WAR MONGERING?

CALVIN BURGIN wrote, <wrldline@texas.net>, 8/25/98: [quoting]

Al, I don't have time to document these right now. Sorry.

By the way, another Yeltsin has rehired Al Gore's best friend Chernomyrdin. Indicates bad news for Clinton!

Al, all I monitor is indicating we are in extreme danger of nuclear war.

Lots of things happening, as you are of course aware. Titan missile shot down, **PLUTONIUM SPREAD EVERYWHERE** [On Art Bell's show it was stated 20 lbs. of it was in the missile.], fire from sky shut down Florida's power, NASA's Goddard Space Flight Center had a fire causing "extensive damage".

Specter, who wanted Clinton out of office, suddenly starts supporting Clinton. Clinton decides to monitor and shut down Arab and other certain money coming into the United States from non-Zionist sources—reckon that might have anything to do with Dharma? Yeltsin keeps being swapped out. [End quoting]

The immediate future looks quite scary, but remember we should have enough wisdom by now to know that fear won't help us. Learn all we can, listen for God's guidance and follow it, and we'll be where we should be to accomplish our purposes—**without fear!**

EXTREMIST URGES VIOLENCE AGAINST AMERICA, ALLIES

Excerpted from *THE DAILY NEWS*, Los Angeles, 8/22/98: [quoting]

Exiled Saudi Arabian millionaire Osama bin Laden is calling on Muslims worldwide to take up arms against the United States, attack American embassies and boycott American companies in retaliation for U.S. missile strikes against his camps in Afghanistan and a chemical plant in Sudan.

In a telephone interview with *Knight Ridder*, Sheik Omar Barkri, bin Laden's spokesman in London, said Friday that the man he calls "the true leader of the Islamic nation", has issued new anti-American communiques—written only in Arabic—urging Muslims to avoid U.S. embassies and installations—and to fight Arab regimes friendly to the United States.

Barkri said bin Laden emerged from the U.S. missile attacks unscathed and with new stature in the Islamic world.

"Whereas we had estimated maybe we had 30 percent support among Muslims, his

popularity now has risen to 75-80 percent," Barkri said. "This was Clinton's greatest miscalculation."

Barkri said bin Laden has called on all Muslims to heed the call for "jihad", or holy war, against the United States because "the attack against the sovereignty of Sudan and Afghanistan is an attack against the entire Islamic nation."

The militant Palestinian organization known as Hamas joined the call to attack U.S. targets Friday. Libyan leader Moammar Gadhafi, who the United States charges is responsible for the 1988 bombing of Pan Am Flight 103 and other terrorist attacks, led protests lambasting the U.S. strikes.

Barkri called for the United States to withdraw its forces from Saudi Arabia and insisted that President Clinton not only miscalculated reaction in the Middle East, but also struck the wrong target. Bin Laden, he claimed, was nowhere near the U.S. targets in Afghanistan, he said. Bin Laden had expected a U.S. attack, he said, and had acted accordingly.... [End quoting]

Maybe Clinton didn't choose the wrong target—remember the elite are trying to get a full-fledged war going and the more they arouse the opposition—partners in crime—the sooner they can get this going.

Be prepared for a hot one soon—unless we make up our minds we aren't going to let it happen—**with God's help!!**

SOLAR ERUPTION CAUSES GEOMAGNETIC STORM ON EARTH

From the INTERNET, 8/27/98: [quoting] Mitch Battros, Producer, *Earth Changes TV* <<http://www.earthchangesTV.com>>

Hi Folks,

Well here it is. The following story supports my theory of the connection between the Sun, the Magnetic Shift, and Weather. If this is true, it is solar activity that is the cause of the weather phenomena we are currently experiencing and will continue to experience in escalated measures in current times to come.

Solar winds blowing at more than a million miles per hour hit the Earth's magnetic field Wednesday, sparking what scientists say could be a significant geomagnetic storm. The U.S. Geological Survey said charged particles from a solar eruption hit the Earth's magnetic field around 3 a.m. EDT and the resulting fluctuations in the field could cause power outages, satellite failures, disruption in communications and the aurora borealis. Auroras are usually seen only in northern latitudes, but may become visible in the continental U.S. during this geomagnetic storm, the agency said. A severe magnetic storm in March 1989 caused the collapse of the Hydro-Quebec power system in Canada, leaving about 6 million people without power. [End quoting]

I use this to show how the media are making use of Earth changes—consciously or unconsciously—and covering up the war that is

going on between the elite, such as the hurricanes and bad recent storms.

REVELATION: NCI MAY HAVE OPENED PANDORA'S BOX

From *NATIONAL ASSOCIATION OF RADIATION SURVIVORS* newspaper, Fall 1997, Vol. XV, No. 3: [quoting]

In the Summer 1997 issue of the NARS newsletter we wrote about the National Cancer Institute (NCI) report on its Radioactive Iodine-131 (I-131) study showing that almost everyone in the country received some exposure to their thyroids from 1950s nuclear testing, estimating about 2 rads on a per capita basis.

With this initial data, it was estimated that there could be up to 75,000 excess thyroid cancers as a result of these fallout exposures. Scientists also believe that up to two-thirds of those cancers are as yet to be discovered.

It turns out that it was worse than that. Uncle Sam's nuclear information trickle strategy came into play as the full report was released on October 1, indicating that those who were born or were children in the 1950s could have received 10 to 30 rads of exposure to their thyroids in 1,970 of the 3,053 counties of the U.S., and 30 or more rads in 270 counties and, these doses could be much, much higher if the children drank milk from a back yard cow or goat or if their mothers drank such milk while they were in utero or while breast feeding them.

As most of our readers know, the I-131 is easily taken up by the thyroid and because children's thyroids are much smaller than the adults, they would have received a greater effective dose than the adults.

The medical significance of these doses can be found in the recommendations made by the Agency for Toxic Substance and Disease Registry (ATSDR) related to folks in Washington state who were victims of the deliberate I-131 releases from the Hanford Nuclear Reservation. The ATSDR has recommended 10 rads to the thyroid as the threshold for requiring medical monitoring of residents downwind from the nuclear production facility.

There are a number of legitimate concerns raised by the NCI's release of their report. First of all, it only deals with the I-131 which, according to people who know about fallout, is probably less than 2% of the total radioactive debris in fallout. There are many other isotopes with longer half-lives that could have gotten into the systems of these children as well.

Second, the NCI itself is trying to downplay its findings and calls them "inconclusive".

After 14 years study of the I-131 fallout, after having the data since 1989, having taken almost 8 years to write the Executive Summary, and after millions of dollars, these people are saying the report is no good? And they have failed as yet to recommend to doctors around the country that they start checking the thyroids of their patients.

Third, is the deceptive way they have trickled out the information. First press releases and maps that imply that people only received 2 rads. Then the National Committee for Radiation Victims obtains a map from the NCI that shows people in Idaho, Montana, Nebraska, parts of Colorado, Iowa, Missouri, and, of course, Utah could have received more than 90 rads of I-131 to their thyroids.

Editorial Policy

Opinions of the *CONTACT* contributors are their own and do not necessarily reflect those of the *CONTACT* staff or management.

That map, dated in 1992 and labeled a draft, was not published in their written report. Other maps were however, and these maps do not indicate 90 or more rads to the thyroid in the states mentioned above, but show it as 30+ rads, a clear effort to diminish the impact of their study findings.

Public health departments in Missouri and Idaho were quick to declare that they found no "pips" in thyroid cancer which would indicate effects from 1950s testing. Given the little pre-coverage by the St. Louis area media, we would think 150 people with various thyroid problems in that catchment area would be significant.

However the real clue to the efforts to downplay this issue comes from both the President of the United States and from the Congress of the United States.

The President has again appointed an Advisory Committee to look into this issue of the Iodine-131 fallout. He has again appointed total establishment figures, including two who served on the Advisory Commission on Human Radiation Experiments, with no appointments of anyone with a contrary view about radiation exposure.

The Congress recently exempted these kind of bodies from the open hearing requirements of other Federal bodies. The Advisory Commission could have chosen to open their meetings to the public and was urged to do so by E. Cooper Brown of the National Committee for Radiation Victims at a recent meeting. The commission voted not to do so and will be having its next closed door meeting on January 18th in Irvine, CA.

So we end up with a sequence of events like this:

For over ten years and a hundred nuclear bomb tests, the nuclear triad sends radioactive debris across the country causing serious fallout in two-thirds of the counties in the country.

During those 10+ years, and for the next 45-50 years the triad denies that any fallout of any significance occurred and, if it did, no one was ever harmed from it.

Then 45-50 years later admit that yes it did happen but only a few got significant doses and they aren't even sure if the results of their study are accurate.

And finally in this era of "openness" declared by our President, they close the meetings of the bodies that are going to deliberate to determine if the study results are accurate and, if so, what harm may have resulted.

Once again the average joe gets shunted out of the way of those "who know better" and are left to wonder who the hell they can trust?

NATIONAL ASSOCIATION OF RADIATION SURVIVORS, PO BOX 2815, WEAVERVILLE, CA 96093-2815 [End quoting]

Anyone who knows the goals of the elite couldn't expect them to do anything else.

WHAT HAPPENED TO THE WORLD'S GREAT CIVILIZATIONS?

From *THE ORLANDO SENTINEL*, 8/21/98: [quoting]

From an article sent to Ann Landers:

The world's great civilizations averaged a cycle of 200 years. Those societies progressed

through this sequence:

From bondage to spiritual faith.
From spiritual faith to great courage.
From great courage to liberty.
From liberty to abundance.
From abundance to selfishness.
From selfishness to complacency.
From complacency to apathy.
From apathy to dependency.

From dependency back again into bondage.
As the United States has passed its 200th birthday, and in view of the recent epidemic of immorality, I wonder how your readers would assess America's current position in this cycle. —William W. Quinn, Lt. Gen., U.S. Army (Ret.) [End quoting]

It seems all through ancient and recent history mankind has to keep repeating the same patterns. It's time we got out of the rut by recognizing the dark elite stranglehold.

BANKRUPTCIES

From *THE MODESTO BEE*, 8/12/98: [quoting]

Federal bankruptcy filings topped 1.42 million in the 12-month period that ended June 30, a record for any one-year period. A 9.2 percent increase in personal bankruptcies spurred the rise even though the number of business bankruptcies dropped, according to a report released Monday by the Administrative Office of the U.S. Courts. [End quoting]

And I just heard on the news this morning that the unemployment rate is "down"—shows how stupid the media think we are.

NEW CELL-IMPLANT TECHNIQUE MAY HELP MAN GROW THUMB

From *THE ORANGE COUNTY REGISTER*, no date given: [quoting]

For the first time, doctors implanted bone cells engineered in a laboratory into a man's thumb Friday, hoping to grow a new segment of bone where the thumb had been severed.

The technique was pioneered by the chairman of the department of anesthesiology at the University of Massachusetts Medical Center, Charles A. Vacanti, who already has grown an ear from human cartilage cells. He also has grown tracheas, ligaments, tendons and bone.

Friday's two-hour operation on Raul Mercia was the first time such engineered cells had been implanted into a patient.

During the surgery, doctors carved sterile coral into the shape of Mercia's original thumb bone to serve as "scaffolding" to support the scientifically engineered cells. The cells, suspended in inert gel, were seeded onto the coral and are expected to grow to form new functional bone.

Mercia, of Framingham, Mass., lost the tip of his left thumb in an industrial accident. Doctors harvested samples of his bone cells after the accident and used them to grow new cells in the laboratory.

The potential clinical applications of Vacanti's tissue-engineering technology are being considered for breast surgery, orthopedic surgery, cosmetic surgery, urology, cardiovascular disease and abdominal medicine. [End quoting]

Sounds like a tremendous advance in restoration of bone, now allowed in the public

domain.

TRANSFER ENERGY THROUGH TIME AND COUPLING OF PARALLEL UNIVERSES

ENTRAINMENT

Excerpted from the INTERNET, <<http://www.trufax.org/trans/time.html>>, 7/98: [quoting] ...The esoteric database that we subscribe to believes if you can entrain 10% of a system you can entrain the other 90% of the system. Which means if you can raise the consciousness of 10% of the population, the other 90% will fall into the pattern sooner or later. They'll fall in just on the fact that 10% are there. This can be backed up... we have what we call the museum, which is a whole stack of radio receivers. We found that if you can tune up 10% of them, the other 90% of them will fall into the pattern, no matter where they're tuned. The level seems to be 10%. If you're like at 8% there's partial entrainment. 10% is full entrainment. So the plateau seems to be 10% from the viewpoint of physics. Why that is we can't explain, it has something to do with frequency transformed and this sort of thing and we can't express it at this point... [End quoting]

This, theoretically, should apply to humans as a group. If so, then the winning of the battle for minds isn't as hopeless as most people perceive it to be.

DR. JAMES DOBSON HEALING— AFTER BEING GIVEN— A STROKE

From *FOCUS ON THE FAMILY*, Dobson's newsletter, Aug. 1998: [quoting]

Dear Friends:

Greetings to all our *Focus on the Family* "folks" around the world. Shirley and I are enjoying a little vacation in August as we rest from an extremely busy Spring. As you may have heard, we have great reason to be celebrating these days. I suffered a stroke on June 16, 1998, that could have ended my work or even my life. The irony is that I had been in outstanding physical condition at the time I was stricken. My heart was (and is) strong, my blood pressure was that of a teenager, and I had experienced no other known illness. I was exercising more than two hours every day and felt great. But a tiny blood clot, about the size of a pencil lead, suddenly developed and lodged itself in the left temporal lobe. It was a critical place to have a stroke. Neurologists refer to that part of the brain as the "eloquence cortex", responsible for speech, creativity, and understanding.

When I arrived at the hospital emergency room, I could not communicate at all. I was unable to identify common objects or even touch my thumb to my forefinger. It was a terrifying experience for Shirley. That's when our friends, perhaps a million strong, began petitioning the Lord on my behalf. It is wonderful to tell you that the Great Physician heard those prayers and has clearly healed me! Within a week, I was out of the hospital and back to work. Two physicians said they had never seen anyone recover from that kind of stroke so quickly. Considering what has happened since, it is obvious that God is not

yet through with me. [End quoting]

Dobson and his followers have been putting very strong pressure on Gingrich and his gangsters to change some of their "liberal ways" lately. That might possibly have something to do with this. But God must have had further plans for him or he probably would have paid the ultimate price for his applied pressures—the gangsters don't like people who have millions of followers and who disagree. Just likely supposition on my part.

