# Will Monsanto Terminate THE TERMINATOR Or Is Agri-Monster Going Underground?

*Our Front Page headline for March 31, 1998 screamed the following warning: **Agribusiness Strikes Hard; Seed Cops Coming Soon? Your Tax Dollars At Work!***

*And Commander Hatonn introduced this subject with the warning: “Now, before we go on, I want to offer you some really BAD NEWS, readers, so listen up and you who can offer help in the storage of viable seed for crops might well wish to give full attention to the new plight of farmers. It may seem unrelated to you, but this next will show you that control is the name of the game and control of production of food WILL BE ESTABLISHED.”*

*The article then went on to quote from an Internet-spread report which was titled: “U.S. PATENT ON NEW GENETIC*

*TECHNOLOGY WILL PREVENT FARMERS FROM SAVING SEED; SEED COPS COMING.”*

*Well, apparently there has been sufficient uproar about this sleazy sleight-of-hand ploy by the New World Order engineers that they have to re-think their approach. This is a similar we-the-people reaction as has recently put tremendous heat upon the F.D.I.C. and their “know your customer” scam that the banks are being asked to implement to know every last detail about your private financial transactions.*

*The following news release is from the Rural Advancement Foundation International (<http://www.rafi.org>) and is the latest update on the diabolical (Please see **Will Monsanto Terminate THE TERMINATOR?** p.10)*

1/23/99 DR. AL OVERHOLT

## WHO IS MICHAEL C. RUPPERT?

Excerpted from *THE SPEAKER'S BIO*, 1/3/99: [quoting]

[Here's more about the protest march written about in last week's CONTACT: This is one of the key people heading up the march and protest rally on April 29th, 1999 with the National Alliance Against Racist and Political Repression which will commence at the Bethel AME Church at 79th and Western and end at the world famous—Watts' Riot—intersection of Florence and Normandie in South-Central Los Angeles. The sole purpose of the march and demonstration will be to protest the Central Intelligence Agency's role in selling drugs to American citizens.]

"This is the man who cost CIA Director Deutch his guaranteed appointment as Secretary of Defense after confronting him at Locke High School with hard facts about CIA dealing drugs." —Dick Gregory

"...in the course of investigations in the mid 70s he came across information that the CIA was trading drugs in order to fund covert operations in the Middle East... Perot called him back to offer encouragement... Ruppert says that his main objective is to see that the country gets a leader worthy of its people. Even for Ross Perot those will be tough shoes to fill." —PEOPLE MAGAZINE, 6/22/92

"Mike Ruppert is a one-man crusade trying to expose America's bogus war on drugs. From the time we met on the campaign trail in 1992 while filming *THE LAST PARTY*, through his challenge to John Deutch, Mike Ruppert has been on the front line trying to get the story out." —Marc Levin, Emmy Award-winning Director of PBS's *The Secret Government*, *THE LAST PARTY* and Producer of Bill Moyers' 1998 series on Addiction. [End quoting]

This man has a long history of trying to get this story of the CIA's drug dealing out to the public. With him helping to lead this demonstration, it appears that it might be the time for a major breakup of this powerhouse of drug distribution and its major role in the destruction of our whole society. Let's all pray that God's will be done in this situation.

## WHAT HAPPENED IN BRAZIL TO ROLLICK WORLD MARKETS?

From *THE ORLANDO SENTINEL*, 1/24/99: [quoting]

A: Gustavo Franco, head of Brazil's central bank, quit. His replacement, Francisco Lopes, allowed the country's currency, the real (pronounced "ree-ahl"), to decline about 8 percent against the dollar.

Q: Why did Brazil do that?

A: As part of an effort to keep inflation in check, Brazil had been defending the real's value by keeping interest rates high and by

buying the real on currency markets. Those measures had exacted a high price on Brazil's economy. The government is running out of foreign money to buy reals, and the high interest rates have been stifling economic activity. Brazil hopes that by letting its currency decline, or devalue, it will be able to bring interest rates lower and will spend less in defending the real.

Q: But the International Monetary Fund approved a \$41 billion aid package for Brazil last fall. Shouldn't that be helping?

A: The IMF aid package was approved on condition that Brazil take fiscal austerity measures, including spending cuts. Some of those measures have yet to be approved, meaning that the bulk of the aid has not been released. But even if the IMF package had been in place, some experts say that Brazil may have had to devalue its currency anyway.

Q: What happens if Brazil's economic situation worsens?

A: Latin American economies are already weak, making them even more vulnerable to a drastic downturn in Brazil, the largest economy in the region with 160 million people. Many U.S. banks have significant loans outstanding in Brazil. An estimated 2,000 U.S. companies do business there.

Worries about these companies' profits pressured the U.S. stock market Wednesday. Should Brazil's troubles spread to Mexico, it could have an even greater impact on the United States because Mexico is one of the United States' biggest trading partners after Canada and Japan.

Brazil has been seen as a test case for whether the financial turmoil that has gripped Asia and Russia can be contained. "If the situation in Brazil unravels, you could have a much more severe recession throughout the region, which could start a vicious cycle that could hurt the U.S. economy," said Francisco Larios, senior emerging markets economist at Standard & Poor's DRI.

Q: Why is currency devaluation such a big deal?

A: One of Brazil's most serious problems now is that international investors have been pulling their money out of the country's stock and bond markets because they're losing faith in the government's ability to get the economic problems under control. Every time the real falls, foreign investors take a hit as their Brazilian holdings lose value. A gradual decline in the real's value is bad enough, but an unexpected move like Wednesday's one can be even more unsettling. If investors keep pulling money out and selling their reals against other currencies, the real suffers further, creating a vicious circle.

Q: What does Brazil do now?

A: Brazil's main task is to convince foreign investors that their country is a safe place to invest. [End quoting]

Keep an eye and ear on anything having to do with "GLOBAL" in reference to this problem! This is a good example of the IMF

banksters up to their usual game of collapse and control of a country through the economy.

## SURPLUS SHOULD MEAN TAX CUTS, SENATOR SAYS

From *THE ORLANDO SENTINEL*, 1/18/99: [quoting]

Most of a projected budget surplus of up to \$700 billion over the next decade should be returned to the American people through tax cuts, the chairman of the Senate Budget Committee said Sunday.

"This is a surplus over and above what is needed for Social Security," Sen. Pete Domenici, R-N.M., said on CBS' *Face the Nation*. "We're going to give most of that back to the American people, as much as \$600 billion."

He said the surplus of up to \$700 billion came from new projections by his committee and show a surplus "above what's needed for Social Security".

He reiterated priorities he favors for Congress: to protect Social Security, give back the non-Social Security surplus to the people with a "significant tax cut, provide assistance for the military and do something dramatic for education in the form of direct aid to classrooms.

"The tax cut will start small and then reach full fruition in a few years," Domenici said, adding it could start at 4 percent and go up to 15 percent.

White House officials said Sunday that it is premature to promise how the surplus will be used.

"The president will talk about the budget in detail during the State of the Union speech, reiterating our pledge to save Social Security first," said White House spokesman P.J. Crowley.

"Beyond that, we have to start to realize the actual surplus before we start spending the money." [End quoting]

Would this have something to do with trying to make Clinton look good while on trial for criminal actions?

Furthermore, these politicians can't predict the budget for next year, so how can they come up with these fairyland figures unless they are all in LaLa Land—which we know they are most of the time. It could be fatal to your health to take this seriously because certainly a sane person wouldn't!

I also heard on the news this very morning—1/20/99—that the U.S. is preparing to bomb Albania again—some more "WAG THE DOG"—always when Clinton is in serious jeopardy of being "pinned".

## MASS EXPOSURE OF COVER-UPS STARTED!

From the INTERNET, <para-discuss@tje.net>, 1/15/99: [quoting]

Hello All:

Just got this in and I thought I'd get it out! Could it be that we may be looking at the end of some of the cover-ups?

Could Joe Firmage [*recent Art Bell guest*] have gotten to some of these truths?

My only fear is that these people who are digging—will they be left alone, or will I have to read later that something happened to

them—a sudden cancer showing up, an unexplained accident!

My Light goes out to these brave souls. Keep on digging—we must soon come to the bottom.

Love & Light,  
Louise  
Original message follows.

From: Palidin (palidin@ulster.net)

To: Louise A. Lowry

I am currently working with top retired and active military, ex-NASA astronauts, cosmonauts, top American scientists, at finally blowing open the government cover-up in regards to the UFO issue. The media are ready and have numerous ways of bypassing the Trilateral Commission. Joe Firmage is just the tip of the iceberg. This issue cannot be bypassed. We are living in a time of integrity and the people are far too smart. Take a poll on this one. As representatives of the people, our politicians can either come forward and look at the truth as we have it documented across the board or be discredited as representatives when we bring this information forward en masse, as at that time the people will be made aware of all those in government positions who were contacted and refused to assist. The choice is yours; however, it will be brought to the people now and if it's the people who bring it to the people, God help our government. This is not about having seen a UFO. This is about breaking the most important story in history and not in the fashion of a *Sightings* episode. We are talking about breaking the story.

—A highly informed taxpayer. Please support, by asking your readers to contact their representatives—it does make a difference! [End quoting]

Just maybe this is the year The Light will make a BIG difference in what is taking place in the dark halls of the so-smug "elite".

### HOW DISNEY BOUGHT THE REPUBLICAN CONGRESS

Excerpted from *MIDDLE AMERICAN NEWS*, Phyllis Schlafly, Jan. 1998: [quoting]

Do you sometimes wonder why bills that create a financial windfall to narrow special interests slide easily through the intricate legislative process, while bills that benefit the general public seem to get bogged down?

Here is a case lesson in how this happens.

Congress recently passed the Copyright Term Extension Act, a bill to extend copyright protection for authors and songwriters for an additional 20 years beyond current law.

The chief special interest promoting this bill was the Walt Disney Co. because its copyright on Mickey Mouse was scheduled to expire in 2003, on Pluto in 2005, on Goofy in 2007 and on Donald Duck in 2009. Extending the copyright for 20 additional years is worth billions of dollars to the Disney Co.

As an author, of course I am very much in favor of copyright protection. But I also know that this precious constitutional right, enshrined in *Article I*, is a property right that extends only, in the *Constitution's* words, "for limited times", after which the writing goes into the public domain for all to enjoy.

The framers of our *Constitution* set the

"limited time" at 14 years plus one 14-year renewal.

Congress has repeatedly extended the "limited time" until, at the start of this year, it ran for the life of the author or artist plus 50 years, and 75 years for a corporation.

"Limited time" is not only a constitutional requirement, it is an excellent rule. There is no good reason for the remote descendants of James Madison, Julia Ward Howe or Thomas Nast to receive royalties on the *Federalist Papers*, the *Battle Hymn of the Republic* or Santa Claus.

No Disney family member is still connected with the company, which is now controlled by [*the Khazarian-Zionist "Jew"*] Michael Eisner, who had nothing to do with creating the Disney characters or building the enterprise. Not satisfied with the company's exclusive control for 75 years, Eisner set out to extend it to 95 years.

The Copyright Term Extension Act was introduced in 1997 by very key players: Senate Judiciary Committee Chairman Orrin Hatch, R-Utah, and House Judiciary Committee Intellectual Property Subcommittee Chairman Howard Coble, R-N.C. The bill languished in the two Judiciary committees for months.

The Disney Political Action Committee lined up Republican and Democratic co-sponsors on the two judiciary committees and rewarded them with direct campaign contributions. Disney PAC cash contributions totaled \$95,805 to Democratic members of Congress, and \$53,807 to Republican members, in addition to in-kind contributions.

Of the 12 sponsors of the Senate bill, nine received contributions from Disney's PAC: Hatch (who received the largest contribution), Spencer Abraham, R-Mich., Al D'Amato, R-N.Y., Mike DeWine, R-Ohio, Connie Mack, R-Fla., and Robert Torricelli, D-N.J.

The Disney PAC was particularly generous to Senate Minority Leader Tom Daschle, D-S.D., and ranking judiciary Democrat Patrick Leahy, D-Vt.

Eisner took his lobbying directly to Senate Majority Leader Trent Lott, R-Miss. One week after they met, the Disney PAC gave \$1,000 to Lott on the same day that he signed on as a co-sponsor.

Of the 13 sponsors of the House bill, 10 received contributions from Disney's PAC: Subcommittee Chairman Howard Coble, R-N.C. (who received the largest donation), Howard Berman, D-Calif., the late Sonny Bono, R-Calif., Charles Canady, R-Fla., Chris Cannon, R-Utah, John Conyers, D-Mich., William Delahunt, D-Mass., Elton Gallegly, R-Calif., Bob Goodlatte, R-Va., and Bill McCollum, R-Fla. The Disney PAC also contributed to Judiciary Committee Chairman Henry Hyde, R-Ill.

Other special interests that stood to reap financial profits from this bill opened up their check-books, too. The Motion Picture Association PAC gave \$43,232 to Republican and \$34,000 to Democratic members of Congress, benefiting most of the same committee members and copyright bill sponsors listed above, plus other sponsors Rick Boucher, D-Va., and Zoe Lofgren, D-Calif.

Just as interesting as the money trail is the way the Republican and Democratic members of the two judiciary committees worked

together to facilitate passage of this **bill without hearings, debate or notice to the public. The only hearing was held back in 1995 during the previous Congress, when it had been carefully managed to hear from those who stood to benefit financially** [*emphasis mine*].

If the bill ever had to face a floor debate, the "debate" would have been a sham because access to the floor was controlled in both Houses by ranking Republican and Democratic judiciary committee members, all of whom supported the bill. [End quoting]

This gives a good scenario of how once again we-the-people get robbed. Did you know this law can be rescinded if enough of us "jump" on these gangster politicians? What are we waiting for, an invitation to dance?

### SWEATSHOP WORKER SUIT HITS HILFIGER AND GAP

From the INTERNET, <paradiscuss@tje.net>, 1/15/99: [quoting]

Top fashion houses and retailers were yesterday hit with a multi-million dollar lawsuit on behalf of sweatshop workers in the Pacific. In three separate suits firms including Tommy Hilfiger, Gap and Sears are accused of conspiring to place thousands of workers in involuntary servitude and mistreat them to hold down production costs. The 18 retailers and apparel companies are alleged to have engaged in a racketeering conspiracy with factory owners to deprive at least 15,000 workers of basic rights in the Northern Marianas, near the Philippines. [End quoting]

The problem here is how the "elite" use this method to punish certain firms or competitors, and the rest of them go on their merry way.

