# SATAN Grabs for Global Alliance

3/12/07 (20-208)

Mon., Mar. 12, 2007, Year 20, Day 208  
Manila, Philippines

It's enough to make one's heart skip a beat, even as we have skipped a beat in the publication of this newspaper. The "promised" February 28 "EXTRA!" issue could not be allowed to go to press and the scheduled issue of March 7 was unavoidably delayed by nothing less than the Phoenix literally coming out of its shell. We fully intend to resume bi-weekly publication as in the past and with only a little bit of support and encouragement that will be changed as this little News Review becomes that which it has always been intended to be: The Voice of the People in the Age of the People.

### AMAZING REVELATIONS

This issue is going to come as quite a shock to most readers. I ask only that you TURN UP THE WICK AND USE YOUR GOD-GIVEN DISCERNMENT to sort through the information provided herein and arrive at your own conclusions.

You will hear it said, if you haven't already, that mere publication of this issue constitutes somehow an "Ed Young" type of mutiny. Nothing could be further from the truth. On the contrary, to NOT publish this issue—to allow USURPERS to take over publication of this Journal of the Phoenix—would be to allow a SPECTRUM-type takeover. This issue is going to press despite every effort made to stop it, in order that you will be challenged to stand up and be counted—and we shall see clearly on which side of the Great Divide you stand.

The simple TRUTH is that I, Ronald Kirzinger, am the responsible party with regard to CONTACT newspaper in my capacities as the officers and boards of directors for CONTACT, INC. and PHOENIX SOURCE DISTRIBUTORS, INC. This issue is going out on "my" authority despite every effort to prevent you from having an opportunity to read it.

Before jumping into the outlay of what shall prove to be among the greatest revelations in the entire history of mankind, we're going to have to closely examine "current events", as boring as that may be. But I do not believe you will find it boring if you are at all interested in the outworking of the Divine Plan

because, believe it or not, THIS IS IT.

WE HAVE PASSED THE FINISH LINE AND IT IS A NEW WORLD ALREADY. THE PHOENIX IS OUT OF ITS SHELL AND YES, YOU HEARD IT HERE FIRST if you were not among those who have witnessed the PROOF. You might take notice of some very unusual events taking place in the World: a sudden convocation of international representatives in Iraq—involving IRAN, for goodness' sakes; Dick Cheney and the Neocons routed and on the run; a federal judge ruling to support Second Amendment rights in Washington, DC of all places; Mr. Putin visiting with the Pope; efforts to reunify the Catholic and Orthodox churches AFTER ONE THOUSAND YEARS of separation. Watch closely and you just might see the Hand of God at work in all of these strange and sudden changes.

The Lords of this World are subject to the Overlords and the Overlords are subject to the OVERMIND. That Overmind has decreed how it shall be and proven to "their" complete satisfaction that the Age of Man is OVER. There has been a POLE SHIFT in the sense that the POLARITY has been reversed. The orders have come and are coming

down the pyramid to allow for the Will of God to be manifest. This is the GOOD NEWS for which man has awaited but for some there shall be only weeping and the gnashing of teeth—and for others, there simply is no existence within permanent reality.

Are you surprised? Did you not see the cracks in the shell presaging this event? REJOICE, good readers, for GOD HAS RETURNED AND THE DIVINE PLAN IS BEING MANIFEST BEFORE YOUR VERY EYES! Your perspective on this wondrous news is going to be determined by where you stand—whether within or without the Gates of Heaven. And “you know who” (Saint PETER, in case you forgot, sillies, and yes, for “you who know”, that would be DHARMA) is the keeper of those pearly gates!

Who am “I” to speak of these things? Well, perhaps I am just a good chela, one who actually believed and had faith, one who understood and took to heart the need to become like a CHILD again and who TRUSTED our Divine Parents. ALL ARE INVITED but thus far, while many have been called, very few have CHOSEN. Let’s change that, shall we?

YOU ARE LIVING IN THE PARABLE. The marvelous thing is that you will play the role of your own choosing, from hero/heroine to bum/outcast. IT IS OVER. GOD HAS WON. All that remains is how and where YOU stand in the stage lights, the wondrous illumination of the PHOENIX RISEN. In the end, ALL IS LIGHT and those illusory shadows are VANISHED.

For now, however, we must come down to the Earth—a journey from the truly sublime back into the ridiculous, as it were, the world of shadowy illusion. “Sordid” is a word which springs from an incorrect perspective. It is ridiculous, indeed, for any man to think he can stand in the way of God’s Plan as some sort of would-be KING, as some are about to discover to far worse than their own mere chagrin.

#### FINAL ACT: OVERVIEW

Please do not view the contents of this issue as some sort of “he said ... but he said...” because even though there are as many truths as there are people, there is still only one truth. The more the issue can turn on “JUST THE FACTS, MA’AM”, the better. Go into this exercise in discernment well cautioned that emotional appeals are at best meaningless in the absence of factual underpinnings.

In this issue you are going to come across a jumble of information. In order to make it as cohesive as possible, I will try to present it in mostly chronological order, so you can follow the sequence of events as it unfolded. I have endeavored to avoid appealing to emotions. Nevertheless, there is no way to avoid expressing my PASSION for the Truth and at the same time it is not possible for me to present “my” observations of fact from anything but “my” perspective. And so, I can only ask that you bear with this presentation and try to follow it “as if” you are the observer of the events.

It should also be pointed out up front that I am working from a very disadvantaged position in putting together this issue. I have been put out on the street in a strange country, denied access to any source of funds, “terminated” (not really but the effect is very much the same), cut off from access to friends and business associates (who have been mightily LIED to about the very events presented herein), stripped of my working computer, corporate records, key files and very personal information, betrayed by key people calling themselves friends of God and myself—and told to return to Canada “if there is to be any chance of us working together”. EVERY DAMNED

EFFORT HAS BEEN AND IS BEING MADE TO STOP THIS ISSUE FROM REACHING YOU. The fact that you are reading this now, however, bears testament to the futility of trying to block God’s Purposes.

The sequence of events leading up to the current situation is laid out below:

1. EJ Ekker demanded that I publish the truly blasphemous writings from “Jonur”, which are purported to be messages transmitted on behalf of Commander Gyeorgos Ceres Hatonn, GCH and ATON, the One Light and Highest Energy in our Universe.
2. I categorically refused to participate in any such dissemination of blasphemy.
3. For my “insubordination”, it was made clear by Mr. Ekker that I would be put out on the street, cut off from any access to Global Alliance funds, and that every effort would be made to prevent my participation in anything involving “The Mission”.
4. At Board meetings of Global Alliance attended by Dr. Ronald S. Carlson and his wife, Dr. Melissa Yee, the foregoing issues were brought out and examined, resulting in two corporate resolutions intended to provide for my security and ensure continuation of the projects under my direction.
5. The first RESOLUTION was necessitated by Mr. Ekker’s categorical refusal—witnessed by the aforementioned Board meeting attendees—to so much as verbally assure that I would have a roof over my head to do my Mission-related work. It was RESOLVED that in order to provide me with a secure working environment and peace of mind, Global Alliance would provide me with accommodations comparable to those enjoyed by Mr. Ekker.
6. The second RESOLUTION was necessary because EJ Ekker has control over all of the funds of Global Alliance and because there was a need to ensure that \$100,000 allocated to fund the new “Internet TV station” and “Energized Water” projects would not be withdrawn, allowing me to develop those projects without financial uncertainty. It was RESOLVED that \$100,000 would be deposited to a Global Alliance account over which I would be the sole signatory.
7. Despite the foregoing resolutions (or maybe because of them) the personal relationship between EJ and myself became “frosty” at best.
8. Around this time I commented to EJ that he should have seen that publication of the Jonur blasphemy would have POISONED all of the REAL, TRUE GCH/ATON material which came before, effectively POISONING all of the beautiful work and efforts of Doris. His strongly negative reaction to my comments started a train of thought which has still not come to rest.
9. A one-bedroom condominium in the same building in which EJ resides was available and following discussions with the owner it was agreed that I would move in just as soon as a telephone line could be hooked up with high-speed Internet. Meanwhile, the owner would repaint the condo and repair some previous water damage. Signing of the lease and move-in was scheduled for Saturday, March 10 at 10:00 a.m.
10. On Monday, March 5, I was so uncomfortable living with EJ that I decided to pack some of my personal belongings and move to anywhere else for the few days until I could move in to my own space. That afternoon, as I approached the kitchen to fill up my coffee, I heard EJ telling Ludy, “... make sure he uses it all up.” It was a strange

comment and they both went silent as I came in the room. “Something” told me I wanted a fresh cup of coffee and “something” (perhaps only my own “paranoia” but perhaps something more meaningful—at this point I simply do not know) told me to keep that last cup of coffee and take it with me. I wrote up a note for EJ, handed it to him and left, checking into a nearby hotel.

11. At a Board Meeting of the Tallano Foundation held on Tuesday, March 6 Mr. Ekker declared that ALL of the funds which have gone into support and development of the Tallano Foundation have been his PERSONAL money. Now that I didn’t have to worry about being put out on the street for opposing EJ, I ensured that the record of the meeting also contained my EXCEPTION to that declaration. I have spoken with the other Board members and they do not believe that my behavior was at all “disruptive” (the word EJ used to describe this same event to ones on his email list).
12. Following the Board Meeting I went to the office of Erick San Juan. He was not there but staff put me through to him on the phone. He agreed to meet at my hotel and in our subsequent meeting I explained all of the foregoing to him. I DID NOT ACCUSE EJ EKKER OF ANYTHING; I merely laid out the facts as I see them. He said he wanted to go talk to EJ, to get his position on things, and he told me he would send someone to my room to get that last cup of coffee I had taken with me in order to have it tested. The next morning, Erick San Juan called and told me I should take the sample to a nearby clinic, on foot, but again, “something” told me this might not be the best way to handle things, so I told him I did not wish to leave my room. I have not heard from him since then.
13. On Friday, March 9 I called Lulu, the owner of the condo, and was informed by her that Mr. Ekker said I went back to Canada—and she went ahead and leased the condo to another party.
14. It has taken me a while to get set up for communications. I do not have access to my main, working computer and this is being done on my laptop, which, fortunately, I took with me when I left EJ’s condo. When I emailed EJ to ask what happened with regard to the condo, he said he sent me an email “several days” earlier. No such email was ever received by me.
15. As I sorted through over 180 emails, I discovered that EJ has been telling people that I have ACCUSED HIM OF POISONING Doris and intending to poison me. That’s a crime in this country, he says, and on that basis, he says, the corporate resolutions are “immaterial”, he says.
16. I have made a commitment to put out this issue of the newspaper despite every effort on the part of EJ Ekker to block it. Some emails from EJ Ekker are included elsewhere in this issue to show the lengths he is going to in his efforts, even to the extent of “terminating” me as a Director of Global Alliance! Co-equal directors CANNOT DO THAT, as he should certainly know.

With the foregoing outline, the articles which follow should help readers to sort out what is REALLY going on. WHY NOW? Use your discernment, readers, but please understand: Commander Hatonn left me in charge of this newspaper and I will not be “terminated” (in any sense of that word) without at least providing you with the opportunity to be FULLY INFORMED.

Salu.

# Initial Discernments Re the Jonur Writings

*On the Sunday before the Monday deadline for publishing what was to have been the February 28 "EXTRA!" edition of the newspaper, I finally got the chance to READ the material which EJ Ekker so adamantly endorsed. I was SHOCKED at what I was reading but at the same time I KNEW that EJ would probably insist on publishing based on HIS determination of the validity of the material. (He had overwhelmingly endorsed it on an almost daily basis while he typed it, word by word, from handwritten notes from "Jonur" into the computer.)*

*While I "should" have been laying up the paper, instead I made the following quick notes, thinking that with such an itemized list of reasons not to publish, there was a chance Mr. Ekker would "see the light".*

*Please understand that these are "rough" notes exactly as presented to EJ upon his return from an overnight trip to the rice terraces with Dr. Ronald Carlson and his wife, Dr. Melissa Yee. I was invited to go along but had to play "Cinderfella". IT'S A GOOD THING THAT I REMAINED DEDICATED TO MY WORK, in hindsight.*

[QUOTING:]

## DISCERNMENT RE JONUR WRITINGS FOR GCH By Ronald Kirzinger, 2/25/07

*2/14/00: By the way, ANY "OTHER" RECEIVER who claims Gyeorgos Ceres Hatonn as his master teacher—LIES. I did not here say "Hatonn" but I think you get my meaning. The ONLY ONE place from which that name COULD FLOW was from our work through this receiver. THE ONLY SOURCE. If you think you receive from that "named" entity, be very, very careful—for you gained that information directly from something we projected. WOW—really! GOD ALSO ALWAYS OFFERS A CLUE!*

*2/22/00: Now, realize, staff and friends, that we have no objection to anything the staff feels is interesting to run in the paper according to their own choices. Just do not involve us in your presentation, please. We will be moving further and further away from "invisible" references for we are not interested in prophecy—but rather—THE WAY IT IS. We ARE the prophesy and the bringing forth the prophecies so we don't need prophets all over the place—for you will note that most are FALSE.*

*3/4/00: Truth is not finding the one "lesser lie" but in establishing TRUTH. And if there is one lie known—is not all else suspect?*

- Commander Hatonn was always very particular about dangling prepositions. Was this just a trait of Doris?
- Numerous other grammar "errors" which were not present in dharma-scribed material: "quirks" of the supposedly VERBATIM receiver?
- Quick-switch from Ark of the Covenant to Noah's Ark.
- A uniquely "Black" perspective, focus on Condoleeza Rice, Colin [Colon?] Powell, Barak [Barok?] Obama, Louis Farrakhan [Farrar Khan?], other Black people (as Black people) which was not there in writings scribed by Doris. Misspellings typical of VK Durham.
- Lots of references to TV shows and movies; seems unusual.
- Loose use of "Jewish" throughout (in my opinion).
- Generally, rehashing old material; not much new and

most of that is unverifiable at present. Of that which is verifiable, there are many half-truths and outright errors presented.

- Lots of misspelled names throughout (shades of VKD). E.g., "Dodi (Al-Fiad)" versus Dodi al Fayed  
- "Armageddon requires a nuclear war and massive, massive casualties." Compare with Commander Hatonn's statement of March 4, 2000: "... even former President Reagan and his attorney general, Edwin Meese, were praying for Armageddon to come during the Reagan era. [H: Some might even observe that it DID COME DURING REAGAN'S ERA but nobody noticed and there certainly was no nice fat-cat 'rapture'.] And yes, Dr. Beter wrote all about it. In any case, what about "Our purpose is to re-write those prophecies"?"

- "There are other phenomena that will happen during this time that you will need to prepare for if you are to make it through in one piece." Compare with: "I don't care about the PHYSICAL aspects."

- Preparation for "... entry into the Photon band" versus "You already entered the Photon Belt." Or compare with his own statement: "**So far it has been 19 YEARS AND 113 DAYS.**" If you are so concerned about the physical housing—you are NOT "making it" anywhere special anyway.

- "The United States of America is in hock and mortgaged to the last grain of sand to England's International Banking Cartel." But this statement is made without a reference to GAIA? Strange.

- Referring to Mars: "There are also real 'aliens' there with you ones [on Mars]." But hey, there are 'real aliens' with us right here on this planet! Apparently not: "Any other kind—most especially those who look like you—are killed outright."

- "Their craft was downed and occupants were incinerated by fire, except for ones kept as hostages for various reasons." But wasn't there only ONE survivor, named EBE?

- "For it is with you ones scattered about—yet all working in unison—that your world, and hopefully, your nation can be saved." The GCH I knew was not here to "save" anything or anyone. It simply was not a word He would use.

- "Project Blue Beam"—GCH said they discovered that "it doesn't work" because the Muslims put no faith in such an image projection. Source:

2/22/00: The very reason the "Man's Plans" won't work is that in the greater realization of mankind as a whole, the IMAGE of God has no recognized expression. For instance, a picture of "Jesus" in the sky as pictured FOR YOU by some artist, is FALSE and the Muslims, for great instance, do not recognize the entity at all. So the show is wasted on them—and THIS HAS BEEN PROVEN IN "REAL TIME" SHOW AND TELL. A "Christian" image was projected and there was NO RECOGNITION by those "of God". So be prepared for the unexpected in every circumstance. The idiots of games and "gotcha" failed to realize that it is AGAINST Muslim "religion" and doctrine, AND TRUTH, to have an image of God—for there are no IDOLS "allowed" in the very basic doctrine itself.

- "The Club of Rome is made up of twelve to thirteen families—just three-hundred living human beings—and they control your world." That's the Committee of 300. The Club of Rome has 72 active members, according to their own website: ClubOfRome.org. Further, those members are not all of the same 12-13 core families.

- "The elite already own all things of a material

nature—gold, silver, property, food, water, power; even your bodies belong to them." And again, no mention of GAIA?