HAWAIIANS PROTEST ON 100TH ANNIVERSARY OF U.S. ANNEXATION

From the INTERNET, courtesy of <John.Ray.1776@worldnet.att.net> 8/13/98: [quoting]

HONOLULU (August 12, 1998, 11:36 p.m. EDT) <http://www.nandotimes.com>

The sounds of conch shells, whistles and cheers erupted from about 5,000 Hawaiians on Wednesday as the state flag was raised over Iolani Palace to denounce 100 years of U.S. control over the islands.

When the oversized flag reached the top of the staff, the Royal Hawaiian Band struck up "Hawai'i Pono'i," the anthem written by an imprisoned Queen Lili'uokalani after her 1893 overthrow.

Wednesday's ceremonies marked the 100th anniversary of America's annexation of the Hawaiian Islands, an act that many Hawaiian leaders now denounce as illegal.

"It seems that everyone is smiling, especially now that the flag is raised," said Mililani Trask, a leader of Ka Lahui, one of the larger groups seeking sovereignty for native Hawaiians.

"I think it marks a new beginning and I think everyone is very eager to come together and talk about consensus building" toward a form of sovereignty that would establish a political relationship between the Hawaiian people and the U.S. government, she said.

The sovereignty movement gained momentum five years ago during the 100th anniversary of Lili'uokalani's overthrow by an American-dominated group of White businessmen.

The movement has stalled recently due to factional disputes over how to proceed and what form sovereignty would take.

Hawaiian leaders contend the annexation of Hawaii was illegal because it was achieved through a joint resolution of Congress—which requires a simple majority—instead of a treaty, which requires a two-thirds Senate majority. [End quoting]

What happened to the Hawaiian Islands at the turn of the century is just one of many sad examples of the elite simply taking that which they desire. In the case of Hawaii, it's not hard to appreciate what was of value.

NEWS CLIPS

From *MILITARY* magazine, 9/98: [quoting]

COMPUTER WAR

The first customer to look at a new computer virus on display at a recent trade show was from the Russian embassy. FutureVision Group of Santa Fe, NM, has developed an undetectable, unstoppable

information virus called "Blitzkrieg" that can invade information systems in a way likened to the ebola virus. So far there are no prohibitions against its export. [End quoting]

Why would they be showing computer viruses at a trade show? That's comparable to going to a trade show to see a demonstration of and to purchase an ebola virus—only these electronic viruses "kill" computers!

LOST SECRETS

While Wah Lim managed Loral Space lab in Pasadena, disks with classified electronic countermeasure codes were lost. Wah Lim, not to be confused with Shen Jun, the son of a Chinese general who works as a scientist at Hughes, also Chinese born, holds a management position as a scientist. Is anyone checking these guys out?

COMPUTER SALES

Red China bought two supercomputers similar to the one they sold to Russia (without an export permit) from Silicon Graphics. The Russian computer is in use at the Chelyabinsk-70 nuclear weapons lab to insure nuclear weapons reliability.

PRC TO WATCH

The Peoples Republic of (Red) China (PRC) has accepted invitations to send observers to RIMPAC 98, a joint naval exercise in the Pacific and Co-operative Cope Thunder in Alaska. PRC officers have been snooping and looking at U.S. military installations for some time now.

TOP SECRET LEAKS?

Over 4,000 visitors from Red China, mostly military officers and scientists, have toured our nation's big-three weapons labs and other nuclear sites since 1994 as guests of the Department of Energy (DOE). In response to a report that expresses concern over lax security, DOE has acknowledged they failed to conduct security checks for many visitors, granting exemptions from normal procedures. [End quoting]

Do you think they would allow us—the taxpayers who paid for all of it—to inspect these places??

Looks like the ones with an agenda of takeover are simply looking over the property they expect to have soon!

KLAN LEADER RESIGNS

From *THE HARRISON DAILY TIMES*, 8/13/98: [quoting]

Lexington, NC—A leader of a Ku Klux Klan chapter turned in his robes and resigned from the organization, saying he was "tired of hating".

After eight months as a Klansman, Rodney Hunt, 34, resigned Tuesday in front of the Davidson County Sheriff's office and two Black ministers.

"I never did hate 'em (Black people)," Hunt said. But Klansmen have to follow orders from the group's national headquarters, he said.

"What we was doing was making war," Hunt

said. "After you hate so long, it just destroys you."

He said the pressures of Klan membership caused him to lose his temper with his wife and 11-year-old son frequently. [End quoting]

There is still hope that ones such as this man will speak up for truth.

THAILAND SEEKS TO EASE FOREIGN-INVESTMENT LAW

From *THE ORLANDO SENTINEL*, 8/20/98: [quoting]

In the latest in a series of economic reforms, Thailand's cabinet has approved draft legislation to remove decades-old prohibitions on foreign participation in certain business sectors. The move, meant to attract foreign investment, shows that realism is beginning to set in in dealing with the country's as economic crisis, the brokerage firm Seamico Securities said Wednesday. Under current regulations, foreign participation is limited or barred in industries including farming, forestry, fishing, handicrafts, cement production, and publishing. [End quoting]

This is saying—in plain English—to the Thailand businesses and people that we, the IMF gangsters, have you by the throat and we're going to rob you blind so you might just as well hand it over peacefully or we'll starve you to death like we are doing to many other countries!

IF AT FIRST YOU DON'T SUCCEED...

From *BITS & PIECES*, a motivational magazine, Vol. R/No. 33: [quoting]

It's a rare person who doesn't get discouraged. Whether it happens to us or to an associate we're trying to cheer up, the answer centers around one word: perseverance.

The value of courage, persistence, and perseverance has rarely been illustrated more convincingly than in the life story of this man (his age appears in the column on the right):

| | <u>age</u> |
|--|------------|
| Failed in business | 22 |
| Ran for legislature—defeated | 23 |
| Again failed in business | 24 |
| Elected to legislature | 25 |
| Sweetheart died | 26 |
| Had a nervous breakdown | 27 |
| Defeated for Speaker | 29 |
| Defeated for Elector | 31 |
| Defeated for Congress | 34 |
| Elected to Congress | 37 |
| Defeated for Congress | 39 |
| Defeated for Senate | 46 |
| Defeated for Vice President | 47 |
| Defeated for Senate | 49 |
| Elected President of the United States | 51 |

That's the record of Abraham Lincoln. [End quoting]

People today have been trained to take the easy path; rather than persist against the dark elite such as attacked Lincoln all his life.

INTERESTING ANIMAL INFORMATION

From the INTERNET, 8/19/98: [quoting]

We are one of only two mammals that sees in colour. Snakes can see in infra-red, and snakes and fish can seek by heat alone. A falcon can see a mouse from a mile high, and some can travel at 200 mph (320 kph). Bats have sonar. Some insects can last for a year after being decapitated.

Clearly, there are things that animals can do and perceive that until this century would have appeared magical. Imagine what we may discover in the future? —Paul [End quoting]

These are just a few examples of the marvels of Creation all around us.

SIMILARITIES BETWEEN NIXON AND CLINTON

From the INTERNET, <para-discuss@tje.net>, 8/20/98: [quoting]

Nixon: Watergate
Clinton: Waterbed
Nixon: His biggest fear—the Cold War
Clinton: His biggest fear—a Cold Sore
Nixon: Worried about carpet bombs
Clinton: Worried about carpet burns
Nixon: His Vice President was a Greek
Clinton: His Vice President is a geek
Nixon: Couldn't stop Kissinger
Clinton: Couldn't stop kissing her
Nixon: Couldn't explain the 18-minute gap in the Watergate tape
Clinton: Couldn't explain the 36-DD bra in his brief case
Nixon: His nickname was Tricky Dick
Clinton: same
Nixon: Ex-President
Clinton: Sex-President [End quoting]

BABIES STILL DYING

From *WORLD PRESS REVIEW*, 9/98: [quoting]

Seventeen years after the United Nations' World Health Organization (WHO) adopted a code of conduct governing the marketing of baby formula, an estimated 1.5 million babies still die each year because they are not breastfed. The code forbids all overt and camouflaged advertising of powdered milk, bans the distribution of free samples, and requires all makers of formula to acknowledge the superiority of breast feeding.

At WHO's annual meeting in May, the International Baby Food Action Network (IBFAN), which monitors compliance with the code, unveiled its hall of shame of the worst violators—Nestlé, Hipp, and Mead Johnson—charging that the three companies aggressively market their product to young mothers and pregnant women in the Third World. But Nestlé argues that it is not violating the code because it markets formula only as a supplement to breast feeding. [End quoting]

The elite are still doing their best to kill off the babies—plus most of us older ones, also!

WOMEN DRIVERS CRASH MORE

From *POPULAR MECHANICS* magazine, Sep. 1998: [quoting]

After teenage boys, soccer moms are the drivers to avoid.

It comes as no surprise that teenage boys have more crashes per mile than teenage girls,

about 20% more according to a comprehensive study of traffic accidents by Johns Hopkins University. This gap disappears between ages 20 and 35. Then, it reemerges in reverse. After age 35, women drivers are more likely to crash than men.

Women still win. Men who crash are three times more likely to get killed. [End quoting]

DIGGING DEEP

From *GUIDEPOSTS*, July 1998, P.O. Box 1479, Carmel, NY 10512: [quoting]

That was the last place I wanted to be—aboard an airplane headed to Connecticut for a VA rehabilitation program for the blind, hundreds of miles away from my home and family. I shifted in the seat and focused on the faint glow I knew must be the sunlight coming through the window, wondering what had happened to the eager 18-year-old kid I had been when I first rode an airplane on my way to U.S. Marine Corps boot camp back in 1960. The world was full of possibilities then; those possibilities had become as dark and vague as my eyesight.

I had grown up in West Virginia hill country, one of 12 kids. No matter how tight money was, Mama made sure we never went hungry—she could fix a tasty meal with just a handful of vegetables and a sprinkle of spices. On chilly, gray days, all it took for me to feel warm again was a good whiff of whatever was bubbling in the cast-iron pot on the stove. She passed on her skills to us kids, and cooking became one of my favorite hobbies, the measuring and mixing of ingredients a way of sorting out what was going on in my life.

Another constant in my childhood was faith. I could always count on someone, usually my Aunt Callie May, taking me to our small, crowded church every Sunday. "Trust in the Lord and He'll always take care of you," she said. I stared at the flames in the pot-bellied coal stove that heated our church, day-dreaming about the future God planned for me.

I thought I had found that future when I became a Marine. But in 1964, during a routine gas-mask training exercise, one of my lungs ruptured. I was rushed to surgery, but it was too late; doctors couldn't save the lung. For years, I battled one wicked bout of pneumonia after another. Finally, I was medically discharged from the service in 1969.

Coal was pretty much the only industry in my hometown, so—despite my missing lung—I went to work as an electrician in the mines. I married Helen in 1971, and soon we had our kids, Tina and Jerry. Sometimes it got to me that I didn't have the energy to play ball with my son or give my daughter a piggyback ride, but I was proud that I was supporting them. Even when I had trouble breathing way down deep in the mines, I kept going because every day meant money toward a new cheerleading uniform for Tina or a fishing trip with Jerry.

But by the mid '80s my remaining lung couldn't take it anymore, and I had to quit working. My family was forced to scrape by on my monthly disability pension from the VA. I fixed things around the house; I helped Helen in the kitchen. At least I was doing *something*. Then in 1989 came a crushing blow: I developed a brain tumor that left me unable to walk, talk, or eat. An operation restored most of my abilities, but I was left partially

paralyzed on my left side, deaf in one ear and, worst of all, legally blind. The world was reduced to vague outlines weaving in and out of my vision like ghosts, taunting me with hints of what I would never again see. I had fought through pain and fatigue for years in the mines to have the means to make my children happy, yet I could no longer gaze at their smiles. Day in and day out, I huddled in bed, shaking off my family's attempts to cheer me up, trying to sleep as much as possible so I didn't have to think about how useless I had become.

One afternoon I lay with my face buried in my pillow. *Why has this happened to me, Lord?* I asked. *I've always tried to do right by my family, my country, and by you. Why have you left me like this? I trusted in you.*

"Come out with us," my wife coaxed gently. "It's a beautiful day."

"Don't feel like it," I mumbled.

Helen sat down on the bed beside me. "Jerry, listen, you can't go on like this. I really think you should go to that program the doctor told you about. That blind rehabilitation."

The thought of starting over again was just too overwhelming. I didn't even want to get out of bed. Why bother? I couldn't work; I couldn't find my way around the house; I couldn't even get myself a glass of water. "What good will that do?" I said to Helen. "Three months trying to do all the things I can't do anymore."

"Is that any worse than lying here feeling the way you do now?" she said. "You've got to give this a try."

Eventually I didn't have the energy to argue with her anymore. So here I was, picking at bland airplane food as my mind raced with fears—of getting sick on the plane, of not being met at the airport when I got to Connecticut, of what was in store for me at the program. I felt more afraid than I ever had.

A program instructor met me when I got off the plane, but I was still tense the whole drive to the blind center. *This will just make me feel more worthless*, I told myself. Instead of joining the others in the common area after the orientation that evening, I retreated to my room to call my family.

"I can almost taste that chicken and mashed potatoes you're cooking from here, Honey," I said, clasping the receiver tightly with both hands. "Wish I was there." Helen gave me a pep talk, and after we hung up I groped my way to the window and opened it a crack to try to catch a scent of the vegetable garden they had taken us through. I thought of all the places I had been—in the Marines I had looked forward to each assignment as a new adventure, but now all I wanted was to go home. I shoved my hand in my pocket and ran a finger along the grooved metal of my house key. If only I could get back to the airport or even to a bus station, I could catch the first ride back. But I was trapped. *Okay, Lord, I'm here, but now what?*

The next morning an instructor got me up, took me out into the center of town and began teaching me how to cross streets safely and get where I wanted to go. Next, she sent me out on my own. I had to be mighty resourceful to avoid getting stranded. By the end of the week I had begun to feel a little more confident. During group activities I got to know my classmates, some of whom were totally blind

and in wheelchairs to boot. *If they can do this, maybe I can too*, I allowed.

