Phoenix Gold Warming Sino-RP Relationship?

RE: GOLD WARRIORS; PHIL. FISCAL CRISIS-
INTO THE FIRE—GCH/D

PHILIPPINE GOLD OF MISCELLANEOUS SOURCES, REAL AND FALSE

My requests that you avail yourselves of certain books and information are not to simply push books or fill up your time with overload. We cannot cover, adequately, all topics to which we refer and yet an informed people is all that can possibly turn about the direction of downfall of nations and, actually, civilization. It is to the most tiny detail that cracks occur and finally downfall and collapse follow the tremors and cracks.

Our thrust for a modicum of "reclamation" is centered on the Philippines as in "Southeast Asia" because that is where the assets of commodity substance are preserved (at least they were preserved in this location). What has since happened to that

"Phoenix" "mark" is interesting and elusive. NO, I do not give specific information to simply give ease of taking out our people in some mystical game of "stopya-getcha". It is OBVIOUS that enemies abound at every turn or step as expressed in massive postings by the adversarial miscreants. THINGS MUST UNFOLD PROPERLY AND IN SEQUENCE WHICH ALLOWS UTILIZATION OF THE ASSETS AND POSITIVE POSITIONING/SHARING.

To cover truth and clandestine activities there is always false information presented to the public at large to shelter the criminals and hide the corruption. This is most especially true in the areas of wealth, holdings, assets and valuable commodities. You will find rip-offs and side-labels of "Phoenix" hooked to these clandestine manipulations because the fact of truth is present and thus tales and disinformation have to be foisted off onto the receptive minds of curious people and/or brainwashed into the belief systems of anyone around and most especially the masses thinking themselves to get "something for nothing" as God supposedly promises in the disinformation sheets and instruction books.

GOD has never given forth such information as is dumped onto your human, physical beings—never ever! Not in the past, in this present condition, nor shall there ever be such manipulative considerations flowing from GOD.

Our adversaries like to call us a "cult" of some kind when there is NOT ANYTHING TO EVEN REMOTELY CLASSIFY US AS FITTING ANY PATTERN OF SUCH IMPUDENCE AND ASSUMPTION—NEVER WAS, NOT IS, AND NEVER SHALL THERE BE! **TRUTH IS NOT A "CULT", READERS. TRUTH IS!**

GOLD WARRIORS; AMERICA'S SECRET RECOVERY OF YAMASHITA'S GOLD

I have left the "emphasis" on this title of a book by Sterling & Peggy Seagrave.

The point is that the references are, of course, of the Philippines and the manipulations and outright thefts of commodity, political disaster and all the intrigue you could want in your daily soap. However, do not bite on everything for it is going to come out that most of all of it is a total LIE and had nothing to do with either

Japanese gold or anyone called Yamashita.

Sterling Seagrave is well known and not very respected in these local circles as to past background or actual “treasure hunters’ truth”—so enjoy, find the truth available, and watch the program as it unfolds.

Sterling Seagrave, as the book reference goes, was a reporter for *The Washington Post* before becoming a freelance investigative journalist contributing to *Time*, *Life*, *Atlantic Monthly* and the *Far Eastern Economic Review*. He is the author of the bestseller *The Soong Dynasty*, among other books.

Peggy Seagrave was a senior researcher and picture editor at *Time-Life Books*. Together they are the authors of *The Marcos Dynasty*, *Dragonlady*, *Lords of the Rim*, and *The Yamato Dynasty*.

The purpose here is certainly not to debate or argue points, authenticity or do your sorting for you. It is to offer some interesting background, true or false, into this intriguing and ongoing play of which you and we are now involved, while TRUTH is far more difficult to swallow than the absurd tales of such intriguing adventures.

We can suggest that there are great open seas adventures of Japanese ships sunk off these shores—most of which are true. However, it was not “a” Yamashita stash but rather it was the opposite as the ships were headed, LOADED, back to security after the major THEFTS from the Philippines. Indeed there are loaded ships in “Davey Jones’” deep sea “locker” and intentionally sunk in order to await free access to recovery after statutes and war treaties would be expired. This is just a “side-story” of interest and certainly will not be further addressed by me, here.

ALL OF THAT GOLD IS “PHOENIX” GOLD, READERS, AND I BELIEVE THAT GOD WILL HAVE THE PERFECTION OF “HIS PLAN” FOR RECOVERY FOR SERVICE IN THIS DAY OF “HIS” RECOGNITION. IF NOT, WE SHALL WITNESS A MOST UNPLEASANT UNFOLDING OF TITAN CLASHES.

The back cover of the book in point offers: “*Gold Warriors* is an interesting and valuable look at Japan’s wartime plunder of Asia and the scramble that continues to this day to claim that loot. Its cast includes Japanese and American banks, CIA suits, psychics, John Birch Society gangsters, Philippine presidents, con men and the Emperor of Japan. The one thing that these pirates seem to hold in common is a tacit understanding that the victims of the war—rape camp survivors, slave laborers and POW’s—shall be left with nothing. ... Everyone interested in the realities of Asian and US politics should read this book.”

The inner flap states: “In 1945, U.S. intelligence officers in Manila discovered that the Japanese had hidden large quantities of gold bullion and other looted treasure in the Philippines. President Truman decided to recover the gold but to keep the riches secure. This would be combined with treasure recovered inside Japan during the U.S. occupation, and with Nazi loot recovered in Europe, to create a worldwide American political action fund to fight the Cold War.

“Overseen by General Douglas MacArthur, President Truman, and John Foster Dulles, this ‘Black Gold’ gave Washington virtually limitless, unaccountable funds, providing an asset here to reinforce the treasuries of America’s allies, to bribe political and military leaders, to fund covert operations and to manipulate elections in foreign countries for more than fifty years. Drawing on a vast range of original documents and thousands of hours of interviews, *Gold Warriors* exposes one of the great state secrets of the twentieth century.”

I would certainly capitulate to that last statement BUT it cannot compare to the manipulations and

outright thefts, kidnapping and incredible activities of the later days of Reagan, Bush, Lugar, Baker III and their team of *et als.*, along with the CIA operators steeped in corruption and CRIMES OF INTERNATIONAL MAGNITUDE.

FROM AMERICAN FREE PRESS

Why I am offering this lengthy focus on this topic is not only because it is “where we’re at” but also we respect greatly W.A. CARTO of *SPOTLIGHT*, now *AMERICAN FREE PRESS*. Mr. Carto is a special contact of ours after he made the initial contact. We appreciate that because he has long been a student of these Philippine circumstances and we RESPECT him.

Perhaps we have been remiss in that we have had manuscripts of the original copy-variety and certainly had permission to use same before the publication of the now public book. There is too much to cover here while we are also establishing our own program and we like to be A PART of this ongoing discovery process and not the source as can be claimed as “revelation” or “fabrication” and tossed aside as wishful thinking. YOU NEED BACKUP TO STOP THE MYSTICISM. THE MYSTERIES ARE SUFFICIENT AND KEEP YOU SANE AND FUNCTIONAL IN THIS MANIFEST WORLD OF CONFUSION.

I am caused to note that even as with the Henoah prophecies as referred to yesterday [published in the August 25, 2004 issue] as a Billy Meier offering are based more on such as “*The Terminator*” rather than on anything either RATIONAL OR REASONABLE. Of all of the things GOD IS, it is rational, reasonable and IS TRUTH.

GOD DOES **NOT** CREATE EVIL—THAT IS THE MANUFACTURE AND PRACTICE OF “MAN” AND KNOW THAT WHAT YOU BELIEVE IS THAT WHICH YOU SHALL BECOME!

In reference now to the Gold Hoard “Myth” of Yamashita, we will share W.A. Carto’s “Editorial” from *American Free Press* of May 31, 2004, page B-4 as relative to an insert on books and publications.

[QUOTING:]

The Golden Rule is, “He who has the gold makes the rules.” If you want to know who makes the rules, read this book. This is a no-nonsense book, stripped of all of the fairy tales about gold that have been propagated for generations by gold merchants and libertarian economists. Here are a few things you will learn from this remarkable book:

(1) The so-called “Yamashita Treasure” is not a wild tale but true. During the war, acting directly under the authority of the emperor, Japanese teams swarmed over China and the other Japanese occupied areas and as if with a giant vacuum cleaner, took all of the gold and gems they could lay their hands on. Their methods were not pretty, but they ended up with uncounted tons of gold which, because American subs prevented them from sending to Japan, they hid in

caves in the Philippines.

(2) After hostilities, those in the know went on a big treasure hunt. Primary in this exercise was Ferdinand Marcos, president of the Philippine Islands. His methods were no less ruthless than the Japanese, and leaving a trail of bodies behind he collected over a trillion dollars worth of the yellow stuff when the gold was selling in the range of \$140 ounce.

(3) Ferdinand was certainly not alone. The cast of characters is fascinating, involving all of the leading political personalities of the day from President Truman on down, including people like Gen. John Singlaub, Melvin Belli, Laurence Butler, Bonner Fellers, Orrin Hatch, Rep. Larry McDonald, Robert Welch, Floyd Paxton, etc., etc. Most of these small fry lost money trying to recover the hidden gold.

(4) Eventually, after a confusing litany of cross and double cross, the gold seems to have mainly become under the control of CIA agents. After the CIA guys feathered their own nests with it, it went into the eager paws of the international bankers who inhabit such lairs as Citibank, Chase, Union Bank of Switzerland and other major casinos. Here, the Seagraves point out a very important lesson when entrusting the care of gold to banks: don’t! Bankers have a disappointing habit of issuing gold certificates for gold on deposit and then, when the supposed owner comes to redeem them, the once-friendly banker will declare the gold certificates counterfeit! This should really not be surprising to anyone who has dealt with bankers. A sorry lot they are, if ever there was one.

(5) The most important lesson the politically alert reader may glean from this revealing book by reading between the lines is that one may safely say that the gold is today under the control of the bankers, a polite way of saying that it is controlled by the Rothschilds.

This writer has believed for years that when the bankers finally decide to wind up the “democratic experiment” of America, by admitting the bankruptcy of the Federal Reserve and its subsidiary, the U.S. government, they will then inaugurate what many libertarians have longed for so avidly for generations: a gold standard. Well, he still believes it but it is clear from this book that the bankers who own and control the never-audited Fed also have control of the world’s gold supply and are free to use it to protect and further their own interests. So in spite of the literally bankrupt condition of the Fed and its creature the U.S. government, they never have to declare bankruptcy, because there is far more gold at their disposal than believed.

(6) One who plays the gold market, either for investment or speculation, should do so with the full understanding that it is rigged for the profit of the huge monetary forces that control it. Contrary to the naïve, including many who sell it, the price of gold certainly does not have to rise with inflation. Gold is not a hedge against inflation; its price could be brought down to \$5 per ounce if the goldmeisters decide that they would like to do so.

But don’t worry, they won’t do that because it is to their interest to support the price of gold the same way they support the price of diamonds—by holding supplies off the market. *W.A. Carto*

[END QUOTING]

I certainly do not wish to belabor this particular subject for our thrust is not in “that” particular direction as to our own task. However, I do believe that it should be pointed out that over a period of time, TRUTH OUTS and it is often first misdirected through mis- or dis-information. We will leave it here and turn over availability of resource information to those who can handle the processing and accessing of the books themselves, hopefully at some service to both our book-resources operation and service to the

authors involved.

We will not, however, just order up a bunch of books if there is no interest or market so please express your interest to *CONTACT* and the service will be properly managed. We have no intention of doing this from this keyboard in Manila. I do not, however, like to suggest items, books or "things" which we cannot make available to you the readers as to resource or availability.

IN THE PHILIPPINES

Let us now turn our attention to that which has come full circle in the Philippines. The President, Arroyo (GMA), did yesterday make it public that the Philippines is in a "STATE OF FISCAL CRISIS". That means, good readers, bankruptcy is pending, default on debts is pending and there is nothing available as to recognized resources.

Taxes are going to be added more heavily to the people and it cannot touch the problem, for the state of this nation is bankrupt in all areas of expression. It does leave GMA, however, with the legal authority for the next step on her agenda: freeze the funds allotted to the provinces and "the people". This is being done as we speak right now. How long will the people bear up under this atrocious burden? It remains to be seen.

Yes indeed, WE HAVE THE SOLUTION and are ready, willing and able (RWA) to move instantly.

We will speak to one more item regarding gold and holdings in caves, etc. It doesn't matter from where came the gold, readers, for if a cave is on private property, say Tallano or Sultanates, the gold belongs to those owners—NOT ANYONE ELSE. It is a part of the LAW. So, whether gold is in the vault of Bangko Sentral or in Sulu or TawiTawi, it belongs to rightful "owners", not government, not foreign governments and certainly NOT to the U.S. to where it is being taken through subterfuge and corruption. And no, that is not at the piloting hands of Gunther Russbacher and/or Russell Herrman of Rayelan Russbacher-Allan and VK Durham fame and/or coalition. They are frauds and become the greater thieves as to honor and integrity of the outright robbers of the gold itself.

One of the reasons for Russell Herman to assign his interests over to us is for this exact reason, the protection of asset and "intent of action". Herman experienced IN THE TRICKS OF THE DAY BACK YON WHEN THE DEBACLE OF THE MARCOS ERA TOOK PLACE. REMEMBER THAT IT WAS IN 1985 (BEFORE THE FINAL DAYS OF THE MARCOS DYNASTY) THAT HERMAN PUT THE ASSET HOLDING INTO IDENTIFIABLE OWNERSHIP OF COSMOS SEAFOOD ENERGY MARKETING LTD. (CORPORATION) TO PROTECT HIS OWN LIFE AND THE ASSET. There is no question as to the legality, authenticity or holding. It existed and it EXISTS today.

We now deal with the assets of the old establishment of the generations and centuries of that which existed and exists yet, in the Philippines. There is no longer mystical gobbledygook or great hidden mysteries. It is all of record, registered and VALID AS TO COVERAGE THROUGH THE VERY COURTS OF LAW AND UPDATED AS LATE AS WITHIN THESE MOST CURRENT YEARS.