- "Sananda' is the Egyptian word for 'Christ/God' in Akhenaton's time." I thought it meant "One with the Father"?"

- "**The United Nations signed a treaty—the most powerful documents in the world—with the United States of America to depopulate your nation ANY WAY THEY CAN.** You can go look this up. And yet, your U.S. Constitution can nullify any mere treaty. That is why every attempt is made to have a Constitutional Convention, so they can get in there and make such a mess of it that it has to be tossed out, AND THEN YOU WILL BE LOST. THAT HOLY DOCUMENT IS ALL THAT 'LEGALLY' STANDS IN THE WAY OF THOSE WHO ARE SET AND POISED TO DO YOU IN." Wrong, wrong, wrong.  
- "United Nations Organizational Development Charter"—no such document; United Nations Industrial Development Organization is quite a "sic"  
- "CIA's Skull And Bones"—Uh, well, that must be the tail's dog.

- Is Prescott Bush still alive? Nope: RIP October 8, 1972.

- Hard to believe: "the synagogues actually supply brothels with call girls and women for all manner of lewd and lascivious things."

- "Louis Farrar Khan"—another of many significant names horrendously misspelled

- "It will have to be a movement of the segment of your population that is currently THE MOST PUT UPON IN YOUR NATION." Are Black people more put upon than Red ones? How about GOOD people, are they less put upon than Black people?

- "Even though your elections are rigged, fixed, tampered with and all manner of methods to get THEIR people into the offices of power, by God's Grace, a goodly man—from time to time—does manage to make it through." Really? When was that?

- "Because only God and His Celestial Sons and their silver craft can truly protect any of you from Satan's evil bunch." God "and" his Celestial Sons?

- "**The 'Mark of the Beast' is your Social Security Number.**" NOT TRUE.

- "When the confrontation between 'heaven and Hell', if you will, happens (and it is unfolding before your eyes daily) it will behoove you to be on the right side." INDEED.

- "Remember when gas was thirty-five cents or so, then in the 1970s it jumped to two dollars a gallon overnight?" NO, I DON'T REMEMBER IT LIKE THAT. In 1974 gas prices peaked at around 55 cents a gallon, a 43% jump over the pre-embargo average price at the pump of 38.5 cents per gallon.

- "Nostrodamas" versus Nostradamus: This goes BEYOND typography, in my opinion.

- "The driver and Dodi were killed instantly by the laser pulsed (flash) weapon fired from the missing 'white fiat sports car'." "The MI-6 agent in the white sports car had the Laser Flash Gun..." WRONG or CONTRADICTORY: According to "my" GCH in a writing dated September 1, 1997: "Calls were made and the assassins were already IN THE TUNNEL when the party reached that location. They were on the walkway ahead of the vehicle and shot both the driver and Dodi with laser weapons." The Jonur presentation doesn't even meet a simple test of common sense. If "Dodi was sitting behind the driver in line of sight of the weapon which killed them both"—HOW could that shot have been fired from a

car beside or behind them? No mention of Princess Diana's involvement with GAIA. No mention of Mohammed Al Fayed's connection to Adnan Khashoggi and his connection to Iran-Contra.

- "The *Dearborn Independent* (and because his INDEPENDENT newspaper truly was *independent* he could not be pressured by the Khazars into 'killing' the article.) published *THE PROTOCOLS OF THE LEARNED ELDERS OF ZION*." Henry Ford's Dearborn Independent most notably published *The International Jew: The World's Foremost Problem*—a much more significant piece of work—so why focus on the Protocols, now widely in disrepute instead of the more consummate work?

- "fight (not with guns—though DEFENSE IS of God) for what is right". FORCE IS NOT OF GOD.

- "The definition of sin or evil is ANYTHING that interferes with your goodly/Godly works." Like this?

- "'Heaven' IS the infinite realm of outer space. This is why Lucifer and his fallen ones place so much effort—century after century—in keeping God's truth about space and the nature of the Creation a mystery to you." How does this material help anyone to get "there"?

- "IF YOU DO NOT MAKE PREPARATIONS YOU WILL NOT SURVIVE" "Survive"?

- "keep that U.S. constitution with you in that courtroom"—where it means WHAT, exactly?

- "I am pleased to again be working again with my colleagues."

- "So hold tight to your little hats AND SOULS!"

- "In America you have the HAARP system which can produce these effects on populations of people."

- "'HAARP' stands for High Altitude Auroral Research Project." No, it doesn't. It stands for High-frequency Active Auroral Research Project.

- "The four-hundred children given injections of the HIV virus that causes AIDS seven years ago by a doctor and his five nurses, for the second time received the death penalty (on appeal)." Four hundred children were given the death penalty for the second time?

- At this MOST URGENT time, Tesla wants to take time (and use up precious space) providing his autobiography?

- "You are not ruled by England..." Say what?

- "Nevada's privacy law states that no one is to know the owner of the corporation—complete anonymity UNDER THE LAW!" BS

- "They have Created laws in the other nations about you that call for PRISON if you do not agree with their lies." Created—with a capital "C", yet?

- Re Somalia: "Look at it on a map of the world; it is situated close enough to see and control the action..." This is nonsensical: They can see and control anywhere from just about anywhere.

[END QUOTING]

*Alright, so those were "MY" initial discernments, having been exposed to most of the "Jonur" writings (at least through the end of December 2006; as it turns out, EJ had not even emailed the rest of them to me before leaving for the trip to the rice terraces with our guests).*

WHAT DO YOU THINK, dear reader?

"In my opinion" I KNOW that these writings do NOT come from and do NOT express the God of Light.

*Gulp. I had to take a stand in light of my own good, clear CONSCIENCE against publication of this material. As I thought it through, I could see very clearly that publishing it would amount to nothing short of POISONING ALL THAT HAD GONE BEFORE. And so, I took a stand: IT WOULD NOT BE PUBLISHED BY "MY" HANDS. FORTUNATELY, subsequent events were documented as personal journal entries.*

**Ronald Kirzinger ("of" Hatonn)**

# Beginning of TROUBLE

*Again, I find it necessary to apologize for presenting information in somewhat of a "hodge podge" fashion but it's the best way I can think to allow you "inside" of what led up to the current shocking situation.*

*The following material comes from a simple "Journal of Events" which I began to compile when it became clear to me that EJ Ekker was not at all pleased with my own conscientious choices.*

*Where I make later comments and additions (or redactions), I will use the usual square braces to insert comments.*

[QUOTING:]

**070226 11:38 AM**

I have just returned from some quick shopping at Rustan's, where I went immediately after having breakfast at the Peninsula's Nielsen's Restaurant with Dr. Ron Carlson, his wife, Melissa Yee and EJ.

After breakfast, I spoke with Ron Carlson outside about my misgivings with regard to publishing the Jonur writings. I presented Ron with a 3-page summary outlining my specific concerns and told him that "in my opinion" I KNOW that Jonur is NOT writing for GCH. [See preceding article.] We returned to the table and a discussion ensued among the four of us.

I had informed EJ last night at around 11:00 p.m. that I had a problem with regard to publishing the Jonur material and that I would email him my summary outline document. EJ, Ron and Melissa (accompanied by Dr. Brenda) had spent the last two days on a road trip of sorts to sightsee especially the rice terraces north of Manila. Road weary, he went to bed without reviewing what I had sent him.

When I announced to the group that I wasn't sure we would be publishing the previously promised EXTRA edition of the paper, EJ declared that it was his choice and, no matter what, the issue was going to print. I had him affirm that he was making that decision without so much as having read the document listing my concerns. "God left me in charge," he declared and EJ made it clear that his decision to publish the material was final.

"I have a choice to make, too," I said, "and I will not participate in publishing material which I believe is blasphemous and takes God's name in vain. If that issue is going to be published, someone else will have to do it." The lines were drawn. EJ suggested that a compromise was in order, that the EXTRA issue could be published with a disclaimer. I could not agree to that compromise, although Ron and Melissa (who also had not yet read my list of concerns) seemed to agree that was the best way to handle things. Ron Carlson said something about acting as the witness to a traffic accident where both parties to the accident had their own perspectives on the matter but he was an independent observer. He suggested that for things to work out, neither of us (EJ and myself) should take an unbending position.

I stated that the unbending position from my perspective was EJ's declaration that the Jonur material would be printed without considering my documented concerns. I left the summary document with Ron and we parted company at the elevator up to their room.

11:59 AM End Journal Entry

**070226 2:49 PM**

I emailed first Valerie and then all Ground Crew with the Jonur writings and my Discernment notes,

and I emailed EJ to ask him to please let me know if he is going ahead with publication and if so, to advise of the deadline for a prefatory article by myself. EJ went out at 1:00 (dental appointment with Ron), returned and has just gone out again, this time to the bank (overheard him telling the banker that he will be withdrawing PHP25,000). On his way out, I asked if he was planning to go ahead with publication and he replied that he was waiting for Ron and Melissa to read the material before he would answer that question.

I am continuing to write an article to be titled "BLASPHEMY: The Jonur Writings". [See the article following this set of Journal entries and EJ's "Rebuttal".] I do not know if this article will be required but IF the Jonur material goes to press, I want this article ready to go.

[Please understand that at this point the assumption was that the EXTRA issue would be going to press. EJ might have thought I was working on laying up the issue but instead, I was going full-tilt to write up the "BLASPHEMY" article.]

3:00 PM End Journal Entry

**070226 10:38 PM**

[This entry is already almost 40 minutes past the publication deadline for the EXTRA issue.]

I have completed a "first draft" of "BLASPHEMY: The Jonur Writings" and emailed it to Carol (pasted), Janet (pasted and attachment) and EJ (attachment). EJ has it and is reading it now.

Earlier, Brenda (the dentist) was here, ostensibly to coordinate tomorrow's activities, when Ron Carlson will be speaking to a group of Filipino dentists on the subject of Biological Dentistry. I served Brenda a cup of tea and later came back to ask if she wanted another cup. She didn't so I was going to take the used cup and saucer back to the kitchen when she asked if I had gotten around to something (don't remember what at this instant) and I replied, "No, I haven't had the time." She replied, saying, "Oh, well, you're going to have a lot more time available soon" and I thought I heard her chuckle a bit as I was leaving the room.

[It seems obvious now that by this point in time EJ had already made a determination that he would "terminate" me.]

Some time after Brenda left, I walked into EJ's office and asked him point-blank: "Are you going to want me to leave?" I noticed that he looked down and to the left (a signal which I take as evasive) and, as he often does, composed his thoughts carefully before replying, "No, not if you do as you are told." I asked him if he thought I was an employee of his and he replied that he is in charge and "somebody's got to make the decisions."

I looked him straight in the eyes and declared that my position is that I am NOT and never have been an employee, that I have only one Boss and that everything I have done has been done with an absolutely straight and clear conscience. I then asked him, "Do you believe what I have told you is the truth?"

His answer was, "No, I believe you are overplaying your 'righteous indignation'. I don't know for sure what your plan or agenda is, but I'm damn sure you're not doing this for the reasons you say."

"So," I said, "you are telling me you believe I am LYING when I say my actions are done by/through/for a good and clear conscience?" He didn't want to

call me a liar—but he was calling me a liar.

“You are calling the truth a lie and if you know not me, you know not the Father who sent me.” He didn’t have a response to that declaration except to shrug his shoulders.

I discovered that I was not in possession of all of the Jonur documents and he started to email the last of them to me.

I asked him if he would like a copy of the document “BLASPHEMY: The Jonur Writings” and he said he would, so I went to my room and sent it to him. As part of our earlier conversation, somewhere around the disagreement re my status as “employee”, I told him I had written a piece which I would like used as the Preface IF the Jonur materials got published. He said sure, he would be glad to publish my Preface—which I told him I doubted he would. He then clarified his position to say that he would allow my Preface to be run IF I went ahead and prepared the issue for publication. I told him I will not participate in the dissemination of confusing, blasphemous materials.

I returned to the question of whether or not he would want me to leave and he returned to his position of NO—but—well, we’ll have to wait and see what the Carlsons say. “I already have Melissa’s response which was that the material is probably false but we should run it anyway. If Ron comes back and says it is false, I probably will not go ahead with publishing it.”

So, bottom line: I have acted according to my conscience and if I am “fired” for it (and how do co-equal members of the Board go around firing each other, anyway?)—it will be a relief.

It’s really only about one day since the last update, this is being written very “late” because of the work catch-up necessary following an evening spent with Ron Carlson and Melissa Yee (and of course, EJ).

The evening started out very socially but after a couple of hours of relatively light social banter I declared to the group that we seemed to be tiptoeing around the elephant in the room and perhaps we should discuss it. No one else seemed prepared to take the lead. EJ left the room to print up 2 copies of the email from Dr. Bruce Tracy, which I will paste in place right now:

*[Well, in fact I went and pasted in all of the relevant emails to this point in time. In order to understand them, for you who do not regularly use email, THE LATEST MESSAGES ARE AT THE TOP, so you have to read from the last message “backward” to the top of the list of messages. Check the date and time stamps (some of which may have been altered) and you will be able to follow along in order of the sequence of events as it unfolded.]*

Gentlemen—

Just retrieved several days of emails a few

hours ago and, as they say, imagine my surprise!

In the interests of the below-mentioned transparency and as a former editor of CONTACT, I’m certain you’d welcome a companion piece to the blasphemy piece and on roughly the same scale—to be printed unchanged and unabridged in any issue of CONTACT in which that piece or any similar piece is printed.

Please let me know the number of words your piece ran and also what would be an appropriate deadline and where to send it.

Thanks, Ron, and wishing us all, and the both of you especially, strength and discernment in our mutual collaboration with the Higher in our time.

This document is not yet final but is now “out there” to state “my” position.

*[I felt it NECESSARY to get the “BLASPHEMY” article “out there” because it was pretty clear to me that EJ wanted to “terminate” me.]*

I thought it best to include all of you of the active Ground Crew in the developments at this end because this is an IMPORTANT inflection point and I believe it is best to handle it in a thoroughly transparent manner. (See below and Discernment document attached.) I have also attached the Jonur writings for your reference, in

case you have not seen them.

Hi Valerie,

We have a disagreement going at this end with regard to the EXTRA issue. “In my opinion” I KNOW these writings are not the product of “the One and Only” Commander Gyeorgos Ceres Hatonn. Whether or not you agree, please understand that it is a matter of CONSCIENCE for me: I will not participate in what I perceive to be BLASPHEMY other than to discredit it as thoroughly as I can.

I invite you to read the attached document which outlines SOME of my misgivings regarding this material. Please note that EJ’s decision to go to print “no matter what” “because we made the commitment” was made before he had read the attached document. It is my hope that once he does, he will not proceed. If he does decide to go ahead, however, I have requested the opportunity to write a strongly worded Preface to the material. I hope you understand my position.

My eyes jumped ahead and missed reading “Extra” in the paper. The last material is especially urgent for publication! Please be extremely cautious on info about J.! To assist and make things easier Bruce expressed interest in typing the material on disc. He is familiar with the text of the writings and approves of them enthusiastically and wholeheartedly. Valerie

*[Resuming the Journal entries:]*

Allowing that it would take a few minutes from them to review the email from Bruce, I asked if they had reviewed the document which I sent to them via email and Ron explained that he hadn’t figured out how to access his email—so no, they had not—so I excused myself to go and print it “in 14 point font” for easier viewing. I left the room and printed 2 copies, returned to the room and handed the copies to Ron and Melissa. When they saw the thickness of the papers, it seemed they didn’t want to read them immediately.

I sat down and asked to have the floor to take them through the “BLASPHEMY” article quickly, to which they consented. I pointed out the deadly nature of propane in a small room, advocated by “Jonur” (Joseph Clyburn) and “his” “Commander Hatonn”, and then quickly summarized some of the other points, concluding with the question, “Does that sound like Commander Hatonn to you?” Ron and Melissa agreed that it was NOT Commander Hatonn; EJ’s agreement can only be assumed because he did not disagree and therefore offered his “tacit consent”. In short order, the three of us (Ron, Melissa and myself)—again, with apparent tacit consent from EJ—determined that it

would be unwise to publish the Jonur material.

At that point, however, EJ asked, "Then the question is: What is the best way to handle this?" He continued, "I think we should send a copy of the 'BLASPHEMY' article to Jonur through Valerie."

I asked, "Do we owe Jonur anything?"

EJ replied to the effect that we should have the man stop putting all that effort into writing material which we are not going to publish. I said we don't owe him that much and "I don't mind a picture of this evil-worker running on his hamster wheel for a while longer." EJ repeated his question and suggested response, to which I replied ok, fine, go ahead but I don't think that is necessary.

At about this point I declared that it was my perception that EJ was going to "fire" me (an impossibility because I am the sole member of the board of PSD and CONTACT and a co-equal member of the board of both GAIA and CSEML subsequent to Doris' demise) for refusing to publish the Jonur material. "I never said that," he replied.