### PHONE COMPANIES GOUGING INTERNET USERS

From the INTERNET, John F. Winston, <johnfwin@mlode.com> 1/14/99: [quoting]

Dear Folks: About four-and-a-half years ago I moved up here to Sonora, Calif. from Milpitas, Calif. I changed my Internet server and started using one in Modesto, Calif. which is about 50 miles away. They started charging me long distance charges or message units so my phone bill went from about 23 dollars a month to about 300 or more dollars a month. I checked around and got a local server which is about 7 miles away and my phone bill is now about 23 dollars a month again. If they put the changes in that are listed in the next [*following*] information I will be charged 300 or more dollars a month.

From: Ruth Ryden <ruthry@netzone.com>

Subject: NEWS: Internet tax

Hi Everyone:

Am passing this on, please do the same. This affects all of us!

Nancy & Emma Louise

Subject: US CONGRESS and Internet users

Date: Sunday, January 10, 1999 1:36 PM

There is a new bill in the US Congress that will be affecting all Internet users.

You might want to read this and pass it on.

CNN stated that the Government would in two weeks time decide to allow or not allow

a charge to your (OUR) phone bill equal to a long distance call each time you access the Internet. This will be very costly for those of us who like to "surf the net" and communicate frequently via e-mail.

Think about that for a minute, and how it would affect each and every one of us.

Please visit the following URL and get the info on how to contact your Representative regarding this matter.

The address is <<http://www.house.gov/writerep/>>

If EACH one of us forward this message on to others in a hurry, we may be able to prevent this injustice from happening!

Thanks for reading this.—John Winston [End quoting]

The "elite" are trying to price us out of using the net since it is causing them a severe headache because we are bypassing their tightly controlled news media. **Let's not let them get away with this**—notify our government representatives often and quickly!!

### IMELDA MARCOS AGREES TO DISCUSS SHARING WEALTH

From *THE ORLANDO SENTINEL*, 1/17/99: [quoting]

The widow of Philippine dictator Ferdinand Marcos has consented to start working out a settlement with the government to share her husband's allegedly ill-gotten wealth, the president said Saturday. Speaking during his regular radio program, President Joseph Estrada said he spoke with Ferdinand Marcos Jr. after Imelda gave her son permission to open talks. The Philippine government has tried since Marcos's ouster in 1986 to recover billions of dollars it says he looted from the nation's coffers. [End quoting]

Whom can anybody trust in a situation like this mess?

### GENITAL EXAMS FOR PRESCHOOLERS?

Excerpted from the INTERNET, by Jon E. Dougherty, 1/14/99: [quoting]

As many as 20 children, ages 3 through 5, were exposed to genital examinations without parental consent at a Head Start program at Roosevelt Elementary School in Tulsa, Oklahoma.

The exams, sanctioned by Head Start administrators, have prompted a lawsuit by the parents of at least 10 children, but more may join in the suit at a later date.

The exams occurred November 5, 1998, but parents had no idea Head Start planners had scheduled them until afterward, when they picked their children up from school. Notification of the exams went out to parents two days later.

School officials and Head Start administrators said they performed the exams because they wanted to check for sexual abuse and whether or not the testicles of the male children had properly descended. Legal sources who spoke with *WorldNetDaily* said no complaints of sexual abuse had been raised by either the parents of the children or the school district.

Christopher Goree, a Tulsa-based lawyer

and affiliate attorney with the Rutherford Institute, a non-profit civil liberties organization based in Charlottesville, Virginia, will file the lawsuit. Rutherford spokesman Ron Rissler said his organization is currently handling similar cases in Pennsylvania and West Virginia, but he said there are distinct differences between those cases and the Tulsa case.

"First of all, these children [in Tulsa] are much younger than those in our other cases," Rissler said. "Also, this was a mix of children—boys and girls. Plus there was no prior parental consent or notification, and the manner in which the exams were conducted was appalling." He also said there was no physician present, while in the Pennsylvania cases a licensed gynecologist was performing the examinations.

Rissler told *WorldNetDaily* that two licensed practical nurses performed the exams, and the manner in which they were done was "completely unacceptable" by normal medical standards....

When asked why Head Start officials would need to do another, separate exam of this type after kids enter the program, she simply said, "I don't know. I can't think of any logical reason for it."

Even if officials suspected abuse, "proper authorities should have been contacted and a thorough sexual abuse forensic exam performed at that time."...

"This is the most egregious act of government intrusion that I have witnessed in my tenure at the Rutherford Institute," Rissler commented. [End quoting]

One point to remember is that some of these people who are doing this are quite possibly ones who will use the information they find—or conjure up—to blackmail the parents for all sorts of perverted reasons. If they are the type who would go along with these types of actions you certainly cannot trust them to be doing it for the safety of the children. Our children are under attack almost any place they go if you're not around. Parents need to be checking constantly on what's going on pertaining to them. Moreover, there are such rampant satanic cult activities afoot, well concealed from the public eye, which center around such "sources" as pre-school nurseries, that parents can never be too vigilant about their children's well-being.

### REBUILDING AUSTRALIA— PRACTICAL SUGGESTION

Excerpted from *THE NATIONAL INTEREST*, Australia, #18: [quoting]

A depression may be what is needed to trigger regrowth. Out of desperation we may rid ourselves of the hordes of bureaucrats who live off us in luxury, contributing little, telling us what we should do and how we should do it.

They tell us how to spend our money to "meet their standards". If we cannot pay their fees and meet their demands, we are not allowed to work or sell.

We should never have accepted their "authority" to tell us whether we can be in business or not. We should never have allowed them to impose fees for the right to work.

To earn a living is an inalienable right

whether we make something in our kitchen, our shed, or under the house—provided we do not harm others. Cottage industries might help kick-start our stalled economy far more effectively than the bureaucrats have.

The cure will require massive coordinated action by the Australian people and their pressure groups.

Every electorate has individual problems and potentials. Each electorate must be assessed as to the unused potential so I will use the Fraser Coast as an example of the type of thought process needed to unleash Australia's unused potential in any one area.

### Fraser Coast As An Example Of How To Develop Australia Quickly

#### 1. Assess the Natural Assets

Natural assets include the Great Sandy Straits, Fraser Island, the Burrum Coal Basin, the dividing range, western rural land, an unlimited supply of clay, flat and low coastal land behind mangroves, mud flats and tidal areas.

#### 2. Assess Man-made assets

The man-made assets include thousands of acres of plantation pine trees, Walkers Limited (heavy engineering), the sugar factory, timber mills, etc.

#### The Jobs Created:

Jobs would not be created in Mickey Mouse projects laying rough and unstable pavers in places where there was flat, strong and stable concrete. The funding now spent funding pottery, painting, music, opera and the looney left stage plays and flopped films could be put to use in the real world.

#### We Start From Behind:

Before the Whitlam Fraser, Hawke, Keating, Howard eras we made the then state-of-the-art electronic products. Now we assemble and repair by hand or throwaway. [End quoting]

There wasn't room to put the whole article but you can get the gist of what is being talked about here. It takes all working together and working up through the mess we all had a part in creating. IT CAN BE DONE!

### 666 AND THE COMPUTER

Excerpted from *THE NEWS MONITOR*, Nov/Dec/98: [quoting]

By taking the alphabet beginning with the letter "A" and using the numeric equivalent of man—number 6—and adding six to each following letter A-6, B-12, C-18—etc., it is astounding that the numeric value of the word computer is: 666.

Recently, a Computer programmer in the United States programmed a computer to use the above alphabet/numerical equivalent and to calculate the numerical value of each word contained in the American dictionary and display the ones that had a numerical value totaling 666. After excluding all common nouns (names of people and places), only one word remained—COMPUTER. [End quoting]

The name for the big computer the NWO uses for control in Brussels, Belgium is called the BEAST. Coincidence??

### GORE AND ANTI-CORRUPTION SUMMIT

From THE INTERNET, 12/16/98, sofie mattsson <sofiem@algonet.se>

"IT KEEPS THE MONEY IN, BUT LETS THE PRINCIPLES POUR OUT," the internationally-renowned expert on fiberglass development said, when asked what he would contribute to the big global anti-corruption summit, which has been announced by the U.S. Vice President for early next year. "What I can offer, is kind of a new vest, all-transparent, all-flexible—I'd like to call it "Al-Gore-Tex." [End quoting]

### JETS ONE, HUMANS ZERO

From the INTERNET, <HEOT@onelist.com> 1/18/99: [quoting]

Just last week I saw some contrails above my area in Sonora, Calif. and noted that they were making skinny Xs in the sky. They would also balloon out and make large clouds. Maybe this is what is causing Yogi The Telepathic Dog to not feel too chipper.

From: M G

Subject: Mystery Contra Involves HAARP, by William Thomas, SEATTLE, Washington.

U.S. Air Force aerial tankers may be causing and seeding clouds to modify the weather. The condensation trails and chemicals spread by these aircraft could be what is making some people sick in Tennessee, Connecticut, New Hampshire, New York, Nevada, Idaho, Mississippi, Montana, Oklahoma, Washington State and California.

Tommy Farmer, a former engineering technician with Raytheon Missile Systems, has been tracking patterns of jet contrails phenomena for more than a year. Farmer has "positively identified" two of the aircraft most often involved in the aerial spraying incidents as a Boeing KC-135 and Boeing KC-10. Both big jets are used by the US Air Force for air-to-air refueling. A Boeing T-43 used for navigation training and mapping may also be involved.

Confirming reports from eye-witnesses across the United States, Farmer reports that all aircraft are painted either solid white or solid black with the exception of two KC-135s which were in training colors—orange and white. No identifying markings are visible.

### Contrails

Farmer has collected samples of what he calls "angel hair" sprayed by the mystery aircraft on six occasions since February, 1998. Four samples have been taken since November, 1998.

Farmer says that globular filaments resembling ordinary spider webs, "usually fall in clumps or wads ranging from pencil-eraser size to the size of a balled-up fist."

Winds often whip the cobweb-like material into filaments as long as 50 feet (15.3 metres). Farmer told ENS that the sticky substance "melts in your hands" and "adheres to whatever it touches".

Farmer urges caution to collectors after becoming ill after his first contact with the "angel hair". Like Bakersfield, California dentist Dr. Greg Hanford and other ground observers exposed to the spraying, Farmer's ensuing sore throat and sinus infection lasted several months.

After repeatedly observing aircraft spraying particulates "in front of and into cloud systems", Farmer is "fairly certain the contrail phenomena is one part of a military weather-modification weapons system".

He notes that because the chemical contrails allow much more moisture to form

inside cloud systems, severe localized storms result from the aerial seeding while surrounding areas that have surrendered their moisture to the storm cells experience drought.

The huge Xs being traced by formations of tanker jets in the sky can be tracked by satellite and coordinated with the crossed-beams of ionospheric heaters to heat the upper atmosphere—changing its temperature and density and enhancing the storm's effects.

### **Date:**

February 26, 27 & 28

**REGISTER TODAY: 1-800-398-1077**

joint U.S. Air Force and Navy project known as the High Altitude Auroral Research Project (HAARP) has for the past several years been using phased array antennas to steer powerful beams of tightly-focused radio waves "to stimulate", heat and steer sections of the upper atmosphere.

Awarded in 1985 to MIT physicist Bernard Eastlund, HAARP's commercial patent claims that directed energy beams of more than one billion watts can be used for "altering the upper atmosphere wind patterns using plumes of atmospheric particles as a lens or focusing device" to disturb weather thousands of miles away.

In an interview with this reporter, Eastlund admitted, "I had looked at using this intense beam, which can be angled, to do some experiments in terms of guiding the jetstream, moving it from one spot to another. I presume it is possible, which might lend credence to these other things."

In a U.S. Air Force research study, "Weather as a Force Multiplier" issued in August, 1996, seven U.S. military officers outlined how HAARP and aerial cloud-seeding from tankers could allow U.S. aerospace forces to "own the weather" by the year 2025. Among the desired objectives were "Storm Enhancement", "Storm Modification" and "Induce Drought".

### HAARP

According to the Air Force report, "In the United States, weather-modification will likely become a part of national security policy with both domestic and international applications."

Within 30 years, the Air Force foresees using Weather Force Support Elements with "the necessary sensor and communication capabilities to observe, detect, and act on weather-modification requirements to support U.S. military objectives" by "using airborne cloud generation and seeding" techniques being developed today, the 1996 Air Force report says.

But on its HAARP website, the U.S. Navy says, "The HAARP facility will not affect the weather. Transmitted energy in the frequency ranges that will be used by HAARP is subject to negligible absorption in either the troposphere or the stratosphere—the two levels of the atmosphere that produce the Earth's weather. Electromagnetic interactions only occur in the near-vacuum of the rarefied region above about 70 km known as the ionosphere."

Still, according to the Air Force's 1996 report, other routine weather-modification missions will deploy "cirrus shields" formed by the **chemical** contrails of high-flying aircraft "to deny enemy visual and infrared surveillance".

When it is completed, the HAARP antenna array antennas on a total land area of about 33 acres. The final facility will have a total transmitter power of about 3,600 kilowatts. When the HAARP facility is completed, the transmitter will be able to produce approximately 3.6 million watts of radio frequency power, the HAARP website states. The Air Force says HAARP transmitters have been designed to operate "very linearly so that they will not produce radio interference to other users of the radio spectrum".

Farmer guesses that besides its obvious tactical military applications, aerial-seeding of contrail-clouds aligned in HAARP's characteristic grid-patterns could be part of a secret U.S. government initiative to address the global weather crisis brought about by atmospheric warming.

The aircraft spraying that has sickened Americans across the country may not be confined to the United States. On August 11, 1998, *USA Today* reported dozens of residents of Quirindi, Australia "swearing they saw cobwebs fall from the sky" after unidentified aircraft passed overhead. [End quoting]

The "elite" talk of "we the people" destroying the ecology of this planet when they are the ones who are the biggest offenders. Certainly you can, at the least, minutely imagine what the effect of a total cloud cover versus a sunny day has on the temperature in your area. Now consider that this is happening—man-made—in many areas now.

