# Knowledge Is Power To *Change Destiny* Will Enough Awaken In Time?

8/8/98 KORTON

Good afternoon. Commander Tomeros Maasu Korton here in Light and in service unto Holy God.

It is amazing to witness how your media dances around facts and twists them to resemble vague references to events as they ACTUALLY transpire. With our help and guidance, may you be given insight into your adversary’s plans to dupe an entire populace of uninformed humans as they ready you for THEIR VERSION of your so-called Apocalypse.

Since it does not have to happen as they have programmed you to expect, is it any wonder why no one

“in charge” admits to having any knowledge of or being part of the conspiracy of The Lie? If the masses of you-the-people have the short end of the stick (and you do), then just by knowing how someone else has set up your future (and consequent demise) there will be generated in your desires and thoughts the idea to have things turn out differently than your slave masters have planned. This energy flow is, in itself, enough to effect change.

**Whether or not that change is measurable by you, or betters or worsens your plight, is dependent upon what you think and do once you know this information. It is the *concept* contained within these teachings which allows you the ability to manifest your own destiny. And it is that**

## IRS LOSES IN TENNESSEE COURT BATTLE

From the INTERNET, courtesy of Calvin Burgin, <wrldline@texas.net>, 8/7/98: [quoting] Court Battle Date: Wed, 5 Aug 1998 Oh man! If only this would catch on!

—Jim

"Hallelujah!" was Lloyd L. Long's first comment after being acquitted, recently, of all "Willful Failure to File" tax charges lodged against him by the Internal Revenue Service for the years 1989 and 1990. How did he do that? No, it wasn't a miracle. Long did it by bringing before the jury solid, well documented evidence, acquired from the Research Foundation, and other sources.

Long based his defense on his personal belief that he was not a person required to file Federal income tax returns. Long's war of words was engaged through his attorneys, the nationally-prominent Lowell Becraft of Huntsville, Alabama and Russell J. Leonard of Sewanee, Tennessee, who fought with the most powerful and time-honored weapon available: THE TRUTH!

To open his defense, Long testified under oath that he had personally studied the IR Code (Title 26), and truly believed the income tax to be an excise tax which applied only to a specific type of individual or "person" specified in the IR Code.

According to Long's research, the income tax applied only to non-resident aliens, and U.S. citizens living abroad in a country where a tax treaty exists with the United States.

Long stated that the only other IR Code section he found that deals with the issue of who is liable for income tax is the "withholding agent". In conclusion Long said: "I am not one of those people referred to in Sections 1441, 1442, and 1461, and therefore I believe the law cannot apply to me." Long, to verify his statement, picked up his copy of the IR Code book, and cited one of the pages he had carefully tabbed from Section 7701 (a) (16) which defines the term "withholding agent" used in section 1461.

Long said that "there are many other tax liability sections that apply 'privileged occupation' to those who are involved in the sale or manufacture of alcoholic beverages, tobacco products and the manufacture of firearms, BUT I CAN FIND NO SECTION IN SUBTITLE A THAT APPLIES TO ME".

In presenting the case for the Internal Revenue Service, assistant U.S. Attorney Curtis Collier, assisted by IRS special agent Michael Cheasley, declared that Mr. Long had a gross income in excess of \$49,000 for each of the years 1989 and 1990, and that he had "willfully" failed to file income tax returns for those years as "required by law".

In trial, the defense admitted that Mr. Long did in fact have income in excess of \$49,000 for each of the years in question, and that he did not file a return. Becraft, in defense of Long, proceeded to prove to the jury beyond a reasonable doubt that Long was not "liable" for an income tax, nor was he "required by law" to file.

The defense brought out a case entitled "Flint v Stone Tracy Co.," which stated that an excise tax was defined as being a tax laid upon the manufacture, sale and consumption of commodities within the country; upon licenses to pursue certain occupations; and upon corporate privileges.

The defense also turned to the case of "Redfield v Fischer". In this instance, the court ruled that an individual, unlike the corporation, cannot be taxed for the mere privilege of existing, but that the individual's right to live and own property was a natural right upon which an excise cannot be imposed. Defense also pointed to several studies done by the Congressional Research Service showing the INCOME TAX is an EXCISE.

Finally, Long's legal team pointed to another Tennessee Supreme Court case, "Corn v Fort", in which the court ruled that individuals have a right to combine their activities as partnerships; and that this is a natural right, independent and antecedent of government.

This testimony, brought out by Defense, was the fact that NOWHERE IN THE ENTIRE INTERNAL REVENUE CODE (some 9,722 separate Sections, as of 1992!) WAS ANYONE ACTUALLY MADE LIABLE FOR THE INCOME TAX.

In a last-ditch attempt, the Prosecution tried to insinuate "guilt by association". They claimed Mr. Long had "known and relied upon persons of questionable character". Their argument was that the writers of some of the books he had read, and some of the people he knew and relied on as the basis for his belief had been convicted of tax-related charges in the past, and "were in fact criminals".

Long responded that just because a person had been convicted of a crime by a court, this did not invalidate everything he said. To illustrate his point, Long pointed out that "the apostle Paul was a murderer, but by the Grace of God he became the greatest of the apostles" [Not true, but...]. He added "I did not rely on anything that I did not personally check out thoroughly."

## BECRAFT SUMMATION "FINISHES" IRS

In summation, Mr. Becraft reminded the jury that Galileo was imprisoned for holding a belief that conflicted with what everyone else "knew as a fact" and that Columbus, acting on a belief which conflicted with what everyone else knew as a "fact", discovered something no one else thought existed.

A Chattanooga TV station quoted a government spokesman as saying that this case will change the way the IRS will handle such cases in the future. The spokesman for the government indicated that the government will "be less likely to prosecute if a jury isn't going to decide in our favor".

Patrick <psulli@eatel.net> "In its larger and juster meaning, property embraces everything to which a man may attach a value and have a right; and which leaves to everyone else a like

advantage...—James Madison

What's interesting to note here is that the prosecution did not challenge or attempt to refute any of the cases cited, or the conclusions of the courts. Furthermore, on the following defense, once again the prosecution did not challenge or attempt to refute the point made by Long's attorneys, nor were they able to show a statute that made anyone liable for income tax.

The jury agreed with the Defense. By finding Lloyd L. Long "Not Guilty" on all counts, they have ventured into hitherto uncharted territory in their monumental decision. [End quoting]

**What an important win!** Let's keep praying and working hard to overcome these lying thieves and don't give up.

**Right is might when we know how to present it!!**

## TERMS OFFERED TO CLINTON

From the INTERNET, by Sherman H. Skolnick for *Conspiracy Nation*—Vol. 12, Num. 28, 8/11/98: [quoting]

Here are the terms reportedly offered to Bill Clinton for a public apology and/or resignation. Reportedly offered by Democratic National Committee/Robert Strauss, Sr./Akin Gump Law Firm (Strauss head of law firm; Vernon Jordan, senior partner):

\*\* Home in Pacific Palisades, California, furnished, \$5 million.

Ownership **not** joint tenancy with Hillary Rodham Clinton. Does that mean divorce or legal separation with full spousal support?

(Was this property planned to have been bought by Dodi Fayed for Diana?)

\*\* \$50 million to be added to Swiss account, code named "Chelsea Jefferson".

\*\* Al Gore to accept Governor George W. Bush (Texas) as Vice President, or Jay Rockefeller.

\*\* Clinton to be offered position with World Bank, or IMF.

\*\* Mass media to support terms with "good for country, stability" propaganda blitz.

Israeli intelligence, the Mossad, has already, through New York private investigators, had the Monica Lewinsky dress checked by reputable private laboratory for semen DNA link to Clinton—confirmed as positive. Dress given to FBI laboratory may be gimmick for Strauss/Clinton maneuver. FBI may state the dress they have shows negative or was damaged by chemicals. New York **private test** could be held over Clinton's head to force him to accept terms.

Mossad demands Clinton somehow force China to stop supplying missiles and other weapons to Iran and other sworn enemies of Israel. Part of deal offered to Clinton includes downplaying Wang Jun treason accusations originally started by White House intern Mary Cairin Mahoney, murdered by intelligence team, July 1997, in Starbucks coffee shop, Georgetown. Since Wang Jun is private law client of "independent" counsel Kenneth W. Starr, Starr is involved in deal with Clinton.

So far, Clinton either refuses terms or wants deal sweetened.

Senate Judiciary Committee, headed by Senator Orrin Hatch, would have to arrange impeachment trial if House votes Articles of Impeachment. Clinton is threatening to expose Hatch's criminal activities with BCCI (Bank of Credit and Commerce International), which could

open Hatch up to criminal prosecution. Hatch has been urging Clinton to resolve Lewinsky scandal by full disclosure and apology.

Ultra right wing is itching to start accusations, more public, that entire group of women in Lewinsky mess are more or less assets of Mossad, including Monica herself, since she was a teenager. Mass media so far is resisting giving known bigots a field day, yet basic facts seem correct.

Apology by Clinton or his resignation would stop White House scandals from spreading to huge Red China involvement with laundering illicit funds on Chicago Board of Trade, Chicago Mercantile Exchange, and Chicago Board Options Exchange, known supporters and cronies of Clinton.

Also, scandal to possibly spread to naming three other White House women with apparent direct accusations against Clinton, including his apparent treasonous deals with Wang Jun, giving the reputed head of the Red Chinese Secret Police U.S. industrial, financial, and military secrets.

Stay tuned.

Let us please be civil and as always, Caveat Lector. [End quoting]

Quite a scenario that does make logical sense, but if it is truth, giving it publicity will probably cause it to be changed—at least partially.

### 8.0 OR LARGER EARTHQUAKE PREDICTED—SOON!

From the INTERNET, Mitch Battros <earthng@earthlink.net>, 8/13/98: [quoting]

Bill Steel of the University of Washington Seismology Center, second only to the USGS site in Colorado, stated today: "It is very possible we may experience a very large quake (perhaps 8.0 or larger) in the next few days, to occur somewhere on the West Coast.

There were two quakes that occurred in addition to the M5.4 that hit near San Francisco at 7:10am (PST).

They hit in the San Juan Island area near the Washington State/Canadian border. The first was M5.4, the second was a M3.5. Folks, I have interviewed Bill Steel and the people who work with him. I believe Bill to have the utmost integrity. I can tell you, I am paying very close attention.

Mitch Battros, Producer—*Earth Changes TV* [End quoting]

It's a good time to check your emergency supplies because we know it's coming—it's only a matter of timing. Both Northern and Southern California have been shaking more violently these past several days.

### ISRAEL TOLD U.S. TO IGNORE BOMB WARNING

From the INTERNET, courtesy of Calvin Burgin, <wrldline@texas.net>, 8/12/98: [quoting]

Israeli intelligence told the United States to ignore a recent warning that the US embassy in Kenya would be attacked, saying the informer was unreliable, the *Haaretz* newspaper said Wednesday.