I knew he didn't say that in so many words but there was no doubt of his intention in my mind. I pointed out that he told me I was "way out of line", "insubordinate", "not irreplaceable" and other language which led me to the conclusion summarized as "he was going to fire me" if I didn't do as I was told. He argued a bit with the specific language, saying that one particular word (don't remember which one) was not a word he would have used—but never rebutted the main point I was making.

"So," I summarized, "I acted entirely according to my own good and clear conscience and found myself judged as insubordinate and on the verge of being kicked out." Ron and Melissa seemed surprised that I would talk about being put out on the street and EJ actually confirmed it after a little more discussion and picking nits (in my opinion, as all of this comes from "my" perception and recollection).

I looked EJ straight in the eye and said, "I felt that my security was threatened, that you would put me out on the street. Will you declare right now, in the presence of witnesses, that you would not put me out on the street? Will you provide me with that assurance?"

"Hell NO!" he reacted, meaning he absolutely reserves the right to do so.

"OK," I said, "Since we are having a business discussion here, I would like to put before the board the issue of my peace and security, which is lacking in this environment, and I would like to propose that because I have no security and security is important to ensure my peace of mind for ongoing productivity, the Board should resolve to provide me with that measure of security. I should be afforded an equivalent place to live as that which EJ enjoys and have my living expenses met by Global Alliance in the same manner which he does."

EJ qualified this statement only to the extent that the accommodations should be qualified on the basis of cost and not environment, to which I agreed. So, it was resolved.

At that point there was some lively discussion centered around the issue of whether or not EJ was the "boss" and I was some kind of "employee". I'll cut this short with the following summary. It was made clear that EJ feels he is "in charge", even though I pointed out the fact that we are co-equal Board members, and he was not about to accept my position, which I stated as: "All are one and each is equal; I have no boss besides God himself and I will always act according to my own conscience. If that gets me into trouble, if that builds some kind of a wall in the relationship, so be it and selah. EJ said any such wall was completely of my own construction. So we

agreed to disagree, EJ insisting that he is in charge and I, on the other hand, making it clear that he is not in charge of ME. If he wants to go on believing that he's in charge that's alright with me but he may not act unilaterally.

"Great," I said. Since we're involved in this business meeting I would like to raise another issue for the approval and resolution of the Board and that is relative to our discussion of funding for development of the 'Internet TV studio' concept. We had discussed an amount of \$100,000 for that purpose. Can we resolve to make those funds available for that purpose?"

*[Actually, it had been resolved that \$100,000 would be made available for the Internet TV project by itself and I said at this meeting that I could bring BOTH projects to a state of self-sustainability within this allocated amount.]*

EJ replied in the affirmative. "Where do you want your money to go?"

"Whose money?" I asked. "Your money," he said. "Oh, no, not 'my' money—it is the money of the company." EJ did not disagree.

*[STOP and reread that little exchange. What do you think was really going on? I have lived to serve God through Global Alliance and subsidiary companies, devoting ALL of my life energy to this. Why would he try to make it "personal" instead of corporate? THINK about it.]*

I qualified my request for funding saying I would include the "energy water" and related products project as well; that I would do my best to bring both projects in well under budget, not exceeding a \$100,000 line of credit; that I would continue to do all of those things I have been doing all along PLUS take on the new projects so we could start moving forward instead of stagnating as we have for the last 7 years. EJ agreed but tried to stipulate that of course I would continue to be available to handle any computer repair issues he might encounter. I could not agree to this request and said it would depend on where I was located and how busy I was at the time—and perhaps it would be better to just call up Alan (the computer guy in the mall) to handle those sorts of things if I was unavailable. There was no rebuttal to this clarification from me and that is how this issue was left.

I then said, "One more thing. Since you have pretty much complete control over the accounts of the company and I do not have access to those accounts, what assurance do I have that you won't suddenly withdraw the allocated funds or access to them? I would like to ensure that the funding is available to the extent mentioned and for whatever duration is required to get the projects off the ground. I commit to bringing the projects—both of them—in within the limit we have discussed but don't want the rug pulled out from under me. What assurance are you prepared to provide me with in that regard?"

EJ's response was that the language of the resolution could provide such an assurance.

That ends the business meeting and all that is left to relate is that we had some additional social conversation, EJ and Melissa over a glass of wine and Ron and I over water and a green tea. We parted company around 11:00 p.m. and agreed to meet for breakfast at 9:00 a.m. at Nielsen's Restaurant at the Peninsula Hotel.

In my conversation with Janet tonight I recounted pretty much all of the foregoing events and asked her to draft preliminary corporate resolutions. Facsimile signature should be ok because there are witnesses to the business meeting who could affirm the agreements made.

1:52 AM End of Journal Entry

**070301 12:56 AM**

It is very late but I feel I must put this to writing because there seems to be a genuine possibility that EJ intends to cause me harm. A stranger was hanging around at poolside yesterday, a guy from Georgia with a unique (designed by himself) tattoo of the number XIII, with the X and III overlying. He described himself as a "contractor" but over the course of a very long conversation never once spoke about any projects he might presumably be working on. He spoke of having routinely managed \$30B projects and talked about having not worked for 4 years at one point while entertaining friends on his boat throughout the point of wanting to go back to work again. The impression he conveyed was that of a man of substantial means. So, what was he doing bumming around in Makati at the GILARMI Hotel (a dilapidated, 2-star—at best—hotel which has been scheduled for demolition for years???)

When I mentioned the man and his story to EJ, including the \$30B projects part, his non-reaction seemed to say quite a bit because the first thing out of his mouth normally would have been "Bullshit!"

I don't want to conjure anything up out of nothing and I am far from being fearful but at the same time I recognize that there is a lot at stake and EJ has shown very clearly a very different "side" of himself in the last couple of months—really, ever since I identified the black-money money laundering scam in Commander's writings from 7 years ago, at the time of the 9-day CB fire presided over by Buenaventura, who just happened to die suddenly almost exactly 7 years later. The outline of the deal: Tom Taylor at Philtec demonstrated to EJ and me that he has boxes of special, blackened U.S. \$50 and \$100 bills. Easy as pie, you wash them in this special liquid (which cost something like \$78,000 for a small quantity like a quart or a gallon or something) and you've got all the money you could ever want. The deal apparently came out of the U.S. Embassy as the supplier of the liquid was supposed to be only an Embassy-endorsed supplier.

*[A friend recently told me that this is a known scam and that it was presented even on ABC's 20/20 show. In this case, I was not a participant in the scam at all but isn't it interesting that the U.S. EMBASSY is involved? They can deny it now but I know what I witnessed. I now have a hunch that they were trying to set me up for something illegal, using the MONEY LAUNDERING merely as the "hook".]*

At about the same time, at least somewhere in the last quarter of last year if memory serves without researching it, EJ wanted to establish a joint personal account with me but I ensured that my signature was followed by UCC 1-207. I never thought much about it at the time but it was maybe a month or more later that I overheard EJ on the phone with the bank (I was in my bathroom just a thin and partially open door away from him). There was some kind of a discussion of coming back to the bank to redo the signature cards. It slipped my mind but then later, could have been the next day, I'm not sure, EJ said he had to go to the bank for something and as usual I was to go along. When we got to the bank, EJ "out of the blue" said something to the effect that I had managed to operate outside of the system about as well as anyone ever had, a comment which struck me as very peculiar but to which I did not reply. We were asked to sign signature cards and I signed followed by 1-207. It is my understanding that a joint account held by a "person" and an "individual" affords rights to the "person" ahead of the "individual"—and that's the way I wanted it because I couldn't know what he would do with the account and I knew that even though I would have signing authority, only EJ would

use the account. I noticed that he made a little fuss about ensuring that the bank staff got to know me and associate me with him—ostensibly in case anything should happen to him? I didn't know and still don't; I just went along with him on several trips to that bank where he would get large amounts of cash (typically around \$3,000 or PHP150,000).

The point I'm making is that EJ knew in advance that we would be asked to redo the signature cards but pretended that he did not know and also did not know why the banker asked for the new signatures. EJ jumps on anomalies better than anyone I know but for some reason let this one slip and, as I say, pretended that the banker's request was spontaneous at the bank even though I know he spoke with the banker about it at length some time earlier. It doesn't add up to anything but a secret. And in the context of the foregoing information, perhaps you can see why I might suspect that he has been making efforts to set me up and involve me in some kind of illegal activity. When Tom Taylor asked me how much "free" money I wanted, I answered "none" and it was made clear that Global Alliance money would not under any circumstances be involved. EJ said he would put up \$5000 "of Doris' money". I am sorry now that I did not document this information at the time but better late than never.

It really must be documented, especially given EJ's openly irrational behavior of late. For example, what responsible Board member literally living off borrowed funds and supposedly minimizing expenses would: a) live in a high-priced condo with over 2,000 square feet of space; or b) more importantly, nearly double the expense of Executive Offices instead of merely providing verbal assurance that he would not put me—his co-equal Board director—out on the street over a matter of CONSCIENCE?

WHY DIDN'T EJ DISCERN THE BLASPHEMY? He was in possession of a batch of the "Jonur" writings for almost a month and made the decision they were valid, typing them into the computer and all the while whenever I would ask him, "Have you seen any reason to disqualify the writings?" his answer was a flat, "No." This is all rather well documented elsewhere because as things went down there were lots of emails sent to lots of people. I never got to look at the writings (other than the first one, which I knew was "off" but to my discredit I did not INVALIDATE) until the day before publication and then only because I declined an invitation to take me away from my work that weekend when Ron, Melissa and EJ went up to the rice terraces. As soon as I read through them, I knew they were "more than a little off" and could not have come from Commander Hatonn or ATON, the HIGHEST ENERGY IN THE UNIVERSE. How could EJ have typed these documents in and not noticed? Or did he actually INTEND to have them published BY ME, by my own hand, because I would then be the responsible party? Not to mention that I am and have always been the officers and Board of Directors for both CONTACT and PHOENIX SOURCE DISTRIBUTORS. Another attempt to set me up? PROBABLY, is the only conclusion at which I can arrive. Are there other nefarious plans to do me in? PROBABLY.

And as the system's real, covert, criminal element handle things, when all else fails—"KILL HIM"? Kinda makes the head spin a bit, especially since I managed to quite inadvertently, only through acting true to my own CONSCIENCE, pull the King's pants down in public and point out what a very small discernment he has. He has done a MASTERFUL job of concealing his true emotions but I know he is PISSED OFF. I do not, however, know more than to

say whatever he does will be very well thought out—and at the same time, it doesn't matter how well he and his co-conspirators (CIA agents/assets: Ibrahim Dagher, Tom Taylor, John "D" aka John "D Baptist" (regional director)—all of whom really seem to like Pope Ratzinger—TT has some interesting stuff on the walls of his office showing some kind of special relationship with that pedophile-preserver so a Jesuit connection is also a possibility) figure it, they will not out-figure GOD or manage to do anything but ADVANCE GOD'S PLAN.

EJ and I hardly had any contact today: breakfast with Ron and Melissa at 9:00 and he went ahead of me; after breakfast I visited with Ron while EJ went somewhere with Sharif; then I was off to get dental work done; then all of us went together to see Ron's presentation to the PDA members at the GSK center; then tons of stuff to do all night including corporate resolutions from the previous meeting.

We are scheduled to have breakfast with Ron and Melissa tomorrow morning at 9:15 and after that they will have to check out at 3:00. Their flight leaves somewhere around 11:00 p.m. Along the way tomorrow I will try to set up another Board meeting with Ron and Melissa in attendance to cover the issue of "who gets Ludy's time?" because she was ostensibly hired to assist me with my very heavy workload. The whole time, however, I am sure I will be thinking, "What has Wolfman got planned?" And did George W really say, "Fuck the Wolf!""?

It's very late and more to do otherwise.

1:53 AM End Journal Entry

**070301 10:16 PM (including GAIA meeting minutes)**

EJ and I joined Ron and Melissa, Sharif and Brenda over breakfast at Nielsen's Restaurant from around 9:20 through about 10:45. It was mostly light social banter and some deeper spiritual discussion between Ron, Sharif and myself except that after Sharif left EJ said that Sharif said that the Young Officers might be planning to stage a coup sometime soon. It was decided after breakfast that Ron and Melissa would pack their bags and make arrangements for a porter to store the baggage for them to be picked up just before leaving for their 11:15 p.m. flight back to Hawaii, for which they would have to leave Makati around 7:30. It was also decided that EJ and Brenda would take Ron and Melissa to Tom Taylor's office and then they would all go out to Fort Santiago, aiming to be back by 3:00 in order to allow time for visiting at the Executive Offices (including, presumably, a business meeting for GAIA).

I returned to the condo to get some work done and asked Ludy if she had any luck looking around for an apartment for me. She warmed up the telephone and tracked down a small lady (smaller than Ludy) who could show us a couple of vacant 2-bdrm condos here in the Tuscany. We went and looked at 16F and tried to get into another one on the 12<sup>th</sup> floor but when the little lady opened the locked door someone's slippers were under a coffee table and that surprised her because apparently she thought the suite would be empty. She asked if I would be interested in looking at a 1-bdrm unit and I said I might as well look but I doubted it would suit my purposes because I wanted to have a guest room for visitors to save on hotel costs—and I wanted enough space so that Ludy and I could work together without being right on top of each other. So, we went and looked at suite 2F.

The unit was in very nice condition except that it obviously hadn't been painted for a while; it was furnished and included a king-size bed. With only one bedroom I could see it could be a problem somewhere down the road but overall it had good "fung shuay" (sp) and I kind of liked the fact that it was on the back

side of the building away from the traffic and diesel fumes from Ayala Ave. The Tuscany staff member who showed up to help show the unit volunteered that if I liked it, he could arrange for the owner to come over to meet with me and shortly after 2:30 I got to meet the owner. I told her I was seriously interested and prepared to put PHP5,000 cash down to hold the deal because she said she had another interested party. She said she wanted PHP50,000 per month and a 3-year lease, and she committed to repaint the place (she has some association with a construction company?) and replace the mirror and to ensure that everything is working before I would move in. She said it could be ready for occupancy within "5 days", maybe a week, in my mind. I left her with my business card and it was determined that we would meet tomorrow at 6:00 p.m. to finalize the deal.

I returned to the condo right around 3:00 and proceeded to make a fresh pot of coffee in anticipation of the forthcoming business meeting. EJ, Ron, Melissa and Brenda walked in a little after 3:00.

[Interruption to make a bite to eat and EJ has just gone to bed. Will continue in a few minutes and before calling Janet.]

The first hour or so was taken up with social banter and recounting of the great adventure to Fort Santiago. After a while, Melissa and Brenda disappeared and when I asked Ron where they were he told me that they had gone into the bedroom for Melissa to work on Brenda. EJ returned to the room from something he had been doing in his office (I could only hear that he was talking with Ludy but could not hear what was discussed specifically) and after a short while announced that he would like to commence a business meeting.

[Begin Business Meeting Minutes]

EJ announced that he had an issue to put before the Board relating to the deployment of Ludy. He asked me how I thought that situation should be handled. I asked him how HE thought it should be handled but he did not answer. EJ retorted that he thought we should consult with Ludy before making a decision that affected her. I informed him that I had discussed the matter with Ludy earlier in the day and in my opinion she was prepared to go with whatever kind of schedule we decided: maybe mornings in one place and afternoons in the other; maybe certain days at one place and certain days at the other; but I was thinking that there might be some kind of imbalance in the schedule because she was hired primarily to help with the extra work load which I have taken on. Again I asked him what his position was on this matter but his response was that it would have to be worked out with Ludy. [No Resolution]

After some telephone interruptions (EJ), the next issue EJ raised was "good news and bad news" about suite 2F. He said he had been negotiating with the owner and the good news was that it looked like it was well within the parameters we had discussed and it looked like we could come to terms. "BUT," he said emphatically, "I'm kind of reluctant to commit to a one-year lease because I need to know how long you are likely to be here in the Philippines." He suggested that it might be better for me to be back stateside in order to manage business activity from there and said that he saw me there rather than here. I explained that the REAL business of GAIA was in all probability going to happen first in the Philippines and I couldn't see myself anywhere else until that happens.

EJ suggested that perhaps the lease should be put in my name and I asked why—when it is clearly a corporate expense? Isn't this suite leased in the name of GAIA? He said no, it is in his personal name. I said well, as far as I'm concerned it's a corporate expense which should be paid by the corporation; it

was no problem to the landlord (nor should it be when they are collecting 6 months rent up front); and it makes no sense to me to put it in my name.

It was mentioned that I would be needing some household effects, presumably to be provided by the company, and there was no rebuttal from EJ on this matter.

Around about this point there was also a sidebar discussion of the Tallano Fdn project following EJ's announcement that Roly [*Romy, I think now*] Campos had signed the agreement, meaning there will soon be some more elbow room for the Fdn and now it can stop being such a draw against GAIA's working capital.