We cannot "fight" a controlling arm of FORCE of injustice or unlawful power. So be it as we work within and with that which IS and never mind the pressures of the "impatient".

We will continue to publish truth, facts and document copies, which acts as further documentation and public information as we find space to print as

reminders and for reference.

I, Hatonn, have all the time in the universe but I would suggest that YOU do not! You have "all the TIME" but you might find your circumstance of manifest substance considerably changed as you "wait" too long for mortal expression to be retained.

Infected rodents are being uncovered daily having built their nests in the "high places". So be it for more infected is the very polluted air breathed in and out as you "survive". I would remind all of you to have silver colloid if you can. We note that it is hitting in a massive way in the Internet of "private" medicinal circles.

More important, perhaps, is the fact that one major appliance producer, Samsung, is now presenting a whole line of "protected" appliances from coolers, conditioners, refrigerators and washers which are "treated" with wondrous filters and cleaners USING THAT NICE COLLOIDAL IONIZED SILVER IN THE SYSTEMS APPARATUS. We can only be sorry, Diane, for your pain and suffering at the hands of your very "partners" and so-called "friends" for simply doing your job while they spent the money and then sold you out. That cycle too shall come full circle

while "revenge is mine, sayeth the Lord". Bitterness is but a waste of time while patience is a virtue.

All that is good will have evil attacks as Man cannot seem to recognize his downfall potential. And to you who gave all you could and suffered at the hands of the miscreants, relax and enjoy the unfolding and you shall not have need of those resources in the final wash.

Walter Russell and Tesla were correct in their observations that MANKIND is simply not ready to HAVE the wondrous gifts of Creator-Creation for man remains too egotistically primitive in his concepts and greedy selfishness. This is WHY we do not shower abundance onto you like rainfall. You must deserve and earn through the very human aspect the RIGHT TO HOLD SUCH GIFTS in the physical expression. You shall not have need in another dimension of higher experience.

When you begin to recognize these Truths you shall surely learn to KNOW GOD!

God blesses us all as we are able to receive. Thank you.

EXISTENCE OF SECRET WWII GOLD HORDE CONFIRMED

Exclusive to *American Free Press*
By Michael Collins Piper

An authoritative new book sheds remarkable light on one of the great financial and political secrets of the 20th Century: vast hordes of gold-looted by the Japanese and later recovered by American forces following World War II.

During the mid-1980s, international correspondent Andrew St. George and a team of investigative reporters working for *The Spotlight* newspaper astounded many of its readers by challenging a legend then-popular in the "mainstream" media in America: the theory that former Philippine President Ferdinand Marcos and his colorful wife Imelda had stolen billions of dollars from their nation's treasury, and much of it from U.S. foreign aid to the Asian republic.

Now—nearly 20 years after the fact—the exclusive reports by St. George and his *Spotlight* team have been confirmed by an unlikely source: veteran writer Sterling Seagrave, a well-known authority on the Far East and an unabashed critic of the Marcos regime.

In a new book, *Gold Warriors: America's Secret Recovery of Yamashita's Gold*, Seagrave and his co-author (his wife, Peggy) have affirmed virtually all of what *The Spotlight* reported about Marcos and his rise to power—and of his ultimate ouster, including the reasons why.

But even more than that, the Seagraves have outlined the existence of an extraordinary hidden cache of gold—looted by infamous Japanese warlord Yamashita Tomoyuki from the nations of Asia prior to and during World War II—much of which (but not all) was later seized by American forces and used to fund what was called the Black Eagle Trust, a multi-national covert-operations treasure chest utilized during the Cold War and up until, apparently, even today. And yes, Marcos himself recovered a big chunk of the treasure. This was, as *The Spotlight* said to much criticism, the real source of his wealth.

Big names such as former U.S. Secretary of State John Foster Dulles, John J. McCloy, head of the World Bank, General Edward Lansdale and others are just a few of the familiar figures whose roles in the shadowy Black Eagle Trust are recounted by the Seagraves. The tentacles of this massive treasure reach throughout the big banks of the world today and its economic impact has never before been outlined in such amazing detail.

It seems that no American president has been in the dark about the existence of this gold horde—much

of which still remains hidden, buried, in the Philippine islands and elsewhere in the Pacific and which is still the subject of wide-ranging treasure hunts.

According to the Seagraves, as late as March 2001—in the early weeks of the newly-minted George W. Bush administration, associates of the Bush family were evidently deeply involved in the treasure-hunting and in efforts to profit from the sale and transfer of the recovered treasure. And what is of particular note is that, so say the Seagraves, two U.S. Navy ships were being utilized in the effort.

What about the Marcos connection? *The Spotlight* asserted that Marcos's actual wealth—in unaccounted billions—stemmed from the fact that Marcos had actually recovered a large cache of the hidden gold in the days following the end of World War II. Critics said *The Spotlight* was wrong and that Marcos had actually stolen billions from his nation's treasury. Now, however, the Seagraves cite no less an authority than retired General John Singlaub, a vaunted hero of both World War II and Korea who finished up his career as the top U.S. military commander in Korea, dismissed by then-President Jimmy Carter.

Singlaub actually became quite active in the covert American efforts to recover the "Yamashita treasure" and, according to Singlaub, "I knew from past experience that stories of buried Japanese gold in the Philippines were legitimate. Marcos's \$12 billion fortune actually came from [this] treasure, not skimmed-off U.S. aid. But Marcos had only managed to rake off a dozen or so of the biggest sites. That left well over a hundred untouched."

This, of course, means that Yamashita's gold—which amounts to certainly hundreds of billions in value, probably trillions—was a real source of power and influence for Marcos and, in the end, proved not only to be a source of his rise to power, but, ultimately, his undoing.

The Seagraves relate—echoing *The Spotlight*—that when Marcos demanded a higher-than-usual commission for lending a portion of his gold horde to the Reagan administration in order to prop up a Reagan scheme to manipulate the world gold market, this was the beginning of Marcos' downfall. As a consequence, then U.S. CIA-Director William Casey set in motion the riots and protests that began creating trouble for Marcos in the streets of Manila.

Although Casey flew to Manila, along with U.S. Treasury Secretary Donald Regan, CIA economist Professor Higdon and an attorney, Lawrence Kreager, to give Marcos a "last chance", the Philippine nationalist would not buckle. Higdon told Marcos that he would be out of power "in two weeks" for not appeasing the international banking houses and their agents in the American administration.

The Seagraves report that a source close to Marcos advised them that Marcos was then approached by an emissary from David Rockefeller's Trilateral Commission asking Marcos to contribute \$54 billion in gold bullion to a so-called "global development fund". Marcos' response was to consign the Trilateral demand into a waste basket.

In no short order, of course, Marcos was forced from office and flown to Hawaii with his family where

they were held effectively under house arrest. Marcos and his wife told many people—including reporters from *The Spotlight*—that they had never expected to be taken to Hawaii, that they had, instead, expected to be flown to safety from Manila to Marcos' home island of Ilocos Norte.

In the meantime, billions of dollars worth of gold certificates that the Marcos [couple] had taken with them were confiscated by the U.S. government. But when the Marcoses demanded the return of the certificates, the U.S. said the certificates were "fake".

In other words, the Reagan administration casually and ruthlessly stole billions from the Marcos, at the same time helping perpetuate the media myth that the Marcos family had stolen billions from their own nation's treasury.

(And it should be noted, for the historical record, that one of the key behind-the-scenes Reagan administration operatives plotting against Marcos was one Paul Wolfowitz, now internationally known today as one of the prime movers behind the American effort to depose Saddam Hussein—probably no coincidence considering Saddam's refusal, like Marcos, to surrender his nation's sovereignty to international banking interests.)

The Seagraves also outline—and this will interest many people—the strange dealings of the John Birch Society (as far back as the mid-1970s) in a scheme to cut business arrangements with the Marcos regime in the marketing of some \$20 billion of Marcos' private gold horde. These deals fell through and, in the end, the Birchers fell out with their partners in the scheme. Evidently Congressman Larry McDonald (D-Ga.), then a leader of the Birch group, was privy to these events and thus evidently knew quite a bit about the international Black Eagle Trust at the time of his death. [The "shoot down" of flight KAL 007 is still surrounded by mystery.]

Considering the fact that *The Spotlight* was the only American newspaper to honestly report on the behind-the-scenes intrigues that led to the destruction of Ferdinand Marcos, it was no coincidence that after his ouster, Marcos gave *The Spotlight* several exclusive interviews at his home in exile in Hawaii, pushing *The Spotlight* to the top of a long list of worldwide newspapers clamoring for the opportunity to interview the fallen leader.

It turns out that, at precisely the time when *The Spotlight* was interviewing Marcos, a young American CIA operative, Alan Foringer, was deeply involved in the covert operations trying to secure what remained of the Yamashita (and Marcos) gold.

So, it's probably no coincidence, again, that Foringer popped up at *The Spotlight's* offices on a number of occasions, posing as an international businessman. It was only the publication of the Seagraves' book that exposed precisely who Foringer really was: a CIA figure trying to find out what *The Spotlight* knew (if anything) about the Marcos treasure. Foringer himself later died under mysterious circumstances, probably a victim of murder.

These are just a few of the revelations appearing in the 332 detail-packed pages of this remarkable new book, one which is thoroughly documented. The Seagraves know that they risked a great deal by bringing out these facts but they say right up front that "if we are murdered, readers will have no difficulty figuring out who 'they' are."

Pedigree

The author, Michael Collins Piper, spent a day with former Philippine President Ferdinand Marcos and his wife Imelda at their home in exile in Honolulu, Hawaii in April of 1987.

ISRAELI PROBLEMS IN PASIG RIVER CITY
PAY ATTENTION TO PUBLISHER: MAXIMO SOLIVEN

There are no coincidences or accidents in politics, and even when you think parties are not politicians, they are.

The Philippine STAR (STAR) now being THE establishment tool of the Administration and “Do In the Philippine PEOPLE,” you must be aware of what is coming down the road full steam ahead. This will evolve from out of the shadows and into full diplomatic “indiscretions” before your clouded eyes while publicity will be minimal but at the same time, FRONT PAGE worthy.

Yes indeed, secretary, I would also rather just keep on playing with the gold books and interested parties but that will NOT get our job done and, more specifically, functional.

You have known for long that the Mossad is the major operating “intelligence resource” of the “foreign” infiltrators but I don’t think you realize how blatant it has now become. Even VK might shudder at the brazen show-and-tell (on the planners).

At the bottom right of the FRONT PAGE of the STAR today, August 9, 2004 is a picture of three men; Max V. Soliven, Eliezer Sandberg and really important; Ambassador to the Philippines, Yehoshua Sagi. [You see, “Jesus” by any name does not make the teacher be the same.]

Cut out this picture and post it for you are seeing a very important player [Sagi], and be able to recognize him, please. George Bush should also beware but then politicians of such high-ranking advantage don’t usually pay attention, especially at re-election time.

I know; just when you thought it was safe to go back in the water, the sharks rally in ever-larger threatening pods.

You will not be given the real reason for such Israeli attention, YET, but please stay tuned to this station over the next few critical weeks. The Philippines is not only in bankruptcy but also in full-blown FORECLOSURE. And no, you actually don’t hold a fallback position as to safety and comfort. Just stay the course, share the information and realize both the implications and the potential Banking Cartel “management” teams.

I am sorry to bring it to your attention for some will certainly refer to our suggestions to watch the backsides as some “hate” or anti-something leaning. No, it is always the way of downfalls and take-over as the Jewish mercenaries take positions in the very

infrastructure of government and business. It is the mark of the game players themselves.

I don’t know if John I can capture the picture or not but it certainly would lend itself well to, say, page TWO of the paper. [The photo below is not from the STAR but serves the purpose of identifying Mr. Sagi.] You certainly do not want headline reference to the focus, please. Just let the information flow for I must protect YOU while also making a public statement that we KNOW and “they” need to KNOW WE KNOW!

“Just a little tourist visit to Third World

Philippines?” I don’t think even you could be that naïve. But of course, that is up to you and this will probably elicit full-force cannon fire from one VK, so be alert.

I, further, want you to pay attention to the mouthing going on about phasing out the CIA (Agency, Company). The remaining CIA are pretty good guys for the most part as the full control of such intelligence operations, including the FBI, has been slowly but surely turned over to higher-directors and trainers—who also supply weapons of global magnitude. Where do you think the guns and equipment originate and just WHO IN THE U.S. PAYS THE BILL?

So be it, for we are not going to get involved and forewarning is being forearmed. Just let it be your further confirmation of the importance of both location and manipulation. Traitors and treason-agents abound

in days of such chaos and take-over.

Hold your breath and note WITH WHOM these “diplomats” visit and you will find your clues in full abundance. And yes, I know, you thought they would never come out of the woodwork and into the light. So be this as well. “KNOW THINE ENEMIES” certainly comes directly and instantly to mind—*doesn’t it?*

I ask you, Dharma, to type in the caption under the picture for I want you to cement it into your mind, please.

[QUOTING CAPTION:]

Newly appointed Israeli MINISTER OF INFRASTRUCTURE, Eliezer Sandberg (center), who arrived here from Jerusalem, told STAR publisher/chairman Max V. Soliven, in a one-on-one visit, that the 6.7 million Israelis—including Arabs who’re Israeli citizens—live peaceful, hardworking lives, despite all those lurid accounts of conflict and suicide bombings. Sandberg, a lawyer and former army prosecutor born in the port city of Haifa, is a FORMER DEPUTY SPEAKER OF THE KNESSET 14 (the Israeli parliament), FORMER MINISTER OF SCIENCE AND TECHNOLOGY, AND DEPUTY MINISTER OF EDUCATION, CULTURE AND SPORTS. He was accompanied to the meeting by ISRAELI AMBASSADOR YEHOSHUA SAGI (right), A RETIRED MAJOR GENERAL AND FORMER HEAD OF INTELLIGENCE, A MEMBER OF THE 12TH Knesset (Parliament) and ex-mayor of Bat Yam (two terms) who had fought in ALL OF HIS COUNTRY’S WARS, including the 1967 Six-Day War, the 1973 Yom Kippur War and the 1987 Intifada. They told Soliven that the 700-kilometer ‘wall’ condemned by the Palestinians and recently by the International Court was unjustly criticized since it is designed only to protect Israel from suicide attackers, armed infiltrators and saboteurs—and 92 percent is not wall but a mere fence. ‘Israel is pictured as a different country—a war-torn one—in BBC and CNN, and an even more different one in Al-Jazeera Arab TV, but the reality is that Israelis lead normal lives. We strike back only when we’re attacked,’ Sandberg said. He also called on DILG SECRETARY ANGELO REYES, ENERGY SECRETARY VINCE PEREZ, DOTC SECRETARY LARRY MENDOZA AND THE OTHER DAY ON THEN DFA SECRETARY DELIA ALBERT (DFA SECRETARY ALBERTO ROMULO TOOK OVER YESTERDAY).