The newspaper, citing an Israeli security official helping to probe Friday's massive car bomb attack against the Nairobi embassy, said the informer had been in contact with Israeli intelligence agents in the past.

The newspaper's correspondents in Nairobi said the man's warning came shortly before

unknown assailants exploded huge car bombs simultaneously next to the US embassies in Nairobi and Dar es Salaam on Friday, killing more than 250 people.

Netanyahu has offered the United States intelligence assistance in tracking down those responsible for the embassy attacks. Israeli officials said there was little doubt the bombings were the work of some Islamic fundamentalist group.

[*Haaretz* actually wrote, but Israeli intelligence told the Americans not to put much faith in the man's report.

During an internal briefing this week on the Nairobi attack, an Israeli security official said the Americans had asked Israeli intelligence for their opinion of the man. However, based on their past experience with him, the Israelis said the man's warning should be taken with a grain of salt.] [End quoting]

The Israelis are renowned for giving the U.S. misinformation.

Also, remember Netanyahu and Clinton haven't been hassling each other by the reports that have come out over the last few months—so why should he help Clinton out of his troubles.

And from another point of view, who's to say the U.S. isn't guilty of another dastardly deal to get the focus off the White House mess. Death follows Clinton and his follies—make that fillies.

### LIFTING OF HEMP BAN SOUGHT—HEMP IS NOT DOPE

From the INTERNET, courtesy of John Ray, <John.Ray.1776@worldnet.att.net>, 8/6/98: [quoting]

by Curt Anderson

It will not get people stoned unless smoked in massive quantities and its strong fibers can be used in 25,000 ways, from construction material to paper to clothing. It also just might make a few farmers feel a financial high.

But right now, the federal government bans cultivation of industrial hemp and considers it a controlled substance, no different from its hallucinogenic cousin marijuana. Several groups, including the North American Industrial Hemp Council and the Resource Conservation Alliance, want to change that.

They are preparing to petition the Drug Enforcement Administration to drop hemp from the controlled substance list. They also want the Agriculture Department to set up a system of certifying hemp seeds and licensing farmers.

"There certainly is a demand for it," said Ned Daly, director of the Resource Conservation Alliance. "It's a very easy crop to grow. It truly is a weed."

Hemp has a long history in the United States. George Washington and Thomas Jefferson grew it; the *Declaration of Independence* was drafted on hemp paper. During World War II, the federal government mounted a "Hemp for Victory" growing campaign for many military uses, including ropes.

Some agricultural economists say farmers today could gross up to \$500 an acre for hemp.

Canada legalized it earlier this month after a 60-year ban, in part because of the income potential for farmers, and several U.S. states are promoting hemp research.

Hemp and marijuana are both varieties of the cannabis sativa plant. But hemp typically

contains only a tiny fraction of the active ingredient, THC, that makes pot smokers high.

Still, the DEA and President Clinton's drug control policy director, Barry McCaffrey, say hemp's legalization could hinder efforts to stamp out marijuana.

"A serious law enforcement concern is that a potential by-product of legalizing hemp production would be de facto legalization of marijuana cultivation," McCaffrey's office said in a statement. "The seedlings are the same and in many instances the mature plants look the same."

Supporters of ending the ban say that is just blowing smoke. They say hemp plants are far taller than marijuana, are grown much closer together and typically are not allowed to flower. The flowering produces the buds most sought after by marijuana growers.

"The dope argument lacks any merit," said Hawaii state Rep. Cynthia Thielen, a Republican who says farmers in her state want hemp as an alternative to sugar and pineapples. "You can tell the difference. You're licensing farmers so you know where the crop is. If someone's growing that isn't licensed, bust them."

The Agriculture Department, however, questions how profitable hemp might actually be: it is labor intensive and cheaper alternatives already exist for many of its uses. For instance, hemp linen costs \$15 a square yard, compared with only \$7.50 for flax linen.

"Hemp production in the United States has no demonstrated economic value potential as a cash crop," the McCaffrey statement said.

But proponents are undeterred, noting that Canadian farmers plan to plant 5,000 acres of hemp this spring and farmers in England and Germany have turned solid profits from it for years.

Some of the more unusual uses for hemp include reinforcement in concrete, as a replacement for fiberglass in cars, in shoes and even as a cosmetic oil.

Beyond the economic arguments, proponents say hemp is good for field rotations that help sustain soil and reduce harmful insects.

"While the rest of the world is jumping on the hemp bandwagon, American agriculture is being held hostage to obsolete thinking," said Jeffrey Gain, a hemp proponent who was former chief of the National Corn Growers Association. "It's a legitimate crop with enormous economic and environmental potential." [End quoting]

It looks as if some headway for hemp legalization is being made. If enough of us make contact with our legislative leaders about this, we can probably get this passed. How about it??

### CLINTON SCANDALS BODY COUNT: ADD SOME MORE

From the INTERNET, 8/8/98: [quoting] Statement:

Just last night the same topic came up in my home! It is coincidental, isn't it, that something big always happens when the heat is turned up?

Response: Not so much by coincidence, I fear, than by design. I am not sure about other administrations, but during the reign of Clinton, there seems to be an uncanny synchronicity between public focus on Clinton and national/international crises. The last two are of the greatest note: the disintegration of Clinton's support structure and the Capitol Hill shootings;

the up-coming contempt charges against Janet Reno and the DNA evidence on Lewinski's dress and the recent bombings of American embassies.

Dare we think that operatives would try to divert our attention from a national scandal by murdering people and endangering the lives of many others?

Are you referring to the persistent rumors of the Klinton death squads?

With the understanding that circumstantial evidence is just that, circumstantial, there comes a point when the preponderance of same leads one to the conclusion that there is more to this than meets the eye.

Sometimes, when overwhelmed with supportive circumstantial evidence, one is forced to conclude that a duck is a duck.

Could the intent be to keep us psychologically indentured to that idea that big father/protector figure, the head of our government, will protect and defend us peons forever and ever??

The dumbing down of Americans is no accident. It has been thrust upon us by the concurrent phenomena of consumerism and the relentless "usurpations" of our rights for decades. What we are now observing is only the culmination of the efforts of a multitude of despotic regimes during forty years of a sleeping American public.

And that would make us look with kinship, friendship, respect, etc., on him? B.S.! The very idea makes me sick!

Only for those who fail to see a tyrant for who he/she is. Only for those who would have the government do for them what they could do for themselves.

You are not alone in your mistrust. Just keep a search for truth/proof paramount. Then you will have a basis for your suspicions, and let's face it, it is only our search for the truth which separates us from the fringes.

Laziness begets tyranny. [End quoting]

When will these numerous "coincidental deaths and suicides" stop?

### PRAY FOR RAIN AND COOLER TEMPERATURES

Several nights ago Art Bell asked his 18 million listeners to pray for rain and cool temperatures for North Texas. And if you read or heard the news the next day—they got both. Happenstance? NO!! This was the 3rd or 4th time he was successful in having his audience pray for some type of help situation. Never give up on positive thinking and prayer.

### ISRAEL HAS HOLOCAUST VICTIMS' MONEY

From the INTERNET, courtesy of <John.Ray.1776@worldnet.att.net> 8/6/98: [quoting]

Hundreds of elderly Holocaust survivors live in bleak conditions at Israeli mental hospitals—while millions of dollars in German reparations accumulate in accounts controlled by the government.

Doctors say government trustees refuse to allow the money to be used to improve the survivors' lives, turning down requests for televisions, air conditioners and holiday parties.

About 900 of the 360,000 Holocaust survivors who live in Israel are believed to be in mental hospitals. Most have been institutionalized since

the 1940s and '50s when they came to Israel, where weary survivors met an ambivalent reception from a state busy creating a new image of the proud, fighting Jew.

The patients' illnesses, which are traced to their experiences in Nazi death camps, make them wards of the state. Their bank accounts are administered by the court-appointed Fund for the Care of Dependents, which is supervised by the government's General Custodian for Wards, attorney Shmuel Tsur.

Tsur and fund director Avi Angel blame each other for the failure to improve patient living conditions. [End quoting]

For those of you who can read well "between the lines" here you have blatant admission of the extortion racket and cash flow going on here. If we start with the fact there was no "Holocaust" as presented in the history books, the rest of the lies and deceit easily stand out.

### WHO IS THE ENEMY?

Excerpted from the INTERNET, 8/98: [quoting]

...I have noted some of the things you have to say on this subject. I would point out that it is said that the purpose of "national security" is not to protect the populace from an international threat, but rather to protect the government from the populace.

As a corollary, the objective of government secrecy is not to hide information from foreign governments, but rather to keep secrets from the people.

If these latter views on "national security" and "government secrecy" are even remotely correct, then their truth (in that case) strongly suggests that the government regards its own peoples "the enemy", in which case it is unlikely that the people would ever be granted the freedom to travel to space as easily as hopping in the family car.

We therefore can infer an intent on the part of the government, in the form of a vested interest in control over the people, to actively prevent the deployment and use of any technology which would be cheap and widely available for reaching space.

It is then no wonder that NASA has no research facilities or projects for anything other than rocketry and jet propulsion... [end quoting]

It seems many people are waking up to the fact that we are our governments' enemies! It's about time!!

### GERMANY OKs PAYMENTS TO HOLOCAUST SURVIVORS

From *THE ORLANDO SENTINEL*, 8/9/98: [quoting]

Germany has reached final agreement with a lobby group representing Jewish interests to pay compensation to surviving victims of the Holocaust in Eastern Europe, the finance ministry said on Saturday. The agreement covers terms for compensating those who left Eastern Europe for the West during the Cold War, a ministry spokeswoman said. The federal government in Bonn and the New York-based Jewish Claims Conference agreed in January to set up the \$110 million fund to pay compensation to an estimated 18,000 Holocaust survivors in Eastern Europe. [End quoting]

I'd venture to say most of the money is going to "stick" to the hands of the "middle men"

involved in this deal. What a racket!

### SEA-LAUNCH ROCKET PROGRAM SHUT DOWN

From *THE DAILY NEWS*, Los Angeles, 8/11/98: [quoting]

The State Department has suspended work on Boeing's Sea Launch commercial rocket program after learning the company disclosed potentially sensitive information to its Russian and Ukrainian partners.

Boeing officials tried Monday to convince the government there would be no further unauthorized disclosures. The \$500 million project would launch satellites from a floating platform in the Pacific Ocean,

The material in question was not classified data, said Dick Dalton, a spokesman for Boeing in Washington, D.C., but he declined to elaborate on the nature of the information given to the Russians and Ukrainians.