[Interruption to call Janet—11:30 PM]

Next, EJ raised the issue of how the \$100,000 account would be handled. He suggested that the easiest way to do things would be to set up an account in my personal name. (!!!) Why on Earth should a personal account be set up to handle corporate matters? Is that something IBM would do? With those thoughts in mind I said no, it should be done through a new corporate account to be set up for that purpose. With Ron Carlson present, I reviewed: The GAIA Monex account, the GAIA account at BP, the GAIA metals account at Philtec—are all under EJ's control. Yes, said EJ, but you are a signer on my personal account. (I am but I have never transacted business in that account—and now that I hear that he is freely mixing corporate funds with his personal funds [*AND LITERAL MONEY LAUNDERING*], I sense there is a serious problem waiting to be uncovered here.) EJ suggested that we could set up a separate account and then threw out something absurd like (don't remember the exact phraseology but it was oxymoronic like this)—an individual account requiring joint signatures. I said no, that's not the best way to do it at all.

I said that the way I saw things working was that I should be given exclusive access to the \$100,000 and I should be given management authority over the Internet TV and "energized water" projects, to be managed by me without interference—that is my understanding from our previous meeting. I see forming committees with Peter Kawaja for Internet TV and with individuals from the "energized water" manufacturers/distributors, establishing contracts and working hard to bring the projects in under budget.

At that point EJ wanted to clarify where the profits from these projects would go and I affirmed that all such ventures (spun up from GAIA working capital) are GOD'S PROJECTS and of course the profits would go to GAIA.

There were some more interruptions to the meeting—end of day for Ludy at 5:00, a brief showing of the Tallano Fdn powerpoint presentation to Ron (who said he had seen "a little bit of it" before but obviously had NOT because he was in awe of the information and the way it was presented). Brenda and Melissa came out from the bedroom and Melissa, who said she didn't want to watch the powerpoint presentation, ended up crowding in to see the last few frames. Ron asked if that was Flash or some kind of Internet movie and when I said no, it was "powerpoint to the max, baby" he was very surprised. Brenda and Melissa went out shopping and got back around 7:00 to pick up baggage from the Peninsula Hotel and make their flight comfortably.

The business meeting ended following the powerpoint presentation and we carried on with some social chatter and lively spiritual discussion including "where we are in the cycles", while EJ did something in his office area.

[End meeting minutes]

EJ made an appointment with the owner of 2F and

we are to go there at 6:00 p.m. tomorrow to finalize.

My conclusions from the Board Meeting, which really resolved nothing but clarified a few things:

1) The Ludy issue seemed to me to imply that he might not have intended to allow her to work for me in 2F and might have something else in mind in that regard—possibly that I would "come to work" in "his" executive offices but I do not see that as a practical solution. Certainly, when I spoke with her, Ludy had no problem whatsoever with sharing her time between the two suites. If anything, she should be more "mine" than "his" because she was hired specifically due to my excessive workload.

2) EJ suggesting that the lease should be in my name doesn't add up unless he's trying to set me up for something and my general feel is that the United States would still like to establish a position which they could pursue against me; hence, the effort to have me put on EJ's personal account; the effort to put the lease in my name—and NEXT:

3) The effort to put the \$100,000 in an account in my name doesn't add up other than as, again, some kind of attempted setup.

NOTHING RESOLVED

**070302 9:36 AM**

We just got back from breakfast with Sharif. I must take this early opportunity to object and take strong exception to the conduct of Mr. Ekker, who acted in his personal capacity to loudly and in a public place incite sedition, encouraging Sharif to work with the Young Officers to stir up some kind of a coup. As we walked from the Gilarmi back to the Tuscany I brought this to EJ's attention and stressed that the breakfast meeting could not be considered a GAIA business meeting; that it only represented his personal, individual position and that I want no part of a call to sedition—FORCE IS NOT OF GOD. His response? "Let's not write this one down." My reaction, "Let's not write this one OFF, either." At the tail end of the conversation, as we entered the condo, he asked if I did not see that what he was encouraging was in agreement with God's laws and I made it clear I do not. "You're entitled to your opinion," he said.

9:42 AM End Journal Entry

9:45 AM

Afterthought: On the way to breakfast, EJ asked which 4 hours I would want Ludy for and my response was that the primary purpose for hiring her was to assist me with my extra workload. He said he had many, many things for her to do, too, so I suggested that we might start at 50/50 apportionment of her time but with an eye to making an adjustment in my favor. I just spoke with Ludy about it and she has no preference, and neither do I, so I'll put it back to EJ for his preference.

9:48 AM End Journal Entry

9:59 AM

Addendum: In front of Ludy, I asked EJ's position with regard to Ludy's hours and mentioned that in the long run I would probably require more of her time than he would. He chose to have her be at 25-A beginning at 1:00 p.m.

On a much more potentially impactful matter, in front of Ludy I told EJ that he has put me in a very awkward position with his performance in the Gilarmi—money and phone cards changing hands with "the number two man" with the MNLF to boot! I stated that I do not know how to register my disapproval and that I felt a need to distance both myself and Global Alliance from his actions. His response: "Noted." And that was the end of the conversation.

10:02 AM End Journal Entry

10:09 AM

I must now note that a telephone call just came in and EJ was talking very quietly. I was in the middle of putting away the laundry Ludy had folded for me and had to put my towel in my bathroom—walking through EJ's office in the process. He said something and then without allowing whoever was on the other end much time for response said, "Say again," and went momentarily silent when he saw me walk into the room. As I was leaving, he said, "I have another wire coming in. When you get to that ... " and then I was out of earshot. Ludy would have heard more than I did.

10:12 AM End Journal Entry

**070302 12:45 PM**

Let's caption this "A strange lapse of memory".

I just got up to go out on the deck to have a cigarette and could hear EJ speaking in a hushed tone with Ludy, whom he had called aside in the dining room area. As I walked by I overheard only, "If it comes down to a choice of morning or afternoon, I'll get back ..."

Recall that in an earlier journal entry today, it had been resolved that EJ wants Ludy beginning at 1:00 p.m.

I finished my cigarette and went straight in to EJ's office and asked him, "I overheard you say to Ludy, 'If it comes down to a choice of morning or afternoon...'"—but I don't understand; I thought this matter had been resolved already.

He said, "She told me that you wanted her in the afternoon."

I said, "Look, we discussed the time sharing this morning and it was already resolved. So, you're telling me that she told you that I want her in the afternoon?"

"That's what she said," he replied.

I asked if I could call Ludy in to the conversation to clarify the matter and he said, "Sure."

I went to the dining room area where Ludy was and asked her if she told Mr. Ekker that I wanted her in the afternoon. She said, "Yes" and began an explanation which didn't want to come out of her, especially when I reminded her that it had already been agreed that she was to serve Mr. Ekker from 1:00 p.m., so I asked her to come back to Mr. Ekker's office with me, please.

[*At this point I pretty much KNEW that Ludy was covering up "something" but I am still not sure what that actually is. She feels a tremendous responsibility to "Mom Doris" to look after EJ but this cover-up was "above and beyond" any call from CONSCIENCE, in my opinion.*]

In front of EJ, I asked her the same question and she looked at EJ and said, Yes, she told him that I wanted her in the afternoon. I asked EJ if he recalled that we had already discussed this matter earlier and it was determined that Ludy would be with him beginning at 1:00. He sort of chuckled and said it must have slipped his mind. "And it slipped your mind, too?" I said to Ludy. She nodded and I said, "How very strange that you would both have such a lapse of memory; it doesn't add up to me, you were both right here this morning." EJ shrugged. Alright, I said, I guess it's resolved (and reiterated the prior, agreed upon and witnessed resolution).

I left his office and went back to my desk. They talked quietly and about a minute or so later Ludy came into my office in tears, touched me on the shoulder and said, "I'm sorry. I'm SO sorry!" I looked her in the eyes and said, "CONSCIENCE, Ludy. CONSCIENCE!" She went away immediately in tears.

I then went into EJ's office and told him that I thought it was unconscionable to put Ludy in that position. He said, "Then why did you do it?"

# EJ's 'Rebuttal' Re 'Jonur' Material

*Here are EJ's comments in REBUTTAL of the discernments pointed out by me when I refused to publish the poisonous crap. His comments are in bold and this is presented exactly as it was received by email, although the timing is somewhat in question because by my recollection this COULD NOT have been sent to me on February 26 at 6:30 AM.*

[QUOTING:]

## DISCERNMENT RE JONUR WRITINGS FOR GCH

2/14/00: *By the way, ANY "OTHER" RECEIVER who claims Gyeorgos Ceres Hatonn as his master teacher—LIES. I did not here say "Hatonn" but I think you get my meaning. The ONLY ONE place from which that name COULD FLOW was from our work through this receiver. THE ONLY SOURCE. If you think you receive from that "named" entity, be very, very careful—for you gained that information directly from something we projected. WOW—really! GOD ALSO ALWAYS OFFERS A CLUE! EJ Comment: This statement was made during the flurry of Dr. Ed's importation of several "receivers" for Hatonn. It is a stretch to apply it unilaterally in this situation.*

2/22/00: *Now, realize, staff and friends, that we have no objection to anything the staff feels is interesting to run in the paper according to their own choices. Just do not involve us in your presentation, please. We will be moving further and further away from "invisible" references for we are not interested in prophecy—but rather—THE WAY IT IS. We ARE the prophesy and the bringing forth the prophecies so we don't need prophets all over the place—for you will note that most are FALSE.*

3/4/00: *Truth is not finding the one "lesser lie" but in establishing TRUTH. And if there is one lie known—is not all else suspect? EJ comment: This is an established legal principal.*

- Commander Hatonn was always very particular about dangling prepositions. Was this just a trait of Doris? **Possibly**

- Numerous other grammar "errors" which were not present in dharma-scribed material: "quirks" of the supposedly VERBATIM receiver? **EJ Comment: Does every "translator" at the UN use precisely the same language?**

- Quick-switch from Ark of the Covenant to Noah's Ark. **No time for research so no comment.**

- A uniquely "Black" perspective, focus on Condoleeza Rice, Colin [Colon?] Powell, Barak [Barok?] Obama, Louis Farrakhan [Farrar Khan?], other Black people (as Black people) which was not there in writings scribed by Doris. Misspellings typical of VK Durham. **Agreed, although I do not get a flavor of VK.**

- Lots of references to TV shows and movies; seems unusual. **Agreed.**

- Loose use of "Jewish" throughout (in my opinion). **Disagree. That is the primary subject of nearly all of the writings.**

- Generally, rehashing old material; not much new and most of that is unverifiable at present. Of that which is verifiable, there are many half-truths and outright errors presented. **So far I have heard no complaint from the subscribers, although they have a very small (and to my mind least credible) sample of the writings.**

- Lots of misspelled names throughout (shades of VKD). E.g., "Dodi (Al-Fiad)" versus Dodi al Fayed. **We have to cut him some slack for where he is and**

**the research facilities available to him.**

- "Armageddon requires a nuclear war and massive, massive casualties." Compare with Commander Hatonn's statement of March 4, 2000: "... even former President Reagan and his attorney general, Edwin Meese, were praying for Armageddon to come during the Reagan era. [H: **Some might even observe that it DID COME DURING REAGAN'S ERA but nobody noticed and there certainly was no nice fat-cat 'rapture'.**] And yes, Dr. Beter wrote all about it. In any case, what about "Our purpose is to re-write those prophecies"? **EJ Comment: None, I don't recall the GCH comments.**

- "There are other phenomena that will happen during this time that you will need to prepare for if you are to make it through in one piece." Compare with: "I don't care about the PHYSICAL aspects." **EJ Comment: None, I don't recall the GCH comments.**

- Preparation for "... entry into the Photon band" versus "You already entered the Photon Belt." Or compare with his own statement: "**So far it has been 19 YEARS AND 113 DAYS.**" **EJ Comment: Who is purported to have said this? Jonur has had no indication of knowing what "day" it is and he is using 19 years instead of 20 in his headings.** If you are so concerned about the physical housing—you are NOT "making it" anywhere special anyway.

- "The United States of America is in hock and mortgaged to the last grain of sand to England's International Banking Cartel." But this statement is made without a reference to GAIA? Strange. **Not to me—attributed to Tesla.**

- Referring to Mars: "There are also real 'aliens' there with you ones [on Mars]." But hey, there are 'real aliens' with us right here on this planet! Apparently not: "Any other kind—most especially those who look like you—are killed outright." **Discordant—Tesla, I think.**

- "Their craft was downed and occupants were incinerated by fire, except for ones kept as hostages for various reasons." But wasn't there only ONE survivor, named EBE? **Was there only one shoot down or accident?**

- "For it is with you ones scattered about—yet all working in unison—that your world, and hopefully, your nation can be saved." The GCH I knew was not here to "save" anything or anyone. It simply was not a word He would use. **As it applies to "nation"? I disagree.**

- "Project Blue Beam"—GCH said they discovered that "it doesn't work" because the Muslims put no faith in such an image projection. Source:

2/22/00: The very reason the "Man's Plans" won't work is that in the greater realization of mankind as a whole, the IMAGE of God has no recognized expression. For instance, a picture of "Jesus" in the sky as pictured FOR YOU by some artist, is FALSE and the Muslims, for great instance, do not recognize the entity at all. So the show is wasted on them—and THIS HAS BEEN PROVEN IN "REAL TIME" SHOW AND TELL. A "Christian" image was projected and there was NO RECOGNITION by those "of God". So be prepared for the unexpected in every circumstance. The idiots of games and "gotcha" failed to realize that it is AGAINST Muslim "religion" and doctrine, AND TRUTH, to have an image of God—for there are no IDOLS "allowed" in the very basic doctrine itself. **I see no serious conflict that might not be attributable to 7 years in between them.**

- "The Club of Rome is made up of twelve to thirteen families—just three-hundred living human beings—and they control your world." That's the Committee of 300. The Club of Rome has 72 active members, according to their own website: ClubOfRome.org.

"Why did I do what?" I asked, "Figure things out?"

"Figure out what things?" he asked.

"Figured out the lie," I replied.

"What lie?" he asked.

"Enough said," I replied and walked out.

I looked for Ludy but it seems she left the suite, possibly to regroup emotionally,

THIS IS AWFUL.

Add it up.

Given the background already documented, what does it mean for EJ to say to Ludy, "If it comes down to morning or afternoon, I'll get back..."???

If WHAT comes down to morning or afternoon? Let's postulate a "takedown" (by improperly informed legal force) or even an assassination. In such a case, perhaps Mr. Ekker was making arrangements with Ludy to be out of the way (and unavailable to witness)? The first thought that crosses my mind is that LUDY WITNESSED THE ARGUMENT BETWEEN TWO MEN AT POOLSIDE AT THE TUSCANY FROM THE GILARMI WHERE SHE WAS WORKING AND THE NEXT DAY THE NEWSPAPERS WERE REPORTING THAT A RUSSIAN DIPLOMAT HAD APPARENTLY BEEN MURDERED. When EJ told me about this shortly after I arrived in the Philippines, I asked him if Ludy had spoken with the police about the incident and he told me he had advised her not to. WHAT? WHY NOT? Because she really couldn't tell them any more about the incident than that she saw two men arguing, he said. And we really don't need a whole lot of ruckus and distraction over something that could not advance the investigation in any case. I let it rest at the time but it was disquieting to say the least, especially how it was handled by EJ.

Now what do I do?

I am making this record and sending it "open channel" with a tagline which should ensure it is read by ones who have routinely intercepted my emails, presumably in intelligence and at a level where they will recognize this as a very serious matter. I have advised the recipient, Janet, to send a copy to at least one other person.

Should I go to the police? In a country where even a human life can be bought for 5,000 pesos? Can I talk with any of "my" friends here, who are all pretty much OWNED BY EJ??? I AM COUNTING ON "INTEL" TO UNDERSTAND WHAT IS GOING ON HERE AND TAKE APPROPRIATE MEASURES TO PUT A STOP TO THIS—NOW!!!

1:14 PM End Journal Entry

[END QUOTING]

*That ends this set of Journal entries. It should be obvious that there is quite a bit going on behind the scenes and quite a bit of information is arriving from EJ in twisted and CROOKED format.*

*At this point I am VERY uncomfortable. I am thankful that there are WITNESSED corporate resolutions to ensure my security and the plans to develop the Internet TV and Energized Water projects. But it feels like EJ has ulterior motives and I have already begun to suspect that he is up to no good.*

*At this point there remain only some three short hours until the publishing deadline for this issue. Mr. Ekker has been in touch with Valerie in Tehachapi to block Janet's efforts to obtain the mailing list for CONTACT subscribers and it seems likely that he will do what he can to see to it that this information does not see the light of day, so there is some doubt as to whether or not this will even be put to press via the usual arrangements and if not, we'll have to see about alternatives to the usual printer.*

God's will SHALL, however, prevail.