### WHAT DOES IT TAKE TO BE A WAR CRIMINAL?

From the INTERNET, <paradiscuss@tje.net>, 1/15/99: [quoting]

MEETING a writer from America's Left wing magazine *The Nation*, Henry—"Let's bomb Cambodia"—Kissinger said: "I suppose you think I'm a war criminal."

Told they could apply that description to the President, Mr Kissinger growled: "Mr. Clinton does not have the strength of character to be a war criminal." [End quoting]

No comment.

### DISEASED CHICKENS SET FOR SLAUGHTER

#### We All Told Them So

From *THE NATIONAL INTEREST NEWS*, #18: [quoting]

SYDNEY, Australia—Authorities were to begin slaughtering 100,000 chickens in western Sydney last night in a bid to stop the spread of the devastating Newcastle disease threatening Australia's poultry export industry.

Tests yesterday confirmed outbreaks of the contagious disease at Blacktown and Glenorie chicken farms were of a highly virulent strain, NSW Agriculture spokesman Col Begg said.

Blood tests are continuing at poultry farms in the Sydney metropolitan area to establish whether the disease has spread outside the two farms.

"The confirmation that it is the highly virulent strain warrants the action we have taken in restricting the movement of poultry and poultry products."

Mr. Begg said 10,000 young chickens would be killed by gas last night and 90,000 in the next four days.

Everyone knew that, if we imported chicken meat from Asia, we would introduce Newcastle disease into our pristine poultry stocks.

The farmers warned the government and so did various pressure groups. We did import the meat and we did infect Australia's poultry. Now our exports will be shunned by other nations and our trade balance will suffer as buyers desert us.

Asians had a vested interest in making sure

our poultry stocks were infected. While we had no Newcastle disease we could justify not allowing their diseased and suspect meat into Australia. Now we have no excuse. Our stocks are infected, our production will drop, and Asia will be able to sell their surplus to us.

It was planned and our government knowingly and deliberately allowed the disease into Australia. WHY?? [End quoting]

Probably part of the "elite's" DEPOPULATION PLAN, and making extra money while they are accomplishing it.

### VIAGRA FOR THE TROOPS

From *SECOND OPINION PUB.*, Jan. 1999: [quoting]

The 1999 military budget includes \$50,000,000 for Viagra—have you ever heard of anything so asinine? I guess the theory is that the troops can fornicate and fight at the same time. Does a 25-year-old man, away from his family or fiancée, need this extra sexual stimulation? Just before battle, will the medical officer give them a blood pressure medicine to induce impotence, or issue pictures of Madeline Albright and Janet Reno in bikinis? (Take your pick, soldier.)

The military uses color-codes, just like the rest of the world. Viagra can induce color confusion due to an induction of blue vision. Do you think it might not be a good idea for our F-16 pilots to be in a blue haze when they're attacking a target at 1,800 miles an hour? The Air Force has planes grounded because of a lack of spare parts while they're stimulating private parts that would be better left alone. What alcoholic moron of a medical officer was responsible for this fiasco? [End quoting]

What better way to destroy the military than to get their minds below their belts while they need their heads to save the lives of the country they're fighting for—let alone their own? I see this as a plan, not a big goof!

### JAPANESE INVENTOR FIRST TO PRODUCE VIOLET LASER

From *THE DAILY NEWS*, Los Angeles, 1/19/99: [quoting]

A lone Japanese inventor has outrun some of the world's largest and most advanced high-technology corporations in the race to develop a new generation of short-wavelength lasers. The achievement is likely to hasten the introduction of high-definition digital video discs, higher-resolution laser printing and inexpensive and highly efficient light bulbs for use in the home.

The inventor, Shuji Nakamura, is a semiconductor researcher who has worked for more than a decade in relative isolation and has excelled in finding innovations in material science. Last week his small company, Nichia Chemical Industries, announced it had begun shipping samples of violet lasers to a variety of companies planning to develop prototype products. The lasers have a life span of 10,000 hours, the level of reliability required by consumer electronics companies.

Such short-wavelength lasers, in the blue and violet part of the spectrum, have been pursued for years by companies including U.S.

and Japanese giants like 3M, Hewlett Packard, Sony and Toshiba. In digital storage such an advance is particularly impressive because each time the wavelength of laser light is halved, the beam can then store four times more data.

That the race has so far gone to Nichia (nih-KEY-uh) is a payoff for its long-term investment in pursuing this technology, which many corporations deemed a high risk.

But it also might indicate how Japanese and U.S. companies have reversed roles. Officials of U.S. companies said Monday that they still thought they could win the race to incorporate the technology into products and bring them to market first. From the 1950s through the 1970s Japanese companies successfully commercialized technologies invented in the United States.

The next barrier will be reducing the cost of producing the lasers and devising technical standards that will provide compatibility with existing applications.

Nakamura first burst onto the scientific stage in November 1993 when Nichia announced he had succeeded in fabricating a bright blue light-emitting diode, another kind of widely used light source.

His advance came just two years after IBM decided to scale back its effort in laser research, partly in the belief that the market would not be large enough in the near future. Monday, IBM researchers said they were impressed by the Nichia achievement.

"I'd call it a piece of technical work that is absolutely remarkable, and it stands on its own," said Bill Lenth, manager of science and technology at the IBM Almaden research laboratory in San Jose. But other American competitors said the international race to commercialize the technology was still in progress and refused to concede. [End quoting]

Another amazing product.

### UNLIKELY VISITORS

From *ANGELS ON EARTH*, Sep/Oct, 1998, *Guideposts*, 39 Seminary Hill Rd., Carmel, NY 10512: [quoting]

We were both born-and-bred Texans, but in 1964 my husband, Howard, and I were thinking of moving somewhere else. Howard was just out of the Marines, and in June we visited some of his old buddies in northern California while we looked for work there. You could say things were up in the air with us. When we finally headed back to Texas, nothing had been decided about our future, and I was feeling down.

Checking the road map as we crossed into Nevada I had an idea. "How about some fun?" I asked. "We could see the Grand Canyon." We would have to turn north and go out of our way, but Howard's face brightened. "Let's go!" he said.

We'd always wanted to visit the Grand Canyon, often poring over pictures of it at home and dreaming of a trip. But pictures and dreams can't begin to prepare you for the real thing. I couldn't believe my eyes when we first entered the park. God's creation in all its wonder, I thought, as we stared across the boundless space from the canyon's rim. The weather was warm, and I was glad I'd worn only my favorite red shorts and a cool shirt.

We opened the windows wide to catch the breeze as we drove along the Park's southern edge. About every 15 minutes I called, "Stop here!" and jumped out of the car to take a picture. My clothes and white tennis shoes were soon brown with dust, but I didn't care.

I was almost out of film by the time we reached the northwestern corner of the canyon. "One last picture!" I begged, spotting a beautiful lookout point below a thick hedge just off the road. Howard pulled over and I leaped from the car. I ran behind the hedge and down three steps toward a landing enclosed by an iron guard rail. As I stepped onto the landing with my right foot, the rubber sole of my shoe crunched on a thick layer of pea-sized gravel. Holding tight to the camera around my neck, I tried to regain my balance, but my foot flew out from under me. I fell on my back, my legs in the air, and began to slide across the gravel. The landing sloped at a 45-degree angle, and I couldn't stop myself. I was heading feet first toward the canyon's waiting mouth.

*Grab the guard rail!* I reached for the lower iron bar of the rail—but missed. I was so skinny I went right under it. The camera swung wildly and smashed against the canyon wall, film unspooling into the wind, the cord pressing at my neck. I felt my head leave the edge of the landing. Scrub brush growing from the canyon wall tore at me as I slid downward. All I could see was sky above and the open canyon below. I stretched my arms high over my head, reaching up—hoping, praying, trying, to stop myself from sliding. I was grabbing at the air! *If I could only find something to hold onto...*

A hand! Someone caught my wrist in a powerful grip, instantly stopping my slide down the wall. There was no struggle, no jerk of my body. My shoulders and back pressed against the rock.

"Are you okay, my dear?" asked a tall old man with white hair. He had soft eyes and a healthy glow to his face. He smiled a grandfatherly smile, and I knew I could trust him with my life. "Up we go," he said. And with one swift movement I was lifted out of the canyon and laid safely on the gravel landing. *How could anyone so old be so strong?*

Catching my breath, I looked more closely at my rescuer. The man was probably in his seventies. His clothes were old-fashioned and carefully pressed. I admired his stiff white shirt with a tall collar and wide tie. His polished black shoes were long and narrow, and laced up with neatly tied bows. Stooping beside him was an old lady, looking at me with twinkling dark eyes. She wore a long print dress, tight around her neck with a lace collar draped in a semicircle down to her ample bosom. There was a cameo at the center of her throat. Her hose were thick and black, her high-top shoes shiny with a wide heel. The man and woman were picture-perfect, not a speck of dust on either of them.

The woman enfolded me in her arms. She and her companion helped me to my feet, cooing over me, trying to soothe me. They straightened my clothes and took the broken camera from my neck. When I

calmed down, they moved to either side of me and we walked up the steps and around the hedge. Howard was waiting patiently in the car. Only a few minutes had elapsed. He knew nothing of what had happened until he saw me.

I winced as he put me in the car. "You'll find help for her there," the man said, pointing up the road to the left. "It's a hospital," added the woman.

"Thank you!" Howard said, closing my door and hurrying behind the wheel. "Thank you," I called as strongly as I could. We turned to wave at the elderly couple as we drove away. They walked toward the landing, and disappeared behind the hedge.

"Where did they go?" Howard asked. "Where did they come from?" I countered. Two old people dressed in some kind of outdated Sunday best—unlikely clothes for canyon visitors. And the man couldn't have been standing on the ledge when he grabbed my wrist. I'd slid too far to be reached from there. Had he been climbing around the steep walls of the canyon? Impossible!

The hospital was just where the couple told us it would be. Doctors and attendants treated me, cleaning my wounds, meticulously picking gravel from all over my body. They found scrapes from scrub brush on my head, neck and shoulders. They all shook their heads in disbelief. This was proof to them that I had indeed fallen into the canyon.

Today I see the old couple as clearly in my mind as I did when they stood on either side of me, all those years ago. Back then Howard and I decided the best thing to do was to stay put for the time being. And in the end Texas has always been home. But that doesn't mean I haven't seen other changes in my life. Always though, when insecurities leave me up in the air, I remember God's steadying grip.

—by Jan Smith, Arlington, Texas [End quoting]

Nothing is impossible! And Guardian Angels come in all shapes, sizes, and ages. ☼

# The Alpha Memorandum

1/11/99 #1 HATONN

## THE "ALPHA" WRITING

This is a bit of an inside code, "Alpha", because our file numerals are 01111. You won't want to change that but you will want to make this writing easily accessible. I am going to explain what is taking place in the Philippines and with the Asian central bankers, along with Greenspan and the Bank of International Settlements in Hong Kong.

The "Global" "thing" has become that hot potato with which nobody wanted to deal but could no longer bury. And no, I don't speak of elderly certificates or cute contracts—but criminal activities. You can't do anything with paper if it is deemed in the world to be no good. However, if you utilize the PLAN there is much you can do with leverage.

I am obligated to not give details of any ongoing negotiations or structured, in structuring, or conclusive agreements. However, I am not going to HIDE or further secret away the methodology of the Plan itself and how it is being both wisely and unwisely utilized.

This will be a big focus at the "informal" bankers' meeting in Hong Kong today. We will just wait to see what the outcome of those "top secret 'informal'" meetings might produce but it is hard to call all that stuff in the fan anything other than what it is and, my goodness, there is a lot of "Oh shit-ing" going on on the merry-go-round.

Rumors are correct: the Global "stuff" has been qualified and a lot of worst-case banking games are being uncovered as buy-offs and outs have been attempted but there is something about the criminal mind—you can't shut up everyone all the time. And, further, it is not due to filching that brings the house of cards down—it is the boasting big shots right through their mouths.

Does Greenspan have a problem? Not if he works with the global community but otherwise his problem ranges, in the counting of one to ten, somewhere about 197.

## THE PHILIPPINE GAME

The "game" in the Philippines is as expected, a cute "try to filch" gamble. Can they pull off a big coup, get money FREE from the scoundrels without having to pay anything (as is being promised by the Elite brokerage players called British Israel Elite [City of London]). How? Well, kids, "Where did all the gold bars go? Long time mi-iss-ing. Where did all the gold stuff go—a long time ago?" 2nd chorus: "To the Devil all of it—a long time ago." Well, you get my meaning.

Now for a tiny tale, but one of which great movies are made: "One day a long time ago—there were some men who thought they could gain the world and take the property, the gold AND control, while owning the people."

So, these men set about finding the perfect way to accomplish this feat. That wasn't too hard, what with everyone in POWER in the highest political places, so they set about their task with great gusto and macho mayhem.

Since the major gold and currency criminals had a big network and their own "gain the world" plan working it became an easy thing to merge parts of both plans into a big loop over which control could be exerted, THEY THOUGHT, until the end of time. But oops, they didn't take into consideration, **GOD**. Oh darn it! Neither did they take into consideration that once they started murdering Russell Herman, the holder of these precious documents, he wouldn't play ball with them and would see to it that they were CAUGHT in the act of sticky-finger rape and plunder with ever so little an amount of pillage.

Russell Herman called on ME, Yeorgos Ceres Hatonn, who happened to hold a pretty high position up the ladder—almost to the Cosmos, as a matter of fact. He placed the whole package, hook, line, and corporation into my CARE AND NURTURING.

All things were then registered and entered into the LEGAL BOOKS OF THE UNITED STATES OF AMERICA.

Now for you inquiring minds: Mr. Bentsen of Texas took over the mandated qualifying and hiding of said stuff, HE THOUGHT. Oh, elaborate plans were carried out and even Col. Ollie North got to lie, cheat and steal, under the shelter of National Security, about those little deals—about most of which he knew NOTHING (at first). By the time Russell was dying, however, he knew how serious this mess had become. But after all, it became his problem of just how to extract information and signatures from Russell without getting Bush and brigade caught—you know, SPECIAL FORCES methods of information gathering. But, I could help Russell go through that phase of his ordeal by removing "him", basically, from the experience except to observe.