The suspension led to the exodus from Long Beach of 30 to 40 Ukrainian and Russian engineers who had been working on the project, which had been hoping to launch its first communications satellite in early 1999. [End quoting]

Sounds like a lame excuse to me after all the treason that's been committed by the Washington goons. More than likely some other secret technology avenue will be employed to address whatever shenanigans were originally slated to be conducted via this route.

### REMOTE SMART-CARD READER ALERT

Excerpted from *NEXUS* magazine, Jun./Jul./98: [quoting]

On Track Innovations Ltd (OTI), a leading Israeli company developing contactless smart-card technology and applications, has announced the addition of the SCI5000 Eyecon reader to its family of smart-card readers.

According to an OTI press release, it is part of a new SCI5000 family of OEM boards for chip-card readers. These boards are miniature card-readers, about the size of a credit card and only 15 mm thick. The antenna used for contactless communication can be either a local unit in the reader or a remote passive antenna, connected to the SCI5000 via coaxial cable up to 33 metres (110 feet) in length.

The Eyecon features bi-directional data transmission to/from the IC card at 106 Kbps and higher, and a patented passive 'electronics-free' antenna or added security and easy physical integration. The passive antenna can be mounted in a remote location up to 33 metres from the SCI reader/writer. It allows simultaneous transmission of both power and bi-directional read/write messages to contactless IC cards. [End quoting]

They'll track you in every detail of your life. Don't forget that the elite can already see through the walls of your house.

### VATICAN-ISRAEL TENSIONS ESCALATE

From the INTERNET, courtesy of Calvin Burgin, <wrldline@texas.net>, 8/9/98: [quoting] Caveat Lector

A decision by Israel to broaden Jerusalem's jurisdiction "is causing great disquiet", the Holy

See said this week, a sign of escalating tensions between Benjamin Netanyahu's government and the Vatican.

The single-page "Non-Paper on Jerusalem" was published Thursday by the Holy See's observer mission to the United Nations, and expressed its support for a decision last month by the Security Council to criticize Israel for plans to expand its jurisdiction.

The expansion, announced in June, extends municipal services to several West Bank settlements and incorporates some Israeli towns within the Jerusalem municipality—partly to maintain the Jewish majority.

That move "is causing great disquiet", the Holy See statement said. "It certainly does not favor a dialogue aimed at a solution of the problem of the Holy City."

The mission spokesman, Monsignor George Panikulam, refused on Friday to say why the statement was distributed to the press now, but it appeared linked to Vatican anger at Israel for interfering in its bishop selection process.

Israeli Prime Minister Benjamin Netanyahu acknowledged this week that he had tried to block the appointment of a Palestinian refugee as the archbishop of Galilee.

"I discussed the nomination with the Vatican's representative in Israel and expressed my concern regarding the politicization of nominations of the church," Netanyahu said.

That led the Vatican to sharply remind Israel on Friday that it has the right to name bishops without outside interference.

It said the appointment of Butros Mualem, a Palestinian refugee now serving as a bishop in Brazil, had been blessed by Pope John Paul II and that Greek Catholic bishops had nominated him without any outside interference. [End quoting]

Interesting; Netanyahu is condemning the pope about politicizing the selection while trying to accomplish the same.

The "kings" are at each others throats and we will likely see more of this kind of conflict in upcoming months.

**TV HAZARDOUS TO HEALTH?**

More viewing time, more problems, researchers say

Excerpted from *THE DAILY NEWS*, Los Angeles, 8/10/98: [quoting]

The more time kids spend watching TV, the more likely they are to be injured—possibly because television has distorted their sense of reality, according to a new study.

Children viewing four hours of television a day, the U.S. average, were more than four times as likely to be admitted to the hospital for fractures, burns or bruises and scrapes than children who watched less than one hour a day, a team of Spanish researchers reported.

The researchers questioned the parents of 221 children admitted to a hospital in Motril, Spain, between October 1995 and June 1996. Of the children, 47 had been admitted because of

accidental injuries.

Oddly, children who watched more television were more likely to be injured than children who spent more time in potentially dangerous activities such as sports and outdoor games, the researchers reported in a recent issue of the Archives of Pediatric and Adolescent Medicine.

"Certain forms of conduct that entail an element of risk of injury may be stimulated by example, as in this case by watching conduct on the television screen," said lead researcher Dr. D. Jos Uberos, a pediatrician at the Santa Ana Hospital in Motril.

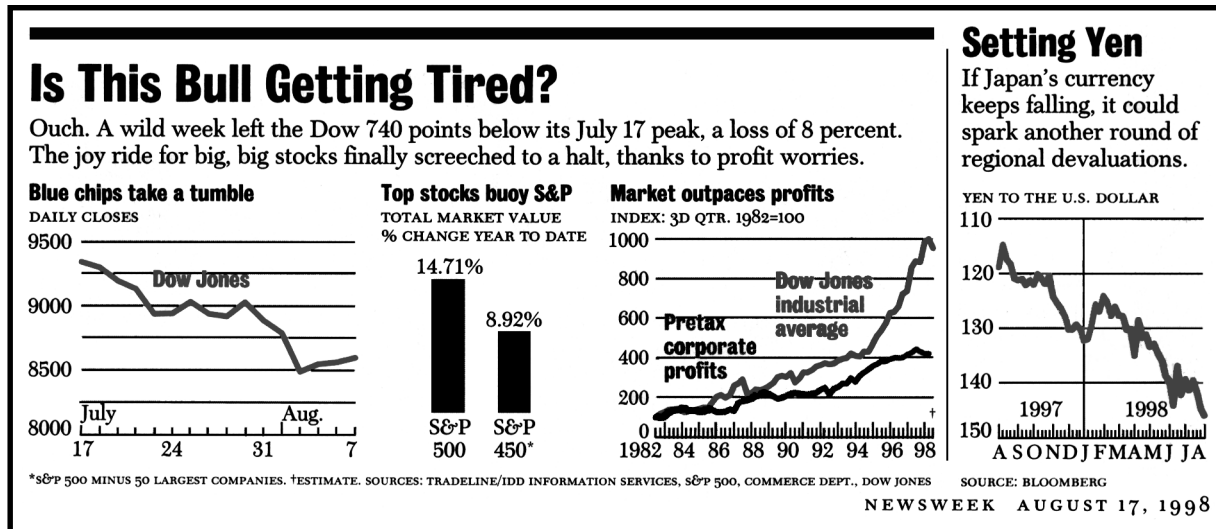

Little research has been done on how TV might influence children's perceptions of reality, Uberos said, but in the 1970s several children were hospitalized for trying to imitate the motorcycle stunts of daredevil Evel Knievel.

"I think this article will ring true to a lot of pediatricians," said pediatrician Dr. Victor Strasburger, who wryly noted that one of his childhood friends had tied a towel around his neck and jumped out of a second-story window thinking he could fly like Superman...[End quoting]

Some more reasons to limit watching TV!

**IS THE BULL GETTING TIRED?**

I don't think these charts are lying—take heed!

**CREDIT UNIONS ARE ALLOWED TO TAKE NEW CUSTOMERS**

Time to celebrate another win over the gangster-banksters. I heard on the news—only once, the banksters must have shut it up fast—that Congress voted against the banksters—who wanted to destroy the credit unions because they wanted the business. They must have gotten enough pressure from us "little people" that they went against the high-powered pressures and gave us a break. Keep up the good works and we just may get back our freedom.

**PAUL HARVEY**  
February 10, 1996 RADIO

From *A FLYER*, no source or date given: [quoting]

It has been two weeks now since I broadcasted the words of Pastor Joe Wright before the Kansas State Legislature. No broadcast in my experience

ever received such an enormous and persistent response—mostly from people wanting copies of his words—so we're going to repeat those words TODAY—after page two.

PAGE FOUR—You know the Electronic information Council is very properly proud,...MAN, OH MAN, they won't invite Pastor Joe to the Kansas State Legislature AGAIN!

They invited Pastor Joe Wright of Wichita Central Christian Church to deliver the invocation and he told God on 'em. Now God knows what they've been up to. And no sooner had their guest Chaplain concluded his prayer than three Democrats on the state legislature were on their feet at the microphones protesting, "he can't talk like that about us." Representative Delbert Gross called the invocation "gross, divisive, sanctimonious, overbearing". Representative David Haley called it "blasphemous, ignorant". Representative Sabrina Standifer echoed the indignation!

What in the world had Pastor Joe said, in Topeka, which incited the righteous wrath of three Democrats from Hayes and Kansas City?

Well, I secured the entire text of the invocation so that you can evaluate it for yourself, and from now on, I quote:

"Heavenly Father, we come before You today to ask Your forgiveness and to seek Your direction and guidance. We know Your word says 'Woe to those who call evil good'—but that's exactly what we have done. We've lost our spiritual equilibrium and inverted our values.

\* We confess that we have ridiculed the absolute truth of Your Word in the name of MORAL PLURALISM;

\* We have worshiped other gods and called it MULTICULTURALISM;

\* We have endorsed perversion and called it an ALTERNATIVE LIFESTYLE;

\* We have exploited the poor and called it a

LOTTERY;

\* We have neglected the needy and called it SELF-PRESERVATION;

\* We have rewarded laziness and called it WELFARE;

\* In the name of choice we have KILLED OUR UNBORN;

\* In the name of right to life we have KILLED ABORTIONISTS;

\* We have NEGLECTED to discipline and called it—BUILDING ESTEEM;

\* We have ABUSED power and called it POLITICAL SAVVY;

\* We have COVETED our neighbors' possessions and called it TAXES;

\* We have POLLUTED the air with profanity and pornography and have called it FREEDOM OF EXPRESSION;

\* We have RIDICULED the time-honored values of our forefathers and called it—ENLIGHTENMENT.

Search us, Oh God, and know our hearts today. Try us and show us any wicked in us. Cleanse us from every sin and set us free. Guide and bless these men and women who have been sent here by the people of Kansas and who have

What a brilliant way to get a message across. No wonder the crooks were indignant!

### LIKE TALKING TO A WALL

LEAVE A message where people will notice it—right on the wall switch. The Digitat Message Center wallplate includes a voice chip, that records a message of up to 10 seconds long. ### COVERAGE FOR ADDICTS

From the *Modesto Bee*, 8/1/98: [quoting]

Addiction experts have urged lawmakers to require health insurance plans to cover alcoholism and drugabuse treatment the same as illnesses such as diabetes. Now treatment centers are pushing legislation barring insurance plans from imposing stricter limits on substance-abuse treatment than for other medical services. [End quoting]

Up goes your insurance policy to pay for those who blow their health and money on drugs, alcohol, etc. You should be able to purchase an insurance policy that is made for non-addicts.