[END OF QUOTING]

Please note that those alphabet offices are the most critical positions in the nation. DILG=Department Interior and Local Government; DOTC=Department of Transportation and Commerce and of course DFA=Department of Foreign Affairs.

Who knows, it may only be an attempt to convince that a bunch of “mere fences” about and around parts of Mindanao might well handle those awful “Muslims” since experience has shown that those mighty fences make good neighbors in every instance used, i.e. Berlin, etc. Of course I am sarcastically JESTING but some interesting people read my sarcasm as some factual attitude of absolutes.

The point is that diplomats always come before the real program finalizes and this is no different. And

believe me, please, THIS IS PLANNED LIMITED PUBLICITY AS ALL THE OTHER MAJOR ENCOUNTERS WILL CERTAINLY BE FAR MORE PRIVATE, SECRET AND SHELTERED!

Why do you suppose a “former HEAD of Intelligence (MOSSAD)” is the Israeli ambassador TO THE PHILIPPINES? God rest ye merry gentlemen as ye dance your way to perdition.

Will all our work end in the hands of these Holy Land gamesmen? Perhaps, my friends, perhaps. Man remains blind, deaf and quite dumb.

Can a GMA stand up to the pressures? NO! She has proven her total weakness and greed over and over again. Meanwhile the new DOT (Department of Tourism) aims at 5 Million tourists a year? Oh WOW PHILIPPINES!

Does this observation, further, mean that I am somehow accusing the “Jeus” (Jews, so named in the 13th Century and NOT in ancient Israel as these were Khazarian Zionists) as “anti-Christ”? Yes, of course, for the whole “thing” back in the time of the “Jesus” called the “Christ” was fully denied as credible by all those present in the shadow of what has evolved as Jewish law [now U.S. law, per *Public Law 102-14*]. It is NOT insulting; it is simply the way it is.

These religious “Jews” divided themselves again into the Talmudists and further divided EVERYONE into two groups: Jews and Gentiles. Jews are those which are classified properly as to “them” and ALL OTHERS ARE GENTILES.

Now, to pay a bit closer attention to your predicament as might relate to this topic: Israel is the only “other” nation on the globe that holds your wealth in stashes alongside the nuclear arsenal in the Negev Desert. You nice U.S. citizens paid for it ALL so why to complain? I’m sure (sarcasm again, please) that you will be amply protected in all your freedoms and rights under those nice agreements and treaties. After all, Alan Dershowitz (outstandingly famous lawyer and Jewish LEADER) proclaimed the U.S. as “THE NEW ISRAELI HOMELAND” nearly two decades ago after the legislature in Washington integrated into law the religion of the Noahide Laws. Oh no, please, go look it up AGAIN! Perhaps some computer searchers can make reference to our own offerings over the years.

[We have covered the Noahide Laws on so many occasions that a complete listing would take up too much space. One of the earliest and most comprehensive treatments of the subject was given shortly after *Public Law 102-14* was passed in 1991: “The Ultimate World Order” (GCH 9/19/92-#1) appeared in the *PHOENIX LIBERATOR* 9/22/92 edition and is well worth re-reading now we have come this much further down the road. Also see Journal #55: *Marching to Zion: The Ultimate World Order*.]

Does God condemn these war-brokers? Goodness no—GOD ALLOWS and THAT is the point of the experience. Evil or good, GOD ALLOWS.

Now, how many of you want me and my little team to fix it? Please raise your hand! The response is BS and Hogwash! I and “my little team” didn’t “break it”. My “little team” can’t even afford to pay the electricity bill to these self-same broker/controllers.

We “can’t” physically do more for you, friends, and those are simply the facts of the matter. We will continue to bring you the interesting, the progressive positives and the entirely ugly—but we cannot FIX anything for you or anyone else.

Beware the party games and musical chairs—for local “Rome” is in full blazing demise. Moreover, there are abundant supplies of “slaves” in this place to serve those masters at the puppet strings.

Hornets From Israel And Nukes In The Negev Desert

8/26/04—#1 (18-10)

THU., AUG. 26, 2004 11:44 A.M. YR 18, DAY 10
Manila, Philippines

RE: HORNETS FROM ISRAEL AMID LOCAL PHILIPPINE DEVASTATION, HUNGER, “FISCAL CRISIS” AND HOW HAVE “YOU” MISSED IT ALL?—GCH/D

PERDITION IS ALSO CHAOS AND OVERLOAD

In recognition of each daily perception and sorting for input we are totally buried in material which, if allowed to do so, would keep us totally immobile. “Everyone”, including EJ, for instance, waits for me to sort topics and priorities and yet in the middle of the influx of seemingly urgent information of the moment, a secretary is buried by the debris and myriads of bits and pieces which find no space or time for either publishing or demanding “study” by the recipients.

A good example is today’s urgent public information that the Retirement and Pension program of the Armed Forces and Police is BANKRUPT. Many of our own acquaintances are subject to cut-off of all income and STILL THEY DON’T EVEN ATTEND THE INFORMATION EXCEPT TO COMPLAIN AND DOODLE WHILE WE, AND THEY, HOLD THE SOLUTION TO THAT PROBLEM AND OTHERS DOOMING THE NATION TO PERDITION.

With gold in the bank supposedly and needing, at the least, court ordered inventory, the band twiddles along. I too am weary of the inch-worm and crab mentality that fiddles while Rome burns to the very ground.

I will state right here for my team that we will diligently call attention to the unfolding events as already being presented (not revelation) and move toward working in other locations more diligently.

We will no longer make much effort to keeping the assets as in “gold” inside the Philippines. We will diligently work now toward making the Global Alliance be the strong point and then make the gold sales to anywhere, World.

Today Argentina seems to be a real good prospect and yes we can have input to the outcome of other resource exportation and sales. We are in favor of our public resources [coming soon: <www.PhoenixSourceDistributors.com>; meanwhile (and see also): <www.PreferredNetwork.com>] posting just about anything they choose worthy that backs our products, programs and projects. We have kept free of Internet wrangles in order to keep distractions to a dull roar instead of a more time-consuming confrontation.

WHISTLEBLOWERS

I suggest as to the most recent disinformation of the lengthy garbage spread by VK Durham that there starts to be some Internet postings of our own now that we have a site or two through which to work in a RESPECTED site beyond titillation and DISINFORMATION. Our programs are worthy of TRUTH presentation and that which honors

compatriots who are actually making every effort, including risking immeasurably their lives and reputations, to accomplish some modicum of a better way.

Never mind the titillation of “extraterrestrials”. Try the FACT that yea, even you and God are extraterrestrials. Only your BODY PHYSICAL is terrestrial—all other is totally extraterrestrial. You just don’t yet know how to manipulate or run the apparatus that allows interchanging with that reality.

I have a long time relationship with those nice whistleblowers running about in the “Conspiracy” circles of intrigue. My own identified entity is listed, according to your involved players, as ABOVE A-6 as to access clearance. Fine, I have no need for more and certainly have no need for that much. I have no reason to prove anything to anyone but I repeat: It is time to start proving your intentions to me! I serve God, not Satan’s perdition.

While we play in the games I would note a few things which all fall into the order sequence of needing to be “next” but obviously can’t be ALL handled at once nor can you handle the information processing all at one sitting.

We need to give full attention to facts as to Israel and actual nuclear danger from that sector.

CONFIRMATIONS

We also need to mention some “proof” items of our own program as regards the GOLD in the Philippines and on which we are just touching the publicity information. It involved such as RUSSELL HERMAN in the very construction of the programs in Manila in the Marcos days of U.S. wine, roses and traitor-turncoats still in full operation. So, for starters, we will mention the most recent writing come into our attention by one of our most favorite and respected writers of *Final Judgment*, Michael Collins Piper of *American Free Press*.

I do not wish to push anything off onto any of those writers or journalists; we have a program and have no “profit/interest” in sharing information with them or anyone else. I would like, however to give confirmation to my own team that I know what I am doing and that we have far more information than touches the circuits.

I will ask that we just put into place here a couple of paragraphs of Piper’s “Exclusive” regarding the Secret WWII Gold Horde (Philippines). I would also note that at that time John Coleman did some intensive and insightful writings on the topic of Marcos and the shams and thefts.

But that is not my point here as we continue to struggle with arguments as to the involvement of one Russell Herman and any association with that which is claimed, UNLAWFULLY AND FRAUDULENTLY, BY VK DURHAM. In fact, “fraud” is a very gracious label to place on the woman and her outrageous lies.

On page 5 of 6, in Piper’s little writing regarding this topic of gold in the Philippines and Seagraves’ book on the matter, let me quote:

“Considering the fact that *The Spotlight* was the only American newspaper to honestly report on the

behind-the-scenes intrigues that led to the destruction of Ferdinand Marcos, it was no coincidence that after his ouster, Marcos gave *The Spotlight* several exclusive interviews at his home in exile in Hawaii, pushing *The Spotlight* to the top of a long list of worldwide newspapers clamoring for the opportunity to interview the fallen leader.

“It turns out that, at precisely the time when *The Spotlight* was interviewing Marcos, a young American CIA operative, ALAN FORINGER, was deeply involved in the covert operations trying to secure what remained of the Yamashita (and Marcos) gold.

“So, it’s probably no coincidence, again, that Foringer popped up at *The Spotlight’s* offices on a number of occasions, posing as an international businessman. It was only the publication of the Seagraves’ book that exposed precisely who Foringer really was: a CIA figure trying to find out what *The Spotlight* knew (if anything) about the Marcos treasure. Foringer himself later died under mysterious circumstances, probably a victim of murder.”

END QUOTING EXCERPT

While we look at this interesting point it is also noted that “Alan Foringer” was NOT the man’s true name as is the usual *modus operandi* of special agents—INCLUDING ANYONE AS HIGH-LEVEL AS RUSSELL HERMAN IN ASSOCIATION DIRECTLY WITH CIA DIRECTOR GEORGE H. W. BUSH.

You will also note, while we pay attention to Israeli involvement into everything globally important, that one of the prime players was Senator Lugar, a recognized Jewish Israeli “Firster”. These guys have never NOT been involved. The problem now, however, is that the Titans are clashing and are eating one another’s lunches as fast as is possible.

I would like for VK Durham in her claimed knowing of everything that took place, and is taking place, to GIVE US INFORMATION ON THIS ALAN FORINGER! This is just a point of interest as she seems to get everything else WRONG.

TERRORISTS

You further want to claim the CIA trained those terrible terrorists in Afghanistan? Try on the Mossad for better reference, for it has been the more prominent KGB, British Intelligence and MOSSAD that have trained the more rogue players in the American CIA and now, FBI. All of this is being fully qualified and revealed by the newly recognized terrorists in Asia who also have all the modern weapons provided to them by the same “masters of the trade”.

I will offer Piper’s short writing when we get back to discussions regarding the Seagraves’ book but I first want to share the information on Mordechai Vanunu, Israel’s most famous dissident. And that I wish to directly take from the press (*American Free Press*) who managed to get exclusive interviews. It will be no “scoop” for we would never “scoop” another’s work. You will note, in addition, that *American Free Press* has been attacked even as to attempted assassination of its writers and staff BY ISRAELI OPERATIVES AND “CLUBS”, i.e. ADL, *et al.*

I bring up the VK element in this tale because VK denied that Russell had anything to do either in or about the Philippines while claiming at the same time that somehow Russell got the reconnection of the U.S. into China with Nixon yet.

We can’t even determine just who VK “slew” for surely it cannot be long doubted that Russell Herman would leave this precious and deadly asset into the

hands of an irrational con artist such as VK and her buddies. Is it possible that perhaps VK has not the slightest idea of what took place or who are the players—REALLY? She is an elderly and mentally challenged woman seeking for some modicum of attention and Fairy Tale existence.

Now EJ, I suggest you pull out a couple of write-ups and copies of *The Spotlight* article regarding Ramos and “get rid of Erap” and share it with some of the new contacts in the Foundation circles.

WE ARE NOT GOING TO INVOLVE IN POLITICS AND IT MUST BE TOTALLY CLEAR AS TO THAT STANCE!

ASSETS & HUNGER

We have a major asset and the Foundation likewise has a very major asset and it goes under “Order of Law” and never mind the absurd games as to who might be wielding the whip in the sadistic camps of would-be Kings.

The people of the Philippines are listed now as having 8 out of 10 FAMILIES—**HUNGRY!** Therefore, further foot-dragging as to the share owed TO THE PEOPLE is unacceptable and the delayers are as guilty as the refusers in solving this crisis.

Manila is afloat today while rainfall may well be abundant but not outrageous in a tropical place. Everything is so abused and dilapidated as to be remarkably expected as to disasters. And yet, still more “fiddling”, blame-games and DO NOTHING!

Our job is not to be here to write newspaper articles, share inside information or DO ANYTHING FOR ANYONE. Furthermore, we are not here to argue, debate or become “first contacts” with some extraterrestrials from such as Anunnaki lineage or from the absurd assumed places of the outrageous.

I warned every one of you right from the beginning that I am a hard task-master and I believe I have proven that point if nothing more. You will not place me in some stupidly silly position of communicating insects or intervening savior. God provides the way and the ability—YOU DO THE WORK OR IT WILL NOT BE DONE!

What you come to be is up to you and certainly we are not going to spend endless days in repetition of that which we have written hundreds of times prior to now. Moreover, if you do not wish to read our presentations and become informed, we have to move on—for your accounting of “human time” waits for no man.