All good students of history will recall that Mr. Bentsen remained into the next administration (Clinton's) for some strange reason, beyond that of ordinary changeover. Further, at about that same time the Secretary of Treasury was being paid by the IMF and all the transfer of the U.S. Judicial System along with the Treasury Department was being finalized within the Federal Reserve System, IMF and World Bank. All the gold reserves had been shifted out of the vaults of the U.S. and into the vaults of the NEW system. The gold remaining in the United States went to the British Israel operations (through the brokerage houses and Elite banks) in New York, or was shipped for storage abroad.

I marvel at the limited scope of your realization, people. You know all that gold wealth being paid to Holocaust victims from here, there and everywhere? Why don't YOU apply, citizen? Have you not been HURT by that old and nasty Holocaust? No, I mean YOU, whoever you are or whatever you claim as race, creed or color. YOU HAVE BEEN HURT, YOU MUST REALIZE THAT—DON'T YOU?

The rest of the gold available was stashed hither and yon—yea, even with Saddam you-know-who.

Things went along fine except that, even after the recovering of the corporation and reconforming and reconfirming the documents into legal negotiable CONTRACT, the BOYS didn't want to give up their lop-sided game.

By this time Rubin was in the Treasurer seat and Janet Reno was in the judicial seat of power—BOTH ARE PAID EMPLOYEES OF THE INTERNATIONAL MONETARY FUND (you will find that so too are such as the Sec. of State, Defense, etc., paid by FOREIGN POWERS THROUGH THE SAME SYSTEM). WITH NOTHING TO DO WITH THE UNITED STATES OF AMERICA EXCEPT AS POWER-WIELDERS FOR FOREIGN POWERS. You will note that these people do not use the *U.S. Constitution* nor do they actually use the *U.N. Charter*—they use the *Talmudic Law of the Elders of Zion*.

Ah, but even with the ongoing security IN PLACE, the “Boys” didn’t quit. They came along and did their own thing—AGAIN. But it is quite unlawful and invalid—ISN’T IT? But by now a lot of collapse, horrendous fall-out and a lot of bad management have passed under the bridge of LIGHT and LIFE. In addition, a LOT of very important (at least to themselves) people were not aware of the game being shoved off onto their “responsibility” shoulders by those with access to “Plausible Denial”.

So came Soros and the money banditos snatching and snitching while dealing in currencies and gold reserves, gold in general, derivatives, options trading, rollovers and anything with multi-100 + percent pay-back per WEEK (or day), whichever was good on a given day and transaction.

Now, back at the farm, I could just watch and wait for I have a lot of patience and plenty of “time” to wait—until everything got into as big a mess as it appears to be today. So, we will just leave it there for now.

Our program is not to cash out anything, ladies and gentlemen, with undue coverage or non-restraint. The only way you can balance anything and bring any kind of order back into your world programs is to back that currency in your hands, now run into chaos, through a substantial “backing” with value. That is usually gold as the accepted commodity.

But, the grabbers are still in there “everywhere” doing their insane interest-gaining fiddling. And, moreover, most of the Elite politicians, who think themselves so very important, work right along with them. Both play games of intrigue and lies. They don’t even know any other way to play. AND, THEY ARE FEAR-FILLED COWARDS OF THE WORST KIND.

The brokerage butchers, i.e., Morgan, Smith Barney, et al., offer and give backup, agree to do loans on bond floats and lower interest than the IMF and hope to save face out there some five years minimum before they are found out as having bought the whole offering themselves. But, it seems there is nothing else they could have actually done.

Fine. But who would invest under such circumstances? Nobody. So, what has happened? SIMPLE: The Central Bank is backing the bonds with GOLD. Now, know that the Central Bank is the ONLY BANK that can even handle gold in the Philippines, so that gave the Central Bank the inside edge on this deal. The Philippines has NO INTENTION WHATSOEVER OF PAYING BACK THE IMF, PAYING OFF THE NATIONAL DEBT, OR PAYING ANY INTEREST BEYOND “SHOW”, AND NEVER THE PRINCIPLE INVOLVED. Never did and never will!

Ah—BUT BIG FLUB IN THE THINKING! THAT LEAVES NOTHING UPON WHICH TO BASE THE FUNDING AND, LATER, WHAM, BAM, AND THANK YOU MA’AM, THE GOLD WILL BE SEIZED, IF THINGS CONTINUE AS THEY ARE NOW MOVING, BY THE ELITE FORCES (ARMY) OF THE WORLD GOVERNMENT—AND THE PHILIPPINES BECOMES A THING (NATION) OF THE PAST HISTORY OF THE DOWNFALL OF THE WORLD KNOWN AS EARTH SHAN.

Are you with me so far, readers? Isn’t this a cute tale of intrigue and nastiness?

Cogs began to fall into the spokes, however, when George Bush bought a bunch of stashed gold from Saddam. They were just running a really smooth game and it is still in progress. That nice Inter-American Development Bank (Bunko) has just set up little nice banks all around, you know, the little Asian Development Bank, European Development Bank, Hong Kong Development Bank, East Po-dunk Development Bank, and ever so many more. This sprang out of Inter-American Investment Corporation—MINE—originally set up by the Bush Boys but never through Incorporation—OOPS, BIG GOOF!!

This also was pretty much inclusive of the DEPOSIT TRUST outfit who runs all the stocks, etc., yours included. Names are changed on investments and never do the investors even be able to FIND their accounts and all those that can be located NOW will not be around after y2k for that is why y2k was invented in the first place.

Several banks were set up specifically to run this money into arms, drugs, whatever, among which were BNL AND THE OLD AND FAMOUS BCCI.

Now comes along goodie-two-shoes with golden wings or something and thinks a change can be wrought? Yep, and these boots are gonna walk all over the spooks.

Can it be done through established banks? Of course, but not if they won’t play fair and just.

It WILL be done through non-interest bearing banks which have been kept as big dark secrets from you nice Judeo-Christians—and are generally recognized in the bank circles as ISLAMIC-TYPE BANKS.

Now, anybody who has gold can play in this game and they don’t even need us—UNTIL they find that the world forces can come forth and simply take their gold reserves up, up and away to their secret hiding places.

IF, HOWEVER, THERE SITS A DEBT AGAINST THE TAKERS, WHOEVER MIGHT REPLACE THE IMF OR WHATEVER—THE BANK SIMPLY HANDS THE AMOUNT OF OBLIGATION OVER TO THE TAKERS IN LIKE FORM—RIGHT OUT OF THEIR OWN POT.

Now, I ask, IS THIS HARD TO UNDERSTAND? I didn’t think so! And, are there banks enough, nations enough, and people enough to use such a strange idea as gold for currency? The U.S. did until the Federal Reserve took over the U.S. and then the World—thanks to Mr. Wilson.

Oh indeed, Global has truth and the right-real stuff. Who will dare to use it? The better question is: WHO DARES NOT TO USE IT IN THIS COLLAPSING WORLD ECONOMY?

The silly shysters put outrageous “market” numbers up for your attention. People, wake up, anyone with a net-line can put up any numbers they want you-the-dreamy-eyed to see and be fooled all the time. The Big Boys are out of their minds with concern and panic.

Do they want to “deal”? Well, as Bush said once, “...not at this time”. Actually they do but I wanted to remind everyone of the original offering of cooperation at the beginning of this odyssey. Let’s just call it the Yellow Brick Road Odyssey.

Can “they” play in the game too? Yep, and it would make everything so much easier on EVERYONE. THE WORLD WANTS A WAY TO RECOVER STABILITY, NOT HANG CRIMINALS. THE POLITICIANS AND THIEVES WILL HANG THEMSELVES, OR ONE ANOTHER.

Does my little Team know all this and/or the details of my negotiations or the twirp-games being put forth? No, and they don’t need to know. They just need to keep on plugging away and hold strong in the face of great difficulties. But always remember something: GOD’S DELAYS **ARE NOT GOD’S DENIALS**.

And the “Philippines” or anyone else can play any game they want to play—and it simply will only be a momentary relief—sort of like soothing the stomach ulcer pain—but the ulcer is just getting bigger and bigger and bigger and it will again hemorrhage without ability to put a cork in the hole.

The bandits may well be able to contain some of the people some of the time—but they cannot, nor shall they ever, contain ME.

I would in fact like to just sign off this little message as:

George C. Hatonn, C.E.O., C.O.O.,

GLOBAL ALLIANCE INVESTMENT ASSOCIATION (GLOBAL) (aka GAIA)

I am also recognized as Gyeorgos Ceres Hatonn (<sup>h</sup>ATON<sub>n</sub>) (but unless you have a Greek or Aramaic-Arabic keyboard you can’t actually spell it correctly).

You may call me “Aton”.

Any questions may be directed to the Federal Reserve, IMF, World Bank or U.S. Treasury (but they will lie to you for the heads of those organizations have their orders and being good Talmudic *Kol Nidre*-disciplined children, will do so under oath). Look it up. ☸

# Will Monsanto Terminate THE TERMINATOR?

[Continued from Front Page]

"seed cops" project which, as the article states, is going to require the crooks in high places to either back off or find some sneakier, more underground avenue for its implementation.

Obviously the key to keeping this matter in check is to remain alert and keep the spotlight of pressure on the ones trying to gain this foothold of control over us.

— Dr. Edwin M. Young, Editor-In-Chief

**1/23/99 DR. AL OVERHOLT**

## MONSANTO TERMINATE TERMINATOR?

... or is the "Monster" just taking its own sterility strategy underground?

Get Ready for Terminator II—  
the "T'nT" of agriculture

RAM News Release  
11 December 1998  
Rural Advancement Foundation International  
<http://www.rafi.org>

Rural advocacy organizations learned today that Monsanto, arguably the world's least popular biotech multinational, held a high-level meeting yesterday to consider whether or not to abandon its quest for an exclusive license on the Terminator technology—US patent no. 5,723,765—which its subsidiary, Delta & Pine Land Co., co-owns with the US Department of Agriculture (USDA).<sup>\*</sup> The patent covers a system for genetically engineering suicide "seeds" that cannot be replanted, thus forcing farmers to return to the commercial seed market every year. Philip Angell, Director of Monsanto's Corporate Communications, confirmed that Monsanto held a meeting to discuss Terminator yesterday and that Monsanto's President, Bob Shapiro, attended. Angell declined to offer details, but he told RAFI that "it's an issue we have to wrestle with".

The news came, appropriately enough, amid the 50th anniversary celebrations for the UN's Universal Declaration on Human Rights. "If Monsanto is backing down on Terminator," says Rene Salazar of the Philippines, "it is a great day for Farmers' Rights and the right of farmers to save and exchange seeds." Salazar chairs the Community Biodiversity Development and Conservation Programme (CBDC) a 15-country consortium of rural organizations concerned [and] devoted to farmer-based plant breeding.

Terminator II: Pat Mooney, RAFI's Executive Director, says that RAFI also heard from an informed US Department of Agriculture (USDA)

official that the company might have an alternative strategy in the works. Monsanto may choose to avoid negative publicity by giving up its high-profile association with the Terminator patent, and instead conduct in-house research on a second-generation variation of the suicide seed. "Unfortunately, this isn't a goodbye to Terminator, it's probably *hasta la vista*," explains Mooney. "It's likely that Monsanto's research on genetic seed sterilization will move underground where it can be conducted away from public scrutiny and negative publicity." Mooney adds, "After all, this is a technology that is still in the early stages of development, why invite more negative publicity when it's still some years away from commercialization?"

Trick or Treat?: "In recent weeks, Monsanto has come under increasing fire, especially from India's farmers, to abandon the Terminator patent," RAFI's Research Director, Hope Shand reports. "Lately," Shand says, "Monsanto has been trying to disassociate itself with the highly unpopular Terminator technology." On 3 December Shand told a United Nations biotechnology conference in Vienna that Terminator technology poses an enormous threat to world food security and to Farmers' Rights. When Monsanto's spokesperson, Carlos Joly, followed her to the podium, he didn't say a word to defend the technology. "Participants were very surprised," Shand comments. "Monsanto's silence adds fuel to the rumours that the company sees Terminator technology as a public relations disaster and it wants to get out of the crosshairs."

The Terminator technology was developed jointly by the USDA and Delta and Pine Land Company, a Mississippi-based seed company. Two months after the patent was awarded to both parties, Monsanto offered to buy Delta and Pine Land for \$1.8 billion. In late-September RAFI learned that the Monsanto subsidiary had entered into negotiations with USDA to obtain exclusive rights to the Terminator patent. In response, RAFI launched an international e-mail campaign that has resulted in more than 3500 letters of protest from 60 countries to US Secretary of Agriculture Dan Glickman. The campaign calls on USDA to cease negotiations with Monsanto, abandon research on Terminator and withdraw patent applications on the technology that are pending in 87 foreign countries.

Worldwide, there's an avalanche of public opposition to the Terminator technology, and there's no question that Monsanto and USDA are feeling the heat. "Monsanto could kill two birds with one stone," says Shand, "by publicly suspending or ending the USDA negotiations while pursuing Terminator II."

Terminator and Trait-er—the T'nT Generation?

According to Pat Mooney, every major seed and agrochemical corporation has been pouring over the original Terminator claim ever since the patent was published last March. "Terminator is not a single patent but a technology," Mooney maintains, "It demonstrates that an external chemical can be used to activate or deactivate genetic traits in plants. Obviously, the most profitable trait for the company to control is the plant's ability to reproduce itself. But there are others."

As described in the patent, Terminator seeds are soaked in **tetracycline, a common antibiotic, before being sold. Tetracycline is the chemical that activates a molecular switch; it sets in motion a genetic chain reaction that ultimately instructs the plant to kill its own seeds** [emphasis mine—see comment at end.].

Life industry companies, that sell both seeds and pesticides, are anxious to develop more sophisticated versions of the Terminator technology. Once perfected, they may have the technology in hand to control a range of genetic traits that can be switched on and off with chemical inducers. Commercially, companies would prefer to "trigger" the suicide sequence with a proprietary pesticide. In this way, life industry companies can shift the costs to the farmer while increasing chemical sales. "In order to shift the burden to the farmer successfully," Pat Mooney concludes, "companies will have to build in traits farmers either need to activate—or de-activate—in order to have a good harvest." Would companies go so far as to introduce negative—or "traitor"—genes in order to sell seeds and chemicals? "The Terminator is a negative trait," Mooney points out, "If s a genetically-engineered seed 'defect' that prevents plants from reproducing. It has zero agronomic value but companies are already trying to convince farmers its good for food production. Terminator II will be the Terminator plus Traitor gene sequences—the T'nT of agriculture," predicts Mooney.