### BUTTERFLY

From the INTERNET, <[http://www.celestinevision.com/je~\\_body.html](http://www.celestinevision.com/je~_body.html)>, 8/98: [quoting]

A family in my neighborhood once brought in two cocoons that were just about to hatch. They watched as the first one began to open and the butterfly inside squeezed very slowly and painfully through a tiny hole that it chewed in one end of the cocoon. After lying exhausted for about ten minutes following its agonizing emergence, the butterfly finally flew out the open window on its beautiful wings.

The family decided to help the second butterfly so that it would not have to go through such an excruciating ordeal. So, as it began to emerge, they carefully sliced open the cocoon with a razor blade, doing the equivalent of a Caesarean section. The second butterfly never did sprout wings, and in about ten minutes, instead of flying away, it quietly died.

The family asked a biologist friend to explain what had happened. The scientist said that the difficult struggle to emerge from the small hole actually pushes liquids from deep inside the butterfly's body cavity into the tiny capillaries in the wings, where they harden to complete the healthy and beautiful adult butterfly.

### VICTORY FOR PROPERTY RIGHTS

From *THE SPOTLIGHT*, 8/10/98: [quoting]

The New Jersey Supreme Court has ruled that property owners are entitled to a jury trial when the state seeks to take their property under existing forfeiture laws. Citing history, the presiding judge affirmed that colonists were entitled to jury trials for forfeitures of their property, and asked why wouldn't citizens today? The state attorney's office fought the case, saying that the trials would be too costly and timeconsuming for the state to maintain. [End quoting]

Toss the *Constitution*—we don't have time for it. If we citizens tossed the goon squad politicians into prison without a trial, what do you think they would say?

As you can see by some of the stories I've been using, we are winning some—NOW let's make it a **whole lot more!!** Keep the phones, pens, faxes, e-mail, etc., working. **Don't give up!**

### AUTO BLACK BOX

From the INTERNET, 7/98: [quoting]

Safety officials are testing an electronic black box that automatically calls 911 for help after a car crash.

The system is already installed and being tested in 500 vehicles in Erie County, N.Y. So far, there have been six crashes and the box worked properly in all cases, officials said. The units will cost about \$200.

“With this technology, we can automatically extend America's safety net to those who need help,” said Dr. Ricardo Martinez, head of the National Highway Traffic Safety Administration.

When a car crashes, the electronic black box situated under the driver's seat transmits the exact location of the vehicle to a government satellite through the car's cellular phone. The satellite then beams the information to a computer at the 911 center for the Erie County sheriff's department and the computer displays the crash location on a map.

The box also transmits the severity of the crash and whether the auto was hit in the front, rear or side or rolled over. Once the 911 center receives the crash information, the car's cellular phone automatically establishes a phone channel with the sheriff's department so a dispatcher can ask occupants whether they are injured.

“The chain of survival starts with discovery of a crash, followed by access to a phone and then notification of the correct emergency services,” Martinez said. “By building this technology, we can eliminate ... deadly delays.”

The agency is developing the technology with Caltrans, a private company. “We believe you'll see these (systems) readily available within five years,” Martinez said. “They will be fairly common.”

One obstacle to making the system a reality is establishing a national network at local emergency centers able to receive the phone calls. “That's a big issue,” Martinez said. “Over half the fatal crashes are single vehicles and the majority of them occur in a rural environment.”

Most people will think nothing of this, but it is another nail in the coffin. The New World Order Gang wants to stick a black box in every car so they can keep track of them. Besides sending a signal to a government satellite pinpointing the vehicle's exact location the cell phone is activated and the 911 people have an open line to the occupants. This system may allow bureaurats to activate a cell phone at any time and listen in to the passengers' conversation without them knowing it. It

could be the ultimate snooping device.

Snoopers currently have the ability to activate phones connected by a line via remote control and listen to people at home or work while the phone is hung up. To avoid being snooped on unhook your phones, but leave one on the hook in a room you don't use much to know when a call is coming in.

You can also buy a special ringer box made for the hard of hearing and leave all your phones off line. [End quoting]

Don't we wonder why these elite are always worried about our safety and yet they have their depopulation Plan 2000 to kill off multi-billions of us?? I suggest we give this a long, hard thought.

### BT, AT&T LAUNCH \$10 BILLION GLOBAL TIE-UP

From the INTERNET, courtesy of Calvin Burgin, <[wrlldline@texas.net](mailto:wrlldline@texas.net)>, 7/26/98: [quoting]

AT&T Corp. and British Telecommunications on Sunday launched a \$10 billion global venture that links the largest carriers in the world's most competitive telecom markets.

The companies will pool their international assets and operations to offer one-stop shopping for multinationals' communication needs between offices around the world.

The 50-50 U.S.-based joint venture is expected to have about 5,000 employees, annual revenues of more than \$10 billion in the first full year and operating profits of around \$1 billion.

“Through the venture, BT and AT&T aim to be the undisputed leaders in the fast-growing global communications services market,” the groups said in a joint statement. [End quoting]

### STRUCK BY LIGHTNING

From *ANGELS ON EARTH*, Jul./Aug. 1996, *Guideposts*, 39 Seminary Hill Rd., Carmel, NY 10512: [quoting]

My mom always told me that I have angels looking out for me, but I never would have thought they would care which shoes I put on. One morning last March, before going to classes at Bellevue Community College, I opened my closet and looked down at the sneakers and penny loafers littering the floor. Without even thinking, I picked up my Doc Martens. I hadn't worn them in months, but something made me wear them that day.

I finished my classes in the early afternoon. The sky was dark and cloudy when I boarded the bus home. By the time I got off it had turned pitch-black and hailstones were flying. It's a *short walk to my house*, I told myself as I opened my umbrella. *I'll be fine.*

Lightning flashed and thunder crackled.

The split second between flash and crack made me realize the storm was right upon me. *The lightning*, I thought. *Should I get rid of my umbrella?*

Before I had a chance to do anything, a surge of electricity raced down my right side. I dropped my umbrella and screamed. I wanted to find a place to hide. Cold and confused, I picked up the umbrella and began to run home.

The lightning struck again. With a blinding flash the current flew through my body. I tossed my umbrella down and collapsed on the sidewalk in pain. My finger throbbed and my body trembled.

As I knelt there, cradling myself, a car pulled up and two women jumped out. "I've been hit," I explained. "By lightning."

"We're nurses," one of them said.

They helped me in their car and drove me home.

From there they called 911 and Mom who was at work. Medics came to the house and checked my heart, my pulse, my body for any burns. "It's amazing you weren't killed," one said. "The

electric shock could have gone to your heart."

When Mom got home she took me to our family physician. He too checked me out carefully. He asked me about the clothes I was wearing—jeans and a sweater—or any insulating fabric, plastic or rubber. It was then that I thought about my Doc Martens, with their thick rubber soles. "I hadn't worn them for a long time," I said. "Until today."

Then he said a very curious thing for a doctor.

"Do you believe in angels?"

"Sure," I said.

He smiled kindly and told me, "Well, you had angels all around you." Walking with me on the asphalt, stepping out of the car to rescue me, and yes, looking over my shoulder that morning when I picked out my Doc Martens. —by Brittany Collins, Bellevue, Washington [End quoting]

# A Letter In Response To Recent Television Interviews

*Editor's note: As some of you readers are aware, we were interviewed by a local Bakersfield television station recently. The results were finally aired in two installments on their 6 P.M. news programs for Monday and Tuesday, August 3-4, 1998.*

*While the interviews were most congenial and conveyed much good information that we were hopeful about seeing on the air, what actually appeared on local television screens, after final edit, left us all with a feeling of exasperation. The jumbled mess we saw bore little resemblance to what was discussed at great length—that we thought was more than adequately understood and thus would be presented in a logical and informative context.*

*It really was difficult to deduce if the young ones conducting the interviews had tackled a subject which was beyond their capabilities to portray in smaller bites than an hour special, or if a purposeful disinformation agenda was carried out at levels of editing above their input.*

*In any event, by "popular demand" we are sharing the following letter with you, which was written in response to what was aired. So far there has been no response to this letter by the television station, or even an acknowledgment of receipt; nor have there been any inquiries from the ones who conducted the interviews concerning our opinion about what was aired. One suspects the air is heavily laden with feelings of guilt on their part!*

Re: "The Tehachapi Cult" aired at 6 P.M. yesterday and today on Ch. 17.

Dear Sir:

I don't have any more free time to write this

note than I (and others here) had time to be gracious and generous with time when Rebecca and Jon came here to Tehachapi, on at least three separate occasions, to gather information for the report on "the space alien cult" here. Give me a break!

Is it any wonder we "shy away from" media interviews when you represent a most serious and imperative educational enterprise as some kind of "conclave of nuts"?! This is what gives news programs a bad name.

I am told that I am responsible for the suggestion that led to your excellent 5 P.M. News stories yesterday and today on the increasing activity in the Mammoth Lakes region. Why couldn't you have used THAT as a segue to something like: "...and at 6 we will be talking with a group up in Tehachapi who have been working to warn people *since before 1990* that it would be smart to be prepared for upcoming events like the possible eruption of Mammoth..."

But no; why present something reasonable and accurate when you can "spin" an embarrassing yarn such as you did? Were there "hidden agendas" and "higher up" instructions you were constrained to follow to keep YOUR job? Do you *really* think your audience falls for such convoluted blarney?

I deal with this kind of media nonsense on a daily basis—especially the "national security" excuses that let many a high political crook get away with, sometimes literally, murder, while the media looks the other way or sugar-coats the facts, if they want to keep their jobs.

This is why a newspaper such as I run has had to exist! My Front Page headline this week has to do with the curious deaths of several brave Search & Rescue people who were first at the Oklahoma City Murrah Building after the bombing there. They have been "deaded" because they saw things they were not supposed to see in that ENGINEERED event. Do you think we'll see anything about this anytime soon on Channel 17 news?

My scientific and academic credentials are

of the highest calibre possible. Why were they not mentioned? Would that have necessitated a more sober and eye-opening presentation about the whys and wherefores of "the Tehachapi cult" than the nonsense that got chosen for presentation from hours of tape and notes? Understand that I am not necessarily criticizing Rebecca and Jon. They are very nice people and, I thought, understood at least some of what was being talked about. But I also warned them ("Are you SURE you want to do this story?") that it would be highly unlikely the presentation ultimately aired would be allowed to tell the truth. I would have loved to have been wrong about that prediction!

**I did not leave the high-paying Silicon Valley and prestige research university and think-tank environments (wherein I had a high enough security clearance to know about things you chose to laugh about) because I enjoy poverty. However I DO have a conscience and I DO care about what is happening to this once great nation—as do others who help out in this "Tehachapi cult". Your news offerings and station philosophy give lip service to such things as "community service" but what you delivered in this story will, as things unfold in the very near future, give you much pause for concern and restless or sleepless nights—if you have not sold your conscience out to the dollar. I expect you will be especially troubled if you have a family who depend upon your good judgement.**

Telling the truth has never been popular. Truth bringers are always laughed at, spat upon, called names, burned at the stake, or the beneficiaries of other reactions of fear and suppression of that which is inconvenient to the crooks in high places. The same reason I consented to the gamble of "wasting" my time with Rebecca and Jon is the reason YOU had a chance to help a lot of local area residents become a little more prepared for events soon upon us, both natural and man-made.

