAVE AIDS! The HIV virus (retrovirus) is the largest and most easily utilized for tampering and alteration for it will mutate with EVERY HOST.

People, this IS PART OF THE DEPOPULATION POLICY in action.

## HOW MUCH DO YOU CARE?

I do not ask you this, I ask that you ask yourself this question: "How much do I care?" Let me help you a bit here in answering that question for you will note that there are SO MANY MYRIADS OF THINGS to "care about" that the mind and heart become numb and unable to attend each category of "caring". You are overwhelmed, as intended, by the numbers of things which wash over you every hour of every day. After a while you "turn off"—literally.

Let us consider the Gulf War Syndrome. If you haven't anyone in the suffering stage of something that can be tracked directly to the problem—or even as with AIDS, it is still a rather ignoble disease to acquire and certainly to express openly about—or even with which to die with dignity, you cannot emotionally respond or comprehend. THIS is the intent, citizens, to so distract you while bombarding you with violence, death, murder, crime and disease of every kind—that you don't longer notice the Elite and their killing games. Once we could use an old saying such as, "Tell me how much you know of the sufferings of your fellow men, and I will tell how much you have loved them." I find this unworthy for use in today's confusion for you can now only relate to that which causes YOU great suffering as well. What causes you great empathy, sympathy and suffering as relates to another? Well, readers, the TEMPTATION is to turn away, let it go and withdraw from the battle, and yet, the battle abandoned does not withdraw from you—at least not in the local skirmishes.

You are exposed to MORE these days in all sorts of input from radio to super-highways in overflow with bits, bites and pieces. Temptations blast you from every side and the emotions want to burst. But carefully note what temptations are that impact you in your daily mode of living as you give in to nudges of immorality, take a bit that doesn't belong to you, grasp a thrill of

some kind and then the guilt—always the guilt finally gets to you, if you have a soul at all.

No temptation has seized you except what is common to man. Therefore, why do YOU act as if you alone face choices and decisions—as well as temptations toward other than goodly actions? God is faithful; He will not let you be tempted beyond what you can bear—unless you fail to ask support or decide you would rather go with the flow and grab a bit more gusto, belonging to someone else. When you are tempted, moreover, HE will also provide a way out so that you can stand up under it. When life-styles are accepted as the norm which produce only disease and suffering and are actually demanded as the banner of the rite—you are in trouble. When unions bear death instead of producing more LIFE, you have an illness of SOUL, not just a deviant style of expressing preferences. No, dear ones, God has a lot of "conditions" even though HIS LOVE IS ABSOLUTE. WHEN WE MEET THOSE CONDITIONS WE PROSPER AND THAT PROSPERING IS SHOWN PROUDLY IN THE LIGHT OF DAY. Watch carefully what you hide and what is done only in the dark and especially what you prefer be kept secret from anyone or everyone. Do your actions bear the telling of your actions—even by SELF? GOD SEES AND KNOWS AND WHEN YOU BRING PAIN AND DAMAGE TO HIS OTHERS—HE WILL MAKE SURE YOU REST NOT IN PEACE—AND YOU WILL TELL ON SELF!

You who continue to send the poison pen letters and anonymous sermons against Dharma and myself—thank you. The facts are that no matter what is CLAIMED as necessary by such input—you show your own scales and ripping claws. Why not sign your letters of hate—are you so unsure of self as to not want to be known for your brilliance or your speaking out against what YOU PERCEIVE AS POSSIBLY BEING OF GOD? We do not withhold OUR NAMES—why do you continue to hide yours? Do you actually believe we know not who you are? Can you not insult, debase, denounce and call names openly? You always give away your identity, location and intent. Could it be that YOU are responsible for a lot of the problems others encounter and now suffer the reaper's sickle?

Oh, people, life is simply what happens along your journey—but you do make such a mess of it in your eagerness to attend those mammoth egos which usually bear such pain and disease. Humility is one of God's greatest gifts to any man. Why? Because with humility the one stung by the arrow is not usually aware that he/she is important enough to be the intended victim of the thrust. With humble trust and service there is no acceptance of the label "victim", and the intended receiver of the insult is not aware that he/she has actually been insulted.

It is demanded of us as to how we can speak publicly of misdeeds by ones who were once referred to as "wonderful". There is a big difference in the two words: "once" and "are". Secondly, in all instances the "wonderful people" do not bear change—but actions often do change or are misrepresented. Are WE the evil ones for stopping actions which hurt whole bunches of people to satisfy the needs of the one perpetrating the deceit? Responsibility resides within individuals—I cannot nor would I be responsible for YOUR actions. NEITHER WILL I COVER FOR YOUR MISDEEDS. I WILL, HOWEVER, STAND RESPONSIBLE FOR MY OWN INTENT AND MY DEEDS. ALL THAT REALLY "MATTERS" IS INTENT—MIGHT I ASK YOU ABOUT YOURS?

May we keep ever in the Light of Goodness, for intentions themselves have meaning without actual actions. I can intend on something for a very long time and never accomplish a thing. The same with "trying" which actually denotes non-doing. It is quite interesting, however, that intentions are what are judged in the Kingdom of God. Actions are the result of the intentions—good or bad, honest or deceitful. Ponder it. Salu.