Terminating the Terminator: RAFI, the international rural advocacy organization that first disclosed and named the "Terminator" patent, will continue its campaign. "We are calling upon the US Government not to relinquish the patent to Monsanto," Shand says. "We want the Patent Office to review the original claim and to ban the patent on the grounds that it is contrary to public morality." RAFI is contacting government officials and civil society organizations in the 87 countries where the Terminator patent is pending to ask them to reject the patent by invoking the legal mechanism of "ordre public".

"When patent offices invoke ordre public, they not only reject the specific claim they also reject the whole technology and its use by anyone within their borders," Pat Mooney points out. RAFI also wants international regulatory agencies to rule that the Terminator can't be sold as "seed" since, as Mooney argues, "It is 'damaged goods'. It's defective—the opposite of what a seed is—something that can reproduce itself from generation to generation."

Hope Shand offers another concern, "Monsanto has made itself the target but there is a similar patent granted to Zeneca BioSciences in the UK." That patent was dubbed the "Verminator" by RAFI because the seed sterility technique is promoted with a "fat rat" gene. "Every major life industry corporation hopes to develop its own version of suicide seeds in the coming years," explains Shand. "Engineering seed sterility is a logical goal for the multinational seed industry because around

three-quarters of the world's farmers routinely save seed from their harvest for replanting," says Shand.

A handful of multinationals are racing to dominate the "Life Industry". Zeneca is proposing to merge with Sweden's Astra to create AstraZeneca—possibly the third largest life industry company. Hoechst and Rhone-Poulenc are also merging and they could be the largest of all in this field. Novartis, DuPont and Monsanto will likely respond to these mega-mergers by creating more and bigger alliances. "Together, these five account for virtually one hundred per cent of the global transgenic seed market," explains Mooney, "They aren't about to abandon a profitable monopoly opportunity like Terminator. If Monsanto does what rumours suggest—and lowkeys the Terminator," Mooney concludes, "we can take heart in knowing that the Terminator can be terminated. We can win this fight. But the battle is far from over."

If the rumours are correct, the December 10th Monsanto meeting date is especially significant for Civil Society Organizations because it comes on the 50th anniversary of the Universal Declaration for Human Rights. On Human Rights Day two

years ago, the US Government abandoned its intensely-controversial patent on a cell line containing unmodified DNA from a Hagahai man from Papua, New Guinea. RAFI brought the patent to world attention and campaigned successfully against it. "Let's hope this becomes an annual tradition," Rene Salazar says.

Civil society organizations around the world are reacting strongly to recent news about the Terminator: Camila Montecinos of Chile, the Latin American coordinator for the CBDC comments, "The Terminator or YnT [*sic*] technology is a way for biotech breeders to reduce costs, increase control, and guarantee monopoly sales. The only way to stop it is for governments to refuse the whole technology."

In Harare, Zimbabwe, the CBDC's African coordinator agrees, "We have seen how the biotech multinationals manipulate public opinion here in Africa," Andrew Mushita of Commu-Tech says, "and we know the fight against the Terminator will be a long one".

From the Philippines, Neth Danos of SEARICE (Southeast Asian Regional Institute for Community Education) adds, "Farmers here know about the

Terminator and they are telling their governments to reject the patent. The Terminator could be the greatest threat to the well-being of poor farmers that we have ever faced." SEARICE holds the regional coordination for CBDC in Southeast Asia.

From Bangladesh, Farhad Mazur of UBINIG is equally alarmed, "There are 1.4 billion poor people who depend upon the ability to save seed for their food security", Mazur says. "Most of these people are in South Asia—exactly where the Terminator's inventors have said they want to introduce the technology. Fighting against the Terminator is fighting for life itself."

Note of clarification:

\* Monsanto's takeover of Delta & Pine Land was approved by the company's shareholders on 30 November 1998 in Memphis, Tennessee (USA). The Federal Trade Commission, a US government regulatory body, will give formal approval of the merger shortly. [End quoting]

**The fact that tetracycline has been used so heavily as one of the major antibiotics is pretty scary after reading this—don't you think??** 

# Aton: Reminder To ALL To Discern Truth For Yourself

1/24/99 ATON, THE ONE LIGHT

Good morning, little one. It is I, Aton, *The One Light*. I am the Breath of Life. I am Source of your soul essence. Be calm and find peace within My Light.

**There is much change that will quickly be impacting your current experience. Players are being moved and responsibilities are going to be shifted to those who have proven their ability to handle same.**

There shall be a greater demand for clarity in these times ahead. The beast is among you and you see it not.

The adversary plays his role well and is a master of third-dimensional illusion. He will cloud your minds with illusions of grandeur and get you ones chasing fantastic dreams—all under the pretense of serving the "Lighted" cause.

Any distraction from purpose can be considered a success for the adversary. Whether it be an annoying mosquito which keeps you from concentrating in the moment, or a maiming of the physical body in a direct assault to remove you from the playing field, the adversary is a genius at his testing game.

**NO ONE IS BEYOND THE INFLUENCE OF THE MASTERFUL TRICKERY OF THE ADVERSARY. NO ONE! IF YOU THINK THAT YOU ARE, THEN HE HAS YOU IN THE PALM OF HIS HAND AND YOU SEE IT NOT.**

A great but subtle laziness has crept into the

more recent receivings of some of our more "seasoned" receivers who feel that there is little need to demand identification from even the most familiar entity. This should raise "red flags" in the minds of *all* who read these writings.

There is a fundamentally important reason for the messages that come via this public newspaper route to have the clarification of intent and source as an explicit, integral part of the writings. First, it establishes the intent of the receiver as to keeping their shielding up. Second, it helps the reader reaffirm and call-in The Light while reading. And third, it stands as an example to all about how very important even the most subtle (simple) of things can be.

**I, Aton, caution all readers to henceforth question any and all writings, including this one. Read them as if they are from a master con-artist who will give you great truth 99% of the time, only to suck you in and distract, or even destroy, you with the remaining 1%.**

You ones shall bear witness to great atrocities and see millions who follow blindly, not just purposeful deceivers, but even well-intending ones who realize not their overshadowment by the adversarial forces.

The adversary still has many tricks "up his sleeve" and even you more experienced ones will have not seen some of these "new" twists. YOU ALL ARE NOW ON NOTICE AND HAVE BEEN WARNED! THIS IS NOT A TIME FOR CASUAL ATTITUDES OR LAX ATTENTION TO

DETAILS.

Forewarned means you now have an educated viewpoint from which to make your OWN choices. You may claim ignorance if you like, but I know you, and I know what YOU know.

I shall allow each and every one of you to your own free-will choice. I will honor your choice, even if it is to serve those forces which oppose My Lighted Wisdom. I will not force you to see or force you to hear, nor will I force you to partake of the many gifts offered to en-Light-en your path.

All who walk the Lighted path stumble along their journey. It is an integral part of the learning. Those who get back up and persist forward are the ones who grow and become wise. Those who focus upon hiding (and otherwise making excuses for) their "humanness" leave themselves open to a level of ego manipulation which the adversary plays like a skilled musician.

The path is fraught with great challenges (potholes) along the way. The more you travel down the road, the greater the challenges become, and the wiser you will need to be.

But, so too do ones become more and more tired of climbing up out of the potholes, and in the fatigue comes a laziness in which ones will simply find it easier to "rest" awhile and try to remember why it was so important to walk the path in the first place.

This again is the adversary getting in and clouding the thoughts with subtle doubts and uncertainty. There is ALWAYS a way back out of

the “rut” or “hole” that you may find yourself in. The most difficult one to get out of is the one that you either cannot admit to having fallen into, or you are not aware of being in, in the first place.

Again, if the adversary gets you one degree off course, and though from day to day you notice not the “drifting”, you may very well “wake-up” one day and see that you have wandered several miles off your intended course—only to be too embarrassed (another tool often used by the adversary) to admit to yourself (or others) that you have been “played” by the adversary.

This is the nature of your current schoolroom. I hold not My receivers responsible for what YOU-the-reader do with the information they offer. However, they will always hold themselves accountable for their actions taken. If they have allowed the subtle influence of adversarial manipulation to enter into their writings, and they go forth under the guise of an assumed name, then they will surely feel the return energy flow from such error in discernment.

**TO ALL OF MY RECEIVERS (WHICH INCLUDES ALL OF YOU READERS): IT IS NOW TIME TO RETURN TO THE BASICS AND DEMAND IDENTIFICATION FROM ANY AND ALL ENTITIES WHO MAY COMMUNE WITH YOU.**

This means not just asking: “Do you come in Light?” But even more importantly: “In whose Light?”! To all of you who read, and accept without question, EVERY word from such received messages, I say that you are already off course in terms of personal growth.

**Just where does your own PERSONAL RESPONSIBILITY enter into such blind faith in others?! Go within and hear My voice for YOURSELF!**

If you see contradiction in a writing from an entity who, say, has stated otherwise in an earlier presentation, then go within and seek clarification. Perhaps you ones are being tested to see who is awake and who is on “auto-pilot”. When you read something that does not “sit” right with you, then seek clarification within; if what you feel still “bothers” you, then speak up and voice your concern.

You will do a great service for the ones who have become lax or sloppy in their communication skills. All of My Hosts are experts in communicating, so where might the breakdown be? If you do not demand Truth for yourself, then you will not have Truth.

Also, know that I and My Hosts have infinite patience for you ones. All who come in service to expanding the greater awareness of Creation do so as a matter of FREE-WILL CHOICE. Each have infinite patience for you ones and infinite capacity to forgive. Likewise, each are experts at balancing sternness with compassion and love.

None here love any of you less when we see you make a mistake. We only wish for you ones to have the growth that you desire. This desire comes from the depths of your soul and is the primary reason for choosing to face challenges such as you are now facing.

I offer these words as a template of sorts so that you may refer to them and remember where you come from and where you are heading. The adversarial forces (those who choose to disconnect from Source and oppose those who choose to remain connected) must ALWAYS wear a sign. The clues are ALWAYS there, so no excuses, please!

If you want to be a part of a “group” who sit

around and meditate and chant, then do it. But, maintain reason, and when the “leader” tells you all to wear your Nike tennis shoes and asks you to drink the “special” Kool-aid, have enough sense to say “NO, THANK YOU!”

Who are these so-called leaders? Who is it who YOU rely upon to make YOUR connection for you? Again, where does PERSONAL RESPONSIBILITY enter into this picture?

When will you realize that YOU are the miracle and that YOU have the gift of creating within you? The CONTACT newspaper is for those of you who have come to assist your brothers in need of guidance. You have each volunteered to come forth in the physical so that there would be an awakened voice to speak out and expose the atrocities of the darkened ones who drain the life-force from everything they touch.

Those of you who are drawn to CONTACT for insight and useful information are among the “Ground Crew” for My Hosts.

But—do not think for one moment that one needs to read, or even know about, CONTACT in order to be “Ground Crew” for there are MANY who simply follow their own Guidance (Conscience) and do their job. For these ones, the challenges of the newspaper would only serve to distract them from their particular chosen path.

Do not place any one or any thing above another. My Plans are perfect and EACH of you play a role, whether you see it or not.

I need scientists as much as I need philosophers and receivers. But most importantly, I need independent thinkers and DOers. The faces of My poor little children, who come from broken homes, Light up not because of the money dealers on Wall Street, but because of the dedicated ones who serve the only decent meal of their day at school cafeterias. This is My Plan in action!

Seek first knowledge and truth. Let not the limitations of imposed beliefs and prevailing thought distract YOU from following YOUR own unique path. Still yourself and sense the inner, feeling state of resonance that lets you know when something is RIGHT or WRONG (truth or lie).

Be not afraid to speak out and challenge what you feel to be distorted or “spin-doctored” information. None of My Hosts mind in the least to be challenged—and would prefer that you did so more often than has been the case.

Again, My Hosts have infinite patience relative to anything you can conceive in the physical, and will not get upset with you. If the physical receiver becomes annoyed with you for doing so, then call them to task, for you are NOT addressing them! Or are you?

Learn the lesson that each day brings and seek always the greater “reality” (the one which adds the greatest clarity to any situation). Be quick to forgive those who err and you will find that others will likewise be quick to forgive you when you err. Look for newness in each day, and allow for the changes of course to be interjected into your consciousness. The very reason may be to get you back on the path you never knew you left.

Be at peace, little one, for all happens for a reason and all shall unfold in perfection. Just remember that the perfection I speak of is MY Viewpoint of Perfection and is not limited by the thinking of physical man. The greater the growth potential of any situation, the greater is the perfection of the situation. You shall all grow immensely in the coming years upon your orb!

Follow your own path and seek always clarification and balance. Cast not stones upon another and be quick to forgive those who still feel a need to cast stones at you. It is out of ignorance that these ones do such things. This same ignorance is why they have chosen to come into this experience at this time. When you show them that you need not get offended by their actions, you have helped show them a better way.

I am Aton, *The One Light!* I am the Spark of Life that animates your bodies and fires your souls. You are ALL a part of My Oneness. What *you* experience, so too do *I* experience.

Walk always with your head held high and your heart open in the expression of appreciation and love for all life, everywhere.

Blessings and Peace! Salu. 

# View From Philippines

# Faces In The Mirror

# Of Life Choices

1/22/99 #1 HATONN

## FACES

What is meant by the term “face”? It seems that people mostly recognize others by their “face”. It is what appears on the surface of something, identifiable and unique. Then behind the face of someone or something you have the personality or energy which allows further identification and singular recognition. EVERYTHING HAS A FACE AND EVERYTHING HAS AN ENERGY—EVERYTHING HAS LIFE AND EVERYTHING IS CONNECTED TO EVERYTHING ELSE IN THE UNIVERSE.

Again, in Manila, our team is drawn back into the Philippine Airlines (PAL) circumstance. Now it moves out and around, this involvement, to possibly all other Southeast Asian airlines, and what do you picture when I say this, readers? Do you picture a bunch of 747s? Do you picture Lucio Tan’s face? Do you picture in your mind, Erap Estrada, the President of the Philippines? What do you have in vision in mind when we speak of an airline? Do you see airports? Do you see runways with planes coming and going? Do you see planes crashed on a hillside? WHAT FACE DOES PAL RAISE IN YOUR CONSCIOUSNESS? Indeed it IS VERY IMPORTANT, for everything has a “face”. Everything has its own energy!