NUKES IN THE NEGEV

Next I ask that *CONTACT* give full credit as were the guidelines for use of the material directly from *American Free Press* and share the Vanunu article from the front page of the August 9, 2004 lead article, Front Page.

I also ask that the Editorial on page 3 be reprinted.

I would like to also note that you may join us and share, or, you certainly may deny and you know the rest of the statement. So be it, choices are YOURS. God allows—never demands.

However, my people are not here to kibitz or to cajole and that seems to be the expected attitude of many readers and accusers. TRUTH IS and that is sufficient, for to “argue” with liars is abundantly stupid in its very expression. And, furthermore, we will get to the more recent “set the record straight” with VK, *et al.*, when it is convenient and we have time to spare to such continuing drivel. I repeat that she is a fraud and all the arguments will not change that FACT. Further quibbling is no longer more than wasteful except for the final historical record of the

circumstances themselves.

We do need continual update on the postings and information because we must never lose sight or the importance of reference “time” limitations in the rule of law applicable to these fraudulent activities perpetrated and presented by the adversaries in their outright intent of disinformation. Who pays them for their sick-services? I believe we all know that answer, don’t we?

BUT HOW CAN WE BE SURE?

There are another couple of books on which we will focus and use as reminders, other than our own, which contain all you could possibly use if you would but acquire the Journals and/or get out your own and READ THEM AGAIN. [Available *Phoenix Journals* can be obtained through Phoenix Source Distributors, 1-800-800-5565. Coming soon: <www.PhoenixSourceDistributors.com>. International orders may be placed through The Preferred Network in Canada: <www.PreferredNetwork.com>, 1-250-248-5591. For a listing of *Phoenix Journals* resources, see: <www.PhoenixSourceCanada.com>.]

We will reference Uri Dowbenko’s *BUSHWHACKED* and most certainly again focus on Al Martin’s *THE CONSPIRATORS*.

That is simply for reference so that Phoenix Source and PSC can check out sources.

I want you to be able to read these and find the same names popping up in each and also in OUR OWN POSITION. You want confirmation? Then you need to GET THE CONFIRMATION!

You will also find references which abundantly are shared as by John Coleman and whose work, after we typed and published the book, “300”, George Green took funds for the publication directly from us and stole the books in addition, thus bankrupting John Coleman in the process. This is the same GG who stole Billy Meier’s pictures, etc. Interesting? Not particularly but certainly most revealing and causes us to be less than impressed by opinions as expressed otherwise about ourselves. I, Hatonn, personally do not care one iota what is said about or against me. I AM and arguing about it doesn’t change an iota of the fact of it.

Do we feel remiss in some way? No, nothing was taken by our people but it went out and thefts from us were overwhelming. So be it.

Dr. Coleman, however, chose to move TO NEVADA with George Green, along with some of our own equipment, computers, etc., after which we never received more than a thank you for the endless HOURS of work and “ready-for-print” manuscripts. Coleman was far from the only one suffering the same thefts and infringements. Oh well? No, totally unsuitable in all aspects yet to be further confronted if the abused can hang on for a bit longer. I do not, however, have any intentions of helping anyone who has deliberately damaged this program or this team. We are often asked to “help” those who actually have done everything possible to stop us or damage us. It is time man learns that he is accountable and responsible and not divas playing at toadstool hopping.

I would close now so that attention can be turned to other considerations. Life just continues to happen while we would truly like to attend other plans. Remember that God is not without conditions—HE IS ABSOLUTE IN HIS LOVE. You are the experienter and the chooser—and that is just the WAY IT IS.

Salu and may light be ever upon your very thoughts so that wisdom can guide your way in all ways.

Update: Mordecai Vanunu

AFP EDITORIAL: VANUNU DID WORLD A FAVOR

American Free Press, 8/9/04

Courtesy of Willis Carto

Israel's continued detention of Mordecai Vanunu, the Israeli whistleblower who exposed the country's secret nuclear arsenal, contravenes international law. That should surprise no one. After all, Israel has always shown a total disregard for the opinions of the international community. Two decades ago Israeli agents seized, drugged and spirited Vanunu out of Britain under the noses of the British authorities. However, one of the most disturbing aspects of the Vanunu affair is the ongoing failure of U.S. politicians and America's mainstream media to highlight his plight or recognize that he has served more than 11 years in solitary confinement and is entitled to basic human rights.

In April, following his release from custody, scores of militant Israelis violently demonstrated as he left prison. Consequently, he has feared for his safety.

During an exclusive interview, he told *AFP* he has had to remain in St. George's Cathedral in Jerusalem because he feels more comfortable among foreigners and Palestinians. So, even now he is far from being a free man. But that is not the whole story. The Israeli government has forbidden him to leave the country, to talk to foreign media or to have contact with foreigners. If he wishes to change his address, he must give Israel's security services 48 hours notice, and, if he wants to travel within Israel, he must seek permission 24 hours in advance and explain where he intends to go.

AFP's interview with him shows he remains resolute in the face of Israeli government efforts to restrict his movements and to silence him. He knows he risks going back to jail for talking to us.

Most knowledgeable observers see the treatment of him as a deliberate act of revenge since he no longer poses any threat, and after two decades has no new insight into Israel's nuclear ambitions and its atomic arsenal. His story mirrors that of another Israeli whistleblower, Victor Ostrovsky. Ostrovsky managed to flee Canada after revealing Mossad's history of assassinating its enemies. Agents were sent to kill him and firebombed his home in Canada. He had to flee to Arizona, where he still lives. That did not prevent Mossad from trying to discredit him and destroy him economically. The Israeli government has always exacted revenge against anyone who exposed their nuclear or intelligence ambitions and actions.

Vanunu's story also highlights the power of the Israeli lobby in Washington, because no politician or reporter has raised his plight on Capitol Hill or to an American audience. In stark contrast, the U.S. has berated other nations for trying to acquire nuclear weapons and has protested human rights abuses across the globe, but not in this case.

Surely Vanunu did the world a favor by revealing that Israel, at the center of one of the most volatile parts of the globe, was building a nuclear arsenal. Therefore, his plight should be of concern to the United States and its allies. After all, we invaded Iraq because it was wrongly alleged that Saddam had a nuclear capability. We placed embargoes on Northern Korea and have increased pressure on Iran to give up its nuclear ambitions. Conversely, the U.S. conveniently wears a blindfold when Israel's nuclear stockpile is mentioned. In fact, Israel has consistently refused to discuss its arsenal or to reveal the numbers of warheads it possesses.

AFP applauds those groups that are working to help

free Vanunu. We will continue to report on his condition in the hopes that the publicity we generate will force other media to report this news and American and Israeli officials to finally grant this courageous whistleblower his much-deserved freedom.

VANUNU SPEAKS

American Free Press, 8/9/04

By Christopher Bollyn

Mordechai Vanunu, Israel's most famous dissident free after 18 years in prison, is ready to defy the severe restrictions imposed upon him by the Israeli military and tell the western media everything he knows about the Middle East's largest secret arsenal of weapons of mass destruction. However, because the hidden stockpiles belong to Israel, no American news outlet is interested in discussing this, except *American Free Press*.

"I have sacrificed my freedom and risked my life in order to expose the danger of nuclear weapons, which threaten this whole region," Vanunu said in an exclusive interview with *American Free Press* on July 28.

Vanunu spent 18 years in an Israeli prison—11 and a half of them in solitary confinement—for providing evidence of Israel's nuclear arsenal to a British newspaper in 1986. "I acted on behalf of all citizens and all of humanity," said Vanunu.

In October 1986, Vanunu, a nuclear technician who had worked at the Dimona Nuclear Power Plant in the Negev Desert for 10 years, traveled to London and gave photographic evidence to *The Sunday Times* that Israel was secretly developing nuclear weapons. Two months earlier he had converted to Christianity while traveling in Australia.

After having learned about the secret production of plutonium for nuclear weapons at Dimona, in 1985 Vanunu believed it was his responsibility to inform the citizens of the world that an arsenal of nuclear weapons was being created in Israel.

Vanunu provided evidence and described how Israel had built an arsenal of over 200 nuclear bombs and neutron bombs. Before *The Times's* story was even published, however, Vanunu had been lured to Rome and kidnapped by Israeli secret service agents. A secret trial followed, and Vanunu was locked in a tiny, windowless cell for more than a decade.

When Vanunu was released from an Israeli prison on April 21, the Israeli military authorities imposed severe restrictions on his freedom. He is banned from leaving the country, confined to an assigned residence and denied the right to be in contact with journalists or foreigners.

The human rights organization Amnesty International (AI) protested the restrictions imposed on Vanunu saying on April 19: "Vanunu must not be subject to arbitrary restrictions and violations of his fundamental rights on the basis of pretexts or suspicions about what he may do in the future."

The restrictions on Vanunu's movement, speech and association violate the International Covenant on Civil and Political Rights, which Israel has ratified and is obliged to uphold, according to AI.

While Israeli officials contend the restrictions are to prevent Vanunu from divulging information about Israel's nuclear arsenal, AI sees it differently:

"Israel's determination to curtail Vanunu's freedom and contact with the outside world seem to be intended to prevent him from revealing details of his abduction by Israeli secret service agents 18 years ago in Rome in what was clearly an unlawful act," AI said.

According to Jonathan Cook of *The Guardian* in Britain, Vanunu's brother, Meir, who lives with him at St. George's, says there is another motive for the restrictions and confinement of Israel's most famous dissident: Vanunu's release brings attention to Israel's nuclear arsenal at precisely the moment when the justification for attacking Saddam Hussein's Iraq—his possession of weapons of mass destruction—is shown to have been hollow.

"If Vanunu were free to talk, he might remind the world that the greatest threat to Middle East peace comes not from Baghdad but from Tel Aviv," Cook wrote. "That is a message neither America nor Britain wants to hear right now."

The same controlled U.S. media networks that sent embedded reporters into combat in Iraq and published false reports about that nation's alleged weapons of mass destruction, are seemingly afraid to go to St. George's Cathedral in East Jerusalem and interview Vanunu, Israel's most famous dissident and peace activist, for fear of crossing a line drawn by the Israeli military.

American Free Press, however, and the London-based Arabic language newspaper *Al Hayat* have interviewed Vanunu recently from St. George's, where he has sought asylum in the Anglican church compound a short distance from the U.S. Consulate in East Jerusalem.

Behind the JFK Assassination

Comments made by Vanunu during an interview with *Al Hayat's* weekly magazine *Al Wassat*, published on July 25, made headlines around the world but were completely ignored in the United States, where they could have caused immense political damage to Israel. As *The Jerusalem Post's* article headline read, "Vanunu: Israel behind JFK assassination."

Russia's *Pravda* article of July 27 began: "Israel may be implicated in the biggest crime of the past century, which took place in Dallas in 1963."

Iran's *Tehran Times*, writing from Jerusalem, said: "In a startling accusation, nuclear whistleblower Mordechai Vanunu has alleged that Jerusalem was behind the assassination of U.S. President John F. Kennedy, who was exerting pressure on the then Israeli head of state to shed light on the Dimona nuclear plant."

Similar articles appeared in newspapers around the world, but in the United States this explosive news was only reported by wire services and in Jewish newspapers.

Vanunu's comments that there are "near-certain indications" that Israel was involved in the assassination of President John F. Kennedy support the thesis of Michael Collins Piper, presented in his book *Final Judgment*, that Israeli agents played a key role in the murder.

AFP asked Vanunu to explain his comments about Israeli involvement in the murder of President Kennedy.

"My view is that Kennedy was assassinated because of his strong opposition to [Israeli prime minister] Ben Gurion," Vanunu said.

At the time, Ben Gurion was working to create a nuclear arsenal for Israel.

The group that was involved with Ben Gurion in developing and protecting Israel's nuclear arsenal "was behind the assassination of Kennedy", Vanunu said.

As Piper documents in *Final Judgment*, Kennedy's resistance to Israel becoming a nuclear-armed state led to increasing hostility between the two leaders until Ben Gurion resigned in June 1963. Kennedy had realized that the Israelis were producing illegal nuclear weapons from the nuclear reactor given to Israel in 1959 under the "Atoms for Peace" program.

In the *Al Wassat* interview, Vanunu said: "Israel possesses between 100 and 200 nuclear weapons, including a neutron bomb and hydrogen bombs, which are tenfold in their effect. If an atomic bomb can kill 100,000 people then the hydrogen bomb can kill a million.

"We do not know which irresponsible Israeli prime minister will take office and decide to use nuclear weapons in the struggle against neighboring Arab countries," *The Jerusalem Post* reported Vanunu having

said. "What has already been exposed about the weapons Israel is holding [is that they] can destroy the region and kill millions."

A 'Second Chernobyl'

Vanunu also warned of the environmental dangers of nuclear leaks at Israel's antiquated nuclear facility at Dimona. An earthquake or nuclear accident at Dimona could result in the "leaking of nuclear radiation, threatening millions of people in neighboring countries", Vanunu said.

Jordan, in particular, was mentioned as being in danger of nuclear contamination. "Dimona's chimneys do not operate unless the winds blow in the direction of Jordan," Vanunu said.

A Jordanian government spokesman, Asma Khader, responded promptly to Vanunu's claim, saying, "The kingdom is free of radiation."

Vanunu also criticized the recent visit to Israel of Mohamed El Baradei, head of the UN's nuclear watchdog, the International Atomic Energy Agency (IAEA).

"I am very disappointed by Mr. El Baradei because I expected him to go and inspect the Dimona reactor," Vanunu said. "The job of Mr. Baradei is to go and see if what I said . . . if it's true."

Vanunu stressed to *AFP* his strong desire to speak with the media despite the restrictions, and provide them with information and his views on the need for peace—and a nuclear-free Middle East.

Asked if the U.S. media was interested in meeting him, Vanunu said "not one" American or British newspaper or television network had visited him at St. George's since his release from prison.

"Why are they in silence?" Vanunu asked *AFP* about the U.S. media. "Why is the press not coming to see me? The media should bring my case to the people and the politicians. This case must be heard."