Together we practiced basic things like buttoning our clothes correctly and cutting apples, then moved on to buying groceries and setting up systems to simplify finding items in cabinets. *Thank you, God, for my being able to walk out here in the fresh air*, I found myself thinking one day as I tapped down a sidewalk with a red-and-white cane.

One morning I awoke early with the urge to go outside. I made my way to the vegetable garden. I stood for a moment, inhaling the rich, earthy smell that reminded me of Mama's kitchen so long ago. Then I dropped to my knees. I dug my fingers into the soil and felt a turnip stem. A bee buzzed by my ear and the breeze sneaked under my shirt as I yanked the vegetable out of the earth. I brushed the dirt off that plump treasure, set it down and picked some tomatoes from vines nearby.

I breathed deeply. *Peppermint*. I crawled toward it and picked some, then caught a whiff of another spice—and another—rosemary, thyme, garlic, dill. Everywhere I turned I smelled yet another aroma from my childhood, and I rushed to touch and taste them all. Each time I harvested a spice, it was as if I were unearthing hope buried deep inside me—another possibility I had thought was lost. *Maybe there's still something out there for me*, I thought. I raised my head and felt the Sun on my cheeks. *With your help, Lord, I know I can find it*.

I fingered the smooth, waxy skin of sweet peppers and brushed crinkly lettuce leaves across my cheek. My stomach growled. *What a salad this would make!* I thought. For the first time since the brain tumor there was something I really wanted to do. I wanted to cook a mouthwatering meal just like Mama used to.

It took a little convincing, but the program directors let me and two friends make Thanksgiving dinner for the more than 40 other program participants. You name it, it was on the menu: roast turkey, dressing, ham, potato salad, green beans, macaroni salad, pineapple upside-down cake. And a salad with vegetables and spices from the garden. The feast went so well, I was offered a job in the kitchen. But I had a vision of my own.

"You know what?" I said to my new friends. "When I get back home, I'm going to open a restaurant. Folks in my neck of the woods are always saying they'd like a place where they can get a good, fast bite to eat."

"You kidding?" one guy said. "Look at all the work tonight took."

"I don't care. I've always loved to cook. And I know this'll go over big."

As I packed my belongings on the last day of the program, I checked for my keys and remembered how I had wished I had been able to get a plane or bus home that first night. Now I felt I could walk all the way home with what I had learned.

At the airport I greeted Helen and told her about my idea in the same breath. The next day, she drove us to the VA Regional Office.

My counselor led me into his office. "You're looking well, Jerry. How can I help you today?"

I poured out my restaurant idea, explaining that my wife would help me with the business side. "Sounds like you got yourself a plan there, Jerry," he said slowly. "We can help you with resources. But, you know," he added, "if you go

through with this, you're going to lose your pension. And it's going to be a lot of hard work."

"Hard work never scared me any," I said. Helen and I put together a business plan. Two weeks later we got approval, and in October 1994 we opened The Roadside Sandwich and Pizza Shop. We make more than 100 different items, and get most of our orders from locals and the coal companies.

"Did you really give up a government pension for all this work?" customers often ask me.

"Sure did," I always say. And I've never felt better about my life. I love to chop greens for my famous chef's salad as I listen to gospel music on the tape player and smell the bread baking. Maybe life's colors have faded, but its flavors are sharper than ever. God was taking care of me all along, leading me to a dream that was buried deep within me like the

vegetables in the garden. He provided me with the ingredients for a better life, then left it up to me to see how to make something of them. —Jerry Ellis, Wharncliffe, West Virginia [End quoting]

Isn't it fantastic how God works His wonders in our lives?

* * *

I was asked if it is alright to write in the margins of the articles you send me. I prefer that you don't write beside the part I'll use. It is probably possible in most cases that you can cut more than the article and then write in that space. A lot of articles have too narrow of a margin area and I also make use of what is there for my markings after scanning.

Again thanks much for your services, they are truly appreciated. Al 

News Update From The Philippines

Editor's note: This is the first public writing we have received from the team conducting business in the Philippines these past several weeks.

8/28/98 #1 HATONN

As we sit to write in this land that could be any borough, U.S.A., we are drawn to the obvious: The world is now a global commercial idea come to living horror. The people of each little nation, be it ever so humble, are now locked into the destruction of culture, idealism, immorality and helplessness of the Puppet Masters.

Even the children wear the T-shirts with logos of international Global conglomerates. The one most seen here in this particular setting are Hard Rock Cafe, Cape Town or Hard Rock Cafe, Hong Kong, etc. Directly across the street from the Hotel is the Manila Hard Rock Cafe with a gaudy sign in every window of the side of the building and with the Hard Rock music blasting throughout the mall.

Since the "terrorists" are now blowing up Planet Hollywoods around here and there, perhaps they will start on Hard Rocks soon?

I had to have my team handling the more immediate business witness this atrocity on the senses. There is so little left of Philippine basic culture as to be shocking. There are no gifts to be gotten other than cheaply designed T-shirts and useless baskets for the traveler to share as a cultural "thing". There is one beautiful craft that is wondrous and that is the ornate dress (tunics) for the men as traditional dress. These have elaborate stitching which is now done by machine but defines further the "class" of people. Although

they are cheap by any standards for such work, they are not affordable by the very Filipinos of the streets. Begging is everywhere found and every beggar seems to have a tiny babe who needs milk which a token gift will not cover in costs. Homeless are simply homeless, no matter where you travel in this old and tired world of plenty. IF MAN WOULD JUST BE RESPONSIBLE.

The IMF auditors are meeting around these parts as we write and those leaders who yesterday were going to fight the IMF are today "borrowing from the banks" to keep from having to borrow from the IMF. You know, Citibank, Chase—all those nice Fed Reserve banks of which the IMF only represents the major ones. And oh yes indeed, the leaders know what they are doing—but none are brave enough to step forth and do other than a mouth service while being raped.

Are we braver? Yes, but why confront the monster when you can't do a blamed thing about the situation? People have to want to clean their nests and here, like everywhere else, the only desire is to get something for nothing, wear the pretty shirts, and buy a San Miguel beer while wearing Mother Mary on the dashboard to protect one car from the other cars in the insane chaos of the streets.

Jay-walking is one of the most humorous things abounding here. No car stops until bogged hopelessly in the snarl; then everyone weaves in and out and through the traffic while being quite accustomed to doing so—anywhere at any place. The going thing here for local car drivers is to have a policeman walk up to your car and demand your license—which he then holds until you pay him off to get it back. This is a working Republic—where democracy

rules but laws are not attended. Thus the honking and brake screeching—to get the attention of the walking parties so they don't stay in front of the oncoming vehicle. Traffic Lights? They are only vaguely honored but rarely by pedestrians. Buses are biggest so they take whatever they want from wherever they want it. At intersections, they block traffic and destroy order of any kind.

So what have we accomplished here? So much that you would and will be astounded. We have located the gold necessary to back our own funds when that becomes necessary. We find that you can't expect any "now" leader to step forth to fix anything, except more of the same—and gold is the basis of every dastardly deed there is. Marcos, for instance, has stashed gold all over China so the NWO can't get at it so easily. You find right off WHY the old dynasties buried their stashes and set spirit guards to keep out the raiders. We also find that the Vatican is behind every gold stash known about and the Holy Church strips the little folk every day while billions of \$\$\$ flow back to Vatican City.

All gold is brought forth, shipped out clandestinely, re-smelted, re-barred, re-struck, and moved through such as Thailand where it is then shipped in smaller bars or "rounds" (balls) and moved to London.

Dharma is wondering today why we didn't shortcut, get the blessings of the Queen of England, and get the deal started so we could live to work another day. We will not participate in such activities—but we certainly will share with those who find it the only way to go. Your half is your half—ours is separate and apart, so don't be silly in your lack of wisdom.

Do not leave selves open for any assault—you have shelters, so USE THEM. Everything, you will note, must be done OUTSIDE the U.S. and/or within the circles of "blessings".

Intrigue? Oh indeed. The "team" knew that Saddam held such an abundance of gold that somehow it related to Bush. Indeed, to the point that all those seekers of "weapons of mass destruction" are using every thing and tool they can to LOCATE THE GOLD WHICH BUSH WANTS BACK BUT HAD STORED FOR SAFE-KEEPING WITH HIS PARTNER, SADDAM. No, there are no weapons of mass destruction in Iraq. More dangerous and worrisome are those blackmail weapons of stashed gold, records of transactions, etc., held by Saddam. This cannot be accessed until you have an all-out declared war for "some reason" which allows the destruction of nations—to get at the products in dispute, from gold to oil.

The Arab League which just met is now over, so watch out, world. These are the enemies of your own enemies, which simply APPEARS TO BE THE U.S. but is actually the controlling Elite having taken everything and are pulling your citizen's strings.

LA NINA

La Nina has been striking with all the fury it can conjure from global interference and no one in this region will be spared—as will none anywhere on the globe.

Athens, Greece is suffering from temperatures never seen before and fires are scattered all around, destroying everything in their pathways. Rains of unexpected size and duration are coming, beloved ones, with more devastating floods. The floods of Asia, especially China, are directly due to the weather manipulations. Thousands upon thousands will die, but worse than immediate death will be the forthcoming famines. The Philippines will be in direct line for terrible lack by year end. This holds true for all of Malaysia, Indonesia, etc. It is noted that the fights have already started, and in direct results, shipping is being stalled out in Thailand where tonnes of grain is being "confiscated" from troubled areas. Also it is noted that wheat of all varieties is being held for later bargaining. This is nothing more than Global control of shipping and commodities.

So what have we accomplished here? So much that you would and will be astounded. We have located the gold necessary to back our own funds when that becomes necessary. We find that you can't expect any "now" leader to step forth to fix anything, except more of the same—and gold is the basis of every dastardly deed there is. Marcos, for instance, has stashed gold all over China so the NWO can't get at it so easily. You find right off WHY the old dynasties buried their stashes and set spirit guards to keep out the raiders. We also find that the Vatican is behind every gold stash known about and the Holy Church strips the little folk every day while billions of \$\$\$ flow back to Vatican City.

97% OF THE YEAR'S RICE CROP THAT FINALLY GOT PLANTED IS EXPECTED TO BE WIPED OUT TOTALLY BY FLOODWATERS. THIS, WHILE 400,000 TONNES OF RICE ARE BEING WITHHELD FROM INDONESIA IN A THAILAND PORT.

Diseases are already epidemic, with some of the expected outbreaks to have no treatment modalities. Dengue fever is already so rampant that the hospitals are set up for "Express" lanes for isolation and urgent care treatment. All are overcrowded and unable to handle the load. The flood basins and drainage canals are totally plugged with debris and garbage, rats and other vermin, and are expected to immediately flood in every average rain, much the more from the coming (known) flooding from increased storms.

In this area, sweat now, team, there is a "Red Tide" which is wiping out the fishing and shellfish beds. However, let it be known that these contaminated areas are being ignored by some fishermen, and the contaminated fish and shellfish are making it to sale. This means that the entire fish industry is suspect and the fish unsafe—regardless of the freshness of the catch. THE AREAS AFFECTED ARE SCATTERED AROUND BUT INCLUDE THE BAY OF MANILA.

Here there has also been an epidemic outbreak of animal foot-and-mouth disease, so you can't trust the domestic meat products as well. The "need" is so great for product that the farmers have been ordered to "stop killing" the infected

animals unless they show active late-term evidence of infection. This means that contaminated meat will be making it to the markets. If care is taken, this should not be particularly dangerous, but you who like sushi and raw tid-bits of meat or fish—expect the worst and anything lesser will be wonderful.

Is it really "different", say, "back home"? NO, SO START TAKING PRECAUTIONS WHEREVER YOU ARE. AND, HIT THOSE COLLOIDS AND DRIAS HARD WHEN YOU GET BACK TO HOMELANDS.

Also, please note that there are several cases of disease over here in the Philippines recognized as having come from contaminated water supplies and Cryptosporidium parasites. You of the team will pass through an area tomorrow going to "the farm" that will have its entire water system shut down while changing some of the valves, etc., to better be able to clean the water.

Now that I've ruined the pleasure of your breakfast oatmeal and your anticipated lunch—I will ask you to simply take some precautions as you go about living—and use those colloids in such a manner as to extend them to cover water, especially, during the rest of the journey. If you run out—get some hydrogen peroxide and use a few drops in the water that you use for anything other than drinking. I would rather you get some of the stabilizer in regular hydrogen peroxide (from the drugstore) than to use much of the untreated supply of water. This is a good rule if you are back home as well. Preventative action can always save a lot of pain, discomfort, and even save your lives. I am not impressed with "bottled water", so act accordingly. This gives you a false-security if you aren't careful.

I am greatly appreciative of the load carried in Dharma's absence, by the crew at home. Success rests on the shoulders of all involved. We will endeavor to not get any of us into such trouble from which we can't extract ourselves—YOU OR US. I would suspect, however, that the more faint of heart might well want to reconsider locations, for hazards will be greater and all the "oh well, God will take care of it" is not any kind of response you might like. This kitchen is going to get very hot indeed.

Am I just trying to annoy or scare you? No, I'm giving you an opportunity to confront your own participation and measure your own probable lack of protection, as in fitting into the ordinary scheme of rules and regulations of all kinds. This is serious time and any who "drift" are going to be suspect. Please, each one, take this very, very seriously.

Are "we" just stuck over in the Philippines doing nothing, like Mike and Ed, while "waiting" for something or another? No indeed! We have made such a splash that we are the underground NEWS OF THE DAY. We can't even change meeting rooms fast enough to keep the privacy for more than a day. We even now begin to suspect the roaches carry "bugs". We appreciate fully the brothers looking out for the team.

I will not write longer for there is much to do this day.

Salu and keep God with you, precious friends. ☸

Editor's note: For legal purposes, the following Public Notice is being published. This is the first of four consecutive weeks of publication.