Ronald Kirzinger ("of" Hatonn)

Further, those members are not all of the same 12-13 core families. **I seem to recall that in another place Tesla said they were from 12-13 families.**

- "The elite already own all things of a material nature—gold, silver, property, food, water, power; even your bodies belong to them." And again, no mention of GAIA?

- "'Sananda' is the Egyptian word for 'Christ/God' in Akhenaton's time." I thought it meant "One with the Father"?

- **"The United Nations signed a treaty—the most powerful documents in the world—with the United States of America to depopulate your nation ANY WAY THEY CAN.** You can go look this up. And yet, your U.S. *Constitution* can nullify any mere treaty. That is why every attempt is made to have a Constitutional Convention, so they can get in there and make such a mess of it that it has to be tossed out, AND THEN YOU WILL BE LOST. THAT HOLY DOCUMENT IS ALL THAT 'LEGALLY' STANDS IN THE WAY OF THOSE WHO ARE SET AND POISED TO DO YOU IN." Wrong, wrong, wrong. **EJ Comment: Ron sees other means that mostly boil down to the same thing—generally I agree that the statement is superficial and incomplete but the point to retain the Constitution was made.**

- "United Nations Organizational Development Charter"—no such document; United Nations Industrial Development Organization is quite a "sic" **Again, Ron has better research facilities.**

- "CIA's Skull And Bones"—Uh, well, that must be the tail's dog. **Agreed, not a competent statement.**

- Is Prescott Bush still alive? Nope: RIP October 8, 1972.

- Hard to believe: "the synagogues actually supply brothels with call girls and women for all manner of lewd and lascivious things." **Where and when? The criticism is just as broad as the statement.**

- "Louis Farrar Khan"—another of many significant names horrendously misspelled

- "It will have to be a movement of the segment of your population that is currently THE MOST PUT UPON IN YOUR NATION." Are Black people more put upon than Red ones? How about GOOD people, are they less put upon than Black people? **Agree**

- "Even though your elections are rigged, fixed, tampered with and all manner of methods to get THEIR people into the offices of power, by God's Grace, a goodly man—from time to time—does manage to make it through." Really? When was that? **Is Ron Paul not a goodly man?**

- "Because only God and His Celestial Sons and their silver craft can truly *protect* any of you from Satan's evil bunch." God "and" his Celestial Sons?

- **"The 'Mark of the Beast' is your Social Security Number." NOT TRUE.**

- "When the confrontation between 'heaven and Hell', if you will, happens (and it is unfolding before your eyes daily) it will behoove you to be on the right side." INDEED.

- "Remember when gas was thirty-five cents or so, then in the 1970s it jumped to two dollars a gallon overnight?" NO, I DON'T REMEMBER IT LIKE THAT. In 1974 gas prices peaked at around 55 cents a gallon, a 43% jump over the pre-embargo average price at the pump of 38.5 cents per gallon. **In the summer of 1972, as I recall, Doris and I drove our camper to Seattle and Vancouver BC and the price of gas was \$1.50 plus, the highest I recall was \$1.75.**

- "Nostrodamas" versus Nostradamus: This goes BEYOND typography, in my opinion.

- "The driver and Dodi were killed instantly by the laser pulsed (flash) weapon fired from the missing 'white fiat sports car'." "The MI-6 agent in the white

sports car had the Laser Flash Gun..." WRONG or CONTRADICTION: According to "my" GCH in a writing dated September 1, 1997: "Calls were made and the assassins were already IN THE TUNNEL when the party reached that location. They were on the walkway ahead of the vehicle and shot both the driver and Dodi with laser weapons." The Jonur presentation doesn't even meet a simple test of common sense. If "Dodi was sitting behind the driver in line of sight of the weapon which killed them both"—HOW could that shot have been fired from a car beside or behind them? No mention of Princess Diana's involvement with GAIA. No mention of Mohammed Al Fayed's connection to Adnan Khashoggi and his connection to Iran-Contra.

- "The *Dearborn Independent* (and because his INDEPENDENT newspaper truly was *independent* he could not be pressured by the Khazars into 'killing' the article.) published *THE PROTOCOLS OF THE LEARNED ELDERS OF ZION*." Henry Ford's Dearborn Independent most notably published *The International Jew: The World's Foremost Problem*—a much more significant piece of work—so why focus on the Protocols, now widely in disrepute instead of the more consummate work?

- "fight (not with guns—though DEFENSE IS of God) for what is right". FORCE IS NOT OF GOD.

- "The definition of sin or evil is ANYTHING that interferes with your goodly/Godly works." Like this?

- "'Heaven' IS the infinite realm of outer space. This is why Lucifer and his fallen ones place so much effort—century after century—in keeping God's truth about space and the nature of the Creation a mystery to you." How does this material help anyone to get "there"?

- **"IF YOU DO NOT MAKE PREPARATIONS YOU WILL NOT SURVIVE"** "Survive"?

- "keep that U.S. constitution with you in that courtroom"—where it means WHAT, exactly?

- "I am pleased to again be working again with my colleagues."

- "So hold tight to your little hats AND SOULS!"

- "In America you have the HAARP system which can produce these effects on populations of people."

- "'HAARP' stands for High Altitude Auroral Research Project." No, it doesn't. It stands for High-frequency Active Auroral Research Project.

- "The four-hundred children given injections of the HIV virus that causes AIDS seven years ago by a doctor and his five nurses, for the second time received the death penalty (on appeal)." Four hundred children were given the death penalty for the second time?

- At this MOST URGENT time, Tesla wants to take time (and use up precious space) providing his autobiography?

- "You are not ruled by England..." Say what?

- "Nevada's privacy law states that no one is to know the owner of the corporation—complete anonymity UNDER THE LAW!" BS

- "They have Created laws in the other nations about you that call for PRISON if you do not agree with their lies." Created—with a capital "C", yet?

- Re Somalia: "Look at it on a map of the world; it is situated close enough to see and control the action..." This is nonsensical: They can see and control anywhere from just about anywhere. **EJ Comment: So the concept is negated? Perhaps there is a point to be made that is not "spelled out"?**

[END QUOTING]

Thus we see that on the day of the publishing deadline for the EXTRA issue, EJ is working up this "rebuttal" to my charge of BLASPHEMY, even as I am working on the article which follows, more closely identifying the EVIL nature of the "Jonur" material. **Ronald Kirzinger ("of" Hatonn)**

# BLASPHEMY The Jonur Writings

*The article which follows is an early version, which has been substantially update but will suffice for the purpose of documenting the undeniably blasphemous nature of the “Jonur” writings which Mr. Ekker has just finished defending.*  
[QUOTING:]

## BLASPHEMY: JONUR WRITINGS

### Definition

**blas·phe·my** (n.)

1. a. A contemptuous or profane act, utterance, or writing concerning God or a sacred entity.
- b. **The act of claiming for oneself the attributes and rights of God.**
2. An irreverent or impious act, attitude, or utterance in regard to something considered inviolable or sacrosanct.

## JUDGMENT VERSUS DISCERNMENT

One of the apparent paradoxes of this working environment is that we must not be judgmental and yet, we have a responsibility to wisely discern that which is against the Laws of God and Creation. Wisdom only comes through experience and experience is the process of making mis-takes. So, “Here we go again”, “Take 22—roll ’em!”

“I am Aton of the One Lighted Source—He who allows Himself to be called ‘God’.” This declaration found in the first paragraph of the first writing presented by “Jonur” certainly should cause any discerning reader to turn up the wick because only ONE energy making that claim COULD BE. All the rest—and we have witnessed a few before this, haven’t we—are BLASPHEMERS, those who claim for self the attributes and rights of God.

How do you like the odds in a game of Satanic Roulette wherein chambers without number hold bullets and only ONE chamber does not—and the only allowable bet is OF YOUR SOUL? Yes, this is “that” serious.

“Well,” comes the question, “what does it hurt to just put the information out there and let people decide for themselves?”

Answer: We are judged and our placement relative to God is determined in great measure by the extent to which we have pulled others from their path back to God—which is the definition of EVIL, after all. I KNOW better than to present the Jonur writings “as if” they “might be” from/of Aton/Hatonn. THESE JONUR WRITINGS ARE NOT VALID AND I WILL NOT PARTICIPATE IN THE BLASPHEMY EXCEPT TO OPPOSE AND DISCREDIT THE ERRONEOUS MATERIAL.

This is “my” discernment; I am acting in accordance with “my” conscience; and it doesn’t matter to “me” how many people “vote” otherwise. I am not a wind-chime! It is fine if you disagree with me; you will have LOTS of company if you do, I can almost guarantee it.

Let’s go back to that selected “opening barrage” and I ask you: Is Aton “OF” the One Lighted Source or is Aton simply THE LIGHTED SOURCE? Is this picking nits? NOT where soul energy is concerned and your soul energy ought to be concerned by such a statement. “He who allows Himself to be called ‘God’”??? There are quite a few energies who allow themselves to be called GOD, aren’t there? What does that declaration mean to YOU? YOU must make your OWN discernment, fellow traveler, and no choice IS a choice—but allow “me” to remind you: TOLERATION OF EVIL IS NO VIRTUE.

## GUIDANCE

We have been provided with everything we need to get on with this transition into Goodness and it is not surprising that these issues were addressed by several writings from 7 years ago:

2/14/00: *By the way, ANY “OTHER” RECEIVER who claims Gyeorgos Ceres Hatonn as his master teacher—LIES. I did not here say “Hatonn” but I think you get my meaning. The ONLY ONE place from which that name COULD FLOW was from our work through this receiver. THE ONLY SOURCE. If you think you receive from that “named” entity, be very, very careful—for you gained that information directly from something we projected. WOW—really! GOD ALSO ALWAYS OFFERS A CLUE!*

2/22/00: *Now, realize, staff and friends, that we have no objection to anything the staff feels is interesting to run in the paper according to their own choices. Just do not involve us in your presentation, please. We will be moving further and further away from “invisible” references for we are not interested in prophecy—but rather—THE WAY IT IS. We ARE the prophecy and the bringing forth of the prophecies so we don’t need prophets all over the place—for you will note that most are FALSE.*

3/4/00: *Truth is not finding the one “lesser lie” but in establishing TRUTH. And if there is one lie known—is not all else suspect?*

Commander Hatonn “told” us whole bunches of very strange things and at the time such information was presented there wasn’t always any way to know if it was valid. But—there was nothing ever provably FALSE and in time, almost all of the amazing, “incredible” (at the time) bits of information have been proven TRUE. Perhaps this INERRANCY on the part of Commander Hatonn has conditioned people to automatically believe ANYTHING WITH HIS NAME ON IT. That might prove to be very CONVENIENT for an evil-worker and you’d better believe your soul is worth every bit of effort on the part of the Adversary to pull you down.

### IF THERE IS ONE LIE KNOWN IS NOT ALL ELSE SUSPECT?

#### **Princess Diana’s Murder**

**According to “Jonur”:** “The driver and Dodi were killed instantly by the laser pulsed (flash) weapon fired from the missing ‘white fiat sports car’.” “The MI-6 agent in the white sports car had the Laser Flash Gun...” and “Dodi was sitting behind the driver in line of sight of the weapon which killed them both.”

**According to Commander Hatonn** (from a writing dated September 1, 1997): “Calls were made and the assassins were already IN THE TUNNEL when the party reached that location. They were on the walkway ahead of the vehicle and shot both the driver and Dodi with laser weapons.”

**Discernments:** These are two very DIFFERENT and IRRECONCILABLE accounts of the same event. Were the assassins already IN THE TUNNEL on a walkway or were they pursuing and overtaking the Mercedes in a white Fiat sports car? Was there one weapon fired by one individual from a white Fiat sports car or were there two weapons fired by two assassins from a walkway? Did one laser weapon kill two people instantly or did two laser weapons shoot the driver and Dodi separately (not necessarily killing

them instantly)?

If “Dodi was sitting behind the driver in line of sight of the weapon which killed them both”—HOW could that shot have been fired from a car pursuing—behind or beside—them? Oh, you say: The pursuing car (a little Fiat which was reported to have left some white paint on the side of the Mercedes) overtook the powerful Mercedes which was traveling several times the speed limit and maneuvered directly in front of it into perfect position for a double kill-shot. Let me ask you something: Is that how YOU would plan it, when it’s so much easier to simply fire from an innocuous and stable position on the ground? Doesn’t it make more sense that the little Fiat’s function was to ensure the Mercedes was traveling very FAST at the critical moment?

**It doesn’t work “both ways”. WHO IS LYING: Commander Hatonn or “Jonur”? WHY THE CONFUSION? Why NOW?**

Curiously, “Jonur” makes no mention of Mohammed Al Fayed’s connection to Adnan Khashoggi and his connection to Iran-Contra. More importantly, “Jonur” fails to mention Princess Diana’s involvement with GLOBAL ALLIANCE INVESTMENT ASSOCIATION. In fact, throughout all of the Jonur writings there is NOT ONE SINGLE MENTION OF GLOBAL ALLIANCE OR GAIA. Hmmm...???

#### **Aliens Among Us**

**According to “Jonur”:** “Any other kind [other than the cloned “little grays”]—most especially those who look like you—are killed outright.”

**According to Commander Hatonn** (numerous references): There are many aliens walking among us in physical form.

**Discernments:** This might be reconcilable IF those who would do the outright killing have no way of seeking and destroying those who walk among us. Did Commander Hatonn ever tell us that? What do YOU think?

#### **The Mark of the Beast**

**According to “Jonur”:** “The ‘Mark of the Beast’ is your Social Security Number.”

**According to Commander Hatonn** (numerous references): The “Mark of the Beast” on the forehead/hand refers to that which we THINK and that which we DO.

**Discernments:** I believe Commander Hatonn on more than one occasion stated explicitly that this “Mark of the Beast” business has nothing to do with the Social Security Number, although thus far I have failed to come up with a specific reference. On the other hand, I know that this Mark refers to our thoughts and deeds, for it is in those aspects that the Beast lays claim to SOULS and TRAPS them in this environment. By logical extension of the statement made by “Jonur”, anyone without a Social Security Number does not have the “Mark of the Beast”. What do YOU think?

#### **Entry into the Photon Belt**

**According to “Jonur”:** “So far it has been 19 YEARS AND 113 DAYS. This is why we count the years like this. [NB: YEAR 19, DAY 113 was on the header of this writing as it arrived from “Jonur”.] You entered the fringes of this photon field in 1962...” and yet we need to prepare for entry into it “at any moment”.

When we enter into it, “It will be a total time of terror, chaos and death to those who are not prepared and MOST ESPECIALLY THOSE WHO DO NOT KNOW ABOUT IT!”

“Stay inside and cover all windows and go to the darkest room in the house/dwelling. This is most important! You will need to be there for at least seven days and nights.”

“Get some propane to heat the room and to warm food.”

**According to Commander Hatonn:** From July 28, 1992: “Many of you in my crew are sorely aggravated that you had no ‘Photon entry’ (didn’t you? and, how do you know that you didn’t?—I say that you certainly DID). I found ones complaining that ‘... I told ones all about what to expect and now, I have egg all over my face! I am really ....ed!’ Do you NOT READ? I have told you every way I know how—the ‘Great Barrier is not yet even expected!’”

**Discernments:** The surface issue (timing) “could be” reconciled, IF Jonur’s “Photon ‘Band’” is the same thing as Commander Hatonn’s ‘Great Barrier’. Are they the same thing and if so, why call it something different “this time around”?

Did Commander Hatonn EVER say that we entered the Photon Belt on August 16, 1987? Is that the reason He gave for beginning the New Cosmic Time at that juncture? Not to my recollection.

There are some other issues here: Is it safe to heat and cook indoors with propane? Is that something Commander Hatonn would advise you to do?

How many of you noticed the unexplained changeover from Year 20 to Year 19? The first writing from “Jonur” dated October 31, 2006—YEAR 19, DAY 76 was published for all to see and no one noticed that we somehow GAINED A YEAR! Pop those corks in celebration because instead of Year 20, it is now only Year 19!!! Well, not really: According to EJ, all of the original “Jonur” writings in pencil on yellow paper are dated Year 19—but to his credit EJ corrected the dating to read Year 20 for any writings that would subsequently be published. (Shame on the rest of us for not noticing!) Commander Hatonn called 1987, Year 1; thus, the current dating “should be” Year 20—as indicated in all of my own (and EJ’s) updates this year.

### Armageddon

**According to Jonur:** It’s still coming and “Armageddon requires a nuclear war and massive, massive casualties.” Also: “You are all but out of time for the hour draws near for that which the world has anticipated. ‘Wars and rumors of wars’ you are nineteen years into the period of time you label: Armageddon.”