What I have pointed out are the accompanying things of an airline and sometimes, if I mention a specific airline, you can picture the decorations on the planes or the flag of a nation or whatever—but what of its FACE?

Let me tell you something that I hope you do not forget, for within each “thing” is the reflection of a living being, a living person (dead or alive) and a historical line of progression (or with PAL, regression)—but you definitely have history, present, and a perceived and hoped for “future”.

So what IS the face of, let’s example, PAL airline? It is a reflection of all the faces of all the people who work in a separate task or agency to give wings, flight, and LIFE to a bunch of metal and sprags, hopefully positive sprags. The face is the face of all the PEOPLE. The face is that of the union workers and laborers, the face of the wives and husbands of the employees, the mothers, fathers, brothers and sisters. It is the baby, sick or well, of the least floor cleaner—THIS IS THE FACE OF PAL AND ANY AIRLINER OR ANYTHING!

Will Lucio Tan be hurt by decisions to close the airline? Goodness no. He wants to dump the

thing that costs him a million dollars a day (in the hole) every day it stays in business.

But what of the FACES of the airline? What about those depending on their jobs for survival and shelter? What of the father whose child must have food and care and he loses his job? What of THOSE FACES?

Will you see these faces next in squatters’ shacks on the shore of the poisoned River Pasig? Ladies and gentlemen—THIS IS WHAT WE ARE ABOUT—GOD’S PEOPLE, WHOSE FACES LIFT OR BOW UNTO HIM IN PETITION, RIGHTEOUS PETITION—FOR HELP. YOU ARE THE RESPONSE OF GOD, MY FRIENDS.

A heavy load on a Friday in Manila? Well, what else do you have to do today? Saving seven to nine thousand jobs seems like a worthy task to me! Ah, but will it REALLY be appreciated? YES INDEED! But you will never get it done until you appreciate the faces of the “leadership” in the decision-making rooms—but KNOW THE FACES OF THE AIRLINE WHOSE VERY EXISTENCE AND SUBSISTENCE FLOWS FROM THAT (THOSE) AIRLINE(S). Plural? Yes, because unless you can get security, safety, and stability in them all in an area, and then meld that with international structures, you can’t have that solid and sound foundation upon which to BUILD and GROW. If you don’t attend the whole, you only have a bunch of flying aircraft without security ropes. In this community which now extends from sea to shining sea, dear ones, this global community, you must reach out and care about the child in distant lands lest your own be lost to the vipers and vultures.

## FEDERAL RESERVE

Ah, the Federal Reserve Corporation boys have descended on Manila’s *Central* bank these days? Good, for they can lie, cheat and try to steal (some more), but you know what? They are going to do us more good than you can even imagine—no matter WHAT they might do. I can only remind you that you might well reread some of our own publications and perhaps RUN SOME OF THEM AGAIN, LIKE MAY 27, 1997. A WHOLE NEW WORLD OF SECRETS IS OPENING TO THE LIGHT; LET US TURN UP THE LAMP, PLEASE.

No, we are NOT nitpickers—WE WENT FIRST TO THE FEDERAL RESERVE FOR HELP AND UNDERSTANDING. BUT THEY ONLY CONTINUED TO TAKE MORE OF THE U.S. GOVERNMENT AND YOU-THE-PEOPLE FOR A WORSE RIDE. YOU-THE-PEOPLE are well covered, IN AMERICA U.S.A., if you

simply return to your Constitutional system and take back your TREASURY department, your Congress, and your rights and inheritance as you go. You were left some 48 percent of an almost unlimited resource—by, yes indeed, one Russell Herrmann, who lost his life standing against the Boys from Hell.

And where does *CONTACT* fit? Well, Russell Herrmann left a cool \$40 million to that “gutsy” little paper who dares to print the truth. Now I think that is worthy of note—it is the ONLY thing other than to “we-the-people” that had a specific grant in appreciation of service. The rest was left to us to accomplish that which could no longer be attended by himself. Could those “around him” do this task? No, and he knew it and made arrangements to handle that little glitch. What actually was the intent of this man? That is NOT YOUR BUSINESS! It is the intent of we who follow that matters TODAY.

Considering the statements above I suggest that *CONTACT* get on with getting that funding! Why do you wait for me? You could fill that paper every week with things to push this movement along so that you get that bequest. It’s up to you what you do and how you “believe” but it is not worthy of you to ignore the fact that YOU have to do something in order to RECEIVE the abundance God promises IF YOU BUT DO YOUR JOB. God responds with far greater abundance than the original amounts in focus—IF YOU GIVE AND REGIVE ACCORDING TO HIS WAY—TEN TO A HUNDRED TIMES OVER—BUT, YOU CANNOT RECEIVE UNLESS YOU “GIVE” AND THEREIN LIES THE TRUTH OF IT.

The same thing is true of the Native Americans for I note not one cent, not one player, except JESSE, has come to climb this mountain with us. Little Crow? Well, he waits for he knows not what else to do in this arena—he will have his time in the “make it work” phase. But we have no others—not even the encouragement to a team under the steamroller every minute of every day here.

Will we, then, be able to accomplish our visions and prayers for a better world in sovereignty and dignity? Of course, how can you think otherwise IF YOU BELIEVE IN THE CREATION OR THE CREATOR—LIKE PERHAPS, YOURSELF?

God does several things for your use in creating the “way”. He provides that which you need, but you must find it. He provides the “way”—but YOU must see it and use it and HE PROVIDES THE ABILITY TO CREATE, FOR YOU ARE A PART OF HIMSELF, CREATOR.

Oh yes, we shall get around to the connections between you and us of Universal Light and it will be JOY in the unfolding. But before that “time” there will be more tricks and games foisted off on you to confuse and confound. Will you swing in the wind like a Buddha’s chimes? Or, will you see through the eyes of REALITY that which is evolving? Or will you grasp one of those so-called “Holy Books” until it is as unworthy as Clinton’s hauling one in and out of a church building and dirtied by the very acts he performs?

AND, WHAT OF CHRIST?

Well, all I see coming back into press these days are those things which were BEFORE CHRIST as you seem to want to recognize HIM. And that, dear ones, is what was established by the adversary HIMSELF for your downfall, your

wars, your greed, your imbalance and you have the preachers using all that old foolishness to do everything from murder to rape, ravage and pillage. NO IT IS NOT ALRIGHT! THERE IS MORALITY AND A SET OF MORAL GUIDELINES—IN EVERY RELIGION OF LIGHT. AND IF YOU ABIDE BY ANOTHER CODE OF ETHICS—YOU SERVE, DIRECTLY, THE ADVERSARY.

Is it OK to have a dozen wives and a hundred lovers? OF COURSE. **BUT IT IS AGAINST THE LAWS OF GOD IN HIS COMMANDMENTS FOR MORAL AND ETHICAL BEHAVIOR AND YOU SHALL STAND BEFORE GOD AND ANSWER AS TO WHY YOU CHOSE TO GO AGAINST HIS LAWS.** Supposing your wife goes forth and has a dozen husbands and a hundred lovers—TO COMPARE TO YOU? Will you be her ultimate chosen ONE? I doubt it, gentlemen. But is it OK? I REPEAT: OF COURSE. I am not here to judge YOU or your silly games, but if you have given your oath and word to honor ONE and you have many—your WORD IS NO GOOD EVER AGAIN—TO ME. And by the way—lusting in the heart and mind is AS UNWORTHY AS THE ACT ITSELF. But, for you, that too is YOUR BUSINESS AND NONE OF MINE—FOR YOU SHALL STAND BEFORE GOD TO SORT THESE THINGS FOR SELF.

I am asked for my opinion of the Clinton mess. And my opinion is no better than yours. I can tell you this much, however: There is going to be a lot of future “hard labor” in the hot orchards of the evil masters for a whole bunch of these dudes. But Clinton? Shall he, just because he remains in the White House, have POWER? No. That is why he got into trouble in the first place—boredom and LACK of power in FACT. He was, is not, and never shall be more than a puppet of the most ridiculous kind.

You are better off as a nation and world with him sitting on the White House throne, however, even if it be the bathroom stool—for the alternative planned is ever so much worse, for the TEAM of devils on the march are right there to continue their deadly antics. Clinton hasn't made a decision of his own since he won the first election. He is a criminal in both action and heart intent and he is a pitiful creature. George Bush was well advised to throw that election.

Now, readers, in the subject which was topic number one today—what FACE do you see when we speak of these things? Well, you might better rethink that observation AND GO LOOK IN THE MIRROR FOR YOU ARE THE FACE OF THIS ATROCITY.

But you think you are not responsible? Oh yes YOU ARE. You let this all come to be and you in the U.S., from the Evil of England, are THE HATED EVIL SATANS OF THE GLOBE: **YOU!** YOU are the “face” placed upon this nonsense and terror come upon the world. Sorry, but the face of terror is NOT from an Arab or a Muslim—it is YOUR FACE, WHITE MAN! **YOURS!**

YOUR destroyers have marched across a world and destroyed, raped, pillaged and plundered everything they have touched. And, dear ones, the justice which will be dealt upon YOU in the wake of these destroyers' deeds shall be indeed TERRIBLE.

Should you of the U.S. “run away, run away”? Actually, yes, it would be a really good idea to do exactly that. Will I pull my teams away and into further security? Probably. But it

need not COME TO THAT now, should it? When YOU define the evil from the good, you shall, if you be good, stand out like a light in the dark tunnel, and the retaliation troops will mark you “safe” and pass you by. Remember the Passover? Well, you DON'T need blood spattered around your door—YOU NEED THE FREQUENCY AND LIGHT TO MARK THIS PASSAGE. However, if you stay in the places of the evil empire—you will be caught in the trap of the evil empire. What might that be? Oh goodness, chelas, READ YOUR MATERIAL—IT IS POURING ALL OVER YOU IN MOUNTAINS OF TRUTH.

*The Siege*, as in the movie, will be most seen in such as Los Angeles. The *Armageddon* “missiles” will be most experienced in such as New York. “Deviants” will “go down” in all places but look for Chicago, etc., and places of the criminal “Mob”, and what about Phoenix of the most often “first offended”? Silly kids, why do you think all that “stuff” takes place around Phoenix? Read the stuff offered by Ray Bilger! I don't care what they do to Phoenix, Arizona, as a focus on myself or our Plan—WE ARE BIRTHED OF FIRE AND ASHES, ENERGY AND LIGHT, AND THAT WHICH IS SENT OF GOD SHALL NOT BE CONSUMED BY ANYTHING MAN HAS CONJURED IN ALL HIS TINKERING AND TAMPERING. And you, birthed in the sign of “water”, shall be able to put out the “fire”, and so shall it come to pass. Water (TRUTH) always vanquishes fire (LIES) just as water on a campfire extinguishes it. We call it “THE WORD”. It doesn't mean you might not get your eyebrows or toedies singed—depending on your “water content”. I suggest you keep up your water supply!

Should this be run in the paper? Yes indeed, students of Truth, for you are NOW IN THE TIME OF GOD AND YOU HAD BEST KNOW THE RULES OF THE ROAD LEST YOU END UP AS ROADKILL.

Will we get our task done and accomplished as God wills it? How else could it be? I repeat

the question: HOW ELSE COULD IT BE? You want the facts, Sir and Ma'am? Fine, just be sure and stay tuned to this station for the emergency broadcasting system's instructions and information bulletin board.

By the way, while you are in a panic about “where to be”—I suggest you remember that there are a lot more of YOU than there are of the adversarial teams. I also want you to REMEMBER that WE have the capability of programming or reprogramming all those nice clones “they” have manufactured. The safest place for you might well be just as near to a “base” or “installation” as is safe from a “blast” of some kind, as you can get. If you are RIGHT with GOD, you will be in perfection of place and time. If you wish to be “with” brethren, then you may want to consider some alternatives—but “security” is WITH GOD, not with a bunch of people, no matter who they might be.

I want you in all ways to see the FACE of that which presents and then look beyond the surface and recognize that which is REAL—but always see the real face of every encounter and every circumstance lest you overlook the importance of the ones for whom you strive to serve. And in so doing—LOOK, CERTAINLY AND ALWAYS, BEYOND YOUR OWN FACE FOR THE BEAUTIFUL AND WORTHY YOU DOES NOT SHOW IN FACIAL FEATURES BUT IN THE SELF PRESENTED OUT OF THE FACADE OF APPEARANCES.

Remember that GOD is ALL THERE IS. GOD IS NOT “ONLY” A FACE IN THE CROWD—BUT IS THE TREE, THE FLOWER, THE CREATURE, THE SPARROW, THE LIFE ITSELF. DARE NOT PLACE LIMITATIONS ON THE APPEARANCE OF GOD OR THAT WHICH IS CREATED, FOR IN LIMITATION IS THE LIMITATION OF SELF. **ALL THINGS THOUGHT ARE POSSIBLE, FOR WITH GOD ALL THINGS ARE POSSIBLE—ALL THINGS!**

May we leave this now so that we might consider the duties elsewhere for a few moments.

*Editor's note: To fulfill the legal requirements, we are presenting the following as a Legal Notice for four consecutive weeks. This is the first of four presentations. Contact information for Global Alliance Investment Association (GAIA) is: 5300 W. Sahara Ave., Suite 101, Las Vegas, Nevada 89102. Phone: 702-873-3488.*

## —LEGAL NOTICE— CERTIFICATE OF DEBT

The CONSTITUTION of the UNITED STATES OF AMERICA and the UNIFORM COMMERCIAL CODE (international) provide a procedure for the legal authentication of a debt in the case of the Debtor refusing to acknowledge such debt. This procedure includes the notification of the Debtor of the details of the debt and a notice of intent to collect. After a period of ninety (90) days from the date of the notice and if there has been no response from the Debtor the debt is made authentic and collection procedures may begin. There is no appeal from this procedure; it is final.

On April 28, 1998 the then owner, Rick Martin, of a debt (described in detail later) of the UNITED STATES TREASURY/FEDERAL RESERVE SYSTEM (UST/FED) assigned the debt to GLOBAL ALLIANCE INVESTMENT ASSOCIATION (GAIA), a Nevada corporation. GAIA immediately initiated the procedure by informing UST/FED of the nature of the debt and of GAIA'S intent to collect. GAIA then took the additional step of running the legal notice in a weekly newspaper of world-wide circulation four consecutive weeks beginning May 5, 1998. UST/FED has made absolutely no response and the statute of limitation for countering the legal notice has run its course. Now, this document and its publication in the same newspaper four consecutive weeks serve as adequate and final verification of the UST/FED debt to GAIA. Nothing further is legally required; no denial or appeal is possible.