Linda Rothstein, editor of the Chicago-based *Bulletin of Atomic Scientists*, however, showed little interest in Vanunu's story, saying that Vanunu has his supporters and that the *Bulletin* is not an advocacy group.

Likewise, Kay Seok of Human Rights Watch said that there was nothing they could do. "Nobody at HRW is working on Israel right now," she said.

Wants out of Israel

Vanunu desperately wants to leave Israel, where he is viewed as a traitor, and seek political asylum in the United States. Nick and Mary Eoloff of St. Paul, Minnesota, have formally adopted Vanunu and are ready to provide him sanctuary.

Mrs. Eoloff told *AFP* that Vanunu's life is in danger in Israel.

"I want to go abroad and start my life as a free man," Vanunu said after Israel's high court upheld the military's restrictions on his movement and freedom. "If Israel is a democracy, it should allow me to do it."

Asked if he had been tortured during his 18 years in prison, Vanunu said, "Of course."

He said he had been subjected to "mental and psychological torture" that was "cruel and barbaric".

Because he had converted to Christianity he had received worse treatment than Jewish prisoners, he said. Vanunu said he had been treated like a Palestinian and that his captors had tried to "destroy" him.

"I am a symbol of the will of freedom," he said. "You cannot break the human spirit."

Asked about his supporters in the United States, Vanunu said: "I need their support to get me out. Americans should raise their voices with their congressmen and ask them in a loud voice to visit me and bring attention to my case.

"My country is not Israel," Vanunu said. "I want to be free and to leave Israel."

"Israel does not respect my basic human rights," Vanunu said. "I am denied the freedom of movement and freedom of speech—like all Palestinians. I want peace and freedom from all nuclear weapons in the Middle East."

Posters And Imposters Pretend And Misinform

RE: IMPOSTERS? REALLY OR DIVINED?
DISCERNMENT IS SOMETIMES DIFFICULT
BUT JUDGMENT IS NEVER APPROPRIATE
"EXCEPT" OF A DEED; NOT A MAN—GCH/D

* * *

POSTERS AND IMPOSTERS

Is "poster" a real word defining an original or real character or thing? Who cares? What you must learn to discern, NOT NECESSARILY JUDGE, is "WHO" is real and who plays games with truth and wisdom. Who and what is an *imposter*?

Example: A man tells you he is from outer space and one of the great "Masters". He also tells you enough unconfirmed support nonsense to convince you that he is a major player. He then tells you to jump off a 300 ft. cliff. Should you do that? Of course not for the end result of such foolishness is a bad accident at best and death of that acclaimed body at worst. The soul will fly, the body will flop; so "get with the program" and stop the silly nonsense if you seek truth, wisdom, knowing and immortality. I can "help" you to immortality in adventure and expectation—I CANNOT "GIVE" YOU SAME. Could I give you life after.....? Possibly, but again, I would have usurped YOUR RIGHT TO SELF-SOVEREIGNTY. Soul is extraterrestrial, mortal body is terrestrial—on any planet you might choose.

There is a whole new brood of "channels" and "receivers" who pronounce loudly that they are "Hatonn"? Well, to be imitated is perhaps a great flattery but CAN NOT be "me", Gyeorgos Ceres hATONn, for I am sovereign and unique as are YOU.

If a person comes to you and says, "I am Bruce Willis", what say ye? Especially if that person is a female who introduces herself thusly, you might well question? Does calling yourself Bruce Willis make you Bruce Willis? NOT UNLESS THAT IS YOUR UNIQUE IDENTIFICATION GIVEN UNDER THE LAW AND RIGHT PASSAGE. Moreover, how many Bruce Willis' might there be around the globe or in the HEAVENS somewhere out there? I will give you this: If a man says to me I am Jesus Christ or Bruce Willis I shall address him as Mr. Christ or Mr. Willis. A man may, in my opinion, call himself ANYTHING he chooses—even if it is illegal. Further, if he claims to hear input from outer-spaces—so be it for if he calls the voice Hatonn or Roy or Bob, it is NO business of MINE. That is so UNLESS and UNTIL he infiltrates or makes an effort to change my program, insert himself/herself into my allotted mission, or compromise TRUTH. Fools are born every minute of every day and only the choice to be otherwise is YOURS.

By the way, friends, the closer we get to making this mission positively work the more imposters will try to come aboard. It is the way of the adversary to always leave chinks in the very wall of truth and fact.

If you want to believe that, for "nothing", someone from Petronas (an oil company by the way) will come

yank you off the highway before the truck with Petronas fuel hits you—forget it, friend. God does not snatch you from your foolishness but he certainly will impart wisdom in order to get thee out of the way of the truck bearing down upon you. He will give you both the warning, the way and the solution to your most compromising problem at hand. Your SOUL is immortal—YOUR BODY IS QUITE MORTAL.

Are there miracles? Of course, but WHO constructs the miracle and why it is constructed is the MYSTERY. This is not mysticism, either; it is logic, reason and MIND. And yes, Alphy and Virginia, there IS a higher-source MIND, which is ALL THERE IS AT THE VERY CORE OF IT. And yes, I would rather teach on these things than any other Earth task—BUT, it is not my command mission and I cannot learn anything FOR YOU.

Now, as to Gyeorgos Ceres hATONn, we will consider that I most certainly do exist and I have existed in a form you could and can—AND SHALL—recognize when appropriate. That, however, is not magic and you will not even recognize it so please don't waste time wagging about—for you will know when it is me.

I, recognized as Hatonn, have plenty of references among your most powerful "players" in seats of power. I am considered so high-level and dangerous to the adversary that my credentials are buried in the highest secret archives of your governments and libraries. I find it interesting so I would hope that so too would you. Why would anyone wish to hide a benevolent brother? Well, if you are doing dastardly deeds you certainly want no association with me, now would you?

I am reminded of a couple of stories originating with actual physical phone conferences in which my name was mentioned. This was simply in passing to your own Col. Al Martin of "Conspiracy" coalition as involved in the highest treason abounding and who blew the whistle on the abounders.

My people were only interested in Bonus 3392-181 and its validity while seeking a bit of input as to reality checks.

When "Hatonn" was spoken the response was silence and then instant command: "Do not even speak that name on my phone line." "That is so high and dangerous that we will not even use the reference." It was further stated that the level of that person was so high as to have even the records (file) inaccessible even to the President of the U.S. without total clearance, which is NOT granted except to the very few.

My conference people at the speakerphone simply said that is difficult for us since we work with "unspoken name" and communicate EVERY DAY and several times a day.

The content of the phone call was unimportant other than that the subject under discussion was verified and actual phone calls to such as George Bush, Sr. and the Bush Boys were immediately placed to see if agreements could be worked out. Bush labeled these "deals" and said that "I am not ready to deal on that at this time." OK, so at that time we had all we needed because the fat was in the fan.

We had not yet formed Global Alliance Investment

Association as an active venture so dealt with what “was” and it is reflected in Col. Martin’s books on conspiracy activities of the highest officers of your lands.

He did, when publishing, refer to Agent Durham instead of Russell Herman for protection of Herman. He knew all about the asset and its use and was actually a party to the use thereof. He further gave a bit of misinformation to divert the hounds of Hell from our backsides.

It is interesting that already the Treasury Department had offered \$250 M. to “make the thing go away”. My team didn’t have authority under those specific circumstances at the time to make such a choice so it didn’t fly in consideration.

I will tell you this much and that is VK Durham offered the asset to CHINA for some \$500 M. She simply offers now some reflections of her own attempts and exaggerates them out of all possible proportions.

We took the asset and put a cap on it and further limit it by the gold available to jointly collateralize its value. You see, I am truly not such a bad party. You need BIG but authentic solutions for your now impossible nightmare problems.

It is not sufficient to simply say we are from Anchara or even Pleiades and are going to snatch you to RAPTURE! RAPTURE AS YOU PERCEIVE IT WILL NOT HAPPEN! There are no mythical “saviors” to snatch you to anywhere but I guarantee you will ascend upon departure of your body—dead or alive. How far you “ascend” is the only question of appropriate “altitude”.

Your real “enemies” of sovereign life play on your foolish aptitude to snatch up any solution called “free lunch”, “do nothing” or “religious dogma”. They laugh all the way to their banks, especially those opiate-serving religions.

Back to Col. Al Martin. I want to protect him for he certainly tried to dissuade my friends from further discourse or discussion on the topic of Hatonn with him on his telephone line.

He finally gave Rick (Martin) the full fear factor thrust of the following: Consider that “that person” is on the 128th floor of a building and you think you want to get there also. You haven’t even made it to the parking lot, old buddy. That party is so out of reach that you are laughable in your attempt at contact. Oh, Ok. The tale went further in that if you make it inside the building and board an elevator to the top you will be DEAD before the 80th floor.

Oh my, I said, someone doesn’t understand: YOU ARE ALREADY ON THE 128TH FLOOR “WITH” ME!

Is the above a paraphrase? No, almost verbatim.

Our “Bonus 3392-181” program is valid, real, established and registered as to holder. All the “King’s” horses and men cannot “uncreate” it again. This certainly doesn’t mean that man will USE it wisely but IT IS and that’s a fact.

We have known it is necessary to carry the asset one step further and BACK IT WITH COMMODITY GOLD. So, we HAVE. Bring comfort to yourselves and read and study the backup information provided. You don’t have to go far—just to our own presentations, which can be checked backwards and forwards in courts of law and registration departments appropriate.

Now, when some “Duggah” or “Alfraido Cat” comes along and tells us what we will do with this program or asset and we are less than gracious—that party is a FRAUD! My goodness, it takes a bit of human time to turn about a world headed for Perdition

full steam ahead.

Why the Philippines?

BECAUSE THAT IS WHERE THE BACKUP IS PLACED AGAINST THIS DAY TO UTILIZE THIS ASSET. NO MORE; NO LESS. The very gold itself is marked with the Phoenix engraving stamp. What is no longer bearing the stamp has been very carefully melted, remolded and re-stamped. We do not care about the accusations or affronts, for one establishes and carries the other and it shall ultimately be accomplished. God has time but I suggest YOU do not have much more mortal time to dawdle, quibble, grab or even debate the matter of my identity or that of my staff. YOU HAD TO HAVE SOMETHING “BIG” TO DO THIS JOB AND THUS DO YOU HAVE SOMETHING “BIG”. Kill the messengers and kill the goose? Well now, wouldn’t that be about as bad a blunder as you are capable of making since your conception of “time” began?

Furthermore, do you see that all the prattling, rattling, insulting hash thrown at us and/or our program is naught but harassment and further “makes our case”?

Are those on my staff weary and impatient? Yes indeed, HOWEVER, others involved must blossom and make choices also. With THAT we deal every moment of every day.

Today in Manila is disaster happening. In addition to the problems and disasters already happening—there is Monsoon rain and flooding of gigantic proportion. This is incredibly terrible for the water is so polluted as to stagger the imaginings. Every virus and bacterium that has been spit upon the walks and into the garbage are now “wetted” and loosed upon the people. Moreover, more is on the way as the season is still only just begun.

Who will feed the people? Who will medicate the masses? Who will actually clean the storm drains now filled with garbage and rotting debris, even bodies? WHO? Well, it won’t be the World Health Organization and it certainly won’t be the unpaid WORKERS. The people will salvage the trash and the children will play deadly roulette in the floodwaters filling every intersection and low spot and produce MORE disease and all of the quibbling will become trivial relative to the efforts just to SURVIVE.

GOD has absolute and UNCONDITIONAL “MERCY” but the wonderment is that Man promises and promises to be good—and then lies, cheats and steals until the chips are again down and he has lost the hand. So, ask for your miracles, pray for your mercy, and then if you want results of positive measure: GET TO WORK!

Will we be offended if many, or all in the world, claim to have “Hatonn”? Nope, it makes not one iota of difference. When the time becomes appropriate and we choose to again share as we once did through the pre-school training, we shall do so—otherwise the games people play are not our business.

GOD GUARANTEES IMMORTAL LIFE—“YOU” DETERMINE HOW YOURS WILL COME TO BE. IF YOU WANT “SAVING” THEN YOU HAD BEST GET WORKING, FOR IF YOU ARE “SAVED” IT WILL BE BY YOUR OWN EFFORTS AND ACHIEVEMENT.

Is this a less than wondrous message today? Why would you ask? Is TRUTH too difficult for you to bear? Oh, and by the way, if you think “God wouldn’t say these things,” so be it, for it is your choice to believe anything you choose even if it is absurd and totally irrational in a “foolscap” game.

If people are “with us” and then turn against us in any manner, it is fine, readers, except for deliberate

damage and attempted damages intentionally perpetrated. We won’t, or can’t, judge another but only the obvious “intent” and focus. In every instance, however, the INTENT IS OBVIOUS and discernment is quite easily recognized. It doesn’t take a rocket scientist (as you like to say) to discern egotistical self-interests in almost any circumstance presented.

You might well retort that in the case of VK Durham (in singling out a specific topic), that we overdo defense retorts? No, we are validating a program and project and we have NOTHING to do with a VK Durham or her cohorts. She can do anything she chooses but it is not acceptable to destroy truth in her efforts for self-gain. And remember: ONE KNOWN DELIBERATE LIE AND ALL INFORMATION FROM THAT RESOURCE IS BOTH SUSPECT AND LIKELY FALSE. Even in your courts of injustice it is accepted that a witness can be disqualified in the face of even ONE perjured false statement or claim. George Green did that to himself over and over again until he was disqualified as a witness in ANY court. Ah but, many of you who dream on will believe anything presented right through that very resource. So be it and doubt every Hatonn for even GG claims me as well as his contact on that “other side”. How interesting to note that “first contact” is a stupid concept—I am already ON YOUR “SIDE” AND MY TEAM IS ALREADY ON THE 128TH FLOOR. So be it and may your day be as enlightening as is possible.

You settle for thistles when flowers and abundance are all about you. Why? It is the nature of the “Beast”, my students. You grab onto supposed “Gurus” because you do not want responsibility for your sovereign SELF. Do so, my friends, but be always prepared for the FALSE TEACHER (COHAN, GHOST OR ADVERSARY). Measure your “teacher” by the “teachings” and NOT THE MOUTH. WISDOM IS OF THE SOUL AND NOT THE BABBLING TONGUES OF WOULD-BE “POSTERS”.