**According to Commander Hatonn:** March 4, 2000: “... even former President Reagan and his attorney general, Edwin Meese, were praying for Armageddon to come during the Reagan era. [H: **Some might even observe that it DID COME DURING REAGAN’S ERA but nobody noticed and there certainly was no nice fat-cat ‘rapture’.**] ALSO: “Our purpose is to re-write those prophecies.”

**Discernments:** Have we had it already or are we going to get it? How can we be “nineteen years into the period of time you label: Armageddon” AND “it DID COME DURING REAGAN’S ERA”? There is no doubt in “my” mind that “it DID COME”, so setting aside the foregoing CONTRADICTION, the question might be better expressed as: Is it coming AGAIN? Alright, this is a bit of a trick question because, as Commander Hatonn would surely tell us: IT’S ENTIRELY UP TO YOU AND THAT WHICH YOU (assuming you have creative potential) WISH TO CREATE. WHY DOESN’T “JONUR” TELL YOU THAT?

### Project Blue Beam and Muslims

**According to “Jonur”:** “The Khazar ‘General’ Donald Rumsfeld is in Iraq right now to see to it that preparations continue as planned when the ‘light show’ begins. It is arranged that he remain in power as he has always been—when the Global Plan 2000 take-over is spring on the world stage. The skies over Iraq and the rest of the Middle East are going to be

suddenly filled with manifested (made visible) craft. Your evil cartel has something called the ‘Blackbird Project’ (not to be confused with the CIA spy plane) and ‘Project Blue Beam’ to use on the troops of all sides in the war.

“This set-up will expose mankind to an experience never before experienced for THIS current civilization. It is calculated to begin the Biblical hoax that will cause you ones to think God is raising His hand against you. It is especially targeted to Muslim world in that they are more of a ‘believer’ than are you ones of Western culture. However, the Christ believers will not be overlooked. The projected images and experience will come right out of your ‘Sunday School’ lessons of fire and brimstone.

**According to Commander Hatonn:** 2/22/00: “The very reason the ‘Man’s Plans’ won’t work is that in the greater realization of mankind as a whole, the IMAGE of God has no recognized expression. For instance, a picture of ‘Jesus’ in the sky as pictured FOR YOU by some artist, is FALSE and the Muslims, for great instance, do not recognize the entity at all. So the show is wasted on them—and THIS HAS BEEN PROVEN IN ‘REAL TIME’ SHOW AND TELL. A ‘Christian’ image was projected and there was NO RECOGNITION by those ‘of God’. So be prepared for the unexpected in every circumstance. The idiots of games and ‘gotcha’ failed to realize that it is AGAINST Muslim ‘religion’ and doctrine, AND TRUTH, to have an image of God—for there are no IDOLS ‘allowed’ in the very basic doctrine itself.

**Discernments:** Is Project Blue Beam “especially targeted to Muslim world in that they are more of a ‘believer’ than are you ones of Western culture”? Or is it PROVEN to be less effective against the Muslims “for there are no IDOLS ‘allowed’ in the very basic doctrine itself”? I believe the excerpts are substantial enough for YOU to decide.

### The Club of Rome

**According to “Jonur”:** “The Club of Rome is made up of twelve to thirteen families—just three-hundred living human beings—and they control your world.”

**According to Commander Hatonn:** There are dozens and dozens of references to the Club of Rome throughout Commander Hatonn’s writings but NOWHERE does He state that it is comprised of “twelve to thirteen families—just three-hundred living human beings”.

**Discernments:** The “Jonur” statement is FALSE but could be set straight if it were changed to reference the Committee of 300. The Club of Rome has just 72 active members, according to their own website: ClubOfRome.org. Further, those members are not all of the same twelve to thirteen core families.

### United Nations Control of the USA

**According to “Jonur”:** “The United Nations signed a treaty—the most powerful documents in the world—with the United States of America to depopulate your nation ANY WAY THEY CAN. You can go look this up. And yet, your U.S. Constitution can nullify any mere treaty. That is why every attempt is made to have a Constitutional Convention, so they can get in there and make such a mess of it that it has to be tossed out, AND THEN YOU WILL BE LOST. THAT HOLY DOCUMENT IS ALL THAT ‘LEGALLY’ STANDS IN THE WAY OF THOSE WHO ARE SET AND POISED TO DO YOU IN.”

He also references the “United Nations Organizational Development Charter”. And then there is this little gem of advice: “keep that U.S. constitution with you in that courtroom.”

**According to Commander Hatonn:** I could find no reference to a treaty which includes any provision

to depopulate the United States. There is also no reference to “United Nations Organizational Development Charter”. Commander Hatonn never referenced the *Constitution* as a ‘HOLY’ document. Finally, he pointed out that ‘LEGALLY’—they’ve GOTCHA ALREADY. The SOLUTION to the problem of treaties, according to Commander Hatonn, is something called *Rebus Sic Stantibus*. From Journal #22: Pleiades Connection Vol. 1 (and this is IMPORTANT enough that I will cite it at length):

RECOURSES? Yes, fortunately there are—I wonder if you will take action? There is a principle in international law by which treaties can be nullified: *Rebus Sic Stantibus*. If you fail to stand against these intrusions to your sovereignty, your independence, your right to keep and bear arms, then you, as individuals, as a state, and as a nation, are ruined!

### IMPORTANT! IMPORTANT! IMPORTANT!

Along with the other information, take this to your State Representative. It is probable that he is not versed in INTERNATIONAL LAW and will not know how to proceed to nullify these disastrous treaties which are the reason why your guns, etc., are being taken away from you, as well as giving of your armed forces into a communist United Nations under a permanent arrangement.

Tell him/her that there is ample reason to void the disarmament law, and the INF treaty which has already been signed. You can stop the additional and worse treaties which the state department and the president have already worked out for you, by knowing how to proceed.

Your Representative will find the PREMIER PRINCIPLE of International Law in *Black’s Law Dictionary*. The page number, definition and documentation are reproduced below. IT IS THE HIGHEST REASON IN RANK FOR VOIDING A TREATY. THE PRINCIPLE IS CALLED:

### REBUS SIC STANTIBUS

IT MEANS THAT “THE SITUATION HAS CHANGED”. THIS SET OF PAPERS HAS BEEN GIVEN TO DOCUMENT WHAT IS REALLY HAPPENING TO THE UNITED STATES AND TO GIVE YOU PRINCIPLES IN LAW WHICH WILL ASSIST YOU TO PROCEED TO ARREST THE EVIL!

*Black’s Law Dictionary: REBUS SIC STANTIBUS:* On Page 1432 it gives the definition as follows: At this point of affairs; in these circumstances. A name given to tacit conditions. Said to attach to all treaties, that they should cease to be obligatory, so soon as the state of facts and conditions upon which they were founded has substantially changed.

Documentation: *Taylor International Law*, Section 394; *I Oppenheim International Law*, Section 550; *Gotius*, Chapter XVI, Section XXV.

What your Representative needs to know is that there is more to the treaties than what meets the eye....more than the states and citizens are aware. The people have been lied to about the “peace” program. They were not told that it meant giving away their armed forces and their own personal firearms. The true nature of the treaties was denied them. They were not told that the National Security and the security of the 50 states would be endangered. They were not told that they were being restructured for world government under a communist set of operating documents. Now that they know the truth the situation has changed! This knowledge is grounds for

nullification of the treaties. It is the Duty of the States to see that the *Constitution* is enforced as well as the *Bill of Rights*. It takes ONLY ONE STATE TO FORCE THE SUPREME COURT TO RULE ON THE ISSUE. IF THE RULING COMES DOWN UNFAVORABLE, THE ONLY RECOURSE IS TO REPEAL. TO REPEAL TAKES THIRTY-EIGHT (38) STATES TO OVERRIDE THE SUPREME COURT. IF THE ATTEMPT IS NOT MADE, YOUR GOVERNMENT IS IRRETRIEVABLY GONE! WHEN THE SECOND AMENDMENT GOES, ALL OF THE AMENDMENTS WILL GO BECAUSE IT IS THE KEYSTONE AMENDMENT. THIS INCLUDES THE RIGHT TO OWN LAND AND TO VOTE FOR ELECTED REPRESENTATIVES. ELECTED REPRESENTATIVES WILL FIND THEMSELVES IN CONFLICT WITH THE MILITARY GOVERNMENT THAT WILL PERSEDE THEM! THE USE OF DUAL-SPEAK, (ALSO CALLED DUAL-USE) SOPHISTRY AND *LEGER DEMAIN* STRATEGIES WERE APPLIED TO FOOL THE PEOPLE INTO INACTION. THE PEOPLE ARE THE ULTIMATE POWER. THE EVIL BEING DONE IS WITHOUT THE CONSENT OF THE GOVERNED. YOUR CONSTITUTIONAL GOVERNMENT WAS WRITTEN IN PERPETUITY AND WHAT THE FEDERAL GOVERNMENT IS DOING IS AGAINST THE LAW. THE UNITED NATIONS CHARTER WAS SLAPPED ONTO YOUR COUNTRY AS A "TREATY", ALSO! SINCE IT IS CAUSING ALL THE DAMAGE, IT SHOULD BE GOTTEN RID OF, ALSO, BY *REBUS SIC STANTIBUS!!!*

**Discernments:** This really isn't a fair comparison but come on, people: "Jonur" offers up completely FALSE information on its very face—a non-existent document ("United Nations Organizational Development Charter") and some noise against a Constitutional Convention, which is NOT on the burner now because they don't NEED it. And then there is that advice to "keep that U.S. constitution with you in that courtroom." THE CONSTITUTION MEANS NOTHING TO GEORGE W. BUSH AND IT MEANS NOTHING IN THE COURTS WHICH ARE NOT FUNCTIONING UNDER THE CONSTITUTIONAL REPUBLIC.

Commander Hatonn SHOWS THE WAY and provides SPECIFIC, VITALLY IMPORTANT information to enable recovery of the Constitutional Republic.

#### USA Ruled by England?

**According to "Jonur":** "You are not ruled by England..."

**According to Commander Hatonn:** The United States has always been controlled by England.

**Discernments:** WHAT DO YOU THINK?

#### Nevada Corporations:

**According to "Jonur":** "Nevada's privacy law states that no one is to know the owner of the corporation—complete anonymity UNDER THE LAW!"

**According to Commander Hatonn:** Everything Commander Hatonn taught us with regard to Nevada corporations is posted on the website of Budget Corporate Renewals and having built that website myself, I can assure you He never said anything so insipid.

**Discernments:** "Jonur" has presented FALSE information: THERE IS NO 'PRIVACY LAW' IN NEVADA and there certainly is not 'complete anonymity UNDER THE LAW!'

#### CONCLUSION

Alright, so maybe the exact method of the murder of Princess Diana is not so important and "picking nits". But we've covered off some other pretty IMPORTANT issues here: Aliens Among Us; The Mark of the Beast; Entry into the Photon Belt; Armageddon; Project Blue Beam and Muslims; The Club of Rome; United Nations Control of the USA; USA Ruled by England; and yes, even Nevada corporations; among other topics covered within these general headers.

## Then What Happened?

*This is being written "live", immediately before the publishing deadline. Please excuse typos, readers, there simply is no way to adequately proofread this issue and still get this paper out timely.*

*In my efforts to keep this to "sequence of events", I must note that from the moment I packed my suitcase with some of my personal belongings (including the laptop on which this is being written), I did not resume a Journal of Events until March 9. Fortunately, all of my communication with EJ Ekker since the Foundation Board Meeting of March 6 has been by email, so I will string together those records so that you might be FULLY INFORMED.*

*The first email I received from EJ was late on March 6, according to the time stamp, and I wrote a reply to it immediately, interspersed with his "Rept re Ron K" message, so let's jump right in at that point:*

Subject: Rept re Ron K

*We had quite an eventful day.*

The eventful days were mostly about one week prior to this message, beginning when EJ declared that the Jonur writings would be published "no matter what" "because we made a commitment". The best response I could think to make to that declaration was that I would have no part of it. At that point I became an insubordinate employee, in EJ's mind and he threatened to put me out on the street—for acting true to my CONSCIENCE.

EJ was strongly in favor of publishing the Jonur writings which purported to come from GCH and ATON, the Highest Energy in the Universe. I KNEW that these writings were EVIL and NOT what they purported to be. EJ SHOULD HAVE KNOWN THE SAME, being the one person supposedly closest to DHARMA. He was in possession of the writings for weeks as he typed them into his computer, word by word and has no excuse for not perceiving them to be FALSE, POISONOUS AND HIGHLY DAMAGING TO ALL THAT CAME BEFORE.

It was not until I wrote the "BLASPHEMY" article—instead of laying up the newspaper as "ordered"—that EJ finally backed off from his initial position. Even then, in front of witnesses at a Board meeting for Global Alliance, when asked if he would provide his verbal assurance that he would not put me out on the street, his response was, "HELL, NO!"

"In that case," I replied, "because I need to have

#### YOU DISCERN.

On March 17, 2000 (yes, about 7 years ago), Commander Gyeorgos Ceres Hatonn wrote: "I ask my 'messengers' to present to those who choose to partake—PERIOD ..."

I have presented "my" Truth in an effort to bring mankind into the Time of Realization, the Time of the People, the Golden Age. If you, the readers of *CONTACT*, the best schooled chelas of Commander Gyeorgos Ceres Hatonn, discern that I am in error, so be it and selah. If you know not me, you know not the Father who sent me. All the same, I do suggest that you keep your propane heaters OUTSIDE.

Salu.

**Ronald Kirzinger ("of" Hatonn)**

some security and peace of mind to do all that I have agreed to take on, I would like to propose that I should have my own place." This reasonable request was granted (in my opinion, ONLY because there were others in attendance to WITNESS EJ's unwillingness to provide me with ANY verbal assurance of security in having a place to stay) and it was RESOLVED unanimously that Global Alliance would take on the extra expense of putting me in my own condo.

It was also RESOLVED that \$100,000 would be allocated toward the new projects I am taking on for "the Mission", including an Internet-based "TV station" and manufacture and distribution of the "energized water" product.

Another issue raised before witnesses at the Board meeting was the issue of management of "the Mission". EJ's posture was (and is, presumably) that when Doris died, God put him in charge. Funny thing, though: GCH saw to it that the Board of Directors of Global Alliance Investment Association and Cosmos Seafood Energy Marketing, Ltd. had TWO members, not just one. My position was (and is) that ALL ARE ONE AND EACH IS EQUAL—and that as a co-equal on the Boards of the governing corporations, I am certainly every bit as much "in charge" as is EJ. This just means that we must AGREE in order to RESOLVE any issue. "Good business," in the words of GCH (Dad). The non-resolution of this fundamental issue was that EJ could go on thinking whatever he wants to but the corporate structure put in place by GCH shall determine corporate actions.

There are other issues and they will be discussed a little further along, but at least the reader now has some background to understand the "eventful day" EJ is referencing. Let's continue with EJ's email:

*The FDN meeting started at 10 and Ron showed up about 11.*

Funny thing but there is no mention of the fact that I packed my personal things and left EJ's condo the previous night. And yes, I had very good reasons for that uncomfortable course of action, starting with the fact that I was far more uncomfortable in EJ's place than I would have been out on the street. From the moment he perceived me as an "insubordinate employee" for refusing to publish Jonur's BLASPHEMOUS writings, you could cut the atmosphere in his condo with a knife. He had MANY outside communications and only shared a few. He talked in hushed tones when he was on the phone and was anything but friendly. There's more to the story but plenty of opportunity to get into it later. For now,

let's just say that I showed up well BEFORE 11:00 and did not miss any part of the meeting, which, as usual and as I EXPECTED, was called to order LATE. Bottom line: there were extenuating circumstances for my showing up late to the meeting and even then, as I suspected, I didn't miss a thing.

*He was low key until after lunch when Danny, who had borrowed \$1000 about a month ago with which to buy gold through a friend in which he had great confidence (who had taken \$4000 from someone else who had him jailed for delivering fake gold), was returning the \$1000 to me. There was discussion (an hour or more) about his keeping it to try again and after gaining a consensus of all present, I turned him down, as much for Danny's protection as for our own. Even if he obtains gold out in the Jungle he will be at great risk to deliver it through the military and Police checkpoints. That kind of abuse of the people will stop with the adoption of the GAIA Program.*

*Ron cleverly raised the question as to whether Danny was returning the money to Mr. Ekker or to GAIA and Danny said, "I got the money from Mr. Ekker." Ron said, "OK, but where did Mr. Ekker get the money? Were they his personal funds or did they come from GAIA.?" Of course Danny could not answer so I stepped in and said, "They were Ekker funds. All of the funds that have been used to fund the activities of the FDN have been Ekker funds. At the time the FDN was formed GAIA had no funds and the decision was made long ago to keep it that way for simplicity." That satisfied everyone except Ron who wanted to pursue the reasoning that those were GAIA funds and as a "co-equal" Director of GAIA he was as much entitled to them as was Mr. Ekker. Not too nice in public but that seems to have become Ron's style lately.*

I could write a book on those two paragraphs from EJ's email but will try to cut through to the main points he seems to be trying to make.