Public Notice

GLOBAL ALLIANCE INVESTMENT ASSOCIATION MEMORANDUM OF DIRECTIVE

The following points and authorities are offered hereby to eliminate any misunderstandings between negotiating parties as relative to the PERUVIAN BONUS CERTIFICATE # 3392-181, originated in 1875 and accepted as United States of America Treasury debt in 1906.

Since this debt was assumed prior to any other agreements involving monetary departments, divisions, or branches of government, this is a bonafide outstanding debt of the United States of America, the U.S. Treasury, the Federal Reserve System, the International Monetary Fund and the central World Bank and/or branches thereof.

The applicable restrictions and limitations in this transaction will apply to all participants. Due to NATIONAL SECURITY considerations no input to change or remand the validity of the debt created by BONUS 3392 will be accepted from the COUNCIL ON FOREIGN RELATIONS, the UNITED NATIONS, or any other entity, foreign or domestic.

As of November, 1997, all records formerly kept (and available for inspection) at the Peruvian Consulate in Los Angeles have been moved to Peru to prevent their possible destruction. Only individuals having appropriate authorization and credentials will be allowed to view them there.

All relevant documents, including the lawful chain-of-title of Bonus 3392, were legally recorded on August 10, 1998 at 8:35 A.M. and may be found at the office of Judith A. Vandever, Clark County Recorder, 500 South Grand Central Parkway, Las Vegas, Nevada 891-55-1510, Book 980810, Instrument 00323.

Because the amount of debt created by BONUS 3392 is so large that the global economy could be brought to collapse through its misuse, agreements have been finalized to allow the hypothecation of portions of the debt (through the use of contracts or deeds of assignment or leasing agreements) pursuant to the following rules and restrictions:

While prior use of the contract/certificate is noted, the parties using it will not be named in this document. Should such parties refuse their cooperation in the future, they may be named.

The contract has been utilized by the U.S. and hypothecated as COLLATERAL for use of the IMF and WB for the support of United Nations activities.

It has been agreed that the United States Federal Government may continue to use these contracts as collateral up to fifty percent (50%) of the accrued value.

The Holder of the contracts will be allowed to utilize the other fifty percent (50%), PROVIDING:

The Holder and its funding parties restrict themselves to single contracts not exceeding fifty billion dollars. (This does NOT preclude the offering of more than one such contract to any one entity.)

To avoid exposure of too large an asset it will be permissible to utilize corporations of common ownership to hold such additional contracts.

Under extraordinary circumstances warranting the issuance of one larger contract, for instance, the purchase of a single property, larger contracts may be issued if care is taken not to exceed the 50% use limitation.

It is anticipated that the Holder will purchase gold equal to the value of its portion of the contract to be pledged as collateral for a line-of-credit. Any "lease" arrangement must be structured to accommodate this requirement. The payment for leased collateral will be applied only to the funds available to the funder (not those of the Holder) and will be one percent (1%) per month for 120 months or two percent (2%) for 60 months.

As a consideration of National Security (as well as Global Security),

transactions WITHIN these guidelines will not be interfered with or blocked by the U.S. or its assigns. The consideration for such noninterference is that none of these contracts will be lodged for collection until such time as there is an additional agreement as to the lodging and honoring, through payoff, of the contracts.

Generally, it will be the practice of the Holder to expect the funder to provide loan capabilities and to purchase the gold as needed wherever there is security and it is NOT required to be housed within the U.S.

The Holder will not directly do business with any national group under sanction by either the U.S. or U.N. There is to be no restriction, however, on other parties or nations conducting business in their normal way. The Holder will conduct itself in the strictest accordance with all applicable laws.

The Holder has agreed to use its portion of funds for humanitarian purposes. No portion of its funds or assets will be used for purposes of ARMS ACQUISITION, WAR MAKING, OR THE OVERTHROW OR SUBVERSION OF ANY NATIONAL GOVERNMENT. However, the Holder has no way to police the use of funds by any other participating party.

Any abuse of these contracts or this DIRECTIVE will be considered by the U.S. as TREASON.

We must repeat that which is already obvious: THIS ONE ENTITY HAS VALUE ENOUGH TO DESTROY THE ENTIRE WORLD ECONOMY AND THIS WILL NOT BE ALLOWED THROUGH MISUSE THEREOF. If the participants abide by the agreements and restrict ourselves to good business procedures all can have a very productive and lucrative association.

To this DIRECTIVE we affix the authorized signatures and corporate seal to validate same.

As World Spins Faster Into Madness

[Continued from Front Page]

Secret Service, provides for federal takeover of ALL FOOD RESOURCES IN THE EVENT A NATIONAL "EMERGENCY" IS DECLARED. The "emergency" will be anything your adversary wishes to classify as such. All nations which come under control of the elitists have great and devastating food shortages, especially compared to you ones in the land of plenty. What sweeping powers of government decree allow such hoarding and withholding from its citizens?

That which has been enacted into law, with previous and numerous other treasonous EOs, WERE THEN ALL COMBINED BY NIXON UNDER EO #11490. Jimmy Carter signed EO #12148, better known as the Federal Emergency Management Act, further tightening your shackles; and on November 18, 1988 Ronald Reagan updated these arrangements during his last year in office, giving his successor, Sir George, the tools he needed to crown himself "King" of his New World Order Global Government.

You have been set up under the political structure of a dictatorship for almost ten years now and Bush is still running the show, friends, make no mistake about it. Is he "top dog" in the king-of-the-hill gang? No, but he is pretty damn close.

In the pecking order of your country, he is only under Rockefeller and Kissinger as to PUBLIC string-pulling. And remember, chelas, these entities are all ORGANIC ROBOTIC PUPPETS, so who do you think pulls their strings? The dark puppet-master you've all come to love-hate in terms of the experiences he has given humanity for soul growth and spiritual progression. Satan does enjoy his games of physical manipulation, does he not? And the UN currently provides him with a wide-open playing field.

The UN has the LEGAL RIGHT to use whatever means are necessary to subdue the American people (as they are doing to the people in all other nations of the world, whether you've figured it out or not) in times of DOMESTIC NATIONAL EMERGENCY. Every time FEMA (Federal Emergency Management Agency) is called in to do some staged humanitarian efforts, due to staged riots or man-triggered disasters, 2 to 15 percent of their resources are actually employed for those disasters—WHEREAS THE LARGER PERCENTAGE OF THE AGENCY FEVERISHLY WORKS BEHIND THE SCENES TO ADD STILL MORE POWERS AND PREPARING LOOPHOLE

EXCUSES TO SECRETLY BRING IN THOSE BLUE HELMETS ONTO U.S. SOIL UNDER THE GUISE OF "WAR-GAME MILITARY EXERCISES".

CHELAS, HOW DO YOU THINK WARS START? BY SUDDENLY MATERIALIZING THOUSANDS OF MEN AND EQUIPMENT INSTANTANEOUSLY TO WHEREVER THEY ARE NEEDED AT A MOMENTS NOTICE? (That, too, is possible, but that's another lesson.) THE OBJECT OF THE GAME, AS IN CHESS OR ANY OTHER GAME OF STRATEGY, IS TO MOVE YOUR GAME PIECES (TROOPS AND WAR MACHINERY) AROUND YOUR ENEMY IN A WAY THAT

DOES NOT AROUSE SUSPICION. That also means there are a great many "spies" in your midst.

During the McCarthy era there began a great influx of so-called communist (They are really elitist, globalist, deep penetration and infiltration agents, come to prepare you for this day.) spies into your country AND HEINZ STERN (AKA SIR HENRY KISSINGER), OF THE NOTORIOUS JEWISH TERRORIST GROUP, THE STERN GANG, BLAZED THE TRAIL.

As consolidation of your media (Hollywood especially) was stepped up, it became easy to hide what was taking place. This was also the time when your newly available TV sets began to be used against you. Programs that had been aired to promote what you call "decent moral values" and "wholesome" images of life at home were being slowly transformed into rebellious teen behavior, parents accused of being irrational and "uncool", and a devil-may-care attitude about where your beloved America was headed AND WHO WAS STEERING YOU THERE.

"TERROR 2000" GOVERNMENT REPORT IN ACTION

A Pentagon report entitled *Terror 2000* outlines and "predicts" terrorist activities on a global scale as you come into the new

millennium. It is actually a blueprint of sorts to show you how it is going to be.

“Terror” is a method for ruling people and your adversary is planning to use it on the nations of the world to usher in their ruling oligarchy. The definition of oligarchy: “a form of government rule, or control of a state or some other organization by a small elite group. The term often carries an implication that rule by an oligarchy is essentially corrupt and dominated by self-interest.” This comes from their own establishment reference works and it is most accurate.

When the report was completed, some time ago, it was given as an excuse as to why you were not informed of its findings because “it would be too scary for the people to handle”. THAT is why it was kept secret, not to prevent “fanatical terrorists” from getting the information, but so you don’t figure out that the sponsors of the report are planning future terrorist actions to get you ones in line.

Keeping secrets that affect national security is one thing—but now you are too infantile to know what or who is a potential threat to you? That is how it is presented, chelas.

When you-the-people are spoon-fed everything that impacts your beings—through the media, government and military—the result is involuntary servitude and capitulation to the self-appointed “experts” on human “behavior”. Keep in mind that this “behavior” is mostly engineered by outside events which are staged to create a specific PROGRAMED reaction. And waiting in the wings are the shock troops who will do the “attitude” adjusting for those who think they can stand up and fight the system with bullets. You don’t know what “the system” is, much less what they are capable of.

Only knowledge of your adversary’s plans and past misdeeds will allow you to put together a plan of your own that will allow you to LIVE and function in your rapidly changing **manipulated** world. Isn’t it nice to know you have resources (HELP) who show you how to do it WITHIN THE LAWS OF THE LAND and even show you the loopholes the bad boys themselves use? However, you must take advantage of what is being revealed to you, otherwise it will do you no good. God assists—but He will not do it for you.

**BIN LADIN:
ANOTHER ISLAMIC
“EXTREMIST” GETS THE BLAME**

The man upon which your Bolshevik-Khazarian controlled media are pinning the blame for the African embassy bombings is Saudi millionaire Osama bin Ladin. This is not to imply you do not have ones in the Arab world who hate the dark ones in the American government as well as your attempts to control the affairs of their countries THROUGH ISRAELI (KHAZARIAN) BEHIND-THE-SCENES INFLUENCE, but he is not responsible for these particular attacks.

This man used to live on the African continent and is said to hate Americans and Jews. Why would such a person plot to kill and injure thousands of innocent Africans just to get at a few U.S. citizens and no Jews? If he indeed has the resources which intelligence analysts say he has, then he IS capable of striking on more important U.S. targets. And

since his activities are so widely known, how is it he was capable of carrying out such a massive plot SIMULTANEOUSLY—WITH EVEN MORE TARGETS IN AFRICA THAT WERE SUPPOSED TO BE DESTROYED?

Is a lone Arab terrorist, hiding in the mountains (or already “taken out” for all you know), WITH LIMITED RESOURCES COMPARED TO THE SOPHISTICATED PARAMILITARY DEMOLITION TEAMS OF U.S., RUSSIAN, AND ISRAELI “SUPERPOWERS”, A MATCH FOR DOZENS OF MEN WITH SUPERIOR CAPABILITIES? AFTER ALL, WAS HE NOT “TRAINED IN THE U.S.” FOR THAT WHICH HE IS NOW ACCUSED OF BEING A MASTER?

Bin Ladin does not even claim responsibility as he reportedly has for past terrorist incidents. Is that not the aim of a terrorist—to let the world know who did the act so as to draw attention to their respective causes? If not, then what is the point? You only hide what you did IF YOU WANT TO BLAME SOMEONE ELSE.

No Israeli officials, WHO WERE THE FIRST ON THE SCENE (except for a woman who was on her first assignment and had no experience in the work she was doing), made statements about what they had found or why they were there in such numbers so quickly. After securing the site—with unnecessary force to survivors and passers by, collecting and destroying evidence, they left the country without so much as a “good luck” wish. Sympathy and public bereavement (feigned at any rate when the culprits ARE the speakers) was not even attempted, which is “standard practice” for the ones in charge of public relations and dissemination of information in such tragedies.

**THE FBI IS A DOMESTIC
“DETECTIVE” AGENCY,
WHAT ARE THEY DOING
HEADING FOREIGN
INVESTIGATIONS?**

Mossad agents and moles within the Federal Bureau of Investigation were sent to the embassy bombings because it is these infiltrators who were used in both Oklahoma and Africa. The modus operandi is the same, the techniques are the same, and it is they themselves who attempted to cover up their own atrocious misdeeds.

You have spies in your agencies who go unchecked by your own justice department and law enforcement watchdog groups. THIS IS IDEAL FOR ANY WOULD-BE TERRORIST, INDIVIDUAL, OR GOVERNMENT, TO ACCOMPLISH THEIR GOALS.

It is widely known that the U.S. is notoriously lax in public knowledge of, or participation in, what their semi-secret government agencies (CIA, DEA, FBI, DSS [Diplomatic Security Service], etc.) are up to. Of course there are legitimate security considerations to consider, but the scope and breadth of the secrecy is unparalleled in a so-called “free” society. Nazi Germany and Soviet Russia are equal to what your clandestine government agencies have now become, which is only natural since they are mostly staffed with operatives and agents harvested from both.

The super-secret assassination division of the FBI, *Division 5*, which carries out political

exterminations of those they deem troublesome, has more broad and sweeping powers than you can imagine, and it is only a matter of time before their influence is felt in a massive way in the daily affairs of the average citizen. After being such a major, major part of the conspiracy to bring down the Clinton government, do you think the Bureau will be content to go back to investigating smalltime drug dealers and copyright infringements?

Wake up, sleepyheads, this is just the tip of the iceberg. An entire army of enemy agents and traitors have sold their souls AND YOURS to the Prince of Deceivers—and he means to collect. If you know not the terms of the *CONTRACTS* (Treaties, Trade Agreements, and UN Charters) made with the “Devil”, you cannot make use of legal tools—STILL AVAILABLE and VIABLE—to undo that which will only lead to slavery and death.

The evil controllers do not just want to take EVERY LAST THING YOU OWN, they mean to deprive you of your right to LIFE as well. They can’t do that, however, if you don’t let them. *They need you* to pull it off. Do not play into their hands, for at this late hour there is little time to reverse the damage, if and when you realize what is happening.