The debt referred to is described as follows: The principal and interest accrued to Bonus Contract-Certificate Number 3392-181, approved by Legislative Resolution on April 24-27, 1875, Duly Authorized by the President of Peru, April 26, 1875 and Acknowledged and Accepted May 1, 1875, Re-affirmed, Re-confirmed and Reconformed on behalf of the government by the Consulate General of Peru, August 21, 1989, Order Number 7309, Document Number 046, Duly Sealed by said Counsel General of Peru at Los Angeles, California, United States of America, assumed and guaranteed by the United States of America pursuant to Presidential Order confirmed by the US Senate per petition of Elihu Root, Secretary of War, in 1906, further assumed and guaranteed by the Federal Reserve System pursuant to the Federal Reserve Act of 1913 and recorded August 1, 1994, by Deed, Instrument Number 1893, Book of Deeds Number 433, Page 849, City of Nashville, State of Illinois and subsequently recorded August 10, 1998 at 8:35 A.M., Clark County Recorder's Office, Las Vegas, Nevada, Official Records 980810 Instrument 00323.

The principal and interest are payable in gold coin or gold bullion and portions thereof may be assigned, sold, loaned or leased to others as collateral, but only as collateral, and no claim will be entered by any holder directly to the UST/FED without the express written consent of GAIA. Further, no holder, including GAIA, will in any way use the asset to the detriment of the national security or economic stability of the United States of America. The assignor of the debt to Mr. Martin, Russell Herman (also spelled Herrman and Herrmann), a very patriotic American, requested of Mr. Martin that Herman's business partner, V. K. Durham, be given a certain amount of time to implement his wishes and, if unsuccessful, to use the asset to the benefit of all people, reserving forty-eight percent (48%) of its value for the express benefit of the citizens of the fifty States of the United States of America. When appropriate, the granting of such an asset to the citizens of America (*we-the-people*) will result in an era of enormous prosperity which will, when also distributed to other nations, buoy up and expand all of the world's economies for all of its people, not just the rich as is now the condition.

Mr. Martin and his associates have worked for years, first in an attempt to assist V. K. Durham and later as the direct assignee, to find a way to work with the UST/FED within the United States to effect the use of this asset for the benefit of the American people FIRST. That effort was given no aid by the UST and was steadfastly blocked by the FED, even though at least four different "offers" have been made to Mr. Martin and GAIA ranging from \$5 million to many billions "to go quietly away". The FED has been on notice for some five years that the debt would be perfected through public notice and they have arrogantly ignored that warning. It is authenticated and validated and will be used as collateral in as many ways and situations as possible for the benefit all of the people without any mindfulness of race, religion, creed or color.

For GLOBAL ALLIANCE INVESTMENT ASSOCIATION by its BOARD OF DIRECTORS this twenty-fourth day of January, 1999 at Manila, Republic of the Philippines.

# Think Before You Act

# Or Learn The Hard Way

1/23/99 #1 HATONN

## FIRST THINGS FIRST!

Yes indeed, I know that you readers are waiting for important information from all sectors and so shall I be giving you a whole bunch. Today, for instance, you had all best pay attention to what George Soros is saying about the U.S. BEING NEXT in line for hard economic fall.

He, interestingly enough, is saying this just as the announcements are flowing through Southeast Asia, Hong Kong, et al., that the brokerage houses from Wall Street and London are moving in for picking off at prime cheap prices the best of the construction and real estate caught in hard times in the area. It is like an octopus at work in frantic frenzy and, even in Malaysia, the beast gobbles up the nation with seemingly no recourse, but rather willing participants from and within the government itself. My goodness, don't any of you have working brains?

So, we come to the distraction—AGAIN. I can't even hope to have you find change UNTIL YOU CHANGE YOURSELVES. If you of my own crew can't see how to work through these things in right sequence and with stable and optimistic attitudes—how can you expect a browbeaten poverty-stricken mass of citizens to do anything? YOU MUST COME TO BELIEVE IN SOMETHING AND SOMEONE—AND FRANKLY, GOOD BUDDIES—**THAT IS YOU.** Just claiming to have confidence and faith IN GOD is certainly by a long shot not enough—for until you can LOVE SELF, you cannot love God. And, in the same trench of battle, if you cannot have faith and confidence in SELF—you cannot have faith, trust and hope IN GOD.

You who have claimed to serve, above all else, God, and come forth to serve in my mission—have made a declaration, if not a factual commitment, to that service. How come you to think so little of self as to impose on another or lack confidence in self as to KNOW THAT GOD PROVIDES AND YOU CREATE AND MANIFEST? Even Sai Baba would not tell you otherwise. You can put everything you choose on the altar to honor him and nothing will happen until you HEAR THE INPUT FROM THAT RESOURCE IN WHOM YOU PLACE YOUR TRUST AND FAITH. GOD PROVIDES THE WAY—**YOU MANIFEST!**

Along these lines of thought we have to confront some rather unpleasant reminders of actions by some who still don't understand that which affects more than themselves, and I am called upon and therefore must respond to some of the circumstances taking place. I interfere with NO ONE or your

intentions—but I will make suggestions when actions overlap onto others who seek input and help. I shall try to be as easy as possible on those who are caught within a situation, but all factors must be carefully weighed and confronted as to perceptions and actual physical actions.

Every business corporation we touch, hold or manage, INCLUDING CONTACT, are in NEVADA. I understand not why people want to flock to Tehachapi, California for there is no business THERE. There are no business openings in any of these businesses in Nevada either, for that matter—but certainly nothing is done as business in California—except for one or two “doing business in California” simply as a legal necessity for incorporating.

Would you go to J.P. Morgan Associates in New York and announce to them that you are in or coming to New York to help them out, fill in with your business which has nothing to do with brokerage, etc.? Would you really? If you WOULD—then you are so ill-informed about OUR BUSINESS as to be a major hazard to us or will be considered directly sent from THE ADVERSARY TO OUR BUSINESS. Do you think J.P. Morgan Associates will make you an office while paying your expenses, finding you a dwelling, parking place or feeding you while you work into a job of YOUR CHOICE (or theirs, for that matter, for they won't have one for you)? STOP IT, PEOPLE, YOU DESTROY THAT WHICH WE HAVE WORKED SO DILIGENTLY TO PROTECT—OUR OWN AUTONOMY AND OPEN EXISTENCE.

JUST WHAT IS IT THAT CAUSES “YOU” TO THINK TEHACHAPI, CALIFORNIA IS ANY DIFFERENT? IT IS NOT—IT IS WORSE WHILE WE STRUGGLE TO THROW OFF THE LIES AND TAINTED INFORMATION FED FORTH ABOUT US AND OUR PRESENCE.

## JUMPING THE GUN

What is it that I say that is so hard to hear and understand? I find things happening among readers that are totally unacceptable.

In TEHACHAPI we don't even have an office facility any longer. The landlord died, ladies and gentlemen, and there is not, at best, even enough funds to pay the rent if the party was still available. THERE ARE NO OFFICES FOR USE BY ANYONE COMING TO THE VILLAGE—PERIOD.

Our focus is in Southeast Asia and there it will REMAIN until we get accomplished some modicum of successful conclusion. GATHERINGS AND TREKS FOR RELOCATION TO TEHACHAPI WHICH INVOLVE ANY ONE OR ALL OF OUR

FRIENDS THERE ARE NOT SUITABLE. We have no input as to who lives where or anywhere—but if it involves US, any one of us who is somehow perceived to be of the “group” YOU have established [not me], then it involves us [me] and I have asked you not to do these things. I HAVE ASKED NO ONE TO ADD TO THE CONFUSION OR BURDEN IN THAT LOCATION—NO ONE.

I am told that another party has called on the way TO TEHACHAPI and asked for a room, to work, and thus and so. NO, CAN'T EVERYONE UNDERSTAND THAT THIS IS NOT SOME GROUPIE OR CULT OPEN TO ANY TOM, DICK AND HARRY WHO COMES ALONG? STOP THIS INCREDIBLE NONSENSE. THERE IS NOTHING IN TEHACHAPI THAT EVEN RESEMBLES, IN ITS WILDEST FORM, A COMMUNE AND EVEN WORSE, I FEAR, NOT EVEN COMMUNITY IN MY SENSE OF THE WORD.

The overall community of Tehachapi is, for goodness sakes, hostile to our merely being alive and great sport is made on international TV of some sort of weird goings-on. Please don't continue to do this, “I'm here, now attend me or let me run you.” No thank you. When BUSINESS AFFAIRS are stable, there is a different attitude—but not much for WE WILL NEVER HAVE A GROUPIE OR EVEN A REFERENCE TO BEING SAME. THAT IS NOT OF GOD AND WE SERVE GOD. YOU WANT A CHURCH AND A GURU—WE HAVE NEITHER TO OFFER FOR THOSE ARE UNACCEPTABLE ATTITUDES IN ANY CIRCUMSTANCE. I DO NOT TAKE LIGHTLY THESE “GUN JUMPERS” WHO JUST WANT TO GET IN BEFORE THE STARTING TIME OR FEEL SOMEHOW CALLED TO “SERVE”. I CALL TO SERVE AND IT IS KNOWN—AND BRINGING IN PEOPLE TO ATTEND OR BE ATTENDED IS NOT FOR THIS “TIME”.

I want every person thinking themselves “called” to look carefully at self and circumstances. Are you totally self-sufficient and can you bring in more than you intend to TAKE? If you were not “successful” where you WERE, how can you be successful elsewhere? And don't you HEAR when I say that God's delays are NOT God's denials? Can you not wait, at least, until we are standing firmly on our feet and have need other than financial assistance? The people in Tehachapi are in desperate need of financial assistance, NOT MORE BODIES. And, these ongoing insertions are only slowing us as distractions even as we write or establish interchange here.

Look at what you do—YOU BRING FOCUS ON AN ALREADY TROUBLED circumstance. We do not wish to damage your being or bring hurt upon anyone and that is all there is in Tehachapi at this time in involvement. God asks for “patience”, not hop, skip and jumping around to either find self or under the perception that somehow it will be better “someplace else”. No, it will NOT, it will only cause painful confrontation and we usually find that in confrontation the very ones who do the hopping find and join with the adversary—every time, as ones feel slighted somehow in their ego blankets.

If you have something to offer mankind—get it offered and working—somewhere where it is needed. Tehachapi is OVERLOADED with healers, manipulators, holistic services, etc. And, some of these people are not making it, even being as close as you can get to this resource.

Anyone who “takes responsibility” for any such travelers must also realize that YOU ARE

## RESPONSIBLE FOR ALL THINGS INVOLVING THESE NEWCOMERS.

This is THE month, kiddies, wherein the bits of salaries END if something is not done. It must be done from “there” because we can’t push through more quickly than we are doing. These are major changes taking place here and it is NOT EASY when you must bring a whole governmental structure into coalition.

Is our love not enough? Oh indeed, our LOVE is enough—our other resources are NOT. LOVE doesn’t allow people to wander off into hardship and troubled waters. LOVE STOPS SUCH THINGS BEFORE THEY OCCUR, IF POSSIBLE, EVERY TIME.

And, when you start “upsmaning” our own Plan, you err. I would not even tell most people my Plan because you would cause it to fail through your own foolishness. For their own security, even Dharma DOES NOT KNOW MY PLAN, AND I REVEAL IT ONLY ONE TINY STEP AT A TIME. This team here in Manila awakens every morning to only having whatever schedule they may have agreed upon with others. I tell them what they must do for me—EACH day—in ORDER TO SECURE THE PEOPLE AND THE PLAN.

I would suggest that EACH person who wants to run off to such as Tehachapi look carefully at the long-term willingness to do nothing except pull yellow star-thistle and peel spelta grain. Everybody wants to MANAGE and become worthy of their own interests—but not do these things needed. Don’t try to even go there in “fooling Dad”—there is NO fooling DAD.

Now, if you can come to Tehachapi and bail out the problems already there—please hurry on over and DO IT. Otherwise I suggest some patience if indeed you still want to be in that location at some time.

If this is offensive to one or another of you, then think carefully about this. And yes, some people have recently moved into the area and we are joyful and grateful as they join more closely to our little friendship circle.

I don’t wish to speak more on this topic, but I find more troubled spirits because of this “next” assumption. We lost one of our precious crew because of the last migrant appearance and I do not intend to appreciate another doing the exact same thing, even though the individual is different, for the circumstances are all but the same.

But, are people not welcome to be included and live where they choose? INDEED THEY ARE. But THIS is not the way some handle things and come relying on already present citizens to attend their needs, placement, and arrange places for their endeavors of a personal nature. LOVE IS ALL THAT CAN BE OFFERED AND THAT OFTEN FAILS TO SUITABLY FEED AND SHELTER TO THE EXTENT OF THE ONCOMING PARTIES INVOLVED.

Any who know us who come, get independent stability, work, whatever is necessary for functioning—you will find everyone we know turning out to help you unload furniture, help with the settling in, and LOVE you to pieces. In Tehachapi proper, within the business circles, you had best not go forth advertising that you are part of “that odd group” because you will NOT BE WELCOME EXCEPT IN RIDICULE. Explaining that “there is not a group” will do no good for you will have, by observation, established that you, at least, THOUGHT there to be some kind of a group. You will get more help if you go directly to the Chamber of Commerce, pretend you never heard of anyone else in town—and ask how to go about

getting settled. And holistic healing of any kind—expect them to go behind the wall and try to get their giggling under control. WE DO NOT WANT NOR NEED ANY MORE FOCUS, AND IT IS HARD TO BELIEVE THAT ANYONE WHO READS THIS PAPER DOESN’T REALIZE AS MUCH. **REMEMBER THAT EVEN THE PAPER, CONTACT, IS A NEVADA ENTITY. SO, WHY MOVE TO TEHACHAPI?**

Oh, you want to be near that “big crystal”? What big crystal? The township, through the international media and local mongers, have certainly RUINED the beauty of that wondrous crystal. Only the Native Americans, now quite hidden away, KNOW about anything, because the threats to any who know and speak of these things is death or incarceration—by the “big boys” who have developed a most complex set of “stuff” around those parts. Be careful, for the lives you save may very well include your OWN.