FIRST, let's start with the comment that "Ron's style lately" has been "not too nice in public". The THRUST of this statement is made more pointed a little further along with the use of emotionally charged and manipulative words like "insane", "burnout", "cabin fever" and "paranoia". How about "just the facts, ma'am"? The FACT is that EJ is only describing me in this way to manipulate the reader of his missive and NEVER used such words to describe me or my behavior UNTIL I opposed him with regard to running Jonur's BLASPHEMOUS material.

I couldn't help it that by acting according to my CONSCIENCE it amounted to pulling the King's pants down in public (HE REALLY SHOULD HAVE KNOWN BETTER) and pointing out his tiny little discernment. The alternative to weak discernment leads to another whole set of conclusions, as you will see further along.

SECOND, let's go back to the big gold deal EJ was referencing and focus on another point he seems to want to make: He says I "cleverly" tried to pin down the source of funding for this arrangement, which has WASTED 50,000 pesos—those funds are not recoverable—and then goes on to say I was somehow wanting to become "entitled to them"? That's pretty feeble thinking. EJ is many things, including the King of emotional manipulation, but he is not a weak thinker. All the same, he is going to find out that he cannot out-think GOD (and this is, after all, GOD'S PLAY).

THIRD, EJ has declared, in front of witnesses and now in writing, that in his opinion, "All of the funds that have been used to fund the activities of the FDN have been Ekker funds." HOW VERY INTERESTING!!? The 3-bedroom "almost penthouse" condo is also "his" and he alone controls

ALL Global Alliance funds. "He" buys lunch for EVERYBODY, ALL THE TIME; "he" spends an awful lot more money every month than his Social Security brings in. And, of course, in his opinion, we should somehow suppose that he "is" Global Alliance because Doris died and God left him in charge. IT IS A FALSE CONCEPT.

I would have bet that all of you contributors (of both time and effort) to Global Alliance thought you were contributing to Global Alliance—but it seems Mr. Ekker sees it differently. He is "in charge" and it's all HIS, apparently. You, the contributors, have apparently been contributing to EJ Ekker, not to Global Alliance. As he explained it to the Foundation Board and other attendees, on the record, your loans go to him, personally, and then he loans them to the Tallano Foundation. Is that how YOU thought things worked?

All along, he has been quietly maintaining a spreadsheet of all the money which the Foundation owes HIM, personally. I believe this is called "conversion". Is that the way GCH structured things? If you think so, you have FAILED the "corporate management" course offered for YEARS.

That is enough on this particular subject for now but I can assure you that I will handle my FIDUCIARY RESPONSIBILITIES to the corporations involved IMPECCABLY, just as GCH instructed us to do all along.

*Was that all for the day? No. Ludy saved the rest of the FDN meeting by locating, copying, and delivering a document much needed by the attorney and while we were congratulating her on that accomplishment, the tele rang with a request from Security that Mr. Erick San Juan was in the Lobby and could he be admitted? Of course, Erick is always welcome. We have no better or knowledgeable Filipino friend than Erick.*

*He was quite upset, saying that Ron had come to his office and accused me of poisoning him with the same material I had poisoned Doris and that was why he had to move out. Erick said he had some brown liquid that he claimed was doing the damage to him and that he would have it analyzed to see what Mr. Ekker was using to kill his wife and business associates. Bizarre? That doesn't sound strong enough and "insane" is overused these days (Mr. Bush has sopped it all up.). Further, Ron has claimed (to Erick) "ownership" of CONTACT to which I am quite sure GCH would object.*

Did I mention earlier that I had other reasons for being "uncomfortable" living in EJ's condo? I am just going to list some SANE observations for your consideration and see if you can say you KNOW how it is, and Ron's behavior is "BIZARRE".

1. When I arrived in the Philippines, EJ told me quite a bit about Doris' last days: how her feet swelled up like footballs and how they thought it was a lung condition but it turned out that her heart malfunctioned.

2. I thought it was strange that he decided to have her body CREMATED IMMEDIATELY instead of acting in accordance with the wishes of her family members.

3. Very strangely, MY feet started swelling within days of my arrival, and I started having heart palpitations, too. Over a period of weeks, doing a parasite cleanse, taking it easy, adjusting my diet and being very careful to have only "fresh" items, minimizing my coffee intake, the swelling subsided but I still didn't feel "100%".

4. Along the way I discovered that there was pretty solid confirmation of the fact that EJ Ekker "WAS" an agent for the Defense Intelligence Agency.

5. A significant group of EJ's friends here in the Philippines are: a KNOWN and ADMITTED "ex" CIA agent/asset; a KNOWN CIA asset; and a purported and "probably is" Regional Director for the CIA. There is no need to name names at this time but this is one of the "Old Boys" networks and they were most active during the reign of King George I, "Poppy" Bush. Surprise, surprise, when you walk into the office of the known CIA asset, the first thing that greets you, right in front of you as you come in the door, is the BEST COLOR COPY OF BONUS 3392-181 I HAVE EVER SEEN. EJ was entirely unconcerned about that particular observation and I never asked the guy from whence it came.

6. I have witnessed a transaction between EJ and one of these "Old Boys" which involved LITERAL laundry of blackened money and emphatically distanced Global Alliance from being smudged by the dirty dealing. And oh yes, Commander Hatonn wrote all about it—a full SEVEN YEARS BEFORE IT HAPPENED. How's that for a timely "heads up"?

7. EJ has admitted to having made it to the 32<sup>nd</sup> degree of Freemasonry but has always downplayed the significance of that.

8. The great shakeout of personnel in 1999-2000 occurred because many of those most closely involved with "the Mission" could see with their own eyes that things were not being handled properly in a financial sense; that EJ Ekker would never provide reporting or any kind of accounting of, we must now suppose, "HIS" funds.

9. Along the way I discovered that EJ has developed a very special ability to "sniff things out"; for instance, he could quote VERBATIM telephone conversations which I had while not in his presence. When I talked about what Dad told us about some of us becoming able to blink in and out of this existence at will, he answered, "That would be pretty handy for a spy." Whether he works his "magic" by tapping a telephone line or otherwise, he certainly can KNOW what another person verbalizes at a distance and I believe it is accomplished through self-hypnosis and some kind of mental projection.

10. Evil must wear a sign, we have been told. Here are some signs for you to consider: EJ wears a very heavy ring, on which is an eagle—but not a free-flying eagle, an eagle in the act of striking its prey, with talons fully extended, a symbol of KILLING/DEATH; EJ has a BEARD, which is often used to cover up one's emotions; EJ's posture is that of a HUNTER—head forward, body crooked; and finally, EJ is a master manipulator of the emotions of others, even as he has done in this brief email message.

11. Over time there were several references by both GCH and Doris to "the crooked man, who walked a crooked mile". Look them up, as I did, and see if it fits EJ. You might be surprised at your own conclusions.

12. Also under the "evil must wear a sign" category, there was a particular calendar in EJ's condo that always drove me nuts because the feature picture was of POPE RATZINGER (whatever he is called now and no, I have no respect for the "position" of a man who covered up the pedophilia in the Catholic Church well enough to gain the top job). The calendar page wasn't turned since November 2006 and I finally threw it in the garbage. The next day I heard EJ muttering, "... but not the POPE! JESUS!" At least one of the other "Old Boys" had the VERY SAME VATICAN CALENDAR prominently displayed in HIS space. And not far from that was a friendly letter FROM THE POPE thanking him for his service and commitment.

13. Just before the Global Alliance Board meetings to straighten things out, EJ was caught in a

lie and I asked him if he would swear to a lie in a court room. His answer? "I would SWEAR IT—on MOHAMMED!" Strange?

14. After the corporate resolution was arrived at to put me into my own place, while the air was thick enough to cut with a knife, just before I made the decision to get out of HIS condo ASAP, I overheard EJ saying to Ludy, just as I was walking into the kitchen to get a cup of coffee, "... and make sure he uses it all up." Then, while I poured the last cup of coffee from the pot into my cup, he stood at the doorway watching. There was no other reason I could perceive for him to stand there and ensure I poured that coffee—all of it—into my cup.

15. How many times did GCH make references to the abuse of ALCOHOL? In one case, in a writing from Doris (printed in the April 5, 2006 "Doris Memorial" issue), where she referenced AA (usually used for Alcoholics Anonymous), EJ put in a note defining the term as "probably means Attitude Adjustment". Was he "giving" Doris an "attitude adjustment" at the time? I can certainly verify that he likes to drink and has, on occasion, allowed his drinking to impair his judgment in business.

16. Finally, and possibly most interestingly, Skull and Bones uses the number 322. Perhaps it is just a coincidence that Doris passed away on 3/22 (based on her place of birth)?

I AM NOT ACCUSING ANYONE OF ANYTHING in asking the following reasonable, not "bizarre" (in my opinion) questions: COULD EJ be an agent for DIA, CIA or some other intelligence agency? COULD he have killed Doris with some kind of poison? COULD he be trying to kill me in much the same way? Is it a crime to SUSPECT that any of the foregoing possibilities could be true?

To be a SUSPECT requires: METHOD, MOTIVE and OPPORTUNITY. In this case, it is only necessary to fill in ONE of those blanks: MOTIVE. Do you suppose EJ Ekker could have any MOTIVE to assert his SOLE CONTROL OVER THE LARGEST ASSETS IN THE WORLD? If you think "his sole control" is the way God wants it, you should ask yourself WHY, then, did GCH see to it that it would NOT BE THAT WAY?

I don't know for sure but I sure had reasons to WONDER (suspect), and with less than a week until I "should" be in a place of my own, it made SENSE to move out of his place ASAP. There is plenty of time for the WHOLE TRUTH to come out and I strongly suspect you will see great efforts on the part of Mr. Ekker to cast ME aside in order that he will end up in control of "everything" because, according to EJ, "God put me [EJ] in charge!"

If you had these kinds of suspicions, would it not be reasonable to go to someone connected with the LAW in the foreign country wherein you find yourself? Would it be reasonable to lay things out before a respected and trusted "friend" who is obviously well connected with the country's SECURITY PEOPLE?

Yes, I spoke with Dr. Erick San Juan because he always told me if I ever needed anything, got into any kind of trouble or just needed a friend, I should get in touch with him and he could probably help, with all the connections he has in this country. I went to his office but he was not in and I ended up talking to him on the phone.

I told him I didn't know anything for sure, that it was just a series of observations which raised suspicions—but that I had collected a sample (that last coffee I poured), and he agreed to meet with me at the lobby of the Hotel where I moved my personal effects.

Now here's a "funny-peculiar" thing: It's a long

walk down the hallway to the elevators and someone at the other end, near the elevators, could literally "see me coming" from a long way away. As I approached the elevators to go down and meet with Erick, two guys came out of the suite directly in front of the elevators. We all got in together and they pressed "L" for the Lobby. I looked at the guy across from me. He was holding a black-sheathed object, holding it like I would hold a knife. The two of them looked me up and down and up and down. Nothing happened. We got to the Lobby—and I noticed that the only thing that got stabbed during our ride down was the button for the fourth floor. Huh? Peculiar, indeed.

I said goodbye to the elevator riders and no doubt they then went to the fourth floor (which makes no sense unless you make some kind of assumption) and I went to meet Erick. He didn't show up right away so I went outside for a bit. My phone rang and I answered. It was Dr. San Juan. He said he could see me. I looked around for his car but could NOT see him anywhere, even as we were talking and he was asking me if I was the guy in the white shirt?! We met in the lobby a few minutes later and I took him up to my suite and went over everything, in enough depth that he knew I wasn't accusing anyone of anything—but it would sure be nice to get the sample tested so we could know for sure. Now, if you have to, go back and read EJ's version of this.

I DID NOT ACCUSE EJ OF ANYTHING AND I STILL DO NOT.

How well do YOU think Dr. San Juan handled this situation? Should I trust him? WOULD YOU? The next morning he told me that I should take the sample to a clinic at a certain address nearby, on foot—and I said, NO THANK YOU! "A little birdy" told me to stay put, to not go out anywhere, and to not even let housekeeping have unobserved access to the suite, just to be sure that sample is untouched. Thanks to my friends, it no longer matters if they get the larger portion of the sample; a smaller portion is in a safer place. It sure "seems like" it "might be" interesting to see the results of a toxicology test.

It probably is nothing but—WHAT IF IT IS POSITIVE?

Well, let's not get totally carried away with "Walter Mitty" intrigue here. I am NO SPY but it sure seems like there are a whole bunch of them snooping around and trying to get their fingers around the WORLD'S LARGEST ASSETS. Why would anyone be surprised at that?

Let's touch on EJ's final sentence from the two paragraphs cited above. He wrote, "Further, Ron has claimed (to Erick) 'ownership' of CONTACT..."

My response? UTTER NONSENSE. EVERYONE SHOULD KNOW HOW GCH LEFT THINGS STRUCTURED; IT IS, AFTER ALL, A MATTER OF PUBLIC RECORD—just go look it up for yourself on the Nevada Secretary of State's website. With regard to CONTACT, INC., you will find that Ronald Kirzinger is all of the officers and the entire Board of Directors. Yes, I have complete CONTROL and the FIDUCIARY RESPONSIBILITY which goes along with it. "OWN" IT? NEVER! That is NOT the way God wants things done, that's not the way they have been done, that's not the way it was explained to Erick San Juan—and EJ KNOWS IT.

Alright, now let's get to the final paragraphs of this missive (missile, ACTUALLY) from the self-declared King of God's Divine Plan:

In his defense I would have to say that Ron has probably overly dedicated his time and attention and is suffering "burnout", "cabin fever", and "paranoia" (whether incipient or developed I am not qualified to say). I am certainly qualified to say that his attitude

and actions REQUIRE that he be terminated from the (ALL of the) projects if he does not quickly mend his ways. I have agreed to pay \$6000 plus to put him in an apartment of his choosing in this building (and that much more 6 months from now) as well as an additional \$100,000 to fund 3 projects that he wishes to pursue. To avoid a future conflict I will identify the Apartment rental and expense as Ekker personal, and the project funding as GAIA, which I will have to arrange to borrow from Monex against the gold deposited there. Fortunately there is more than enough "profit" (capital gain) in that account to accommodate the withdrawal with no threat to the owners' principle. In fairness, however, I should commit that should any of those owners object to the use of the profit in their accounts I will be obliged to honor their objection by reducing the funding available to Ron. I believe all of the owners to be on the list of email receivers of this message.

Well, let's just jump to the word, "terminated". Here we'll just have to get into some very basic understanding of corporate structure. A "boss" can terminate an employee, sure, BUT I am NOT anyone's EMPLOYEE (though I am certainly GOD'S AGENT). Let's lay things out just as GCH saw to it that they are structured.

Regarding GLOBAL ALLIANCE INVESTMENT ASSOCIATION and COSMOS SEAFOOD ENERGY MARKETING, LTD., the Directors of these two companies are EJ Ekker and Ronald Kirzinger, jointly. The only way either one goes is if BOTH AGREE. THERE IS NO WAY FOR EJ EKKER TO TERMINATE RONALD KIRZINGER FROM EITHER OF THESE TWO COMPANIES—EXCEPT POSSIBLY "OVER MY DEAD BODY".

With regard to CONTACT, INC., Ronald Kirzinger is the only listed officer or director. You will find the same situation with regard to PHOENIX SOURCE DISTRIBUTORS. So, it will be pretty hard for Mr. Ekker to terminate me from either of those two entities.

With regard to the NEW PROJECTS—an Internet-based "TV station" and the manufacture and distribution of "energized water" products—Global Alliance Investment Association (EJ and Ron as Directors) has promulgated a Corporate Resolution which ENSURES THAT THESE PROJECTS SHALL BE FUNDED AND THAT THEY WILL BE MANAGED BY RONALD KIRZINGER. Can EJ Ekker unilaterally rescind that resolution? "OVER MY DEAD BODY."

He writes, "I have agreed to pay..." and "I will identify the Apartment rental and expense as Ekker personal...". OOPS! There are WITNESSED CORPORATE RESOLUTIONS TO THE CONTRARY, EJ. THIS IS BUSINESS—AND IT IS GOD'S BUSINESS, NOT EJ EKKERS' BUSINESS. Those corporate resolutions state that the CORPORATION (Global Alliance) is agreed to pay and the CORPORATION has identified the apartment rental and expense as a CORPORATE expense, which the corporation has RESOLVED TO PAY. And yes, indeed, the SECRETARY of the corporation has certified those CORPORATE RECORDS.

Pretty slippery, EJ, but you CANNOT OUT-THINK GOD, DON'T YOU KNOW?