Am I dismayed at those who are perhaps turned away by such abrupt TRUTH? NO! People plead for truth and recognize it for it is always evident, IS, and is backed by fact, not fancy. If you are offended then it is not my business as to your “feelings”, for I am offended that you perceive GOD to be some wimp at your bidding for those somethings-for-nothings. GOD IS PERFECTION IN CREATION AND, AS CREATOR—MISTAKES ARE YOURS, NOT GOD’S.

As to my own presentation? Well, it is not the amount of identifying repetition of good words that makes a difference—IT IS MY ENERGY IN PRESENTATION and whether or not I bear light—not what I say about it. Do I bear TRUTH? That is “the” measure, students: DO I BEAR TRUTH? If so, then we work our fannies off making it SO.

Walk tall, students of life and truth, for you are the PERFECT creation and how you use that perfection is solely up to you.

I AM, I AM WITHIN THE LIGHT (as are you even if you can’t see it) AND THE JOURNEY IS YOURS TO BE EXPERIENCED AS YOU CHOOSE. Therefore, I can only suggest you choose carefully in every opportunity presented.

Yes, I did need to make this statement this morning because the distractions and distracters pile upon one another on the way to the goal.

THE SOUL YOU SAVE CAN ONLY BE YOUR OWN!

DISASTERS IN PHILIPPINES

We are caused to look with sadness at what is taking place day by day as natural disasters of flooding and typhoons further cause great pain and suffering to the people of this wondrous place. All is politics and the games NEVER cease. All we can do is to remind you that God will NOT stop natural flow of planetary cycles because people use the drainage canals for garbage and sewage disposal and the dams are built in corruption and end up so poorly constructed as to break in any sustained rains. The entire metro areas are FLOODED and billions of dollars are cost in the disasters that always follow and that does not even mention disease which will now be rampantly out of control.

Furthermore, if people will not use that which GOD brings as solutions, so be it. You earn that which you receive every day in every way, be it good or evil.

Since the focus in this time of hardship is falling into distracters and political dis-, mis-information as to causes and players in the political morass, we will give you a reminder of one specific focus that might shed more light on the CURRENT disposition of ongoing battles and fisty-cuffs.

There is a major scam in the uncovering stages that is focusing on former president Fidel Ramos. We make no further proclamations as to guilt or innocence but do suggest that all of you consider some possibilities as it now again confronts the "people" as to the status of President Erap Estrada. And, oh yes, he still IS the President, constitutionally, like it or not.

How did the terrible political circumvention of all Rule of Law and *Constitution* take place in the first place? Read on, please.

Erap Estrada—as you follow our presentations, you must realize—won by the largest majority of any president in history. Part of that was because Imelda Marcos, who was also running for the position, dropped out of the race and asked her supporters to support Erap. Ah BUT, even before the blood dried Fidel Ramos had received his marching orders from WASHINGTON, D.C. to get Erap OUT. And, no, this is not tattle-time, this is factual information handed down from the political powers as you recall that Ramos is an American-CIA ASSET along with being educated at West Point. He was also THE MOST CONNECTED ONE PARTY to Ferdinand Marcos during the Marcos era. HOWEVER, he, in the overthrow of Marcos, turned betrayer and traitor to Marcos and is the responsible party in conjunction with U.S. operations, to bring down Marcos. This is a most Treasonist act under any consideration and the games continued right through the overthrow of Erap Estrada.

Ramos, also through the Carlyle Group position, was the most powerful one party in Southeast Asia and served that Business Directing Group alongside George H.W. Bush. Ramos has since stepped out of the limelight position but HAS NOT GONE AWAY, you

who think such a power-break. He is now playing hardball in the "China" game.

With us it is neither here nor there except for journalistic notice for we have no political intentions in any way but "ignorance" is not bliss in the face of dying FREEDOM.

I would again ask that we present the article from *SPOTLIGHT* (now *American Free Press*) from June 22, 1998 relative to the election in the Philippines in 1998. We have offered it at least six times prior to now and it has been missed in importance in every instance. So, one more go and perhaps someone will pay attention to the political power in play here and now.

[QUOTING:]

DANGER LOOMS IN PHILIPPINES

By Paul Motier, Journalist

A power play in the Philippines could lead to a U.S.-backed dictatorship.

MANILA, Philippines—In a stunning move that shocked the nation, outgoing Philippine President Fidel Ramos fired Solicitor General Romeo de la Cruz just two weeks before the inauguration of populist President-elect Jose Erap Estrada. **[H: all of this can be easily checked-out by anyone curious enough to do so. Our people didn't "bumble" into the Philippines until August of that year to a new president in office and total confusion even at that juncture but of no particular interest to any or our people. Furthermore, to clear the issue at all intersections it is KNOWN that our program was offered PERSONALLY to all of the people involved, INCLUDING SEVERAL TO FIDEL RAMOS WHERE WE "KNOW" HE WAS GIVEN BY HAND SETS OF DOCUMENTS. Therefore, this is not some vendetta or ill-purpose afoot as we are asked to again comment on this issue as presented BEFORE as journalistic interest.]**

The unprecedented move was in retaliation to a 34-page report which de la Cruz had filed with the Philippine Supreme Court stating that there was no evidence to back up the conviction and 12-year jail sentence of former first lady Imelda Romualdez Marcos. The charge: She had illegally built a hospital with non-government funds. **[H: !!!]**

De la Cruz urged the top court to reverse the conviction which everyone in the Philippines knows was made by a politicized court under the influence of Ramos and his revolutionary predecessor, Corazon C. Aquino. **[H: Twin soul-mate of Ramos, no less.]**

What so infuriated Ramos was that he had appointed de la Cruz as solicitor general and saw the report as "high treason".

Ramos is himself a master traitor who has in his lifetime betrayed his cousin and benefactor, Ferdinand Marcos, in 1986 in his capacity as a CIA asset and informer. He has betrayed the legal government he was sworn to uphold and betrayed the Philippine people by helping to steal the 1986 election.

He has betrayed his wife by supporting a mistress in lavish style at taxpayers' expense.

Ramos apparently never imagined that de la Cruz would do his job honestly.

Under the unconstitutional and unlawful Aquino and Ramos regimes of the last 12 years, the unforeseen appearance of an honest and courageous justice official

must have been traumatic indeed.

As soon as de la Cruz's Supreme Court report became known by the cabal that has been running the Philippines since it overthrew the Marcos government in 1986, Ramos got his marching orders by cabal spokesman STEVEN BOSWORTH, the U.S. State Department functionary who organized the kidnapping of the Marcos family into FORCED exile and detainment that year.

Bosworth was backed by U.S. federal Judge Manuel Real, the Lyndon Johnson-appointee known for his communist sympathies, his violent temper and tyrannical ways as well as having the dubious distinction of being the most overturned judge in American legal history.

Ramos, now a lame duck with no political future, was told to fire de la Cruz and to find a way TO OVERTURN THE ELECTION of the populist and popularly-elected Estrada.

CALAMITY FOR GLOBALISTS

The Estrada election was a calamity for the globalists and State Department Brahmins. Estrada was elected because former first lady Imelda Marcos withdrew from the presidential race and asked the 6 million-strong Marcos loyalists to support Estrada.

The swift move did not leave enough time for the Aquino-Ramos-State Department cabal to rig the election as they counted on the split Marcos-Estrada vote to have their own nominees elected.

The plutocrats frantically spent in excess of \$260 million to secure the elections for their flunkies. In this they received full logistical support from the State Department and various U.S. agencies such as the CIA under the direction of Bosworth and Real—the two predators who have relentlessly tried to steal the Marcos assets for the past 12 years. **[H: I suggest you seriously consider getting some of the books we have noticed, including that of Erick San Juan and now, GOLD WARRIORS by the Seagraves. I FURTHER SUGGEST YOU START GETTING YOUR SETS OF TANGLED WEBS (Phoenix Journals and please, Editors, add the resource information). There are some seven volumes to that set and every one extremely insightful and interesting. I believe that we have been told there are still MANY of those books yet in stock.]**

[The "Tangled Webs" series of the *Phoenix Journals* is available through Phoenix Source Distributors: 1-800-800-5565; PSD's new website is coming soon: <www.PhoenixSourceDistributors.com>. International orders may be placed through Phoenix Source Canada: 1-250-248-5591; <www.PhoenixSourceCanada.com>.]

It was a sign of great sophistication from the Philippine electorate that they were not bamboozled by the anti-Estrada by a landslide. Also elected with wide pluralities were Ferdinand Marcos Jr. (the son of the late president) as governor of the key Ilocos Norte province, Imee Marcos to Congress and all the Romualdez (relatives of Imelda) candidates to the offices they were seeking **[H: Ferdinand (Bong Bong) Marcos Jr. and Imee REMAIN re-elected in this most recent election; we don't know about the Romualdez relatives.]**

Estrada, a charismatic and popular candidate is known to be a populist of independent mind who is unswayed by plutocrat blandishments.

OVERTHROW ORDERED

Ramos has been instructed to take ALL STEPS TO OVERTHROW the Estrada presidency just as he and the seditious Enrile and Aquino overthrew the just-elected Marcos government in 1986.

Aquino had already made the threat to use "people power" to overthrow the Estrada government if Marcos is buried on July 11 in the Cemetery of Heroes, a burial to which he is entitled because for his heroic World War

II record. He fought the Japanese while the Aquinos served in the Japanese puppet government. **[H: No, readers, this is “correct” so don’t sniff and blow-out over what you don’t want to recognize.]**

“People power” was the catch word, which was coined by the MADISON AVENUE PUBLIC RELATIONS FIRMS in charge of destabilizing and overthrowing the Marcos government, and used by the media to justify the illegal coup against the legally-elected Marcos.

In fact, there was never any “people power” except in the scripts from MADISON AVENUE and their press hand-outs. The Filipino people were victims of a massive globalist power grab by violent means. **[H: AND CERTAINLY THEY CONTINUE TO BE WHIPPING IN THE WIND EVER SINCE WITH THESE “PEOPLE POWER” FRAUDS.]**

The plutocrat Aquino is once more calling on her communist allies headed by the rich Red boss Ma Sisson. It was Sisson who organized, with Ninoy Aquino, the Plaza Miranda bombing which massacred the entire political opposition to the Marcos government, thus leaving Aquino as the sole opposition leader.

Whether the Clinton administration will be able to contain the Bosworth-Michael Armacost-Real cabal and avoid yet another massive intrusion in the affairs of another sovereign country is still to be ascertained.

This time, “people power” may manifest itself by stopping the Aquino-Ramos efforts just as all the Aquino-Ramos candidates were defeated in the polls.

Should Estrada be assassinated, APPARENTLY WITH THE HOPE THAT VICE PRESIDENT ARROYO MACAPAGAL WOULD REPLACE HIM, political observers are certain civil war would erupt. The voters may have had enough of plutocratic intervention in Philippine affairs.

[END QUOTING AND KEEP IN MIND: JUNE 22, 1998.]

* * *

As you please RE-READ the above, I hope you will pay more attention THIS TIME.

It would certainly appear that the current President Gloria is in power through equally devious and criminal-treacherous activities. But, it also appears that her position is far less stable than she might hope as she is now at cross-odds with her benefactor, Ramos, while also at cross-odds with the U.S. Bush bunch and the Philippines is falling into the muck of outrageous misfortunes—laid RIGHT AT HER PERSONAL DOORSTEP. And no, we are not pushing or pulling or making any foolish incursion into any affairs of State—we have an ALLIANCE in association with assets presented BY LAW as a joint venture—nothing more but certainly nothing less. We are not in the business of “fighting” corruption in this place for that is a mandate for the PEOPLE, not us.

I suggest that we share this particular reminder article to our current “crew” and they can do with it as they may as we certainly give full permission to use the information/writing in any way they choose as long as it is presented IN FULL and with our disclaimers as to political involvement. WE ARE JOURNALISTS!

I also note that we are backing up much information now with our limited publication schedule. This is simply the way it must be in our interim “get recovered” phase. As we gain subscribers and hopefully get BACK some of our old readers who never even realized *Contact* remained in full publication, we can resume, at the least, our original schedule along with increased page quantities. That must remain as a business decision of which we are basically on the side-line. We remain totally dedicated to have all Journal proceeds turned back into the paper. At present, however, it is far short of any solution to the publication problems. We do have good staff willing to cover the desks at no expense to us and for that we are most grateful.

These are critical times in this place and yet you can see that that which we presented regarding the

Fernando Poe position is now in reference as consideration of election fraud excluded him from his rightful election to the Presidency. HOWEVER, already the plan is to bring back into play the stupid nonsense of his possibly being a “foreign citizen” and disqualified. That is worse than political interference, it is threat and JUDICIAL INDISCRETION in every way imagined.

How can you have freedom and order with the corrupted Judicial System as established from the very TOP down? Obviously, you CAN’T.

I would leave this now for we have many other things to attend today that have nothing to do with this particular topic.

Are things better in the U.S. of A.? Of course not and note that, with the fall of such as the U.S. hanging dangerously closer, that is going to be a far greater fall than in the Philippines. Much will soon begin to show up about CHINA—count on it!

Thank you,

Injustice Of Poverty Under Political Psychos

In the following articles, Alan Pagua (who readers may recall forfeited his privilege of practicing law in the Philippines in order to remain true to his principles), famous for his “Rule of Law” series in the TRIBUNE, continues to expose the corruption of justice at the expense of the Filipino people.

We once again credit and give thanks to the TRIBUNE for allowing us to share this series of articles and to Alan Pagua for “keepin’ on keepin’ on”.

Readers in countries more fortunate than the Philippines should pay particular attention to the lessons being learned “over there” because foreclosure might not feel too different in Western countries, when the time comes. Moreover, we realize that as the Filipinos suffer, we all suffer.

When, oh when will one or the other of the factions involved politically come to see that it is only a matter of USING that which has been provided in the form of the GAIA-FDN Program? Until that realization sinks in, there is, most unfortunately, more suffering to endure.