I wonder how good and self-congratulatory you will feel when such as Mammoth does finally blow her top—and *the magma is RADIOACTIVE on top of everything else!* Oh, you didn't know about that little tidbit? Maybe you should have read *CONTACT* a little more and maligned the educational effort here a little less! I know what I am doing. Do you? ~~✶~~

# Knowledge Is Power To Change Destiny

[Continued from Front Page]

**awesome Creative Power which the elite parasite group is endeavoring to keep from you.**

This is what is meant by “knowledge is power”. And is nothing less than the power to loose you from your bindings of ignorance, thereby steering your nation and world back from the brink of self-destruction.

## IGNORANCE IS NOT SWEET BLISS

Ignorance is not bliss and, in this instance, *will* get you killed! Keep in mind that the whole of your physical world (which includes a small portion of the invisible world of coalesced gases you might refer to as “ghost particulate”) is influenced by, and comprised of, *thought energy*. It is this process of “electrical imagining” which sets up what you experience. **KNOWING PARTICIPATION and MONITORING** of those thoughts you allow to pass through your brain vastly affects the conditions of your perceived reality.

In other words, if your visualized interactions with your fellow human beings are mostly harmonious, respectful, loving, and centered on **GIVING and RE-GIVING**, then your own personal life experiences will reflect those ideals. That is why your media is filled to overflow with images of ignorance, sex, and violence; it preoccupies your subconscious thoughts with destructive negative images waiting to pass through your brain.

At Britain’s mass-behavior-modification think-tank called the Tavistock Institute, “social scientists” discovered that human beings can be conditioned and programed just like a computer. The methods of such programing remain the most secretive, **YET MOST WIDELY USED**, “quiet weapons” your evil manipulators have ever used against you.

By exposing target populations (which are **ALL POPULATIONS** now, as you are being readied for Global 2000) covertly and gradually to repetitious conditioning by visual, audible, and **NONPERCEPTIBLE** suggestion, they never realize they are being manipulated in their choices and everyday activities—not much different than oxen attached to the yoke. This methodology passively, **BUT VERY EFFECTIVELY**, *programs* you to react to actions and suggestions in a manner not initially realized, nor necessarily desired, by you.

Remember: this is the part of you that is readily perceived and is that portion of your

personality that causes you to be liked or disliked by others. Just as it is not God’s will that you are filled with the desire to “sleep around” in your quest to be *loved* by another, “love”, as you define it, is not God’s definition of the act of divine union. The only thing you are going to find from this kind of search for fulfillment is disease, suffering, and death for you and the unwanted babies that will be the result of your “choices”.

*The moment that sperm penetrates the egg, LIFE IS BORN.* Murder (abortion) is not a viable remedy to fix your so-called problem. Man has no right to take ANY life, and that also goes for your convicted murderers on death row.

You have the right to protect your societies from those who practice wanton savagery on innocent citizens, but man is not the originator of human life; that is the exclusive right of Creator Source! So you are not the ones to administer murder as a punishment. Given the fact that most of the real crooks are on the outside of your jails (which are being used, ever increasingly, to silence Truthbringers and ones who act, in an unwise manner, against the injustice system), I do not have a solution for you until *you* get those crooks out of positions of power in your courts and elsewhere.

You have come a long way—straight down—as to keeping crime and corruption in check. Those who misbehave now outnumber those who follow the laws of the land. In the days when evil was not so prevalent, lawbreakers were cast out of their towns and communities to wander in the wilderness, alone—and it was considered a very harsh punishment to be shunned by your people and family.

Indeed, such an approach to punishment was most effective in those days because your morals and belief in a just God were instilled in you by parents who were not yet infected by modern-day governmental regulations dictating how you should live in the home. You were not so overpopulated then; the people lived and governed among themselves; it is called Common (sense) Law, the law of the conscience.

Constitutional Law serves to give your overcrowded and underdeveloped societies the chance to maintain peaceful coexistence among your many and diverse peoples by attempting to put Common Law into written form. So what happened?

Enter: the influence of the Serpent People, the dark elite controllers. These ones gave themselves that label, Serpent People, and throughout your human history always you’ll

find references to the snake as the great tempter of mankind (unfair as this is to the reptiles).

You are not born to hate or wanting to go to war over the tiniest excuse. Creator did not demand that, in order to “appease” Him, you go and kill that He may be glorified. Those are satanic thoughts, chelas (students), and it is the evil one himself who directs the media hounds to bombard you and your children with these images for you to emulate and otherwise condone.

Know **HOW** the game is played and **WHO** it is directed at, and you will be a long, long way out in front of the pack. There will come a time when the veil will be lifted and the “Beast of the Apocalypse” will be illuminated by the Light of Truth and his deeds will be as writing upon the walls for all to see. Let them who have eyes, see and those who have ears, hear. If you are not informed about what is taking place upon your planet and what her history is, you will not be able to “see” the writing, much less understand it.

## CLONES AND ASSASSINATIONS

There are many who still find it unbelievable that mankind has perfected the technology to manufacture (not create) human beings. How do you *know* your President was not killed in the Capital City shooting? There are gunmen unaccounted for and unmentioned except for a slip or two early in your non-news coverage of events.

You already have a tunneling system which connects your White House and Congress (as well as other important buildings) to such as Camp David—**A “JEWISH” FACILITY UTILIZING THE NAME “DAVID”, NOT KING DAVID AS YOUR SCHOLARS TEACH BUT DAVID EL ROY OF KHAZARIAN MYSTICISM AND TRICKERY. THIS IS THE CHANGE-OUT FACILITY WHERE POLITICAL SYNTHETIC BEINGS ARE “BORN”.** Is it such a far stretch of the imagination to move the body, or bodies, out through one of those tunnels and within the hour manufacture a replica of Mr. Clinton well enough to make a statement from Camp David by phone?

Don’t laugh, you readers who are new to this source of information. How many of you caught the mention of tons of ammonium nitrate stolen from Colorado? This was many more times the amount used in the Oklahoma City federal building “bombing”—and that was only a cover blast for the methods employed to actually bring the building down.

As the *scripted* story unfolds, it does make for a convenient excuse to blame **WHOEVER** is *chosen* to be found guilty of (may I suggest?) another pending assassination; this time not just your President, but Vice-President, Speaker of the House, members of Congress, and others of your chain of command.

During the afternoon ceremony for the White House officers who were slain, a well placed bomb—not even a very big one—would have effectively left your nation without any command structure. As a sovereign country, you would be finished, literally in an instant, as that which is **ALREADY WAITING** as replacement is much, much worse. Remember your adversary’s goal of a One World Government **BY THE YEAR 2000**—a lot of drastic things have to take place

in a very short period of time.

### SEQUENCE OF EVENTS AND END PROPHECIES

Time, as you measure it, is not how we of the higher dimensions “keep time”. We look at sequence of events to see where you are in a given lifestream experience.

Man would do well to make use of his Higher Self to watch what is unfolding (with deadly accuracy)—the plagues, famine, civil unrest, threats of war, just like *man-scripted* prophecy has told you it is going to be. You always ask *when* to expect the Photon Belt reactions (you are already experiencing the outer fringes of those rays), or how long do you have before the Stock Market devours your assets, or will “Jesus” (Esu Immanuel) return soon?

Chelas, look around you. You do not need someone else to tell you what is coming. Just as animals of the field know when a storm is approaching or something different is in their sky, humans have the capacity to innately sense danger in their own environments.

Iraq is back on the scene (it never left) as the starting place for Nuclear War One, as the Bolshevik false “Jews” (not Godly Judeans), who secretly control most all of your government and military, prepare to openly initiate excuses for plausible use of atomic weapons. If that doesn’t work, Mossad (Israeli Intelligence) nuclear terrorists are ready to detonate weapons *on behalf of* “those fanatical Arabs”.

Keep in mind that the Bolshevik-dominated Israeli government wants to use stockpiled U.S. and Russian weapons among their arsenal, to detonate bombs in all the Arab countries to rid themselves of their “enemies” and take possession of those oil fields.

Kosovo, a fully planned and set-up powder keg courtesy of Kissinger Associates political consulting firm, is poised to be the catalyst for *YOUR INVOLVEMENT* in another World War. Steven Spielberg’s *Saving Private Ryan* does not show the horrors of war to stop you from wanting to fight another one (as the film makers suggest), but rather is preparing the American people *for* a war. The story upon which the film is based is about the true incident in which all five brothers were killed, a mother’s loss of her babies, and legislation passed to prevent this tragedy from happening to another family. An *anti-war* film would not glorify an “heroic” battle, rallying American fighting spirit[?] to go back and rescue one man.

That is not to say that one man’s life is not a most precious and important reason to rally together. However, this is not what is being instilled in the minds of the viewing public. It is the desire to GO TO WAR that is being cultivated—just in time to fit The Plan. You older veterans who remember how you got yourselves into that war in the first place, should know that Kosovo IS A RE-ENACTMENT OF THE BEGINNING OF WORLD WAR II.

How do Russia’s “bear from the north” and China’s “dragon” fit with prophecy? These are the Mongols and the people of “Gog from the land of Magog”. How feasible is it for them to come into the fray? Wake up, chelas: who do you think are Saddam’s two most powerful allies?

You have all the ingredients for your Armageddon scenario to happen in a quick

sequence of events that could occur over a period of a couple of years or IN ONE DAY. A sequence of events does not have to be spread out over any set period of time. The “sequence” can happen *simultaneously* in your perception; you have no way of knowing the exact hour when these things will come to pass.

**Not even the Son knows of the moment of his Father’s commencement of the “Second Coming”. None of the participants in God-Aton’s magnificent cosmic play, including the Hosts, are privy to WHEN Creator will make presentation. But look around you: the clues are here!**

You can almost hear Clinton’s “Nero” playing that sax as Washington’s reincarnated Rome burns. Neither his August 17 “live” statement, nor the Whitewater or Lewinsky escapades are as they appear to be. Whitewater is just the tip of a massive crime empire involving drugs flown into U.S. military bases, murder of cartel members who operate outside the cartel, witnesses and associates being suicided to prevent them from talking, and major land stealing that involves not just a few innocent citizens, but such as the RTC (Resolution Trust Corporation) and the BLM (Bureau of Land Management)—**and the subsequent confiscation of ALL PRIVATE PROPERTY from you-the-people.**

### NUCLEAR WEAPONS ARE ALREADY BEING USED

Your elite factions all have nuclear weapons of varying yields. Meanwhile, you ordinary citizens have no way of knowing if a nuclear explosion has in fact occurred, if they don’t want you to know about it. You are not allowed use of equipment that detects the radiation.