Alright, let's get to the "emotional appeal" part of his email to the Ground Crew:

I apologize to all of you receiving this email. I cannot think of another way to inform you of the new problem we face. There have been several prior "reports" leading up to this one and I am willing to respond to requests for them if any one of you wonderful ground crew desire more detail. I find the matter depressing to write about and I have to suspect

*that you find it depressing to read so I will try to bore you with as little as possible and still keep you fully informed. You can help me by letting me know if you need more detail.*

*I LOVE you all and I know you KNOW that. I fully intend to hold the course as outlined by GCH and, at least at this point, I am neither demented nor paranoid. I am healthy as I have ever been and I am most thankful to Father that we are truly moving ahead—despite the adversities. Thank you all so much for just remaining part of the REAL ground crew. EJ*

Regarding “several prior ‘reports’”: I WANT TO SEE THEM so that I might make comment on them. Why keep them from me?

Regarding “still keep you fully informed”: Do you think the recipients of this email from EJ were FULLY INFORMED?

Regarding: “I fully intend to hold the course as outlined by GCH...”: OH, REALLY? YOU LIE, MR. EKKER, AND YOUR OWN WORDS HAVE CONDEMNED YOU.

Regarding: “I am neither demented nor paranoid”: What a CLEVER way to try to make readers believe that the one WHO IS UPHOLDING THE MISSION AS GCH PRESCRIBED IS NOW SUDDENLY DEMENTED AND PARANOID. Even “if” I was—and time will TELL, as it always does—you’re going to have a hard time stopping this from getting OUT THERE SO THAT PEOPLE CAN MAKE THEIR OWN DISCERNMENTS.

He might get away with it—IF he can somehow block or even significantly delay publication of THIS message. So, you can count on him to do his damndest to prevent this article from ever seeing the light of day. But I think we’ll find the funding for at least one more issue and if the Board of CONTACT, INC. says “DO IT” (AND I WILL)—IT IS GOING TO BE DONE.

In the category of DISCERNMENT, you really should ask yourself just exactly what it would have meant IF THE JONUR BLASPHEMY WOULD HAVE BEEN PUBLISHED—because that certainly appears to be EXACTLY the point at which I “suddenly” seem to have become “demented and paranoid”. WAS IT ACTUALLY INTENDED THAT ALL OF THE REAL, TRUTHFUL, VALID GCH/HATONN/ATON MATERIAL WOULD BE POISONED? Because that is CERTAINLY what would have happened if I had allowed my conscience to be suborned by EJ’s bullying.

Now, dear readers, it is time to find out about your own discernment. This newspaper can die on the vine IF YOU LET IT or it can become that which it was always intended to be: A VOICE OF THE PEOPLE in THE AGE OF THE PEOPLE. As always, God provides—man decides. Turn up the wick and USE YOUR OWN, GOD-GIVEN DISCERNMENT.

That ends my response to EJ’s email of March 6. On March 9 I resumed making Journal entries upon discovering that EJ had unlawfully and unilaterally VOIDED a WITNESSED Corporate Resolution:

070309 4:17 PM

I just got off the phone with Ma. Luisa Carlos-Cornista (“Lulu”, the owner of condominium #2F at the Tuscany). I called her to confirm our appointment at 10:00 a.m. tomorrow to sign the lease. She stated that she had been informed by a text from Mr. Ekker that I was back in Canada and that she has gone ahead and rented the suite to another client. I told her that constituted unilateral voidance of a Board Resolution by Mr. Ekker and she seemed embarrassed. She asked me twice during the course of the conversation if I

was still in the Philippines and of course I told her that I am—it was as if she was reluctant to believe that Mr. Ekker would have lied to her about the situation but it is obvious that he has. It could also be that they had other discussions further to the text message, wherein EJ might have stated that I had left the country. She seemed very surprised to find that not only am I here but that I intend to stay here.

Here is a copy of the text from EJ Ekker to Lulu, which she volunteered to send to me and which arrived just minutes after our call ended:

From: +639178116391  
Sent: 3/9/07 4:19:44 PM  
Lulu, dis EJ EKKER. Ron s tlkg of ret to Canda s it s nt likely d mtl cn cnsunate. I wl ret to LL abt 2

The text message does not state that I had returned to Canada, it just says that I was (supposedly) talking about doing so. I never said any such thing to anyone. This is a complete fabrication (LIE) of EJ Ekker.

EJ has now stripped me of a place to stay and left me with no access to money (he controls all of the local accounts). I am booked in the Peninsula through tomorrow night but have to come up with some sort of tenable long-term arrangement after that. I need access to high-speed Internet—and some outside support. God only knows from whence that will come but I know it shall come if it fulfills His purposes.

4:36 PM End Journal Entry

With this surprising information “in hand”, I emailed EJ to see what he would say about the scheduled “lease signing” (which he had TERMINATED without advising me). Here is my email (at the bottom) and his reply:

From : EJ Ekker <EJEkker@pltdsl.net>  
Sent : March 9, 2007 3:44:27 AM  
To : “John Isaiah” <johnisaiah@hotmail.com>  
Subject : Re: Confirming Lease Signing Saturday at 10:00 a.m.

I notified you a few days ago (3/7/7) that Lulu had leased 2F to another party. I will paste a copy of that notice (sent to you at this same John Isaiah address) to you here:

\*\*\*

This afternoon I texted Lulu to tell her I had heard a rumor that you were considering returning to Canada and that I would confirm Saturday with her as soon as I heard from you.

On her way home this evening Ludy happened to meet Lulu in the lobby and she told Ludy to never mind Saturday, that she had just closed the rental of the unit with another party and they would move in Sat.

Last night I sent you a copy of the email I sent to the ground crew and FDN Trustees and all of the feedback I have received has confirmed my own evaluation that we will no longer be able to work together with you here in the Philippines. The suggestion is that we might manage it if you were back in Canada but here I am unwilling to go into a long-term lease such as the one we negotiated for 2F. EJ

\*\*\*

I have other meetings to attend tomorrow morning and expect to return at about 2 PM. I will appreciate your making arrangements to pick up your belongings as soon as convenient so please let me know when you can do that.

None of the several ground-crew members that I have heard from expect me to continue to try to work with a person that has accused me of trying

to poison him with the same substance I used to murder my wife—that accusation being a criminal offense in the Philippines if not proven true—so the unwritten “resolution” has lost all meaning and will surely not be honored by me. I will assist you as best I can to remove your belongings from the premises but that will be the end of my support. As I said earlier, your best option is to arrange to return to Canada and I am willing to discuss ticketing arrangements toward that end. EJ

So, what do you make of that? I DID NOT RECEIVE ANY SUCH “NOTICE” FROM EJ EKKER VIA EMAIL—NOT “A FEW DAYS AGO” AND NOT TWO DAYS PREVIOUSLY AS HIS OWN DATING SHOWS—NOT AT ALL.

At this point I have been “put out” AND a valid, WITNESSED Corporate Resolution has been unilaterally voided by Mr. Ekker, ensuring I do NOT have a place to stay despite all prior CONTRACTS and agreements between us.

HE “hear a rumor”—or HE STARTED THE RUMOR I WAS GOING back TO CANADA. I NEVER SAID ANY SUCH THING TO ANYONE AT ANY TIME.

HE ACCUSES ME OF HAVING ACCUSED HIM OF POISONING DORIS WHEN HE COULD NOT HAVE FIRSTHAND KNOWLEDGE OF ANY SUCH THING and on that basis, he says, he has voided the corporate resolution. Interesting? Just set up a STRAW MAN so you can knock it down, Mr. Ekker?

The next email I received from EJ Ekker was on March 11, just yesterday (last night):

I would appreciate your making an appointment with me to remove your belongings from this premises. Just give me a few times that you will be available and I will confirm a time that I can be available.

To save you some personal embarrassment, I would suggest that you not attempt to attend the Trustees meeting on Tuesday. Your questions and remarks at the last meeting were disruptive and not taken kindly; as Chairman of the Board of Trustees I cannot justify inviting you as I have, albeit tacitly, in the past. EJ

# UNABASHED PLEA FOR YOUR SUPPORT

**Support can take many forms, beginning and ending with a prayer for all our relations. I have been “put out on the street” in a strange country and “cut off” from funds which should be provided by Global Alliance for my sustenance, so your prayers are definitely appreciated.**

**If you can contribute monetarily, please do so through THE GOODLY COMPANY or CONTACT, INC. and remit your payments through P.O. Box 27103, Las Vegas, NV 89126 Tel. (702) 987-1103.**

**We are “there”. All that remains is to determine YOUR PART IN THIS GRAND PLAY.**

**Sincerely,**

**Ronald W. Kirzinger  
President and Director  
CONTACT, INC.**

WHAT DO YOU SUPPOSE IT MEANS WHEN HE SAYS, “To save you some personal embarrassment”? You don’t suppose he would have SECURITY FORCEABLY PREVENT ME FROM ATTENDING TOMORROW’S MEETING!?

I HAVE MET WITH A QUORUM OF THE BOARD AND IN LIGHT OF THE FOREGOING INFORMATION, MR. EKKER IS GOING TO FIND THAT NOT ONLY AM I MOST WELCOME AT TOMORROW’S MEETING—BUT HE IS NOT!

Alright, another email JUST ARRIVED from Mr. Ekker but it is time stamped MUCH EARLIER IN THE DAY TODAY. PERHAPS HIS “INTELLIGENCE” BUDDIES HAVE SHOWED HIM HOW TO CHANGE THE TIME ON HIS COMPUTER SO HE CAN CONTROL THE TIME STAMP? THAT WOULD MAKE SENSE OF SOME OF THE PREVIOUS ERRONEOUS TIME STAMP ISSUES.

It looks like Mr. Ekker might now be getting somewhat more conciliatory:

Subject : Equipment disconnection

Ron, I have asked the DSL technician to come at 10 AM Wednesday to disconnect your equipment and reconnect the DSL to mine. It would be advisable if you attend so that you can remove your equipment and other belongings at that time.

I have received some suggestions concerning your future activity with the project. It is hoped that you are more intelligent than Rick or Ed or Mark and will not act to damage me or the project so that your markers remain intact to be paid to you when there is money to do so. If you wish to consider that please email me so that we can begin to work out the details. EJ

IT IS AMAZING JUST HOW DAMAGING THE TRUTH CAN BE, IS IT NOT? WELL, CERTAINLY IF YOU HAVE SET YOUR OWN PURPOSES CROSSWISE WITH GOD’S. DO YOU THINK YOU CAN “BUY” ME IN EXCHANGE FOR SOME KIND OF “MARKERS”? YOU’RE TREACHEROUS, EJ, AND I WOULD NOT TRUST YOU AT THIS POINT FARTHER THAN I CAN SNEEZE. YOUR DAYS OF MANIPULATING OTHERS AND OF BLOCKING THE DIVINE PLAN ARE OVER.

YOU HAVE NO RIGHT WHATSOEVER TO “TERMINATE” A CO-EQUAL BOARD MEMBER. YOU HAVE DECEIVED PEOPLE WHO BELIEVED THEY WERE CONTRIBUTING TO “THE MISSION” WHILE YOU COUNT THEIR DONATIONS AS YOUR PERSONAL FUNDS AND ALL OF THEIR EFFORTS FOR GOD AS MERELY A DONATION OF SERVICE UNTO YOU.

YOU HAVE LIED ABOUT ME. YOU HAVE PUT ME OUT ON THE STREET IN A STRANGE COUNTRY AND CUT ME OFF FROM ALL ACCESS TO “MISSION” FUNDS. CONSIDER YOURSELF EXPOSED, AS IN “THERE IS NOTHING HIDDEN THAT SHALL NOT BE REVEALED.”

It is now only a little over an hour until the deadline for this issue to go to press and I am simply OUT OF TIME, even though there is A LOT MORE TO BE TOLD. And if you never thought it would be like this: you can join my club!

Salu to the “REAL” Ground Crew, whoever you are.

In the MEMORANDUM below, please note Mr. Ekker's fraudulent request to "Please substitute my name for his in the following Corporations...". HE HAS NO RIGHT TO MAKE ANY SUCH REQUEST. Also note his accusation against Ronald Kirzinger: "... in a blatant attempt to take control of Global Alliance Investment Association...". WHO IS TRYING TO TAKE CONTROL OF GLOBAL ALLIANCE INVESTMENT ASSOCIATION? Unfortunately for Mr. Ekker, Janet Carriger knows EXACTLY who contributed the funds to start up BCR, so the LIE of "However, you know that the money to start BCR came from Ekkers..." SHALL NOT STAND. "IF THERE IS ONE LIE, IS NOT ALL ELSE SUSPECT?" "I hope you will continue to serve BCR in your present capacity..." sounds like a THREAT TO ONE OF THE HARDEST WORKERS AND GREATEST GIVERS OF LIFE ENERGY TO THIS MISSION. WHY? BECAUSE SOMEONE SHE KNOWS< WHO HAS ACTED ACCORDING TO HIS CONSCIENCE, HAS CONFRONTED MR. EKKER? THINK ABOUT IT, READERS AND CONTRIBUTORS, AND BE SURE TO LET US KNOW WHAT YOU THINK.

### MEMORANDUM

March 10, 2007

TO: Janet Carriger

RE: Termination of Ronald W. Kirzinger as  
 Officer and Director of Certain Corporations

FROM: EJ Ekker, President

Please take note, Janet, that I am having to terminate our association with Mr. Kirzinger "for cause". To a close friend and business associate he has accused me of poisoning my wife and of attempting to poison him. In the Philippines that is a serious crime if it cannot be proven and the laboratory test he had done on the "offending substance" seems to have shown no toxin so he has already convicted himself. For that reason I am advising him to return to Canada so that I do not have to prefer charges.

Please substitute my name for his in the following Corporations at their next renewal: Cosmos Seafood, IESC, GAIA, Phoenix Institute, Corporate Advisers, and Unlimited Movement. If there are others that I have missed or forgotten, please bring them to my attention at the time of their renewal.

Obviously I cannot continue a business relationship with Mr. Kirzinger; what stories he will choose to tell you to explain such perfidy can in no way negate the truth of what he has done and attempted to do in the presence of very competent witnesses in a blatant attempt to take control of Global Alliance Investment Association and in disrupting a meeting of the Trustees of the Foundation of which he is a member but not a Trustee.

I recognize that you have had a long and personal friendship with Ron and I do not wish to disturb that. However, you know that the money to start BCR came from Ekkers (even though provided by other Corporations) so you also know that my service as the Director and Officers of BCR are not an "accident". I hope you will continue to serve BCR in your present capacity; you are certainly capable of handling all of its business affairs as you have for the past few years. I believe that if you can divorce your business life from your personal life we can continue a mutually profitable and satisfactory relationship and I will work toward that end.

## NEVADA CORPORATIONS:

# Nevada Vs. Delaware: Private Vs. Public

Budget's "Tip of the Week" #16:

**Response to the Often-Asked Question: What About Delaware?**

"My friend said that her attorney said that the best place to incorporate is Delaware because that's where all the big corporations are based."

The fundamental distinction between Nevada and Delaware is that while Nevada's statutes create benefits for **private** corporations, Delaware's corporate statutes have principally been designed to benefit shareholders of **public** corporations. Many large, public companies that trade on various exchanges across the country incorporated in Delaware because Delaware's statutes provide the best protection of the rights of shareholders. In recognition of the foregoing, Delaware's corporate law with regard to corporate takeovers is the strongest anywhere in the country. And if you want to "go public" with your corporation some day, Delaware's onerous disclosure requirements probably won't bother you.

On the other hand, Nevada's provisions for establishing and maintaining privacy of ownership and control is unparalleled. In Nevada, ownership of a corporation is not a matter of public record: There is no prohibition against the use of bearer shares; there is no requirement for stock to be issued; nor is there any requirement for an annual meeting of stockholders. In terms of privacy of control, the use of contract ("nominee") officers and directors has been a common practice since 1925. In addition, *NRS 78.257* makes it a gross misdemeanor for anyone to even *attempt* to use a Nevada corporation's records for purposes contrary to the interests of the owners.

Delaware is NOT "tax-free". A Delaware corporation's taxable income is taxed at the rate of 8.7%. In addition, its franchise tax has a graduated rate depending on capitalization, amounting to a minimum of \$30 and a maximum of \$130,000.

Nevada's corporate law easily surpasses Delaware's in terms of protection of corporate officers and agents. Delaware has recently adopted a statute that allows a corporation to limit the liability of a director for monetary damages—but *officers* of Delaware corporations are still not covered. **The following acts of officers and directors would be protected under Nevada law, but are exposed to liability under Delaware statutes:**

1. Acts or omissions not in good faith;
2. Monetary damages occasioned by acts of officers (directors are now exempt);
3. Breach of a director's duty of loyalty;
4. Transactions involving undisclosed personal benefit to the officer or director;
5. Acts or omissions that occurred prior to the date that the statute which provides for indemnification of directors was passed and approved.

In summary, Delaware cannot match Nevada in providing shelter for small, private corporations.