If this seems harsh somehow, I hope you will seek within and find ability to handle the seeming hurt. Our friends have been hurt often enough without more, so be careful that you do not contribute to further intrusion on the “holding pattern”.

Note also, you who want to be somehow “near the source” of whatever you perceive: I have not made a personal visit to Tehachapi in meeting format in almost six months. My speaker/writer is with me—away—a very long way away.

Will there be future opportunities to share? Hopefully, but the past is but memory and the future is the HOPE of tomorrow—so, presently, and there is no set “time”, there is need for personal work HERE—not there. “There” was left in capable hands to get through until other possibilities or necessities take sequential place in evolvment. I hope this helps make the circumstances quite clear, and because we have shared with any and all who wished to share, does not mean that we have any group, church, cult or even a regular “gathering” of anything.

To those of you who have made that paper work, kept the businesses short of death—the rewards shall be indeed great, so do not despair for there is yet the “greater” before you.

Further, if there be anyone wishing to take into your own responsibility the newcomers or seekers, it is your prerogative to do so—in every instance. I do not tell anyone how to run their own life or placement—I only speak of that which seems to be in my domain. Is this my domain? I suppose so for it is me who is used as both reason and illogical pressure. It is most certainly NOT Ekkers’ problem or responsibility. Their responsibilities ARE BEING MET HERE IN THIS FOREIGN LAND IN ACCOMPLISHING THE NEXT PHASE OF “OUR MISSION”. SO, “YOU” MAY WELL BE IN THE MISSION, READER, BUT MAKE SURE YOU ARE NOT LAYING RESPONSIBILITY ON ANOTHER, LEST YOU BE IN GREAT ERROR. PEOPLE IN MY MISSION AS DIRECT PLAYERS **KNOW THAT RESPONSIBLE ACTIONS ARE MANDATORY AT THIS PARTICULAR TIME IN SEQUENCE.**

So be it, but I must take the time, when under fire of petition, to respond and I realize that this is quite boring to most readers waiting for the unfolding of Cosmic information. We will get on to that also, but mostly during the time at hand you need some self-confidence in your own actions and perceptions. Don’t run away from this—let us just build on strengthening those personal attitudes and relationships.

Am I now going to be an Anthony Robbins, Vincent Peale, Schuller or Carnegie? I hope so—ALL OF THEM.

Remember, each of you who feel pressured and worried: It is not what you’re eating that gives hurt and pain—it’s what’s eating you!

## IS WORRY WORKING OVERTIME?

I see that it certainly IS. I don’t need to go outside the very local focus to know that you are, some of you, eating your own guts to fiddle strings for Caesar’s fiddle as I write here and now. WILL WORRY HELP YOU? Of course NOT. Concern and confronting what might be a FEAR or PROBLEM is worthy of attention—full attention—BUT NOT “WORRY”.

When you “worry”, you focus on the worry, and CANNOT solve the problem or make the progress you need to make in order to better LIVE instead of simply “being among the walking dead”.

Copy this little bit of poetry, an excerpt from a writing by Kalidasa:

### *SALUTATION TO THE DAWN:*

*Look to this day!  
For it is life, the very life of life.  
In its brief course  
Lie all the verities and realities of your existence:  
The bliss of growth  
The glory of action  
The splendor of beauty,  
**For yesterday is but a dream  
And tomorrow is only a vision,  
But today well lived makes every yesterday a dream  
of happiness  
And every tomorrow a vision of hope.**  
Look well, therefore, to this day!  
Such is the salutation to the dawn.*

With this put up where you must see it often, remember that you MUST KEEP WORRY OUT OF YOUR LIFE and you will note a remarkable difference in your living attitudes—and after all, it is YOUR ATTITUDE that needs adjustment.

Next, I strongly suggest you get some help. Once you release the worry, the fear, and the attitude, TO GOD AND ASK FOR HIS WILL TO BE SERVED AND TO SHOW YOU THE WAY TO YOUR GOALS—AND MAKE SURE YOU HAVE ONE OR TWO—TURN IT OVER TO HIM AND TO YOUR SUBCONSCIOUS MIND (WHICH FINDS AND MAKES THE WAY), GO TO WORK AND STOP THE FIDDLE-STRINGING.

But please, toss out that attitude of cop-out in MIS-interpreting the following:

*God grant me the serenity  
To accept the things I cannot change,  
The courage to change the things I can;  
And the wisdom to know the difference.*

**YOU CAN CHANGE ANYTHING AND EVERYTHING YOU CAN CONCEIVE, AND YOUR PERCEPTIONS TOWARD IT. WITH GOD ALL THINGS ARE POSSIBLE!**

I suggest you look squarely at whatever you might think to be “inevitable” and see that it is NOT—except in your own perception. So, cooperate with that “inevitable” thing until you see that it is NOT.

While we are at some good old sayings—USE

THE WISDOM WITHIN THEM, BUT DO NOT ALLOW THEM, FOR THEY BELONG TO ANOTHER, ANY POWER OVER YOU.

*The Moving Finger writes; and, having writ,  
Moves on; nor all your Piety nor Wit  
Shall lure it back to cancel half a Line,  
Nor all your Tears wash out a Word of it.*

Again: B.S.

Indeed the finger writes and history IS. BUT, you can change the perception and the impact of everything you have done, but clearly enough, not through piety nor wit can you bring honesty and truth to whatever it WAS you did that might be wrongful, or stress that which was GOOD and CHANGE SELF THAT MAN CAN AGAIN FIND TRUST IN YOU. I grant you that all the tears you can shed cannot, nor will it, change what has happened, for it is done. GET ON WITH LIVING NOW FOR THE LIVING NOW IS THAT PAST WHICH SHALL COME TOMORROW.

So, kiddies, DO SOMETHING TODAY that will give wondrously positive memories and good things of hope and beauty TO TOMORROW.

I am asked about, "What could Clinton do now that he has blown it so badly?" HE COULD FACE HIS PAST, CORRECT HIS COURSE—AND STOP LYING AND CHEATING. HE COULD KEEP HIS PROMISES AND SERVE HIS COUNTRY, WHICH INCLUDES THE CITIZENS, AND STOP THE SELL-OUT TO EVIL AND TO THE VERY TREASONISTS OF THE U.S. Is he strong enough to do this? Obviously NO. He just cries and recites the "Moving Finger writes..." and wallows in his ability to outlick the slickers. With a Clinton, it is going to be even bigger challenges for he ALMOST got it this time—and like gambling, he won't be able to restrain himself from the next major challenge to his management of such games as in the oval office and the intrigue of POWER which, don't forget, includes murder. The CRIMES involved have not dared be brought forth because such would catch every Washington politician in the TRAP. AND NO, you do NOT want the alternative to Clinton in the seat of President. Clinton didn't "rule" anything anyway, so stop your fantasizing.

### WORRY AND CONCERN SHORT-TERM

I realize that some of you are having to actually concern about being a bit late with something, say rent, or other very personal concerns. So too are we—on a MAJOR SCALE. The difference? We KNOW that God is on the job and any who work in faith and trust WITH HIM shall not long hold forth in want. So, if you could just please consider the trivial things of which you over-concern, I suggest you remember:

*I had the blues because I had no shoes,  
Until upon the street, I met a man who had no feet!*

You can get shoes, you cannot get feet once they are gone. So, stop cutting off your feet because you perceive your shoes are not as you would like them to be at the moment. You want God to do everything FOR YOU—so, what do you do for God? COULDN'T A BIT OF PATIENCE AND INCONVENIENCE BE HANDLED UNTIL YOU FIND A WAY TO HELP GET OUR MISSION ACCOMPLISHED?

IF YOU HAVE GIVEN THOUGHT TO "TOMORROW", YOU WILL BE FINE AND YOU

MIGHT WELL, IN FACT, BE QUITE SURPRISED AT JUST HOW REALLY FINE YOU ARE.

May I offer you ten good ideas in first person for dealing with "today" so that you can move on to accomplishment, please:

1. Just for today I will be happy. Folks are as happy as they make up their minds to be. If you are ill, but alive, be thankful and happy for you cannot know what looms tomorrow UNLESS YOU SET IT IN CEMENT. Quit focusing on that which is "ill" and focus on that which is truth—LIFE.

2. Just for today I will try to adjust myself to what is, and not try to adjust everything to my own desires. I will take my family, my business, and my luck as they come and fit myself to them.

3. Just for today I will care for my body. I will exercise it, care for it, nourish it, not abuse it nor neglect it, so that it will be a perfect machine for my bidding. This means, however, that you will STOP allowing it to run YOU.

4. Just for today I will try to strengthen my mind. I will learn something useful. I will not be a mental loafer. I will read something that requires effort, thought and concentration. I suggest that you try just reading what I have offered over the years and I think you will come out with an entirely different perception and perspective of LIFE ITSELF. Remember that you will get exactly what you ask for.

5. Just for today I will exercise MY SOUL in at least three ways; I will do somebody a good turn and not get found out. I will do at least two things I don't want to do—just for the exercise of it. But try by doing just one random act of kindness and work up to maybe two a day—no matter how outrageous they might seem. Reaching out and calling someone who would never expect to hear from you is a good example—and I KNOW ONE OR TWO WHO WOULD BENEFIT BOTH SIDES SO HEAVILY BY THIS THAT IT IS NOT EVEN WORTHY OF FURTHER ARGUMENT OR DEBATE.

6. Just for today I WILL BE AGREEABLE. [Oh wow!] I will look as well as I can, dress as becomingly as possible, talk low, act courteously, be liberal with praise, criticize not at all, nor find fault with anything and not try to regulate nor improve anyone. FIND SOMEONE, EVERYONE, DOING SOMETHING RIGHT AND ACKNOWLEDGE IT—WITHOUT STRINGS ATTACHED.

7. Just for today I will try to live through this day only, not to tackle my whole life problem at once. I can do things, surely, for twelve hours that would appall me if I had to keep them up for a lifetime.

8. Just for today I will have a quiet half-hour all by myself and relax. In this half-hour sometimes I will think of God, so as to get a little more perspective into my life. I suggest however, that if you spend all but a half-hour on God and think about those worries only a half-hour you might well be surprised at the positive changes in your life. No, you don't have to "drop out" or "cease being alive" to THINK ON GOD.

9. Just for today I will have a program. I will write down what I expect to do—yea, even to the hour. I may not follow it exactly, but I will have it and it will eliminate two pests, hurrying and indecision. You can always change your plan and be flexible—but this won't allow you to fudge on your abilities and capabilities.

10. Just for today I will be unafraid, especially I will NOT be afraid to be happy, to be alive, to be well in the moment and within my mind, to enjoy

what is beautiful, to love, to meet whatever challenges may be gifted into my hands, to love, and to believe that those I love, love me. AND, JUST TO MAKE SURE THEY CONTINUE TO LOVE YOU—REACH OUT AND REMIND THEM OF YOUR OWN LOVE, THUS FULFILLING SEVERAL OF THESE OTHER 9 ITEMS ON YOUR LIST.

I would at this point remind you that if you act cheerfully—you WILL BE CHEERFUL. It works, EVERY TIME. Sometimes it may cause you to be seen as a nut case, but those observers might do better themselves than in analyzing why you might appear to be a bit cheerful. Perhaps this attitude might be a new contagious disease if you nurture it as carefully as you nurture your negative microbes and viruses.

### NOW FOR THE PUNCH LINE TO MY FRIENDS

**There was never a time in the history of mankind as wondrous and potentially as great as is THIS TIME IN HISTORICAL SEQUENCE—NONE!**

Can you not rise above and beyond the momentary and temporary things which SEEM to be baffling? Can't you consider the positive things OF GOD COMING DOWN as we write and you read? My goodness, fellow travelers, WHAT DO YOU WANT? GOD IS PREPARING YOU A PLACE IN THE MOST WONDROUS THING TO COME UPON PLANET EARTH AND YOU CAN'T THINK BEYOND THE NUMBER OF CALORIES YOU HAVE AT LUNCH. STOP IT, CHELAS, FOR YOU GIVE OFF THE MOST WRONGFUL VIBRATIONS WHEN YOU CAN'T TRUST IN GOD ENOUGH TO GIVE YOU A WAY THROUGH WHATEVER TRIVIAL PURSUITS YOU PERCEIVE AS TRAPPING YOU. YOU CAN'T BE TRAPPED IN ANYTHING IF YOU DENY AND FAIL TO ACCEPT NEGATIVES THRUST AT YOU. OH, YOU CAN'T PAY THE RENT? THEN DON'T PAY THE RENT—DO YOU THINK THERE TO BE SO MANY PEOPLE TRYING TO RENT YOUR PLACE AS TO BE TROUBLESOME? THE LANDLORD IS NOT A FOOL, IF YOU HAVE BEEN A GOOD AND SUBSTANTIAL CLIENT. YOU, IN FACT, ARE GOING TO BE AMONG THE VERY FEW "ABLE" TO PAY RENT IN THE DAYS TO COME IN THE QUITE NEAR FUTURE AS THINGS ARE HEADED.

If landlords don't want to wait and make do—with you—so be it, for if they think their property is better without attending occupants, and this must include farms, businesses, etc., then so be it. They cannot remove you for a certain number of days or weeks, so let us stop worrying and start getting on with getting our mission accomplished.

I need to turn my attention elsewhere now, so I suggest the following: If you around Tehachapi need a bit more input then ask Diane to share with you in little gatherings some of the gleaned positive self-positive offerings from her seminars. You can get the group ready by playing and USING the hypnosis-self-hypnosis tapes we already have available to get the bunch in a good receptive mood. Hatonn or Dharma need not be present to accomplish a major change in every individual around and you can do it right in the multi-purpose room, while you have it—and call it a gathering if you like.

Thank you,  
Dad

## TELEPHONE HOTLINE 805-822-0202

As an adjunct to CONTACT, the Telephone Hotline keeps you as informed as possible on current events and other important information that needs to get to our subscribers before our publishing date.

The message machine will answer after 2 rings if there are any new messages for that day, and after 4 rings if not. Thus daily callers can hang up after 2 rings and save toll charges if no new message has been recorded. If the Hotline does not answer your call, then there is currently no Hotline message.