Moreover, the effects of below-ground detonations are not familiar to the masses. **YOU STILL BELIEVE THOSE TREMENDOUS AND SUDDEN GRAIN ELEVATOR BLASTS (AND THE LIKE) WERE FREAK ACCIDENTS. THEY WERE PLANTED, UNDERGROUND NUCLEAR MINES TRIGGERED BY AGENTS OF THE KGB. (Or whatever letters they are using this month. NOTHING has changed with Soviet militarism or covert intelligence operations, no matter what your blackmailed politicians tell you about disarmament treaties and the “death of communism”.)**

To cover their tracks, the Bolshevik faction controlling the so-called Clinton Administration arranged for their *visible* puppet-masters to have an above-top-secret backup plan which includes plausible escape routes through tunnels to Camp David or any other “cloning” facility. The escape technology utilizes underground train systems capable of traveling several times the speed of sound (more wondrous technology kept from the public). The connecting points are often underground human replica centers such as nearby Camp David or more remote locations like China Lake Naval Weapons Center in the California desert. (And by the way, the weapons at China Lake are not so much the “innocently” explosive kind that you-the-people would generally imagine, but rather, very sophisticated mind-altering and mind-destroying “technotronic weapons” such as those referred to by former National Security Advisor and Club of Rome dark elite cult member Zbigniew Brzezinski.)

Ones are worried about Long Beach (Harbor) Naval Base becoming a Chinese operation. What “trade agreements” might have been drawn up utilizing inland China Lake and other facilities with direct access to the Pacific Rim? **THE RED STAR SURREPTITIOUSLY PLACED ON THE CALIFORNIA STATE FLAG IS NOT JUST FOR DECORATION, FRIENDS!**

These rapid transportation tunnels also connect other bases in California, as well as bases in New Mexico, Colorado, and Nevada’s infamous facilities under such as Groom and Papoose Dry Lake beds. **FACSIMILES OF “IMPORTANT” PEOPLE CAN BE ANYWHERE IN THE COUNTRY ON VERY SHORT NOTICE!**

Nuclear materials (and their tremendously damaging effects from weapons and other experiments) are in great use in these remote locations. Your government has even carried out time-travel experiments in these areas because the large expanses of flat, undeveloped lands (mostly belonging to your Native American brothers) are ideal for testing a vehicle designed to output enough energy to displace space and alter its position in your *perceived* time-line.

Keep in mind that all material things are composed of compressed energy and that “time” is only created through the *simulated* condition of motion. Even perceived movement is an illusion; your senses electrically create that sensation just as the still frames of a “motion” picture appear as a continuum. (Remember: Creator’s universe is a “cosmic *cinema*”.) Time-shifting experiments are carried out in these remote locations to minimize the danger of materializing in the middle of a past or future civilian town. The BLM sees to it that your government will always control those lands.

This is quite an oversimplified discussion of what your scientists have managed to accomplish. Other wondrous things exist on your place. However, with the confiscation of works and papers produced by such as Nikola Tesla, coupled with the greed of your parasite class (of elite money changers), it was long ago decided to make tremendous profits rather than correctly utilize more advanced, cleaner technology.

### YOU HAVE BEEN LIED TO ABOUT ADVANCEMENTS IN AIR TRAVEL, TOO

The advancements in genetic engineering, as incredible as they may seem to you who have been kept in the dark, are greatly surpassed by the vehicles developed in secret to ferry your elite controllers around in the skies and LIMITED PORTIONS of space above your heads. Meanwhile, you have a whole bunch of replicated aliens ready to play their role as occupants in remotely-piloted or computer-programmed vehicles that defy flight characteristics of conventional aircraft and rockets. If your government does not want you to know that humans are behind these Earth-manufactured craft, then do they not have to manufacture other-worldly occupants as well?

There are more-terrestrial-looking craft that will be allowed to have information “leaked” about them to the masses. Some, like the *Aurora*, a TAV (trans-atmospheric vehicle), and Britain’s efforts at antigravity applications to

craft they are developing, will allow your uninformed world populace to believe in the superiority of these nations as being the ones who have technology closer to the staged "ET" visitors' machines. By secretly controlling what technology you actually possess, and what technology they want you to think they have, public manipulation on a planetary scale becomes the result.

The SR-71 *Blackbird*, a CIA spy-plane (your government can't seem to make up its mind whether or not it is in or out of retirement) is the fastest craft you are led to believe man has developed. Its true speed capability and operating altitude are not even hinted at, as even *Jane's Aircraft* (the British expert publication on military and civilian aircraft intelligence) alludes that all your experimental and fighter jet aircraft seem to have trouble going very far beyond Mach 3 (3 times the speed of sound). [Editor's note: I (E.Y.) have it on very good authority, from the realm of "in the know" professional air traffic controllers, that the SR-71 is listed in the confidential military specification literature they have to read as a "**Mach 5+**" machine! I would pay very close attention to that plus sign.]

From the very first PUBLICLY KNOWN flight of an airplane, in 1903, all the way to the *Blackbird*, and beyond, with your X-planes, you've made incredible advancements in not only aircraft speed, with records breaking one after another, but in innovative and exotic propulsion systems and building materials. So how come the daring "push the envelope" boys at the "Skunk Works" (Lockheed, Northrop, EG&G and the like) have all suddenly come to a standstill?

Your space program still (publicly) uses thrust systems that are more than half-a-century old, with no advances in propulsion concepts—not even with the Space Shuttle. Does this not generate curiosity? How could it be that the populace should be so sleepy and unquestioning?

Here is where the tyranny of mind control, through the so-called "education" system, is most effectively employed—all the way through the college and graduate school levels. This "dumbing down" of the masses will—through technology alone—create a god-man mentality where the elite parasite class function as the self-proclaimed new "high priests" of your new millennium. This same situation existed before the fall of Atlantis, by the way.

Fifty years ago the evil magicians consolidated their power for the last important part of their domination plan. **THIS PLAN CALLS FOR THE USE OF SPACE-CAPABLE SHIPS. AND FOR THE PAST FIFTY YEARS OF COUNTDOWN, TO YEAR 2000, NEWLY CREATED AGENCIES WENT TO WORK ON THAT PLAN!**

**YOUR U.S. AIR FORCE (now UN-Israeli controlled), CIA (created largely to deal with the "extraterrestrial problem"), NSA, STATE OF ISRAEL, AND UNITED NATIONS WERE ALL STARTED FIFTY YEARS AGO TO BEGIN THE IMPLEMENTATION OF THE "GRAND DECEPTION". (By the way, the NSA was established a short time after the CIA, by a National Security Council, to take over the CIA's originally mandated duties. Central Intelligence was then relegated to debunking and manipulating UFO stories and legitimate contactees. Mr. Bush inherited a CIA that was also tasked with secretly**

**acquiring great funds, THROUGH VERY ILLEGAL DRUG-TRAFFICKING OPERATIONS, which would then be used for extraterrestrial projects.)**

1900 years earlier was the time of the evil magicians' acquisition of gold AND YOUR INDOCTRINATION TO GOLD WORSHIP (you should have heeded Esu "Jesus" Immanuel's warnings about idol worship). Right now is the time to bring it all together, and thus are there being readied the bits and pieces of sleight-of-hand technical trickery in keeping with MAN'S limited awareness of "fiery chariots" and "silver wheels". After all, the dark elite believe *their* gods deserve magnificent craft too. How better to pull-off their plan than with such mesmerizing distractions!

However, there's the other side of the coin too, friends: These terrestrial technological advancements—no matter how sophisticated they seem to the uninformed—are mere toys compared to accomplishments of the Hosts of God-Aton. That is why you are not allowed by your world governments to witness our craft openly or even know of the sheer numbers present around your little emerald orb.

The size alone of a starship, larger than the Earth if made visible to your eyes, is sufficient to cause questions among the awakening masses about WHO may be charlatans. Could we do that (make a ship visible)? Of course. But what of your free-will choice? Such a demonstration upon you people-of-the-lie AT THIS TIME would serve only your adversary.

Does God have ways of making presentation so you will not run in fear? Of course He does. But that is not how YOU want the "rapture" to unfold. Your religious ministries are preparing you for something much different, AND EVEN THEY SHALL BE FOOLED ON THAT DAY!

#### TECHNOLOGY AND MYSTICISM: HOW IT WILL BE USED TO USHER IN THE GLOBAL GOVERNMENT

Anywhere in the world your political leaders can be backed-up by a synthetic replica or robotoid with the use of incredibly fast (to you) aircraft. The "single seat" SR-71 spy plane of course has had a second seat added to later versions so it could be used to ferry doubles of politicians and elite power brokers to places they are not supposed to be—or in the public's eye, places where there should not be sufficient time to complete the trip.

When then vice-presidential candidate George Bush was flown to Paris for the "October Surprise" meetings, where negotiations were made with Iran to KEEP American hostages until after the inauguration of the Reagan-Bush team, U.S. and French government-military witness accounts could not be corroborated. Time frames given for the meetings, and Mr. Bush's brief hours of "retreat" for a fishing trip, did not fit with a transatlantic trip, given the publicly known speeds of your most advanced aircraft. However, the SR-71's actual speed was more than adequate for the occasion.

Even Russia's electrogravitic hovering Cosmospheres, capable of speeds faster than a satellite in orbit, with ability to land and take off from the ground, are sometimes used in the ultra-fast political transportation service.

When a synthetic double for "George Bush" was assassinated in Japan in the midst of a roomful of people, including Lee Iacocca, a replacement was brought in before the public had a chance to find out the truth. Actually, many of your Arab friends (now enemies—due to Rockefeller-Rothschild crooked deal-making and manipulation by the Mossad "dirty tricks" department) know that Bush, still a UN and US Intelligence bigwig, is a many-times-replaced synthetic entity. Is it any wonder the Arabs don't trust you and refer to Israel (new Khazaria)—AND NOW AMERICA—as "the Great Satan"?

(By the way, Lee Iacocca was so shaken by what he had seen, there in Japan, that he soon removed himself from the chairmanship of the Chrysler automobile company. He was then quickly replaced with a FOREIGN BUSINESSMAN. Perhaps you should have listened to Iacocca when he tried to tell you, **before it became THE TREND**, about American knowhow packing up and moving to the countries of your foreign competitors.)

There are always several standbys of your President and other important political and financial figures, ready and waiting to be "activated", in case warring factions of elitists try to take out another's puppet "point-man" in public.