ENEMIES OF THE FILIPINO PEOPLE

The Daily TRIBUNE, 8/27/04

By Alan F. Pagua

Who are the enemies of the Filipino people? Those who obstruct, directly or indirectly, the satisfaction of the Filipino people’s basic needs and wants.

Who are those obstructionists? Certain leaders of the administration, big business and the church.

Why do they do that? To protect their selfish or sectoral interests, regardless of any consequent prejudice to the Filipino people.

How do they do it? By taking selfish control of the: (1) government; (2) big business and (3) the church.

Controlling the government in that sense means controlling the: (a) law-making process to make the laws more favorable to the rich families rather than the poor who constitute the majority of the Filipino people; (b) law enforcement process to enforce the law in a way more favorable to those with political connections than those without; and (c) adjudication of judicial controversies to ensure those who have more in life will also have more in law, and those who have less in life will also have less in law.

A good example of a law that is anti-Filipino people is the oil deregulation law. Instead of lowering

the price of oil, it has resulted in the continuing increase of oil prices, which triggers the continuing increase in prices of basic commodities and services.

Consequently, the law increased the economic burden of the Filipino people and, conversely, increased the profits of the rich families who control the oil industry in our country.

The legislators who authored and approved the law had obviously acted, directly by legislation and indirectly by necessary implication, to obstruct the satisfaction of the Filipino people’s basic need to live under comfortable economic conditions.

Instead of regulating the oil industry in the exercise of the police power of the State in favor of the Filipino people, the concerned senators and congressmen did the opposite. The Chief Executive who approved the law is also accountable.

The enforcement of the oil deregulation law is also a good example of law enforcement that is more favorable to those with political connections than those without. The implementation of the law favors the rich families who benefit from it with greater profits, and who obviously have political connections with those charged with the administration of the law.

The enforcement of the law, on the other hand, is clearly unfavorable to the politically disconnected majority of the Filipino people whose tight daily budget becomes even tighter.

It is generally known that the *masa* or those who have less of the needed material things in life were the ones who had elected Joseph “Erap” Estrada as president in 1998. What did the obstructionists do to them? They gave the *masa* less in law.

Instead of deciding *Estrada vs Arroyo* in favor of Erap in accordance with the *Constitution* and the *Code of Judicial Conduct*, the obstructionists shamelessly showed their political partisanship by deciding the case in favor of Mrs. Arroyo.

The administration, by imposing more taxes, will deprive the Filipino people all the more of the ability to cope with the skyrocketing prices of basic goods and services.

Big business is doing no less damage by continually increasing the margin of its profits at the expense of the poor majority of the Filipino people.

Instead of helping minimize the economic burden of the *masa*, big business is doing the opposite. Instead of serving the people, it is selfishly serving its personal self to the hilt.

The church does not seem to be much different. Except for the standard dole-outs to the poorest of the

poor and the standard religious and social services, the church continually collects cash or donations in kind from the Filipino people, including donations in coins from the poorest of the poorest. No one is exempted from giving donations. Even alms earned by the beggars are welcome. Service for the upliftment of the human spirit are paid for with so called "voluntary" donations. For baptismal, wedding, or blessing services, collection of corresponding fees is the general rule, not the exception. And these collections are done daily. How much do they amount to at the end of the day, week, month, or year? Only God knows with absolute certainty.

But one thing is reasonably certain. The total amount constitutes a big percentage of the Filipino people's hard earnings. Otherwise, it would not have been possible for the church leaders to: (1) undertake the construction of their buildings and worship facilities; (2) purchase equipments; and (3) finance the operation of their temples, seminaries, convents and similar conduits.

We ask: Where do the collected funds go? Are they used for the benefit of the Filipino people or are they used for some other purpose? If they are not used for the benefit of the Filipino people, or to the extent that they are not used for the benefit of the Filipino people, should that not be considered wrong, or anti-Filipino people, considering the majority of our people are indisputably living under extreme poverty?

It would seem easy to identify the enemies of the Filipino people during war. The demarcation line is clear. Those shooting from the other side are the enemies. But in peace, the demarcation line is not clear. The Filipino people get squeezed or liquidated from both sides by people who wear both Filipino and non-Filipino faces.

Therefore, the first thing the Filipino people must do in order to survive with decency is to identify clearly who their true enemies are. After that, their history of true liberation should begin.

DELIVER US FROM EVIL

The Daily TRIBUNE, 8/30/04

By Alan F. Paguia

What is evil for the Filipino people? Any act or omission that obstructs, directly or indirectly, the satisfaction of their basic needs and wants.

An act refers to performance or doing, while omission refers to non-performance or not doing.

To obstruct means to stop, impede or defeat.

Direct obstruction means immediate action to stop, impede or defeat. Indirect obstruction means non-immediate action which results effectively to stop, impede or defeat.

Satisfaction means consumption of sufficient quantity and quality of the object of a particular need or want.

Need means everything without which the human person cannot survive with dignity. It refers to food, clothing, shelter, education, health, livelihood and similar matters.

Want means anything without which the human person can survive with dignity, but is desired to improve one's quality of life.

What are the three main sources of evil for the Filipino people?

The: (1) administration, (2) big business, and (3) the church.

Is it absolutely necessary for us to discuss in detail the evils caused the Filipino people by these three entities in order to arrive at a conclusion?

No, provided the conclusion is clearly reasonable.

What should be the bottom line of all such discussions?

The satisfaction of the basic needs and wants of, at least, the majority of the Filipino people. If there is such satisfaction, regardless of the details, the entity ought to feel guiltless with respect to the Filipino people. Otherwise, the entity ought to feel guilty.

Let us take the case of Mrs. Gloria Arroyo's administration. After it had unconstitutionally grabbed the presidential powers of President Joseph "Erap" Estrada during Edsa II on Jan. 20, 2001, have she and her co-conspirators satisfied the basic needs and wants of the Filipino people? No, they have not. Worse, they appear to have aggravated the suffering of the people by violating the *Constitution* and the rule of law. The administration has been collecting monstrous direct and indirect taxes as well as other fees from the Filipino people, and yet, instead of reducing the suffering of the impoverished Filipinos, the administration has accomplished the opposite.

The Arroyo administration should, therefore, feel guilty with respect to the Filipino people.

How about big business? Big business has been publicly admitting hundreds of millions, or billions, of net profits from their operations here in the Philippines. Who gave those fantastic profits? The Filipino people. What did the Filipino people get in return? Goods and services which they had already paid for in addition to the profits they had given the big business entities. And what do the Filipino people get in return for the generous profits they have afforded the big business entities? Nothing. Whatever the Filipino people have received from big business has all been factored into the prices of the commodities and services sold. Even the taxes imposed by law on the sellers appear to have been passed on to the buying Filipino public. Big business, instead of helping reduce the economic burden of the Filipino people, appears—like the Arroyo administration—to be doing the opposite.

How about the church? There are so many churches in the Philippines. They range from small to global, from break-even to super surplus finances. Collections are done generally from one religious service to another, several times daily—and tax-free. How much are the total collections? It must be in the hundreds of millions, or billions, of pesos just like the reported annual net profits of the big business entities. In a very real sense, it would appear the church itself is big business too. But there is, at least, one big difference. Big business makes no pretension of being moral.

Where do the church collections come from? Our country. From whom? The Filipino people. Would it be too much to ask what the Filipino people get in return for their church contributions and payment of fees for religious services? It would not seem they get anything in return. After all, the church cannot deny their moral obligation to be truthful to the Filipino people. So, what do the Filipino people get in return for all the wealth they give the church? Obviously, the religious and other services or goods are well covered by the corresponding fees and contributions. That would partially answer the question. How about the balance, gain or profits? Now, this is difficult to answer. The numbers are not published or reported. They are somewhat like a secret only those in the church hierarchy are privileged to know. In short, the Filipino people are kept ignorant about it. What do the Filipino people get in return for the wealth they give by way of church profits? Nothing. Worse, raising the question might even be taken as sacrilegious or

blasphemous by some church leaders. But the Filipino people have the right to know. Times are hard. They need to know who are with them or against them. From the way things appear, the church, instead of reducing its surplus collections or profits to help ease the economic burden of the Filipino people, appears—like the administration and big business—to be doing the opposite.

The church should, therefore, feel guilty with respect to the Filipino people.

The wealth collected by the administration, big business and the church is part of the wealth of the Filipino people. If majority of the Filipino people are living under extreme impoverished conditions, the collection or accumulation of more wealth by the administration, big business and the church would constitute a clear and present evil for the Filipino people.

It the act is evil, the actor must be evil.

If we pray for deliverance from evil, we must keep in mind and in our hearts that Almighty God helps those who help themselves, not those who do not.

Therefore, the Filipino people must first help themselves before they can expect help from anybody else.

THE INJUSTICE OF POVERTY

The Daily TRIBUNE, 9/3/04

By Alan F. Paguia

The poverty of the majority of the Filipino people may be viewed either as cause or effect.

The first view appears to be the more popular. More people tend to discuss poverty as the cause of a host of other problems. Thus, the commission of crimes and non-compliance with legal norms are commonly attributed to poverty.

The average citizen and the leaders of government ordinarily blame poverty for widespread prostitution among males and females, in-betweens, as well as many children in our society. They blame poverty for our people's inability to find gainful employment in our country, and for our people's inability to cope with the continuing increase of already high prices of basic goods and services. They blame poverty for our people's inability to help themselves.

Is there anything wrong with the first view? Yes. It sidesteps the cause of the people's general poverty. It affords undeserved cover for those who ought to be held liable for the problem. This is the reason those who are guilty prefer to address poverty as a cause, not as effect.

The second view is, therefore, the more accurate and realistic view. It leads to the solution of the problem. Obviously, without understanding the cause of the problem, a responsive solution would be impossible to formulate. This is the reason the Filipino people's mass poverty has remained unsolved. The average citizens are deliberately misled into thinking more of their poverty as cause by their guilty leaders who are fearful of being exposed as the efficient cause of the people's extreme poverty.

Take the case of the Arroyo administration leaders.

They blame poverty for our people's mass exodus to other countries to look for gainful employment. They blame poverty for our people's inability to afford quality education for our children. They blame poverty for our people's inability to cope with the continuing rise of the costs of electricity, water, transportation, health care and other essential commodities. They blame poverty for our people's

World News Insights

In this issue we are going to focus on a story that came into focus only partially and briefly in the mainstream media and is certainly deserving of more attention: the "Franklin Affair", also widely reported as "Israeli Spy in the Pentagon".

As we will see in the first two articles reviewed, both from the Israeli paper, Haaretz, it really is no "big deal". After all, Israel and the U.S. have a "very close" relationship, and what are a few shared secrets, now not so secret, between such good friends? This is pure chutzpah because it is obvious the same reaction would not result from the discovery of any other nation's spy handing over classified Pentagon files.

As close as Israel and the neocons in the U.S. are, you really have to ask yourself how an Israeli spy could be "outed" in the first place, don't you? It seems there just might be some good guys at work in the intelligence services of the U.S. after all. Perhaps some of them have grown more than a little tired of watching American kids dying in the killing fields and streets of places like Afghanistan and Iraq, only to advance the neocon (Zionist by any other name) agenda.

ANALYSIS: THE FRANKLIN AFFAIR WILL DAMAGE ISRAEL'S IMAGE

Haaretz, 8/29/04

By Aluf Benn

... The Franklin affair has all the ingredients of a conspiracy theory, implying that Israel manipulated the Bush administration to further its own interests and dragged America into a superfluous war on Iraq through a group of "neo-conservative" Jews at the top of the Pentagon, and with the power of enchantment AIPAC casts over Capitol Hill.

Those who want to bash Israel [or anyone interested in the truth of the matter] will use Franklin's investigation and his ties to Israel and its supporters as proof of their arguments.

... AIPAC, which always takes pains to portray itself as an American organization that works for American interests and does not take instructions from Jerusalem, might suffer the hardest blow. [Any truly American organization would not have to take such "great pains" to disavow foreign control.]

... According to the Israeli version [which is bound to be "unbiased", right?], Franklin's working relations with Israeli diplomats did not exceed the acceptable ties with many other officials in the administration and in other states [whatever "acceptable" means from an Israeli perspective]. He did not play a covert role [sic: ridiculous] and the meetings with him were in the sphere of practical diplomacy and exchanging information and evaluations. ["Exchanging information", that's all it was; and not spying?]

... Israel's representatives in Washington get quite a few briefings on formulating policy regarding the Middle East in talks with their contact people in the administration. Israeli officials who meet foreign diplomats or journalists also give them material originating in classified documents and inside consultations and nobody suspects them of espionage.

Israeli sources assume Franklin fell victim to power struggles in the Pentagon, between the professional level and the political appointments of the "neocons". The probe against him and its leaking were intended to weaken the political group,

whose image was already tainted by the entanglement in Iraq.

... Sources in the bureaus of the prime minister and defense and foreign ministers said that after the publication they conducted an extensive internal examination, which completely refuted any espionage allegations. [Can you say, "Kol Nidre"? How about chutzpah:]

"Israel is not aware of having received information from this man," a Jerusalem source said. "Nobody used him, people hardly knew him, and we don't understand this fantasy," another source said. "Since the Pollard affair, no intelligence man would dare think of gathering information in the U.S." ...

FOCUS: THE 'DUAL LOYALTY' SLUR RETURNS TO HAUNT U.S. JEWS

Haaretz, 8/29/04

By Nathan Guttman

... It breathes new life into the assertion that Israeli and not American interests led to the war in Iraq. It revives the old charge that Israel is not an ally but a treacherous country, and the old saw that American Jews have a "divided loyalty" problem in their preference for Israeli over American interests.

A major Jewish figure said Saturday he felt positively relieved when he learned that Larry Franklin, the suspect in the case, is not actually Jewish. [Amazing. It's kind of the opposite of when Madeleine Albright suddenly discovered her Jewish heritage, or Mr. Kerry (Kohn) discovered his. Mr. Franklin, suddenly, isn't Jewish. He's an Israeli who just likes to work for Zionists? Uh, OK.] At least the charge that Jews in key positions are not sufficiently loyal won't stand up in this case.