**THE ROYAL CROWN OF
ENGLAND IS OPENLY CLAIMING
WHAT IS “THEIRS”**

Ever since you signed your *Declaration Of Independence*, your elected leaders have been working diligently to bring you back under the rule of England, and they have succeeded. British elite front companies are taking control of your petroleum business, your premiere telephone corporation, and everything else that allows you sovereign control over your destiny as a country that is supposed to govern itself among the other *free* nations of the world.

Have you forgotten that your country fought to gain independence from Britain so you could “worship” how you pleased, live where you wanted, and get out from under economic rule of greedy kings, queens, and their bankster partners? The EU (European Union or Community) is the public name for “the system” that encompasses Mr. Bush’s New World Order; by any other name, a skunk is still a skunk.

The biggest foreign merger of an American company, Amoco by British Petroleum, and AT&T’s buyout by a British communications company, will cost thousands more jobs in an already jobless market. No matter what Alan Greenspan of the Federal Reserve touts on your idiot boxes—YOUR ECONOMY IS NOT GETTING BETTER! If you are to survive what is coming, MONETARILY, you are going to have to plan just as shrewdly as those who are conspiring against you. However, you must remain as peaceful as that dove. God does not sanction cheating, dirty business dealings, stealing, or any of the things your British overlords are doing to you.

There are ways of doing business that will allow you to maintain some measure of stability and, dare I say it, comfort in a world soon to go mad. The loopholes your adversary has set up for himself are just as LEGAL for you to use. **They just don’t tell you about them.**

THEY KNOW ABOUT KEEPING THEIR

OPERATIONS PRIVATE. THE SOONER YOU INCORPORATE IN NEVADA ALL YOUR BUSINESS AND PERSONAL TRANSACTIONS, THE SOONER YOU CAN TAKE ADVANTAGE OF OPTIONS WHICH ALLOW YOU THAT SAME MEASURE OF PROTECTION *UNDER THE LAW*. The One Worlders, through YOUR lack of action to prevent same, have created a very different future "world" for you to function in. You had best become acquainted with it, if you are to survive as citizens and not slaves.

If you keep your transactions modest and do not succumb to greed, while keeping your ego in check as to not having a big name or looking for vast sums of money in an attempt to secure fame and fortune at the level of the corrupt power brokers, you can continue to build your projects and maintain your personal assets. They will even help you if your projects are not in conflict with theirs, for in the interim time during changeover, your government will need to look like—indeed be—integrated with their constituency, and if you show them you are not trying to "make waves", they will leave you alone.

If they want to feel like the big boys on the block—LET THEM! What do you care? You can't go to war with them, and those who are of our teams should, by now, know better.

This is the Plane of Demonstration where ALL are allowed to experience and manifest that which they need for further learning and growth. It is *how* you cope with your circumstances that will be ultimately "judged" by God.

And in that judging, YOUR INTENT MATTERS MOST OF ALL. EVIL WILL BE METED OUT ITS "JUST REWARDS" FOR WHAT EVIL IS RESPONSIBLE FOR, AND YOU WILL BE JUDGED BY THAT WHICH YOU CONTRIBUTE TO ATON'S MAGNIFICENT SPLENDOR. Hold it in your hearts and allow your actions to reflect the Divine Spirit within—FOR IT IS THROUGH YOU THAT "SALVATION"

SHALL BE Poured FORTH ONTO THE WORLD AND DARKNESS VANQUISHED FROM YOUR FUTURE EXPERIENCE.

It is as simple as that, only your enemy shrouds everything in confusion and double-talk. Common Sense and the Blessed Gift of Reason are attributes Satan would like to deprive you of. Since it cannot be "erased" from your mind, he bombards you with so many distractions that you abandon reason for the robotic reflex of reacting to that which is thrown your way. While reflex is not necessarily a bad thing, when cultivated with intelligence, if your programed response is an action that just gets you killed and makes matters worse for those whom you leave behind, then it might well be worth your while to invest in a little positive "self-programing" (self-hypnosis) that instills an intelligent and proper response.

ANOTHER SPY SATELLITE IS SHOT DOWN AS MORE ATTEMPTS ARE BEING MADE TO GET SENSORS OVER RUSSIA

This time a particle-beam blast (instead of quieter neutron radiation to disable electronics) was used to take out your proven, reliable Titan rocket this week. The discharged beam, and subsequent explosion of the rocket and satellite, set off car alarms and shook buildings for miles around Cape Canaveral, Florida. Russia's hovering weapons platforms, Cosmospheres, also ignited a mysterious oil refinery fire THE NEXT DAY with another well-placed, surgical beam blast, sending a clear message to the Bolsheviks who control your NASA MILITARY missions.

Project Z war plan, the plan to launch a first strike against Russia by the displaced Bolsheviks (Soviet Jews) who now mostly reside in America, is still proceeding forward with only pushed-back dates and makeshift vehicles substituted to get the crucial realtime data needed to win a nuclear conflict.

What is needed is a working sensor within range of *seeing* Russia's well-cloaked and super-secret bases of operations that control the Cosmospheres and other important technologies which act as last-line strategic defense sites. Without that geographic information, none of your missiles, nor preceding Phantom Stealth (capable of total radar and VISUAL invisibility—so you think) airplanes that are to spearhead the attack, would have a chance of reaching their targets. That is the big why for the continued attempts to float balloons, solar-powered flying wings, or anything else they can think of telling you, over the "hot spots" of your Eastern Hemisphere.

You are not going to be given exact routes of travel for these flights, nor how many are actually being sent—or shot down. Downed balloonists *are just as replicable* as are "cloned" presidents; and remember: your very first Space Shuttle flight, with the *late* astronauts John Young and Robert Crippen aboard, was shot down over Russia just like Gary Powers' U-2 spy-plane flight in 1960. However, Young and Crippen were not fortunate enough to survive to be jailed as spies (Powers was traded a couple of years later for a Russian spy), but synthetic clones were on hand at Edwards Air Force Base in California to wave at the crowd in front of the training shuttle *Enterprise*, relabeled *Columbia*, completing the deception of a "successful", though problem plagued, mission.

The Bolsheviks hoped that with all the distractions their "terror" agents are causing around the world, a sensor could be maneuvered within range long enough to get the intelligence needed. If they are ever able to do it (the odds are not very high, but you ones can certainly learn from their persistence), you can expect sudden and immediate launches of your entire nuclear arsenal. Naturally the Kremlin's Russian military leadership (which is independent from the Soviet government you see) will retaliate with their own missiles; and with the elite instigators safe and secure in underground communities YOU BUILT FOR THEM WITH YOUR MONEY, they hope to ride out the holocaust.

YOU HAVE FRIENDS IN LOFTY PLACES

That is the plan, dear ones. It does not mean such is going to happen. You have friends and help coming from unexpected places. The Khazarian elite WOULD BLOW UP YOUR WORLD IN THEIR ATTEMPTS TO GAIN COMPLETE CONTROL OVER IT, but there are forces MORE POWERFUL THAN THEY, who are pledged to save it. Your Prayers are indeed heard, and with your participation, a peaceful resolution can be reached as to what to do with all those terrible weapons you ones have pointed at each other. BUT YOU HAVE TO WANT IT TO END—PEACEFULLY!

YOUR MEDIA IS IN HIGH GEAR TO KEEP YOU PROGRAMED TO DESIRE A FIERY CONCLUSION TO THE PROJECTED MILLENNIUM. DON'T FORGET THE POWER OF "THOUGHT" UPON MANIFESTED REALITY!

MILLIONS OF MINDS BEING FOCUSED ON FIRE AND BRIMSTONE--

WILL PRODUCE A FUTURE OF NUCLEAR FIRE AND BILLOWING BRIMSTONE! CHANGE YOUR THOUGHTS AND YOU CHANGE THE ELECTRIC-THOUGHT POTENTIAL OF PROJECTED FUTURE EVENTS.

As always, it is easier to harbor negative thoughts than positive ones—not because one is more powerful than the other. Rather, it is that you've been fed negative and self-destructive thoughts for so long that THOSE ARE THE FEELINGS WHICH ARE MORE FAMILIAR AND "COMFORTABLE" TO YOU.

MIND CONTROL is *THE* tool which gains the dark elite parasite class of controllers the best results over you, and it is for that reason the things you think should be as fervently attended as you keep watch over the rest of your perceived assets. The mind is a most precious commodity, one you've been taught to neglect for centuries. Don't you think there is a very good reason why your adversary spends so much time cultivating his skills regarding better ways to control the books and newspapers, films and TV, priests and politicians you listen to so intently? These external sources of "information" (not to be confused with "knowledge" gained from the wisdom of soul experience) program your subconscious, which controls your conscious mind (not the other way around)—which in turn then "programs" your destiny.

Realize what we bring you regarding how the mind and your thoughts work, and begin to shape your lives and your future the way God intended for you to do—in His Image—and you won't have to worry about the dark forces taking over everything you hold dear, for in the Presence of God-Aton's Light, no evil can stand! That is a promise from Creator Source to His Lighted Reflections.

May you remember WHO YOU ARE and FROM WHERE comes your Power, because once you do, evil becomes powerless in the face of your *inspired* wishes. And when you follow your wishes and prayers with right action, you can again build a kingdom of heaven on this emerald jewel called Earth-Shan.

I am Commander Tomeros Maasu Korton of Our Father's Light. I am here at this time that, through YOU realizing your potential, all of Creation may move forward in growth.

Salu.

8/23/98 KORTON

Good morning, Korton here in the Radiant Light of Creator Source. May you SEE the deceptions being played out before your eyes, and therein may you come to discern The Truth.

As your world moves closer to implementing the plans of the global conspirators on a massive scale, you have no way of knowing if this is another "test" of their systems, and more legal maneuvering to bring down tighter restrictions on individual sovereignty, or are preparations for an actual full-scale attack against the United States. A good rule of thumb, however, is to remember that whatever the "news" is telling you, turning it around and taking the opposite meaning of what is said will bring you closer to what actually is happening as events of intrigue unfold.

**ISRAEL WAGES WAR ON ISLAM:
OPENING SALVOS OF
THE "HOLY WAR"**

The Israeli government, through its top Bolshevik frontman, Caspar Weinberger (Remember him? If not, I'll refresh your memory momentarily), has gotten the U.S. into some very hot water. By launching *AIR STRIKES AGAINST SUDAN AND AFGHANISTAN, USING STEALTH AIRCRAFT AS WELL AS CRUISE MISSILES FOR "COVER", INDISCRIMINATELY DESTROYING CIVILIAN COMMUNITIES AND "BASES", YOU ARE DOING THE VERY THING THAT SECRETARY OF STATE MADELEINE ALBRIGHT (who not too long ago "discovered" her Jewish-Khazarian heritage) IS RUNNING AROUND YOUR WORLD CONDEMNING.*

Readers, in the eyes of the world this hypocritical representative to your nation is making you look like evil incarnate that has run amok like a rabid dog. Just as planned, the U.S. appears to have lost all capability of reason and logical judgment and it is only a matter of time before the world has had enough.

Attacking those two countries is not just about the abhorrent death and destruction of hundreds of innocent people (they are not going to give you anything close to actual numbers—if you get any at all) and flagrant disregard for treaties set up with the other nations of the region, but IT IS ALSO AN ATTACK ON TWO OF "YOUR" (the Jews') MOST DEADLY ENEMIES: FOLLOWERS OF MOHAMMED AND CHRISTIAN RUSSIA.

Where do you think Afghanistan sits on your maps (that have great errors in actual continental size and placements)? It is territory secretly belonging to the New Federation of the new SOUTHERN RUSSIA, my friends, and the Kremlin is not too pleased by this flagrant intrusion into what they consider part of the EXPANDED Russian Empire.

There are new geographical boundaries drawn and you-the-people of America are going to be the last to hear about them. You don't even realize your own country does not function under the division recognized as the fifty states. Rather, your government utilizes UNITED NATIONS DICTATED "Districts" divided into 10 regions; it is already done and operationally in use! The European Union, as well as other cute sounding, democratic-socialistic names, are a part of the redistribution of wealth (lands) among the elite factions who HAVE conquered your world—namely Russia. What you are witnessing is the internal power struggle of who gets to sit in the "big chair".

**IRELAND BLAST CARRIED OUT
BY SAME
BOLSHEVIK TERRORISTS**

The lush green pastures of "The Emerald Isle" have not escaped the communistic Bolshevik subversion experienced by Great Britain and the rest of her territories—both the acknowledged ones and the seemingly "independent" nations. The flag of Ireland, with its **Khazarian-Jewish 6-pointed star of David El Roy** (remember, not the same as *Judaist* King David), with its red hand depicted

in the center, shows who intends to ultimately (meaning very soon now) gain control of that country; and it isn't Protestants or Catholics. The symbology of the "red" (communist or black) hand is, in mafia, mishpucka (Jewish crime family), and other organized crime circles, that of power and combined (usually five) "family" members and/or factions capable of forming an "iron fist" to crush their competitors OR ENEMIES—WHICH HAVE BECOME THE INNOCENT PEOPLE WITHIN THEIR "TERRITORIES".

At one time the *public relations* arm of the Italian mafia could feign being a legitimate group of freedom fighters subverting and sabotaging Mussolini's forces with the aid of American intelligence. They originally even utilized "Mothers and Fathers" in the first three initial letters of the acronym "mafia" to further present a philanthropic ambience for those who stumbled upon their evil brotherhood.

As these organizations grew in financial power (WHICH TRANSLATES INTO POLITICAL INFLUENCE), national symbols were used to flaunt their achievements in the face of the unsuspecting people as well as to announce accomplishments to their adversaries (or partners) in other parts of the world. More and more, any semblance of the "Robin Hood-lum" (this goes for so-called noble "robber-barons" and crusading "holy" knights, too) mentality of these "crooks with a heart" evaporated as the politicians, who *allowed* their participation and help, realized they were indeed dealing with The Beast incarnate. Did they forget? Never make deals with Satan, for in the end the "contracts" are NEVER honored.

With today's repeat of history, the new crooks' "limited" cooperation with high levels of government, as exemplified with Ireland (and "limited" only as far as public visibility is concerned; in actuality there is **FULL PARTICIPATION WITH YOUR ELECTED OFFICIALS, FOR THEY ARE ONE AND THE SAME!**) places the people once again in a position where they have become mere expendable pawns to further fill the coffers of the gangster elite.