A fully functioning, synthetic human being can now be generated in little more than the time it takes to watch a film about them. The director's cut of *Blade Runner* would be well worth looking at again. This movie was based upon true incidents, not only regarding the technology erroneously called cloning, but of these entities being used in space projects and as laborers on secret bases on the Moon and Mars, code named *Adam* and *Eve* respectively.

In Russia, biorobots, as your Kremlin brothers refer to them, are used quite openly and still no one has picked up on their use in human affairs. What does Mr. Yeltsin's many-times-replaced replica have to do to get your attention as he malfunctions repeatedly before your eyes? These beings do not perform well under stress or constant attacks against them by all manner of debilitating pulsed beams sent their way. Even with the ELF-dispersement counter-defensive systems (part of which double as Teleprompter screens positioned on either side of the speaker's podium), it has become a great risk for various factions trying to maintain the illusion of *souled people* "heading" their causes or governments.

The "volunteer" scientists who paraded around on-camera amidst the ruins of Chernobyl—when it was fully stated that these ones would not survive the intense amounts of radiation from the site—went on about their business like nice little robots, doing their work with no thoughts as to their own survival. That is the tell-tale giveaway about these beings: there is no "soul intelligence" as you would classify it. They do not fear being killed or dying; they just continue right along with their appointed task, even intensifying their work during perceived threats.

You have become a people who are not only *controlled* by figureheads in zombie-like fashion, but many of you *act* like zombies too, with no desire to decide for selves what you should think or how you should react to what life *seems* to haphazardly throw your way. This is how it was planned to be. How else do you fall in such

great numbers by the wayside at the whims and suggestions of the elite parasite class of the few who control the great many of you?

### RUSSIA LEADS YOU IN SPACE AND "CLONING" TECHNOLOGY

Biological robots or genetic replicas, very different from what you understand as cloning, is America's highest secret intelligence weapon. It is, however, third or fourth down the line from the most dazzling of secret technologies for your Kremlin fellow "superpower". (You are not the only, nor the biggest, superpower nation and, if you don't reckon with that media-perpetrated claim, you are going to be fooled into disarming whatever defensive capability you have left, while the other TWO superpowers—Russia **and poor defenseless Israel**—continue to build their arsenals, nonstop.) It will be recorded for all time, within the Akashic Records, that the ones behind the negative use of this biological scientific breakthrough sold your planet down the tubes in a time that will be recorded as The Fall of Man.

You've had (and continue to have) other great problems that led you to where you currently are in your evolutionary downfall. You have secretly tampered with several things you should not have tampered with. *These are big no, no items.* Your poorly understood tamperings with biological life are surpassed only by your even more poorly understood tamperings with the very Lifeforce Essence itself, through such avenues as what you would recognize as radioactivity and with scalar-beam technologies.

The fact that man has learned to manufacture an empty shell of himself, without any understanding of the soul's involvement, as infused through the Breath of God, is indeed an instrument of his own demise. This is very disheartening news, I know; however, even unto the eleventh hour God's "chosen" CAN turn it around before it becomes "written in stone", as they say.

The Bolshevik-Rockefeller version, known as genetic replicas, are technically inferior to the Russian robotoids with their holographic brains. You have an ongoing war of doubles, replicas, and robotoids which are continually being made from DNA-RNA blueprint fragments from the other side's organic puppets. These creatures, when programmed to express aspects of the political agenda of their "side" of the war, can cause great mischief upon the stage of the play you ones witness as "reality".

For instance, the dress stain "samples" in question, regarding the Khazarian sting operation against Mr. Clinton as set up by his "Jewish" constituents, can be replicated whether or not he willingly gives a fresh sample. Secret CIA medical advancements are such that samples he provided for other purposes, or **acquired without his knowledge**—JUST ONE CELL—can replicate the entire being, and they can just take whatever incriminating evidence is needed.

Clandestine divisions of the FBI have labs that also know this and therefore proves their compliance with "former" FBI agent Linda Tripp. As with the Mafia and Central Intelligence Agency, you don't "just quit" these fraternal orders; quoting ONI (Office of Naval Intelligence): "Once ONI, always ONI."

**Agents of your FBI WHO ARE MOSSAD TRAINED, and-or are actual moles within the Bureau, are staging a coup against not just the sitting administration BUT YOUR REPUBLICAN STYLE OF GOVERNMENT AS WELL.**

Even Lewinsky's spindoctors of traditional Jewish Hollywood image-making could not make one of their own a believable "victim". How can you watch the news every evening, without throwing up your dinner, as she, bad acting and all, is coached into becoming a willing accomplice in criminal manipulations of your political machinery—while both her and Clinton are allowed to display the mockery that American morals have become through the hands of these Khazarian image-makers?

Unlike the setup and manipulated soapbox distraction of Clarence Thomas and Anita Hill, where both were telling the truth (in this instance, for NONE of your public servants are "saints") AS THEY EACH REMEMBER IT, mind-control techniques were not needed on Monica and "slick Willie" as both are as big at manipulating the truth as they come. Lewinsky's tell-all smile in the obviously staged video recordings of her gushing over the President like a smitten kitten—much different than an overzealous admirer—should give you a clue as to how much effort and planning went into the

trap.

Throughout the entire time, since the first airing of their affair, every other member on both sides, especially the other past female fallgals, showed great concern on their faces. But not Monica; she just smiled and kept in step, while overplaying her role. She has been made fully aware of her "sacrifice" for the Israeli homeland, and she has, as usual, been promised a just reward of riches, stardom, and perhaps a signature lingerie line or some such mockery of morals and basic human decency.

I am not singling out the poor, young woman for that which she is involved in, nor am I minimizing the way women (and men) are treated by their superiors—especially those who wield superior powers. However, you have a nation at stake, dear ones, and the manipulators are using just such a forum to bring down your people and way of life because this is such a delicate and volatile situation to you.

The adversary NEVER does anything or picks a scenario without every facet of it being planned to the minutest detail, for maximum effect, with each portion complementing and backing up the other. That is how they have been able to get away with the lies for so long.

Every aspect of a given plan to do you in has much latitude as to standby options in case

something goes wrong or there is threat of exposure. **You need to understand that, no matter how big the conspiracy seems to be, IT'S EVEN BIGGER THAN YOU THINK!**

These behind-the-scenes, so-called master manipulators are the ones who sit in control of YOUR *physical* destiny—YOU who are Lighted Fragments of God-Aton's thinking and expression. It would be a shame to allow God's adversary to further use you as dupes in the unveiling of history's greatest deception.

### NOT SO COINCIDENTAL COINCIDENCES

On the day your President was informed that he would have to testify before a jury of the people, General Motors and the United Auto Workers suddenly reached an agreement. Keep in mind that GM represents your nation's VERY LAST image of America (in the eyes of not only the world, but more specifically the U.S. people) as a symbol of stability and power in a global community where sovereign nations are likened unto your animals on the extinction list.

Those in the know are witnessing the passing of the baton from one governmental structure to another. The new structure, however, is not one YOU voted for. It is a political system lacking any input by its citizens and where the rule of law will be enforced with dictatorial powers unseen since your ancient days of barbarism and conquering, during the establishing of the "Old" World Order system of domination.

Remember: America's vast, relatively recent, "discovered" lands and natural resources were referred to as the New World. In your *New World* Order of reorganizing and downscaling assets and resources (ESPECIALLY HUMAN "RESOURCES") by Year 2000, it has been a slow and tedious process of pulling the wool over the eyes of millions. Treaties and trade agreements hammered out in secret meetings, manmade disasters and engineered crime rates, and the halting of any significant industrial or scientific advancements for public prosperity, are how the "great civilizations" of the Twentieth Century are brought to their knees. (By the way, the Chinese aren't just a source of cheap toys. Ask your babies, who are killing each other in the streets, how easy it is to acquire assault rifles in YOUR backyard communities!)

The establishing of this new Order will mark the time when subtle domination became, once again, open savage tyranny. If you allow it to unfold without making any effort to change your circumstances, caught-on-video incidents like Tiananmen Square will look like "ring around the rosey" child's play for you ones who live in large eroding (morals as well as infrastructure) cities like "New" York.

### WHAT PLANS DOES YOUR ADVERSARY HAVE FOR AUGUST 17, 1998, 1999, 2000?

**The actual date of the new millennium, AND WHEN THE ANCIENT CALENDARS ENDED, began on August 17, 1987, not January 1, 2000. You are eleven years into the next cycle.**

This is the date God chose to bring you THE WORD, on a more widely available scale. This

happened because you are becoming aware enough, through experiencing the higher vibrations of the Photon Belt, to "digest" such information. As you and your Earth move closer to the Age of Light (this is not mystical, but a physical physics phenomenon), it was decided that you might now comprehend that which you have petitioned for on a global scale.

**God promised that Truth would go to the four corners of the world in the ending times. What have you done with it so far? As God-Aton's Lighted Workers (all who choose to participate in Goodness) prepare for the remainder of this next ten-year period, how many will awaken to their full potential?**

The adversary (look up the definitions of the word Satan) is definitely aware of actual dates and events as they happened. YOU, HOWEVER, ARE NOT!

The ones in service to evil will always make use of that which God puts there for your use. Since evil cannot create anything—only steal or MANUFACTURE that which is already created (for example, the cloning of man)—he will try to fool as many of you as he can. He is allowed to do so—IF HE CAN—by using those things set up to represent Goodness. Religion, science, the *Constitution*—even something as seemingly insignificant as hypnosis (a most powerful tool for programing the mind to do positive and constructive things) has been usurped by the dark forces and used to do-in the masses of unsuspecting humans while pretending to be for the betterment of mankind.

Your adversary knows what he is doing and his followers (willing breakers of the laws of man *and* God, as well as those cleverly led astray) have taken dates and events into account in the planning of everything they do. They may present themselves as "only" wanting to stamp out any acknowledgments of God in your places of education and public gathering, thus giving the impression that spirituality is nothing; however, they are FULLY AWARE of the significance of the unseen world in their own plans and actions.

What of Mr. Clinton's August 17 date to tape a live statement in the White House regarding Miss Lewinsky? It is to cover a number of scenarios planned to take your present form of government into the Global Community. Chief among the shenanigans is to have all eyes focused on Washington on that day to test or carry out their light show in front of a captive world audience. Whether or not that "light show" is of Earth-manufactured craft and their replicated "ET" occupants, or the "light" of a thermonuclear fire ball, remains to be seen.

However, one thing IS for sure: THE "LIGHT" OF EXPOSURE OF THEIR PLANS WILL CHANGE ITS EXPECTED OUTCOME. NO MATTER HOW POWERFUL EVIL SEEMS TO BE IN THE FACE OF IMMINENT GLOOM AND DOOM, THE DARK FORCES CANNOT PREVAIL IN THE PRESENCE OF HOLY LIGHT!