The dramatic report by CBS said "the case raises further concern among investigators—"did Israel use the data analyst [Franklin] to influence U.S. policy on the war in Iraq." That simple statement points to one of the biggest difficulties the Jewish community has been contending with in the past two years.

... Another Jewish figure said over the weekend that the manner in which the affair was brought to light and the contexts added to it, particularly regarding Israel's involvement in policy on Iraq, show a mindset similar to that of politicians who tried to present the war as a Jewish-Israeli conspiracy.

Up to now it hasn't been hard to condemn and isolate those who espoused the conspiracy theory about Israel's role in sending American troops into battle, but the FBI investigation now makes matters much more difficult. Even if the case ultimately boils down to an administrative matter of unauthorized transfer of classified information culminating in a reprimand [that's not spying?], the public damage has been done.

When the next person gets up and tries to claim that Israeli interests are dictating American foreign policy, American Jewish community leaders won't be able to settle for charging **groundless** anti-Semitism. They will instead be called on to provide an explanation as to what representatives of the pro-Israel lobby were doing in Franklin's office, an office that dealt, among other things, with formulating the plans for the war in Iraq.

... AIPAC has succeeded in establishing itself as a power broker in America's capital, a source of pride for the Jewish community and one of the leading

inability to give more financial support, by way of taxes, to the government. And yet, while recognizing the poverty of our people, the Arroyo administration callously tries to solve the problem by accumulating more loans amounting to billions of pesos that effectively puts the Filipino people into greater indebtedness and deeper poverty. Worse, the Arroyo administration appears to think the Filipino people ought to be grateful for it.

How about big business leaders? They blame poverty, too, for our people's inability to live decently with the rising prices of basic goods and services which big business sells. They blame the poverty of our people for any decrease in big business profits.

Does big business help solve the problem of mass poverty? It would not seem so. The goods and services big business sells are all duly paid for by the Filipino consumers. In addition, the Filipino people pay for the big business profits. The employment generated by big business operations are also paid for by the Filipino people. The cost of employees' salaries and benefits are factored in as operating or production cost into the prices of the goods and services sold. In sum, the Filipino people pay for the full cost of big business products, pay more for big business profits and get blamed for any decrease in margin of profits.

Like the Arroyo administration, big business leaders effectively put the Filipino people into more indebtedness and worsening poverty, and expect the Filipino people to be thankful for the products the latter have more than fully paid for.

How about the church leaders? They are generally not different from the Arroyo administration and the big business leaders. They also derive their livelihood from the generosity and credulity of many of our people. They collect much money from the Filipino people on a regular basis, but they give back very little in return in terms of economic benefits.

In other words, the religious services turn out to be very expensive or overpriced. Surely, spiritual food, while important, cannot be considered as a substitute for physical food. Spiritual food cannot nourish a hungry body. Even Jesus Christ recognized the need to produce physical fish and bread to address the physical need of hungry people.

The money regularly lost by the Arroyo administration from graft and corruption is paid for by the Filipino people. In a very real sense, that money represents the profits derived by administration crooks from public office.

In that sense, the Arroyo administration would appear similar to big business. The leaders earn big profits. And the same thing can be said with equal applicability to the church that earns big profits, too.

The question is: How much administration profits, big business profits and church profits are collected daily, weekly, monthly, quarterly and annually from the impoverished majority of the Filipino people? In billions of pesos or dollars? When will this bleeding stop?

The menacing poverty of the Filipino people cannot be solved by treating it as a cause. The solution lies in treating it as an effect. Mass poverty is the effect of betrayal of public trust. To find the solution, the specific acts of betrayal must be identified. So must the identity of the perpetrators be established.

That accomplished, justice ought to be done regardless of the consequences. Otherwise, justice would die in the hearts and minds of our people.

organizations in policy, fund raising and community action. If Jonathan Pollard was a lone operative who was easy to eschew, nobody can, nor wants to shun AIPAC.

ISRAEL-PENTAGON LINK CONFIRMED

The Australian, 8/31/04
Karin Laub in Jerusalem

Officials today confirmed a senior Israeli diplomat in Washington met several times with a Pentagon analyst being investigated by the FBI on suspicion he passed classified information on Iran to Israel.

But Israel's foreign minister—denying allegations of espionage—said **such meetings were commonplace and the two governments routinely shared secrets.**

"Israel and the United States have intimate ties ... and the information being exchanged is much more classified than any conversation that may have taken place," Silvan Shalom said at a joint news conference with his German counterpart, Joschka Fischer.

U.S. officials have said the FBI investigation is focussing on Lawrence Franklin, an analyst of Iranian affairs, who works in a Pentagon policy office headed by Douglas Feith, the undersecretary for policy.

The Israeli diplomat has been identified as Naor Gilon, head of the political department at Israel's embassy in Washington and a specialist on nuclear weapons proliferation.

Israel has said Iran and its nuclear ambitions pose the greatest threat to the Jewish state. [*Perhaps it is that Israel's hundreds of nukes pose a threat to the region?*]

... Mark Zell, a dual Israeli-American citizen and a former Feith law partner, suggested the leak about the FBI probe was part of an effort to discredit top officials in the U.S. defence department.

"The pattern is that certain elements in the military and intelligence have a difficult time with the Pentagon leadership," said Mr Zell, who is based in Jerusalem.

Israeli cabinet minister Natan Sharansky has said he believes the allegations might stem from an internal conflict between the Pentagon and the CIA. ...

THE AXIS OF TREASON

By Justin Raimondo
8/30/04

The death agony of the neoconservatives is going to be a prolonged and quite ugly procedure, painful not only for them but for the entire country—which will learn, to its chagrin and growing anger, how and by whom they were lied into war. It started late Friday, when Lesley Stahl of *CBS News* reported that the FBI has "solid evidence" that a spy, embedded in the top echelons of the Pentagon's civilian leadership, handed over classified documents, including the draft of a presidential directive on U.S. policy toward Iran, to Israel. Such an investigation would have been politically explosive in any case, but add to this the news that Franklin had passed the documents to Tel Aviv via AIPAC, the American Israeli Public Affairs Committee, one of the most powerful lobbies in Washington, and the result is political dynamite.

Within hours the story had grown from focusing on a single individual, Lawrence Franklin, described as a "mid-level desk officer", to include **an entire nest of spies ensconced in the top echelons of the Pentagon**, centered around the office of Douglas Feith, the Director of Policy:

"An FBI probe into the handling of highly classified material by Pentagon civilians is broader than

previously reported, and goes well beyond allegations that a single mid-level analyst gave a top-secret Iran policy document to Israel, three sources familiar with the investigation said Saturday.

... This *Knight-Ridder* report, by Warren Strobel, went on to note that "the linkage, if any, between the two leak investigations, remains unclear." But it couldn't be clearer to those of us who have been following the various scandals that have recently rocked the national security bureaucracy—Chalabigate, the outing of CIA agent Valerie Plame, the Niger uranium forgeries, and now the Franklin affair. They all involve the same cast of neoconservative characters: the inhabitants of the "policy shop" presided over by Feith, including the infamous Office of Special Plans—otherwise known as the Lie Factory—which produced a steady supply of utter falsehoods to justify the rush to war. Former CIA analyst Larry Johnson, commenting on *MSNBC*, said his sources were telling him that the Franklin affair is also connected to the Niger uranium forgery investigation. As I wrote a couple of months ago:

"The other day FBI agents paid a visit to the Pentagon, and subjected several top neocons to lie-detector tests. They wanted to know where neocon protégé (and Iranian spy) Ahmed Chalabi got his hot little hands on highly valued U.S. secrets. But what I want to know is this: How many different teams of investigators have to go through the same desks? Why not consolidate all these ongoing investigations—*l'affaire* Plame, the Niger uranium forgeries, Chalabigate, and the Abu Ghraib war crimes—into one big investigation? We can call it Neocon-gate."

... [U]nconditional support to Israel has always been a central tenet of neoconservative foreign policy doctrine, and never more so than today. Feith was a co-author, along with several prominent neocons, of "A Clean Break", a 1996 policy paper written for then Israeli Prime Minister Benjamin Netanyahu that proposed the elimination of Saddam Hussein as a primary goal: Baghdad was depicted as the gateway to Damascus, a byway on the road to Tehran.

... Israeli agents are swarming over Kurdistan, fomenting rebellion, and threatening Iran. **The old Zionist dream of extending Israel's hegemony from the Nile to the Euphrates suddenly seems close to realization.**

... Now that we have uncovered a pro-Israeli cabal engaged in espionage operating at the very highest levels of the U.S. government, does it all seem so improbable? The whole story is told in my short book, *The Terror Enigma: 9/11 and the Israeli Connection*, which presciently concludes as follows:

"This burgeoning scandal underscores why the two-sided Manichean view promoted by George W. Bush in his 'war on terrorism' is fundamentally false. 'You're either with us,' he intoned, 'or against us.' But what about the Israelis? When they were shadowing the hijackers and learning their secrets, were they with us—or against us?"

... At this point we are lacking some essential information, including the identities of the "two or three" AIPAC employees involved. How far up in the organization did knowledge of these illegal activities go? What else have the feds got on AIPAC—after an extensive investigation, including electronic surveillance, ongoing for over two years?

We don't know the answers to these questions. But I do know that if this had been an Islamic or Arab group, they would have been shut down, their assets impounded, and their headquarters bolted shut. Will something even approaching that happen to AIPAC?

... When the American people find out what is going on, God help the neocons, because they are going to need it. The arrest and trial of Israel's fifth column

in the Pentagon is going to unleash a lot of anger, because it is going to make Americans understand the nature and extent of the treason that entrapped them in Iraq. The very word "neocon" will become a synonym for treason, like Quisling. Moreover, the complexity of this war that we found ourselves in, as the smoke from the World Trade Center and the Pentagon began to clear, will perhaps begin to dawn on us.

... The axis of treason is fighting for its life, but the usual tactics—fear, smear, and obfuscation—may not be enough.

BONDS FOR ISRAEL—CATCH THE FEVER

<www.NoMoreFakeNews.com>, 8/22/04
By Jon Rappaport

An interesting website called STATE OF ISRAEL BONDS, CANADA, keeps track of large purchases of bonds being floated by the government of Israel.

These bonds help finance the Israeli government.

... [G]overnments of states in the U.S. have come on board and are buying up the bonds in large chunks.

What does this mean? It means official and monetary support for the policies of Israel. Of course, the people of the U.S. states were not consulted about the purchases.

It also means these state governments are investing tax monies in, well, investments. Of course they are, you say. Naturally.

No, not naturally. State governments investing tax monies implies these governments are trying to make a profit. The last time I looked, governments were not (legally) in business to make profits. And if they are, where are the precise reports on the success or failure of their efforts? Because, if they're making large scores, they don't need to collect as many taxes from their citizens. [*See the Consolidated Annual Financial Reports (CAFRs) uncovered by Walter Burien.*]

... [N]ews releases will give you some idea of the scope of the effort by the Israeli government to work inside the U.S. to obtain \$\$\$ from state governments. It's a major, major push, and **I don't think it's too far off to assume that some of the agents Israel deploys in the U.S. are tasked with the job of making that money.**

You don't just get a state government to fork over big bucks for bonds. You need a good plan, you need lobbyists [*like AIPAC*], you need connections, you need people on the ground working as many levers as they can find. It's a full-time operation.

And since, again, buying those bonds is tantamount to giving full support to the policies of the state of Israel, we're not just talking about money. We're into a huge web of American assent on behalf of what the government of Israel is doing. No votes necessary.

... From the December 9, 2002, edition of the *Christian Science Monitor*—stats on what aid to Israel costs the US—a controversial assessment by [*Washington, DC economist*] Thomas Stauffer is cited:

"Since 1973, Israel has cost the United States about \$1.6 trillion."

... One of the largest sources of institutional investment capital in Israel is from U.S. pension funds through the purchase of Israeli government bonds...

[*Israel boasts that it has never defaulted on a loan. How could you ever default on a loan when every loan is both "forgivable" and forgiven by the United States Congress? Can you say, "Trillion Dollar Lie"? How does your gut feel?*]

NEVADA CORPORATIONS:

Invest In Corporations Not The Stock Market

Budget's "Tip of the Week" #6:

The Value of an Aged Corporate Shell or "Shelf" Corporation

While many stock-market investors have recently discovered the meaning of the word "risk", it's too bad they never learned to invest in Nevada shell corporations, which continue to appreciate in value.

An aged corporate shell—commonly referred to as a "shelf" corporation, an indication that it has not been used, only put "on the shelf"—will generally increase substantially in value over time. This is because there are those who can benefit greatly by the ability to instantly get into business and yet have the ability to say that the corporation has been in business for some time.

Generally, the value of an aged "shell" corporation is more than the amounts paid to keep it current, although there may be a significant difference between "bid" and "ask" due to the small size of the market. If you are the holder of such an aged corporation with no real activity in its history, you just might find that it has been a fair investment. The best way to sell such an entity is often by consignment, whereby the seller consents to pay a percentage of the sale price realized to a middleman (typically, a resident agent such as BCR) with good contacts in the market place. Unfortunately, many who have held such a gem of an investment have been taken advantage of by predatory middlemen, who typically offer only a few hundred dollars for a corporation that they turn around and sell for many thousands of dollars.

Some people acquire a number of newborn corporations specifically as an investment. If this sounds like something you would like to do, here are several steps you can take to maximize the value:

- Obtain an Employer Identification Number;
- Use nominee service so that there is no link to you personally;
- Open a no-interest bank account for the corporation;
- File "zero income" (non-activity) tax returns every year;
- DO NOT TRANSACT ANY BUSINESS WITH THE CORPORATION.

A shelf corporation maintained in this manner typically carries a premium of \$1,000 to \$1,500 PER YEAR OF AGE, in addition to the initial costs of setting it up. Even after annual maintenance costs (at least, through Budget Corporate Renewals) it is possible to have an annual gain of \$500 to \$1,000, making the incubation of shelf corporations a very rewarding enterprise!

"Are there miracles? Of course, but WHO constructs the miracle and why it is constructed is the MYSTERY."—GCH, Aug. 27, 2004