The Bolshevik Party of the *old* Soviet Union controls that nation as well and is using that iron fist to bring the Irish people to their knees.

The Bolsheviks have control of your "free" nations of the world, including the U.S., and are now stepping up their plans to bring the peoples of those countries under the umbrella of a global union. In order to do that, chelas, the *cultivated* complacency of you-the-people must now be replaced with stark terror.

Even IRA (Irish Republican Army) "provisional" *terrorists* are not as sadistic and indiscriminate as your adversary is trying to make you believe. They did not detonate such a devastating blast to kill and wound Protestants and Catholics alike just to hamper peace talks. Look closer: the manner in which it was carried out does not help anyone's cause—except the globalists.

The phone call, minutes before, to make sure the death toll was high by having soon-to-be victims run toward the bomb, together with the increasing trend of no immediate claiming of responsibility, was right away suspicious to some. Even MI-5's (Military Intelligence, Division 5, the domestic arm of British intelligence; the equivalent of your FBI)

reliable stable of informers were clueless this time.

And when word finally comes of ones claiming to be the murderers, IT IS A *NEW IRA*?!? Come, come now, they couldn't even get their story correct.

Later, after the conspirators finally decided on a silly last-minute name, the Real IRA, it made even less sense because surely novice analysts of IRA protocol could see that this *splinter group* was in no way a part of the IRA. But most interesting of all: do you not see the above facts—INCLUDING TIMING PROXIMITY—as being coincidental to the African embassy bombings?

Every action by individual or group leaves behind tell-tale signatures, no matter how thorough the precautions are to prevent or clean-up same, much like fingerprints or DNA differences, that can be identified as being unique to the perpetrators. AND IF THE SAME ONES PERFORM THE SAME ACT, ESPECIALLY IF THE INTERVALS ARE WITHIN MERE DAYS OF THE EARLIER ACT OR ACTS, IDENTIFICATION CAN READILY BE ESTABLISHED.

Ones within your "Stargate Jedi Warrior" psychic espionage corps have already "seen" not only who is responsible for the bombings, but also who ORDERED the attacks. However, most are of the elite factions involved and are unlikely to risk their lives to tell you ones.

Meanwhile, you are programmed to not believe that which comes from the "unseen" realms. These capabilities do exist, dear ones, and it is time you come into greater knowing about the capabilities of Higher Universal man! God called His people "HU-man".

You "Westerners" who have such an affinity and reverence for your Native American brothers would do well to recall what these people have to say on these subjects. Their "Great Spirits" revealed to them many things about life and creation—AND ABOUT *THESE LATTER DAYS WHICH YOU, THEIR PALEFACED GUESTS, ARE NOW EXPERIENCING.*

Getting back to the recent shenanigans, it is also obvious the bombings were, in actuality, not targeted to any specific group. When real terrorist acts are carried out, they are not done on such a "defocused" scale because (no matter what lies your security experts tell you) terrorist resources and goals have been limited to small operations so as to have a better chance of succeeding. By contrast, the grand "signature" of these bombings suggests a much broader agenda being carried out by those who make BIG plans.

Your U.S. intelligence is an all-encompassing network of information gatherers and computerized surveillance computer systems with visual, audio, organic tissue, and even "etheric field" monitoring of you nice citizens, and on a massive scale. You MUST understand that nothing gets by your modern spymasters who have twenty-first century technology at their disposal.

Aside from your spy satellites shot down or grounded by Russian space weapons, you have a first rate organization. In short, the expansive "terrorist" setup to which your government gives so much credit CANNOT OPERATE WITHOUT THE COVERT ASSISTANCE AND BLESSINGS OF YOUR OWN

PROFESSIONALS IN THIS AREA.

(Because your American spy satellites have long been destroyed by the Russians' space-arena superiority, you can KNOW the Afghanistan targets that were "confirmed" destroyed or damaged were not as presented to you. Once again, you have NO functioning KH [Keyhole] 11 or 12 series cryogenic infrared or any other kind of surveillance satellite left in orbit. And always take note of those rockets, especially bearing satellite payloads, which mysteriously or unexpectedly malfunction during lift-off and have to be ditched in the nearest ocean!)

We know it is not easy to hear things like "professional assistance" being necessary behind the carrying out of such large-scale bombings—especially for you ones in the spy business who are kept out of the loop. But, if you do not know by what means your so-called "intelligence" agencies have been subverted, then you cannot hope to expose the even more secretive agencies within them (such as Majority 12) which are, indeed, *aliens* among you!

**KREMLIN PREPARES TO
RETALIATE AGAINST
U.S. STRIKES USING
WEATHER MODIFICATION
TECHNIQUES**

Russia has ordered attacks against your East Coast and Gulf Coast regions using their ability to manipulate the weather. Hurricanes do not suddenly appear without warning and sit, waiting, while building massive momentum for hours, like you are seeing recently. (Of course, you have been hit by so many engineered hurricanes in recent years that their abnormal behavior is becoming the norm!)

While the Russian Cosmosphere space platforms wait for orders about where to guide these incredibly massive storms, Texas (in this most recent case) has been flooded by rain that was not forecasted by your best weather watchers. Billions of dollars in damage result from these kinds of attacks, which often include the droughts preceding the deluges.

The bottom line is simply that the Russians are going to make you pay dearly for not consulting them in your games of war. You do not know what you are dealing with as you taunt the technologically superior Russian Bear! They are just waiting for a good enough excuse to come after you in full force! When they do, you are going to wish that you had gone the diplomatic route.

Your missiles in silos, railway cars, and submarines are all pinpointed and tracked by locked-on "tractor beams" and will be immediately destroyed before they can leave the ground or seas (as simply as your rockets are destroyed on their launch pad, right in front of your eyes). Your capabilities cannot counter that which they have developed in THEIR "Star Wars" programs that began decades ago with technology YOU GAVE them, especially through such as ignoring much of Nikola Tesla's work. They didn't have to steal it! They only monitor your best and latest developments so as to stay far out in front of you.

YOUR BOLSHEVIK LEADERS KNOW THIS AND, THEREFORE, APPEAR ALL

THE MORE INSANE. SUICIDING TENS OF MILLIONS OF AMERICANS DOES NOT CAUSE THE BATTING OF AN EYELID TO THESE DARK ONES.

Remember, you are totally expendable to their cause. Your own weather modification "grids" can likewise be used to create artificial conditions—though not on the same scale as such as these massive hurricanes. Such colossal weather systems draw upon the atmospheric conditions prevalent out at sea and only Cosmospheres—in conjunction with Russian beam-emitters on the Moon—are equipped to generate and maneuver such storms, when a truly massive assault is desired.

Though on a smaller scale than the Russian capabilities, your own leaders use such as weather modification technology on you for a number of reasons, ultimately to bring about emergency regulations to get you under control. It matters not who stirs the tempest, the aftermath is the same.

The morale of a nation **and its military** are completely exhausted in the face of Mother Nature's fury, manmade or not. As your countries play tit-for-tat with the environment, the effects not only kill many thousands of your peoples—as China suffers terribly this day—but animals and even trees are also collateral victims. AND GOD DOES NOTE THESE MURDERS AS WELL!

(As an aside here, how about the interesting Chinese bug that is recognized as a 100% fatal "disease" to the trees they infest? This is another COSCO [Chinese Ocean Shipping Company] import you could do without.)

YOU TREAT YOUR ANIMALS AS IF THEY ARE YOURS TO MISUSE AND SLAUGHTER AND SACRIFICE AS YOU SEE FIT. THEY ARE PRECIOUS INDIVIDUAL CREATIONS FROM THE MIND OF CREATOR. SOMEONE IS GOING TO REAP BITTER FRUIT FOR CAUSING SO MUCH HURT AND SORROW TO THESE MOST CHERISHED OF INNOCENT CREATURES. THE *LEARNING "KARMA"* WILL BE IN LIKE KIND, AND IN MULTIPLIED RETURN AS THE SEEDS OF HARVEST THAT PRODUCE MANY TIMES THAT WHICH COMES FROM ONE SEED.

Trees, too, are LIVING BEINGS, chelas! I have no words to describe what you are doing to them. You have no accurate comprehension of what irreversible damage has been done to your atmosphere and LIVING PLANET as a result of your mindless cutting down of the life-giving greenery that sustains organic (oxygen dependent) beings.

You do not have to cut them down to make things like paper! There are wonderful plants which can be grown to manufacture into paper products. As well there exist flexible, paper-thin computer screens—already in perfection—that make much better substitutes. These are cheaper and less wasteful ways for you to manufacture and recycle your modern conveniences you think you cannot live without.

You had best prepare yourselves for more basic living lifestyles, for one day (I'm sorry to say, it appears very soon at the moment) you are going to be thrust, most rudely, back to your pre-industrial past. And, if you are not ready for the change to a simpler life, it will be a most disorienting and unpleasant shock.

BASEBALL STADIUMS BEING READIED FOR TERRORIST TARGETS

Every conceivable manner is being tried to get as many of you sports zombies as possible crammed into coliseums while watching baseball games and other stadium-sized events. Even toys are given away to make sure you bring the kids. "Beanie Babies", I believe you call them, are bringing more people to the games than the star players themselves. And 52,000 spectators make for an easy target for a compact KGB neutron bomb. These devices are not even recognizable as a threat, say if one was sitting in the dugout, to those who are not familiar with Russian tactical weapons of truly MASS DESTRUCTION.

Spetsnaz troops ("Special Purpose" commandos, Russia's equivalent to U.S. Navy SEALs) can place these devices ANYWHERE they wish, and with the help of highly trained Mossad deep-penetration operatives, every important dam, powerplant, military installation, vital industry, and governmental command and control center can be taken out at very short notice.

This is exactly what you can expect if your insane Bolshevik leaders continue to insist upon agitating the Russian Bear. Still, the Kremlin is notoriously famous in communist nations for their strategy of "feigning weakness when we are strong". Well, the non-news boasts daily of a "disintegrating Russia" with its "dilapidated military". Those in the know of this propoganda strategy are trembling in their boots at the underlying implications of such headlines.

RUSSIA IS NOT A HELPLESS LUMBERING GIANT

Her military is not full of dunderheads and fat, aging generals. The Russian military is the most dangerous and highly trained force on the face of your Earth. There has never been a fighting legion in the history of your planet which possesses the destructive capability of the Russian military. You sit and watch your ball games, thinking you are #1 in everything you do, while your "enemy" sits and laughs at your gullibility and stupor.

I say "enemy" because you must always remember that the Russian military is NOT the same as the Soviet political machine. You can consider the Russian military as the TRUE "Christian" Russians who work hard to rid their country of the parasitic infestation of Bolshevik Khazarian "Jews" who poured into Russia from Eastern Europe

at the turn of the century and later caused so much damage to Russia during the time of the 1917 Bolshevik Revolution. I will explain more about this matter a bit later, in conjunction with the Rothschild family.

Today most of that parasitic Khazarian "Jewish" element has migrated over to easier pickings and has heavily infested your United States political and military leadership domains (as well as your media, education, science, health, and business worlds). Thus is the truth behind the saying which Commander Hatonn uses frequently, that "the Russian military is not YOUR enemy, but IS the enemy of your enemy!" Thus, you may well get caught in some serious "crossfire" whenever these two powers clash, especially when you know not the "game" being played.

The dark elite are the ones responsible for your obsessed interest in sports in the first place. Their goal is unification of a greatly depopulated world under their control. What better way to set you up, like bowling pins, for "the fall" than by making you easy targets for conquest.

You have all that pent-up energy which the Soviets do not want you to even remotely use on them, so they program you, through their partnership with your other enemies, to expend it on gladiator events (upon which they make great profits, by the way)—while the real gladiators sit out in your remote military training sites, which YOU NO LONGER USE, and off your shores in several thousand submarines (including other craft with interesting capabilities as of yet unknown to you in the U.S.), waiting for the order to invade.

I suspect if, or when, that order does come, you will have your head looking skywards, watching for that home run hit, while your enemy walks in and declares "checkmate". Oh, your leaders didn't tell you you had any competition to worry about except a few "fanatical" Islamic extremists? Well, you've been lied to so much, by so many who you thought you could trust in your political arena, that I cannot help but have great sympathy for your plight. That is why we of God's Hosts have come to America as our "focal point"—to assist those who need it the most!

We are in other locations that are equally important. However, this is the place where a nation was founded with Godly intent *BY GODLY INFLUENCE*—AND WE WILL SEE TO IT THAT GOD OF HOLY LIGHT DOES PREVAIL! No matter how desperate your circumstances seem in the midst of so much "bad" news, it should be comforting to know

that evil is experiencing its "last hurrah".

CASPAR WEINBERGER'S PAST MISDEEDS AND WHY HE IS SUCH A DANGEROUS MAN TODAY

Former Secretary of State Caspar Weinberger is a very dangerous entity. He is a many-times-changed-out synthetic replica, who readily shows signs of his repeated downloading and recasting, and should have long ago been "retired". Egyptian mummification techniques would not help these entities after the original "donor" is long dead; replicative fading causes a continual worsening of the tissues being replicated. The result is that these entities look and act like the "walking dead", and could easily and convincingly carry the lead role in such zombie-themed films.

These beings may be more lifeless than the grilled fish which graces your dinner table. However, they are Satanic puppets nonetheless and are *extremely* dangerous! This is primarily because of the ease (lack of conscience) with which they obey orders from those in faraway places or in underground shelters in your country, to get you into a devastating war from which you will not recover as a sovereign nation. Such is the most dangerous circumstance in which you can find yourselves. They care not for your children, precious animals of the fields and jungle, blue sky, majestic trees and tiny wildflowers, and life-sustaining lakes and oceans. All the things that touch and uplift your inner being are lost upon (and otherwise incapable of affecting) these organic automatons.

If you do not see "what" is controlling your nation, you "do not stand a snowball's chance in hell" (I believe your saying goes) of coming out of this Armageddon scenario without great suffering and devastation. It can be averted, chelas, but you have to act on what is being paraded before you. By simply accepting the blatant show-and-tell of lies spewing from the puppet-manipulators through your media, you prove to the world that Americans are as "ignorant and easily lead" as the rest of the world says you are.