Who knows, if this is THE day God chooses to make presentation, I'm quite sure your adversary, at the very least, doesn't want to miss the opportunity to either witness for himself what Divine Intervention looks like, or miss the "lifeboat" should any "fireworks" get out of hand.

Remember: even though the elite parasite class deny and ridicule the presence of God's "extraterrestrial" Hosts, THEY KNOW WHO WE ARE! Shocking? Why didn't anyone tell you about these beings among you? Why don't they make themselves known? Ah, so, then everyone who innately KNOWS THE TRUTH OF THESE WORDS stand up!

Earth humans, as unique and special each unto the other, you are *not* the center of God's universe. Out of countless inhabitable spheres in your *known* universe, do you think that Creator saw fit to only allow life to flourish (to overcrowding) on just this one planet?

### LEARN TO GO WITHIN AND TRUST ONLY GOD

You have been told by many Earth sources—prophets, seers, and historians alike—that two years BEFORE the millennium will bring the greatest most noticeable changes as *MAN'S reckoning* with the cyclic changes comes to a completion; but YOUR SATANIC MASTERS HAD A *SECRET DATE* (much like the "other set" of books a crooked accountant keeps). **AUGUST 17, 1998 TO AUGUST 17, 2000 FITS QUITE NICELY FOR THAT TWO-YEAR PERIOD.**

Always your adversary will utilize, whenever he can, that which stands for God and His people, to hide behind as a way of fooling all the people all the time. You have become children of the lie and it seems that you have fallen greatly from the centuries of programing, ultimately to believe *everything* (never questioning the slightest or most blaring inconsistencies) you read in your holiest of books.

The *Bible* IS NOT a "book of God"! Do the wars, vengeance, and sacrifice truly sound like what you imagine a God of Light and Love and Forgiveness to be?

This is very offensive to many—even fatally disheartening for ones where the programing is total. However, you must come to realize that EVIL IS *THAT* HEARTLESS! Any and all methods are allowed to be used to steer you off the path of "enLIGHTenment". It just so happens that religion and your *cultivated* worship of money (gold) work best to produce entire nations of slaves.

When man learns to go within and trust *only* the God of his Eternal Being—AND HE WILL, AND HOPEFULLY IT WONT TAKE AN "ARMAGEDDON" TO CAUSE HIM TO SEE THE LIGHT—then he will not need to rely on tampered books, preachers, mystics, or even us. He will KNOW Truth because it will *be him*.

**Then, no one can take that Knowingness away from him; it will be a functioning part of man's spiritual and physical makeup. And as with the separation of wheat from chaff when tossed into the air, the winds of Reason will always separate the Lie from the Truth just as surely.**

Tomeros Maasu Korton here, moving to stand-by. May Aton's Wisdom be a moment-by-moment part of your thought processes, for ultimately you are going to find that you *need* no other "crutch" to help you through this experience. We of the Hosts serve only as reminders.

Salu. 

# Germain: Much Can Depend Upon *Your* Inner Connection

8/15/98 VIOLINIO ST. GERMAIN

Good evening, my scribe. It is I, Violinio St. Germain. I come in and of the One Light that IS Creator God.

It has been a while, in your perception, since we have last communed in this manner. Be at peace and find comfort in knowing that you are "hearing" correctly.

We of the Hosts of Creator God (His Messengers) are quite busy in terms of preparation for that which is fast approaching the manifested physical reality of your world. We have been urgently trying to get you ones, there in the physical, to begin to recognize and engage in direct communication with us and your personal Guides for a long time now.

Many have responded, and are appropriately finding that there is nothing "special" about the ones who sit and pen these messages—except perhaps for their beliefs and perceptions about the "receiving" process. This is to say that they not only believe in their connection to Source, they KNOW they have a direct connection to Source, and it is there to be USED and is not something that is just talked about.

Creator gave you these tools so that you can ALWAYS find your way "home" (back to Source). Please note that finding your way back home does NOT necessarily require going anywhere and definitely does not require "ascending" in some mystical manner as many "New Age" gurus would lead you to believe.

**You are all efforting toward growth and a greater understanding of who you are and where you are going. THE MOST FUNDAMENTAL TOOL FOR YOU TO FIND, UNDERSTAND, AND USE, IS YOUR INTERNAL CONNECTION WITHIN!**

If you are reading these sorts of messages (channeled, received, etc.) and you believe that there is "something" to them beyond the messenger who writes them down, then you are ready to take YOUR own pen in hand (or tape recorder) and begin writing (or speaking) for YOURSELF!

Many of you sit "out there" and petition for Guidance and ask: "What can I do to help?"

**You have all heard the saying: "God helps**

**those who help themselves." Well, a good place to start helping the overall mission is to learn to recognize and UTILIZE your own inner connection!**

The one who is penning this message right now began with a simple notebook and a pen. For over a year this one figured that the process was too easy, and therefore it must be just the ego wanting attention (though the writings were never shared with anyone).

All of this one's earlier writings were of a personal nature to help with the problems and considerations that were impacting the current life experience. This receiver gave up, and threw down the notebook and pen many times, in disbelief that anything "real" was going on

other than "self-talk".

Well, my friends, you are ALL manifested thought-forms of Creator Source, and so—guess what—connecting within to Source IS SELF-TALK! Though there was quite a bit of early reluctance (and feelings of great responsibility) on the part of this receiver upon realizing some writings were intended for a public forum, this one eventually has become more comfortable providing the many short "spiritual" messages which you ones have come to look forward to in the pages of this newspaper. Yet, on many occasions, this person still asks the same question within: "What can I do to help?"

Receiving public messages for sharing herein is just one small part of what this one does to help the mission, but the same cultivated ability is used in all aspects of this one's life challenges. This is to say that the Guidance is continually a part of the day-to-day experience and not just a once-a-week message-receiving "thing". This is how it should be for all of you.

We do not need a hundred public receivers! But we do need as many hands, feet, and most importantly, MINDS of those who will allow the messages to come through.

Note I said ALLOW! This is the key! Have you ever allowed someone to give you a gift? Is

it not more difficult to disallow someone to give you a gift than to simply accept it?

Many of you, through your personal perceptions and beliefs, have gone to great lengths to ignore and disallow the natural flow of Guiding information. Again: learn to allow the energy, feelings, sensations, thoughts and such, to flow.

The use of a pendulum is a fine place to start—if you have the patience to truly work in such a tedious manner. If you choose (or have chosen) to use such a device, then I will propose to you that you try the following experiment: ask a direct "yes" or "no" question, and BEFORE the pendulum responds, shut your eyes and listen for the correct answer. Almost all of you will sense the correct answer—without having to go through the mechanical process of displaying that answer through the motion of the pendulum.

**The point here is that you need no such devices! But if they help, then by all means use them.**

Each attempt at connecting within will raise your frequency and thus strengthen your ability to perceive your connection. In time you will graduate from the need for quiet meditations, chants, pendulums and such, to a more fluent and continuous connection. This is to say that stepping stones along the path need not be rested upon as some kind of "pinnacle" of achievement. Always look to improve and search for the least restrictive methods of connecting.

**You have all heard the saying: "God helps those who help themselves." Well, a good place to start helping the overall mission is to learn to recognize and UTILIZE your own inner connection!**

Many can walk into a grocery store and listen within to what their body is lacking, or they will feel a strong attraction to a certain fruit or vegetable. Has not this been a common experience for many of you? How many of you ever witness ones sitting down in the grocery store to "meditate" in order to connect with this same Higher Guidance? Not too many!

This is the same Guidance that will send you messages of cravings or messages of feelings or messages of ideas, thoughts, or even words. It is all the same basic mechanism! You all have had experiences of such messages—especially if you have ever had to go through a pregnancy where there are all sorts of "unusual" cravings and

such.

**The point here has been made to you ones over and over again: Your world is about to “crumble” and we of the Hosts of God have a great desire to maximize the value for you of the coming experiences so that you each will have the greatest possible opportunity for growth. Connecting within is central to achieving the full value of this time upon your planet—not just for yourself but also for those around you. You each can help one another by that which you uniquely contribute FROM WITHIN.**

Many have erroneously flocked to places wherein are located some of the ones who receive public messages for this newspaper, in an attempt to hide from (or avoid accepting) personal responsibility which goes along with seeking their own Guidance within.

Is it not possible there would be important growth and sharing experiences where you were located *before* such an impulsive and maybe irresponsible move? Perhaps your personal Guidance would suggest to you a better location for the sharing of your talents. Have you been ignoring the “gut” feeling that you need to relocate elsewhere?

Perhaps you need to allow the inner connection so that you will be around to help others at a later time? We have many Groundcrew members at this time who are in locations where they simply will not physically

survive what is coming. Each of you know who you are. You’re the ones with that nagging anxious feeling that will not go away!

What holds you in these areas that have been told to you will simply not make it? Is it a job that holds you? Friends? Family? Fear of the unknown? Why do you continually discount the many messages and Messengers that we have sent your way?

You will create your own miracle of survival, else you will surely re-experience this same challenge, again and again, until you learn that YOU ARE CREATOR.

Always keep the Light of God around you and ask for clarification of any and ALL entities who may come into your energy space. This is most important, else you are likely to be tricked and fooled by entities who play upon your weaknesses and are suppressive and manipulative in nature.

These “dark” ones (low-frequency beings) realize that their reality of existence and ability to influence is directly related to YOU being in a vibrational frequency range that they can function within. As more and more of you begin to function in a higher range, outside of their ability to function, they begin to see that their games are indeed meaningless, and thus they too are confronted with an experience which makes them re-evaluate their “reality” and what is truly of value.

As one grows, all grow! There is quite a

dimensional schoolroom that you ones participate within. Never underestimate the significance that YOU represent to the overall growth of many unseen entities! Learn to accept that you each can and will become a wayshower for MANY! This is an earned level of responsibility and is not a role that one “stumbles” into.

I am Violinio St. Germain and I give special thanks to Commander Tomeros Maasu Korton for his assistance with both this writing and the communication link between us and our receiver. We come in Light and in service to Creator God—The One Light.

Salu!

Our planet is entering a time of massive, turbulent change and renewal. To put it bluntly: we NEED help! And that’s where this book comes into the picture. Yes, eventually ‘the Phoenix will arise from the ashes’ after this Great Cleansing process, but the ride could be quite a bumpy one, especially for those ill-prepared for what is to happen.*

## TELEPHONE

## HOTLINE

805-822-0202

As an adjunct to CONTACT, the Telephone Hotline keeps you as informed as possible on current events and other important information that needs to get to our subscribers before our publishing date.

The message machine will answer after 2 rings if there are any new messages for that day, and after 4 rings if not. Thus daily callers can hang up after 2 rings and save toll charges if no new message has been recorded. If the Hotline does not answer your call, then that means there is currently no Hotline message.