Your brothers from across the oceans and over your northern and southern borders know there is an elite class of warlords responsible for all the unrest on the planet, and increasingly, they are coming into the unfortunate realization that these dark elite have chosen the U.S. as their "instrument of terror", as your President touts in true meaning. The true profile of this "terror" is not some bin Laden (who fits more easily the role of a betrayed CIA asset, along the lines of Noriega and Saddam), but professionally engineered attacks upon innocent people everywhere. Certainly the United States is not making any friends through these "terrorist" attacks and you-the-people will soon see the backlash from mounting anger worldwide!

Mr. Clinton and your other supposedly patriotic leaders are operating on pure and simple blackmail politics. They are caught between the rock and the hardest place imaginable—with your Israeli-Bolshevik *friends* (and their British partners) pulling all the strings.

Too convoluted to follow? Do recall

Editor's note: As follow-up to last week's Front Page story, these are two corrections to the web sites mentioned at the end of the article:

FOR COMPLETE DETAILS ABOUT THE LEGAL STATUS OF THIS CASE:
CONTACT: <<http://www.pixi.com/~itmc>>

FOR INFORMATION RELATED TO GEOPHYSICS, TSUNAMIS, AND
EARTHQUAKES: <<http://www.geocities.com/capecanaveral/lab/1029>>

Weinberger's past dealings with Great Britain during the Falkland Islands War, back in 1982, which involved a secret joint Rockefeller-Kremlin alliance going up against the Bolshevik-controlled Thatcher government. As has been covered in great detail, several times in the past, by Commander Hatonn, the fighting was over hidden naval bases essential to your adversary's first-strike nuclear war plans.

Recalling this important 1982 war should make the dots easier to connect for you who are new to the writings. As for you "veterans", if you find this old "stuff" boring, then you have not gotten the point. You must be as the learned professor regarding the players AND THE GAME, if you are to have knowledge enough to present the truth, when questions arise, to an already brainwashed populace. None of you can recite that which was presented within the *Phoenix Journals* and *CONTACT* newspapers verbatim; yet, if you are to be on God's team of friends and associates—you *must* be informed!

**FORMER PARTNERS IN
GLOBAL CRIME,
THE BOLSHEVIKS AND THE
ROCKEFELLER CARTEL:
A ROTHSCHILD-SPAWNED
MULTI-HEADED BEAST**

The Jewish banking family of Rothschild & Sons will always be the heart and soul of Lucifer's offspring in a physical world manifestation—if you **MUST** have faces and names to attach to satanic prophecy and influence. But by and large, there are millions upon millions who practice behavior and actions which make the Big Bad Boy proud. As you come to the ending of this Grand Cycle of Earth-Shan's manifested third-dimensional experience, recognition of identifiable players and participants becomes of paramount importance if you are to save a world.

The Rothschild family created and financed the political force known as Bolshevism and, likewise, aided the Rockefeller empire's climb to power over a hundred years ago. When the time was ripe for betrayal of the Christian Czar of Russia, communism (a radical left-wing *majority* [Bolshevik] group, headed by Lenin) was introduced with help from the Rockefeller headquarters in New York.

The Russian Revolution of 1917 followed and the Soviet Union was born. This is one example proving these ones have the experience AND THE KNOW-HOW to pull down nations and manipulate on a massive scale.

Since that time Rockefeller and Bolshevik criminal factions worked together, until plans of their utopian global government began to unravel at the seams. In the mid-to-late 1970s, momentum was gaining of an anti-Bolshevik movement that eventually expelled most of the invaders by the end of that decade. The displaced Soviet Bolsheviks joined their Rockefeller buddies in America and plotted how to regain control of the Kremlin. But, as usually happens when too many crooks gather in one place, they began to turn on each other.

The Bolsheviks double-crossed the Rockefeller brothers, **murdering** Nelson, and launched an all-out grab for control of America—especially the Pentagon—so they could militarily maneuver you into attacking

Russia with a nuclear first strike. (Perhaps they found out about the Rockefeller brothers' secret plan to take the world for themselves with a nuclear confrontation of their own, crushing their enemies and competitors alike living in the Northern Hemisphere, while they weathered the firestorm in secret underground lodgings in the Southern Hemisphere.) Crucial to the plan were those secret military installations, tucked away at the bottom portion of your globe, in the vicinity of the Falkland Islands.

The Falkland Islands War of 1982 was, as I said, the cover for a secret battle between Russia and the displaced Bolsheviks who were using the British Royal Navy, backed up by the U.S. Rockefellers. The Rockefeller cartel was slowly gaining back some of their lost power as a result of the "fixed" "landslide" "election" of the Reagan-Bush administration. (Remember that Bush was head of the CIA, and then became Director of Central Intelligence, or DCI—which is *over* the CIA, thus allowing the foxes to conveniently run the chicken house from the inside.) "General" ("I'm in charge here!") Alexander Haig—the top operative of the Rockefeller cartel—was brought in as Secretary of State to go up against the just-as-dangerous **TOP BOLSHEVIK AGENT, CASPAR WEINBERGER.**

Bolshevik hit-men *assassinated* President Reagan while a psychologically programmed scapegoat, named John Hinckley, who was a cousin of the Bush family (readers: the more facts that are revealed, the more tangled the webs of deceit become!), fired random shots for the TV cameras and bystanders (not too different from the recent Capitol shooting incident that is quietly being swept under the rug) so that witnesses to corroborate the lie could be easily gathered from those who thought they were watching the triggerman. Those who saw anything else were not interviewed; and if they became persistent, were themselves taken out. After a brief hospital stay, your president Reagan was a "new man"—literally!

Weinberger had also come in with the new administration, but he was a mole in the Rockefeller machine. **The most powerful position in your government that operates in front of you-the-people is the office of Secretary of Defense. This post can, with its Executive Orders and back-door dealings, ILLEGALLY circumnavigate your Constitution whenever a war is desired.** This office is equaled in *apparent power* by its EQUAL PARTNER office of Secretary of State. This arrangement mirrors the Rockefeller and Bolshevik partner-rival, love-hate relationship within the Rothschilds' Illuminati "government".

Today the Bolsheviks **DOMINATE BOTH POSITIONS AND ARE ABOUT TO ADD THE HIGHEST OFFICE IN YOUR NATION, THAT OF THE COMMANDER-IN-CHIEF, TO THEIR NEARLY COMPLETED TRIAD OF POWER FOR CONTROL OVER AMERICA'S DESTINY. AL GORE PLANS TO USE THE TWENTY-FIFTH AMENDMENT TO YOUR CONSTITUTION (A TOOL NELSON ROCKEFELLER HIMSELF CREATED TO INSTALL HIMSELF AS PRESIDENT WITHOUT BEING ELECTED) TO ALLOW THE KHAZARIAN "JEWS" TO CONSOLIDATE THEIR POWER OVER THEIR**

GENTILE HOST NATION—AND IN A MASSIVE COUP D'ÉTAT, TRANSFER THEIR POWER FROM ISRAEL TO GOOD OL' JERUSALEM OF NORTH AMERICA.

**THE PLANS OF MEN
ARE FALLIBLE**

This is the ideal scenario your self-proclaimed Khazarian masters envision: "Two Israels", one in Palestine the other in the United States. In case something goes wrong, they hope to maintain habitability of at least one of their twin capitals.

These ones have planned for these days of Armageddon which **YOU ARE PRESENTLY LIVING OUT.** So bear with us; do not grow faint of heart about frightening mystical writings you hardly understand regarding vague prophecies of beasts and dragons come to devour you. The thrust is to cause you to be in such FEAR that you surrender without effort to save yourselves. Yes, there is great truth in the "prophetic" projections; however, it is your *interpretation* of these End Times that is misperceived. Do not forget that advanced technology also plays a most important role in Biblical *miracles*—the seemingly good ones and the ones that aren't so good.

The plans of man are fallible, and you will make mistakes. Those in service to evil will make the biggest and most numerous blunders of all. Why do you think you've had so many chances to turn this nightmare around?

If your adversary can fool you into believing there is no hope, or cause you to put your faith in illogical and unreasonable raptures that produce a bunch of do-nothing followers waiting as lambs for fleecing and slaughter, then he will win by default for you will assume the ancient texts are completely true and untampered with, and you will wait for what you believe to be the inevitable, unchangeable conclusion.

Those who tap into the awesome power of He who created you, God of Light within, have the opportunity to achieve perfection in anything they set out to do. The problem is, you lack faith in yourselves that you can do it!

Once you decide you *want* to stop this madness—with the whole of your spirit and being—it is done! The Masters could do it, and they have come again to *remind* you, because it is time to put to practice what you've learned up to this point in your evolution.

If you do not take back your country from those who mean only to use it to further their own dreams of world power, you are going to be in for some very serious times, indeed. While they create war and chaos (the only thing evil can "create") abroad, internal dissension will also steadily increase until civil unrest turns into civil war. And it is then that you can expect Satan's troops to march.

Do not provide them with that opportunity and do all you can, in logic and reason, and *ask* God to stand with you. You may be pleasantly surprised by who, in the end, will prevail. However, it is up to you how rough or how smooth the confrontation will be.

So be it and selah. Your task is great and your enemies are soon to be many. But remember, God embraces His own.

Commander Tomeros Maasu Korton to clear, please. Salu. 

Soltec: *Thought-ful* Tools For Meeting The Challenges Ahead

8/30/98 SOLTEC

Good afternoon, my friend, and thank you for sitting to write when there is so much else to attend! It is I, Toniose Soltec, come in the Radiant One Light of Creator Source. Be at peace.

Allow for the changes in "life" to evolve and come forth. You shall see the rewards for your efforts come back to you many times over. All will come full circle in proper sequence. There is no need to concern self with all of the INFINITE possible variables that could impact or influence these changes. Allow for your intent and inner desire to carry you forever forward and you will see that all will work out in perfection.

These are indeed magnificent times in which to experience. The opportunities available to you ones are most unique and perfect for providing you with the challenges that will enable you to stretch beyond who you are or have been.

There will always be choices to be made and each choice will determine the subsequent experience that you will have. This will NEVER change and you will find that, with experience and growth, the choosing will become easier and easier. There will always be those choices which are difficult to make, for as you grow, you will inevitably seek a greater challenge.

If you were to reach a point of zero potential for growth in your present life, you would simply leave that experience (transition out) and move on to a more productive situation. There will always be newness to experience, for the variables of "life" are truly infinite and evolving. You can neither grow too much nor too fast. The greater the rate of growth, the greater the rate of change, and thus the subsequent awareness of new variables or possibilities.

There will always come the next challenge. It is by design and universal desire that this fact can be stated as a "universal law". One cannot escape it, for it is the fundamental awareness of the Creation that infuses all life with the Life-Force energy that brings forth consciousness. This is to say that it is a desire that spans all dimensional "realities" and permeates all aspects of all possible electromagnetic frequency spectra.

Learn to embrace the changes that you will inevitable experience, for change is the excitement and newness; it is the inner desire that you ones seek. You are all explorers on a journey that is without end. Death (transition)

of the physical body is perhaps a resting point for some of you, and yet all the while you are quite busy planning your next great adventure.

Allow for the element of time. It is a buffer for those of you who are experiencing in the physical. You need it so that ones can slow down the creative process enough to truly examine it in great detail, so as to have a unique opportunity to study the energy flows of the creative process itself.

Focus carefully your thoughts, for you create that which you dwell upon. If you wallow in your fears, you will surely find yourself closing off from one another and withdrawing from "life". If you lack excitement, then it is surely because you have disconnected yourself from the inner security of knowing that you are infinite and immortal. This is to say that, out of fearful (or doubtful) thinking is born a desire to be overly cautious. This out-of-balance desire for security is always based upon fear of losing that which you have, or never having that which you think you want.

These are subtle but powerful emotional emanations that will always be a part of your experience. Part of your challenge is to amplify and recognize the subtle habitual thoughts that play in your minds like a "skipping" record, forever repeating the same track on an album. Every now and then some one or some thing will come into your experience and "jar" (or jolt) the record player so that you can move on. This "jarring" will almost always be uncomfortable at first, but the aftermath will always prove to be quite valuable.

The key here is to learn to first recognize for yourself these "stuck" recordings that play continuously within your mind, and then get the "needle" (energy translational device) moving again!

In doing so, you will always find that, after the "chaos" settles, you will have accepted change and moved forward in a new direction, with new experiential knowledge (tools), and new and evolving challenges. THIS WILL ALMOST ALWAYS CURE ANY BOREDOM IN WHICH YOU MAY BE WALLOWING!

You are part of a larger Whole which spans many dimensional "realities" and connects you to one another in a most direct manner. This connection draws you ones, there in the physical at this time, together for common types of experiences and challenges unique to your current environment. This bond also draws many of us, who have agreed to be your Guides, into your experiences as well.

We, in turn, call upon counsel from yet

Higher Source still, as we too are faced with challenging decisions and choices. **The net result is a massive collective experience that causes all beings, everywhere, to expand their awareness.**

Among many ones from many different levels and realms of experience and awareness, this common desire to experience the opportunities that you now have available also can be looked upon as a "planetary karmic-type of connection". This is to say that there will be challenges on all levels of societal structure. You will be faced with personal growth, growth in a family setting, growth in community or group settings, and growth as a planetary species as a whole. There are many aspects to each of these general groupings, and each of them overlap in many ways.

This overlap would be as follows: Let's say that you take the time and effort to go through extensive training to become a skilled healer. You may have to put family concerns aside temporarily while you focus on a "narrow" part of your life experience. As you are going through your training, you will be interacting with others on the same or similar course, in group types of settings, and in individual settings. Let's say that, when you finish your training, you treat someone who then goes on to discover and share a new method of producing energy that subsequently feeds your starving world.

Do you see the interconnectedness in this example? And how YOU (just one person) could assist in "feeding" the world!

You are ALL part of the planetary condition that has evolved at this time. You both contribute to this condition, and modify it on a DAILY basis.

Most of you will not accept the personal responsibility for your planetary condition, and thus do everything you can to avoid taking an active, CONSCIOUS role in changing it. HOWEVER, on another plane of awareness, you are crying out for balance!

Those of you who are more "in touch" with these other levels and dimensions of awareness will feel a strong desire for balance. This desire swelling up within much of mankind is what is summoning forth great global changes (challenges) so that there WILL BE the return to balance. Count on it!

This "restlessness" is the same reason your dark elite controllers do NOT wish to place too many, too fast into a state of feeling desperate and trapped. People feeling desperate and trapped, if they do not become overwhelmed with fear, will most often become VERY focused upon the desire to survive, and will

thus create the conditions that will ensure their survival.

This sort of strong emotional desire, coupled with extreme focus, will wreck the suppressive plans of these dark elite controllers EVERY TIME! Though they can observe the phenomena, they are powerless to do anything about it, for the energy summoned forth and focused in this manner MUST manifest the desire.

As the people of your world head closer and closer to the point of mass awareness of their “desperate” situation, you ones will find that you are coming closer and closer to great and

“catastrophic” events that will cause the ones who survive to be JOLTED into a new mental and emotional attitude and focus. From this “new” perspective, ones will no longer tolerate the lies and deceit. The house of cards, with all of its illusionary coverings, will crumble as ones demand answers and see Truth.

YOUR WORLD IS WHAT YOU MAKE OF IT AND YOU CREATE YOUR OWN REALITY WITH THE THOUGHTS YOU THINK. WHETHER YOU VOICE YOUR THOUGHTS OR NOT, OR EVEN PAY ANY ATTENTION TO THEM AT ALL, THEY STILL AFFECT YOU AND MOLD YOUR

EXPERIENCES. YOUR THOUGHTS ARE PERHAPS THE MOST REAL PART OF YOUR ENTIRE PHYSICAL EXPERIENCE!

Please give careful thought to these words, for they are in response to your petitions to have the “tools” that you need in order to face and overcome your coming challenges.

I am Ceres Anthonious Soltec. I come in the Light of Creator Source (God of Light). I am a Messenger and Guide to your planet Herself, and to many ones around your globe. Be not mistaken about the Power that lies within you each—it is limitless and infinite!

Salu. 

Germain: Pull Your Heads Up Out Of The Sand!

8/26/98 VIOLINIO ST. GERMAIN

Ah, at last, I have gained your attention. Thank you for finally hearing the call. It is I, Germain, come this evening to commune with you. I come in and with the Holy Light of Creator Source and am in the company of that which you call the Heavenly Host. We are most humbled at the opportunity to bring forth the messages during these times, as the times you are experiencing at present are the most important, challenging, and interesting ever upon planet Earth.

Though it is very easy to allow yourselves to slip off into the realm of fear and darkness now, it is most imperative to not allow this to happen. Granted, the world is moving so rapidly and everything appears to be spinning out of control, and were I to be present in a third-dimensional expression on Earth as are you ones, I too would be facing the same challenges associated with the fear, as are you. So, do not beat yourselves up over it; simply recognize what it is you are facing and go beyond it.

No, it is not necessary that you “go through your fears”. If you do not want to go through them, then simply decide that you shall place yourselves beyond them and do not spend another moment struggling against them. The adversary will use every trick in the book to distract you away from the goal, and having you struggle against the fears is one of the oldest (and most effective) tricks around.

It works the same with karma. You keep hearing everyone say that it must be so-and-so’s karma. Well, if you choose to stay on the ever-turning wheel of karma, then yes, these ones are probably living out their karmic path. However, you can choose to step off the wheel of karma by realizing that you have much to

learn AND JUST GO ABOUT LEARNING IT; you don’t HAVE TO spend lifetime after lifetime repeating the same lessons over and over again! There is really no mystery to it—it is but a conscious decision that each one must make for themselves, and then stick to the resolve to live your life accordingly.

And that, dear ones, is the tough part! In the days in which you are living, it is most difficult to stick to resolve. Am I correct? I know, for I do remember what it was like to have existed in that third-dimensional density, and it is tough, no doubt about it. But, it is not hopeless, else no one would have ever progressed past it! And, I am here to tell you that it is possible.

It may not always be the easiest road to travel, but it will definitely be the most interesting and the most rewarding once all the votes have been tallied. When you choose to follow the correct path (for you), you will absolutely meet up with all sorts of distractions set out by the adversary. These distractions will appear in the road just as you think there is a smooth, four-lane highway ahead. That’s when you will discover many stumbling stones tossed in your way.

Everyone who is trying to follow in the Way of Light right now is being distracted in hopes of taking you off your dedicated path. These distractions are coming in every form imaginable, from family and friends, to employers, to the news on television, radio, and in the newspapers.

There are those of you who have become obsessed with watching, listening, and reading every tidbit you can find about the affairs of Bill Clinton and Ms. Lewinsky. Wake up, children, for can’t you see that this story, with as much press as it has, is but a lurid, soap-opera distraction for the masses? While the

adversary is working behind the scenes, you are lulled into a mindless stupor over the perverted sexual encounters of Clinton. Surely, you can see this for what it is!?!?

As distasteful and disgusting as it may be, unfortunately it is but a typical sign of the morally deprived (depraved) times in which your world wallows at present. Every perversion possible is taking place on a consistent basis. But, because this is the White House and the President of the United States, it is a titillating story and you are sucking up to the trough and playing right into the hand of the adversary.

Yes, it is time that your world dealt with truth and purity. There is so much lying that takes place every day, it is no wonder your youth are as messed up as they are.

Morals? What morals?

Morality has gone the way of the horse and buggy. If it feels good, then everyone thinks it’s okay. What are you teaching the youth of the world? Most of them have grown up without parental guidance for hours on end, left to their own devices to watch God-knows-what on the tube and playing violent video games!

Where are the parents of these children to guide them? Responsible, moral adults do not just happen! The parents, whose child ends up killing someone, stand and cry in front of the courts and wring their hands and wonder what went wrong. I WILL TELL YOU WHAT WENT WRONG: THE PARENTS WENT WRONG, THAT’S WHAT!

Those little ones would not have gone in that direction, had the parents been at home in attendance to their most important responsibilities—instead of out either working at some all-consuming job, or chasing after so many other distraction in their lives. LET ME

TELL YOU ONE THING, AND LET IT BE HEARD FROM THE HOUSETOPS: WHEN YOU CREATE A LIFE, YOU ARE RESPONSIBLE FOR THAT LIFE! AS A PARENT, YOUR VERY FIRST RESPONSIBILITY IS TO THE CHILD! END OF DISCUSSION.

Raising children is a full-time career, not something you do for a few hours a day or week. And, as the adult, you have the ABSOLUTE RESPONSIBILITY to teach that child right from wrong, and to guide them along a path that will develop them physically, mentally, and spiritually.

I DON'T CARE IF I AM HURTING FEELINGS OR MAKING SOME OF YOU ANGRY! BY GOD, IT IS TIME THAT YOU GOT YOUR CRAP TOGETHER AND STOPPED PAWNING YOUR PROBLEMS AND RESPONSIBILITIES OFF ONTO SOMEONE OTHER THAN YOURSELVES.

Better your feelings get hurt and you get angry, if it saves one little one's life and soul. If your planet's future were to be based solely on current trends, you could absolutely forget about ANY future, because those of you who are raising the youth of today have sealed your own futures! Think that one over for a bit.

ANGRY? Me? It is not anger that I am expressing, but it is time that someone got your attention. Do you want your government to come in and take control of your families? Based on the way most of you operate, you do. We see those young parents who are totally overwhelmed by having children, and those who wanted the babies because it is so idealistic and romantic.

But when the baby turns into work, and diapers have to be changed, and bottles made, and the crying goes on for hours, the selfish little parents suddenly decide that having that baby isn't nearly as much fun as they thought it was going to be. WELL, GUESS WHAT? LIFE ISN'T ALWAYS FUN! SOMETIMES IT IS DARNED HARD WORK!

And you parents, who raised those children who are now having children, are just as much to blame! Many of you grandparents are finding that you are doing more raising of the grandchildren than are the parents themselves—because the parents still want to have their fun! YOU are the ones who never taught your children responsibility; you did everything for them, so they could have their fun. Well, you are reaping your own rewards!

There must come a time of change, for without it, you will have yet another generation growing up with even fewer morals and less responsibility, because they too will emulate what they have experienced, just as did their parents. It is not cruel to teach a child how to clean their room, to help in the household chores, and to share in the joys and comfort of a secure family that lives together and works together and plays together.

Punishment and reward are facts of life, and a child needs to learn these throughout his/her developmental years. All throughout life, there will be rewards and punishments in some form or another for everything you do. A child who grows up with only the rewards is as unbalanced and unfit to be a part of society as

is the child who receives only punishment. THE PARENTAL ROLE IS THE HARDEST JOB YOU WILL EVER HAVE TO UNDERTAKE, IF YOU DO IT CORRECTLY, BUT IT WILL PROVIDE THE GREATEST REWARD YOU WILL EVER KNOW.

Left to their own, a child will be like an unattended garden, and the weeds will choke out the most beautiful flowers. You can hire nannies, turn them over to grandparents, to the state, or to your schools, and you will get exactly what you have paid for.

Many grandparents today are reaping their karma by having to raise their children's children, because they neglected to raise their children, so they are getting another opportunity. Mostly, these grandparents are spending much of their time complaining about their children, but should, instead, go look into the mirror. It is time that these grandparents had a facts-of-life discussion with their adult children, and told them all about the good and the not-so-good facts of life.

Have I made my point quite clear enough? I am not tippy-toeing around this issue, because it is a much too important subject. You shall reap your just rewards—either in this world, or the next. The choice is totally your own.

* * *

Let us depart from the previous subject and take up another, though all is linked together, and one thing cannot truly be separated from another.

Well, let's see: You have been experiencing more and stronger earthquakes, tsunamis, hurricanes, solar flares, bombings, you have collapsing economies around the globe, you have starvation in many parts of the world and over-indulgence in others. You believe that the U.S. economy is so strong that nothing can hurt you.

Let's see, have I missed anything? Oh, yes, you have a soap-opera in Washington, and the devil behind the scenes.

Those who think that your United States economy is so great that you have everything invested in the stock market, mutual funds, certificates of deposit, money markets, 401k plans, etc., are about to be rudely awakened.

You who are indebted up your ears, and upside-down in mortgages you really can't afford, and/or have over-extended credit cards, etc., are about to come up short, and it's not going to be a very pretty picture.

This is a subject we have been preaching on for what, eleven or more years? But, it appears that very few of you have been listening.

You have fallen for the tricks of the adversary, and because the stock market WAS booming, you went out and invested, invested, invested. Now the markets are falling, falling, falling—and then what? Do I need to tell you that your markets are really already broke, and have been propped up artificially?

But that time is fast ending, and one of these mornings you will awaken to the same thing as just occurred in Russia today, where banks closed their doors to keep the run on banks down. There is no money! Russia is broke, and so is the United States—it just hasn't been made public knowledge. The wise ones have gotten themselves into a state of financial solvency and are not mortgaged to the hilt and not over-extended on their credit.

Yet, I know that the majority of the population is not going to believe it until it happens. And then, you will see, overnight, converts! Nothing makes a believer out of a person like personal experience.

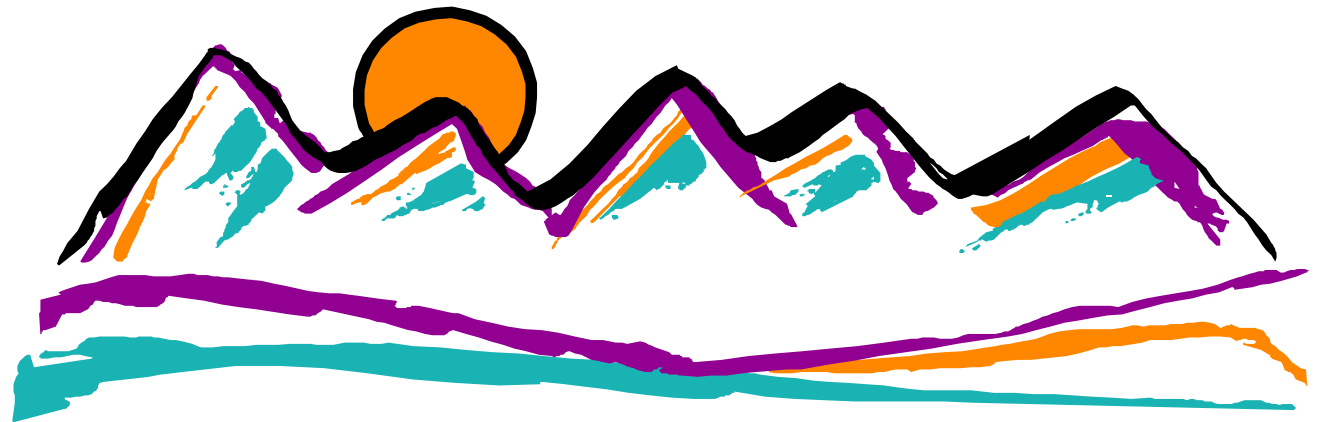

Well, I have gone on quite enough for this time. Thank you for listening and acting upon the nudges. Thank you for your recent resolve. We shall never push you, but as always, the call compels the answer, and we shall always be there when the call is truly from the heart.

You are living in very interesting times, and the world shall continue to grow more interesting as you approach the turn of the millennium. Those who would accuse you of suffering from millennial madness are simply too afraid to hear The Truth.

However, as I said before, many converts will soon come calling upon you who have been the harbingers of TRUTH. In a very short time, you will no longer be called mad, but shall be called wise.

In Peace and Light and Love, I leave you. I am Germain.

Salu. ☸

*When we learn to say a deep, passionate yes
to the things that really matter,
then peace begins to settle onto our lives
like golden sunlight sifting to a forest floor.*

—Thomas Kinkade

TELEPHONE

HOTLINE

805-822-0202

As an adjunct to CONTACT, the Telephone Hotline keeps you as informed as possible on current events and other important information that needs to get to our subscribers before our publishing date.

The message machine will answer after 2 rings if there are any new messages for that day, and after 4 rings if not. Thus daily callers can hang up after 2 rings and save toll charges if no new message has been recorded. If the Hotline does not answer your call, then that means there is currently no Hotline message.
